Today's Campus**Royal False Alarm**

Students walking in front of the Union at noon Wednesday were deceived by the cry of "Royals are on the Campus," as a shiny car, painted with red, white, and blue streamers, and a Holland man, who drove up and parked his car in front of the Union, announced the story of Princess Julianne, a Holland girl.

Hope Gives Prince Bernhard von Lippe-Biesterfeld's visit to Holland, Mich., where the princess received an honorary degree at Hope College. With this in mind, several students rushed to the car, having questioned proved that it was only visitors who took part in the Holland festivities Saturday morning. The royal couple dinner at the Hotel Lansing today before proceeding to Detroit, where they expect to stay at the Boston. Holland citizens will entertain them tomorrow. From all reports obtainable, they did not stop at Michigan.

Hour and Half To Go

It was in psychology class, J. M. Bobbit, instructor in psychology had just taken a whole hour to explain conditional responses, asserting that after a time continual simulation would produce no response. How comes it that after an hour and a half of tooting on a dance job I can play better than when I started?" asked a student. "Perhaps by that time you are not critical," cracked Bobbit.

Can You Dye It?

Michigan State carnivals are swell, but if you must paint on floats, remember to brush your hair out of your eyes in the sage advice of Barbara Godfrey, Detroit sophomore.

Barbara was painting antithetically on the sorority's float when an offending look of hair started swinging down her face.

Forgetting that her hands were covered with green paint, she brushed it back without a thought. The result: that everyone looks at her gingerly and asks if she has been painting her hair for very many years.

Fish for Corn

A touching tribute to the senior of Art Howland's band was paid recently by Bud Bell, who will take over the band next year. At a senior party, Bud, after a very tender speech which had everyone almost in tears, presented Art Bob Smith, Parker Rowe, and Jack Strickland with very dead, and very slimy fish.

Grid Game Causes Early Registration

Resolving students for fall term and register two days earlier than they did this year all on account of football game, it was indicated yesterday by the registrar's office.

Because the traditional Michigan-Michigan State football game fell earlier this year, September 12 regular upperclass students must enter the Thursday and Friday preceding, September 25 and 26, in order to obtain student books which include their ticket stubs.

Registration will proceed along the usual alphabetical order and regular class sessions will begin Monday, Sept. 29, following the game, regardless of the outcome.

Deans Make Awards; Howland, Meyers Win Scholarship Prizes

Four Receive Graduate Fellowships

By Ken Kuhn

Four of the divisional awards for the school year 1940-41 were made today as a result of the naming of student winners of academic awards in the Liberal Arts and Veterinary Divisions by the deans.

Named winners of Michigan State scholarships, \$100 each, awarded annually to the graduating senior man and woman who maintained the highest grade during their four years at M.S.C. were:

John Edward Myers, Agricultural Administration with 3.92; Max Meyers, the Physics department with

the Chemistry department with 3.89; and Robert Myers, the Chemistry department with 3.87.

The four awards were given by the deans at the annual graduation exercises.

John Edward Myers, the Chemistry department with 3.92; Max Meyers, the Physics department with

the Chemistry department with 3.89; and Robert Myers, the Chemistry department with 3.87.

The four awards were given by the deans at the annual graduation exercises.

John Edward Myers, the Chemistry department with 3.92; Max Meyers, the Physics department with

the Chemistry department with 3.89; and Robert Myers, the Chemistry department with 3.87.

The four awards were given by the deans at the annual graduation exercises.

John Edward Myers, the Chemistry department with 3.92; Max Meyers, the Physics department with

the Chemistry department with 3.89; and Robert Myers, the Chemistry department with 3.87.

The four awards were given by the deans at the annual graduation exercises.

John Edward Myers, the Chemistry department with 3.92; Max Meyers, the Physics department with

the Chemistry department with 3.89; and Robert Myers, the Chemistry department with 3.87.

