## URGE SETTLEMENT

Ask Students to Clear Up Fees Promptly; Announce Loan Plan.

Professor L. C. Emmons, who has been in charge of student registration for next term, today called attention to the fact that the last date for payment of spring term fees will positively be Friday, April 7. After that a late registration fee must be paid.

The principal purpose, according to Mr. Emmmons, in extending the final date for payment was to avoid the rush that usually came on the Saturday preceding the opening day of college. Another reason for extending the date was to give students a few more days in which to raise the necessary funds to return to college. The acute banking situation has hampered considerably the speedy registration for next term.

Emmons urges students to pay fees as soon as possible in order to avoid complications in payment at the last minute. The fees can be handled in an efficient manner if students cooperate and do not wait until the last possible opportunity to pay them. Students should also bear in mind that the late registration penalties apply either for failure to complete all details of classification by April 1st or the late payment of fees.

The committee on student loans is faced with an urgent problem this term in its effort to meet the urgent student needs for funds. The request for funds is greater than ever before.

The committee is making a strenuous effort to provide the minimum required assistance either through student loan funds or through the medium of the emergency funds for deferred tuition payments.

All students who find it necessary to make application for assistance through special funds are required to appear before or make application to the committee. This should be done before the close of the term in order that students may know of what assistance to expect before returning next term.

Three meetings of the committee have been arranged at which students may appear and present their requests. The meetings will be held in the Student Union Hallway's office on the following dates:

March 15-16 and 17, a. p.

March 20—3 to 5 p. m.  
March 22—3 to 5 p. m.

It takes  
*resourcefulness*

Time and again, Bell System engineers have demonstrated their pioneering bent in working out unusual telephone construction problems.

For example, they laid a huge conduit under the Harlem River. They dredged a trench in the river bottom, lowered enormous sections of iron pipe, sent down divers to join the sections, encased the finished tube in concrete. Through this they ran telephone cables forming one of New York's main lines of communication. Across the Gila River in Arizona they constructed a catenary span 2373 feet long. To bridge oceans, they developed radio telephony. They have built telephone lines over mountains, across deserts, through swamps.

Their resourcefulness in getting through, over or under natural barriers makes possible telephone service that is practically world wide in reach.

## Winter Quarter Concludes With Only a Few Parties Scheduled; Yellow Dog Informal Heads List

Grand Rapids Orchestra to Be Featured at Organization Open Party Saturday Night; Cut Rate Union Party Friday is Cancelled; Open House by Sigma Alpha Epsilon.

All social activities of the winter term will conclude Saturday night, March 17, when one society open house—Sigma Alpha Epsilon, together with a Yellow Dog informal dance at the Union ballroom, will be given.

Low Caskey's orchestra from the Regent Garden ballroom in Grand Rapids, is being featured at the Yellow Dog party. A symmetrical arrangement of yellow dogs designed for the walls of the ballroom will form a simple decorative plan for the affair.

In keeping with the theme, the programs will be of the double novelty variety with a yellow dog engraved on the cover. Guests for the affair will be President and Mrs. R. S. Shaw, Acting Dean and Mrs. E. L. Anthony, Dean and Mrs. D. R. Roddy, Dean and Mrs. R. C. Huston, and Dean and Mrs. H. B. Dicks.

### S. A. E. Plans Open House

Students Pennsylvanians will furnish music for dancing at the Sigma Alpha Epsilon open house Saturday night, March 18. Mr. and Mrs. P. L. Shaw and Mr. and Mrs. E. A. Finney will be patrons at the affair.

### Award Banquet to Be Friday

W. A. A. will give its annual formal banquet at the Union Friday night, March 17, at 6 o'clock. In addition to the presentation of awards, the new officers will be announced. Guests for the banquet are Mrs. R. E. Shaw, Mrs. H. H. Halladay, Mrs. E. H. Ruder, Mrs. R. C. Huston, Mrs. H. B. Dicks, Mrs. Ward Gilmer, Mrs. E. A. Benson, Dean Elizabeth Conrad, Dr. L. L. Lehtinen, Miss D. J. Parker, Miss G. J. Givins, Miss Anne Koehl, Miss Elizabeth Daniels, Miss Helen Grimes, and Miss Marie Preney.

Alpha Phi entertained its national co-president, Marian Davis, at a luncheon Tuesday afternoon from 3 to 4 o'clock. Mrs. R. E. Bates was patroness for Alpha Phi. Mrs. Bates was present at that time.

Chi Omega announces the pledging of LeVerne Solomon on Tuesday evening.

