No. 88

SHAW TO OBSERVE TENTH ANNIVERSARY AS PRESIDENT

Today's Campus

Bird Brains

It seems that Stanley Howell, professor of foreign language, credits the young of our feathered friends with more intelligence than those of his own kind. To his eight o'clock Spanish class, he told "there are three little robins in a nest outside the language office. One of the little fellows was choking and feeling very bad. When a kind German professor started to relieve him, by pulling the root out, the little bird opened its mouth wide. Professor Howell demonstrated. Concluded Professor Howell, "That's a lot more than most kids would have done under the same circumstances."

Dorm Gets Chimes

A set of Deagen dinner chimes was presented to the girls of North Hall Thursday night by Mrs. Curtis Beachum, house-mother, and Mr. Beachum. The chimes will be played each evening at the beginning of the dinner hour to announce the saving of grace.

Don't Look Now

Mary Dodge was caught in the rain Thursday night, and so wore a lot of other people. But Mary had on a very "shrinkable" dress. Walking along the street she couldn't imagine why so many people were staring in her direction. When she entered the dormitory, someone called her attention to the fact that her dress had shrunk about three inches, and the fluffy ruffles on her petticoat was full view.

Student Rotarian

William G. Cheney, applied science sophomore, from Charlotte was chosen by the Charlotte Rotarians to represent them at the district convention to be held in Lansing next week.

Queen Falls

Yesterday at the Ag Carnival, was broadcast over the P. A. system that the "Answer to a Maiden's Prayer" could be found in the "Wonders of the World," home economics booth. Ruth Starke, Ag Queen, took a deep breath, deposited her ticket, and gingerly stepped into the tent. Imagine her disappointment when she lifted the lid of the top of the box and gazed into the eyes of Jimmy Hays.

Spanish Custom

Instructor O. W. Wilson does credit for snappy comeback No. 478,938,382. When Jane Freeman was seized with a silent convulsion of laughter in his Tuesday morning Spanish class, he inquired as to the reason. Jane answered glibly that she thought the story was very funny. Wilson turned quickly to another student in the class and said, "Go ahead with the translation so that Miss Freeman can laugh some more."

Dorothy Dix II

A young lad who had just started going with girls, asked his big sister, Josephine Clapp, how a fellow could tell if a girl liked him. Josey, being no amateur at the game, gave him the benefit of her experience. She has now received a letter saying: "I think she likes me, but now can you tell me why?" Josey is in a quandary.

Seniors Will Graduate In Shell

Campus Entrance Markers Selected as Class Memorial

Commencement exercises for the 1938 graduating class will be held in the band shell. Frank Gaines, senior president, announced today. Should the weather be unfavorable, plans will be changed at the last minute and graduation held in Demonstration hall. Action on the commencement site and a class memorial was taken at a meeting of the senior class Thursday.

Present plans are to seat faculty and students in chairs in front of the shell. Speakers and deans of divisions will sit on the stage, the graduates will file across the platform to receive their diplomas. Guests of students who have tickets will be seated on the slope in back of the senior class. Townspeople and students other than those who have senior guest tickets will stand.

A formal entrance to the campus, to be erected at Abbot road, is to be the farewell gift of the class. The memorial will be a block of granite with sculptured figures on which will be a tablet containing the words "Michigan State College of Agriculture and Applied Science." The block stone will be set in concrete and tile and will be illuminated by indirect lighting in the base of the structure.

A committee composed of Norman Erwin, chairman, Erna McKenzie, Pat Gormely, and James Conolly was appointed to supervise construction of the memorial.

Men, Women Will Hear Lecture

A joint meeting of the men's and women's marriage lecture series is scheduled for 9 p. m. Thursday, May 26, in the Kedzie lecture room to hear Dr. Irma Gross, professor of home management, speak on "Economic Adjustments in Marriage."

Doctor Gross will discuss problems of budgeting and handling of family funds. Following the plan of both the series of marriage lectures, there will be time for questions and discussions after the lecture.

The Student council and Mortar Board, sponsors of the men's and women's series, respectively, believe that this joint meeting will be valuable because it will permit a discussion of economic problems from both a man's and a woman's viewpoint.

Geologist Works on Bibliography

Dr. Duncan Stewart of the geology department has recently completed part two of the bibliography of Michigan geology which is available for distribution by the department of geology and geography.

At present Doctor Stewart is working on part three which will be ready for publication within a year.

Farwell to Hear Premiere of Own Composition

Arthur Farwell, noted composer and member of the music department staff, will journey to Princeton, New Jersey, Tuesday, May 24, for the premiere performance of his newest chamber music work, the Quintet in E minor for piano and strings.

The work will be presented by the Roth String Quartet at the third spring festival of American music sponsored by the Westminster Choir school.

The premiere performance of Mr. Farwell's composition will be broadcasted by the Columbia Broadcasting company, at 3:00 p. m., Lansing time.

Fund to Aid Research

N.B.C. Educator To Teach; Mason Hall Head Named

Dr. I. F. Huddleson, research professor of bacteriology, will leave June 22 for Malta for a continuation of his research on undulant fever as a result of a decision by the State Board of Agriculture to accept a gift of \$7,200 from the Rackham fund for that purpose.

Other business transacted included several new appointments and the authorization of an attempt to obtain WPA funds for campus projects.

M. U. Bultsee of the education division of the National Broadcasting company was appointed as an instructor in the summer school radio broadcasting course.

Mr. and Mrs. Curtis Beachum will be in charge of Stephen T. Mason hall next year. Ray Lampher was appointed to understudy Mr. and Mrs. Beachum who are now in charge of North hall, women's dormitory. Mr. and Mrs. Lampher will take over North hall next fall. Two new co-operative houses were also authorized.

Secretary John Hannah and Byron Ballard, college attorney, were instructed to leave for Chicago in the near future to determine the possibilities of securing WPA aid for the construction of a new hospital. Aid will also be sought for the construction of six more tennis courts.

Vets to Install New Officers

At an open meeting of the Michigan State college student chapter of the American Veterinary Medical association, Tuesday, at 7:30 p. m. in the chemistry lecture room, new officers for the coming year will be installed.

New officers for the club will be Glen Reed, president; Leslie Hutchins, vice-president; Norma Greiner, secretary; Emmett Britton, treasurer. They will take office at the meeting Monday night. Dr. Eugene B. Ingham of Pitman-Moore Co. will present two films entitled, "The Production of Anti-Hog Serum," and "Rabies." The meeting is open to faculty and students.

Prof. E. C. Weaver and Russel Horwood of the dairy department, took a class of twenty dairy judges to Ann Arbor, Friday, where the students judged Jersey cattle on Oaklands and Dhu Barren farms.

Shaw Sees Ahead

The accomplishments of the College during this past decade are very gratifying, but I feel sure that they are but little in comparison to those which can and will be made in the future. My greatest recompense for the 36 years which I have spent and enjoyed on the campus in one capacity or another is the thought that I may have been of some service to the College.

