WHAT! NO CONVOCATIONS?

Something about the campus seems to settle upon one and the same sense of something lacking and much discussion we have come to the conclusion that it is the absence of convocations. Fine speakers draw the interested student when it is very evident that speaking any earlier have been missing from this year altogether.

CAMPUS HOWLING

It seems to us that there are some grounds here that never do get attention. How many people complain about the famous men on our campus for there really are some? How many students, care enough for some of our traditions and accomplishments as compared with other colleges?

THE NEW PAPER

We hope it will not be long before the new seven column paper makes its appearance and then you will be satisfied that the staff is working away even if there is not any news in the paper. It is the policy of the paper to make each issue for itself and because some of the boys did not do this the last issue have to stand the burden.

TIME TO START WORK

Start working on that Military cadet. The cadet officers state that most of them are in the market for a little coaxing. But really it is going to be a very exclusive and snooty if all the boys will wear their uniforms.

GRIDGRAPH

Those who want to know who are the grid-down essence of the campus will let him go over to the gridgraph and look over the boys listed in the gridgraph.

Supervisor will hear more about the gridgraph that day than he could get in a two-day interview with Walter H. Vost.

Whether the team loses or wins, these friends will only talk plays. They will have their counsel ready for the young and his veterans when they are in, in spite of their handicap.

Country men will be the most intimate individuals on the campus on Monday when classes start in the country. Those of us who are not used to distance running will be glad to see when we try to cross the river in the open spaces beyond the river in the attempts to arrive at class on time. We suggest jitneys or roller skates.

CONVENIENT CAMPUS CALENDAR

Tonight—
Sesame open house.
Saturday—
Home gridgraph in gym.
S. G. A. benefit bridge.
Sunday—
S. G. A. meeting Peoples church.
Monday—
Football team meet 7:00.
Freshman class meets.
Tuesday—
Debaters meet 7:00 for tryouts.
Scabbard and Blade banquet.

STAGE DRAMATIC SUNDAY SERVICE FOR WAR HEROES

Groups of Chorus Will Cooperate with Local Club and Band.

RICHARDS TO APPEAR

Music Department Head Directs Production of "Canticle of Praise" in New Armory.

Promising to be the most dramatic spectacle ever presented at this college, the memorial service to the world war dead of the campus will center about Walter Byrner's "Canticle of Praise" with its impressive arrangement of responsive choruses, its vocal instrumental arrangement, and its dramatic reading. The service will be presented in the armory the afternoon of Sunday, November 5.

The college orchestra, chorus, band, and glee club will be joined for the occasion by the Ladies Choral club and the male chorists of the Orpheus club of Lansing, constituting a chorus of 175 voices participating with a special corps of trumpets and drummers. The latter have a special function in the "Canticle" supporting its dramatic and emotional rendition.

The glee club will contribute atmosphere to the evening responses from various parts of the distant sections of the audience. From this position in a remote part of the bleachers they will sing the "Song of the Volga Boatman" their voices floating over the audience as though from a great distance.

Lewis Richards, America's most famous baritone soloist, has composed a special score for the 23rd Psalm especially for this occasion. His appearance will be his debut in Lansing and East Lansing symphonic circles.

A platform will be constructed in the center of the large hall of seats in the new armory for the canticle of the dead where 96 wreaths dressed in white will place wreaths in honor of the fallen.

Dean F. S. Keeble will read the roll of the dead as the wreaths are carried to the monument.

Director Arthur Farwell of the music department has charge of all musical arrangements and the presentation of the "Canticle." Director Farwell directed the production of the same theme at the Green Theatre in Berkeley, California in December, 1918. The canticle will be spoken by F. S. King of the dramatic department and by Howard T. Rafter. During the delivery of the drama, the audience is requested to join in the responses and songs.

Reverend N. A. McNamee will read the invocation. Miss Frances Pearl will assist in the rendition of Richards' score of the 23rd Psalm. After the roll call the Misses Miller will sing "Following the Canticle" or rather as the last part of the composition, the groups will sing the English translation of the French military anthem, the Marseillaise.

According to Director Farwell, the R. O. T. C. cadets will appear at the program in full military dress, and will assist in its production. The band will lead their appearance before the assembly.

A rehearsal of the various parts of the program will take place in the new armory hall, November 3, at 4 o'clock.

