ATTEND THE ANNUAL  
WATER CARNIVAL  
THURSDAY

Volume 22

Michigan's Foremost Collegiate Semi-Weekly

TUESDAY, JUNE 10, 1930

Number 59

## PAGEANTRY AND BRILLIANCE OF ANNUAL SENIOR WATER CARNIVAL TO ATTRACT MANY SPECTATORS

Novelty Acts by "Jab" Barnard, "Pop" Warner, Gertrude Markle and Alice Gleason, Lieutenant Eldridge and Porpoise Exhibition are Feature Events on Program.

WHEN DON GROVE and Margaret Patterson, president and vice-president of the senior class, take their places as king and queen of the 1930 water carnival, they will usher in one of the most colorful and elaborate Venetian nights ever to be staged here. The ceremonies are due to start Thursday at 8 o'clock with exciting canoe races, entertaining specialty acts, a brilliant pageant of 30 or more floats, special music and lighting effects, and climaxing in a scintillating display of fireworks. A repetition of this will be given on Friday evening at the same hour.

Preparations for the affair, which have been going on for weeks, are nearly complete. The platform for the king and queen and judges has been erected on the south side of the Red Cedar near the Farm Lane bridge, while directly opposite on the north side, benches to accommodate 2,500 are being set up. A central control tower is being equipped to light up the river with powerful searchlights and colored spotlights. The elaborate lighting effects have been obtained from Detroit.

As soon as the king and queen with their attendants are seated on the platform, James B. Haseman, director of the publications department and well-known radio performer, will announce the first event in the series. There will be men's doubles, mixed doubles, and lifting contests. Preliminary heats will be run off the first night and the finals will be held on Friday evening. Loving cups will be given to the winners. Entries for the contests will be received until Thursday noon. They may be turned in to Gerald Eddy at the Phi Chi Alpha house or at the Union.

Feature events and novelty acts on the program will include a performance of songs presented by "Jab" Barnard and "Pop" Warner, well-known comic singers, Gertrude Markle and Alice Gleason, blues singers, members of the Porpoise club are scheduled to stage a nighttime relay race and a fire dive and Lieut. Eldridge will also give an art demonstration which includes a reproduction of the destruction of Rheims France.

The main feature of the evening parade of floats will start as soon as the contests have ended. In order (Continued on page 2)

## ANNOUNCE PRIZE WINNERS TODAY

Judges Report Their Decisions; Students to Receive Cash Awards Soon.

Prize winners for the 1930 contests in short story, poetry, and essays were announced today by Professor K. C. Handford. They will be officially presented with the monetary prizes soon.

The poetry contest is financed by the Michigan State News, and the English department. John Ivan Olson, 31 L. A. of Shelby, captured the first prize of \$20 with his poem called "Sonnet from the Norse." Florence Swanson, 31 L. A. of Lansing, won the second prize of \$8 with a group of poems which are "The Wind in the City," "Two Suicides," "Pan Again," "Compassion," "Corpus Dei," "The poems 'To the Spirit of Poetry,' 'Impressions of Maxwell Street,' and April," written by Eleanor Barton, 30 L. A. of Coldwater, received honorable mention.

## New Specialist Sees More Hope For Williamson

Reports received yesterday at the Pylean house on the condition of John Williamson, M. S. C. student injured in an auto crash over Memorial Day holidays, are decidedly optimistic, it was learned today.

## Lowry is Selected For Engineer Award to Outstanding Man

Robert D. Lowry, senior engineer, was selected for the honor of the Phi Lambda Tau award to the best engineering student when the dedication of engineering has to the local engineering honorary society plaque was made Monday, June 9.

The selection was made by the engineering faculty members on the basis of leadership, initiative and scholarship, weight being given to each qualification in the order named. The society plaque will hang in the corner of Olds hall and the custom of honoring a senior engineer will be continued as a yearly event in the future.

Lowry has been prominent in campus activities in addition to his scholastic attainments during his four years at college. He is a member of Tau Beta Pi, national honorary engineering fraternity and served as president during the past year. He was lieutenant-colonel of the R. O. T. C. unit, president of the Officers club, a member of the Sigma Chi fraternity and recently elected to Phi Kappa Phi, national scholastic honor society. He is a member of the Eta chapter of the Phi Kappa Phi.

## INSTITUTE OF MUSIC TO HOLD DINNER TONITE

Host of Civic, Industrial and Educational Leaders to Meet in Union.

OVER 200 TO ATTEND

Four Outstanding Artists to Appear on Unique Musical Program.

