

Gabes and El Hamma Fall As British Pursue Rommel

MICHIGAN STATE NEWS

Daily Student Publication of Michigan State College

Patton's Flank Attack Forces Axis Retreat

ALLIED HDQ. IN NORTH AFRICA, March 30 (AP)—Gabes and El Hamma fell to the triumphant British eighth army beating swiftly up the Tunisian east coast to night in contact with the rear guard of the mauled and enfeebled Axis army which was imperiled on its flank as well by American columns driving toward the sea against the escape corridor.

Rommel's rear guard maintained stubborn resistance, and his sappers planted thousands of mines and booby traps to cover the withdrawal, a retreat that had no aspect of a rout.

On the Axis left flank, American forces were smashing at enemy machinegun outposts in the mountainous area east of El Guetar, and other U. S. troops in the Maknassy region hurled back three German counterattacks designed to give Rommel elbow room on his retreat.

New Zealanders were in the vanguard of the British pursuit of Nazi Marshal Erwin Rommel and their advance through Gabes from the captured Mareth line amounted to a gain of more than 20 miles in a day and night.

Three American forces of Lieut-Gen. George S. Patton, Jr., were deployed in the mountain heights along the grand dorsal of central Tunisia, adding their threats against the fleeing Rommel to that of the eighth army and the overwhelming Allied air support.

The overpowering strength of the commanding Allied air forces struck again and again at Rommel's heavily burdened transport and communication lines north of Gabes. The Germans tried vainly to frustrate these punishing blows and lost 17 planes yesterday to 10 for the Americans and British.

Frame to Be MSC Math Head in Fall

Dr. J. Sutherland Frame, head of the mathematics department at Allegheny college, Meadville, Pa., will become head of the same department at Michigan State next September when he replaces Prof. L. C. Plant, acting head since last term.

Doctor Frame obtained his degree from Harvard and took post-graduate work in Germany and Switzerland. He was professor of mathematics at Brown university for six years. He is also a member of Phi Beta Kappa.

U. S. Invites United Nations to Meeting

WASHINGTON, Mar. 30 (AP)—The State department announced tonight that the 38 United Nations have been invited to a conference with the United States April 27 on post-war food problems. The conference will be held "at some suitable place in the United States" to be announced later.

The meeting will be concerned with long-range food problems rather than the immediate post-war relief needs.

State News to Cover Aircrewmen's Doings

Beginning with today's issue, the State News will be distributed daily to all men of the 310th College Training Detachment (aircrew) on campus. As soon as their regular courses begin a space in the State News will be made available regularly for doings and personal items of the airforce men written by certain of their members.

Heads AAF Here

MAJOR RAYMOND S. RESIEN, formerly of the Gulf Coast training division, Randolph field, Texas, has been named commanding officer of the army air forces cadets who began to arrive at Michigan State late last week. The unit here will be known as the 310th college training detachment.

Roosevelt Reveals Plan to Air Farm Labor Problem

WASHINGTON, Mar. 30 (AP)—President Roosevelt disclosed today that steps are underway to relieve the farm labor shortage by:

1. Releasing from the army many experienced farm workers over 38.
2. Organizing a land army of college students.
3. Importing agricultural workers from the Bahamas, Jamaica, and Mexico.

The chief executive discussed broad plans at a press conference after meeting earlier in the day for a general survey of the farm situation with his new food administrator, Chester C. Davis, Secretary of Agriculture Wickard, and leaders of major farm organizations.

The farm organization leaders, it developed, were informally commissioned as a food advisory board and invited to confer regularly with the President.

It was announced during the day that the army had turned over about 12,000,000 cases of canned vegetables, fruits and juices to the food distribution administration which will release them gradually to augment civilian supplies. The army will replace the stocks with purchases from the 1943 pack.

Red Army Fights Through Mud to Capture More Towns

MOSCO, March 30 (AP)—Russian forces near the Yartsevo line guarding Smolensk claimed the capture of three more villages south of Bely today and other Soviet troops thwarted all German efforts to cross the Donets river east of Kharkov.