Large Crowd Frolics At Colorful Ag Carnival

Many People See Exhibits, Play Games on Midway, And Swing-Out at Street Dance as Second Annual All-Ag Circus and Open House Reigns on Campus

Shouting barkers, noisy crowds, music, and laughter marked the second annual All-Ag Carnival and open house yesterday. Starting off with a parade through Lansing and East Lansing, beginning at 11:30 a. m., the Carnival tempo rose with added impetus throughout the day and evening.

The midway was especially crowded at night, and many couples scraped their feet on corn meal as they frolicked at the street dance. Not only college students, but youngsters and oldsters as well tried their luck at the midway concessions and examined the departmental exhibits in Ag hall and the dairy.

Introduced by Dean E. L. Anthony, Queen of Agriculture Ruth Starke formally opened the Carnival at 1:15 p. m. The gate to the midway was opened, and the fun began.

Exhibits by the Agronomy club, forestry, extension, and dairy departments showing work done in these various fields, were on display throughout the carnival. Four vaudeville shows were presented in the livestock pavilion. See—CARNIVAL—Page 3

Art Honorary Starts Plans For Dance

Plans are now in progress for "Arts and Flowers," Beta Alpha Sigma spring term informal party, which will take over the Union ballroom to the music of Bill Porter's orchestra Friday, June 3.

Erna McKenzie is general chairman and has working under her as committee chairman, orchestra, Evan Roberts; decorations, Sally Howell and Edmund Boell; invitations, Avalon Gowans; tickets, Ross Pell; reception, Emma Barnum; and publicity, Betty Demorest.

Door prizes will be a special feature of the evening. Decorations designed by art, horticulture, and landscape members promise to lend a beautiful setting.

New Podium Used By Falcone

The new podium used by Director Leonard Falcone at the band concert Wednesday night was selected by him as the most suitable and most efficient design from several types submitted. Its architecture closely resembles that of the band shell itself.

Frosh Aides Chosen For Next Year

Orientation, Counselor Advisory Systems to Cooperate on Plan

Three co-aids have been named assistant chairmen on the reorganized A. W. S. freshman program for next year, according to announcements received last night from Louise Langdon, this year's chairman. Program changes were also released.

Nina Kies, home economics, and Betty Burt, liberal arts, juniors, will serve as aides to Margaret Collinge, A. W. S. counselor system chairman.

Barbara Sears, liberal arts sophomore, will assist Jane Shaw, recently appointed A. W. S. freshman orientation system chairman. The new program will be formed by the cooperation of the counselor system, the orientation system, and the faculty advisory committee under Prof. J. W. Stack. These systems now operate as independent organizations.

The number of counselors or "big sisters" on the counselor system, will be increased to 200 next year, according to Miss Collinge. A series of lectures, opening with a talk on maladjustments by Dean Elizabeth Conrad at 3 p. m., Monday, in the horticulture lecture room, is planned to prepare the counselors with their work. Attendance at these lectures is compulsory for all coeds who intend to serve as "big sisters."

Discussion leaders in the orientation system will be increased from 20 to 40 under the new program, according to Miss Shaw. However, she states, definite plans for the system can not be laid until after the freshman criticisms are completed.

Seniors Take Civil Service Exams

Examinations for technicians in the public personnel field will be held for graduating seniors on June 4, according to officials of the State Civil Service department.

To be eligible, students must be residents of Michigan and must have completed a college course in the social sciences, law, engineering, accounting, or any other profession. Positions will be open to both men and women.

Students selected will assist in drawing up examination, or in gathering and interpreting information to be used in connection with various state surveys.

Applications for the examination may be secured from any county clerk, and must be sent to the Civil Service department not later than May 25.

Ontario Man Seeks Soil Information

Dr. J. D. Detweiler, professor of applied biology at the University of Western Ontario, London, Ontario, came to Michigan State Wednesday to gather information of the soils conservation project, being tried by the college.

He also visited the new conservation institution at Howell.

All military students have been requested to wear white shirts and appear in their smartest military dress during the inspection.

All College Dance Will Feature 'Swing-Sing'

A new dance, "Sing While You Swing," will be introduced tonight at the Athenian-Independent Men all-college dance to be held in the Union, according to co-chairmen Ruth Maas and Gail Sicklely. The main feature of the dance will be the projection of the words to the latest popular tunes on a screen where the dancers can read and sing them. Music will be by Frankie Prindle.

The chairmen have announced that there will be a shower of balloons and a three-act floor show as added attractions for the only all-college dance of the weekend.

SWL to Give June Party

Event Will Honor Seniors; List Other Activities for Term

Headlining the remaining spring activities of the Spartan Women's league will be a party honoring senior women, scheduled for the first week of June. Jacqueline Howard and her committee, in charge of arrangements, will decide the exact type of party to be held and its date.

An open meeting for all campus women will be held June 2. Miss Olive Sewell, well known Lansing business woman, will speak on her experiences as a nurse, according to Mary Jane Hagens, in charge of general meetings.

Plans for the publication of an etiquette book to be distributed free to all freshmen next fall, are also under way. Last fall 1,500 of these books were printed and given out. Their popularity was such that the league plans to have a larger number made up and distributed at the beginning of next fall term. Virginia Miller and Ruth Kittredge are in charge of this publication.

Soloists Named For Concert

Marian Maddy, pianist and glee club accompanist, and Lesno Schavey will be soloists for the Women's Glee club concert to be given at 7:30 p. m., Tuesday, in the Union ballroom.

The concert, an annual presentation of the music department, will be under the direction of Josephine Kackley, instructor in voice.

Following the opening numbers by the entire glee club, Mrs. Schavey will sing three selections from Mozart, Bach, and Loewe. Miss Maddy has chosen for her piano selections Bach's Prelude in C Major, Chopin's Mazurka in A Minor, and his Waltz in D-flat major.

The program will be concluded by the glee club in an arrangement of folk songs of French-Canadian, American, and Irish derivation.

Senior women have been granted 12:00 o'clock permission for the Wednesday dances, according to an announcement made by Dean Elizabeth Conrad yesterday. It had previously been rumored that the women have 12:30 permission for these affairs.

Will Spend Quiet Day At Home

Student Groups To Send Flowers, Congratulate

Tomorrow will mark the tenth anniversary of Robert S. Shaw as president of Michigan State college. President Shaw will spend the day at his home in Faculty Row.

With a customary dislike of ceremony in his honor, the president declined offers of a celebration, preferring to rest on Sunday. Although his 36 years with the college, including the past 10 as president, have been pleasant and the advancement of the school satisfactory, he prefers to spend his anniversary quietly, without a public appearance.

Representatives of the Student council, led by Jimmy Hays, will present President Shaw with a bouquet of American Beauty roses tomorrow. The 10 roses, one for each year as president, will be accompanied by a congratulatory letter signed by all members of the council.

Many fraternities and sororities will send flowers to the president. "No other official activities are planned for the day," said Glen O. Stewart, "because the president doesn't even want an alumni celebration."