The four awards were given by the deans at the annual graduation exercises.

John Edward Myers, the Chemistry department with 3.92; Max Meyers, the Physics department with

the Chemistry department with 3.89; and Robert Myers, the Chemistry department with 3.87.

The four awards were given by the deans at the annual graduation exercises.

John Edward Myers, the Chemistry department with 3.92; Max Meyers, the Physics department with

the Chemistry department with 3.89; and Robert Myers, the Chemistry department with 3.87.

The four awards were given by the deans at the annual graduation exercises.

John Edward Myers, the Chemistry department with 3.92; Max Meyers, the Physics department with

the Chemistry department with 3.89; and Robert Myers, the Chemistry department with 3.87.

The four awards were given by the deans at the annual graduation exercises.

John Edward Myers, the Chemistry department with 3.92; Max Meyers, the Physics department with

the Chemistry department with 3.89; and Robert Myers, the Chemistry department with 3.87.

The four awards were given by the deans at the annual graduation exercises.

John Edward Myers, the Chemistry department with 3.92; Max Meyers, the Physics department with

the Chemistry department with 3.89; and Robert Myers, the Chemistry department with 3.87.

The four awards were given by the deans at the annual graduation exercises.

John Edward Myers, the Chemistry department with 3.92; Max Meyers, the Physics department with

the Chemistry department with 3.89; and Robert Myers, the Chemistry department with 3.87.

The four awards were given by the deans at the annual graduation exercises.

John Edward Myers, the Chemistry department with 3.92; Max Meyers, the Physics department with

the Chemistry department with 3.89; and Robert Myers, the Chemistry department with 3.87.

The four awards were given by the deans at the annual graduation exercises.

John Edward Myers, the Chemistry department with 3.92; Max Meyers, the Physics department with

the Chemistry department with 3.89; and Robert Myers, the Chemistry department with 3.87.

The four awards were given by the deans at the annual graduation exercises.

John Edward Myers, the Chemistry department with 3.92; Max Meyers, the Physics department with

the Chemistry department with 3.89; and Robert Myers, the Chemistry department with 3.87.

The four awards were given by the deans at the annual graduation exercises.

John Edward Myers, the Chemistry department with 3.92; Max Meyers, the Physics department with

the Chemistry department with 3.89; and Robert Myers, the Chemistry department with 3.87.

The four awards were given by the deans at the annual graduation exercises.

John Edward Myers, the Chemistry department with 3.92; Max Meyers, the Physics department with

the Chemistry department with 3.89; and Robert Myers, the Chemistry department with 3.87.

The four awards were given by the deans at the annual graduation exercises.

John Edward Myers, the Chemistry department with 3.92; Max Meyers, the Physics department with

the Chemistry department with 3.89; and Robert Myers, the Chemistry department with 3.87.

The four awards were given by the deans at the annual graduation exercises.

John Edward Myers, the Chemistry department with 3.92; Max Meyers, the Physics department with

the Chemistry department with 3.89; and Robert Myers, the Chemistry department with 3.87.

The four awards were given by the deans at the annual graduation exercises.

John Edward Myers, the Chemistry department with 3.92; Max Meyers, the Physics department with

the Chemistry department with 3.89; and Robert Myers, the Chemistry department with 3.87.

The four awards were given by the deans at the annual graduation exercises.

John Edward Myers, the Chemistry department with 3.92; Max Meyers, the Physics department with

the Chemistry department with 3.89; and Robert Myers, the Chemistry department with 3.87.

The four awards were given by the deans at the annual graduation exercises.

John Edward Myers, the Chemistry department with 3.92; Max Meyers, the Physics department with

the Chemistry department with 3.89; and Robert Myers, the Chemistry department with 3.87.

The four awards were given by the deans at the annual graduation exercises.

John Edward Myers, the Chemistry department with 3.92; Max Meyers, the Physics department with

the Chemistry department with 3.89; and Robert Myers, the Chemistry department with 3.87.

