## FLU EPIDEMIC CAUSES BAN OF TEN FUNCTIONS

**Shaw Decides That Danger is Too Great to Allow Week-end Parties to Be Held.**

### DISEASE UNABATED

**Societies Have Postponed Affairs Olin Warns Students Against Large Crowds.**

On the recommendation of Dr. R. M. Olin and the college social committee, President Robert S. Shaw yesterday took a hand in the fight to check a slowly mounting influenza epidemic on the campus by banning all social events over the weekend. As a result ten campus social functions have been postponed.

The recommendation came as the aftermath of a conference held with seven of the ten organizations affected and members of the college social committee. Most of the delegates were loath to approve cancellation of their parties but agreed that public policy demanded such action.

#### Epidemic Worse

Dr. Olin revealed late yesterday that the epidemic has not abated but is appearing to gain momentum. Last week's estimate of one-third total absences in average lecture

#### FACULTY NOT AFRAID

**While students were prevented from holding social functions over the weekend on account of health reasons, the State Faculty club held a mixer last night in their club room in the Union. Some forty couples were said to be present.**

classes seemed still to be effective.

Dr. R. E. Kahlbach, Lansing physician, and five extra nurses and laboratory man have been added to the hospital staff during the past few weeks. It was learned today.

Hospital attendants said today the waiting room of the infirmary has been filled to capacity at all hours of the day. Since January 29 there has been no less than 100 cases a day, reporting at the hospital greatly overtaxing the capacity of the health service.

Both wings of Mary Mayo had and the Women's building harbor cases of influenza but as yet it has not been necessary to isolate parts of the buildings as special wards. The major precaution has been the stationing there of special nurses.

#### Large Personal Care

Strong emphasis was placed by Dr. Olin on his previous instructions to the student body to exercise extreme personal care until the danger of contracting the flu was passed. He said that although the prevalent type of influenza is milder in its initial stages, if allowed to continue without medical attention it will become dangerous.

College authorities appealed to the State News today to caution the undergraduate body against congregating in large groups until the epidemic is checked. The cancellation of the weekend parties will have no beneficial results if students continue to assemble in places of public entertainment they said.

#### Shaw's Statement

The text of President Shaw's statement banning parties was: On recommendation of Dr. Olin and the college social committee I am requesting that social functions be banned for this weekend be deferred on account of health reasons given.

The senior party tonight is the major affair affected. Frank Culver, general chairman, said last night the party would be held on March 11.

Chi Omega formal will definitely take place April 16 and the Alpha Chi Sigma formal March 18. Alpha Phi, Trimonta Phi, Kappa Tau, Olympic and Delta Sigma Phi had not settled on dates late last night.

## Variety Shown in Art Exhibit

**Water Colors by Prominent Artists Hanging in Union Building**

## TO BEGIN TERM REGISTRATION ON MARCH 7TH

**Advise All Students to See Instructors Before Attempting Classification.**

### SAME PLAN IN USE

**Emphasize Necessity of Following Pre-registration Instructions in Envelope.**

**During term pre-registration, classification, is scheduled to begin March 7 and run through March 19. It was announced today from the office of Prof. L. C. Finsinger, identically the same plan as used in winter term will be in force this time, it was said.**

#### Must See Advisors

It was emphasized that all students must see their individual advisors before starting classification and that envelopes given them will bear complete instructions as to the manner in which to proceed.

#### Date Registration Instruction

Every student who wants to return next year is asked to complete pre-registration since it is difficult to make a registration date of change in plans and fees need not be paid before classification.

Students who do not pre-register will be required to return to college on April 2 to pay fees or pay late registration fee.

The same will hold true for students who fail to complete this term and must register again.

Every new student and those returning after an absence of a term or more must be registered in the registrar's office before class registration to obtain an adviser in order that they may have the proper registration blank.

Changes in registration other than those indicated above will not be made after Wednesday, April 2. The reason for this is that the person who registers is usually less than one-half hour away from the registrar's office.

#### Module Advisor Appointments

Students who have been assigned to the various departments will receive their assignments Monday, March 4 and 11. As soon as the new lists of students are determined, the rooms will be assigned to each student according to his potential powers and interests of classmate, room and roommates.

After the new lists of students are determined, the rooms will be assigned to each student according to his potential powers and interests of classmate, room and roommates.

#### Afternoon Classes

Elaine Richards, world famous actress, the foremost young exponent of harpsichord music, and George Barrere, considered to be the finest flutist in the world, will present an unusual joint concert in East Lansing on March 2. There will be an appearance on the Michigan State College Concert course. The concert will be held in the Peoples Church at 8:15 p.m.

