## Spartan Women's League Party Will Be Held in Union Ballroom Tonight; Only All-College Affair

Alpha Gammas, Phi Kappas, Alpha Chi Sigma, Phi Deltas, Phi Taus, Aethons, Farmhouse, Trimoras, and Hermians Will Have Parties Also.

Considerable time and effort has been expended to make the Spartan Women's League party, which is scheduled to take place tonight, one of the outstanding parties of the spring term. Nate Fry and his orchestra, which has met with much approval in campus circles, will furnish the music and the Union ballroom will be decorated to carry out the spring theme. Mr. and Mrs. A. J. Clark and Mr. and Mrs. C. C. Davis will act as patrons for the party. The affair will take place from 8 to 11 and is the only all-college party for this week-end.

Campus rounders (of the senior class) will find many patrons and society parties to attend this week-end. Alpha Chi Sigma and Phi Kappa Phi fraternities will hold open houses Friday night. Those giving parties on Saturday are Phi Delta Theta, Phi Kappa Tau, Aethon, Trimora, Farmhouse and Farm House.

**Sigma Kappa**  
The Sigma Kappa chapter will give a party for the Phi Kappa Phi term party to be held Friday night. Mr. and Mrs. L. M. Field and Mr. and Mrs. L. B. Sholl will be patrons for the affair.

**Spring Term Party**  
The Alpha Chi Sigma chapter will give a party for the Phi Kappa Phi term party to be held Friday night. Coach and Mrs. C. W. Bowman will be patrons.

**Phi Delta Theta**  
The Phi Delta Theta chapter will give a party for the Phi Kappa Phi term party to be held Friday night. Mr. and Mrs. G. E. Taylor and Mr. and Mrs. C. A. Heppert will be patrons.

**Phi Kappa Tau**  
The Phi Kappa Tau chapter will give a party for the Phi Kappa Phi term party to be held Friday night. Mr. and Mrs. C. Thomas-Stahle and Mr. and Mrs. H. S. Patton will be patrons for the affair.

**Farm House**  
The Farm House chapter will give a party for the Phi Kappa Phi term party to be held Friday night. Mr. and Mrs. J. M. Prout and Mr. and Mrs. A. B. Miller and Mr. and Mrs. E. Bowman will be patrons.

**Phi Gamma**  
The Phi Gamma chapter will give a party for the Phi Kappa Phi term party to be held Friday night. Mr. and Mrs. W. L. Mallard and Mr. and Mrs. Heald will be patrons.

## East Mary Mayo Establishes Own Private Library

150 Books, Four Magazines and Three Papers to be Foundation.

East Mary Mayo has inaugurated a new term with a new project—a library has been established in the dorm which boasts an executive library committee, a head librarian, and eight assistants. Helen Jo Haley is the librarian.

The books are estimated to be from 125 to 150 in number and have been catalogued according to a standard system. Fifty of the books have been loaned by the college library, while several of the girls in the dormitory have loaned their own books for the purpose, and have contributed odd magazines. A new book every month is assured, since the organization has joined the Latent Guild. Also, four magazines and three daily papers have already been subscribed to and a file of all issues of the State News is being kept. The books and magazines may be subscribed to at definite hours throughout the day.

Contrary to expectation, a great deal of interest and enthusiasm has been shown toward the project and it is hoped that the library will grow to be a permanent institution in East Mary Mayo.

## Sigma Alpha Iota Holds Initiation

Formal initiation of Sigma Alpha Iota was held last Friday, May 11, and was followed by a dinner served at the Hunt Food shop. Those initiated were Betty Richardson, Ruth Ryder and Winifred Lee. Guests at the dinner included Mrs. Luther Baker, Virginia Hollingsworth and Betty Lee Langsburg.

The following officers have been elected for next year: President, Betty Richardson; vice president, Lorraine Kettfield; secretary, Dorothy Marzke; treasurer, Ruth Ryder.

On Sunday, May 20, Sigma Alpha Iota will hold the last musical tea of the year at the home of Miss Mildred James, 519 North Washington, Lansing. Mrs. Cecile Pollock-Hoffman will act as assisting hostess. The musical program planned includes a group of songs by Ruth Ryder, a piano solo by Margaret Rossi, and a trio composed of Miss Betty Lee, piano; Winifred Lee, violin; and Irene McKee, cello.