Junior Coed Gets Award

Frances Botford Wins Danforth Prize for Year

Frances Botford, Detroit junior, was awarded the Danforth scholarship for this year in an announcement made at the annual Home Economics club banquet at Thursday evening.

A new idea, conceived by Mr. Danforth, food company official, the scholarship is awarded annually to an outstanding junior in the home economics department of land grant colleges.

Beginning July 18, Frances will spend two weeks of study in St. Louis, Mo., and then return to Michigan for two weeks at the American Youth Foundation camp at Shelby.

Besides her membership in the Home Economics club, Frances is president of Green Splash. Christine Horn, freshman from Lansing, was given a half scholarship to the same place.

The University of West Virginia glee club produced Shakespeare's "Romeo and Juliet" with men in all roles.

Campus Calendar

- Athenian-Independent Dance Tonight, Union ballroom.
- Lutheran Student Party Sunday, 6:30 p. m. Hunt Food shop.
- Grange Meeting Tonight, 7 p. m., room 400 Ag hall.
- Campus Inspirational Hour Sunday, 9 a. m., Band shell.
- State Track Meet Today, 1:30, College track.
- State-Marquette Tennis Today, 10 a. m., varsity courts.
- State Frosh-Western Baseball Today, 10 a. m., Old College field.
- State-Notre Dame Golf Match Walnut Hills Course, today, 10:30 a. m.
- Women's Marriage Lecture Monday, 8 p. m., Little Theater.

President Attributes Decade of Success to "Wholehearted Cooperation"

By NORMAN KENTON

"Whatever success I may have enjoyed in the last 10 years is due entirely to the wholehearted cooperation and spirit of cordiality manifested by the faculty and student body." So spoke Robert Sidney Shaw upon the eve of the celebration of his tenth year as president of Michigan State college.

But to this man who guided the destinies of the college through one of the most critical periods in its history should go considerable credit. For it was he who was

named to take over the position shortly before the time when a \$224,000 overdraft was casting great blurs of red on the financial balance sheet. Down at the state capitol a depression-minded group of legislators had slashed 34 percent of the annual appropriation.

Banks were closing in all parts of the country, freezing assets and cutting off all hopes for loans. College authorities were desperate. Into the breach stepped Robert S. Shaw with the dramatic announcement of a secret credit account he had been hoarding a-

way for some rainy day. In that account were 480,000 good American dollars—more than enough to tide over payroll demands. Three previous experiences as acting president had taught Mr. Shaw the value of executive foresight. From September, 1921, to April, 1922 he had first served as head of Michigan State. Then from June, 1922, to September, 1924 he was called to the position again. During this interim he brought into being what he had considered a longfelt need, a Liberal Arts division. On February 1, 1928 he

replaced former President Kenyon Butterfield as president, finally accepting the job as permanent on May 22 of the same year. During the entire depression period he had the distinction of not having to cut a single man from the staff. Payroll cuts averaged about 12 percent.

Administrative advances were not neglected during these last ten years. Positions of dean of men and dean of women were created, along with four new director's posts. Six new academic deans were appointed. Division

heads were urged to fill their staff openings with men of highest university degrees. The departments of hotel administration and physical education for women were founded.

What has been the President's outstanding observations of the college and of student life? "The beautification of the campus and the universal friendliness," replies Mr. Shaw. His plan for the future? To live near his orchard and nursery where he can experiment with his 150 fruit trees and orna-

mental tree collection. His hopes for future students? That they will preserve the "no smoking" tradition. "In all my 36 years I've never broken it once, although when I got home nights I made up for lost time," he concludes.

Pacific coast athletic authorities are planning a 150-pound football league.

A Facultyman Speaks Of Shaw's 10 Years

By L. C. EMMONS

From the point of view of the faculty the ten-year tenure of President Shaw has meant the most outstanding development of the College in its history. A mere recital of significant developments in this effort would require more space than is allotted for this editorial but one cannot refer to the past ten years without calling attention to many outstanding developments.

Foremost among these I think is the recognition that the College has received by being placed on the accredited list of the Association of American Universities. This placed the College in the class of the best institutions of the nation. Closely following this recognition came admission to the American Association of University Women, another signal distinction. At the present time a committee is busy with the preparation of information about the College to submit to the national officers of Phi Beta Kappa looking toward a request for a charter from this organization.

Within a ten-year period the student body of the College has grown from a total of 3,044 to a total for the year 1937-38 of 5,517. Such an increase I doubt whether

any college in the country can boast! This sudden popularity is not an accident. It comes as a result of the well deserved fame of the institution's program, its facilities and its faculty.

There have been many excellent additions to the faculty which have greatly strengthened the quality of the courses that are offered, and have added to the prestige of the faculty as viewed by other educational institutions. Our relations with other colleges have been further strengthened by our membership in a Cooperative Bureau of Educational Research which has attracted national attention and which has been partly financed by the General Education Board.

The beautiful new dormitories for women and one just being completed for men make possible proper housing and social training for both men and women. The establishment of the office of Dean of Men and the appointment of Dean Fred T. Mitchell as the first occupant of this office have meant much in the proper handling of men students' problems both among the fraternities and the independent group.

Campus improvements have been extensive. The paving of the campus roads, landscaping of grounds around many buildings and the planting of permanent trees, as well as the addition of the new dormitories, the Band Shell, the new Anatomy Building, the removal of the barns to the south of the river, the new wing on the Union Building and the completion of the Union Building have added greatly to the beauty of the campus.

The High School visitation program has served to acquaint the school officials of the state with the services that Michigan State College is able to render to the youth of the state and has resulted in a very fine spirit of cooperation between high school officials and College officials.

Summer school has been developed and extended under the leadership of Professor Crowe to the point where it is one of the leading summer schools of the Midwest. The Library has been permitted to extend its purchases and to increase its personnel so that the use of the Library by students is greatly augmented.

New departments, particularly in the field of the cultural subjects such as the Languages, Art, Speech and Dramatics have meant much in the proper handling making a name for the College in their separate fields.

A plan of retirement for the faculty has been worked out and is put into operation this year for the first time. Under its provisions those who have given long periods of service to the College may retire with a life income. The matter of leaves of absence for travel and advance study has been clarified with the result that many staff members avail themselves of the opportunity for self-improvement in this manner.

All of these things have added to the morale both of the student body and of the faculty with the result that the College can pride itself upon the fact that there is less misunderstanding and dissatisfaction in its student body and its faculty than will be found on most campuses of the country.

It seems incredible that all of these changes have taken place in a ten-year period but the records prove that they have and in spite of the most perilous economic conditions in the half-century. Without the wholehearted cooperation and the untiring efforts of our President so much could not have been done in so short a time.

We of the faculty appreciate more than we can express the wise and safe leadership we have had through times when a less able guide would have been satisfied to have the College merely hold its previous gains.

—Lloyd C. Emmons.

Shaw Farms As Hobby

President Starts a Model Farm, But Roads Cut Through

Playing at farming. What could be a better hobby for the president of an agricultural college?

