## Patton Sings Leading Role in Opera Tonight

Fred Patton head of voice instruc-

Michigan State college will sing the  
leading baritone role in the produc-  
tion of "Pilgrims Progress" by Dr.  
Stullman Kelley to be given  
at Miami University Ohio on Fri-

new performance of this work in

rosch. It was the special request  
of Dr. Kelley that Mr. Patton is now

## Royal Letter Received Here

Local Resident Corresponds  
With Belgian Queen.

Among the letters and notes of re-  
cent date that of the big city  
news, the one that comes from a  
resident of East Lansing, who  
writes his name to receive a re-  
ply, has given that thought a re-  
sponse.

If the reader looks at the front  
page of the Detroit Free Press of  
last Feb. 20, he will see in the ap-  
proach of the Belgian queen to  
Lathamer, Mich. The letter seems to  
be set into a picture of a show,  
captioned "Belgian queen and her  
entourage" and along with the  
caption is a simple yet fitting  
tribute to the late king of the Bel-  
gians.

The residents of East Lan-  
sing, looking through the eyes of  
that queen over two and a half  
centuries ago, to the king who  
out, not to save his own life, but  
to send it across the ocean to  
the mourning Queen Elizabeth.

Among two months ago and the  
letter is now a receipt of a  
foreign addressed letter. It is  
a letter addressed to back the  
picture of the late King Albert  
with the letter and card made  
white with a half inch band  
of black around the edge. On each  
side the royal crest. Under the crest  
is the name of the late King Albert  
of Belgium.

On the card there is the acknowl-  
edgment in three words in English.  
The last Chamberlain is com-  
mended to the Queen to express  
her Majesty's grateful thanks for  
your message of sympathy in her  
great sorrow. It is addressed from  
Princess de Brabant.

## Broadway Hit May Bring Dramatic Festivals Here

"The Viregar Tree" Shown by  
Repertory Players, is  
Beginning.

By DAVID CLARY

The three-act Broadway hit,  
"Viregar Tree" which will be pre-  
sented at the Union Tuesday night  
at 8:30, is not merely a play by well  
known actors for the amusement  
of the students, but is an endeavor  
to bring a spring dramatic festival  
to State similar to the festival held  
annually at Ann Arbor, Prof. L. P.  
Waldo of the English department  
declared today in an interview.  
Cooperating with Amy Loomis,  
director of the Grand Rapids rep-  
ertory theater, which is presenting the  
play, officials of the English depart-  
ment and the Seven Arts club are  
attempting to start a movement to  
bring famous players and other ar-  
tists to the campus with greater fre-  
quency. They are copying the ex-  
ample set by the University of  
Michigan, the alma mater of Miss  
Loomis, who has been active in stim-  
ulating dramatic interest on the  
Ann Arbor campus.

In choosing the Union Memorial  
building for their production, the  
Repertory players commented fav-  
orably on the many advantages of  
the place, remarking that it is large  
enough for most audiences, and is a  
decided social center because of its  
checkered refinement, and parking  
facilities. In addition, it offers am-  
ple space for storage of scenery and  
provides opportunities for the dan-  
cing parties that often follow such  
plays.

The unusually low price of 60  
cents is another feature intended to  
attract the student receiving the  
prize to continue study in his  
chosen field.

Mr. Kunze was selected from a  
field of 16 applicants, both men and  
women, representing practically all  
the departments of the college. Ken-  
neth Stoen, State 33, a math major,  
is now at the university study-  
ing for his degree.

## EDITOR OUTLINES WAR PREVENTION

Kirby Page Gives Address in Pi Kappa Delta to Induct De-  
troit Branch Sunday.

Kirby Page, well known editor of  
the World Tomorrow, gave a very  
interesting address in Lansing on  
April 24. His subject was "The Next  
War and Ways of Preventing It."  
The audience was especially delig-  
hted with the wit and knowledge  
which he displayed in answering  
questions during the forum period.  
During the main address, he out-  
lined five steps to be taken in the  
prevention of future wars. First,  
we must remove the "mad dog" the-  
ory that wars are started by single  
"mad dog" nations and that other  
innocent nations are later drawn  
into the war. Second, we must re-  
alize that the real causes of war are  
nationalism and capitalism. Third,  
we must build a world government  
in order to prevent the anarchy  
among nations which we have to-  
day. Fourth, we must have a large  
body of our citizens who will ab-  
solutely refuse to go to war under  
any conditions. And lastly, we must  
break down the church's sanction of  
the war system.

## STATE ENGINEER HORSE SHOW RING WINS FELLOWSHIP BEING ENLARGED

A. A. Kunze is Granted Award  
Preparations Being Made for  
Annual Horse Show.

A. A. Kunze, an electrical engi-  
neering senior of Michigan State  
has been recommended by the com-  
mittee on scholarships to be award-  
ed the graduate study fellowship of  
one year, offered by the University  
of Michigan, to the most outstand-  
ing graduate of State. The fellow-  
ship consists of one year's tuition  
at the U. of M. and in addition  
\$450 to enable the student receiving  
the prize to continue study in his  
chosen field.