The thaw that turned the 1,600-mile front into slush denied either army a chance for large-scale operations and the noon communique declared no essential changes took place overnight.

Weather
Continued warm.

EAST LANSING, MICHIGAN, WEDNESDAY, MARCH 31, 1943

NO. 101

Air Force Cadets Swell Depleted Enrollment

Today's Campus

... Smart Fellers

The new army air cadets displayed their initiative almost as soon as they got here. A conspicuous example occurred during the time they were restricted to campus late Sunday. They hired small East Lansing boys to go across the street to get them ice cream cones in order to avoid going out of bounds.

... Near Tragedy

First student traffic accident of the term occurred yesterday afternoon when Meribah Rowlette, L.A. '44, intoxicated by the spring weather, began to roller-skate blithely across Grand River and stopped for a bus. At that moment the front wheels of the skates came off and Miss Rowlette fell into the side of the bus. Coming up without a scratch, she muttered something about "Cheap skates," and went horseback riding a safer avocation.

... Oddfellow

speaking before senior ROTC members yesterday afternoon, Col. Dorsey R. Rodney, campus PMS&T, stated that curfew hours must be observed on Friday night as well as other week-nights. "This has to be," he said, "because some fellow might want to study on Friday nights." Passes will be available, however, he said.

Ruml Plan Voted Down by House

WASHINGTON, Mar. 30 (AP)—The house today rejected the Ruml plan, 215 to 198, with Democratic representatives ringing up their first major victory of the 76th congress, and then sidetracked all pay-as-you-go tax legislation, including proposals for a 20 per cent withholding from wages and salaries. All current tax payment proposals went back to the ways and means committee, whose chairman, Rep. Doughton (D-N.C.), said he did not know whether the pay-as-you-go question "ever will come up again."

RAF Attacks Berlin in Pre-Invasion Aerial Blow

LONDON, March 30—While Berlin still staggered under the shock of its second bombing by the RAF in three nights, German authorities acknowledged today that the wave of Allied aerial blows possibly "marks the beginning" of an invasion of the continent, and Britain started clearing the coasts for use as a springboard for landings in Hitler's Europe.

For the 60th time since the war began, RAF bombers roared over the German capital in an overnight raid described officially as both heavy and successful. Twenty-one big bombers failed to return.

Enrollment Hits 3,714; Decrease of Under 1,750

Enrollment of students for spring term dropped to 3,714 as compared to an enrollment of 5,491 last spring term and an enrollment of 5,450 last term, Registrar R. S. Linton announced last night, following completion of registration.

The decrease was precipitated by the withdrawal of some 1,500 Army Enlisted Reserves at the end of winter term.

Of the total enrollment, 1,669 are men and 2,045 are women while last year's figures show 3,467 men and 2,024 women. The former ratio of three men to two women is now reversed to one civilian man to two women.

Campus population will remain the same in spite of this decrease by the addition of air force cadets and other students under the army specialized training program.

Union May Form Boarding Group

The Union is considering a special boarding club for civilian students, Emery Foster, Union manager, stated yesterday.

The formation of such a boarding club would hinge on the number of students who would sign up for it, Foster said. "If enough students are interested, we can open a boarding club on the second floor of the Union. Students would be able to eat for a dollar or less a day without waiting in line," he said.

Foster asked that all students interested in eating at such a boarding club sign their names.

Several paying positions as carriers on the State News are open for spring term, according to Paul Walker, circulation manager. Those interested can leave their names, addresses, and phone numbers with him in the State News office in the Union annex basement today and tomorrow.

addresses and telephone numbers on a form provided in the Union office.

Foster also revealed that the Union cafeteria will be open for business as usual.

College Takes Over Fraternities, Men's Cooperatives for Duration

All fraternity houses and men's cooperatives are now leased and held by the college with four now in use by the senior ROTC men, according to Men's Housing Director Ron Heath.

ROTC men are housed according to corps, with the coast artillery men in the Sigma Alpha Epsilon house, field artillery men moving into the Delta Chi house, quartermaster and signal corps taking over the Delta Sigma Phi house, and the infantry and cavalry living in the Phi Delta Theta house.