Four senior girls who are leaving the Zeta Tau Alpha house at the close of this term will be honored at a breakfast to be given the morning of May 19 in the sun room of the Union by the patronesses of the Zeta Tau Alpha sorority. The four girls who are to be guests of honor are Carol Smoock, Peggy Macomber, Mary Houston and Maxine Miter.

The patronesses who are cooperating in the presentation of the affair are Mrs. F. L. Austin, Mrs. F. A. Gee, Mrs. F. F. Mitchell, Mrs. H. S. Newins, Mrs. Fred Jensen, Mrs. C. E. Nickle, and Mrs. Charles Davis.

Spring colors of green and gold will be used in the decoration scheme, and dainty cottages will mark the places of the honored guests who include besides the four seniors, Dean, Elisabeth, Conrad, Mrs. Linda Langston, Mrs. Thomas Gossard, and Mr. van Ryn van Alkemade.

(Continued from page 1)  
divide at the present time is as much dependent upon its stands of timber as Michigan had been during the hey-days of the 80s and 90s. In evaluating timberlands it is no longer sufficient to send an "old-timer" out into the woods with his pack on his back and the purpose of determining the extent of a body of timber together with making a guess at the amount thereof. This old system of land looking where only the sketchiest of maps were produced has been almost entirely replaced by modern methods. I am not a bit hesitant in saying that with a few days of proper training a relatively inexperienced young man will be able to perform a much better job of estimating than his hard-earned and tough professor who depended almost wholly on his long years of experience while traversing the depths of the virgin pine forests.

Mr. Bowman, having estimated considerable amounts of virgin timber himself admitted, however, that the "old-timer" did have the more difficult schemes to cope with, because he had less efficient and fewer tools to work with than are available today.

Inability to recognize the amount of defects existing in the trunks of trees is the source of great error in estimating timber. Bowman stated: "Even today it remains a knotty problem. In this respect alone the 'old-timer' with his wide experience has the advantage over the timber estimators turned out today."

The long-over practice in this state of owners selling their timber for a lump sum without knowing how much is being sold or what it is worth makes me keep a box of headache tablets ready. He continued: "We might just as well go down to our grocer and buy a bag of eggs without knowing or caring how many we receive. In practicality every case the contents of a woodlot should be estimated preparatory to sale. The forestry department of the college stands ready to assist anyone who may wish to determine the amounts of timber in his woodlot, or of the value received, with advice as to how it might best be done, or to supply someone."

Work of this nature is becoming increasingly important as far as sale purposes and inventories of vast timber tracts are concerned. More and more men are becoming interested in this sort of work. In the large federal government forest land acquisition programs that are now under way, men trained in land examination are desired. A forester with a good background in surveying fills the bill.

The dinosaurs were a peculiar group of animals, many of them over half a block long. However, one recently discovered was so small that a microscope was used to examine some of the smaller bones.

## BLUE KEY INDUCTS 27 IN CEREMONIES

Service Honorary Initiates Outstanding Sophomore Men.

Blue Key, national honorary service fraternity, inducted 27 sophomore men at their annual initiation held in the Union building yesterday afternoon. The Michigan State chapter, one of 56 at colleges throughout the country, followed the rulings of the society in choosing prospective juniors who have been outstanding in extra-curricular activities during their first two years.

The men inducted were: Edon Mollet, Walter Essler, Cliff Hamlin, James Lewis, Don Cameron, William Davis, David Cleary, William Kirkpatrick, Bob Martin, Laurence Upjohnson, William Larke, Louis Zarza, Thomas O'Brien, Dan Reck, David Baird, Jack Booth, Hugh Wilson, Ross Clark, Fred Bentley, Corydon Cribbs, David Ireland, Jack Warner, David Sharpe, James Sargent, Douglas Stanley, Harold Dekker and Robert Saunders.

## Patronesses Will Fete Four Zeta Tau Girls

May Morning Breakfast on Sunday is to Honor Seniors.

