

Michigan State News

Published twice weekly during the college year by the students of Michigan State College. Entered as second class matter at the postoffice, East Lansing, Michigan.

NEW UNIFORMS

During the past few weeks there has been much discussion on the campus concerning compulsory military training. The Open Forum of this paper has been used to great advantage by both sides. Very good arguments have been presented on each stand and a lot of interest has been created. All this discussion is a healthy thing. It shows that there are men on the campus who have ideas and are not afraid to back them. It also keeps the military defenders on their toes and enables them to present their side of the question.

The State News publishes all these articles in the Open Forum and will continue to do so, even though the policy of the paper is entirely in favor of compulsory military training. We believe that this kind of training is essential but we have several suggestions to make to the military department.

The greatest fly in the ointment of any freshman who is compelled to take military is the fact that he is forced to wear a scraggly looking, ill-fitting, uncomfortable O. D. issue uniform. These uniforms are passed out with little or no discretion as to the size of the man, with the result that many of our first year military men are hideous specimens. The average freshman is not a conscientious objector to war. He does not object to taking military because it is compulsory, but he does object to appearing in public looking like a human rumpage sale.

We would like to suggest that the state board of agriculture appropriate enough money so that every man in the corps can be properly equipped with a neatly well-fitting uniform. Many other colleges and universities have done this with amazing results. The morale of the entire corps would be raised and the under-class men would show some pride in their outfit.

A sort of an "esprit de corps" would be built up which in time would become one of the leading traditions of the college. The Michigan State battalion has done exceptionally well in the past and has rated the distinguished citation for the past four years, but there is little doubt that if the spirit of the under-classmen were augmented by the addition of new uniforms,

Peoples Church Pastor Cites Examples in Sunday Morning Address.

the State unit would be the crack outfit of the country.

Campus Forum

Opposition to compulsory military service springs not from an individual's objections, nor is it prompted by an outside organization or organization, but from a recognition of the fact that such objection actually exists among the students. That truth is, however, expressed, exists to tradition as the truth without thinking it out for themselves, said Mr. McCune. He also stated that one must be sincere enough to pay the price, i.e., to find real truth, and after finding it, he must want to use it.

There are two kinds of truth, philosophical and experiential," he continued. "We receive the philosophical out in our classrooms with facts of history, biology, but the other kind of truth, we find only through experience."

One of the great men who had arrived at the truth of experience, McCune first mentioned, Bushnell, a great preacher and thinker. Bushnell passed through a period of doubting everything, but finally came to the conclusion that there surely was a difference between right and wrong, and that he would henceforth follow the right. In this way he finally overcame all doubt.

Cardinal Newman was an example of a man who found "truth" through outside aid, the Catholic church. The third example, Tolstoy, was one who had rebelled against all the ritual of the church, and who contemplated suicide many times. Tolstoy, however, once experienced God while walking in a woods, and from then on lived a happy life.

Sherwood Eddy, who spoke here last winter was mentioned by Dr. McCune as a man who, in his search for truth, had given up all his property

and devoted himself to religious work without pay. Sherwood Eddy has found different truths of the social from forest plantations.

The station has been carrying on a demonstration of selective logging which work has attracted a great deal of interest from lumber companies.

Finally, "Mac" told about Cabot, who had been sick in body and mind, and despite all his money, had become hungry for God and truth. Cabot, as Tolstoy, had a religious experience.

"Therefore," he concluded, "anyone can arrive at real truth if he is sincere enough."

This meeting was the eighth in a series following the theme, "The Building of a Man." The S. C. L. is to last all fall term. The S. C. L. is the only men's class on the campus, and meets every Sunday from 12 to 12:45 in the student parlors of the Peoples church.

FORESTY DEPT. WORKS ON EXPERIMENTS IN MICHIGAN

Prof. A. K. Chittenden, head of the forestry department of the college, has just returned from Madison, Wis., where he attended a meeting of the Federal Lake States Forest Experiment Station up north.

Among the studies which the station has been carrying on during the past year is one on the growth of oak on the jack pine plains of Michigan, the work on which was done in cooperation with the college. The field work has been completed and the report will be ready for publication soon. The study shows the possibilities of growing oak on the plains for commercial purposes.