The four awards were given by the deans at the annual graduation exercises.

John Edward Myers, the Chemistry department with 3.92; Max Meyers, the Physics department with

the Chemistry department with 3.89; and Robert Myers, the Chemistry department with 3.87.

It's Knocking Now

The opportunity to kill two birds with one stone or make a double play usually appeals to students. The reason that there are so few made is that students fail to recognize such opportunities.

For instance, summer vacations to many means a chance to loaf and relax at the family cottage. Others have to work for their next year's tuition; they are always looking for opportunities.

They have long ago figured out that the nation's defense program is going to open jobs to them. However, this advantage, as far as students are concerned, won't be used up by those who are used to working all summer.

In fact, those who expect to spend a summer loafing—in a rigorous way, of course—are needed to apply their skill and the dexterity of their hands to fulfill the program to which the nation is fast becoming dedicated.

Moreover, the ready cash, even if it isn't a strict necessity with some, gives one a feeling of power and independence—and a right to spend it without question.

The two-way opportunity is offset by the fact that the cottage will be deserted except for week-ends. But, for argument's sake, students can rationalize that they are taking a vacation from vacations.

? And What ? Do You Think ? ? ?

By TOM GREENE

ONLY A FEW MORE DAYS left of the polishing season. By the way, government experts are now experimenting with a new kind of apple which was discovered, naturally, in California. The new pippin has neither core nor seeds . . . no waste, no squat, no stoop . . . and it is extra large, weighing more than a quarter of a pound. A creation like that ought to really bring up those marks from mid-term.

of the advertising staff of the Wolverine at 10 a.m. Saturday at the Wolverine office. John Craig, staff manager, announced yesterday.

NAVAL AIR CORPS—

Students interested in joining the Naval Air Corps may be interviewed Thursday and Friday from 9 a.m. to 12 and 1 to 3:30 p.m. in the main lobby of the Union, according to an announcement by Ensign J. J. Jadin, instructor at Pensacola, the Florida station.

Landscapeists Leave On Trip to Cleveland

Five senior landscape architecture majors left Monday morning for a week's trip to Cleveland, Ohio, to visit the Cleveland park system and various estates in the vicinity. They were accompanied by Prof. C. W. Barr, of the landscape department.

Those making the trip were Earl Peterson, Flint; Ashley Randall, Lansing; Thomas Brown, Detroit; and Jack Halligan and Robert Peters, North Jackson, Ohio.

B & G Boss Breaks Department Work In Two Divisions

Among the other changes of importance that have graced Michigan State in recent years are those made in the building and grounds department. W. A. Davenport, superintendent, has put the duties of building and grounds into two main divisions, cleaning and structural departments.

E. E. Shibley, former assistant foreman, is now foreman of the cleaning division.

The structural division will handle all painting, carpentry, cabinet making and allied crafts. These last include the making of kites which was previously handled by the radio division. This function has now been made a separate department.

Construction of all temporary staging, seating, and any other work of this type will also be handled by the structural division.

A California Institute of Technology professor estimates there are 1,000,000 earthquakes a year.

A few radicals probably will object that there is no fun in the game if there isn't the hope that the prof will choke on a seed.

I, THE REPORTER who wrote the story, and the whole staff generally, are digging ourselves out from under the ruins left by a withering blast of sarcasm, via a penny postcard. Regarding a story about "M.S.C. Shadows," which mentioned the "Sextet from Lucia" as a possible source of the melody, the writer has this to say:

"Dere Mr. Greene,

. . . The "Sextet from 'Lucia'" is not from "Rigoletto," but strangely enough it is from "Lucia de Lammermoor" by Donizetti.