More than 200 reservations have already been received for the Music Institute banquet to be given this evening, June 10, at 7:00 o'clock in the Union ballroom. Four internationally prominent musical artists, as well as prominent civic figures in Michigan will be featured on a program that will show the relation of the Michigan State College Institute of Music to the college and community.

R. F. Olds, Lansing industrial leader and philanthropist and chairman of the institute board, Louis Gravenor, head of the local department of the music institute, Lewis Richards, director of the Institute, and President H. S. Shaw of the college are the main features on the program. Gros Fred Green, state executive, will be one of the more prominent guests.

Alexander Schuster, noted cellist; Lewis Richards, one of the few great harpichordists; Michael Press, famous Russian violinist; and Louis Gravenor (Continued on page 2)

## Sweet Mystery of Life Investigated By Sedate Swains

So much more has been said by the romantic poets' song writers, Phi Kappa Phi, Delta Institute, and other experts on the always absorbing topic of Love and its accessory ailments, such as loss of appetite, rings under the eyes, and crack more or less hardly matters. But the alarming situation on campus due to the annual epidemic of this particular form of human frailty calls for a little serious thought.

First thing, the scholarship and attendance have gone way down and that's bad. People who used to espouse love at length in the history ward now shun their hearts' eyes to the test and dare to keep one sentence ahead of the Prof. that is if he's the systematic type who plods straight through. But deliver as all from the original one who jumps offshootly from paragraph one to paragraph five and back and forth in the middle. Such methods should be suppressed as they work havoc on the human nervous system.

Then too, these Monday morning eight o'clocks are getting still more lumberous than they've been in all (Continued on page 2)

## GROVE ELECTED GRAD PRESIDENT BY SENIOR CLASS

Helen Murdock, James Hayden, Effie Erickson and Paul Troth Complete List.

URG E ALUMNI PLAN

Issue Graduation Directions, Reservations for Commencement, Announce Last Party.

Election of five officers to head the class of 1930 alumni group and explanation of graduation arrangements was promulgated at the last and largest senior class meeting held Monday afternoon at 6:00 o'clock.

Don Grove, student president, class president was named alumni president for a term of five years, while Helen Murdock, Battle Creek, received the election for vice-presidency. James Hayden, Cassopolis, will be second vice-president, Effie Erickson, East Lansing, was elected secretary, treasurer, while Paul Troth, East Lansing, was named her assistant.

Class officers have emphasized the importance of the last secretary's work, pointing out that only through the information they are able to gather about the graduates after graduation will the alumni group be able to function. To this end all graduates are urged to communicate all changes of address with the secretary.

## BEAUTIFICATION PLANS PROGRESS

Landscape Project for College Grounds to Improve Campus.

Progressing rapidly under the direction of W. A. Davenport, superintendent of the college grounds, and Walter F. McKelvey, superintendent of landscape work, most intensive planting project in the history of the school which was begun this spring is fast being snatched toward making the campus the most beautiful it has ever been.

A general planting and improving campaign started at Faculty Row near the hospital and is being carried throughout the entire campus. The campus has been zoned by the Building and Grounds department in order to organize the work. These zones, according to Davenport, are designated as A, B, C, etc., according to the amount of attention that will be required for maintenance.

## Band Club Makes Service Awards at Banquet Monday

The annual banquet of the band organization was held at the Union building Monday evening. Nearly 75 attended. Leonard Falcone, director of the college band, Sec. H. H. Halladay, and Floyd Hach, president of the band organization were speakers at the gathering.

## PLAN LARGEST ALUMNI MEET

Arrange Varied Program to Entertain Over 2500 Visitors.

Plans for the celebration of the bicentennial year held by graduates of M. S. C. to take place Alumni Day, Saturday, June 21, are developing under the direction of Glenn Stewart, alumni secretary. The event has been widely advertised by the secretaries of the various graduated classes, and it is estimated that at least 2,500 grads will return to the campus for the day.

The present program for the day includes several attractive events. A handsome trophy is awaiting the winner of a morning round of golf directed by L. L. Fritzsche at the Lansing Country club.

The Third Annual Baby Show, in which women graduates and wives of alumni may enter their children, will be held in the Home, Economics building. Mrs. Carolyn Miller, acting secretary, H. E. students will supervise the affair. The entrants will not be judged on a scientific basis, as is usual in a purely entertaining feature.

Classes of the home department in which women graduates and wives of alumni may enter their children, will be held in the Home, Economics building.

The banquet dinner, a country style affair, will be served in the Union building. It is expected to attract a large number of people. A rate of \$1.25 per plate will be charged for the meal, which is open to everyone. It is planned to have an after-dinner speech by Edwin Markam, who will be the featured speaker. In addition to the banquet, the student body will hold a ball on the Student Center, which will be held in the Student Center. The ball will be held in the Student Center, which will be held in the Student Center.