Four senior girls who are leaving the Zeta Tau Alpha house at the close of this term will be honored at a breakfast to be given the morning of May 19 in the sun room of the Union by the patronesses of the Zeta Tau Alpha sorority. The four girls who are to be guests of honor are Carol Smoock, Peggy Macomber, Mary Houston and Maxine Miter.

The patronesses who are cooperating in the presentation of the affair are Mrs. F. L. Austin, Mrs. F. A. Gee, Mrs. F. F. Mitchell, Mrs. H. S. Newins, Mrs. Fred Jensen, Mrs. C. E. Nickle, and Mrs. Charles Davis.

## FORESTER TODAY IS SUPERIOR TO OLDTIMERS

(Continued from page 1)

Mr. Bowman, having estimated considerable amounts of virgin timber himself admitted, however, that the "old-timer" did have the more difficult schemes to cope with, because he had less efficient and fewer tools to work with than are available today.

Inability to recognize the amount of defects existing in the trunks of trees is the source of great error in estimating timber. Bowman stated: "Even today it remains a knotty problem. In this respect alone the 'old-timer' with his wide experience has the advantage over the timber estimators turned out today."

The long-over practice in this state of owners selling their timber for a lump sum without knowing how much is being sold or what it is worth makes me keep a box of headache tablets ready. He continued: "We might just as well go down to our grocer and buy a bag of eggs without knowing or caring how many we receive. In practicality every case the contents of a woodlot should be estimated preparatory to sale. The forestry department of the college stands ready to assist anyone who may wish to determine the amounts of timber in his woodlot, or of the value received, with advice as to how it might best be done, or to supply someone."

Work of this nature is becoming increasingly important as far as sale purposes and inventories of vast timber tracts are concerned. More and more men are becoming interested in this sort of work. In the large federal government forest land acquisition programs that are now under way, men trained in land examination are desired. A forester with a good background in surveying fills the bill.

The dinosaurs were a peculiar group of animals, many of them over half a block long. However, one recently discovered was so small that a microscope was used to examine some of the smaller bones.

## BEGIN WORK ON FORESTERS' CABIN

Nursery in Sight of Memorial Cabin; Students to Work

The foundation for the Chittenden Memorial cabin to be erected in the forestry department nursery in memory of Professor Chittenden will be laid Sunday morning at 8:30 by forestry students.

Construction of the cabin is made possible through the efforts of students and generous donations from forestry alumni.

## LEAVES FOR RUSSIA

W. Melander, forestry graduate of Michigan State who is leaving for Russia to study forestry conditions in the near future, will be the speaker at the meeting of the forestry club tonight at 7:30 in the forestry building.

## MUSIC SOCIETY INITIATES

Formal initiation of Sigma Alpha Iota was held last Friday night, May 11, at 6 o'clock. Following the initiation, a dinner was served at Hunt's food shop in honor of the new initiates.

why-

Luckies are All-Ways  
kind to your throat

WHEREVER the finest tobaccos grow—in our own Southland, in Turkey, in Greece—all over the world, we gather the very Cream of the tobacco Crops for Lucky Strike. And that means only the clean center leaves. The center leaves are the mildest leaves—they taste better and farmers are paid higher prices for them. These clean center leaves are the only

ones used in making Luckies. Then "It's toasted"—for throat protection. And every Lucky is fully packed with these choice tobaccos—made round and firm, free from loose ends—that's why Luckies "keep in condition"—why you'll find that Luckies do not dry out—an important point to every smoker. Naturally, Luckies are all-ways in all-ways kind to your throat.

They Taste Better

# Spartans Meet Buckeyes Today in First of Two Contests Played Here

Allan Kronbach Will Probably Start on Mound for Kobsmen in First Game Against Ohio State This Afternoon; Play Again on Saturday at 3:30 o'clock.

By TOM O'BRIEN Sports Editor

With only a mediocre record to show, Ohio State university baseball team invades the Spartans fair today for the first of a two game series. The Kobsmen will clash with the Buckeyes this afternoon at 4:10 o'clock and meet them again on Saturday at 3:30 o'clock.

A clean sweep of the two games would add considerable luster to the Spartan record. The Buckeyes have met with indifferent success on the diamond this year, but at times have flashed surprising strength to make them the "dark horse" contender of the Western Conference race. They split with Michigan last week, but dropped a decision to Notre Dame, a team that the Spartans defeated handily.