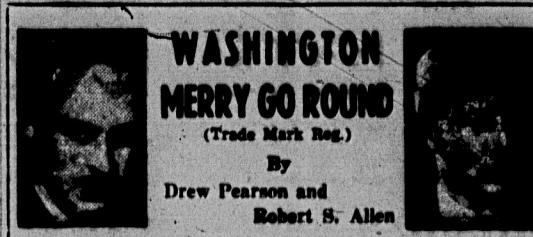

In the future when writing such learned articles, you'd better check with the music dept."

MY, MY, SUCH ERUDITION! However, it sounds reasonable and the State News is properly chastened. Just the same, while neglecting our culture for the more commonplace things of life, we did learn how to spell, after a fashion. Of course, "Dere" is not exactly wrong, but it does date back to the time of Chaucer, and somehow seems a little out of place. The writer of the missive didn't sign his or her name, probably because of modesty, or, horrible thought, is it possible that they didn't know how to spell it?"

THERE ISN'T TIME right now to consult the music department, but I would like to venture the opinion that "M.S.C. Shadows" is a fine song. Coming at the close of Lantern Night proceedings, it certainly sounded the way an alma mater should. I still like the old one, too, sung either to the original music or to the tune of "Jingle Bells," making three good M.S.C. songs. Well be all set now if students will learn the words.

WHICH IS PROBLEMATICAL, to say the least. Incidentally, if you are looking for something new, get one of the government booklets advertising U. S. Savings bonds. Printed therein are three verses of the "Star Spangled Banner" in case you never have seen the words. If the OPM doesn't take it over, we may dedicate the State News office this summer to be used as a practice hall for persons wishing to learn to sing the "Star Spangled Banner." That would form a nucleus to fight the menace of the "God Bless America" group.

GOD BLESS AMERICA is easier to sing, it is true, but simplicity does not make it better. It is a fine tune, if you like it, but it is not the national anthem. There is nothing particularly wrong with standing while it is played or sung, except that it is rather foolish. The patriotic effort could better be used in some other, more constructive, way . . . but don't tell Kate Smith I said so.

(Copyright, 1941, by United Feature Syndicate, Inc.)

WASHINGTON.—When the auto makers (with the exception of General Motors) thumbed their noses at Price Administrator Leon Henderson and boosted prices, they fanned up more trouble for themselves than they ever imagined. Possibly they started what Britain long ago instituted—the curtailment of auto production.

For War department chiefs immediately advised the White House that if the auto moguls were unwilling to cooperate with the Government in the control of prices, then it was time the Government stepped in to curtail production, which should have been done long ago.

Army and Navy heads long have been sure about the fact that the OPM ordered only a 20 per cent reduction of auto output. They wanted a reduction of at least 50 per cent.

Recent admissions that a serious steel shortage is in the offing have added point to this demand.

Next, the auto industry is the chief consumer of steel; also of alloys, which are of supreme importance in making tanks, planes and other arms.

CANT FILL ORDERS

A confidential Army memorandum to the President reported nearly 200 specific instances in which companies could not promise to deliver urgent defense orders in less than eight to fifteen months, because of heavy auto industry commitments.

This assumption flatly asserts that the only way to obtain the huge amounts of steel required for pipeline, freight car and ship construction is to cut down the amount going into automobiles. Otherwise it was declared impossible to meet the production schedules set by the President.

NOTE—Ambassador Wanamaker expressed astonishment to Roosevelt at the high level of production the auto industry is being allowed to maintain. He stated that Britain long ago geared auto output to defense needs.

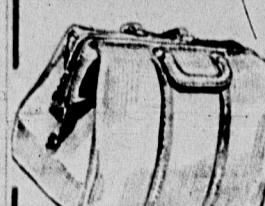

MAY CLAMP DOWN

Proposed solution of this bottleneck is mandatory steel priorities now possible under the newly enacted Priorities Act. The auto industry would get only a proportional share of the metal left over after allocations had been made for all defense needs.

Defense orders would not have to wait their turn. Instead, steel output would be apportioned arbitrarily on the basis of defense requirements first, the rest divided among consumer industries. Incidentally, this last allocation would be in the hands of Henderson, no lover of auto makers.