New officers at the Chi Omega house were installed Monday evening. They were Gladys Coe, president, Eleanor Beasley, vice-president, Katherine Morden, secretary, Alice Grimes, treasurer, Marie Kopp, corresponding secretary, Doris VanAllen, pledge trainer, Barbara Bradford, junior Pan-Hellenic representative, Mary Kidder, senior Pan-Hellenic representative, Margaret Mast, house president, Virginia Taggart, herald, Lillian House, stewardess.

The active and pledges of the Chi Omega chapter are having a summer party on Saturday night, starting at 12:15.

Kappa Alpha Theta entertained Dorothy Patterson at dinner Tuesday evening.

Kappa Kappa Gamma freshmen entertained the upper-class members on Sunday afternoon at a tea.

Kappa Delta alumnae are entertaining the seniors next Saturday, 12:30 for luncheon and tea.

Two members of the Sigma Kappa society were entertained at the Kappa Delta house for dinner Tuesday evening.

Miss Lydia Baird, regional president of the Sigma Kappa society, reported the chapter last week-end. She was entertained at a tea last Sunday afternoon from 4 to 5:30.

Mr. and Mrs. P. E. Crowe and Mr. and Mrs. V. G. Grove were entertained at the Sigma Kappa house for dinner Tuesday evening.

Two members of each society were guests of the Sigma Kappa house at bridge on Saturday afternoon.

Zeta Tau Alpha installed the following new officers Monday evening: Carol Emcock, president; Mary Roddy, vice-president; Peggy Macomber, secretary; Arlene Weiden, historian; and junior Pan-Hellenic representative; Margaret Dockery, house president. Mrs. E. C. Roddy is alumnae advisor.

The regular meeting of the Faculty Folk club was held last Friday, March 10, in the faculty club room in the Union. Fred Patton, head of the voice department of the Institute of Music, entertained the members with a talk on "Behind the Scenes in Grand Opera." Later tea was served. Mrs. W. O. Hedrick was chairman of the program.

A number of R. O. T. C. officers from Michigan State and their guests attended the military ball given in Lansing at the armory last Saturday night. The affair was sponsored by the Lansing chapter of the Reserve Officers' association and the 119th field artillery.

Music for the affair was furnished by the Michigan State Collegians. Dancing was enjoyed from 8:30 until 12.

New officers at the Sigma Kappa house are Martha Summers, president; Helen Dinsmore, vice-president; Mildred Nelson, secretary; Marian Tobey, assistant secretary; Mary McLaughlin, treasurer; Marjorie Cauffiel, house president.

Kappa Delta elected the following new officers Monday night: Ethel Killham, president; Rhoda Carlant, vice-president; Eleanor Carlant, secretary; Mildred Moore,

## I Never Knew Till Now

That we have returned to still more and more in the hearts of those who have been in the hands of the world and the world of the world.

That the new department in its next term's catalogue is designating the time for each individual nervous breakdown for common students. Your turn next, please.

That James Pineda has authoritative evidence of a sudden trip to the hospital but he happened to be married.

That of P. S. was in an immoderate condition at the Senior ball, and when exchanging dances with a co-ed, smoked a cigarette so that he could not smell his breath.

That Edward Balford once after a long day's work, our stimulants, but.

That there may be a horrid old, very early, next term if conditions do not improve.

That creditably, A. G. H. led his son to a case downtown.

That David Weaver, playing on the Theta Alpha Phi production, has been up in the air. And we understand that this was correct.

That Elizabeth Hansen wants a date with Fred on Wednesday.

## REVEAL WEEK-END CHURCH PROGRAM

St. Patrick's Party, Speeches, Elections to Take Place.

Vern Riley and Josephine Widmer are in charge of a St. Patrick's party at the DeWitt church, Friday night, March 17.

First P. S. Liston of the education department will give the address at 12:30 Sunday, March 19, on the subject, "What Is Worth Continuing."

After the S. C. U. social half-hour and the S. C. U. social half-hour, the church will hold the following program: The subject will be "New Ideas of Religion" (How and Howsoever) by charge of devotion.

At the annual election of S. C. U. officers to be held Sunday night at the S. C. U. hall, the following officers will be elected: President, Dan Barden; At-Large, Vice-President, Ned Woodworth; Bonita Tucker, Secretary; Alice Jane Knight, Jean Mansfield, Treasurer; Dan Schell, Alice Thompson.

Referring officers include: Veda Whitman, president; Olin Leppard, vice-president; Louise Carter, secretary; Lester Clineker, treasurer.

A Persian comedy, "The Magic Word," will be given at the all-membership meeting of Y. W. C. A. tonight from 7 to 8 o'clock, in the social hall of the church.