JUDGING TEAM AT CHICAGO MEET

Teams from All Over the World Will Compete in International.

Seven men will represent Michigan State College at the International Live Stock exposition which will be held at Chicago beginning Nov. 26.

The team of five and two alternates are as follows: V. C. Beal, L. H. Blakeslee, C. L. Crapser, J. R. Bliss, J. W. Clark, A. F. Bradley and R. A. Cook. Teams from agricultural schools from all over the world will take part in the judging contest at the exposition. They will judge three things each: cattle, horses, sheep and hogs.

After the judging is finished, each man will give his reasons orally for the animals in two of the three classes of each kind of live stock. A perfect score will be 100 points in each class, 50 points for placing and 50 for reasons.

The Ohio State livestock judging team was here Thursday, Friday and Saturday, Oct. 27, 28 and 29, judging on the livestock of the college.

The Michigan State team met the Ohio team at Orion, Mich., where they judged Belgian horses, Aberdeen Angus cattle, Shropshire sheep and Duro-Jersey hogs.

On Wednesday, Nov. 2, the local team visited farms around Ionia, judging Aberdeen-Angus cattle, Poland-China hogs, and Hampshire sheep.

RIFLE MEETING

All men interested in the college rifle team, with or without experience are invited to meet at the armory, Tuesday evening, November 8. All old members of the team should be present.

CO-ED BREAKS LEG IN INTER-SORORITY HOCKEY

Will Be Confined to Health Service for Several Weeks.

Miss Margaret Felge, sophomore, was taken to the college hospital Tuesday morning suffering from a fractured leg sustained as a result of a hockey game.

Hospital authorities announced that the fracture was attended by no complications, and that the injury was not serious. Although not able to state how long she would be confined to the hospital, officials stated that she was on the way to recovery.

Miss Felge is a member of Kappa Alpha Theta, and was vice-president of last year's freshman class.

COLLEGE MEN TO DEBATE QUERIES

Prominent Talkers Will Hold Sway at Church Under Y. M. C. A. Leadership.

As the first step in a series of open forums under the auspices of the college Y. M. C. A. will be a debate and discussion on the subject, should College Education be held in the central hall of the Peoples church next Tuesday, Nov. 8.

Mr. J. C. Collingwood of the Y. M. C. A. has been selected as the able chairman of the evening, according to Bill Freeman of the Y. M. C. A. and two representatives of the student body and of the faculty have been selected for the debaters.

Professor Hunt of the sociology department with his student colleague, Max Fisher, will uphold the affirmative side of the issue, while Coach Barney Traynor and Tom Randall will argue the negative. A third of some sort will be on hand to furnish special music for the affair.

In place of the customary judges for the debate, the audience will determine the winner. After both sides of the issue have been fully presented on the platform, Judge Collingwood will preside over an open forum, in which all the students will take part in a general thrashing out of different views on this issue.

The question of whether or not colleges should devote an argument of scholarship versus activities of which, or not, it would be better if presents of academic nature were followed in colleges instead of so many outside activities. This question is not only of primary importance on our campus, but colleges all over the country are doing a lot of thinking on the same issue and it is often thought that this question lies at the bottom of college non-progression.

The Y. M. C. A. feels that always discussing campus problems are needed by the student body, and it is expected that a like debate and forum will be held every two weeks if a large number of students turn out to back up their ideas at the meeting next Tuesday.

FRATERNITY TO SEND MEN TO NATIONAL MEET

Four members of the Alpha Tau Omega fraternity will make a trip to Lexington, Ky., this week to attend the national convention of the organization.

Members of the University of Kentucky will be the scene of the gathering of delegates, which will come from all parts of the country.

Those to attend as representatives of the local chapter are John Heston, Eugene Avey, Kenneth Pomroy, and Eugene Malone.

SUPPLEMENT FORMER GIFT WITH PYREX INSULATOR

Supplementing their previous gift of the electrical engineering department, the evening Glass Works through the courtesy of W. H. Tappert has sent a section of its 5000-watt pyrex insulator.

This will permit a more thorough examination of the homogeneous nature of the material which makes up

THEATER ADMITS COLLEGE CROWD ON FIRST NIGHT

Hundreds of East Lansing Residents Students and Faculty Are Guests.