Under such controls it is possible that auto output would be slashed by as much as 75 per cent. There are some defense chiefs who contend that if a cut of this size had been made three months ago, there would be no steel shortage now.

British Nearing Damascus; Strikers Return to Work

British forces are within sight of the famous minarets of Damascus, capital of French-mandated Syria, despite attempted French counterattacks against the advancing British mechanized columns, the British high command claimed yesterday.

Although British and Free

French commanders admit the French claims of "stiffened resistance," General de Gaulle, commandant of the Free French army, said that the main body of Allied troops is within ten miles of the Syrian capital.

Using a psychology adopted by the Germans in the battle for the Maginot Line, British troops are reported to be using loud-speakers to appeal to the Vichy troops to desert and give their allegiance to General de Gaulle's cause.

German troops have not been used to support the Vichy troops in Syria, and an Ankara, Turkey, dispatch quotes a German diplomat as saying, "No German soldiers will be sacrificed in Syria."

NAZIS OK JAPANESE MOVE

Official German approval of a threatened Japanese move against the Dutch East Indies caused hasty speculation among official Washington circles yesterday.

A German spokesman intimated

yesterday that the Berlin government would approve any Japanese aggression against the Dutch islands.

Officials of the Dutch East Indies recently refused a Nipponese request for increased quantities of war materials.

Despite Germany's official ap-

proval, the Japanese ambassador to the United States assured Sec-

retary of State Cordell Hull yes-

terday that Japan was not con-

templating any such move.

STRIKERS RETURN TO WORK

More strikers filed back to work at the North American Aviation plant at Inglewood, Calif., yesterday as army officials kept a watchful eye over the factory.

Col. Charles E. Branshaw de-

clared that union officials had

good-naturedly accepted the ar-

my's refusal to allow the workers

to march back to work in a body

and the government's demand that

they return to work.

Commissions Will Go To Seniors; Honor 54

118 Will Receive Reserve Ranking

By CONNIE MARCUS

The hundred and eighteen senior ROTC students will be presented with reserve commissions by the United States Army by Maj. Gen. Charles H. Bonesteel, commander of the Sixth Corps area. After the final review to be held yesterday at 8:15 a. m., it was announced by Lt. Col. A. C. Gandy, head of the college military department.

The ceremony will be held in honor of Bonesteel, who will later attend the commencement exercises of Pres. R. S.

Best of July, after several weeks active Howland Cadet Col. and Chester Kennedy, field artillery, will resigns in the regular commissioning students will receive commissions as second lieutenants according to Zerow.

Cavalry

Second Captains: Francis A. Lanning, Frederick J. Rockwood, Charles Butler, Holloman, William R. Hanson, James P. Pennington, Robert A. Anderson, Harry E. Kennedy, Royal C. Kennedy, Royal C. Janz, Lansing, coast artillery.

WOMEN WIN CUPS

Presented by the Girls' Rifle Association of Michigan State College to the winners of the independent and sorority rifle matches, cups were awarded Betty K. Koronoski,

Besserer, Joyce A. Stellenger, Detroit; Elaine F. Moore, Lansing; and Madeline N. White, Grosse Ile.

The Seabald and Blane medal awarded to the outstanding first year advanced course student of the four units went to Cadet Lt.

George E. Willis, field artillery.

Willis also received the field artillery medal awarded by the United States Field Artillery Association to the outstanding first year advanced course student of that division.

REDFERN GETS MEDAL

The Coast Artillery medal awarded by the United States

Coast Artillery Association to the outstanding first year basic student of each unit of the Officers' Club medals went to Edwin W. Ciolek, Michigan City, Indiana; Frederick M. Ayers, Beloit, Wisconsin; Woodrow W. Wilcox, Dearborn, field artillery; Alfred W. Porter, Lansing, coast artillery.

