

Aircrew to Pass in Review Today Before Major Risien

By Don Thornbury

Ten squadrons of aircrewmen from the 310th college training detachment will vie for the honor of "best marching squadron" when they pass in review for Maj. Raymond P. Risien, commanding officer for the CTD, today at 1:30 p.m., according to Lt. F. N. Miller, public relations officer.

Aircrew Band to Play

The aviation students, with color guards and bearers, each squadron carrying a banner showing its respective squadron letters, will strut their stuff to the accompaniment of a marching band, led by Harold Batashnik of Denison College, on the parade grounds near the demonstration hall opposite the police barracks.

To Award Best Squadron

A ribbon will be awarded to the individual squadron which wins the best performance of marching and military appearance after the parade.

The entire student body, as well as the general public are invited to witness the demonstration, it was announced by Maj. Risien.

OPA Backs Down on Price Ceilings

WASHINGTON, MAY 14 (AP)—The Office of Price Administration today revoked maximum mark-ups scheduled to take effect next Monday for retailers selling canned and frozen fruits and vegetables, having ascertained that grocers who used the new mark-ups would, in many cases, be charging more than they formerly did.

In place of the new list of mark-ups, OPA restored the lower mark-ups which have been in effect for several months for canned and frozen vegetables, and reduced the mark-ups which were announced this week for canned and frozen fruits.

The action will not affect the issuance of community-wide dollar-and-cents price ceilings.

Today's Campus

Bandshell Blues

Music hath charm, but there are strong doubts as to whether the music of the band concert to be held Sunday, would have sufficient power to lull the raging waters of the Man the Red Cedar river. Original plans to have the opening concert in the band shell have been changed to accommodate the inconsiderate flood, and unless the water backs by concert time, the program will be held in the auditorium.

A True Spartan

MSC students can well be proud of State graduate Lt. Richard Bush, Ag. '41, brother of Senior Class President Jack Bush, Rockford, Ill. Lieutenant Bush's picture appears in the May 17 issue, page 17, of Life magazine, in connection with a story on American heroes in the African fighting zone. He was awarded the army Silver Star for gallantry and heroism during recent fighting in the Tunisian sector.

Honorary Elects Officers

Wilfred Bennett, Milford junior, is the newly elected president of Tau Beta Pi, engineering honorary, according to retiring Pres. Dick George. Muskegon Heights senior, Morse Bettison, Lansing junior, is vice-president. Other new officers include Bruce Wangen, Traverse City junior, corresponding secretary; Marvin Mitelfeld, Detroit junior, clearing secretary, and Ken Cleereman, Escanaba junior, cataloguer.

Mary Mayo Coeds to Swap Dinner With Aircrew

Mary Mayo dormitory, taking the lead in furthering good pre-war social activities, has spread the time-honored "swap dinner" custom of exchange dinners to include the Abbott hall pre-war flight men stationed here.

The plan was suggested and worked out with the cooperation of Lt. F. N. Miller, by several members of the State News editorial staff, and the Mayo women volunteered to be the first to test the idea.

Sunday noon, 30 pre-war flight men took over to Mayo dorm, 25 going to East and 20 to West, while 50 women will be guests at Abbott. Any special preparations on the part of the coeds at the dormitory have not yet been decided upon, but the men at Abbott are not going to pull out their best linen and special silver for the occasion.

In keeping with the current coed interest in army life, the meal will be served to the women on the regular army tables with all of the usual army implements made in evidence.

Ceremonial Parade Planned by ROTC

A special ceremonial parade will be held with the accompaniment of the band on the parade grounds opposite the state police barracks next Tuesday if the weather permits from 4 to 5 p.m., according to Lt. Col. Edward A. Banning, who is in charge of the ROTC.

Next Tuesday's parade is the first one to be held this term in lieu of the weekly spring parades of previous years, and will be somewhat smaller than usual because of the calling up of the ROTC at the end of last term.

Bill to Lower Taxes Passed by Senate

WASHINGTON, MAY 14 (AP)—The senate tonight passed, 49 to 30, and sent back to the house a modified version of the Ruml "skip a year" plan for current collection of income taxes. Special provisions were inserted to cut the taxes of members of the armed forces.

The senate measure would put an estimated 97 per cent of taxpayers on a current basis, many of them through collection beginning July 1, of a 20 per cent withholding tax, above base exemptions, on wages and salaries. The remainder, with "windfall" incomes, would have to compare the amount of their abated tax with that on a so-called "normal" year's income and pay the difference in four annual installments.

Allies Raid Italy in Second Front Preview

ALLIED HDQ. IN NORTH AFRICA, May 14 (AP)—Allied naval units have started shelling the remaining Axis Mediterranean bases in concert with a continually intensifying aerial offensive which yesterday dealt devastating blows on Sardinia, Sicily, the Italian mainland, and harbored shipping.

A British naval force, having concluded its part in blocking the sea lanes from Tunisia, turned its guns on the Italian island of Pantelleria in the Sicilian strait yesterday and poured at least 20 broadsides into the harbor area.