The 220 men will not yet be under military discipline, according to Capt. George H. Branch, ROTC adjutant, although an informal bed check may be held. No definite orders regarding the status of the senior ROTC men

Fledglings Alter Complexion of Spartan Life

By DEE DEARING

In the short time of a week, M.S.C. has gone earnestly and wholeheartedly military with the arrival of over 1,000 air force students during spring vacation from all sections of the country.

These students, now an integral part of the campus and entitled to take part in all campus activities, will receive about 700 hours of academic and military instruction apart from their actual flight training during their five-month study program here.

Week Has 68 Hours

A one-week program amounts to approximately 68 hours of study, with 15 hours of physics, five hours of mathematics, and five hours in each of two of a trio consisting of history, English and geography. Also included will be six hours of physical education, six hours of military training, two hours of medical aid hygiene and civil air regulations, 12 hours of flight training, and 12 hours of supervised study.

Michigan State professors will teach the academic courses. Cadets are slated for a 17½ hour day including three hours at ease for breakfast, lunch and dinner. Taps will be sounded at 10 p. m.

This pre-flight school will prepare the air crew students. See CADETS—Page 2

A-12, V-12 Exams to Be Held Friday

The qualifying test for the Navy V-12 and Army A-12 training programs will be given at 9 a. m., Friday, in room 310, Vet clinic, according to Paul L. Dressel, secretary of the orientation committee.

Those eligible for the tests will include students who are between 17 and 22 and who are not members of any reserve branch of any of the services.

Men qualifying in these tests will be interviewed later by a board to determine their eligibility for continuing their education in this or similar approved college program at the expense of the army or navy.

Applications for taking the tests may be made at the orientation office, according to Dressel.

have been released from Washington, D. C.

Civilian students now enrolled are occupying Wells hall and private homes in Lansing and East Lansing. The 300 ordnance soldiers formerly living on campus moved to the Olds hotel on March 26.

Four fraternity houses, Elsworth and Hedrick co-ops are being held by the college for 500 army engineers, 300 pre-med students, and 350 vet students who may arrive some time this spring or by September, Heath said.

As a result of a national high school army test to be given Friday, outstanding students will be selected for specialized training. Heath estimated that 500 to 1,000 of these students may be sent here.

In Campus Quarters

By HELEN SCHMIDT and
SCOTTIE MACNEAL

BECAUSE so many boys have left school, two new news services have been born. The ATO alumni are planning to print a monthly magazine for their men in the services, and the few remaining Kappa Sigs at State, under the auspices of their alumni, will print a bi-weekly newspaper in the manner of "letters to the services."

It was announced during vacation that Teresa Gadaleta, of Lansing, is engaged to Henry Simons Quiroz, recent graduate of State. No date has been set for the wedding.

During vacation Kay Wattles, Alpha Chi, received Jordan Jenkin's ATO pin. Mary Ann Kronback, AOPI, now wears Bob Bofink's Sigma Chi pin and Mary Voorhees, Alpha Phi pledge, wears the Hespia pin of Bob Pokorny.

Len Rowe, delivered his Delta Sig pin to Joy Randall, Alpha Gam.

Elsworth house showed optimism in electing its spring term officers since all but two, Don Doty, steward, and David Blake, social chairman, are navy men.

The other elected officers are: Ralph Newton, house manager; Armand Marinaro, purchasing agent; Bud Boylan, treasurer; John Prueter, secretary; Max Hoffman, education chairman; and Gerald Brooke, membership chairman.

MSC Men Talk at Meet

Twenty-eight Michigan State college professors participated at the 48th annual meeting of the Michigan Academy of Science, Arts and Letters held at the University of Michigan last Friday and Saturday, led by Dr. H. R. Hunt, zoology head of Michigan State college and president of the academy.

CADETS

(Continued from Page 1)

for bombardier, navigator and pilot training, with a turnover of 300 men at the end of each training period.

Cadets are housed and fed at Mason and Abbot halls and are divided into sections of 25 with each section headed by a leader responsible for getting his group to classes, meals and other detailed activity on time.