For that is just what President Robert S. Shaw does in his spare time, specializing in those famous red apples which he gives out with such a lavish hand.

The farm, located at the intersection of M-78 and Harrison road, is made up of an orchard, a vineyard, and acres of woodland, which furnish many trees to the Michigan State college campus.

President Shaw originally had 160 acres of farm land. His idea was to form a "model farm." He was going to keep books, carry on agriculture scientifically, and would, at the end of 20 years, make public the records which he was going to gather.

For seven years the plan worked.

Then he awoke one morning to learn that his farm was to be cut in two by the formation of a new highway, M-78.

Then the East Lansing school district was enlarged, including his land, which brought a threefold increase in taxes.

Increasing responsibilities of the college took President Shaw farther and farther from his "model farm," until today his orchard and his nursery are all that is left of it.

"All trees in his orchard are short and crown out low. 'An old man shouldn't have to climb a ladder to pick apples,' he said. Last fall and winter President Shaw gave 200 bushels of apples to students and friends. The apples are handed to visitors in his office, or are sent in great quantities to dormitories and sororities.

There are many varieties of apples on his farm. Late and early varieties are grown so that there is a continual ripening of apples.

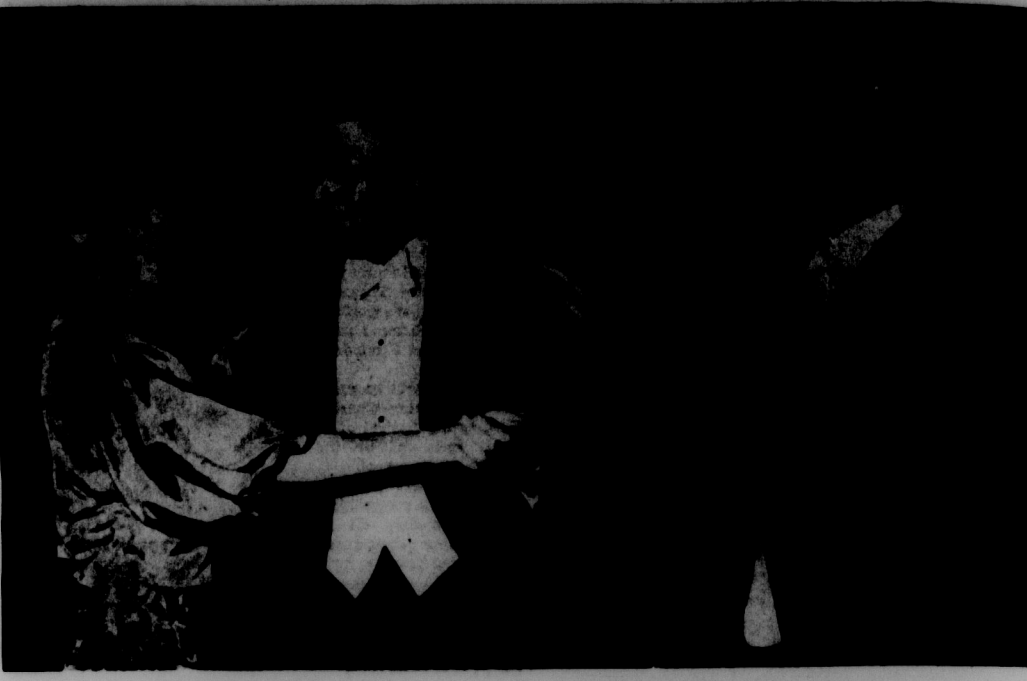

The president himself grew most of the trees that are now being transplanted from his farm to various parts of the campus. He estimated that from 2,000 to 3,000 trees on the campus have been taken from his farm.

Approximately 400 rock elm, a tree unfamiliar to this region, are growing on his farm at the present time. All were raised by President Shaw from seeds of a rock elm tree near the home economics building.

He has made extensive studies on grafting of nut trees. Countless thousands of wild flowers grow on his land. The trillium on his farm are considered by some people to be the "best bunch of trilliums north of Florida."

Pass In Review!

MICHIGAN STATE NEWS CAMERAMEN PRESENT HIGH POINTS OF THE CAMPUS WEEK

Above: One of President Shaw's duties is to attend campus social functions. He is shown here in formal attire and playful mood, "cutting in on" Secretary John Hannah who is dancing with Dean of Women Elisabeth Conrad. During his 10 years as president, Shaw has missed few formal parties. He has come to be regarded as being as essential as the orchestra.

Below: On the eve of his tenth anniversary as president of Michigan State college, President Shaw crowns Ruth Starke queen of agriculture at the Coronation ball. At one end of the dance hall the queen reigned from a flower draped throne.

Dean of Agriculture before he became President, Shaw still enjoys judging livestock, and is shown near the Dairy barn inspecting a prize bull.

President Shaw has always displayed an active interest in sports. He is shown here with Ben Benjamin N. Rainford, member of the State Board of agriculture. The pair stopped playing catch long enough to pose.

Above: President Shaw's chief hobby is his farm where he tries out the latest methods of scientific agriculture as developed by research workers.

Left: From his office in the Administration building the president pilots the course of Michigan State News. During its 10 years under his management the college experienced phenomenal development.

In the Rough

with Jack Gauntlett

It Happened . . .

... while wandering about the other day, we could not help but overhear a bit of humorous conversation. Johnny Marshall was speaking as we came into range. "I found the biggest one I ever saw in the basement of the basement of the Phi Tau house the other day." On the receiving end of this remark, Larry Hamilton replied, "Well, do you prefer it?"

At Long Last . . .

... Don Gouindas has finally cut the mustard and hung his pin. It seems that all his, um, he had designs for the home god. But every time he started for home his aiding brotherhood caused the pin to disappear. Finally, one day he fooled the boys, now, he's the pin graces the chest of Shirley Lisee of Royal Oak.

Barb Jenison . . .

... and Charlie Dutton spent last Friday afternoon and evening exploring the out-of-the-way places of the campus. Up and down elevators, through tunnels, on top of buildings, and through the alleys they played. This comes to our attention as something new and different in the way of a date. Says Charlie, "Boy! Sue is a swell date."

Evidently . . .

... Joy Besancon, Theta, would

modify that old adage about the apple. Going on the idea that "An apple a day keeps the F's away." For we have it that she recently presented her Econ. Prof. with a big, shiny, red apple. Tsk! Tsk!

Students . . .

... bearing the name of automobiles can be found with Fred Olds, Elaine and Wallace Hudson, Fred and Jean Lincoln, Clara Maxwell, Robert Nash, and there are eight or nine Ford's. Of course there are lots of that Eves around.

The Wedding . . .

... of Bill Kirkpatrick and Zerepha Blunk was a swell one—dusk only "12 minutes," said Buzz Buzzard, who may or may not be going steady with Freddie Olds, after attending the marital festivities in Plymouth Saturday. That's a lot of Blunk—but it ain't Blunk no more.

Dan . . .