## Edwin Markam Comes to Aid of Perspiring Freshmen Poets

All at last, here is the way to composing verse. Now the poor, overburdened freshmen taking the course in poetry can sleep more soundly for here is the way to end all the worry of writing on paper. The way to get the assignments that those freshmen are supposed to have that those old, infamous instructors have given out for next Monday. Listen to what Edwin Markam has to say about writing poetry. Here he explains how to write a poem. The idea of a poem is to express something, a strange fact, a strange incident. It is a possibility for a poem I make a note of some book I may be reading. Thomas Carlyle, John Ruskin, Victor Hugo, even William James, the Harvard philosopher, is his colleague. I don't know, could furnish many poetic ideas in the poem. These are a few of my favorite writers and their books furnish many suggestions to the poet. Suggestions along the line of the deeper problems of life. In this way I get my hint. Having my hint, I at once develop my thought. I write all that comes into my mind about the idea I have in hand and then I cut the stanzas down to the lowest limit possible. Many times I will have twelve or fifteen stanzas but frequently I cut them down to three or four. In my Shoes of Hap-

## MUSIC GROUPS TO HONOR CHOIR

Music Fraternities to Sponsor Tea for Famous Singers Wednesday.

Any student interested in musical groups and all members of musical organizations on the campus are invited to a tea, Wednesday afternoon, June 12, at 1:00 o'clock in the ground floor of the Old Lutheran church at Northland Main.

On the suggestion of Prof. H. S. Shaw, it was thought advisable to have three musical fraternities, Omega Alpha, Phi Psi, Omega Psi Chi, and Alpha Delta Phi, entertain the choir. The concert in Lansing started as a feature of appreciation of the group's musical program.

The musical fraternities are Omega Alpha, Phi Psi, Omega Psi Chi, and Alpha Delta Phi. The concert in Lansing started as a feature of appreciation of the group's musical program. The musical fraternities are Omega Alpha, Phi Psi, Omega Psi Chi, and Alpha Delta Phi. The concert in Lansing started as a feature of appreciation of the group's musical program.

## PHI KAPPA PHI ELECTS MONDAY

National Honor Society Chooses 45 Seniors and 6 Faculty-men; Dr. Trout Speaks.

Forty-five seniors and six faculty members were initiated into the National Honor Society at Phi Kappa Phi Monday, June 9. Thomas H. Daily, newly scholastic honor society on the campus and corresponding secretary of Phi Beta Kappa, presided, presiding officer of the national association, plan that aims to establish contacts with students after they leave college. More than 200 have already taken out of the plan, that calls for a payment of \$3.00 for a two-year subscription to the M. S. C. Record alumni publication. Other members of the class may enroll in the alumni office.

Graduation directions were passed out to the 150 members present, explaining details of the last week of school prior to commencement.

Announcement was made that the final convocation of the year will be held Wednesday, night in the Old Alumni at 9:00 o'clock.

Phi Kappa Phi whose object is to promote scholarship, chooses its members irrespective of their courses. This year there are 45 seniors, 6 faculty and 6 home economists and 2 literary students. The six faculty members to be taken in are: Prof. E. L. Anthony, dairy department; Dean Marie Dow, home economics; Prof. R. E. Marshall, horticulture; Dr. C. M. Newlin, English; Prof. W. W. Cook, zoology; and Dr. James Tracy, math.

## PLANS UNDER WAY FOR CAMPUS ROADS

State Highway Commissioner Surveys Campus Preparatory to Paving.

With the surveying of the campus roads the first step towards the paving of the M. S. C. road system has been completed. The plans for the construction of the pavement have not been completed but Mr. Burton, chief engineer of the State Highway department, states that the paving will be finished before the opening of school next fall.

The State Administrative board at a meeting late in October of last year voted to include the Michigan state roads in the state trunkline system and authorized the state highway department to start the plans at once. As soon as the plans have been completed, the State Administrative board is expected to pass a bill appropriating funds for the paving.

## FORESTRY GROUP SETS NEW RECORD

One and One-Half Million Small Trees Distributed by College Nurseries During Spring

Nearly two million small trees have been distributed for reforestation this spring in Michigan, according to the forestry department. About 1,500,000 have been shipped from the local college nurseries and 200,000 from plantations at Saugatuck, Marquette. The trees will be planted in several sections of the state. It was announced.

Although the number sent out this spring does not greatly outnumber last year's shipments, it does set a new record for the department. The majority of species on this year's list are white pine, red pine, white spruce, and Norway spruce. The college nurseries still have a supply of 5,000,000 seedlings, according to reports, and these will be sent throughout the state next year. In order to maintain a supply of trees for future planting, the department will plant \$12,000 worth of seed this year, it was announced.

