THETA ALPHA PHI WILL SPONSOR GUILD PLAYERS

Original Repertory Company Will
Appear in Lansing This
Month.

CATERERS TO STUDENTS

Organization Has Eventful His-
tory; Offers Best of
Drama.

Leaving New York for the first time in ten years, the original cast of the Repertory company will appear at the Prudden auditorium Nov. 22, under the sponsorship of Theta Alpha Phi.

The New York Theatre Guild, the parent organization of all Little Theatres, has an eventful past, beginning with its origin in a remodeled livery stable and continuing through its career to its present position in the world of the drama. At present it is making a tour through the states, appearing especially in those towns known as college centers.

Theta Alpha Phi, national honorary dramatic society, is responsible for the appearance of the Guild in Lansing according to representatives of the company. This organization plans to sponsor its appearance and to arrange for ticket sales on the campus.

Only three points will be touched in Michigan on this tour, and Lansing has been chosen because of the proximity of the college. Detroit and Ann Arbor will also attract the company.

The Guardsman, one of the best light comedies of the season, written by Frank Molnar, is centered about the seductions of an actor for his wife, and his attempt to prove her either true or false by impersonating a casting office and making love to her.

Whether she is aware of his scheme and whether she is true or false is not decided in the drama. Since its production in New York, many decisions have been made by various critics, none of which is entirely satisfactory.

Special arrangements have been made for the appearance of the Repertory company in the Prudden auditorium. Lighting arrangements and scenes will be provided by the organization especially designed by the Guild for this play.

In accord with the Guild's plan of educating the American to a finer appreciation of the drama, the company has refused numerous offers for road rights, preferring to put its own personnel on the road in its own play.

Members of Theta Alpha Phi will receive student ticket sales, and these tickets will be sold to students from the Union desk at a special rate. The committee in charge of the student sales is composed of Harold Marsh, John Kelly and Wayne Barkwell.

MUSIC HEAD IN CONCERT HERE

Detroit Symphony Orchestra to
Be Accompanied by Rich-
ards and Farwell.

Performing one of the best musical features in this section of the state in several years, the concert of the Detroit Symphony Orchestra to be given Monday, Nov. 21, in Demonstration hall is expected to attract a large number of people.

Features of the program will be furnished by two of the new members of the music department, Prof. Lewis Richards and Prof. Arthur Farwell.

With his own composition as symphony, Prof. Farwell will act as conductor of the orchestra in one number. The piece, "Dominic Hurkin," is a rhapsodic treatment of certain Indian melodies, and was composed by Prof. Farwell some years ago at the time composers began using Indian airs as themes. This movement of incorporating the strains of the aborigines into orchestral scores was initiated by Prof. Farwell.

In the afternoon program, several thousand children from neighboring towns will be the guests of the college at an educational program. Edith Thorne of New York will give informative talks on the meaning of each composition.

All funds on smoking among women students at the University of Wisconsin have been lifted and many of the social organizations have provided smoking rooms for its members. Interviews with 20 house residents reveal the fact that from 50 to 75 per cent of the sorority girls smoke, freshmen as well as upperclassmen.

On addition he has been named on the All-American Intercollegiate swim team for the past two years.

ALPHA ZETA HELD SWINGOUT WED.

Seven New Men Taken into Hon-
orary Agriculture Fra-
ternity.

Alpha Zeta, national honorary agricultural scholastic fraternity, swung into existence Wednesday with seven men. Formal initiation was held Wednesday evening at 6:30 in the Union.

The men selected are: LaVerne Lough, Hastings; J. Wilson Morey, Rockford; Roland Cook, Cement City; Merrill DeLange, Detroit; Oscar Dowd, Hartford; Clark Price, North Adams; Harold Foster, Rives Junction.

Membership in Alpha Zeta is limited to students excelling in scholarship in the agricultural division. Undergraduate and graduate students are eligible to become candidates.