1,700 ATTEND

Collegiate Atmosphere of Picture Proves Appropriate for Enthusiastic Supporters.

Eliminating the weeks of anticipation and years of waiting the new State Theatre opened Thursday night with a capacity crowd of students, faculty and townpeople.

By seven o'clock a long line of showgoers had formed reaching down Abbott Road to Grand River, clamoring for entrance. When the guests of the management, which included professors and administrative officers of the college, still business men and city officials, and several hundred officers had assembled in waiting reserved for them, they still remained crowded on the steps. Those filled the State Theatre for the second show. Many more were compelled to wait for the performances scheduled to be given.

Manager T. J. McKeown estimates a total of more than 1,700 people were present for the two showings of the film.

A message of the spirit and support of the faculty regarding the theatre was seen in the enthusiastic reaction given the first performance in the audience.

Reaction of the faculty film, "The Last Days of Pompeii," was demonstrated by the cheering which descended from the balcony during the exciting game for the basketball championship between Michigan and Xavier college was on the screen. The comedy, "Branigan's Double Trouble," was really funny and should make a hit with the town people who were already filled with laughter during the performance.

Miss Taylor was supported in the part of the college life by a cast which included college graduates. There was a piano, Frank Brown, who was attending the law school, two seasons ago, and who is now a leading male singer. There are many other famous college amateur athletes, physical instructors, show business, and hundreds of students taken from the colleges and universities of California to appear in the production.

WOMEN DEBATE TEAM CHOSEN

Ten Girls Survive Try-Outs and Will Comprise Squad.

Debate team and H. W. Blake has announced the appointment of the ten members who will compete the coast debating squad.

The members of the top team, Miss Mary, Beiswenger, Miss Virginia Bell, Miss Thelma Ferrell, Miss Pauline Gibson, Miss Josephine Hillison, Miss Phyllis Schaeffer, Miss Helen Armstrong, Miss Anna Hachel, Miss Gladys Hutchinson and Miss Dorothy Clark.

A tentative schedule will include University of Cincinnati, Miami and Central college of Napperville, Ill., and Central, Marquette university, North University of Toledo.

Activities will start very early this year, the first debate being planned for about Jan. 20. The question around which the argumentation will center this year is: Resolved, That the United States government should increase to protect with armed forces, private investments in foreign countries.

NEW SHORT COURSE MEN ELECT OFFICERS FOR FALL

The officers and committee chairman have been elected by the general agriculture short-course men, Gerald Fenner of Plainfield, Mich., is president, Stanley Procter, Ann Arbor, is vice-president, Forest Brown, Iron River, secretary, Gayle Bates, Climax, treasurer, Russell Partridge, Plymouth, chairman of the party committee, Carl Haskins, Ovid, chairman of the refreshment committee, and Sheldon Markie, Eaton Rapids, chairman of the program committee.

Pajama Parade Celebrates Send Off to Future Warrior

Motorists along Michigan avenue were treated to a novel sight last Sunday night, when although it did not cause a traffic tie-up, nevertheless served to relieve the tedium of an otherwise uneventful drive.

A parade of white-clad figures ported out of one of the fraternity houses and in the imitation of their patron god, Hermes, gave agile chase to a tall runner who was doing his best to give a faithful representation of the noted Charles Paddock. His efforts were in vain, and he was forced to surrender, an unwilling captive.

SPARTANS INVADE HOOSIER CAMP TO GET BALM FOR LATE WOUNDS

Have Workout in Indiana This Afternoon, Then Return to Seclusion.

CHANGE LINEUP

Kanitz Due to Break into Lineup While Hittings Starts at Tackle.

CONDITION OF SANDERS REMAINS SERIOUS

Improve Campus with New Sewers

Water Lines Also Being Constructed for Fire Protection.

FOOTBALL FANS

There will be a gridgraph of the Indiana game shown in the gymnasium on Saturday afternoon.

The many campus improvements started this summer are rapidly nearing completion and should go far toward improving the looks of our campus according to A. H. Lavers, superintendent of grounds.

Steam lines are being constructed from the gymnasium to the new armory. These lines are an extension of those leading from the central heating plant to the gymnasium, although this line has been increased to a six inch high pressure line. This will undoubtedly insure sufficient steam for both gymnasium and new armory.

A six inch water line is under construction down Farm Lane road to the new barn, which will insure fire protection for these structures.