#### A Remarkable Recital

Elaine Richards, world famous actress, the foremost young exponent of harpsichord music, and George Barrere, considered to be the finest flutist in the world, will present an unusual joint concert in East Lansing on March 2. There will be an appearance on the Michigan State College Concert course. The concert will be held in the Peoples Church at 8:15 p.m.

#### Classes Seemed Still to be Effective

Dr. R. E. Kahlbach, Lansing physician, and five extra nurses and laboratory man have been added to the hospital staff during the past few weeks. It was learned today.

Hospital attendants said today the waiting room of the infirmary has been filled to capacity at all hours of the day. Since January 29 there has been no less than 100 cases a day, reporting at the hospital greatly overtaxing the capacity of the health service.

Both wings of Mary Mayo had and the Women's building harbor cases of influenza but as yet it has not been necessary to isolate parts of the buildings as special wards. The major precaution has been the stationing there of special nurses.

#### Large Personal Care

Strong emphasis was placed by Dr. Olin on his previous instructions to the student body to exercise extreme personal care until the danger of contracting the flu was passed. He said that although the prevalent type of influenza is milder in its initial stages, if allowed to continue without medical attention it will become dangerous.

College authorities appealed to the State News today to caution the undergraduate body against congregating in large groups until the epidemic is checked. The cancellation of the weekend parties will have no beneficial results if students continue to assemble in places of public entertainment they said.

#### Shaw's Statement

CROWLEY

Today is the day of moratorium. Those things that are unpopular or unnecessary soon find a pseudochampion who advocates for them a brief holiday.

On this campus is an institution that is exceedingly popular but eminently pernicious, and for which a moratorium is decidedly in order. That is the institution of honorary societies. It may be heresy to cast aspersions at the sanctity of these childlike organizations, but the thoughtful will find in them the element that is preventing Michigan State from approaching a proper spirit of service.

It is noticeable that few on this campus will serve in any capacity to take part in any activity for which there is not some reward, some letter, some juggling of the Greek alphabet to which they may aspire. The same is true of the faculty; in the main, faculty men will not serve on committees without great wailing, not act in extra capacities without asking payment.

As long as the Spartans student and faculty have that attitude, State will never benefit by unselfish service, never reap the profits of a united mass working to common purposes.

Hence, the abolishment of all forms of material award, of all gold keys of all secret societies, whether they mean anything or not, should provide a worthwhile stimulus to campus service. It would bring into activities only those who are interested and leave out those who are not.

At first, it may be predicted, they would be a noticeable falling off in student interest, but as soon as the campus became accustomed to the new idea there would be a brightening of interest among those who might work for the joy of doing things. The influence of a group actively absorbed in their pursuit in the measure of accomplishing for the common good, would be far-reaching in its effect on campus life.

established here for over three years. He occupies an envied position in the community, he has a great many influential friends, is well liked and respected. From all appearances, his career is well started here at M. S. C. and until a much better opening occurs, he would do well to remain.

The logical opening is not the Lansing offer. The condition of that institution, athletically, is particularly unstable at present. Their upheaval two years ago when the subsidization of student athletes was brought to light, has remained as a blackeye ever since. Also, it is rumored that their financial condition is none too sound.

This, then, is Crowley's situation. He must decide whether a substantial raise in salary for a year or two is worth more than an assured normal salary, and an established position in the college, community and state. G. L. M.

**MORATORIUM**

—is the magical word on the tip of everyone's tongue! Will he be or will he not? that is the question.

But let's view the situation from a proper perspective. There is little doubt that Coach Crowley has been a great asset to this institution. Literally speaking, he has placed it on the upward path athletically. The school is appreciative for this boost and has shown such appreciation by a renewal of contract at an increasingly higher salary. At the termination of this contract, Crowley would be receiving one-third again as much as his first year salary. Michigan State has left little undone to show Jim Crowley that he occupies a warm spot in their heart.

Now, considering the thing from the other angle, we wonder whether the indebtedness is entirely in favor of Crowley. His last position at a well-known southern college was that of coaching assistant. If, effect, it amounted to a part-time job at a rate substantially lower than his opening rate at State. Here he is employed for the entire school year.

At present, Crowley has been

**The Critic**  
By ANDREW BISHOP**SPARTANS FACE MARQUETTE U**

Thinclad Squad Will Attempt to Break Six-year Jinx at Milwaukee.

Paul Robeson gave a Lansing audience a glimpse of one of the most imposing personalities that it has seen in a long time. Powerfully built, with massive shoulders, he commanded the attention the moment he stepped upon the stage.

Unfortunately his voice did not come up to expectations. Robeson seemed to be suffering from a slight cold that impaired his power and gave his few lyric attempts a decided uncertainty.

