LACK OF ENTHUSIASM OR LACK OF CAPITAL?

Twenty-five hundred Michigan State students would like to be at Cornell when the whistle blows Saturday afternoon to start the game. A very small percentage of the Spartan followers will be there. Most of those who want to go and can't are those who have not money enough to make the trip; some have work which they cannot leave. Those who cannot leave their part-time jobs would not be working if they had money enough.

The metropolitan press is running the student body again. They have discovered a theme which with a little clever twist makes a sensational story and puts the student body in a bad light. Once more we are learning all about our lives from those who know nothing about us.

The story carried in the last issue of the Michigan State News perhaps gave the wrong impression although it started the fire. There was a lack of student support which made the special trip to Cornell impossible, but this statement did not necessarily mean that the students could not afford to go. The money problem which would be required to make the trip on a special train would be from thirty to forty dollars, and not from the pocketbooks of those who are in the financial straits of poverty. It is not that we do not have money, but we have not the money to make the trip.

Every student who could possibly make the special train has a word. A word which says we will have to be picked up at the way station for the special train with our own seats. Others have taken the high way with a small amount of money and a large amount of courage, trying to make a profit by selling their clothes. Surely we can do the things of school spirit when we have students carry out on foot or with the prospect of reaching a broken-down car after 500 miles of road and back again.

If the necessary 200 students had been able to produce thirty or fifty dollars to make the trip to Cornell, it would have been a fine demonstration of school spirit. It was not lack of school spirit that made the special train impossible, but lack of capital.

FRESHMAN POLITICS

The class of '39 started off their organized activities with a rush at their first meeting which was held Tuesday evening for the purpose of nominating class officers.

The meetings are meeting fast. They came in a body from each of the various fraternities and societies and each group with the class officers already chosen from their own organization. The assembly room in the engineering building was filled to overflowing and interesting room duty was a severe article.

And these supposedly green freshmen when they were going to do before they arrived and did it after the meeting had started. The skill they displayed in raffishness their candidates through would have done credit to a convention of a political party. "We'll have the president in our fraternities," or "we'll have the vice-president in our society," were

generation went a wooing. It will no doubt be quite an improvement in the general appearance of traffic with a few fine horses to take the place of the former broken down horseless chariots.

The office hours of the evening of floor have been changed to 1:30 to 5:00. It now takes three and one half hours daily of a valuable man's time to have the students explain "why they were not here". We should like to see some students asked to explain "why they are here".

MUST DOUBLE FORESTRY NURSERY EVERY TWO YEARS

Professor Chittenden of the forestry department says that the demand requires the department to double the capacity of its forest nursery every two years. Three hundred and fifty thousand trees were shipped to customers for forest planting last spring. Professor Chittenden intends to produce 800,000 trees this year, and over a half million for 1942.

CANDIDATE FOR RHODES AWARD TO BE SELECTED

(Continued from page 1) Essential qualification for a Rhodes Scholar, but exceptional athletic distinction is not treated as of equal importance with the other requirements.

The applicant of the scholarship must have been a citizen of the United States for at least five years and must be between the ages of nineteen and twenty-five and unmarried. The winner of the award receives 100 pounds sterling (about \$1,600) each of the three years. The scholar is expected to spend at least two of his summers on the continent.

BAND FOLLOWS FOOTBALL TEAM ON EASTERN TRIP

(Continued from page 1) In the band will accompany them on the trip. Those who will accompany the band in addition to Carl Kuhlman, director, are: H. H. Halladay, secretary of the college; A. J. FINAL CONTRACTS AWARDED FOR '39 WOLVERINE WORK

(Continued from page 1) and turned over to the college for a deposit through a voucher system.

Prof. Scheele Heads Art

All art work for the Wolverine will be directed and supervised by Prof. Arnold G. Scheele, head of the art department of the college. Yesterday he completed his final plans and he has made the last assignment of work for the art section which will be one of the outstanding features of the 1939 annual.