Mr. Kunze was selected from a  
field of 16 applicants, both men and  
women, representing practically all  
the departments of the college. Ken-  
neth Stoen, State 33, a math major,  
is now at the university study-  
ing for his degree.

## THEME WINNER IN CARNIVAL TO BE NAMED SOON

Absence of Judge Delays An-  
nouncement Until Next  
Tuesday.

## FEW GOWNS ORDERED

Monday, April 30 is Deadline  
for Rental of Caps and  
Gowns at Union

The winner of the theme  
contest for the Senior Water  
Carnival cannot be announ-  
ced until the forepart of next  
week, according to Wendell  
Patchett, chairman of the af-  
fair. This is contrary to the  
P. T. E. U. N. S. expectations of  
those in charge, since they  
hoped to have all of the  
themes judged by today, but a  
large number of entries, com-  
piled with the fact that  
Prof. Fred H. Patton, one of  
the judges, is out of the city made  
an announcement in today's paper  
of the winner impossible. The re-  
sponse, nevertheless, has been very  
satisfactory and some very excel-  
lent material is in the hands of the  
judge. Publication of the name of  
the winner of the 10c prize has been  
definitely promised for the next  
issue of the State News.

upon.  
Registration will take place in  
the morning at the Union. This  
will be followed by a golf tourna-  
ment and a baby show. The annual  
business meeting is to be held at 1  
o'clock. At this time the new alu-  
mni officers will be announced and  
their yearly reports will give their  
reports.

The various classes will hold their  
annual luncheon at noon. Large  
groups are expected from the classes  
of 1904, 1909 and 1914. The class  
of 1914 will meet with the alumni  
who graduated over 30 years ago and  
will be initiated into the Patriarchal  
club, which is open only to those  
who have been graduated for 30  
years or longer.

Michigan State's baseball game  
with University of Iowa will feature  
the afternoon's program and at 6  
o'clock the entire group will meet  
for the annual supper given by the  
Union hall room. The Alumni  
League, composed of former women  
students at M. S. C. will act as host-  
esses at the supper and will also  
assist at the baby show. The speak-  
er for the supper has not yet been  
selected, but will be announced in  
a later issue.

In the evening there will be an  
alumni dance and reception in the  
Union hall room from 8 o'clock until  
midnight.

## Discuss Opportunities of College Women at Meet

heretofore informed and hold heretofore  
ready to render service.

Enter Varied Fields  
In the realm of leisure she may  
play even a greater role than in  
the realm of serious social service.  
industry, the professions, or busi-  
ness. Perhaps it is not too much  
to say that unless the educated  
woman rises magnificently to her op-  
portunities to use leisure wisely and  
healthfully herself and to train oth-  
ers to do so, the aged leisure which  
is society's inevitable gift in the im-  
mediate future may prove a curse to  
it and a cause of deterioration in-  
stead of fulfillment.

At the conference the main point  
stressed was that college women  
must think and act in terms of the  
obligation they have by reason of  
their schooling to meet the needs  
of their communities, and to insist  
on the value of education in those  
communities.

Dr. Helen Taft Manning, daughter  
of former President and Chief Jus-  
tice Taft, spoke at the A. A. U. W.  
conference on the difference between  
the outlook of young women gradu-  
ating today, and those graduating  
just prior to the world war. The

## Interest Shown in Grape Vine

Weed Tropical Plant Found  
in Fern House

An item which has been attract-  
ing considerable comment from vil-  
lagers is the grape vine which has  
been found growing in the fern house  
some time ago. It is a B. L. F.  
Chapman, superintendent of the  
botanical gardens and green-  
houses. This grape vine specimen  
was found in the Missouri Botanical  
garden in St. Louis, Mo. It is now  
growing in the fern house in the  
botanical gardens. It is a very in-  
teresting plant, and it is now  
displaying a prominent growth along  
the beams at the top of the fern  
house.

The remarkable thing about it is  
the multicolored, true blue roses  
which are produced in the soil of  
each leaf. These roses are dark  
red and in this case have attained  
a length of some 30 feet. During  
growth from the main stem, they  
hang freely and form of a pale  
color, present a somewhat much ap-  
pearance among the ferns, but on  
touching the ground they en-  
large considerably and suddenly ac-  
quire a short cut for the transpor-  
tation of water from the ground to  
the younger portions of the stem.  
According to Mr. Chapman, these  
seemingly fragile roots are con-  
stantly used by jungle dwellers in  
the construction of bridges, traps  
and other useful articles.

Chapman is devoting all of his  
time to developing a proper botan-  
ical greenhouse and he is constantly  
receiving seeds of tropical and  
jungle rarities from all corners of  
the earth, sent to him by his many  
professional friends. At present he  
is preparing the botanical garden  
for the coming season in anticipa-  
tion of over 40,000 visitors from all  
states of the Union, if last year's  
records are any indication of the  
crowds which will visit them.

Tuesday May 1.

Spring will be welcomed to the  
Michigan State college campus with  
the annual May Morning Sing at

Appropriate music for the occasion

The custom of a May Morning

## S. W. L. Installs New Officers at Dinner Thursday

Dean Conrad and League Advisers are Guests of Honor at Affair.