Medals awarded by Company D, 3rd regiment, Pershing Rifles, to the outstanding first year basic student of each unit were presented to Clark S. Campbell, East Lansing, infantry; Herbert E. Holmes, Chelmsford, Massachusetts; Louis J. Brand, Grand Rapids, field artillery; Angus B. Legget, Detroit, coast artillery.

WIN SWEATERS, NUMERALS

Sweaters and numerals awarded by the Athletic Association of Michigan State College to the members of the Michigan State College and ROTC rifle and pistol teams were presented to the following:

William C. Salton, Port Huron; Dale G. Fallon, Tupper Lake, George

Grand Island, New York; George Shantz, Lansing; Thomas H. Russell, Battle Creek; Joseph H. Land, Toledo, Ohio; John J. Murphy, Ossining, New York; Harry May, Toledo; Marion Manahan, Toledo; Louis P. Pirozzini, Jr., New York; Charlotte J. Smith, Toledo; Eddie Glenn Sheehan, Toledo; George Solt, Toledo; John J. Coughlin, Toledo; Jo Wayne, Toledo; Leo Twiss, Marshall, Wyoming; Kansas City, Missouri; and Robert Kirk, Detroit.

Lorna Jean Ball to Serve As Tower Guard Head

Lorna Jean Ball, Mason, will be Tower Guard president for the coming school year, succeeding Shirley Freeman, East Lansing, it was revealed at Lantern night ceremonies held in the Band shell Tuesday night. Awards were also given to 32 women for outstanding service to A.W.S.

Five hundred fifty women took part in the procession of lighted Japanese lanterns winding through the campus in one of the most beautiful of all Michigan State college traditions.

The Officers' club award, given annually to the outstanding first year advanced course student, went to Cadet Col. Arthur J. Howland, East Lansing.

Chicago Tribune awards presented to the outstanding second year advanced student in each unit went to Cadet Lt. Col. Robert E. Smith, Lansing, infantry; Cadet Lt. Col. Chester E. Kennedy, Royal Oak, cavalry; Howland, field artillery; Cadet Maj. Frederick C. Janz, Lansing, coast artillery.

Awards of white cartridges presented by Marjorie Baldwin, retiring A.W.S. president, for women who have officially served A.W.S. during the year went to Dorothy Hunter, Charlotte Whittemore, and Patricia Killian, for work on A.W.S. handbook.

Other officers of Tower Guard are Vice-president Charlotte Fern, Palmer Park; secretary, Neva Ackerman, Unionville; treasurer, Mary Reineking, East Lansing.

Awards of white cartridges presented by Marjorie Baldwin, retiring A.W.S. president, for women who have officially served A.W.S. during the year went to Dorothy Hunter, Charlotte Whittemore, and Patricia Killian, for work on A.W.S. handbook.

SHAW SPEAKS ON PROGRAM

Awards for work on the freshman and sophomore system went to Florence Winkler, Frances Huber, Autie Seeger, Lois Liggett, Laura Mae Lealand, Emily Rawdon, Betty Cormanday, Thelma Kleinhenz, Carolyn Tunstall, Lois Barley, Grace Capone, and Mary Clark.

For work on freshman mentality, Helen Hebbelwhite, Ruth Grayson, Betty Jo Asmund, Alice Peery, Jean Grant, Nedra Smith, Dorothy Marsh, Ruth Ann Gates, Marion Stanley Andrus, Lois Fox, Dorothy Kornacki, and Margaret Jamison, received citations.

Speaking at his last of 18 consecutive Lantern night programs, Pres. R. S. Shaw charged students to do more in the present and to the present duties rather than to think about tomorrow's work.

Following the presentation of new A.W.S. Parades, and Major Board presidents, the lanterns were passed from class to class, officially closing the year's activities for women.

In addition to officers, 45 new members were initiated into Tower Guard.