At first appearance one would expect a voice so powerful that it would overwhelm an audience by its strength alone. But in this respect we were decidedly disappointed.

Robeson's "Old Man River" was by no means comparable to the renditions given that number by Lawrence Tibbett a year ago.

The confining of the program to spirituals also had a tendency to make it a bit monotonous before the evening was out. Besides, one expects a more passionate rendition of a spiritual than was at any time given. In this respect the dramatic technique that Mr. Robeson is supposed to possess was definitely absent.

The only time that the audience became enthusiastic was following two humorous encores. This probably corroborates the fact that an American audience expects a Negro to be funny. Perhaps a hang-over from ministerial days. In reality the meet should be close although Marquette is conceded some edge because of experienced men. Hot comb may be able to do some polling for State. If he is unable the Spartans will not stand much of a chance in that event. Kibbie is out for sure, so there is not much hope in the dash events. However Chamberlain can win the mile and perhaps the two miles. Pongrace can give someone a hard race for first in the half-mile. Pongrace must win the half-mile. State wishes to come near to the score Marquette will pile up in other events.

Marquette and Michigan State freshmen will also clash this week via telegraph. Nothing is known about the yearlings from the other school, so no predictions have been made as to who will be the victor. State has some promising material in her first year men.

**King Winter Visits Near East; Local Station Has New Records**

New Mark for Light Snowfall on Books to Date; Expect Record.

The winter of 1931 and 1932 up to the present time has caused some new records to be entered in the files of the weather bureau, according to D. A. Seeley, meteorologist and director of the weather station.

Mr. Seeley stated that since 1923, when systematic filing of weather conditions was begun at the college, only one winter compares with the present one. This other apparent departure from normal conditions occurred in 1879 and '80 when the month of January averaged 33 degrees warmer than January of 1932.

Another mark to be changed this winter was the smallest amount of snowfall for the month of January. According to tests made at the weather station, January of 1932 is credited with a snowfall of one-half inch—the least since the first recording in 1911. A new low mark for the total snow fall for one winter was said for the least snowfall on record.

The two teams have always been more or less evenly matched, and the familiarity with the home gymnasium has been the deciding factor in walking off with the highest honors. During the last six years these teams have met just six times, each school having three victories engraved upon the bronze trophy which the Milwaukee Rotary club gave to the two schools to battle over.

The meet should be close although Marquette is conceded some edge because of experienced men. Hot comb may be able to do some polling for State. If he is unable the Spartans will not stand much of a chance in that event. Kibbie is out for sure, so there is not much hope in the dash events. However Chamberlain can win the mile and perhaps the two miles. Pongrace can give someone a hard race for first in the half-mile. Pongrace must win the half-mile. ## All Week-End Parties Cancelled As Influenza Epidemic Continues to Endanger Health of Students

**Half Score Affairs Postponed as Olin's Decree Suppresses All Activities; Senior Prom to be Given March 11; Other Dates Still Unsettled.**

The influenza epidemic is still raging on the campus, and school authorities deem it wise to prohibit all social functions scheduled for this weekend. Chi Omega, Alpha Phi, Gamma, Olympic, Alpha Chi Sigma, Pi Kappa Tau fraternities had all planned formal dinner dances for either Friday or Saturday nights. Phi Chi Alpha and Phi Delta Theta were to hold open houses.

The new date of the Senior Prom has been set for Friday, March 11, but the night for the Scabbard and Blade has not yet been decided upon.<sup>9</sup>

**Lack of sufficient open dates** [Mr. and Mrs. A. S. DeVries of the Hertman society] will make it necessary for Lansing to be Sunday dinner guests of the Herman society.

**Safety Folk Club**  
**Gives Benefit Bridge**  
Tuesday afternoon from 2 to 4 o'clock the Faculty Folk club sponsored a benefit bridge party in the Union dining room Saturday, March 12. Refreshments and table prizes are on the program. The party is open to the public.

**Alpha Chi Pledges**  
**To Sponsor Tea**

Alpha Chi Omega pledge will entertain two freshman from every dormitory house at a tea to be held Tuesday afternoon from 3 until 5 p.m.

## Chaperonage of W. A. A. Cabin to Be More Strict

**Board Decides Groups Occupying Cabin Must be Accompanied by Faculty Member.**

A stricter chaperonage of the cabin will be required if it is to remain. This decision was made by Miss Norma Hart, president of W. A. A. Chaperones, after a request made by Dean of the W. A. A. board at their regular meeting on Thursday. Following a motion requiring all W. A. A. groups using the cabin to be accompanied by a faculty member, the same responsible person assigned to the W. A. A. board.