COLLEGE CHORUS FILLS ENROLLMENT FOR CREDIT

Enrollment for credit in the Michigan State chorus is now complete since the extended time having expired.

Ninety members are enrolled and promise excellent musical development in the future. This phase of work is given by the music department.

All who may still desire to sing with the chorus can arrange to do so on conditions other than enrollment for credit by seeing Mr. Farwell on Monday at 5 p.m., and Wednesday at the same hour, at Horticulture hall.

VENTILATING SYSTEM OUSTS SUNDRY SULPHUROUS SMELLS

Filtration of Air Unique Feature
of New Fresh Air Plan.

No more fumes of sulphur dioxide chlorine and other disagreeable odors are greeting the residents in the new chemistry laboratories. The ventilating system of the Kedzie laboratories is the latest and most complete of all the chem labs in the country.

Two complete sets of blowers are installed in the building, one set is used entirely for the purpose of introducing fresh air. The air enters through a power draft and is immediately run through an oil filter to remove the dust. The air is then humidified and washed and sent out to the tunnels where a thermo-static controlled heating system heats the air. In this process two blowers are used, each with a capacity of 100,000 cubic feet per minute.

Eleven exhaust fans take care of all the dead air and turns in the building. Under all the roofs the air is moving at a rate of forty feet per minute. The dead air is carried up to the attic through crooked pipes and then there it is forced out of the building. No attempt is made to use the same air twice.

A feature of the system is the separate blower used for the lecture room. In case of special meetings in the lecture room it is not necessary to start the entire ventilating system. The exhaust air leaves the room through specially constructed seats. There are one hundred of these seats placed throughout the room, thus making the circulation uniform.

The exhaust fans take care of all the dead air and turns in the building.

SOCIETY

Week-end Full of Activities Will Keep Students on Campus

Several open houses and a sorority party, as well as the junior class party, are among the events for tonight and tomorrow evening, regardless of the fact that today is a half-holiday and many of the students will be going home.

For a mid-week entertainment at the Union, the smoker and bridge room, as well as a stag dance proved interesting. Although the idea of this type of social party is unusual, it is a successful manner of bringing students together.

FLYNN-HALLADAY

Miss Hope Halladay, daughter of Secretary and Mrs. H. H. Halladay, will become the bride of Dr. Southard Flynn Saturday morning in the chapel of the Peoples church.

DR. SOUTHDAR FLYNN

POCKET BILLIARD TOURNEY AT UNION PROGRESSING

The pocket billiard tournament is producing some close games and high runs. In last week's high run of 43, Misses High run 9, by 47; Misses High run 10, was defeated by McConnell, high run 11, by 33; and McConnell, high run 8, was defeated by McConnell, high run 10, by 6.

Nos. 8 Harrod defeated Clark 100 to 96; Brooke, high run 16, defeated McConnell, high run 13, by 16; but Fox and Lieutenant Chase were not in time to play their match.

Dr. Flynn was a former swimming coach at this institution and is a graduate of the universities of California and Michigan. The young couple will make their home in Flint after January 1, when Dr. Flynn is connected with the department of health.

Personal

The Alpha Phi sorority has pledged Mattie House of East Lansing.

Margaret Metay of West Branch visited at the Alpha Phi house last week.

Al Matthews of Brown City was a guest at the Delphic house for a few days this week.

Mrs. L. Lancaster of Clinton visited her daughter Lois at the Chi Omega house Wednesday.

The Practice house party which was postponed last week will be held this Friday. A three piece orchestra from Lansing will furnish the music.

The wood quartet is going to be in regular practice from now on, and will be available for public singing. The members are: Margaret Corrin, first soprano; Alice Olson, second soprano; Margaret Hubbard, first alto; Clara Wilson, second alto; and Doris Posthumus, accompanist.

Donald Flesher, 27, is visiting at the Actheon house.

Tholian society announces the pledging of William Kinney, from Williamson.