## CHANGE MEAL PLANS AT PRACTICE HOUSES

In order to cut down expenses in the Home Economics Practice Houses on the campus, the girls in the houses have found it advisable to have more of their meals on the low level.

Three days a week their meals are planned on the high level and the remaining three days of the week they are on the low level. In this manner expenses have been cut 25 to 30 per cent, and have thus been reduced from \$2.50 to \$1.50.

## Term Ends; Willie Done

Our Hero to Be Home for Spring Plowing, Tells Father in Letter.

Dear Pa and Ma:

Well, I guess this is the last time you will have to read this letter or any other on account of just like you said, Pa, I will be home helping you with the spring plowing in what not an hour I will not be up here no more.

I have to tell you that, but what I was going to tell you was about last Friday night when we all took a curfew car and went down to the open down to the school down to lazing. It was pretty swell, ma, something I ain't never seen before.

I was going to tell you that, but what I was going to tell you was about last Friday night when we all took a curfew car and went down to the open down to the school down to lazing. It was pretty swell, ma, something I ain't never seen before.

I was going to tell you that, but what I was going to tell you was about last Friday night when we all took a curfew car and went down to the open down to the school down to lazing. It was pretty swell, ma, something I ain't never seen before.

I was going to tell you that, but what I was going to tell you was about last Friday night when we all took a curfew car and went down to the open down to the school down to lazing. It was pretty swell, ma, something I ain't never seen before.

## Union Announces Good Attendance At Calamity Ball

More than 120 couples, at 50 cents a couple, enjoyed themselves Saturday night in the Union ballroom at a "Calamity ball," dedicated "in honor of the late national catastrophe." Coming at a time when major campus parties were canceled because of the banking situation, the Union party was an economical price proved extremely popular. Nate Fry and his orchestra provided the music.

Pleased with the success of Saturday's party as a popular service to students is Ray H. Reggs, Union manager, who announced that if the financial situation continued to warrant it, there would be more dances of a similar nature. There is even a possibility that the old time jitterbug dances would be revived if a demand for them arises. No attempt will be made by the Union however, to compete with the high-priced parties if they are revived after the present crisis passes.

Mr. Fry of the chemistry department is the second father of an eight and a half pound son, Theodore Robinson. Mother and child are both doing nicely.

Which was a pretty good one when I got out the next day, on so I sold the schedule to a fellow in the house here who was having a awful time getting one fixed. I ain't got to mind being home, Pa, as I have learnt a awful lot of things when I was up here. Course I made did not learn and a awful lot about history or about how to crack a atom or nothing like that but I learnt why the library is such a good place besides for studying and I found out all about Mrs. Stewart's ice cream place and what happens there and I learnt why very fellow it all bet up about getting a canoe in the spring when his family turns in. I seen some of the advantages in brownin' a n I learnt about the botanical gardens but still I do not see why them deans send out letters every once in a while to bother a fellow.

Ver gates.

WILLIE

P. S. That what I put at the end is a little Spanish which don't mean nothing except goodbye. I probably don't get no chance to use the Spanish again unless it is when we Miller W. C. Kew E. Morrison & get some Mexicans seedin' sugar beets for us, eh, Pa.

## ALL-AG COUNCIL ARRANGES FOR FUTURE EVENTS

To Sponsor One Social Event  
Each Term for Ag  
Students.

### LAST TERM MEETING

Faculty Committee Appointed  
to Cooperate With  
Council.

The All-Ag Council held its final meeting of the term Tuesday night, meeting in the office of Acting Dean E. L. Anthony of the Ag division. This was the first meeting in which the faculty members took part. Dean Anthony has appointed the following faculty committee to cooperate with the council in planning of work for the coming year: E. L. Anthony, Chairman; Robert Bell, Secretary; H. C. Newell, George Taylor and C. C. Clark. It is hoped that the cooperation of a faculty committee with the Ag Council will bring about a closer unity between student and faculty.

Plans for the future were also discussed at this meeting. It was decided that the council should sponsor one social event each term, which would be of a nature to interest all agricultural students. The council will also sponsor a series of lectures on the subject of "The Future of Agriculture" during the coming year. The council will also sponsor a series of lectures on the subject of "The Future of Agriculture" during the coming year. The council will also sponsor a series of lectures on the subject of "The Future of Agriculture" during the coming year.

## Chemistry Head Sketches Long Relation to School

By DAVID CLEARY

While people are fond of referring to people as the father of this and the father of that, it is not surprising to find that Dr. A. J. Clark is the father of the present chemistry department. For it was under his guidance that the department was organized and has since been in the hands of his successors. Dr. Clark is a man of many talents and has been a member of the faculty since 1914. He has been a member of the faculty since 1914. He has been a member of the faculty since 1914.