FOUND-A Michigan State Handicap meet pin on a chain with numerals 1929 engraved on it and initial M. G. R. Owner please call at 101 Olds hall.

Dr. A. B. Stiles, Chicago specialist, took charge of the case Monday in the Boston Harbor hospital where the patient is confined.

**NOW IS THE TIME**  
 The day of reckoning is drawing near for those students who have procrastinated in their studies throughout the term. Many divergent interests that distract the average person become even more effective during the spring term when the weather and extracurricular activities become so persistent as to cause the downfall of a large number of students.

The end of every year brings home the fact that a little time well spent pays large dividends when the effort is in the direction of hitting the books for exams. A steady grind is not to be recommended, nor an absolute divorce from the textbooks, but a happy medium where concentrated study is applied at the right part of the term.

A mark in a course cannot be determined wholly by a few hours' study but the effort will do much to recuperate for many shortcomings of the past three months. Hit the books over the week end.

**THE 1930 WATER CARNIVAL**  
 On Thursday and Friday evenings of this week the senior class will sponsor one of the most appropriate Water Carnivals that has been staged on the campus in several years. Centered around the theme, "The Praise of Learning," the 1930 event will attempt to depict an interesting resume of the underlying structure of college.

The parade of floats which will feature the various divisions of the college will prove both interesting and educational to the out-side visitors while the humorous sketches and novelties are intended to balance up the program. The 1930 Carnival committee have worked out elaborate plans for the two-day exposition on the banks of the Red Cedar river.

An event such as the Water Carnival, although staged under the auspices of the graduating class, can prove successful only through the co-operation of the entire student body. The huge task of arrangements is directed by the committee but without 100% support the affair will fail in purpose. Success in an event of this nature is good advertising for the college.

**LIVESTOCK DAY HELD ON FRIDAY**  
 Program Will be Conducted for Benefit of Michigan Farmers; To Start at 10 A. M.

Livestock Feeders day will be held here Friday, June 11, by the Extension Service together with the cooperation of the U. S. Department of Agriculture. The program will represent summaries of the year's experimental work at the college and these experiments will be conducted for the express benefit of the farmers of Michigan and those interested in profitable livestock farming.

The program will start at 10 a. m. with the inspection of the dairy herd in the new dairy barn. Next the horse, moped, dairy herd and the experimental dairy herd will be inspected. At 11:15 the experimental calves will be examined in the beef cattle barn.

In the afternoon at 1:00 o'clock there will be a meeting held in the Union with Otto W. Wegner of Ilbra president of the Michigan Cattle Feeders' association as chairman. At this meeting Bronson F. Hall of Beloit president of Michigan Beef Producers' association will speak. V. A. Freeman and G. A. Brown will show the same feeding results of the past year. Representatives from the Chicago, Detroit and Holland markets will discuss the livestock market conditions. Also Prof. Paul Gerlach, chief in the animal husbandry of Ohio Agricultural Station of Wooster, will give an address. Before the meeting adjourns there will be an executive session and election of officers of the Michigan Cattle Feeders' association.

In conjunction with Livestock Feeders' Day two beef producers' tours have been planned. The first one took place last Friday. On this trip stops were made at various farms in Lenawee county, and features of special interest were pointed out. The second tour has been scheduled for Thursday, June 12 with stops at various farms in Ionia county. Stops are arranged for at Hall Orchards, farms of Leo Letter and Thomas Martin, Woodstock Stock Farm and the farm of Emory Townsend. Mark Westbrook, Jay Harwood & Son and W. H. Knocle & Sons. At the farm of Jay Harwood & Son there will be a musical program by the Michigan Reformatory School band.

**Three City Streets Slated for Paving Over This Vacation**  
 Work on the paving of Butterfield drive and M. A. C. avenue has recently been begun by the Peter Vandenberg & Sons company of Grand Rapids. The old interurban tracks have been removed from the center of M. A. C. avenue and the equipment for the pouring of concrete on the unpaved strip will be moved on location immediately.

Evergreen avenue will be paved as soon as commencement is over. The retaining wall in front of the property owned by the Electric society will be torn down and moved back to allow the construction of a wider pavement. Work on the avenue has been delayed to facilitate the use of student cars until the term is over.

The total contracts will amount to about \$27,000.