... that little fellow with the bow and arrows slung another of his missiles. Arnold D. Ahlberg '39, being a speaker on the business funder of Sigrid Johnston. We have it that Sigrid comes from the land of cold snows and long winters. After all that is something to look forward to.

Stuffin'uff . . .

... Rudy Savio has the mental

capacity of a two-minute egg. A jokerster with whom we are fairly well acquainted just announced that he called up the Phi Delta, Sigma Gamma, S. A. E. and Hesperian houses the night of the Soph Spring cruise, and using a negro accent, caused a lot of consternation among the boys by announcing that he was Roy Eldridge, and a Phi Delta, or Sigma Gamma, or whatever the case called him, and asked for a bunk for the night. Naturally, we withheld his name, as the various outfits might decide maxhem too nice a fate for him.

Jimmy Hays, in crashing the Phi Tau party Saturday night, presented the Phi Delta invitation to the man at the door—who proved to be none other than Duane Metcalf, the Snake of Avey, and a Delta Chi, who was waiting for just such an opportunity. Roland Eix is anxiously waiting for next year, when his high school honey arrives on the local scene.

Imagine . . .

... if you can, our choice for the West Mary Mayo special: Legs by Sue White, hair by Betty Johnston, figure by Betty DuCheny, eyes by Gretchen VanSturten, mouth by Denny Mitchell, personality by Mary Helen Childs, clothes by Janet Hart and complexion by Orvie Press, the Mary Mayo steady.

Prizes Offered For Creative Writings

Contest Aims to Raise Standards of Student Work

The English students who enjoy writing, the Collegiate Review of Worcester, Massachusetts, has set up an ideal contest. Student authors of the three original manuscripts judged by the Review to be of the highest literary value, will receive awards totaling \$200. The first prize is \$125, second \$50, and third \$25.

The purpose of this contest is to stimulate the art of creative writing in colleges. The Collegiate Review feels that standards of writing in American colleges are placed at too low a level.

There are relatively few regulations governing the contest. Choice of subject matter and form is left entirely to the individual participant. Entries are requested to follow the usual manuscript form. Any students interested should contact C. C. Hamilton of the English department.

The Cynic, University of Vermont student newspaper, is named after the Cynic School, founded by Antisthenes, a follower of Socrates.

Four-act Play Will Be Presented Sunday By Anti-Saloon League

Drama Slated For Church

Faculty Members Will Take Part In Presentation

Under the auspices of the Anti-Saloon league, members of the congregation of Peoples church will present a four-act play entitled "Senator North's Deciding Vote", Sunday, May 22 at 8 p.m.

This temperance drama will have the following cast: D. L. McBride, J. D. Menchhofer, V. A. Freeman, W. D. Baten, E. L. Lee, H. C. Barnett, Roy W. Bennett, Dr. D. C. Mosher, F. L. Hendrick, Clarence Morris, Ernest Shimmel, R. V. Gunn, Mrs. D. D. Worcester, Mrs. E. L. Grover, Dorothea Shubel, Mrs. A. L. Leathers, Rev. O. E. Ames will be promoter.

To show how government officials are coerced into voting for the passage of liquor laws in the interests of the wets is the theme of the play. Anti-saloon league members believe that such a drama will bring home the facts of our liquor legislation at a very opportune time.

This dramatization of Michigan's present liquor traffic in the state opens as Senator North, played by D. L. McBride, is trying to decide how to vote on legalized liquor traffic. His vote was the one that originally legalized it, and now the issue is to be brought up again while there is still a close division of sentiment among the senators. He calls in all interested drys for facts in order to decide how he shall vote.

The wets, who have grown suspicious, send their interests to visit him, a representative of the Brewers and Distillers committee, the secretary of the State Women's organization against Prohibition, and the state party political boss.

While tremendous influence is brought to bear on him, so that he will not vote dry at the coming elections, how he voted and why, is the climax.

City Library Adds New Books Recently

Thirteen adult and juvenile books have been added to the local library during the past week, according to Mrs. E. T. Crossman, librarian.

The adult books are: Allen, "Action at Aquila"; Carr, "To King Trustee"; x-Wake the Dead"; Hall "The Library Trustee"; Kermode, "Drawing on Scratchboard for Beginners"; Miller, "And One Was Beautiful"; Rawlings, "The Yearlings"; Ricketts, "Ann Singleton"; Simkhovitch, "Neighborhood: My Story of Greenwich House."

Books for children include: Becker, "Bob Becker's Pet Book"; Boy Scout Book of Outdoor Hobbies; Brock, "Till Potatoes Grow on Trees"; Casner, "Exploring Geography"; Casserley, "Barney the Donkey."

Legion Backs Ball League

As part of the nation-wide program to further athletic ideals among American youths, the American Legion William Riker Johnson Post No. 205 is again sponsoring a junior baseball league this year for East Lansing boys under 15 years of age.

The eight-team league, under the supervision of Fred Shaver, East Lansing high school physical education instructor and athletic coach, started play the first of the month.

At the end of the season all boys with a perfect attendance will be rewarded with a trip to Detroit. This all-day holiday includes a visit to the Detroit zoo and a Detroit Tiger baseball game.

One game in the league is played each night on the Valley Court diamond at 6:30 o'clock. They are five-inning affairs.

The teams entered and their managers are: East Lansing Bank, Davey Holbrook; Musselman Realty, Tom King; Adams Grocery, Don Smith; B. A. Faunce Co., Ed Pearce; Rainbow Recreation, Jack MacCris; Hurd's Men's Shop, George Sangster; Strothers Grocery, James Atkinson; and Hunt's Food Shop, Jack Kobs.

COMING ATTRACTIONS

Sunday, Monday and Tuesday May 22-24—"Jezebel" with Betty Davis and Henry Fonda.
Wednesday and Thursday, May 25-26—"Everybody Sing" with Judy Garland, Allan Jones and Fanny Brice.
Friday and Saturday, May 27-28—"Romance in the Dark" with Gladys Swarthout, John Boles and John Barrymore.

Bailey School Notes

Miss Dorothy Dele, kindergarten teacher, was ill Monday. Mrs. Peterson taught in her absence.

The second grade children are studying ants in nature class. They have an ant hill in a glass jar which they observe every day. Besides their ant exhibit, they also have a stone collection in their room. Bill Cleary was in charge of getting the collection ready for exhibition. In order to see how a siphon works, the second graders have been siphoning water.

The fourth grade has been experimenting with measuring perimeters of buildings. They have measured the perimeter of the school building and of rooms in their homes. The children have been taking an imaginary trip around the world, and at the present time they are studying India.

The fourth and sixth grade boys went on a hike to Pinetum Saturday.

Jack Cautley, the winner of a trip to Washington, D. C. for his excellent work on the safety patrol, told of his trip in an assembly Friday. Some of the places he visited were Mount Vernon, Lincoln Memorial, Washington Monument, and the Tomb of the Unknown Soldier.

Central School Will Present Fairy Tale

1938 Operetta is Magic Bean Stalk

The operetta, "The Magic Bean Stalk," will be put on by students of East Lansing Central school, May 25, at 7:30 p. m. It will be held in the auditorium of the East Lansing high school.