## BACHMAN RECEIVES WELCOME FROM STUDENTS AND ALUMNI AT HUGE BANQUET TUESDAY

Prominent Coaches Present at Dinner in Masonic Temple; Thousand Guests Pack Hall; New Coach Tendered Welcome and Pledge of Loyalty From Gridiron Adherents.

By DOUG GRAHAM

Charles W. Bachman, new head coach of football at Michigan State college, was tendered a brilliant display of loyalty from nearly a thousand members of the Michigan Alumni association, local businessmen, and Spartan students Tuesday night at the Masonic Temple.

Many prominent members of the gridiron world came to the banquet on the East Lansing campus. Among the guests were Jesse Harper, former coach of the Michigan State football team, and Coach Charles W. Bachman, who took over the Michigan State football team last year.

### BATTER UP!

Diamond Personalities

Sixteen weeks on the football field and twelve weeks on the basketball court is the amount of training Al "Poker-faced" Kirsch put in before he signed up for varsity baseball. Al is one of the very few three-letter men on the campus now, and during a few times at the Kappa Kappa house, he has been seen on the athletic grounds all the time.

Kirsch got his send-off as a ball player up in his home town of Gladstone where he gained fame as the city shagster on independent clubs in that town. He came to Michigan State in the winter of 1930, and before the spring was over he found himself in a fresh baseball uniform where he soon caught the eye of John Kobs. The big Spartan diamond diamond liked the way Kirsch stood up to the plate and pounded the ball into the outfield for hits, so he lost no time in getting Al into a varsity uniform the next year. He was soon tagged an outfielder with better than average possibilities.

These possibilities soon came to light when as a junior he came to bat 83 times in 192 innings and struck out only three times. His "poker-face" was no doubt disconcerting to enemy pitchers who tried to sneak a fast one over the corner of the plate. He led the team in doubles, walking out five two-baggers. In the home game with the Spartans at 3-1, the last half of the ninth being played he stepped up to the plate and calmly leaped out a timely three-base hit and later scored on a single. He erred only twice during the entire season.

During the last two seasons Kirsch has batted out some of the longest hits recorded on the local diamond but has been blessed by having them fall into the hands of winning outfielders. This year has cut his batting averages down to .217 in 1931 and .268 in 1932. Because of this, he has been tagged with another alias, "hard-buck Casey."

Though the Spartan southern excursion this spring will be through Carolina, he hopes he can duplicate the feat of two years ago when down Mississippi way, he was playing his first college game, acting as leadoff man, he brought in the first run of the year. State won by a top-heavy margin that day.

Add Kirsch's bat right-handed, out favors his left in most everything else. He made the first error in many a moon last night in practice when he hit John Kobs with the ball. "Makes a pitcher a business," has him eyes.

### Captain Hicks Is Veteran Cop

Fred Has Served Union Building for Period of Nearly Eight Years.

### BACK MAGAZINE CENTRALIZATION

Many Departments Subscribe to Periodicals Taken by Library.

Many departments of instruction at Michigan State violate principle of centralized library system in subscribing to periodicals on non-library funds, is the finding of an investigation made by the library. With these findings, receiving 206 periodicals and newspaper titles while the library subscribes to only 831, the problem of decentralized use of periodicals is present on the campus.

One hundred eighteen out of the 206 titles in question are duplicated in the main library shelves. Duplicate is also present between departments. The library points out that a cut can be made in the 206 titles spent by departments in periodicals with the transfer of subscriptions.

Only the departments of animal husbandry, chemistry, meteorology, physics, science, philosophy and education follow a centralized policy in periodicals. The subscription list for the library made up in October. At that time the departmental periodical fund will be adjusted more satisfactorily, under the direction of the librarian. However, departmental claims and needs will be considered while maintaining the policy of centralizing all library resources.

## ALL SENIOR SQUAD PUZZLES MENTOR

Coach Young Wonders What He Will Do for a Track Team Next Year.

Coach Ralph H. Young of the track squad is beginning to scratch his head in perplexity, wondering what he is going to do for a team next year.

At the present time the track squad consists of 12 seniors all of whom have been winners in the past. This is an unusually large number of third year men on the squad. The entire nucleus of the team will be shattered after graduation this year.

There will be however, a number of star performers returning from the lower classes. But there are only a few of these.