Another study made by the station which will be of great value in Michigan is on the growth of forest plantations. It gives precise information regarding the best trees to plant for

various purposes, costs of planting, demonstration of selective logging, the upper peninsula for the last year which work has attracted a great deal of interest from lumber companies.

The junior class party, set of guests attending, parents going home. The senior open houses, Princeton graduation at Demonstrations afternoon.

Junior party, orchestra from Saginaw and Mrs. T. L. S. Mason acted as hostess. Mrs. J. T. Caswell of the Aspinwall open house, Mrs. Bay Friends had a

large and Mrs. H. T. Daubers for the Phi Chi Fraternity Saturday night, and Mr. and Mrs. S. C. L. S. Mason actions at Hermanus. Dr. Brainerd's band played at a party in the Lincoln Inn, and Mrs. Rude, Mr. and Mrs. Johnson and Prof. and Mrs. Chittenden as patrons at the open house. Miss Anna Waldo acted as hostess during the 10:30 a.m. buffet service. The decorations of paper, paper, and chrysanthemums, a piece of orchestra, and furnished the music.

the new basis. Plans have been for the presentation to the public, which will be held on Nov. 18. A special effort will be made to get all home economics for this meeting. The matters are to be introduced before the H. E. club, massive organization, are attempting to bring the spirit into a more intense interest in the club. Several amendments to the constitution are being proposed for the membership.

SOCIETY

Junior Party and Open Houses Entertain Last Week-end

The junior class party Friday night proved successful, with a large number of guests attending regardless of classes being dismissed at noon and many students going home. The campus social program was unusually full with treasury open houses, Practice house entertainment, Ero Alphian party, the induction at Demonstration hall, and the memorial services there Sunday afternoon.

At the junior party, Morris Russel's orchestra from Saginaw played. Mr. and Mrs. T. L. Sherburne and Mrs. C. Mason acted as patrons. Prof. Mrs. J. T. Caswell chaperoned at the McPherson open house at which Gilby and Friends had charge of the refreshments.

Dr. and Mrs. H. T. Darlington were in charge for the Phi Chi Alpha open house Saturday night, and Prof. A. G. Smith and Mr. and Mrs. Frank Trull were present. Dr. and Mrs. Frank Trull were present. Dr. and Mrs. Ward Gilmer, Prof. Mrs. C. L. Allen, Goodwin S. Tolles, 25; G. W. Arnold, 26, of Indianapolis; Prof. Dibble of Monroe, and L. Smith of Birmingham at dinner Sunday.

Formerly any student registered in the home economics division automatically became a member of the club, but this idea has been changed. Members will be taken in now only upon application. In this manner the club will be composed only of those interested in H. E.

An executive committee will be appointed which will handle all business affairs of the club so that meetings will be more of a social nature. Prominent workers in home economics and members of the faculty will be secured to speak at the meetings, thus adding interest to them. Another aim of the club is to secure a room in the H. E. building for a club room and furnish it. In this manner it is hoped to bring about a closer relationship between students and faculty and thus promote the general welfare of the division.

The decorations consisted of paper flowers and chrysanthemums.

The present officers of the organization are: Mrs. Estelle Morse, president; Pauline Massey, vice-president; Bernice Parsons, treasurer.

Anatomy is a funny thing. A man must have plenty of backbone to keep a stiff upper lip. Daily Hilt.

REORGANIZE EC CLUB FOR ACTIVE PROGRAM

Home Economics Group Plans Activities and Change in Schedule.

Mildred Lamb spent the weekend in Detroit.

Warren Wilcox of Pontiac spent the weekend at the Delta Sigma Phi house.

Matthew Quirk, 22, was a guest at the Lambda Chi Alpha house last weekend.

A special effort is being made to get all home economics students to the Alpha Chi house this weekend for this meeting as many important matters are to be discussed.

John Jane Price and Mildred Everitt, both of the H. E. club, have been in Michigan spent Saturday and Sunday in the past few weeks.

Several attempts are being made to interest the members of the Alpha Sigma Tau chapter in home economics.

Several amendments are being proposed which, if passed, will change the membership of the club. Action Saturday.

Mr. Griggs of Saginaw visited her daughter, Josephine, at the Alpha Gamma Delta house Sunday and Ann Carlson and Emma Hess also of Saginaw visited Mildred Marks.