**PAGENTRY AND BRILLIANCE FEATURE WATER CARNIVAL**  
 (Continued from page 1)  
 to assure smoothness and coordination a telephone system has been installed. One is placed at the control tower, one by the orchestra, one at the lights, and one at the stage. Each float has a designated place up the river from which to begin its race. The will pass before the stands in a block of light where Prof. A. G. Schiele of the art department. Miss Combs of the home economics, and Prof. Johnson of the history department will act in the capacity of judges. Nate Fry's Gold-diggers orchestra will render music appropriate for each department as its representative guides by.

The cups that will be presented to the winners are now on display at Leonard's. A cup will be given to the winner of the most humorous float, but to be eligible for this society must also have a float in the more formal parade. All humorous entries must be received with Henry Morse at the Lambda Chi house by tomorrow night. Including all events, 11 cups will be given out. All requests for special music or lights must also be in by Wednesday night.

The grounds will be arranged to prohibit entrance other than by the main gate. Farm lane road will be roped off for a considerable distance on both sides of the bridge, while police assistance has been secured to take care of the traffic and handle the crowds. Societies have been allotted only as many tickets as they have participants. Tickets are now on sale at 50 cents for adults and 25 cents for children. They may be secured at the Union, Leonard's, Hurd's, the college treasurer's office, or at any of the sororities.

**SWEET MYSTERY OF LIFE INVESTIGATED BY SWAINS**  
 (Continued from page 1)  
 winter. Even the roughest and quietest courses in the catalogue fail to disturb the enterprising student thirsting for knowledge with one eye cast in the back row. And why not, after one has spent a wearisome week-end catching up on some outside reading or working out a special project for Campustory 208?

The campus vigilance committee reports that waiting lines at the botanical gardens are something terrible every night in the week, and the canoe society shows no improvement. The time-worn custom of "burning the midnight oil" has passed into oblivion.

**MARINE ENGINEER RECEIVES AWARD**  
 Former Instructor Here Recognized for Naval Achievements.

Henry P. Schmidt, a former instructor in the Engineering department of this school, received the annual award of the American Society of Naval Engineers for outstanding marine achievements of the year at the society's banquet held in Washington, recently.

The award was made in recognition of his essay, "Theoretical and Experimental Study of Condenser Boilers," the results of his investigations indicating means of obtaining greater steaming efficiencies and economies in the operation of naval and merchant vessels. The principles set forth will be applied in the condenser equipment of the new American Treaty cruisers.

Mr. Schmidt, who is the consulting engineer of the South Philadelphia works of the Westinghouse Electric company is the only civilian to be honored twice with this award. The society also presented him with a medal in 1927 for his work in screw propeller experiments.

Admiral H. E. Yarnell, president of the society, conferred the honor upon the marine engineer before many prominent naval officials and civilians.

**SENIORS ATTENTION!**  
 Seniors who wish to receive Michigan State News next year may do so by remitting a check for \$1.50 to Leroy Sampe, business manager, in care of Michigan State News.

# Annual Sophomore Spring Party Climaxes Week-End Crowded With Final Social Events of the Term

Affairs include Delta Alpha, Sigma Alpha Epsilon, Ero Alphas, Hermian, Hesperian, Phi Chi Alpha Spring Parties and Many Open Houses.

**THE ANNUAL** sophomore spring party, one of the most brilliant given this term, was held in the Union ballroom on Friday evening. More than one hundred and fifty couples danced to music furnished by the "Gold Diggers," a famous nine-piece band well known in this part of the country. Gowns in pastel shades were in harmony with the attractive decorations. Behind the orchestra, which was encircled by ferns, were streamers in pastel shades radiating about the class numerals. The programs were cleverly done in two shades of blue with the class numerals on the cover.

The patrons for the party were Mr. and Mrs. John H. Kobs and Mr. and Mrs. Miles W. Castrol.

The Little Theater made into a garden with a color scheme of red and green was the scene of the Delta Alpha spring party on Friday evening. Clever programs of white parchment with black alphabets and the sprightly seal on the cover were given to the guests. Thirtysix couples danced to music furnished by Bruce Pasterweaver's orchestra. Prof. Mrs. J. B. Hession and Dr. and Mrs. C. A. Hoppert were patrons.

Thirty-five couples attended the Kappa Nu open house on Saturday evening at which the Wagoner orchestra played for the guests. Prof. and Mrs. L. N. Ford and Dr. and Mrs. L. B. Shell were patrons.

Carlisle's orchestra played for the Sigma Alpha Epsilon open house on Friday night. Patrons for the party were Prof. and Mrs. J. H. Coates and Mrs. Mort Mason and Mr. G. M. Carberry. Among the guests were Ramon Navarro, Frank Hanson, Dick Miller, Dan Swan and Ed Jennings.