Seniors on the team this year include: Capt. Ted Bath, Niles, and Clifford Liberty. Gladstone, both numbers and relay men. H. Ray, Aurand, Clevie, Adler, Robert H. Elmer, Lorne W. Fullerton, Monte S. Holcomb, John Kuntzeckel, Norman E. Smith, Marc T. Strommen, George C. Thomas and Walter F. Wisner.

### McKENNA EXPLAINS HIS STAND IN PROBE

(Continued from page 1)

31 per cent of the students are being employed by the college when other large schools employ at least 8 per cent. Why one lady gets \$4,500 a year for working two hours a day. Why certain East Lansing people are hushing this investigation and are afraid of saying anything against the college for fear of losing their jobs. Why hundreds of East Lansing people come to me telling me not to carry the investigation any further. Why some faculty members get \$7,000 or \$8,000 a year for working only seven or eight hours a day.

"We also want to know," he added, "why anyone at this college is going up while other colleges are reducing tuition. Why tuition at Michigan State is so high when the state pays 90 per cent of a student's expenses. Where the money is going to." He paused. "We are asking anyone you understand, we have no evidence," he declared. "We are merely going to see for ourselves if the rumors we hear are true. We also want to know about the banking connections the college has, real estate values and transactions, farm bureau work and the relations of the college music department and the music institute. A member of the state economy committee. I'm interested in where the money is going," he continued.

"The University of Michigan is going to get the same kind of investigation," he revealed. "At Michigan we want to know why the state spends \$4,000,000 for out of state students."

Senator McKenna is an alumnus of Michigan State college, having attended in 1901 to 1903. He was active in campus activities and was prominent on the campus. He was a versatile athlete, starting in baseball, track and captaining the football team in 1902. Senator McKenna was also one of the leading students of his class. Since being graduated from the engineering course in 1903, he has held the position of sales representative for the Adolph Hirsch Co., Diamonds of New York city, manager of the Diamond Drill Carbon Co., and in 1901 started his own company, Industrial Diamonds and Diamond Tools Co. in Detroit. He was recently elected a senator. He must be definitely classified as a "college boy who made good," but whether or not the investigation is a condoning a visit his old alma mater is worth while remains to be seen.

### BIG TURNOUT FOR EARLY GRID WORK

85 Candidates for 1933 Team Satisfy Bachman; Drill is Informal.

Nearly 85 grid candidates who aspire to be regulars on Coach Charles Bachman's 1933 football team turned out for the first light workouts last Monday at Demonstration hall.

The light workouts will be held daily for the rest of the winter term with the men appearing in gym suits to go over the fundamental Notre Dame shifts and plays before the annual outdoor drills which will start with the beginning of the spring term, April 3.

Bachman expressed his satisfaction on the large early turnout of the men. This number is reported to be the largest ever to turn out for such drills in the history of football activities here at State. The sessions are to be informal and not compulsory for the men.

### LEES-SMITH TO BE NEXT LECTURER

(Continued from page 1)

jects in a manner that is clear and forceful, with a decidedly popular appeal. The fact that he can hold the interest of his audience throughout a lecture has placed him high among platform speakers.

Mr. Lees-Smith served as a private soldier during the World War, refusing all offers of promotion. On one occasion he returned to London from the front and created a commotion by addressing the house of commons in his army uniform. He is said to have been the only private soldier who ever spoke in parliament while actively serving in the ranks. His war record led to make him immensely popular with the British masses.

## Stan Ball Closes Great Career as State Matman

Amidst all the publicity and superlatives showered on our football heroes and other major sport stars, occasionally an outstanding figure in minor sports slips through his three years of varsity competition without receiving the recognition he deserves.

This seems to be the case of Stanley Ball, captain of the varsity wrestling team this season, and generally acknowledged as one of the best wrestlers in his class in the country.

Ball has gone quietly about compiling a record in his three years of varsity competition that has few peers in the annals of Spartan wrestling. In his sophomore year he went through the season undefeated, and then capped off the season by winning the state A. U. championship in the 126 pound class.

The following season he suffered one reverse in dual competition, dropping his match with Hawkins of the University of Indiana, national intercollegiate champion that year. He placed third in the national intercollegiate, and second in the state A. U. tournament, according to Bob Hewitt, Olympic runner-up in 1928 in the finals.

He made a strong bid for an Olympic berth last summer but was defeated by Bobby Pearce after it appeared that victory was his. This season the able Stanley went through the season undefeated, and is now standing for the state A. U. tournament and the national intercollegiate which are to be held the latter part of this month.

His sterling record is even more remarkable when one considers that he came to State with no knowledge of wrestling aside from grappling with the boys on his fathers farm at Byron, Michigan. Upon entering the State Stan was attracted to the sport of wrestling and resolved to become a member of the varsity team his sophomore year.