The building of a new sewer is also started, planned to begin east of Logan street and run along the north bank of the Red Cedar river to the gymnasium, where it will cross the river just east of the athletic bridge, and run from there diagonally across the cavalry drill field to Harrison road, to a place where the new sewage disposal plant is to be constructed by the college and East Lansing.

The grading which has already been started in front of the new armory will not be completed before spring, as it involves numerous innovations, the completion of which will take some time. Roads are already started on the borders of the drill field to bend to the armory, and it is also planned to fill in the hollow ground directly in front.

A sewer line is also under construction which will extend from the side walk by Abbott Hall through the rear and around to the Red Cedar. This line will not be extended further until the greater sewer project is completed, when it will be extended to connect with the other lines.

ENGINEERS VISIT LANSING PLANT

Senior Electricals View Novel Test in Grand River.

COOPERATE WITH ENGINEERS TO FILL COLLECTION

Cooperating with the electrical engineering department in its efforts to secure a comprehensive collection of representative types of high voltage insulators, gifts of the Hewlett type of suspension insulators have been made by H. R. Holmes of the R. Thomas & Sons Co. of East Liverpool, Ohio, and E. J. Burris of the Chicago office.

The test is unique in the respect that Grand River is used as a water reservoir.

Power is dissipated in the river through three iron rods which project into the water and form the corners of an equilateral triangle with 20 feet on a side.

Evidence of power consumption is shown by the continual red flashes at the terminals under the water.

The inspection tour also included an examination of the method of installing underground cables, which work is now going on at the station.

HONORARY DELEGATES AT NATIONAL MEET

J. Barry Brown of Lansing, editor of the 1928 Wolverine received his formal initiation into Pi Delta Epsilon national honorary journalism fraternity last week. Brown received his informal last spring but was unable to take the final degree at that time.

Brown was also named as a delegate to the Pi Delta Epsilon national convention which will be held at Columbus, Ohio, next Thursday, Friday and Saturday. Other delegates from Michigan State will be John Kelly, president of the local chapter, and Wayne Barkwell.

Thirty-five men, including coaches, trainers, managers and players, on Thursday afternoon for Martinsville, Indiana, where the team will wait in seclusion until just before game time when they will go into Bloomington to meet "Pat" Page's Indiana Hoosiers in State's second Big Ten encounter of the season.

After losing three straight games to Michigan, Cornell and Detroit, State supporters are not brooding much optimism regarding State's chances in bringing back the Hoosier scalp. It is true that past showings of the team does not warrant much hope for a victory but a different team will take the opening kickoff at Bloomington than the one which lined up against U. of D.

Changes in the lineup, concentration of fundamentals in the past week, a phase of the game in which the Spartans have been sadly lacking this year, and a new spirit among the men may put an entirely new complexion on the game. The men realize that the majority of the fault of the past poor showings can be laid at their feet and will take the field against the Hoosiers

There will be a gridgraph of the Indiana game shown in the gymnasium on Saturday afternoon.

The many campus improvements started this summer are rapidly nearing completion and should go far toward improving the looks of our campus according to A. H. Lavers, superintendent of grounds.

A sewer line is also under construction which will extend from the side walk by Abbott Hall through the rear and around to the Red Cedar. This line will not be extended further until the greater sewer project is completed, when it will be extended to connect with the other lines.

AT THE UNION

Tickets for the November 18 party will be put on sale at the book store, Wednesday.

If you are interested in history, several of the most important biographies issued this year are included in the lending library list.

Members of the Union have the privilege of purchasing from a complete book catalog at coupon book discount. Some of the most popular travel books published in years appeared during the past year. In most cases you can read the books you intend to buy, although the library includes only a selected list.

You are a member of the firm operating the Union. If it does not serve you the way you think it should, your objections should be presented to the board of directors or the manager and they should be offered in a signed statement. The Union returns all your investments in fee or activities if you are willing to collect.

Absence of Team From Campus Marks Derth of Society Functions

Continuing the innovation of sorority open houses, two societies, Sesame Kappa Delta, and also Practice House, will entertain guests at their homes tomorrow night. The only other affair which will take place is the fall term party of Phi Omega. The dearth of the usual functions characteristic of weeks ends on the campus is due to the out-of-town football game and the great amount of entertaining of last week.