Those initiated were Neva Ackerman, Unionville; Wanda Awrey, Detroit; Lorraine Jean Ball, Mason;

W. K. Kornacki, Palmer Park; Clyde W. Button, Farmington;

Ralph J. Troy, Romeo; Russell J. Martin, Pontiac; Robert L. French, Dearborn; Willard H. Parsons, East Detroit; John A. Church, Midland; Robert E. Engstrom, Detroit; Lee V. Brink, Sulliman, Valparaiso, Illinois; Clark S. Campbell, East Lansing;

Robert W. Sackes, Detroit; Albert W. Randolph, Jackson; Richard H. Brady, Bellair; William L. Morris, Flint; William C. Seal, Marshall; Gust F. Pilots, Lansing; Peter J. Van Valken, Parma;

Robert L. French, Dearborn; Charles G. Smith, Detroit; Myron F. Schmitt, Detroit; Don R. Hill, Bellair; Clara S. Campoli, East Lansing; Burton J. Schumpe, Detroit; Donald L. Wallace, Detroit;

Robert Smith, Lansing; Alben Emerick, Detroit; Robert Kirk, Toledo; Robert Smith, Lansing; Alben Emerick, Detroit; Charles J. Wise, Pontiac;

PISTOLMEN GET MEDALS

Outstanding members of the Michigan State college and ROTC pistol team receiving medals presented by the United States Field Artillery were Cadet Lt. Richard H. Reiley, Bellair; Cadet Lt. William L. Morris, Flint; William C. Seal, Marshall; Gust F. Pilots, Lansing; and Cadet Lt. Peter J. Van Valken, Parma.

Michigan State college ROTC training corps awarded medals to the following members of the M.S.C. and ROTC rifle team: Zenon E. Ostrowski, Detroit; Donald MacKenzie, Lansing; and Warren Bright, Flushing.

OTHELLO

(Continued from Page 1)

Joe Kroll was especially apt in his scenes with his mistress, Bianca, played by Nadine Hermanson. Miss Hermanson's Bianca was a possible character, straight, coarse, strumpet, until Cassio's death when she buried her sorrow.

—Lois Richards redeemed a somewhat unlikely Emilia in the first four acts by her stirring, only

slightly shrill tirade in the last act.

Charles Calkins started out as the lively father of Desdemona in the first scene but bogged down after his first excitement. Unlike Calkins, Russell Miller never quite captured the character of Roderigo, the daughter's thwarted suitor.

Ensemble grouping on the Shakespearean stage was professionally worked out, and much variety of mood was achieved.

Jones Will Pitch Against Broncos

When the Spartans travel to Kalamazoo for a return game with Western State Saturday, it will be Al Jones, the East Lansing junior, who will start on the mound against the Broncos, Coach John Kobs revealed yesterday.

Kobs' decision to throw the right-hand fastball comes as a result of the game Jones tossed against the University of California. The State mentor had orig-

inally intended to start big Frank Mekules, who handed the Kalamazoo nine its first defeat in 19 starts here a few weeks ago, but Mekules has not regained his winning form since that game.

The lanky Detroit junior has lost two games since the pitching masterpiece against the Broncos losing to Iowa 5-2 and to California 8-5. On the other hand, Jones lost a close 3-2 decision to Iowa

and then rebounded to shutout the Golden Bears 7-0 in last week's game. By so doing, he became the first Spartan pitcher to throw a shutout this season, limiting the west coast nine to a sparte three hits in the process.

As a result of several good days last week, Howard Ladue, the surprising sophomore leftfielder, virtually has cinched the 1942 batting crown. Ladue is now hitting .415, almost a hundred points higher than Bill Fitzsimmons, the only regular whose average can approach the Royal Oak lad's mark.

Fitzsimmons, however, is pacing his teammates in most of the extra base columns. The Buffalo junior leads in doubles with eight in triples with four, and is tied in home runs with two. Three batters, Capt. Norm Duncan, Casey Klewicki and Wy Davis, are tied in runs batted in with ten.