### DETROIT FENCERS COMING FOR MEET

State Team Gets Return Bout With U. of D. Men Saturday.

The varsity fencing team meets the University of Detroit in the dance studio of the gymnasium next Saturday at two o'clock. Then men will try to wipe out a nine to eight defeat suffered at the hands of the Detroit fencers earlier in the season.

Bauer expects to use his usual lineup of Murphy, Stoney, Glass, Krentz, Lutz, Palm and Lounist. If no upsets occur the team should end the season with a victory.

The University of Detroit was under-estimated when the team met them before but there will be no excess this time if the team is not ready.

At one o'clock on the same day the freshman team will fence a faculty class which has been taking instruction for the last term.

Four men on the freshman team will go to Detroit this weekend for an informal meet with the Lawrence Institute of Technology. As State has never faced any men from this school no advance preparations are on hand to help in making predictions.

### ANNOUNCES SHORT COURSE

B. P. Proulx, of the division of liberal arts, has announced the fifth annual short course in hotel administration will be held at the college on April 21 and 22. All those who are interested are invited to attend. In this short course, subjects pertinent to present day hotel problems will be discussed by leaders in that industry.

Senator McKenna is an alumnus of Michigan State college, having attended in 1901 to 1903. He was active in campus activities and was prominent on the campus. He was a versatile athlete, starting in baseball, track and captaining the football team in 1902. Senator McKenna was also one of the leading students of his class. Since being graduated from the engineering course in 1903, he has held the position of sales representative for the Adolph Hirsch Co., Diamonds of New York city, manager of the Diamond Drill Carbon Co., and in 1901 started his own company, Industrial Diamonds and Diamond Tools Co. in Detroit. He was recently elected a senator. He must be definitely classified as a "college boy who made good," but whether or not the investigation is a condoning a visit his old alma mater is worth while remains to be seen.

## FARLEY WINS IN RACE FOR EDITORSHIP

(Continued from page 1)

Ardmore, Pa., and Robert Armstrong, Benton Harbor, winning from Charles Palmer, Scottville, and Clifford McKibbin, East Lansing. With 38 per cent of the total sophomore class voting, Ottie received 122 votes, Armstrong 145, to Palmer's 125 votes and McKibbin's 103. The vote for the men's position on the Union Board was contested at the last minute after the name of Lyle Robinson had been taken off the sophomore ballot due to ineligibility. It was afterwards discovered that Robinson was eligible too late to place his name on the class ballot. The Student Council passed a resolution to the effect that this election would be held in connection with the spring term elections later in the school year. Robinson was to have opposed Neil Hansen, of Detroit.

Angela Rodger, East Lansing, defeated Jane McKibbin, Ferndale, for the women's place on the Union Board by a vote of 137 to 92. The Liberal Arts Board, James Quello, Laurium, ran unopposed for the men and Evelyn Robinson, Cass City, defeated Marie Verbeist, Mason, by a vote of 157 to 94.

The freshman class ballot represented 31 per cent of the total number with 281 ballots being cast for the officers of Student Council and Union Board. Elton Mollet, Massillon, Ohio, receiving 117 votes, was defeated by James Lewis, Detroit, with a total vote of 170. Harold Becker, Crystal, Michigan, was elected under John Perkins, Tawas, by a vote of 139 to 92.

The senior class voting in the all-college election, was represented by a total of 28 per cent of the total class at the polls. Although the total number of votes cast was not as large as last year, much interest was shown in the polling and a large percentage of each class went to the polls.

The centered sophomore officer will be run in connection with the spring elections due to the discrepancy in the listing of the candidates.

A luncheon of all women on the college teaching staff was held this noon on the Union porch. Miss Beatrice Grant of the home economics department was general chairman of arrangements.

## STUDENTS BEAT BANK HOLIDAY

Many Plans Evolved to Surmount Shortness of Cash on Campuses.

Although the bank moratorium descended upon most college communities without warning, making even the customary three meals a day an unheard-of luxury in many places, students have assumed responsibility and risen to the occasion in many interesting ways.

In an attempt to ease the stringent situation at Princeton, the Princetonian issued a total of \$500 in scrip acceptable to most of the local business houses. Individuals were permitted to give their persons at checks for amounts not exceeding \$5, in return for which they received certificates in 25-cent denominations.

At many universities, campus and town restaurants have allowed students to sign their meal checks until such time as cash may be obtained. The

## KOBSMEN ASSURED OF ANNUAL SOUTHERN TRIP WITH SEVERAL GAMES ALREADY SCHEDULED

Team Will Make Southern Excursion on Reduced Budget; North Carolina State, Duke University, Wake Forest, and University of North Carolina Listed.