The latest unique creation for the Wolverine was announced today by the editor. It concerns the cover design which will appear on every issue of the book but yet possess-

ed. The originator of the idea is one of the Cosmopolitan students of the college, whose name is withheld, as are his design plans.

Additions to the staff the past few days have been very light, and many general assistantships on the staff are still vacant.

Lloyd Cavanaugh and Harry Phillips have been added to the staff as assistants to Wheeler Gray, in the handling of the freshman class editor's job.

Miss Ruth Eldred is added to the junior class editor's staff, while Carolyn Manor is listed with the senior class editor duties.

Miss Geraldine Burk has been added to the staff to work with the business manager.

The complete staff of the Wolverine will be published next week.

SPARTANS LEAVE FOR CORNELL AFTER WEEK OF INTENSE DRILLING

State Team Must Unleash All Power to Turn Back Cornell; Type of Attack Used by Cornell Causes Shifts in State Line; Grimes Recovers From Injury; Drew Nearly Well.

Following a week of hard work Michigan State College football team entrained Thursday night for Ithaca, N. Y., where Cornell will be met Saturday afternoon.

Indications are that the Spartans will have to unleash all the power they have if they are to turn in a win over "Gloomy Gill" Dodge's outfit. So far only Geneva College has given the crimson outfit any trouble. Geneva trampled rough shot over Harvard, and that makes Cornell's 6 to 0 win over the M. M. team all the more impressive.

As in years past scouts say Cornell boasts a slashing type of game that baffles the opposing tackles unmercifully. To meet this game Coach Young made several shifts during the week. Barratt, regular center, was shifted to a tackle as was Kaurie. The former weighs in at 225, while the latter is a 190 pounder. Crabill has been taking the center post in excellent style.

The return of Pat Grimes, to the squad after a long injury, gave the numbers another good line-up to rely upon. Grimes has seen a great deal of action with first string all week. Hitchens has not been going so well at the other guard but will probably start the game against Dodge's outfit.

Apparently Jack Hornback has won himself an end berth for the time being. His aggressiveness has been a big factor in his play. Who will play the center end is highly predicated. Christensen is considered a logical choice at the present time. Drew's leg injury is nearly healed and he may be utilized Saturday.

In the backfield Backinger will un-

doubtedly call the plays while McCosh and Smith are doped to start at the halves. Kaurie will probably back the line from the fullback's position.

Twenty-seven men were selected to go east as follows:

Martin F. Rummel, capt., Rudolph E. Backinger, capt.-elect, Kenneth L. Drew, John W. Grim, Paul M. Smith, Ward E. Ross, Leslie J. Fouts, James A. McCosh, John E. Garver, Fred W. Barratt, Koster L. Christensen, Louis J. Hornback, George W. Needham, Harry C. Arnold, Fred W. Danziger, Maynard E. Schultz, Harry A. Kaurie, John H. Anderson, Charles J. Crabill, Ross E. Gordon, Glen F. Hitchens, Ivan G. Tillotson, Wm. F. Mueller, James A. Bothwell, Elwyn A. Wenner, Ernest E. Deacon, Ogden E. Grimes.

Coaches and managers who will make the trip with the team are:

MAT MEN TO START WORK AFTER HOLIDAY RECESS

Wrestling will not get under way at Michigan State College until after the Thanksgiving recess, according to Ralph G. Leonard, coach. This will be Leonard's first year here and he faces a real problem with no material of a seasoned variety to work with.

FALL TRACK MEET DATE ANNOUNCED

Many New Records Likely to Be Set by Men; Captain Alderman Coach.

The annual fall handicap inter-collegiate track meet is to be held on Saturday, Oct. 30. Many new records are expected to be established; among the most promising men out are Hensen and Lang in the hundred, Hensen and Schaar in the two-hundred, while Lord will give both of these men a good run for their money.

Hurdles Strong

In the hurdles Pessink, Pfannen-schmidt, Miller and Schaar are expected to divide honors. All four of these men are entered in both the one hundred and twenty highs and the two twenty low hurdles.

The pole-vaulting record is slated to fall before the efforts of McAttee, McConnell or Hallock.