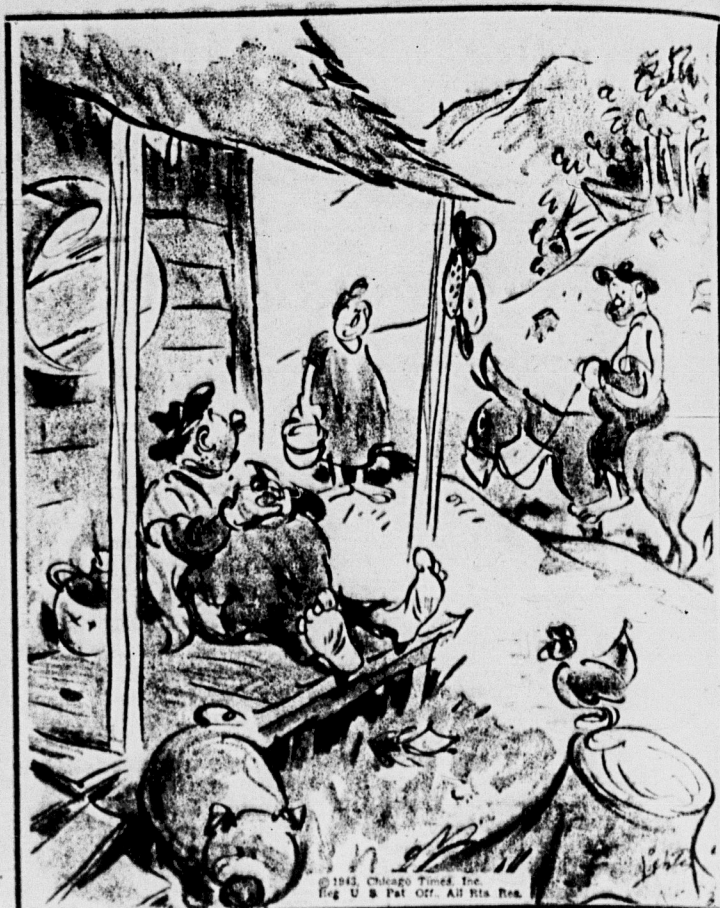

'Grad' Dies in Army Crash

M.S.C. graduate First Lieut. Ralph H. Sullivan was killed in a plane crash recently near Tonopah, Nev., while on a routine call. Sullivan was with the medical detachment of the army air forces.

Another air crash victim was Flying Officer Arthur Jarred, Jr., who was killed while on an operational flight over the Aleutian islands. Jarred lived in East Lansing and attended local schools.

Two Boxers Win Titles; Team Finishes Second

When plans were under way for the State News All-College boxing tournament last term, Coach Al Kawai remarked that a boy would not be at all surprised if a boy came out of the scuffle who would make the varsity before the season ended.

Kawai was bashful in his predictions. Not only did there arise a varsity man but a national champion out of that tournament. Charles Davey, freshman, 127-pound southpaw, won the collegiate title last week-end in Madison, Wis.

Along with Capt. William Karakowski, newly-crowned 100-pound champ, Davey brought national titles back to Lansing for the first time in Spartan boxing history.

Davey saw his first varsity action against West Virginia late in the dual season, after the freshman rule waiver made him eligible. In the final bout at the national tournament, the big-armed freshman speared Wisconsin's John Warren almost will to take an easy decision and the title.

"Little Bill" Zurakowski belted Jim Demos of Miami (Fla.) university all over the ring during the first two rounds in the 100-pound final. Demos tried for a comeback in the third round but found Captain Bill retaliating with side-arm rights to the head with too much consistency.

Wisconsin won the unofficial team title with the Spartan boxers finishing in second place ahead of Washington State college. The Badgers took five of the eight individual titles.

ROTCs Get Choice in Housing

Senior ROTC men will not be required to live in the fraternity houses converted into barracks for them if they have good reason to live elsewhere, until graduation, they were told yesterday by Col. Dorsey Rodney, local PMS&T.

