

Lantern Night Holds Spotlight In Week's Activity; Mary Mayo Party Features Last Week End

Impressive in its traditional significance, the annual Lantern Night parade, sponsored by the Sphinx, ushered in the first week of graduation activities last night. Before stately Beaumont tower the seniors of '34 presented their lanterns to the freshmen of '37 and new members of Sphinx were tapped.

Parties on campus last week-end were led by the joint party at Mary Mayo hall, Friday evening. The halls were decorated with spring flowers and the terrace was lighted with varied colored lanterns while Bill Walker and Nate Fry kept the orchestras going for dancing.

Several fraternities held open house and spring terms Saturday night, including Hesperian, Epsilon Alpha, Epsilon, Hermit, and Delphi. Kappa Kappa Gamma. Seniors of Kappa Kappa Gamma were honored at a breakfast at the chapter house Sunday morning. Louise Wildner was the week-end guest of Virginia Palmer at the Kappa house.

Kappa Delta entertained at a tea Sunday afternoon in honor of Mrs. Todd, house mother at the Kappa Delta house, who is leaving at the end of the term. The other house mothers and a member from each of the other sororities were guests. Mrs. Kornboer and Mrs. Chambers of Marquette were dinner guests at the Kappa Delta house on Saturday. Sunday the K. Ds entertained Mrs. Cook of Ponton at dinner.

Contemporary Campus Comment

Undergraduate Council Makes a False Step . . .

The resolution of the Undergraduate Council freeing freshmen from wearing pots is a ludicrous piece of legislation in the light of the true situation.

The pot question is decided in the meetings of the fraternities of the campus in regard to their pledges. The majority of independents do not wear pots.

Even a body as close to the fraternities as the interfraternity council has found it has no shadowy power over the wearing of pots, that it can only pass resolutions asking all presidents to co-operate in enforcing the tradition. The presidents in many cases do not have a control of the matter, which is usually decided by a majority vote of the houses.

The passage of a resolution about pots by the Undergraduate Council smacks strongly of the impotent Council of last year. It might just as well pass a resolution that all fraternities men should wear coats and vests at dinner as try to invade the fraternity jurisdiction on the matter of pots. —Michigan Daily.

First American Newspapers
The history of the printing of newspapers in America properly begins on September 25, 1784, for it was upon that date that Richard Pierce issued the first number of what was to have been a periodical publication. There was, however, but one issue of Public Occurrences, Both Foreign and Domestic. The first newspaper which continued publication was the Boston News Letter, first issued on April 24, 1784.