Final preparations are being made by the students, many of whom are making their own costumes in class.

This operetta is being directed by Miss Virginia Weisinger, instructor in music for the East Lansing schools, with the assistance of the grade teachers.

Trojan Golf Team Bows to Central

East Lansing high's golf team bowed down to Lansing Central by a margin of 14 strokes on the soggy Walnut Hills course Wednesday afternoon. The final score was East Lansing 368, Central 354.

Bill Otto led the unsuccessful Trojan quartet with the medal score of 86. Bob Tansey shot a 93, Harvey McGinis a 97, and Dick Wood a 96 for East Lansing.

The linksmen will see action next Saturday at the state regionals.

Duke to Address Relations Club

Donald Duke will speak on "Black Gold in Mexico" at the next meeting of the International Relations club, to be held Thursday evening, May 19, in room 105, Morrill hall, at 7 o'clock.

All faculty members and history majors are invited to attend the meeting. Written invitations have been sent to outstanding history students.

Instructors Attend Spud Convention

C. L. Nash of the economics department and H. C. Moore, potato specialist of the farm crops department, were in Detroit recently, investigating the requirements of the potato chip companies as to production and storage conditions. This industry in Michigan is using upwards of one-half million bushels of potatoes per year and is interested in using Michigan potatoes if they meet requirements.

State's first Minstrel Friday, June 3rd. Band Shell. Admission 50c. Buy tickets now at 25c.—Adv.

Board of Review Will Hear Tax Complaints

The East Lansing board of review at the close of its regular four-day session Thursday decided to give the townspeople another day to file complaints with the board concerning property assessments on the tax rolls.

The board will convene at the city hall Thursday, June 2, to receive any complaints not filed during the past four days.

British Beet Men to Visit

East Lansing Stop Part of Six-Weeks' United States Tour

Frank Rayns and G. F. N. Battle British experts on sugar beet culture, will be in East Lansing May 31 to study beet experimentation now being carried on at the Michigan State college experiment station.

The inspection tour will be under the direction of J. G. Lill, who heads the sugar plant investigations at the college.

Rayns is director of the Norfolk agricultural station, Sprowston, Norfolk, and a member of the British Sugar Beet research committee, while Battle is personal assistant to the executive committee of the British Sugar corporation.

The East Lansing visit is a part of a six-weeks' tour being made by the men in the United States and Canada. They plan to study the beet industry from all angles, observing work being done in different agricultural experiment stations. After their visit at the college they will leave for eastern Canada.

CARNIVAL

(Continued from Page 1)

during the day. Buddy Sika, 14-year-old Montague boy who tampered on roller skates, and Elmer and his Michigan ramblers, hill-billy band from Ingha, were the star attractions. In addition, students and faculty members took part in musical and novelty numbers.

Early in the evening a section of the road intersection at Ag. Hall and the chemistry building was blocked off with an ancient police force. Corn meal was spread on the asphalt, and in this rustic atmosphere carnival visitors danced to the music of Arno Weiss and his orchestra.

Students served as barkers and managers for all sideshows, and also as guides for the exhibits.

Foresters to Trek To Grand Ledge

The foresters' picnic, an annual send-off for senior foresters, will be held at Grand Ledge Wednesday afternoon and evening, May 26. The picnic, which is sponsored by the Forestry club, is open to all foresters.

The picnic will be a general get-together, with ball playing the main event on the program, to be followed by a short meeting.

Transportation to and from the picnic will be provided by cars and college buses. A committee, headed by Wayne Rifenbush, president of the Forestry club, has charge of arrangements and tickets.

Herbert Will Address Forestry Conference

Prof. F. A. Herbert is attending the Tri-State Forestry conference at St. Paul, where he will deliver two addresses.

His subjects are, "Tax Delinquency," and "Costs and Means of Financing Rehabilitation Projects." The conference includes foresters from Michigan, Wisconsin and Minnesota.

Prof. Herbert will return Monday.

Dean Anthony Speaks to Beef Feeders

Dean E. L. Anthony, head of the agriculture department, was the main speaker at a banquet held by the Beef Feeders group. After a tour through Lenawee county the group attended a banquet at Blissfield.

Caswell Will Speak At Forum

City Manager Government to Be Talk Subject

Prof. J. T. Caswell, of the political science department, will address the Forum at Peoples church, Sunday, May 22, at 12:00. The subject of his address will be, "Some Disadvantages of the City Manager Form of Government."

The city manager plan is a comparatively recent innovation in city government. In 1922 there were but 22 cities having this form of government. The figure has now grown to more than 300.

Saginaw is the most recent Michigan city to adopt it. East Lansing is submitting the city manager form of government to its voters for a decision on June 16. The advantages and disadvantages of this plan of city government, therefore, have a timely interest for the people of East Lansing, and should attract the attention of many of its citizens, Caswell explained.

Professor Caswell has made an intensive study of many of the cities now operating under city manager government.

The Forum meets at 12:00 in the Governor's room. The public is invited to attend Forum meetings.

Senior Women Hear Rand

Miss Winifred Rand, child psychologist at Merrill-Palmer school, will speak to senior women on "The Child in the Family" as the seventh in the series of lectures on marriage. The lecture takes place Monday, May 23, at 8 p. m. in the Little theater.

Among the topics to be discussed by Miss Rand are adjustments within the family attendant upon the arrival of a baby, the rearing children, the attitude of cooperation of husband and wife older children toward the baby, and children as people.

Alma Kerr to Speak To Omicron Nus

Mrs. Alma Kerr, acting director of women's and professional projects in Michigan, will speak before an open meeting of Omicron Nus, national home economics honorary society, Tuesday evening, in room 101, home economics building. The subject of her talk will be "My Experience Among the Indians of Wisconsin and Minnesota."

Mrs. Kerr has traveled extensively in the Orient, formerly teaching home economics in Baghdad, Turkey. Recently she has established U.P.A. projects in Wisconsin and Minnesota for the rehabilitation of unemployed factory workers.

Hill Attends Farm Economics Meet

F. B. Hill, farm management head and a representative of the American Farm Economic association, attended a committee meeting of the American Farm Economists association at Detroit, Friday, May 20.

Hill attended to cooperate with the representative of other national economic social science organizations in making arrangements for the 1938 annual conference which is to be held in Detroit in December.

Casque and Cascel is the name of the interfraternity relations board at the University of New Hampshire.

Trojan Net Squad Downs Big Reds

Registering their fifth victory of the season in six starts, and their second straight over the Big Reds, East Lansing high's netters turned back Lansing Central, 4-3, on the Ranney courts Wednesday afternoon.

The Trojans won but two of the five singles matches, but rallied in the doubles and captured both matches. Richard Dawe started by winning his singles tilt in the fastest match of the meet, 4-6, 6-3, 8-6.

