Summer Weather Improves City Library Circulation

By TOM MERCY

Whether it's cold or whether it's hot, people read books whether or not.

This new twist to an old axiom is proven right here in East Lansing where a good majority of the people spend their leisure time, both winter and summer, in reading.

Contrary to the popular conception that fewer books are checked out and read during the summer months, the circulation at the East Lansing public library equals, and has even been known to surpass, that of the winter months.

Last year in the month of August the high point in the cir-

20-Cent Cut Based on New Budget Figure

Insurance for Firemen, New Water Softener Get Approval.

East Lansing will have a tax rate cut of 20 cents, it was announced after the council meeting last Monday night.

Total assessed community tax was set at \$8.11, a decrease of \$1.532 over the present assessed valuation. The amount to be raised this year was set at \$79,408.16 and the new rate was fixed at \$9.20, a reduction of 20 cents from last year.

The problem of insuring Lansing firemen against hazards in combating local fires, and the financing of an additional water softening plant were also discussed.

Herman Henkel, Lansing insurance agent, was asked to obtain insurance rates from Lloyd's of London for protection for Lansing firemen against injury or loss from damage, theft, or collision of trucks. Lloyd's is the only firm which will underwrite such risks. The action was taken in compliance with a Lansing statute which requires such protection for city firemen. Definite figures on the insurance rates will be available within a few days.

Harry Hubbard, city attorney, was instructed to investigate the possibilities of obtaining WPA funds for the construction of an addition to the present water softening plant, which is operating at full capacity at present. He was also instructed to determine the feasibility of financing the balance of the cost by a bond issue.

Dean Reveals Progress Made

Dean L. C. Emmons of the Liberal arts division, announces that progress is being made toward a revised practice teaching schedule. All training facilities previously used except the East Lansing schools will be on a larger scale.

The college expects to establish the training for graduating teachers in the Mason school and in the Everett school south of Lansing. Facilities now available in Williamston and Okemos will be extended, as will be those of the Lansing schools.

Canoeing Still A Popular Pastime

"How far is it to Pinetum?" asks a summer school novice as canoe dock for the first time.

Then, if he conforms to the all-student canoe average, he will paddle his date up and down the river for two hours before returning to the home port. Again, if he is typical, he prefers to canoe after dark and favors the hours between nine and eleven.

The canoe renting business is good, attendants say, despite a decrease in population of the campus after spring term closed. Usually 75 rentals a day are made to students, except on Sundays, when all the canoes are kept busy all day.

The river was popular with the Wolverine boys who were visiting the campus, as judged by the number of canoes they checked out. The boys wore bathing suits, and then upset the canoes just for the fun of it. For this reason they were not permitted to take pillows which are spoiled by repeated duckings.

NYA Supplies Aid to Many

Applications From Needy Students Fill Office.

N. Y. A. is an up and coming project, says Glen O. Stewart, director.

Four hundred fifteen students were on the payroll each month last year, with a total average of \$450 a month. The office is flooded with requests from needy students for the coming year. A student must need financial aid in order to fill out the complicated blank offered. The project caters to upperclassmen and places them in positions concerning their majors.

A student earns an average of \$15 a month which, when added to what he picks up outside will get him through school if he is frugal. He need not work on the campus only; some times he is placed on off campus community projects. A good example of NYA work is the signs on the buildings throughout the campus.

Delegates Attend State Convention

County Agents Close Session

Finish 4-Day Discussion of National Ag Plan

During this week 72 agricultural agents from Michigan counties have been attending a conference at Michigan State college. The topic of the conference, which started Tuesday morning is, "What Is a Desirable National Agricultural Program?"

Each day of the conference a program is in progress on the second floor of the Union building. The topics for each days discussion are: discussion of the background of agricultural programs; the place of government in modern society; regionalism, nationalism, and internationalism; and the problems of social adjustment and administration.

The meeting will close this noon, when the agents depart for home.

Forestry Camp Will Open July 5

Over sixty students are expected at the forestry summer camp at Dunbar, near Sault Ste. Marie, where classes will begin July 5. The session will continue until September 9.

Classes will be offered in mensuration, silviculture, milling, and allied subjects. A number of field trips will be made to various points in the upper peninsula and Canada.

Assistant Professor Merrill Deters will be in charge of the camp, and will be assisted by a staff of five instructors.

Scoop Says:

Detroit.

Mr. Arvid Jouppi,
Michigan State News.

Dear Arvid:

Before I packed my tooth brush and what little other belongings I call my own into a suitcase and headed for here the other day, you suggested I turn out something each week for your summer school edition.

You said it would be okay for me to comment on sports in general, in that the college athletes at present are taking things easy after a long strenuous campaign.

Arvid, as I recall, one of the last things you mentioned before we separated was "What's wrong with the Tigers?"

Can't Explain It

Well, I have been here since Friday and seemingly no one in Detroit can explain the current only fair showing of the Detroit team. Not even Leo MacDonnell, a gent who has been with the team daily since the Tigers went to work in Lakeland.

Leo just shakes his head in a puzzled manner. "Guess it just is one of those things, but they should get going pretty soon," Leo told me the other night.

MacDonnell's last statement is typical of the words pouring forth from loyal Detroit rooters. As I write this the Tigers are in fifth place, nine games back of the Indians, but they won't be there for long, the fans insist.