The Sesame open house, Mr. and Mrs. Robert Baldwin and Miss Clemens are the patrons. The same evening Kappa Delta is having Jack Carlos' orchestra with Mr. and Mrs. G. R. Munson as patrons. Mr. and Mrs. R. M. Olin, Mr. and Mrs. S. W. Fabian, and Mr. and Mrs. S. W. Merrick are chaperoning.

Phi Omega gives its party at the Little Theater tomorrow night, for which the patrons will be Prof. and Mrs. C. P. Halligan and Prof. and Mrs. A. J. Carl. The ballroom will be decorated with pine leaves, ferns and chrysanthemums and Hed Draper's Music Masters will play.

Personal

Mrs. Marshall of Bear Lake center of her parents during the week. Dorothy Walters of Jackson was a guest at the Sesame house last week.

Miss Bennett of Plymouth spent the weekend with Winifred Draper at Abbott hall.

Joan Youngs had as her guest at Abbott hall last week-end, Jessie C. Marshall of Detroit.

Mr. and Mrs. J. C. Craper of Spring Hill visited their son Charles at the Upsilon house during the week.

CO-EDS TO RECEIVE LATER PRIVILEGES REST OF TERM

W. S. G. A. announces a new ruling for all co-eds. Hours have been extended on Friday and Saturday evening from 12 o'clock until 12:15.

This new privilege has been granted to give the co-eds a chance to stay until the music stops at college functions. In the past it has been rather annoying to have to leave before the dance was over. From now on the girls have 15 minutes to get to their homes and dormitories.

The new privilege will be tried out this term, and if the plan is carried out successfully, it will be continued. If the co-eds do not cooperate, and tend to take advantage of this generous move, hours will again be shortened.

Mr. and Mrs. W. C. Connelan of Grosse Ile visited their son William D. at the Upsilon house Monday.

Mr. and Mrs. Ferris E. Hyatt of Fushing spent Sunday with their daughters, Mary and Irene, at Abbott hall.

The Sesame society will have an open house at their home this week-end. The patrons are Mr. and Mrs. R. F. Baldwin and Miss Louise Clemens.

The Upsilon fraternity conducted formal initiation Monday evening for Anthony Artines of Benton Harbor, Lloyd Herrington, Detroit, and Joseph Mosher, Jackson.

Among the alumni of the Herminian fraternity who were back for Homecoming were Carl Barnes, Royce Drake, Dick Grove, Wilford Norberg, James Baynes, John Johnson, Vernon Rupp and Harold Hough.

Among those who returned for Homecoming at the Alpha Phi house were: Marjorie McKay, West Branch; Maribel McKnight, Mary Wing and Dorothy Goodson, Detroit; Helen Callcott and Geraldine Burke, Chicago; Mary White, Birmingham.

Members of the alumni who visited at the Upsilon house last week-end included George Compton, Detroit; Mr. and Mrs. Carol Lowry, Detroit; Mr. and Mrs. Palmer Johnson, Detroit; Andrew Rozell, Scottville; Benjamine Bachelor and Ward Hubbard, Howell; and Wm. Constock of Grand Rapids.

W. S. G. A. WILL HOLD BRIDGE TEA ON SATURDAY P. M.

W. S. G. A. wishes to announce that a "Woman's Building Co-ed orchestra" will furnish music at the benefit bridge on Saturday afternoon, Nov. 5.

All girls who do not play bridge can pass a pleasant afternoon in dancing. This is a fine opportunity for the co-eds to become acquainted, and W. S. G. A. urges support in backing this affair. A first and second prize are offered for the winners at bridge.

Many attractive features have been planned, and the event promises to be prominent among the social activities for the week.

FRESH ELEVEN TO MEET CANADIANS

Coaches Work Hard to Eradicate Mistakes of Game with Ferris.

For the first time in the history of Michigan State athletics, the State freshmen football eleven will meet the Assumption college gridder at Sandwich, Ont., Saturday afternoon.

Recent reports from the Canadian football camp indicate that the State Fresh will have a hard job out of them this week. The Assumption college eleven trounced the Highland Park Junior college by a score of 19-0 last week. Also this week the Canadian coaches have been drilling their men hard to polish up their team's play for the game Saturday.