Leonard Gardner had an easy time in his clash, winning in straight sets, 6-1, 6-0. In the No. 1 doubles Gardner and Dawe paired to win, 6-2, 6-2, and in the other match Herbert Hoover and Bob Cardine triumphed after a bad third set, 6-3, 3-6, 9-7.

The summaries: Singles: Eber (L.) vs. Lavoock (C.), 6-3, 6-2; Eber (L.) vs. Porter (C.), 6-0, 6-0; Eber (L.) vs. Porter (C.), 6-0, 6-0; Lavoock (L.) vs. Lavoock (C.), 6-0, 6-0; Lavoock (L.) vs. Lavoock (C.), 6-0, 6-0; Lavoock (L.) vs. Lavoock (C.), 6-0, 6-0.

Science Club Initiates

Sigma Xi, national honorary science society for the promotion of research, initiated 13 new members at 3 p. m. yesterday in the graduate study room of the library. After the formal ceremony, the members and initiates attended the annual spring banquet.

The Union building.

Dean J. G. Lippman of New Jersey State college was the guest speaker. His address will be on "The Use of Land Resources."

Those who were initiated are N. D. Peacock, professor of horticulture from the University of Tennessee; W. D. Baten, J. F. Sykes, Gladys Bond, T. R. Cox, L. J. Chapman, Ernest Gessing, G. A. Johnson, Robert Langham, J. F. Maldonado, A. C. Orvedal, A. M. Ross and C. L. Weddell, all part or present members of the M.S.C. faculty.

Commissions Will Be Presented At Final Parade

Reserve commissions will be given at the graduating parade June 13 to those seniors who have completed their B. O. T. C. required work. It was announced by Pres. R. S. Shaw.

Brigadier General Karl Troedel from Fort Sherman, Ill., who has served on the general staff, is to present these commissions.

Tree Conference Hears Dressel

Assistant Professor Karl Dressel of the forestry department, who is on leave of absence this term, spoke at the Western State Tree conference at San Francisco recently. He is president of the National Shade tree conference.

Dressel has traveled through the south and west, visiting municipal forest and forest recreational projects and conducting alumni.

He will return to the campus in June.

Trojans Vie In Regional Clashes

Three Squads Face Final Tests Before State Tournament

Seeking to qualify for the state finals next week, three East Lansing teams face regional tests today. The track squad journeys to Grand Rapids, the tennis team to Hastings, and the golfers to Ann Arbor.

Track Coach L. C. Adams left this morning with a full squad of boys who will compete in the all-day program of trials and finals. All those who place third or better in their events will be entered in the state meet on the college track next Saturday.

The tennis' contingent, defeated but once this season in six meets, is expected to have an easy time in its regional tilt and should emerge the victor in its class.

Those who will play at Hastings today are Dick Lavoock, Lynn Penfield, and Roger Tull in the singles, Bob Cardine, Herbert Hoover, Leonard Gardner, Richard Dawe, Marcus Schaad, and Don Thum in the doubles. Coach Halie Smith and manager Allen Axline will accompany the team.

Those making the trip to Ann Arbor today are Coach F. Morse Cooke, Bill Otto, Bill Seard, Bob Tansey, Dick Wood, Harvey McGinnis, Jack Ewing, John Fabian, and Russell Hiding.

Bridge Group Will Have Guest Day

The Faculty Folk-State Lynchon bridge club will have a special guest day Wednesday, May 25, at 1 p. m. in Hunt's food shop. Reservations may be made by calling Mrs. Fendley Collins at 5-9397, not later than Monday evening.

Mrs. Burhans Visiting

Mrs. L. D. Burhans is visiting her daughter, Mrs. William Shuster, in Cincinnati, Ohio, this week.

SPORT INTERLUDES-

Our Prexy

By GEORGE MASKIN

This isn't the time of year for throwing first balls at opening day baseball games...

The president leaned back in his chair, and in his usual, soft-spoken manner explained his success on the mound depends for the most part on the distinguished figure named to receive his offerings.

"Give me a gentleman who has had experience catching and I'll throw the ball down the middle," the president revealed.

No Longer Active

Although no longer active on the diamond, the president still claims he can throw a mean, fast one, and at the same time declares his slow pitch is "just as bad as always."

The prexy thrills as much as the fan on seeing the ball out the heart of the plate. Yet, he has no desires of throwing the ball so that his catcher will step aside and let the apple sail through to the backstop.

Consequently, President Shaw tosses his fast ball (the accurate pitch) only when assured his catcher will not back away. On all other occasions, the prexy delivers his slow one, which rarely goes where he aims.

The prexy's just another Walter Johnson or Lefty Grove!

Stars in College

It was at Guelph high school in Ontario, the president first tried his hand at competitive pitching. Successful as a prep, he took to flinging more seriously at Ontario Agricultural college where he hung up an enviable record!

One of the teams the prexy faced was composed of Englishmen who were first-class cricket players. Unfamiliar with how baseball was supposed to be played, the English boys temporarily introduced a novel way of batting.

Three-Sport Man

The president also went in for tennis and basketball during his collegiate days, becoming one of the few three-sport men in the school at the time. He also tried his hand at lacrosse, a popular sport in Canada.

In the late nineties, President Shaw was out in Montana where he pitched on what today would be called the sandlots. Only in those days no amateur leagues existed, and getting games wasn't the easiest job.

Since coming to State around the turn of the century, the prexy has done little pitching. He works out each spring, however, when the baseball season approaches to prepare for his annual assignment of pitching the first ball.

State's No. 1 Fan

President Shaw takes in most of State's home baseball games. You'll also find him around at the majority of other local attractions in which Spartan teams are competing.

He's a sport fan at heart. Last December the prexy followed the State football team south to witness the Spartan clash with Auburn in the Orange Bowl. He's always at the Michigan-State game at Ann Arbor.

The president is Michigan State's No. 1 fan. And there is no denying it.

Spartans Qualify 25 Men For State Track Meet Finals

Near Another Title Wayne Follows State, Placing 14 Men; Bremer Shatters Record in Javelin

Michigan State's track team this morning had all but captured the State Intercollegiate championship for the second straight year and the thirtieth time in 23 years.

The Spartans ran away with principal honors in yesterday's preliminaries as they qualified 25 men for the finals which get under way today at 1:30 on the State track.

Women Teams To Oppose Michigan

By DOROTHY MILLER

Jerry North and Lois Herbage, leaders in the women's intramural tennis tournament, will lead a team of eight players which invades Ann Arbor Saturday to oppose the University of Michigan.

In addition to Misses North and Herbage, Kay Adams, Viberta McCain, Jean Jones, Jean Lamerson, Beverly Bendall and Anita Stuart will compete for State. All were among the first eight in the tourney.

Also going to Ann Arbor will be the golf and archery teams. At Ann Arbor the archery team will compete in the Columbian round.

The Intercollegiate Archery tournament closes Thursday, and the scores of the ten leaders were sent to Boston, along with those from numerous other colleges.

From the scores submitted will come the National Intercollegiate champion of 1938.