They may be activated April 13, 14, and 15, as indicated before, or they may not be taken into the regular army until sometime in May or June, depending on future information from the War department in Washington.

Rooming facilities will be provided free for them according to present plans, with board offered in the Union at \$6.50 per week. Any man who is married, has a conflicting job, or some other good reason for not rooming and boarding with his ROTC unit, will not be required to do so. Final rules on discipline and hours will be set this week.

Milne Is Winner

Jim Milne hit his true stride for the first time this year when he captured first place honors in the high jump event at the Knights of Columbus relay carnival held in Cleveland last Saturday night. His winning leap was 6 feet 5 inches.

State Cinder Squad Ends Indoor Season

The Spartan thinclads closed their indoor track season last Saturday night in the Purdue relays at Lafayette, Ind., capturing only two places. Notre Dame was named the winner with 39½ points, Indiana being second with 24.

Spartan point makers were Hughie Davis who took a first in the 60-yard dash with the fast time of 6:4 and Ted Wonch who placed second in the pole vault with a jump of 13 feet 4 inches.

One week ago last Saturday in the Chicago Daily News Relays, Davis took second in the 40-yard dash which was won by Herbert Thompson from Jersey City in .04:4 to tie the world's record. In that meet Bill Scott ran his fastest mile of the year when he covered the distance in 4:14; but this was only fast enough to earn him a fourth place. Jim Milne took second in the high jump with a leap of 6 feet 2 inches.

Sigma Nu Quarantine Passes in Safety

Arthur Hegre, Eng. '45, and LeRoy Moore, L.A. '45, victims of the spinal meningitis siege which hit the Sigma Nus, are both back on the road to recovery. Moore, who was stricken after Hegre, was released from the college hospital on Sunday, while Hegre, is still registered there.

The quarantine on the 35 Sigma Nu brothers was lifted Saturday, March 20. Only the two cases were reported during the two week period in which it was in force.

Dean's Father Dies

E. L. Anthony, dean of Agriculture division, received word late last week of the death of his father, Homer G. Anthony, 82, in Pueblo, Colo. Dean Anthony left Sunday to attend the funeral services.

Bachman Starts Spring Practice to Toughen Men

Spring football will begin today with Coach Charley Bachman and his staff expecting a squad of upwards of 40 players in uniform. Bachman hopes that there will be a few additions to this number after practices get under way.

Men students wishing to use spring practice as a conditioner for coming military service are asked to report to the practice field this afternoon at 4, sharp by Coach Bachman. Only light athletic dress is required today.

With occasional exceptions, all of those certain to report are headed for military duty in the near future. Once they leave, there is the wan hope that some may trickle back by fall for additional training in the military program of the college.

"We propose to make the practice a toughening routine this year," Bachman said. "There will be blocking, tackling and the usual vigorous exercises in connection with building up the physique of the players. But there will be lots of scrimmage for boys who really like to play football," he added.

With sufficient interest, practice will continue for six weeks.

Matmen Hold Vacation Workouts for Nationals

Mats in the varsity wrestling room found no rest over spring vacation with a squad of Spartan matmen preparing for the national A. A. U. tournament to be held in New York City, April 9 and 10.

Seven or eight wrestlers will make the trip east for the national meet, Coach Fendley Collins announced. However, at the present time the actual members of the squad have not been chosen.

After completing a dual match season that found the team shy some of its outstanding performers due to injuries, Collins found the national inter-collegiate tournament cancelled for the duration, erasing his chances for a championship team.

The A. A. U. meet will give the wrestlers opportunity, however, to show their strength in tournament competition. All wrestlers with an amateur standing in the nation are eligible for the contests.

Captain "Cut" Jennings, Bill Maxwell, Mike Hathaway, John

Marrs, Don Rippberger, and Don Johnston remained on campus during the vacation period in preparation for the meet.

Track meets are not drawn-out affairs at Michigan State college. Athletic Director Ralph H. Young insists dual meets be kept to an hour's time. The Central Collegiate indoor championship finals were run on a 65 minute schedule.
