ACCIDENT INSURANCE.—We have received the local agency of the Provident Life Insurance and Investment Company of Chicago Illinois. This company has, in the last eighteen months, paid over $50,000 losses, by which persons of almost every occupation of profession have received benefits, and the hearts of widows and orphans made glad. No other class of insurance is of equal value to the assured, providing, as it does, compensation for disabling injuries, and, at the same time, guaranteeing the wife and children provision in the future in case of death of the beloved husband and father. For particulars call at the Enterprise Office.

REMOVED.—Our young friend, Chas. Younghans, has rented and refitted the basement of Goodyear's Block, where he will be happy to receive all old and many new friends. Everything will be done to furnish our village with a first-class barber-shop. A competent barber, white, will be procured and customers will receive prompt attention. Charley merits encouragement—will he receive it.

NEW MUSIC.—Peters Parlor Companion for the Flute, Violin and Piano.—Peters Monthly Glee Hive, well filled with new music by the best authors. The U. S. A NEW BOOK.—"Sunshine and Shadow in New York," by Matthew Hale Smith. In offering this work to the public, the Publishers gratulate themselves on having liberally supplied a want which has long been felt throughout the country. As the Metropolitan Centre of the United States, New York City reflects all the good and evil of the land in their most intense forms. To know New York well, is in a sense to know the whole country; and there is no wish, however often he visits New York, or indeed no matter how long he may have resided there, who cannot learn from others something valuable to know regarding the city and its mighty interests. The Book will be printed from new Electrotype Plates, on good paper, and will be appropriately illustrated with 12 Full Page Engravings. It will contain over 700 closely-printed Octavo Pages, and will be furnished to subscribers in neat and substantial binding at the following low prices, payable on delivery: Extra Fine English Cloth $3.00. An Iowa Divorce

From the Dubuque Iowa Times.

Indiana, Iowa, differs from some so noted places, from any locality with which they are contrasted, in the fact that the laws under which they are generally regarded by the citizens of other States, that they are made for the benefit of the people. But Indiana promises to have company in the business of manufacturing divorces. The Legislature has taken upon itself the duties of a lower House, or at least there is a lower House which takes the place of it.

Several years ago a man residing in Pennsylvania married Iowa, in partnership with the wife. He was so pleased with the State that he was resolved to make it his home for life. Pennsylvania, however, he made quite fractious to compel his family to leave. But his wife absolutely refused to accompany him. She owned not leave her home for the purpose of accompanying her husband to live in unsettled prairies of the West. Her husband, however, was determined to go, more to the West, and leaving home behind, came to Iowa and located near Waterloo. In Blackhawk county, a few years passed, property in Blackhawk county increased in value, and the Pennsylvania wife, thought it was time for her husband to return home and bring with him and that which he had acquired in his absence, was accompanied by the wife, who readily refused to live with him in Iowa, and he thereupon filed a bill for divorce on the ground of desertion. The divorce was granted by the Blackhawk county District Court.

Not long ago the Pennsylvanian died, leaving a large property in Pennsylvania and Iowa. His divorced wife sued in the courts of Pennsylvania for her dower in the estate, and recently obtained judgment in her favor, the court holding that the divorce obtained in Iowa was a fraud and void. The Pennsylvania decision is a fair and a high compliment to Iowa divorces.

A Horrible Tragedy

The Council Bluffs Democrat of the 13th has the following: Our readers heard of the murder of the mother of Miss Kate Jones, in Spring in Grant county, Wis. It appeals Minnie that which she informed the girl would leave her home. The following will show how it has had:

Several years ago, Mr. Jones, a wealthy farmer, part of Minnesota, where he was married, and Tuesday last he died, leaving his wife and two daughters, Kate and Minnie, the eldest of whom was married. Mr. Jones's will was read Tuesday last, in presence of his wife and daughters, and between the hours of 3 and 4 o'clock Tuesday afternoon, the mother was murdered in her own house, by a person who had been in her employ, and who had left the place a few days before. The murderer, a young man, named Frank, who, from the description given, is about the age of 18 years.

