VOTE TODAY To Name 1934 "Hall of Fame" Students

Mark Ballot Printed Below and Mail Promptly to Collegiate Digest

Voting takes place this week in 141 Colleges and Universities to select students for Collegiate Digest's 1934 Hall of Fame. The students who receive the largest number of votes cast on the Ballot printed below will win. Collegiate Digest's count shall be final, and in case of ties, will cast the deciding ballot.

No votes will be counted unless made on this ballot, and mailed to Collegiate Digest before midnight on May 20. The Ballot will not be published again.

Collegiate Digest will award to each winner one of the new \$7.50 Parker beautifully laminated Vacumatic Pens.

THESE TROPHY PENS

will be your lasting gift of recognition to the student on your campus whom you believe to be especially deserving of an award for distinction. He or she will always prize it.

THERE IS NO FINER GIFT

Students have always wanted one of these beautiful laminated Parker Vacumatic Pens, with visible ink supply. They are the most beautiful pens in the world—made of more ink than the rubber sac pen of equal size, and having a reversible 2-way point, ideal for lecture and class-room use, as well as for writing personal letters.

YOUR CANDIDATE

may deserve "Hall of Fame" distinction for scholarship, for some extra-curricular activity, athletic, dramatic, literary or musical ability, or for general excellence, leadership, or a combination of several of these. Let the name of your candidate or write it plainly on the Ballot printed below.

Remember, you do not have to purchase anything to vote, or send any money. No one may vote for more than one student. Remove the ballot now, vote promptly, and watch for the names of the winners in an early issue of Collegiate Digest.