Kobe sent his infield through a prolonged drill Wednesday afternoon in an effort to tighten the inner defense that has faltered somewhat in the past few games. His three sophomores, George Hopkins, Allan Kronbach, and John Berg, came in for considerable attention in this department also. The pitchers were drilled in fielding bunts and co-operating with the infield on various plays.

The Spartans have been belting no drastic shakeup in his lineup. The center field position is still doubtful. There is a possibility that Freddie Ziegel who got two hits against Western State last Saturday, or Eddie Klewicki may get a chance at the center garden. Klewicki will undoubtedly work behind the plate in one game. Kronbach will probably do the flinging for the Kobsmen in the first game.

The Spartans have been belting the ball hard this spring. George Bartling, who really enjoys his baseball, has found himself after a slow start and with added experience should improve steadily as the season progresses. River, Morse, Art Rouse, and Willie McCann are other Spartans slugging the pellet.

"Knee Action Wheels" Rent-A-Bike

# NETMEN MEET HILLTOPPERS

Hardest Match of the Entire Season Confronts the Spartans Today

Seven team members, a manager, and Coach C. D. Ball pulled out of East Lansing this morning headed for Kalamazoo where the tennis team is scheduled to meet Western State Teachers college in what will probably be the toughest match of the entire season. After today's match with the teachers the team will continue on to South Bend where the Spartans have a dual match with the University of Notre Dame tomorrow.

The seven men on the team were Co-Captains Stan Weitz and Rex Norris, Willard Klunzinger, Don Link, Bill Loose, Guy Stonebreaker, and Marshall Goodwin. They will probably play in that order today. Charles Sawyer went along as senior manager.

Western Strong

Let by such stars as Laevin and Gurman, the teachers may upset the Spartan team and put the first blemish on a so far perfect record. It is more than possible.

Pre-match does give the number one doubles engagement, and possibly the five and six singles engagements. The other should go to Western. However, both Klunzinger and Link may nip their opponents and drag down a point. The number three doubles engagement is nearly a toss-up and State may collect another point there.

Against Notre Dame tomorrow Coach Ball plans to use an entirely different lineup. Weitz, Link, and Stonebreaker will return to the campus tonight and Goodwin, Sexton, and O'Dell will travel to South Bend to take their place. The Ramblers were trimmed without much trouble in a match here last week so the loss of Weitz, Link and Stonebreaker probably will not be felt.

MORRISH TRAVELS

R. H. Morrish of the college farm crops department will attend district meetings of co-operators throughout the state with a C. Baller of the college dairy department. Mr. Morrish will address the gatherings on the improvement of pasture land.

# THE Rubbing Table

Rex Steele, another of State's versatile trackmen, prepped at Eastern high school, Detroit, where he was also a brilliant athlete. One of State's many tough track athletes, Steele was well on his way to track fame two years ago when an unfortunate automobile accident temporarily halted his hurdling. Came back this year and has been running up to form against a class of hurdlers.

A prominent man on the campus in other things than athletics also was president of his sophomore class. Elected student member of the Athletic Council, Member of Blue Key, Scabbard and Blade, a senior cavalryman, a gentleman from way out yonder, the Hesperian house, married happily to Leah Schmit, who was also a prominent co-ed on the campus and a Kappa Kappa Gamma.

A mighty sweet hurdler and able to step them off with the best, Steele is a fine shuttle relay man, one of the Graybeards of the Cavalry outfit and the athletic department's clean, hard-working athlete, who can give it and knows how to take it, and come back.

Varsity Club Holds Induction of 13 Men

Thirteen Spartans were inducted into the Varsity club at formal induction held in the Varsity clubroom last Thursday night.

Swingout was held both Wednesday and Thursday. Varsity letterman who took the formal initiation and their respective sports are as follows: Ben Demarest, football; Avery Paxson, football; Walter Hertzler, cross country; William Macaulay, cross country manager; Ralph Bristol, fencing; Merrin Glass, fencing; Milo Rouse, basketball; Edward Larson, basketball manager; Cleo Beaumont, track; Floyd Austin, wrestling; William Gilliland, football; Kenneth Priestly, cheer leader; Basil Cramer, football manager.