The Fresh backfield in the Ferris game last week looked fast and the line held the visitors out of the back field while plays were being started. Coaches Kobs and VanAlstyne have been smoothing the rough spots in the Spartan offense which appeared in last week's game.

Twenty-eight players, coaches, a trainer and a manager are expected to make the trip Saturday. The party will leave East Lansing early Saturday morning and will make the trip in a chartered bus.

An official list of the men who will make the trip was not obtainable, but it is expected that the following men will make the trip: Ends, Linder, Egg, Weyerman, Raymond, Gafner, tackles, Parker, Ribber, Stine, Buckholz, guards, Fricker, Dell, Daniels, Miller, centers, Simond, Schaefer, Jacobus, quarterback, Nordberg, Rosberry, Bolens, Moore, halfbacks, Green, Hammond, Grove, Furst, Watkins, fullbacks, Hall, Strub, Olson.

SPORT REPORTERS NEEDED

Men interested in sports writing for the State News meet in the State News office, fourth floor of the Union, at 8 o'clock Sunday night. There is a need for writers on this staff and several interesting assignments are available. There are openings for about five men.

STATE HARRIERS READY FOR MICH.

Captain Mason's harriers, fresh from their brilliant victory over the strong Marquette university cross country team, will meet the University of Michigan team Saturday morning at Ann Arbor. Coach Farrell's men made an impressive showing last week when they romped in ahead of Purdue University, 20 to 35, and it begins to look as though a real battle will be staged Saturday.

The long and short of the running game will vie for honors on the Michigan course Saturday. Monroe, Michigan star and former Michigan State student, is six feet four, in comparison with Loren Brown, States, one who is well under average height. Brown, in spite of his small stature, is expected to force the lanky Monroe to the limit, since Pfeiffer, Marquette star and one of the best distance men in the country, could only beat the Spartan midget by a whirlwind finishing sprint.

Coach Mason will take ten men to Ann Arbor and all of them will run in the meet. The first five to finish will be counted in the scoring. The following men have been selected to make the trip: Captain Wally Brown, Wilmarth, Roussien, Crave, Roberts, Clark, Haven, Blakeslee and Baker.

INTER-FRATERNITY BOWLING IN RAPID ADVANCE

Two more fraternities were eliminated last Tuesday in the inter-fraternity bowling contest, which is held in the basement of the College Manor. The Electrics defeated the Eumontan fraternity by a score of 2187 to 1888, and the Union Utes with a score of 2106 to 1922 killed the hopes of the Phi Chi Alpha fraternity.

Wednesday's games were the Olympics vs. Elysians and the Phi Deltas vs. Delphics. Thursday's games were the Phylaxus vs. Eilmoras and the Alpha Gamma Blue vs. Delta Sigma Plus.

How will your office look?

Not like this, of course

Yet you will find in a dozen jobs that can be done more quickly and effectively by electricity—and done so quietly as to be practically unnoticed. In fact, electricity has completely revolutionized many office methods.

YOUR FATHER probably will recall the days of high stools, eyeshades, and evenings overtime.

But visit a modern office! A thousand letters to go out by four o'clock. A new price list to all customers into tonight's mail, without fail. Enter electricity. Two or three people turn switches, and the finished letters come out of an ingenious machine. Another motion and they are sealed and stamped. Only electricity could get that job done.

Here's a statistical job. The reports are in, thousands of figures to analyze. Looks like overtime for fifty clerks. "Certainly not," answers electricity, as a button starts the motor-driven sorters and tabulators. Key cards are punched with your fingers. Electric sorters do 24,000 cards an hour. Tabulators add quantities and amounts in a minute, and print the totals.

Go to almost any bank today. Push a button, click, goes the electric bookkeeper machine and back comes the balance in that brief moment. Every day saves time,—you, the clerk, the bank,—when electricity is the bookkeeper.

In the office of to-morrow you will find "electrical fingers" doing more work than even to-day.

TO DAY in a modern office you will find these electrical aids: Addressing Machines, Dictating Machines, Adding Machines, Multigraphs, Check writers, Calculating Machines, Cash Registers, Interior Telephones, Card Recorders, Card Sorters, Time Recorders, Accounting Machines, Time Stamps, Clocks, Mailing Machines, Typewriters, Fans, Mazda Lamps, and many other electric devices.

This familiar mark appears on many electrical products, including motors that drive time and labor-saving office machines.