Despite the present financial crisis in the college sports, Coach John Kobs, State's big diamond coach, has succeeded in putting one right across the heart of the plate on Old Man Depression and plans for the annual Southland excursion and training trip are near completion.

Though the games in the South are not definitely arranged, plans have been completed for the training schedule with games against North Carolina State, Duke University, Wake Forest college, and the University of North Carolina. The trip will start March 24 and end on April 1, after the start of the spring term.

Many other coaches who have been accustomed to send their players into Dixie have had to cancel their plans this year for want of funds, but the State trip will be continued as usual. After this year's trip, many coaches have been scheduled to leave for the South, but the expense and travel will be the Spartan's in addition to promising the guarantee to cover other expenses. Instead of making the trip in a bus, as has been done previously, the plan this year is to have the team make the journey in automobiles, with several of the players furnishing the cars. In this way much of the expense has been cut down.

In past years the Spartan diamond squad has made a very favorable impression on their Dixie tour and their reputation there has spread over a wide territory. The trip mapped out this year does not follow the old route through the central south, but veers off into the Carolinas.

With but two chances to get his team in the open, Coach Kobs has not made any definite choice for his starting line-up, but he will take the southern players. These two drills on the Old College field in the outfield, Kobs has a

## THIS and THAT

BY THE SPORTS EDITOR

### FOOTBALL BASKETBALL

For the average fan, that's son or daughter, the basketball season is dead and buried for the year, at least for now. Since Swartz graduates soon, Hurd met him for what will probably be their last time last Saturday in the Notre Dame carnival. The old custom of Swartz first and Hurd second held true despite a thrilling last lap drive on Hurd's part to overhaul the fast Kuros speed merchant. Their rivalry by the way, started way back in high school and has continued throughout their college careers.

Despite all the student council action abolishing the ancient tradition right and left, a new one has been established this year by the swimming team—and a good one, too. During the past week the team, which has just wound up its 1932-33 season, held a banquet honoring Ralph H. Young, director of athletic, Lyman I. Frimodig, and Russell Dambert, coach of the team. The boys claim that the affair will be made an annual event, and wherever there is eating to be done—well, we're for it.

It is quite possible that these extra training drills help put out better teams in the end, but it seems that they take more sport out of the game than they add. Imagine how you'd feel playing basketball inside the gym on a new shiny spring day with everyone else outside enjoying a game of baseball, tennis, or golf. Basketball just doesn't fit into the picture. Maybe next year some enterprising coaches will depend on a summer risk drill.

Wes Hurd, State's star mile and two-mile runner, is being pressed by Dick Vanderhoof, Bradley, and Jerry McGee. Vanderhoof has been working quite hard in the daily drills and may, even, the veteran Kuros from his position.

Bill McCann, who worked at third last year as well as acting as general utility infielder for the Kobsmen, has been shifted to second. He is a good player and a good leader. He is a good player and a good leader. He is a good player and a good leader.

mind on a military shoe. Unfortunately for Hurd, the great Swartz has always led the way, and the Spartan distance man closed behind. Since Swartz graduates soon, Hurd met him for what will probably be their last time last Saturday in the Notre Dame carnival. The old custom of Swartz first and Hurd second held true despite a thrilling last lap drive on Hurd's part to overhaul the fast Kuros speed merchant. Their rivalry by the way, started way back in high school and has continued throughout their college careers.

## TRACK TEAM IS TO PARTICIPATE IN BUTLER RACE

Cancel Cleveland Engagement to Engage in Indianapolis Meet.

### FULL TEAM TO GO

Tracksters Will Compete in Nearly All Contests Scheduled.

Because the Fifth Annual Armour Tech relays at Chicago, Illinois, originally scheduled for next Saturday, have been postponed until April 1, Coach Ralph H. Young's Spartan tracksters are faced with an open date for this week-end.

Another change in the State track schedule is the cancellation of the Spartans' entry in the Cleveland A. C. relays at Cleveland for March 25. Instead of entering this meet, the State tracksters will journey to Indianapolis, Ind., to participate in the First Annual Butler Relay carnival to be held the same date.

It is likely that a complete team will be taken to both events, according to Coach Young. The Butler meet has a program including the following: pole vault, high jump, shot put, 60 yard dash, 2-mile University relay, 2-mile college relay, 60 yard high hurdles, college medley relay, university medley relay, 4-mile university relay, 4-mile college relay, 1-mile college relay, and 1-mile university relay. Some of the best teams in the mid-west are expected to enter the stars. The same stellar entry list is also expected for the delayed Armour tourney on the following Saturday.