"Ask the man who rides one" Rent-A-Bike

# STATE I. C. MEET HERE ON FRIDAY AND SATURDAY

Will Be Run Off in Stadium With Preliminaries Staged On Friday Afternoon.

YPSI DEFENDING CHAMPS

Ottey Hurd, and Pongrace to Defend Their State Titles.

By JACK BERRY

On Friday and Saturday of this week the 20th annual State Intercollegiate will be held at the M. S. C. stadium. Teams from Western State, Michigan Normal, University of Detroit, Wayne University, Hillsdale, Albion, Kalamazoo, Central State Normal, Northern State Normal, Grand Rapids Jr. College, and M. S. C.

The defending champion of this meet is Michigan Normal. Normal has won the meet for the past three years, but this year they will meet with strong opposition from both State and Western State. Western has a surprisingly strong team this year and will be one team to watch.

Seven Tug-of-War

This year there will be seven individual champions back to defend their titles. They are Mullins of Western in the 440-yard dash, Pongrace of State in the half mile, Wes Hurd also of State in the one mile run, Zepp of Normal in the two mile run, Rockwell of Normal in the discus throw, Ray Lowry also of Normal in the pole vault and State's mile relay team will defend their title in that event. Otto Pongrace is the only competitor who has won a title twice in succession.

There are four events in which there is sure to be plenty of competition in the meet, the broad jump, 440-yard dash, high jump, and the discus throw. In the last three events, all of the place winners of last year will be back to compete. In the broad jump, no place winners of last season will return so there is sure to be plenty of opposition.

This year there will be two special races for the freshman, a two mile and also an 880-yard relay. In the two mile relay Augsburg, Holton, Gardner, and Clark will represent State while Lutherbaum, McDermott, Fuller, and Wright will run in the 880 relay.

Hart Favored in Dashes

The leading men in these respective events are listed as follows: In the 100-yard dash, Willie Hart seems to be the favorite. Hart has run a close second. Hart has run 2 of a second faster than Ryan this season and should do as good time Saturday as he did in the Notre Dame meet last week. Thomas of Kalamazoo, Pfingst of Western, and Hershey and Walton both of Normal should put on a good battle for third. Willie also seems to lead the field in the 220-yard dash, but will get closer competition in this event than in the century from Pfingst and also from Doug Craig who is a teammate of Hart's.

The 440-yard dash is likely to be a Western State event with both Mullins and Pfingst of that school entered. Hershey, of Michigan Normal, should press for second, though along with Roger Koest of State, Jackson of State and Everhard and Glickert of Normal are the probable place winners of the 120 yard high hurdles, with the first two favored to take the initial places. Zepp of Normal should take the 220-yard low hurdles with Carlson of Kalamazoo and Rex Steele of State right on his heels.

Otto Pongrace is the outstanding man in the 880-yard run and should win the title for the third time although his teammate Ken Warren and Kahler of Normal are packed to press Otto all the way. Knifield of Western has made fast time this season and may take a place if he is in good shape. The mile run brings Zepp of Normal, Kahler his teammate and Wes Hurd of State together in what promises to be one of the most closely contested races of the meet. All of the boys have made time that is pretty good this season and are sure to put on a good contest. Dennis of State may take a place but will have to make faster time than he has made this season.

Zepp and Ottey in for Battle

Zepp, the defending champion of the two mile run, will have his hands full when he meets Tom Ottey. State's record breaking demon Tom has broken two records in as many weeks and is in fine condition to make Zepp step. Davis of Hillsdale will probably win the shot put with McNutt of State taking second place. Troy of Central State is by far the best discus thrower in the meet if past performances count as anything. He has achieved 146 feet 5 inches, which is at least ten feet better than anyone in the event has done this season. Rockwell and McCarty both of Normal and Art Buss of State are due to have a clash for second position.

Cleo Beaumont of State is closely pressed by Hansen of Detroit, Green of Kalamazoo, and Grimm of Wayne in the Javelin throw. Cleo is inches ahead of the three men and will have to do his best to win the five points for State. Jackson and Dittich of State should take the first two places in the broad jump if they jump according to form. The high jump will be a toss up between three men, Hallard of Western State, Glickert of Michigan Normal and Jackson of State.