In accordance with the new regulation, all Seniors Groups renting the cabin will be required to be accompanied by either the room captain or by two permanent All chaperones, with the exception of the above named, must be approved by the board.

It was also announced that all W. A. A. members not paying their dues regularly will be promptly dropped in the future. No member will be eligible to vote in the elections until she has paid her dues, it was emphasized by Miss Hart.

There will be a general meeting on Thursday, March 3 for the purpose of nominations.

The revision of the constitution discussed at the meeting held on Thursday, Feb. 23, has been postponed until spring term.

## String Quartet Given Ovation at Jackson Recital

The Michigan State College String Quartet composed of Michael Press, Zinovy Kosan, Alexander Schuster and Izler Solomon, was warmly received at a concert given Monday at Jackson by the Women's club of that city.

A large audience heard the quartet in the concert and appreciated the music so much that an effort is being made to secure a return engagement. Michael Press played first violin, Zinovy Kosan, viola; Alexander Schuster, cello and Izler Solomon, second violin.

All of the members of the quartet are instructors at Michigan State Institute of Music except Mr. Schuster who is an artist-pupil at the Institute.

The quartet will be in town again on March 3 for the purpose of nominations.

The revision of the constitution discussed at the meeting held on Thursday, Feb. 23, has been postponed until spring term.

## MORE ABOUT REGISTRATION

(Continued from page 1)  
Juniors, March 3 and 4 in Dairy building; sophomore, March 11, 12 to 10 p.m. in 204 Hort building, and March 12, 8 to 12 a.m. in 203 Hort building; freshmen, March 11 to 6 and 7 to 10, and March 12 to 8 to 12 in 206 Ag hall.

Engineering division: seniors, March 9, 10 (except in 101 Old Hall); juniors, March 11 and 12 till noon in 101 Old Hall; sophomores, March 14 to 16 in 101 Old Hall; freshmen, March 19 to 21 in 101 Old Hall.

Home Ec. division: all students, March 7 to 11.

Vet. and Med. Biol. division: all students, March 8 to 11.

Applied science division: seniors, March 10, 11; juniors, March 11, 12; sophomores, March 14, 15, 16; freshmen, March 19 to 21.

Liberal arts division: all students, March 7 to 12.

Graduate students: all students, March 7 to 12. New students and those who have not chosen their major subject will see Dr. Bessey during this week.

After seeing the advisor or classifying officer students will report to the Union building to receive section stretch according to the following schedule, except for engineering students who will appear at 7 p.m. to 9 p.m. on the corresponding days.

Senior, grads. and specials, Mar. 17; juniors, March 18; sophomores, March 17; freshmen, March 18, and Mar. 19 until noon.

Students classifying in 8 credit or less and expecting to pay \$2.00 per credit hour must get from their dean or class officer before seeing their advisor a statement to be presented to the treasurer showing the amount of work to be carried.

## SPARTAN TRAVELERS ROUTED BY MARQUETTE LAST NIGHT TO END SEASON OF ONLY FIVE LOSSES

Four Consecutive Overtime Games Claimed to Have Weakened State Basketeers; Co-Captains Dee Pinneo and Randy Boeskool Play Last Game.

State took it on the chin last night for the third time within a week when Marquette won the return game at Milwaukee by a score of 43 to 18. This is the worst defeat that the Spartans have suffered during the season. Earlier in the week the Spartans were downed by Xavier in the fourth consecutive overtime game 31 to 24 and on Tuesday they suffered the second defeat from Notre Dame, 28 to 20.

Xavier Game  
State went to Cincinnati after playing three strenuous overtimes in five evenings and handicapped by the loss of their coach. From all reports it was one of those rough and tumble affairs which Spartan followers became acquainted with earlier in the season when they played host to visiting eastern teams. The referee set a new high at ejecting State's first team for personal fouls when Randy Boeskool, Bill Vondrie, and Jim Barrard were removed from the game. All told Xavier was given 18 opportunities to score from the charity line and it helped in no little measure to swell their total.

At the end of the half the home team was leading State 16 to 13. Through most of the second half State was trailing by two or three points. It wasn't until the last few minutes when the Spartans took to the slack and then Dee Pinneo again forced a game into extra session when he found the basket for the necessary two points to make 24-all. In the overtime the Spartans were exhausted and sheer courage alone kept them on the floor. During this overtime period Xavier amassed a total of seven points while State was held scoreless.

**Notre Dame Game**

After a two nights rest the Spartans engaged Notre Dame, a team that has won 11 consecutive games and is in line for the national basketball championship. While State lost 28 to 20 they displayed a much better brand of basketball than was exhibited at Cincinnati. The Irish jumped into a three point lead at the outset and no once were the Spartans able to take up the gap.