Shantam Women's League held its installation dinner Thursday evening at Hanks. At the head table with the old and new officers were Dean Conrad and the league's advisers, Miss Garvin and Miss Johnston.

The program was a very simple one, presided over by Helen Hendrickson, 1933 president of the organization. The only speakers were Dean Conrad and the two sponsors who gave short informal talks. Father Leisenman, who received all school recognition at the Achievement day convocation for winning the S. W. L. scholarship, was presented her award, although it was more or less a repetition of the former ceremony.

The right of passing the torch on to the succeeding president marked the installation of the new officers for the coming year. They are: President, Lorraine DeWaele; vice president, Margaret Miller; secretary, Elizabeth Moore; corresponding secretary, June Haglund; treasurer, Constance Majcherek; junior representative, Vieta Parlik; sophomore representative, Isabelle Champion.

S. W. L. wishes to announce that its spring term party will be held in the Union ballroom May 10. Nite Fry's orchestra will play.

### STUDENT LETTERS

TOTAL OVER 4,000

(Continued from page 1) mail (the kind that needs no stamps) are sent out each day. The most bulletins and pamphlets distributed by the college account for this figure.

Delving into the private lives of mailmen, we discover what may be the cause for their proverbial flat feet, namely, lugging around an average of 96 pounds of mail a day. The amount made up of approximately 692 letters and 228 circulars and magazines. The average number of steps per man each day is 264 while a lone rural carrier traverses a 30 mile route and serves 285 homes. The total population cared for by the East Lansing office is 8,100 and 243 boxes are rented to the public. All of these figures are taken from a report submitted to the postmaster general in March of this year.

As might be expected, the largest fraternities and societies on the campus get the most mail which probably puts the Kappa and Phi Delta out in front. The busiest time throughout the day for the office is between 1:30 and 3:30 p. m. although a 4 to 5 period in the afternoon runs a close second.

The thing which is troubling Postmaster Faunce more than somewhat right now is the fact that his office, as a result of the 1933 receipts, now rates only second class. A \$4000 business must be done during the year to secure a first class standing. Although this mark was exceeded last year, the office was allocated only 85 per cent of the amount because of the use of the three cent stamp. Now, since two-cent stamps may be used for local mail, 90 per cent credit will be given on the year's income, and the chance for re-establishment as a first class postoffice now appears more favorable.

Mr. O'Brien, 32, will act as toastmaster.

Mrs. Laura Kimball of Lansing was a dinner guest of Alpha Phi Wednesday night.

Alpha Phi society will have as week-end guests Dorothy Jane DeWoe of Detroit and Mary Jane Post of Everett, former students here.

A student at Villa Nova answered one of those ads "How to Make Money Quick" and sent in one dollar. Some time later he received a curt reply, "Do as I do, brother."

## GREEN SPLASH PLANS FROLIC

Annual Party Will be Held Next Wednesday Night

Green Splash, local honorary swimming society for women, will present its Green Splash Frolic next Wednesday night at 7:30 p. m. This is the fourth annual event of its kind. Formerly this water festival was given jointly with Pomona, men's honorary swimming society, but this year Green Splash is giving the program alone. In 1932, "A Gals Day" at the Yacht Club was presented and its success was overwhelming. This year the Green Splash Frolic promises to surpass all efforts made in former years in spite of the absence of the male element.

The ballroom will be easily decorated with balloons and colored lights which will add greatly to the gay, festive spirit of the evening. The program will feature novel formation swimming with candles, flashlight and balloons. A diving exhibition featuring the Diving College, a demonstration water polo game and actual races in which the best women swimmers at State will participate will close the program.

Following this entertainment there will be the usual date night proceedings. The pool will be open to those who care to swim, and in the gym a popular orchestra will provide music for dancing at a cost of only ten cents extra.

Tickets, which sell for 25 cents, may be secured from any Green Splash members or at the Union desk.

## Hines' Orchestra Will Open 'Dells' On Friday, May 1

The Dells ballroom, located at Palmer Park, is holding its formal opening the evening of Friday, May 1, when the DeMolays of Lansing entertain at a party featuring the orchestra of Earl Hines and his orchestra. The dance will be held in the ballroom from the cafe and hotel of Chicago's lively "Loop."

The "Dells" which was com-

pletely redecorated during the winter months will be under the management of Sam Foster, popular director of Coral Gables, East Lansing's noted ballroom. In addition to the decorations, Foster also announced that excellent novel lighting effect will enhance the dance floor as a result of completely new electrical equipment recently installed. Dancing at the Dells will be under the same plan as at Coral Gables, admission being charged on the social plan. Rates will be extremely reasonable, and Foster promised that some noted bands will be brought to the lake ballroom. Tickets for the DeMolay party are

obtainable at Mary Edwards, Ken Hicks, or the Temple Hamburg Shop.

Professor E. B. Hill of the Michigan State college farm management department will talk to the Greenville Rotary club on May 8. His subject will be "Rational Agriculture."