Lowry Favored in Vault

Ray Lowry will win the pole vault in a breeze if he is in any shape whatever. The real contest in this event will be for second and

# NATIONAL SPORT SUMMARY

By JACK WARNER

BALTIMORE—With a brilliant finish that brought the crowd of 30,000 spectators to their feet, Mrs. Dodge Sloan's High Quest beat his famous staminate Cavalade, by a nose at the end of the famous mile and three-sixteenths of the Pre-Kness States. High Quest won in 1:58-1-5, which sets a new Pre-Kness record and which is only one-fifth of a second back of the smashing track record, 38, by Gallant Knight, when at the top of his form. With High Quest first, and Cavalade second, Mrs. Sloan is the owner of the two highest class horses in the three-year-old division. Cavalade, who romped under the wire last week to win the Kentucky Derby, put up a good battle all the way. When he started to move up in the stretch things looked bad for the rest of the field, but High Quest was a little too far ahead to be caught up with. They finished, High Quest, Cavalade, and Duesbury. It is hardly probable that the dark set in the race will stand for some time, due to the fact that High Quest carried more top weight than did Gallant Knight in his record run.

# FRAT BASEBALL NEARS CLIMAX

Eclectics, Aethons, and Sigma Alpha Epsilon Loom as Favorites.

Inter-fraternity baseball is gradually drawing to a close, with only the semi-finals and finals yet to be played off next week.

The names of those teams which will compete in the semi-finals will appear in the intramural bulletin case in the gymnasium, Monday, May 21.

All of the fraternities have responded nicely to the schedule this spring with 100 per cent participation to date.

All of the postponed games have been played off along with the rest of the schedule that remained last week.

P. Kappa Phi was defeated by the Lambda Chi Alpha 12-3. Battery for P. Kappa Phi: E. Dume, pitcher, and A. Cobb, catcher. J. Gates was the winning pitcher with D. Story catching him.

Phi Chi Alpha defeated Theta Kappa Nu 12-4. Battery for Phi Chi Alpha: V. Herring and R. Dickey for the Thetas. H. Hicks and J. Young.

Phi Chi Alpha's Delta Sigma Phi V. Herring was the winning pitcher and R. Edgerton catcher. The losing battery consisted of K. Blessing and C. Seelin.

Sigma Nu took the high score from the Phi Delta Thetas by defeating them 6-1. Battery: Sigma Nu, E. Featherly and J. Perkins. Phi Delta Theta J. Hardy and R. Robb.

Phi Kappa Phi defeated Phi Kappa Tau 11-7 with each collecting 9 hits. J. Severens and A. Cobb were the winning battery, while D. Symes and S. Roberts made up the losing battery for the Phi Kappa Tau.

Three home runs captured the Tic attack. Kramer, Beck and Brenner all poled out home runs. Lefty Greco took the mound for the Tics in the last inning and was equally as effective as Kramer.

The Aethons surprised the Alpha Gamma Rho's by handing them a 5-0 defeat that set the A. G. R. s back a little as they were up near the top. J. Basso and A. Zukowski made up the battery for the Trimours. The A. G. R. was represented by Fred Gettel and Taylor.

The S. A. R. kept up their good standing by defeating the Delta Six by a large margin of 19-4. H. Grambeau pitched for S. A. R. and J. Quella caught for him. On the losing end were R. Nelson and K. Blessing.

The game between the Aethons and Hesperians was a fairly close one with the Aethons winning 2-0. J. Basso pitched and A. Zukowski caught him. Battery for Hesperians consisted of B. Osthaus and H. Harvey.

Once more the Trimours stepped up and took the lead by defeating their opponents, Delta Sigma Phi, 11-1. V. Watson took the mound for Trimours with B. Bechtold catching. K. Blessing and Wood made up the battery for Delta Sigma Phi.

The game between the Hesperians and Hesperians ended in a 3-1 victory for the Hesperians. Battery for Hesperians: C. Bos pitcher and R. Rosa catcher; for the Hesperians, B. Osthaus and H. Harvey.