The Chi Omegas had as their guests for dinner Sunday Ruth Ansorge of Grand Rapids, Lois Jane Munro of the home economics department, Mr. and Mrs. F. Shadrick of Detroit, who visited their daughter Georgia, and Dr. and Mrs. C. S. Robinson of East Lansing.

The Delta Sigma Phis are planning an open house in the form of a dinner party for this week Saturday.

A Phi Chi Alpha open house was held Saturday night of which Dr. and Mrs. Darlington were patrons.

Lorraine Robinson of Minnetonka visited her sister Dorothy Robinson, at the Alpha Phi house last weekend.

The Phyleum fraternity entertained Dr. and Mrs. Ward Gilmer, Prof. and Mrs. C. L. Allen, Goodwin S. Tolles, 25; G. W. Arnold, 26, of Indianapolis; Prof. Dibble of Monroe, and L. Smith of Birmingham at dinner Sunday.

X-COUNTRY TEAM SOCCER TEAM DEFEATED BY FAST LANSING SQUAD

Coach Morton Mason's fast stepping **barriers** added another impressive victory to their already long string Saturday by outrunning Notre Dame's distance men on a muddy East Lansing course, 21-31.

Loren Brown, sophomore ace, won his second race of the year by outdistancing the best that the Irish had to offer by 4 seconds. Brown stepped the 4.85 mile course in 27.02, considerably slower than he did the trick at Ann Arbor last week, but the course was partly under water and very slippery. Willmarth followed his teammate Brown to the tape for second place in 27.24, Vanchris of Notre Dame being only a second behind Willmarth for third place.

Captain Henry Wayne Rosien and Crowe took fifth, sixth and seventh places to count for the Spartans. J. Brown, W. Brown, Bremer and Schlueter placed for the Irish.

State has thus far placed victories over Marquette and Michigan by 29

YPSI HARRIERS SCOOP AT INTERCOLLEGIATE RUN

The Intercollegiate cross country meet which was held here Friday morning was won by Ypsi. This is the third time in the last three years that they won it. Lange of Detroit City college finished first but his teammates failed to keep up with him so they failed to place. Lange's time was 27.52. Hanner, Atchison and Boyde of Ypsi finished second, third and fourth. Strom of Detroit City college finished fifth. Ypsi took the second, third, fourth, ninth, twelfth and fifteenth places. Kalamazoo Normal placed second in the meet with a total of 56 points, while Michigan State placed third with a total of 45 points. No freshmen were permitted to run in this race due to a recent state ruling.

MICHIGAN AVENUE AT GRAND

FRATERNITY BOWLING LEAGUE PROGRESSES

Wednesday bowling of the Interfraternity League resulted in victory of Lambda Chi Alpha over the Hospitalians, 2203 to 2101. W. K. Knudt of the Lambda Chi team rolled the high three game total of 463 and high single game of 197.

The Olympic team defeated the Sigma Alpha Epsilon team, 2133 to 1941. A. H. Donaldson with 407 three game total and 191 single game was the big gun of this match.

Thursday night the Phleins took the Phi Chi Alpha team into camp to the tune of 2128 to 1987. In spite of the fact that the Phi Chis took two of the three games played, Pilling, on a big lead in their second game when they shot 867 game, the Phleins enough pins to win the match. R. Huppiken was the star of this match with games of 181, 195 and 192 for a total of 568.

With the schedule at the halfway mark, it looks as though the Electric team will win in block No. 1, for they have won three matches and are as

yet undefeated. The U. Lits are leading block 2 with three victories and no defeats. Lambda Chi Alpha heads block 3 with two matches won and none lost, and the Olympic team tops No. 4 block with three wins and no defeats.

The Electric team has rolled the high three game total to date, having 2388 on the opening night of the league. Jack Harbeck has the high three game total for individuals with 586 and W. J. Elser has the high single game of 233.

FISHER HEADS FIELD IN BILLIARD TOURNAMENT

The past week saw some brilliant playing in the pocket billiard tournament at the Olympic Recreation club. Fisher is still in the lead with four

victories and no defeats, also the high run of 17. Metcalf with three victories and no defeats is in second place. Fox has second high run of 15.

The football line was so tight the backfield couldn't even get air—Kansass Wesleyan.