Girls participating in six practices are eligible to play on their class W. A. A. softball teams. Captains of the teams are Connie Johnson, freshmen; Lee Youngs, sophomore; Dorothy Miller, junior, and Kay Adams, senior.

At the conclusion of the W. A. A. schedule, an all-star team will be selected to face Wayne university here June 4.

Wells Hall Teams To Play Monday

Wells hall will resume play in their softball league Monday night with a pair of games. Ward B. plays Ward E, and Ward D meets Ward F, at 6:30 on the diamonds opposite the gym.

Phi Chis Annex Block Crown In Frat Baseball League

Playing in semi-darkness, inter-fraternity baseball teams battled through two games on muddy grounds Thursday night, so as not to prolong the schedule.

Phi Chi Alpha nose out Alpha Gamma Rho, 5-4, to win the block 4 title. Kilsbourn started for the Phi Chis and hurled effectively for four innings until he lost his control in the last frame.

Yabsley, relief pitcher, came into the game with two men on, two out, and a one-run lead. He rose to the occasion, however, and struck out the last batter to give the Phi Chis the victory.

Tom Pence got two hits to lead the Phi Chi batting attack. The other game saw the Delphics score a 9-3 triumph over the Beta Kappas. Bill Barkman and Dick Pearsall shared the pitching, hurling the Delphics to their first win in the inter-fraternity league.

Art Howland got the longest hit a triple with two on to give the of the game when he smashed out Delphics their margin of victory. Johnny Delong pitched well for the Beta Kappas but poor support by his team-mates and timely hitting by the Delphics led to his defeat.

Next Monday Sigma Alpha Epsilon meets Alpha Epsilon Pi and Delta Chi opposes Kappa Sigma.

Frosh Score Over Alma In Tenth

Nine Downs Scots, 5-1, for Fourth Victory in Row

By HAL SCHIRAM

Dame Fortune smiled favorably upon the Michigan State freshman baseball team Thursday afternoon as it persuaded Lady Pleuvius, rain goddess, to withhold her deluge long enough for the yearlings to conquer Alma college, 5-4.

A smart piece of baserunning by Bob Dodge in the tenth inning enabled the Spartan frosh to chalk up their sixth consecutive game of the season against no defeats.

With one down in the tenth frame and runners on first and second, Andy Anderson hit a sharp ground ball down to Tice, Alma third sacker.

Tice threw to second to force Gordon who was on first. Dodge, on second base when the ball was hit, came all the way home while the putout at second was being made.

Bob also collected two singles to share the hitting honors for the afternoon with his two teammates, Alex (Felix) Fisher and Ben Good.

Good slapped out two doubles in four attempts while Fisher connected in two singles in five trips to the platter.

The best pitching performance of the season was turned in by Holly Wilson for the Spartan yearlings. He pitched the first seven innings, struck out six, and allowed but three hits, and retired the first 11 men in order.

Jack Griffin finished the game, allowing three hits and one run in three complete innings.

The freshmen will pit their undefeated record against Western State Teacher frosh this morning at 10 a.m. on College field.

Windy Lewis, who pitched six innings against the Varsity Wednesday, is Coach Frimodig's likely choice as starting pitcher.

Spartan Trio Takes Polo Trophy

Michigan State poloists won the Michigan polo association championship last night by defeating the Lansing Red Wings, 10-8 1/2, in a hard-fought contest at Demonstration hall.

By winning last night, the Spartans gained the Bird trophy, which is awarded annually to the best polo team in Michigan.

State finished its association schedule with five victories and one loss. The only defeat was at the hands of the Demostrophes Thursday when the Spartans were set back, 15-7.

The victory culminated one of the most successful seasons State has enjoyed in recent years. The Spartans came through with nine wins and lost only two contests, the other being an outdoor match to the Iowa State team at Ames, Iowa.

The game last night provided plenty of thrills for approximately 200 spectators. The lead was constantly changing, and only in the last few minutes of the game did State's victory become certain.

George Burns narrowly escaped injury in the fourth chucker when his horse fell while making a sharp turn. Both came up unhurt and resumed play.

Yearlings to Play Practice Match

In preparation for their final game of the season at Western State net Tuesday the yearling tennis squad will engage in a practice meet against Battle Creek college on the Spartan courts Saturday.

Earlier in the season the yearling netters dropped a thrilling 4 to 3 decision to the Hilltop team. Fred Perkins, who is still undefeated, leads the freshmen. Irving Rawitz also has shown great progress on the road to the varsity team next year.

Nine at Normal State Seeks Second Victory of Season Over Hurons; Stark to Play First

By DON ANDERSON

Its eyes on victory number 14, the State baseball team faces Michigan Normal this afternoon at Ypsilanti determined to repeat the early season win over the Hurons.

Coach Kobs is expected to call on either Ray Dahlstrom or Glenn Rankin to face Normal, although a last minute switch may find George Monroe on the mound. Monroe beat the Hurons in the first game.

Normal is far from being a weak team, having won the majority of their games this season. Like State, they have defeated the University of Michigan. The Spartans had a tough time beating Normal in the game played here, winning out 5-3 after a close struggle.

State will again play without the services of Sam Nuznov, slugging first baseman, who split a thumb in practice before the Armour Tech game. Sam will be out of action for several weeks which means he may not get into the Michigan game here on Decoration day.

George Stark, who performed so well in the Tech game, will fill in until Nuznov can again take up his duties.

Zachar, Normal's star right-hander, is the likely pitching choice for the Hurons. He was on the mound against State in the first game, going the full nine innings, and being charged with the defeat.

The game is the first of two in a row which the Spartans will play away from home, the return engagement with Notre Dame being scheduled for next Tuesday at South Bend. After that State returns home to meet California on Thursday.

12-LETTER MAN

Miles W (Mike) Casteel, assistant track coach here, was a 12-letter man at Kalamazoo college, winning awards in football, baseball, and track.

Golfers Close Home Card

The best all-around golf team in the history of Michigan State will close its home schedule this morning at 11 a. m.

Ed Flowers, Tom Brand, Roy Nelson, and Bud Tansy will tee off against the golfers from Notre Dame on the Walnut Hills course.

A victory will keep a record of six straight wins intact and equal the number chalked up in last year's win column. The boys would also be one step nearer their goal, an undefeated season.

Northwestern, who came within one point of breaking the Spartans' winning streak two weeks ago, have already defeated the South Bend squad, as did Michigan, twice victim of Coach Ben VanAlstyne's team.

If the rain doesn't interfere for the third straight time with the Spartan netmen, they will meet Marquette at 10 o'clock this morning on the cement courts.

With Len Kostitchek ready for action again, the State netters will be at full strength. Herm Struck is in No. 1 position, followed by Chester Olson, Kostitchek, Wendell Foltz, Charles Gibbs, and Ralph Jennings.

The regular doubles pairs will also be teamed again, with Struck and Olson at No. 1, Kostitchek and Gibbs at No. 2, and Rawitz and Foltz at No. 3.

The Spartans will be after their seventh victory in nine starts, having bowed only to Michigan and Kentucky.