The Alpha Chi Omega sorority entertained with an open house on Saturday evening at which thirty-five couples danced to music furnished by Wagoner's orchestra. Mrs. Gertie Henson and Prof. and Mrs. H. B. Dirks were patrons.

The Phi Chi Alpha spring party was given in the East Lansing Masonic Temple on Saturday evening. The hall was decorated with colorful streamers and several couples danced to music furnished by the Wagoner orchestra. Patrons for the party were Prof. and Mrs. Gertie Henson and Dr. and Mrs. G. H. Dirks.

More than twenty-five couples attended the Alpha Gamma Phi open house on Saturday evening at which the Wagoner orchestra played for the guests. Jean Malone, Dr. Ernestine Duesend, Dr. Ivan H. Brown and Dr. Richard Kerley were patrons.

The Phi Chi Alpha spring party was given in the Union on Saturday evening. Unusual lighting arrangements were carried out in the color scheme of black and gold. Programs done in black and gold were given to the guests who danced to the music furnished by Bruce Pasterweaver's orchestra. About fifty couples attended the party.

Wagoner's orchestra played for the Hesperian spring party which was given at the house on Saturday evening. Mr. and Mrs. E. H. Macfield and Mr. and Mrs. E. Lezanger were patrons. About fifty couples attended the party.

Fifty couples attended the Delta Kappa Nu open house on Saturday evening at which Bruce Pasterweaver's orchestra played for the guests. The patrons were Mr. and Mrs. L. A. Smith and Mrs. B. G. Wilkins and Prof. and Mrs. S. G. Berquist.

Mrs. H. S. Patton entertained with a tea on Sunday afternoon for the Alpha Chi Omega sorority.

Mu Eta Omicron entertained with a supper on Sunday afternoon in the green room at Hunt's food shop. The supper was in honor of Founders' Day and the new members who were pledged at that time.

A dinner will be given in the main dining room of the Union this evening by the board of directors of the Michigan State Institute of Music. A short program of talks will be given by Mr. R. E. Oles, chairman of the board. President...

**TUESDAY**  
7:00—Michigan State Music Institute banquet at Union  
8:00—Blue Key meeting, Union  
8:15—Finance Training, Eastern high school auditorium, Lansing  
**WEDNESDAY**  
6:30—Phi Epsilon initiation banquet at the Union  
8:00—Theta Alpha Phi contact plays at the 4100 Theater  
**THURSDAY-FRIDAY**  
8:15—Water Carnival at Farm Lane bridge

### W. A. A. Activities Conclude Season Saturday at Cabin

The W. A. A. Field Day which was planned for last Saturday was called off because of inclement weather. The track in archery and track were held this afternoon on the College field while the tennis tennis will be played off this week. The major event of Monday afternoon was the basketball contest between the "Seniors" and "Juniors." These two teams carried the preliminaries in extra-class games held last week. The 29-12 senior victory gave the senior club a four-year record of victories.

A majority of the crew crews of the golf tournament have been turned in and the final results will be announced in the latter part of the week. Activities of the association will be terminated on Saturday with a breakfast at the cabin.

### Senior Baseball Team Ends Four Years Undefeated

A four-year undefeated record was ended by the senior baseball team which lost to the Eastern team in a 4-3 game on Saturday. The team had won 37 out of 38 games during its four-year career. The Eastern team was led by pitcher...

### Mu Eta Omicron Has Garden Fete Saturday, June 14

Plans for the annual Mu Eta Omicron garden party which will be held on June 14 in the garden of the Union building on Main street, Lansing, were made on Monday by the executive committee. Tickets for the party which will be a benefit for the needy will be sold at the rate of one dollar and may be obtained from any member of the sorority. Patrons of the evening will be given to the guests. The committee are as follows: General chairman, Miss Hession; chairman, Mrs. Hession; secretary, Mrs. Hession; treasurer, Mrs. Hession; publicity, Mrs. Hession; entertainment, Mrs. Hession; refreshments, Mrs. Hession; music, Mrs. Hession; flowers, Mrs. Hession; decorations, Mrs. Hession; program, Mrs. Hession; and other members of the committee.

### Mu Eta Omicron Conducts Formal Pledging Sunday

Mu Eta Omicron conducted formal pledging for its new members last Sunday evening at 8:00 in the green room of the Union building. The ceremony was presided over by the organization officer, Mrs. Hession. The ceremony was held in the green room of the Union building. The ceremony was held in the green room of the Union building. The ceremony was held in the green room of the Union building.

### Cleveland Woman is Chosen Head of Co-ed Physical Ed

Lydia Lightning to Relieve Present Department Leader; Has Extensive Record.