The Spartans as a whole, are batting .265, 15 points under their 1940 average of .280.

Professor Gilbert Lueninghoen of Midland college is directing construction of a Riches-Field type reflecting telescope, designed especially for study of the Milky Way.

Frats Split Honors In Two-event Relay

Phi Delta Theta and Kappa Sigma divided first-place honors in the Interfraternity relays run Tuesday on the new track.

The Spartan team of Joe Goundrie, Harvey Johnson, Jim Hook and Don Congdon won the 440-yard event, while the Kappa Sig quartet of Bill Harrison, George Weber, Jim Beardell, and Howard Pound placed first in the 880-yard relay.

Sigma Alpha Epsilon, with a second in the 440 and a fourth in the 880, tied for second place with Sigma Nu, who placed third in both events. The total scores were Phi Delta Theta 5, Kappa Sigma 5, Sigma Alpha Epsilon 4, Sigma Nu 4, Hesperians 3, Alpha Gamma Rho 0.

Thinlies Pick Arrington For Honor

Coach Names 11 to Receive Major Letters

Capt. Walter A. Arrington was selected as the first annual recipient of the M. M. Knappén track and field award by a unanimous vote of the coaches and squad members yesterday afternoon at a meeting held in Jenison gymnasium.

The Spartan leader, who was by far the outstanding individual of State's 1941 team, will end his four years under the Spartan banner this weekend at Palo Alto, Calif. in the NCAA meet. He is slated for the high jump and broad jump.

Coach Karl A. Schlademan termed the award as "undoubtedly the most valued honor that Arrington has received this year."

ELEVEN GET LETTERS

Eleven trackmen and three managers have been named to receive major letters this year. The letters will go to Walter A. Arrington, Sidney R. Breisher, Earl C. Cady, Robert C. Craig, Bruce Dryman, James A. Milne, Jerry M. Page, William J. Scott, August Sunnen, Leo P. Wren, Frank Warner, Fred N. Southworth, Harvey Marshall, and Herman A. Birnbaum.

Twenty-four freshman numerals were also awarded and went to Stewart J. Mathias, Leonard C. Baker, Robert E. Barron, Harry N. Barnes, Wilford P. Bennett, George Byelich, Samuel F. Calvert, Robert D. Carrier, Hugh H. Davis, Charles F. Derr, John D. Dodge, Phillip R. Emmons, Maurice L. Gorski, Raymond C. Hutchies, Jack N. McNight, John N. McLaughlin, Walter C. Mack, Stewart J. Miteas, Leonard C. Millerick, William S. O'Brien, Budd F. Smith, William Walters, Ralph P. Manning, William Her-

witt, and Frank H. Beeman.

Varsity polo letters were awarded to Jonathan R. Burton, Capt.

Edward P. Chaze, Frederick Gibson, John I. Mathewson, Norman A. Spatz and Robert C. Powell.

Freshmen receiving polo letters were Dean E. Ballenger, Harold E. Diegel, Earl W. McIntosh, Virgil W. Meeker, Thomas L. Millerick, William S. O'Brien, Budd F. Smith, William Walters, and H. Robert Vaughn.

Twenty-four freshman numerals were also awarded and went to Stewart J. Mathias, Leonard C. Baker, Robert E. Barron, Harry N. Barnes, Wilford P. Bennett, George Byelich, Samuel F. Calvert, Robert D. Carrier, Hugh H. Davis, Charles F. Derr, John D. Dodge, Phillip R. Emmons, Maurice L. Gorski, Raymond C. Hutchies, Jack N. McNight, John N. McLaughlin, Walter C. Mack, Stewart J. Miteas, Leonard C. Millerick, William S. O'Brien, Budd F. Smith, William Walters, Ralph P. Manning, William Her-

witt, and Frank H. Beeman.