AN EXCELLENT NORTHERN AIR-CURE.—Dr. Wm. Hall, of Chicago, Ill., writes: "I have used your Compound Oxygen in my practice with the most gratifying results. ALL ABOUT TOWN.

Dr. Selfe has moved his office and will hereafter receive calls at his residence.

The Friends of Mr. and Mrs. R. K. Fellows selected Wednesday last as a suitable day to present "tin," and enjoy the fun.

The Tanners of Sharon and Manchester will ratify the "good news" by torchlight, Friday Evening, November 6th, supper at Conklin's hall. A social dance at Goodyear's Hall. Bill $1!

R. Conklin has established his broom factory in the basement of Graham's block. Dealers in brooms are requested to call and examine samples and prices.

Christmas and the New Year will visit us shortly—or sooner—if boys and girls naturally think so by calling at Graham & Goodyear's Jewelry Store. They have received many beautiful, useful and ornamental goods, selected expressly for the good time coming. Call and select a present.

Cards of invitation to attend the dedication party are in circulation. Old and young are respectfully invited. Friday evening, Nov. 13th. Supper will be served at the new hotel, (erected by Henry Goodyear during the past season.)—Those who wish to dance, will be pleased to learn that S. B. Newkirk's Quadrille Band, assisted by Mr. Drew, has been engaged to furnish music at the hall. Dr. Conklin and Andrew Safe will conduct the dance, and the committee give us proof positive that this is to be one of the best parties ever given in Manchester. Supper $1.50; full bill, $2.50.—During the evening, by request, Mr. Hewitt will favor his friends with an enchanting operetta, basjo accompaniment. We promise our readers a special entertainment if they come Nov. 13.

Augustus Middlebrook has secured the agency for the beautiful book entitled "Sunshine and Shadow in New York." See notice on first page.

Now is the time to secure one of those beautiful Photographs at Blue's Art Gallery.

A few weeks since we gave a flying comment for the benefit of the ladies and gentlemen of Ann Arbor, Adrenum. The last number of the Tecumseh Herald contains a communication, from our young friend, who sincerely imagines we did not fly high enough on his account. We could discover no gray hairs upon the young man's head, consequently, we did not imagine that he could fly from Lake Superior to Maine or, from Oregon to Mexico, and "git back." Geo. Stevenson has travelled from Jackson to Adrian and played in all the principal cities on the line, still, he never said so in a newspaper. Miss Douglas and Messrs. Rogers and Marden have appeared professionally at three or four villages, and strange to say, "people find it out" soon after they appear upon the stage. Since reading the Herald we have concluded that it requires the following qualifications to become a genuine stager, viz: Professional love, conception of character and ward-robe, easy and natural gaze, a good voice, morality, sociability and just conceit enough to appreciate an editorial favor. Mr. Miller and wife are well—are you? Young man! we wish you success. If you reciprocate please "record" your idea of our faults at the Enterprise.

PATENT BRUSH.—John F. Vogel of Freedom had on exhibition at the Fair a concrete brick Machine and samples, for which he was awarded a Diploma.—This brick is made from lime and sand, more durable and costs less than the common brick, (about sixteen dollars per thousand) the dimentions being six inches wide by four thick, and ten inches long.

Grampage and Hoops have purchased the right to manufacture this brick in Manchester and Sharon. Those contemplating building should call and examine this new article. It is said to be just what people want.

THANKS.—In behalf of the Presbyterian Church I desire to thank Henry Goodyear, Esq., for the very generous spirit he has manifested in our behalf. Not only did he give us the free use of his fine hall for our last Festival, but also on two or three other occasions he has shown us great kindness. Such a generous and enterprising citizen stands in great contrast to some, even professors of religion, who seem to be so reluctant to aid the cause of Christ. Those that my little feet do much are much more valuable and appreciable than those who want a great deal but do, and give very little. May God bless Mr. Goodyear, and grant him a long life of enterprise and usefulness. J. GORDON JONES.