Meeting in special session Saturday, the state board of agriculture appointed Miss Lydia L. Lightning, Cleveland, to relieve Miss Helen Grimes as acting head of the college physical education department for women. Miss Grimes has been granted a leave of absence. The appointment was made in accordance with the plan of President Robert S. Shaw to strengthen the college physical education department. The new department head now resident physician at the Women's hospital at Cleveland, comes here with extensive training and practical experience. She holds both a bachelor of arts and a doctor of medicine degree. Her training in military camps during the war and extensive hospital experience during the past years strengthened her recommendations for the college position. Miss Lightning is a member of Phi Beta Kappa, Kappa Delta Pi and Alpha Sigma Nu societies.

Seniors who wish to keep up on what is happening on the campus next year should send in a check for \$1.50 to the Sample Business Manager care the Michigan State News.

# Ypsi Nine Taken Into Camp Second Time This Season

## HEAVY HITTING AND GRIFFIN'S HURLING LET KOBSMEN SCORE 9-3 VICTORY HERE SATURDAY

Three Michigan Normal Pitchers Taken for Fourteen Hits by Spartan Stickers; Charley Yields But Four Safeties and is Never in Danger; Gibbs, Barnard, Knisel Hit Well.

WHILE CHARLEY (CHIP) GRIFFIN, sophomore southpaw, was letting the Michigan State Normal baseball team from Ypsilanti down with four hits Saturday afternoon, his teammates pounded three visiting hurlers for 14 safeties to turn in a 9 to 3 victory over the Hurons in the second meeting of the two nines this season. The Spartans were somewhat extended to turn in a 4 to 1 victory in the first diamond encounter, but practically had things their own way in winning a rather drab tilt Saturday.

The Koksamen grabbed a 4 to 1 lead in the first three innings and from then on the outcome seemed decided and the remainder of the game held only cursory interest. However, the victory was clean cut and decisive and but for some rather ragged fielding might have been a shut-out for Griffin.

The Spartan diamond athletes do not have another game until Friday, June 30, when they meet the University of Michigan nine at Ann Arbor and will play the Wolverines here Saturday, June 21.

A brief respite from heavy drills has been ordered by Coach John H. Kobs after his proteges turned in their fourteenth victory in 16 games during the home season.

### Stage Early Spurt

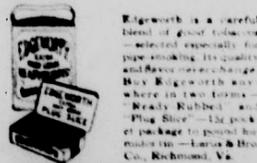

Saturday it was a case of Griffin's steady hitting and the heavy hitting of the Kobsamen proving too much for the Ypsilanti nine. State started right out to earn a victory and made it known that a decisive win was desired, and scored one run in the first inning. Gibbs singled, stole second and third and scored on an error. The Normal team managed to tie the score in the second inning but when the Spartans came to bat in the last half of the frame they drove in two more tallies with three doubles and a single, and were never in danger during the remainder of the game.

Another run was chalked up for State in the third inning and Kobsatz starting pitcher for Ypsi, retired in favor of Quinn in the fourth inning after the former had been taken for eight hits. Just to prove that they could hit all kinds of pitching, the Spartans went after Quinn with a vengeance

The trick is to find your pipe and tobacco

YOU will discover the full pleasure of pipe smoking when you fit on the tobacco that really suits you in the pipe that really fits you. Then you can light up and lean back and cross your feet on the mantel or wherever, and put and smoke—how you can smoke!

EDGEWORTH SMOKING TOBACCO

Form for requesting Edgeworth tobacco samples, including fields for Name, Street, Town and State.

## SPARTAN SPORT SHOTS

BY HARRIS COATES

How of Double Wins Michigan Normal was the fourth ball team to bow to the Kobsamen later during this season. The Hurons from Ypsilanti were beaten, 4 to 1, in the first tilt of the season on the foreign field diamond and Saturday State won, 9 to 3. Charley Griffin pitched both victories, and yielded a measly four hits Saturday, working just hard enough to turn in a win by a comfortable margin and hurling a fine brand of ball to offset some rather shaky support. Double victories have also been scored over Western State Teachers at Kalamazoo, University of Michigan and Notre Dame.

### Still Sets Pace

Michigan States' Babe Ruth, Eddie Angel, Fazio, Gibbs, failed to drive out his customary home run against the Ypsi nine Saturday, but enjoyed a perfect day at bat to continue his sensational hitting pace. He smashed out four singles in as many trips to the plate. Jabber Barnard and Ki K. Knisel were close in line with these hits in four times at bat. Both these men hit doubles. Only a great show string catch by Christy in center field robbed Barnard of a tie for first batting honors with Gibbs.