Last Saturday found the Spartan trackmen at Notre Dame for their annual Central Intercollegiate. After they had wired that they would be unable to attend because of financial difficulties, the fourth Michigan State Normal team of Ypsilanti, Mich., favored to top the

## Intra-mural Sports

### Fraternity

Swimming. After overhauling a short Lambda Chi lead, S. A. E. moved on to victory in the inter-fraternity swimming meet held in the college pool, Tuesday, Wednesday and Thursday of last week. S. A. E.'s total at the finish was 24 points, Lambda Chi 23, Theta Kappa Nu took third with 13 and the Epsilon Omicron fourth with 9 points. The S. A. E. swimmers started off an 11th hour Lambda Chi rally by taking two places in the 100 yard free style.

Basketball. The fraternity cage trophy went to the Epsilon Omicron last Wednesday when they scored the victory, 9-8. The Ties high school attack failed to click and the Epsilon Omicron were able to keep a frail but nevertheless constant lead over their highly-touted opponents.

Wells Hall. Five straight wins gave Ward B. the dormitory championship last week. Ward E. finished second, winning four games and

meeting came into South Bend and lived up to the advance expectations by scoring the Michigan State victory for first place with a total of 31 points. State followed them with 28-1-3, trailed in turn by Marquette, 14, Western State, 13.

The difference between first place and second came when Billy Zopp, Teacher's 2-miler, posed out Tom Orey, blond Spartan distance ace, who has only been out setting in condition after a long enforced lay-off. By losing the 2-mile, the State cohorts lost a brilliant opportunity to force out into the lead.

Ralph Metcalf, Marquette's colored sprint star who appeared here two weeks ago, provided a brilliant feature of the meet when the negro Olympic man set a new world record of 19.1 in the 60-yard dash.

Captain Ted Bath of State turned the trick in the high hurdles across the tape. Th other State came in the rule relay when they needed only a few seconds to win. The Pittsburgh with the time of a 36.9.

Liberty State point-makers were second in the high hurdles, second in the two-mile, Orey second in the two-mile, Penarace third in the pole vault, Bath third in the low hurdles, Liberty fourth in the low hurdles, and Kuros fourth in the high jump.

## COACH BACHMAN MEETS ALUMNI

First Official Appearance in State Made at Grand Rapids.

The first official appearance in the state of the new football coach, Charles W. Bachman, was not as some may think at the student convention last Thursday morning, Wednesday noon, March 8, the new coach met the officers of the alumni club of Grand Rapids and was interviewed by newspaper reporters at the Morton hotel, Grand Rapids, Wednesday evening, more than 50 alumni turned out for the smoker in the Masonic temple to greet him. He was well received by the old grads.

Ralph H. Young, director of athletics, Miles W. Carroll of the physical education department, and Alumni Secretary Glen O. Stewart accompanied Coach Bachman to Grand Rapids. While in the city the coach met many of his old football friends, notable among whom is Hugh Blacklock who played on the semi-professional Great Lakes training team during the war. Chicago-born, Notre Dame '17, trained, Bachman was well acquainted in this section of the country before going south.

dropped one. This season's summary appears below:

	W	L	T	OP
Ward	5	0	0	63
E	4	1	0	57
P	3	2	0	53
C	2	2	0	63
D	1	3	0	59
A	0	3	0	32

Not the bargain kind, but perfect in fit, fabric and tailoring. Fully shrunken. The new ones are very attractive—

## Tobacco to smoke right

has to be a different kind of tobacco from that used in cigarettes...and it has to be made by an entirely different process...

OUT in Kentucky, where they have pretty women, fast horses, and blue grass, there grows a tobacco called White Burley. It doesn't grow anywhere else in the world.

There is a type of this White Burley that is best suited for pipe smoking. It is neither too thick nor too thin. It is not light and chaffy; at the same time, it is not rank or strong. "U.S. Type 31" is the government classification for White Burley.

Since no other pipe tobacco has yet been found which seems to equal White Burley, this is what we use in making Granger Rough Cut.

Next, we use the Wellman Method, a famous 1870 method of making pipe tobacco, to give Granger its fine flavor and fragrance. Then, too, Granger is "Rough Cut"—just like they used to "whittle" their tobacco off a plug with a jack-knife. It smokes cool, lasts longer and never gums a pipe.

And finally, we want to sell Granger for 10 cents. Good tobacco—right process—cut right. So we put Granger in a sensible soft foil pouch instead of an expensive package, knowing that a man can't smoke the package.

Granger has not been on sale very long, but it has grown to be a popular smoke. Folks seem to like it.