Dee Pinneo came back in fine form and was tied with Ed Krause of Notre Dame for scoring honors with 8 points. Like the game played earlier in the season at Demonstration hall, it was another rough affair. 21 personal foul's were called. At the half Notre Dame was leading 12 to 7. Not once throughout the remainder of the game did the Spartan quintet seriously threaten the lead.

## HARRIERS BEAT OHIO WESLEYAN

Spartan Trackmen Make Unexpected Showing in Friday's Meet.

A crippled Michigan State track team made an excellent showing against Ohio Wesleyan in the gymnasium last Friday and ousted the Ohioans 11 to 10. The Spartans had been expected to win 12 to 10 but the Spartans performed so well that they were unable to do so. Despite the record men of their opponents being much in their phase, some even being crippled, the Spartans performed well.

Meiss won the 40 yard dash for Clark. Klemens, Mountain Lander had been asked by officials of Georgia Tech to investigate a possible kidnapping of college baseball players to play both in the state and possibly local contracts.

The 40 yard dash was about the best run of the year for Clark. Klemens, Mountain Lander, and the Clarkians were followed up by the Southern. A Southern Clarkian named the Lookout, whom he was brought from a small parish, who had influenced him to play football.

The race is likely to lead to some legal action against the signing of college baseball players before they have finished their education.

## Intra-mural Sports

In Tuesday evening's intramural basketball game the S.A.E. remained undefeated by winning over the Delphes 10 to 8. The Psi Chi Alphas turned in an unexpected victory over the A.G.R.'s at the time of 9 to 5. The Psi Chi Taus downed the Union Lions by a score of 13 to 10. The Psi Chi Taus beat the German 9 to 5.

The S.A.E. are leading the first block with three wins and no defeats. The other three blocks are led by Psi Chi, Alpha Phi, and Epsilon in the order named. They have won two games and are lone Wednesday evening. The other four intramural games played off the block and the winner of the competition between Ward I and Ward II, Ward I was defeated by the former 15 to 13. In the second game of the evening Ward II, Grand Rapids, beat the game two to Ward I, 9 to 7. The game between Ward II and Ward A was won by Ward II, 14 to 13.

Ward I, Saginaw, the winner with three wins and two defeats, Ward II, G. and D. are dependent for a third place. Ward II, and one in the second.

The one game of the competition between Ward II, Grand Rapids, and Ward I, Saginaw, was between the Senior Science and Engineers team. The Engineers beat the Engineers 22 to 10.

Clark Chamberlain is slated to run the mile for State, an event which has no competition in the state that can match the Spartan runner.

Practically all of the Spartan track men will see action in the meet. Liberty and Bath have good chances in both the 40 yard high and low jumps. Holcomb has been slated to do the pole vaulting but it is doubtful if his injured foot will permit his participating. Lafayette will run the 40 yard dash.

The two mile relay is to be the feature of the meet. Michigan State, Western State, Detroit City College, and Ypsi have teams entered in this event. Ypsi is favored to take first although they will be hard pressed by State.

The proceeds from the meet are to be presented to the American Olympic committee as State's contribution towards the Olympic games.

## SPARTAN GYM STATE MATMEN IS MECCA FOR CINDER STARS

Indiana Threatens to Take Last Dual Meet as Flu Epidemic Weakens Spartans.

Twelfth Annual Indoor Track Carnival to Be Staged Here Tomorrow.

## DOPE FAVORS YPSI

The Twelfth Annual Indoor Track Carnival in which ten collegiate schools within the state will be represented is to be staged tomorrow afternoon and evening in the gymnasium. The schools competing in the meet are Michigan State, Western State, Michigan Normal, Detroit City College, University of Detroit, Kalamazoo College, Detroit, Flint, Junior Grand Rapids, Junior and Adrian Colleges. There are 115 entries.

## CHAMBERLAIN FIFTH IN NATIONAL

The National A.A.U. three mile run, staged at Madison Square Garden in New York city last Monday, found two Spartans crossing the finish line for fourth and fifth places. Clark Chamberlain took fifth although hampered by a bad cold.

Tom Ottey, the blond-haired yearling, finished fourth. Ottey ran under the colors of the Madison Brook Athletic club of Philadelphia.

First place in the run was captured by George Lemmond of the New York A.C. His time was 14:26.6, an excellent bit of running on the part of Lemmond. Ottey finished in 14:29 and Chamberlain with the time of 14:40.

There were 15 participants in the meet. Zepf of Michigan Normal finished seventh.