### Went Down Fighting

Capt. Paul Kane and Hiding Olson of the State tennis team, the latter a sophomore racket wielder, showed true Spartan determination and must have established something of an endurance record in the state intercollegiate meet held here last week end. These two netters dropped to the most closely contested match of the meet to Byron and Householder of Western State in the semi-finals. After winning the first set, 4-6, the State team faltered and dropped the second, 6-2. The rubber set took on all the aspects of a marathon and was finally won by the Teachers, 19-17 after the set point had gone to deuce five times.

## FAIL TO PLACE IN N. C. A. A. MEET

Spartans Find Record-Breaking Competition; Captain Brown Makes Best Showing.

Michigan State went down to State Field, Chicago, last week end and ran in a national collegiate track meet. And what a track meet!

Only six of the 15 records set in previous N. C. A. A. meets survived the attack by the best of the nation's thrushes, and these remained only by fractions of inches and seconds. Lauren P. Brown, State's captain, came the closest of any of the Spartan entries to breaking into the scoring by setting the best two mile race of his track career, being clocked by Coach Mason in 9:30, but in the final sprint for the tape but saw the meet record broken by more than 10 seconds. He finished eighth, Clark Chamberlain, his teammate, after leading the pack for part of the stretch fell behind in tenth place. The time in this race was 9:18.1, and was made by Manning of Wichita, Kansas.

In the hundred yard dash, before a crowd of more than 12,000 people, Frank Wickett, 20-year-old University of Southern California speedster, out-faced a field that included Simpson of Ohio Team of Michigan, Bracey of Rice Institute, and Leland of Texas Christian, winning the event in the world's record time of .094. Made with out the use of starting blocks, and aided by no wind, there is little doubt that this record will be accepted as official by the International Federation. Tolan, who was the former record holder was fourth in the race, behind Simpson, and Toppino of Loyola (New Orleans) university.

Answered by his defeat in the century, Simpson came back later to set a new meet record in the 220-yard dash, coming within a tenth of a second of the world mark. His time was 20.7 seconds, and he led the field to the tape by five yards.

None of Michigan State's other entries got past the preliminary heats. Hackney failed by a step to qualify in the 880 in the hurdles. Russow drew the heat in which were Sentman of Illinois, who won the final event, and Rockaway of Ohio State, who was second.

Russell and Varner in the high hurdles were smothered by a flurry of flying legs that ended in a world's record being tied by Steve Anderson of Washington Anderson, whose time was 14.4, raced stride for stride with Lee Sentman of Illinois for 90 yards, and then as the spindle-legged Sentman faltered over the last two hurdles, Anderson nipped him by a yard.

Teddy's Retreat SMOKES and SWEETS In the Same Old Place

## FROSH TRACK TEAM LOSE IN PAIR OF MEETS

Season Successful Despite Defeats in Competition By Telegraph.

### BOW TO OHIO WESLEYAN

Spartan Yearlings Nosed Out by Point; Marquette Wins Easily.

With the exception of two telegraphic meets held with Marquette and Ohio Wesleyan universities, Michigan State's freshman track team went through the outdoor season undefeated in dual competition.

Polishing off the Detroit City freshmen to the tune of 100 to 25, the yearlings then moved under the sodomores 99 to 32, dominating five events and winning the relay. Soon after this they captured the interclass meet, a comfortable margin separating them from their nearest competitors, the seniors, 55 to 34. The meet with Alma varsity and freshmen followed, and once more the yearlings came out on top with 100 to 47 for Alma and 99 to 49 for Alma freshmen.

Adrian college was the next to bow to the superior running and leaping of the State frosh, going under with only 37 points to the yearlings 94.

In the recent telegraphic meet with Ohio Wesleyan freshmen the Spartans were defeated by the narrow margin of one point, 66 to 65. And in a later meet of the same sort with Marquette frosh the tally was 91 to 74, against State.

Clifford P. Liberty, upper peninsula trackster de base, was easily the highlight of the season. In addition to setting a freshman high hurdle mark of 15.3, and a low hurdle record of 24.1, he ran the hundred and 200, threw the javelin, broad jumped, high jumped, and ran on the 400 relay team. He amassed a total of 147 1/2 points in six meets, a performance that invites something for future generations of freshmen to shoot at.

Other high lights of the season were the breaking of the high jump record by Norman Smith with a leap of 5 ft. 10 1/2 inches and the setting of a new pole vault record of 12 feet 2 inches by Athorast.

## S. A. E., AcTheons To Decide Fraternity Ball Championship

The inter-mural baseball championship will be decided this week when the Sigma Alpha Epsilon nine meets the AcTheons. The inter-mural season is ending late this spring because of the rainy weather which has caused a great number of the games to be postponed.