The Tigers are fully aware, however, the season hasn't reached its halfway point and many a team enjoying a commanding lead in June may blow the margin along with the top rung by the time September rolls around.

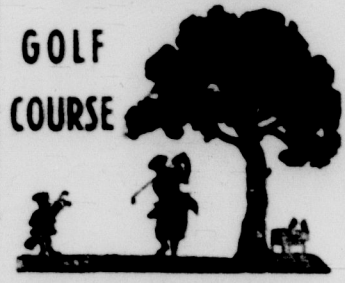

Too Good a Team

Around Briggs stadium the general consensus of opinion is that Detroit is too good a ball club to miss landing in the first division.

"The Tigers pack too much power at the plate. Their pitching staff when right is as good as any in the league, save Cleveland's. Defensively the Tigers are hard to beat."

That's what you hear around the ball park. And, Arvid, the fans are dead serious. Some of the upstaters may have given up all hope of De-

State Netters Lose at Chicago

Spartans Fail to Qualify as
Struck Goes Down in
Second Round.

Michigan State will have no entries in the national intercollegiate tennis meet July 4-6 due to defeats suffered in the qualifying meets at Chicago Tuesday.

In the singles, Chester Olson was defeated by Marvin Wachman, Northwestern, 6-1, 6-4. Charles Gibbs defaulted to Milton Reuhl, Western State, and Leonard Kositchek lost on a default to John Kriestinstein of Chicago. In the second singles round Chester Murphy, Chicago, defeated Herman Struck, 6-2, 6-1.

Struck and Olson were beaten 6-1, 6-4, by Shostrom and Jorgenson, Chicago, in the doubles, while Kositchek and Gibbs defaulted to Murphy and Murphy, also of Chicago.

Adams, Holt, Tied for League Lead

Schultz Hurls Five-Hit Ball
as East Lansing Downs
Valley Farms, 7-2.

Staging a five-run rally in the eighth inning, East Lansing Adams' triconty softball team defeated Valley Farms, 7-2, at Mason Tuesday night.

Harry Schultz went all the way for the winners, allowing Valley Farms but five hits and setting 12 men down on strikes. East Lansing connected for 11 safeties.

Valley Farms came from behind in the sixth to tie the score at two runs on two hits and a base on balls. East Lansing came to life in the eighth with a six-hit barrage to net five big runs.

By this victory, East Lansing moves into a tie for first in the western division with Holt. Both teams have won six games and lost two.

In an exhibition game at Port Huron last Sunday, the Star Oil team of Port Huron, last year's state champions, defeated East Lansing, 8-0. Wayne Parish connected twice for East Lansing's only hits.

East Lansing will meet Mason tomorrow night at 6:30 at the Marble school field.

troit copping the title. But the Detroiters haven't.

Detroit has the stuffings of a championship team. The only trouble thus far has been the Tigers can't get together. When a few of the boys are going good, the others are lousy, and vice-versa.

This situation won't exist indefinitely. Detroit is certain to snap out of its slump and begin operating like the Tiger teams have the last four years.

Arvid, don't sell the Tigers short, and tell Seth and Krieger to hang on tight.

Yours, as always,
George.

State Captain Defeated After Pacing Field in Opening Round.

Ed Flowers, captain of this year's State golf team, bowed in the second round of the National Golf Collegiates at Louisville, Ky., Wednesday.

Flowers fell to Lewis Oemig of Virginia, one up only after both had birdied on the 18th hole. In the morning round Wednesday Flowers defeated Willie Shea of Georgetown, 2 up.

In the qualifying rounds Monday and Tuesday, Flowers established himself as one of the favorites when he finished in fourth place with a score of 150. He carded a one-over-par 72 in Monday's play to pace the entire field. His Tuesday score was 78.

Three other State golfers failed to survive the qualifying tests. Tom Brand and Roy Nelson toured the links in 157, three strokes over the qualifying limit. Bud Tansey shot a 163 to place far behind the leaders.

All Philosophers. Says Fischback

"We are all philosophers," said Rev. Julius Fischback of the Lansing First Baptist church in his chalk cartoon lecture in the Union ballroom last night.

"In so much as we make up a program for our lives, putting one thing on a higher level than other, we have a philosophy."

The Rev. Fischback observed that the complexity of modern life has made former beliefs seem inadequate. Human relationships must be made the important aspect of life to harmonize the picture.

Helen Roberts Sholl, organist of the Peoples church and head of the organ department of Michigan State college, will give a recital at the Portland M. E. church on the evening of July 1. The recital is in celebration of the first anniversary of the dedication of the organ.

Six Go to AAU Meet

Michigan State will have six varsity track men competing in the National AAU meet at Buffalo today and tomorrow. The men who made the trip are Wilbur Greer, Harvey Woodstra, Gayle Robinson, Lodo Habrie, Ken Waite, and Dick Frey.

Because all former college champs who have maintained their amateur standing are allowed to compete, this meet promises to be plenty tough.

A few of the ex-collegiate stars included in this group are Forrest Towns, Olympic high hurdle champion from Georgia; Alan Tolmich of Wayne, and Bill Sefton and Earle Meadows, Southern California, co-holders of the world's pole vault record.

Among the summer students at the State Agricultural college at Fort Collins, Colorado, will be found Miss Margaret B. Harris, assistant state home demonstration leader of this college. She will return July 15.