Miss Lydia Baird, Miss Louisa Ridgeway, and Mrs. Clare Beck, alumnae of Detroit, will be guests at the Sigma Kappa house this weekend.

The Sigma Kappa sorority will give an alumnae luncheon Saturday noon at the home of Mrs. Gordon Schubert in honor of Miss Audrey Dykeman, grand vice president of Sigma Kappa.

John Breyfogle, Melvin Avery, Eugene Malone and Kenneth Pomeroy returned to East Lansing Sunday evening, after having spent six days at the national convention of the Alpha Gamma Rho fraternity in Lexington, Ky.

Mr. Richards, head of the music department, has returned from his concert tour in the east. During his tour Mr. Richards fulfilled a number of engagements, among these being one with the Roxy theater at New York city.

Mrs. Margaret Booth, a member of the Wright Players company now playing at the Capitol theater, was a guest at the Chi Omega house last Thursday afternoon and evening. Miss Booth has cancelled her contract to play in Lansing for the winter, and is leaving for New York where she expects to enter production.

BASKETBALL SQUAD RAPIDLY FORMING FOR LONG HARD SEASON

Five Letter Men Form Group from Which VanAlstyne Will Build Team.

With the opening of the basketball season only a month away, interest is swinging to the prospects for a successful court season. With a heavy schedule ahead and several interesting games on the home schedule, interest should run high in the indoor sport this year.

With five letter men returning to the fold for duty besides many likely looking prospects from the 1926 yearling squad, Coach Ben VanAlstyne is rather optimistic regarding the team's chances. Captain Kenny Drew of Adrian heads the list of veterans returning, but football will keep him from the court until after the football season is closed. Vern Dickeson and Bob Eldred are two more letter men on the football squad who will probably find positions on the team this year. Dickeson was one of the mainstays of the team last year and Eldred was a reliable forward whose presence should be much in demand this winter at a forward berth. Joslin and Schau are two basketball men from the yearling squad of last year who are on the football squad and may report at the end of the season.

Bub Felt, former all-state center

FRESHMEN FOOTBALL MEN PREPARE FOR CLASH

After scoring two impressive victories in as many weeks, the freshman football squad is almost through with their practice for this fall. About two more weeks is all that remains for the men to work out.

The first string men Tuesday put in a hard workout against the Spartan varsity who were put on the offense. On Wednesday afternoon, the first team men were sent to the showers early while the third and fourth teams engaged in a scrum-mangle against the varsity.

The fresh this season have been in disastrous and the coaches have been able to wield a smoothly working aggregation together and as a result the Ferris Institute and Assumption college elevens were easily taken into camp.

from Muskegon, held down the pivot job last year in a commendable manner and will undoubtedly be seen at center throughout the season. His floor work was one of the outstanding features on last year's quintet and will be a valuable asset to this year's combination. Totten and Ahrens are two other center candidates.

Drew and Red Colvin are two letter men returning among the guard candidates, but Russo, former all-American high school center from Jackson, must be fitted into the lineup somewhere and will probably be at a guard berth. He held a guard job on the 1925 team until ineligibility forced him to leave the team. His presence on the team should strengthen the defense greatly. Monty Hood is another letter man from last year who is out for a forward berth. Monty has seen two years of service and will be invaluable to the team this year. VanZylen, Grove, Moco and Sheathem are other men making strong bids for a position.

John Shaughnessy Kelly, the Grand Haven Irishman, another man who has seen two years of service, is again sinking the "long tons" that characterized his work of the past two years. He is out for a guard berth.

Grove and VanZylen played stellar ball for the fresh last year and will add much scoring power to the Spartan quintet.

Here is an example of what perfect interference will do. A substitute half back playing for New York university helped win from Rutgers 60 to 6. This man, a 125 pound sprinter, scored three of the touchdowns on dashes of 26, 51, and 23 yards behind perfect interference.