While no new record is expected in the broad jump, McAttee, Schaar and Raymond are preparing to at least make a fair showing in this event.

Javelin Mark Endangered

The weight men, Tripp, McAttee, Mumford, are all doing well in practice and should be ready to make a good showing in the shot and discus.

The javelin record is expected to fall through the efforts of Edwards, who has been making some remarkable throws.

Providing these men do as well in the meet as they have been doing in practice without a doubt some of the records that now stand will fall.

ALL-COLLEGE RUN HOLDS HARRIERS

BY TED SMITH

All of Coach Martin Mason's cross-country privileges are scheduled to start their first run on Saturday morning at 10 o'clock when the All-College run will be held over the full length State course starting from the new stadium. It will be the Spartan athletes' first chance to see the man who is a regular on the run.

A temptation to try to sampling Henry Wilson. Wilson has given promise this fall but his leg has been kept from getting out in the big games. With Wilson slightly lame, Captain Ray Schenck is forced to take the tomorrow's run with Henry Wilson, a veteran, Roberts, a new man at the start and Brown, a freshman, as his regular team.

Next Saturday, State's team will be put to an acid test when it will be taken to North Bend, Ind., for the annual meet with the Notre Dame varsity. The team this year openly boast that they have the greatest cross-country team in their history and this means that State must step with their hereditary rivals.

SPARTAN OUTFIT PLAY 18 GAMES

Basketball Schedule Announced Today Considered One of Hardest in M. S. C. History.

Director of athletics, Ralph H. Young, announced the coming basketball schedule yesterday before leaving for Cornell.

Eighteen games have been booked and not a single one of these is with an institution that has been weak in other seasons.

The season will open Dec. 8 when Adrian College is met here. Adrian has opened the season in basketball and football for some two years now and always offers a lively tussle.

C. of M. Met Early

Michigan will be met early in the season, the game coming Dec. 11. It is to be played at Ann Arbor. Because of its heavy Big Ten schedule, Michigan will oppose the Spartan five only once.

The annual holiday pilgrimage into Chicago will be started Dec. 18 when the Maroons are met there. This is a Saturday game. On Monday State journeys to Bartlett gym at Evanston and opposes the Northwestern five. State has usually returned with an even break for these two games.

Marquette and Albion are then met on the home court on Jan. 8 and 12 respectively. The team then takes to the road and faces Butler and Earlham over the week end of Jan. 15. Detroit is met here Jan. 18, while Lake Forest and Marquette are met away Jan. 21 and 22. The game with Lake Forest is the first ever to be played on the Illinois court.

Pitt Comes Here

The first clash with Notre Dame comes Jan. 29 at South Bend. Butler and Hope then furnish the opposition here Jan. 31 and Feb. 9. State then plays its return game with Detroit there Feb. 12 and then closes the season with three home games.

Pittsburgh University plays here Feb. 18. Notre Dame the 29th and Miami Feb. 26.

The schedule presents no "soft spots" all the way through. Nine games will be played on the road and nine at home.

Hurled 25 Stories to Cement-Picked Up Unbroken!

Where the Pens Landed

Traffic stopped to watch this test of the
Parker Duofold Non-Breakable Barrel

Point Guaranteed 25 years for
mechanical perfection and wear

TRAFFIC stopped as big Frank Ketcheson, Supt. of Steel Construction for the George A. Fuller Co., hurled two Parker Duofold Pens from his perilous foothold on a slender steel girder atop of the new Stevens Hotel, Chicago.

One pen struck on asphalt, the other on cement—away they bounded into the air, then landed in the street—unbroken!

We wanted to give the public proof more convincing than any guarantee. So we have shown by a series of heroic tests that the new Parker Duofold Pen with Permaline barrel does not break. Be sure no fall on corridor or classroom floor can harm it.

Get this sturdy black-tipped lacquer-red beauty at any good pen counter.

"Permaline"—the new Non-Breakable Material of which all Parker Pens and Pencils are now made—is lustrous, light-weight, and does not break, fade or shrink.