Election in Washtenaw County.

The election in this County resulted as follows.

Democratic Electors, 24 majority. State Officers, about 100 — Isaac M. Crane, for Congress 150. Three of the four Representative elect are democratic, a gain of one.

The Republicans elect Byron R. Porter, for Sheriff 140. Clinton Spencer, Register, 70 majority.

Democrats elect Hiram J. Boden, Judge of Probate, 300. John J. Robinson, County Clerk, 240. Robert E. Frazer, 160. Phillip Blum, Treasurer 50. Circuit Court Commissioners, Cronson and County Surveyor all Democratic. Majorities unknown.

Our friend Robinson caught to feel proud of the vote he received in South western Washtenaw, (perhaps he does.)

To this town his majority was 95. In Sharon, 28. In Freedom, 230, and in Bridgewater, 113.

MARRIED.—In the Baptist Church Sunday Evening, by Rev. J. W. Tilley, Mr. GEORGE P. WRIGHT of Bridgewater to Miss HANNAH M. WEST of Manchester.

THE ROMANCE OF ALGEBRA.—Are the cards made so any. Most to a fair angel—so north of her way. Sister's ever before—and which is her from. Sister's weight is her success—and weight's her loss. Sister's weight when at home—the same when away. Sister's weight at the time—from November to May—and sister's is her friendship—weight is her hair—and weight is the changeover same taken of interest. Sister's wrong one as wrong—and weight which is.

Call on a question, a home, or—among CLIFFORD.

To which our Devil modestly replies:

When propose you one Delta,
Why straight think he
And tell where to call it,
Or weight when it comes.

By the same, at the same time and place Mr. JOERTA C. PALMER to Miss LAURA J. PALMER, both of Brooklyn.

PALMER, PALMER—A PALMER, sent
They are polarizer and polarizer attract
Polarizer when Arabella—and when they believe—
Palmer's a wonder—polarizer in vain.
Polarizer is yours—and polarizer when old.

To which our Devil adds:

We had Dear Tilgman's Program,
Can never be complete
Without a Poetic Gem
Of little Palmer feet.
We also thank our editor,
Who sent us some of cake,
Which we will eat in memory
Of the made in Maine.

It is extremely difficult in this age of progress to keep posted with Yankee Notions, but when one is useful as well as ornamental, no matter what it costs, I soon finds a purchaser. Geo. W. Doty has a new style of pocket-book which is well adapted to meet the appreciation of the ladies. It contains a pocket for bills, change, stamps, cards, a memorandum, tree-tile case and small mirror, enclosed in Turkey morocco, price $1.75. A beautiful present.

ROBBERY.

On Saturday last a daring robbery was committed near Norvell, a few miles north of this village. Dr. Mattison had started to attend a patient, about half one and a half miles, while passing thro' a piece of woods, he met two men who hailed him, and asked the distance to Norvell. He stopped his horse and informed them, when one seized his horse by the bridle and demanded his money. The doctor told them he had no money, and that he was a physician on his way to visit a very sick patient, and if they had any humanity about them, they would let him proceed. They ordered him to dismount and submit to a search, stating that they were armed and would shoot him if he did not. The Doctor dismounted, gave his pocket-book to one of them, and, as the robber was about to help himself to the doctor's watch, a valuable one and a present from his father, he knocked him down. The robber arose, drew a disk knife, made for him, and stabbed him in the left breast, when a scuffle ensued, in which the robber dropped his knife and called for help, when his "pal" came to the rescue and hit the doctor across the back of the neck with a club, which knocked him insensible. They then dragged the doctor off into the woods where they left him.—Upon coming to his senses, he found himself very weak from the loss of blood, and managed to crawl to a house year by, where he arrived at 1 o'clock. The knife passed through a thick overcoat, undercoat vest and under clothing, and would undoubtedly have proved fatal had it not struck one of his ribs. Officers are on track of the scoundrels and we hope they may be secured.