Hermians defeated Phi Delta Theta 7-2. Batteries: Hermians, J. Hardy and R. Robb; Phi Delta Theta, H. Headman and W. Gentner.

Student tickets will be accepted at the gate, there will be no charge for the preliminaries on Friday afternoon but the tickets will be necessary for admittance Saturday. The meet will start at 2 p. m.

# BLACKS DEFEAT GOLDS IN FINAL

Spring Football Brought to a Close in Regulation Game.

By HARRY WISMER

A Washington, D. C. colored end from Flint Northern scored two touchdowns last Saturday afternoon, both on end around plays, giving the Blacks a 12 point margin over the Golds and also giving them the edge in the four game series. Al scored one marker in the third stanza and came back in the last minute of play to clinch up the final score. Washington, besides being the scoring ace of the engagement, also played a bang up defensive game.

Except for a high wind, perfect weather conditions greeted the athletes as they trotted out on the gridiron for their final game. The win, however, proved to be a deciding factor in the final outcome. A short punt off the right foot of Brandtatter gave the Blacks their much sought for break early in the third quarter. A few seconds later Washington was off on his memorable touchdown dash. In fact all during the fray the Blacks seemed to take better advantage of the wind conditions on several occasions. Armstrong and Rex Reynolds setting off high spiraling punts, when puffed up many valuable yards.

Reynolds Star

The first half both teams were on fairly even terms, neither team scoring as the ball rested mostly between the 30 yard lines. Steve Soko looked very good fighting his way around the ends and off the tackles, and Reynolds rolled up considerable yardage for the Blacks on his fine return of the Golds punt. Reynolds was one of the outstanding performers on the field all during the contest.

Conditions changed rapidly with the beginning of the last half. The play was all Black, the Golds gaining possession of the ball only on rare occasions and going no place after they did get it. The Golds were as well as forward wall was no match for the penetrating thrusts of the Blacks' hard running backs.

Linemen showing up well during the afternoon were Lou Zarza, Sam Ketchman, Herb Williamson, Al

# Q GIRLS TO BE KNOWN AS TOWER GUARDS NOW

(Continued from page 1) who are eligible for the Tower Guard will take place next Wednesday night after the band concert, and their initiation will be on Sunday, June 3.

High Qualifications

The qualifications for the Tower Guard are high scholarship, character, and potential leadership and service to the college. In making themselves worthy of recognition, Q Girls set a high standard in all these things this year. Counting 30 as "A," the group average for Q during the year the Q Girls have been functioning is 25. Every Tower Guard girl has to be a freshman counselor, and this year Q Girls not only were counselors, but helped with the Co-ed Prom, started the tradition of giving a tea for freshman man girls living in Lansing and East Lansing in Freshman week and assisted Sphinx, its sister organization in many projects.

Honorary members for the Tower Guard are Mrs. R. S. Shaw, Dean Elizabeth Conrad and Dean Marie Dye. Miss Mary Waller is sponsor for the group. On the faculty advisory board for the Tower Guard are Dean Conrad, Dean Dye and Miss Waller. Out of the 25 girls chosen by Sphinx last spring to be in the honorary, the following 20 girls are in school this year and will take the initiation Sunday, Matilda Adair, Helen Anthony, Marion Andros, Jane Branstetter, Ruth Crossman, Dorothy Cane, Marion Dandero, Ellen LaFarge, Dorothy Lardie, Dorothy Langdon, Gwendolyn Miller, Doris Reber, Helen Ryerse, Lucille Tillotson, Virginia Ross, Irene Wagar, Frieda Wagon, Alice Wiggelsworth, Elizabeth Philip and Mary Young.

Washington, Abe Katz, Howard Zidel and Henry Kotchins, Blacks who also played prominent parts in the day's festivities, proved to be a big asset as well as this year. Ben Armstrong, Steve Soko, and McCarty, Rex Reynolds, Paul Benner and Milton Leimhardt.

Coaches Bachman, Castled and King are of the firm belief that some valuable material was uncovered during the past six weeks in fact, material that should prove to be a big asset as well as this year. The game last Saturday was the climax of the six weeks of pre-season drills. However, Coach Bachman stated today that the Blacks' ends and centers will work for another two weeks on passing and punting.