Shore batteries on the little island, lying only 45 miles east of the tip of Cap Bon, replied

Band to Give First Concert Tomorrow

By LEONE SEASTROM

The Michigan State college band will present its first concert of the term tomorrow at 4 p.m. under the direction of Roy Underwood, music department head.

Originally scheduled in the band shell, the late spring floods from the Red Cedar may prevent

PROF. ROY UNDERWOOD, band leader.

the band shell's usability unless the water subsides sufficiently by tomorrow. However, the concert will definitely go on as planned, if not in the band shell in the College auditorium, Underwood announced.

Students to Conduct

Irving Travis, Detroit junior and Fred Elliott, senior from East Lansing, will be the only students featured in the program. Each will step to the podium tomorrow to conduct the band through two of its numbers.

Concert to Be Free

Included in the program are the following selections: "March of the Pioneers," by Colby; Rossini's Overture to "The Barber of Seville"; Sousa's "Washington Post March"; the "Emperor Waltz," by Strauss; a fantasia of Copland's famous war song "Over There," arranged by Grofé; and "Jesu, Joy of Man's Dearing," by Bach.

The concert is open to every one and activity books will not be necessary for student admission.

Russian Air Force Attacks German Cities, Air Fields

LONDON, MAY 15 (AP)—Widespread air action in which 14 German planes were destroyed aloft and on the ground at a cost of 23 Russian aircraft was reported by the Soviet command while bitter fighting continued in the Novorossiysk sector of the Caucasus.

Russian air attacks were said to be delivered against Orel, Germany, and enemy air fields over a great area.

Yankees Smash at Japs In Attu Island Battle

New Offensive Marks American Drive to Clear Aleutians of Japanese-Held Bases: Action Initiated Tuesday

By John M. Hightower

WASHINGTON, May 14 (AP)—The first stage of the first American offensive in the North Pacific, a fierce battle to smash Japanese forces on Attu island, appeared tonight to be progressing toward a victorious conclusion.

Churchill Asserts Troops Will See European Action

WASHINGTON, MAY 14 (AP)—Prime Minister Winston Churchill said today the time is approaching when troops concentrated in Britain will advance across the seas "for the assault on the strongholds of the enemy's power."

The British leader's intimation of an imminent continental invasion came in a radio broadcast in which he said the Allies are planning "well ahead" of the armies who are moving swiftly forward.

"Design and forethought must be our guides and heralds. We owe it to the enslaved nations who beckon us on through prison bars."

The widespread belief here that the planning covers major campaigns against the Japanese was heightened by the presence of T. V. Soong, the Chinese foreign minister, and Herbert Evatt, Australian minister.

French Movie Slated on Tonight's World Adventure Series

"The Devil Is An Empress" will be the film shown today at 8 p.m. in College auditorium instead of "In the Heart of Paris" as had been scheduled, according to S. E. Crowe, chairman of the series. The latter movie production was unavailable for this week's show.

Dialogue of the film is in French with English captions. The film was released in 1941 under the title of "Le Joueur d'Echecs."

The film depicts the diplomatic tug of war in the days of Catherine II of Russia. Francoise Rosay portrays the role of Catherine the Great, with Conrad Veidt as Baron Kempelein. The movie is an adaptation of the play "The Chess Player of Vilna," by Dupuy Mazuel.

Aircrewmen and all men in uniform will be admitted free. Students will be admitted by activity book, according to Crowe.

* Weather hardened United States troops have been battling the enemy since Tuesday on this enemy seized island at the tip of the Aleutians, in effect, advancing along the shortest route to Tokyo, barely 2,000 miles away.

Knox Reveals Attack

American landings on the island were disclosed by the navy at noon today, and later Secretary Knox assured his press conference that the operations were "going very satisfactorily."

There was no indication that a triumph could be reported in a matter of hours, and Knox reportedly declined to estimate the length of time required to overcome enemy opposition.

Expect Certain Success

But his disclosure as to the progress of the battle strongly supported the general impression among qualified authorities here that eventual success, possibly within a few days, was certain despite the stubbornness of Jap resistance and the difficulties on terrain on the bleak and mountainous island.

Knox declined to confirm Tokyo reports that the actual landings on Attu had been preceded by aerial bombings and a heavy naval bombardment, saying he would not give out any details of what had happened until it was all over.

U.S. Fliers Deliver War's Heaviest Blow on Europe

LONDON, MAY 14 (AP)—American bombers, roaring out over Europe again, struck their heaviest blow of the war today with four separate, closely coordinated attacks on naval, airfield and factory targets in Germany, Belgium and Holland.

For one record in the new series of Anglo-American raids of unprecedented scope, the U.S. air force sent out the greatest number of planes engaged in a single day.

For another, the four-engined American bombers made their deepest penetration into Europe in attacking the naval and U-boat installations of Kiel, Germany.

The American blows followed up the record operations by the RAF for a single night in which some 3,000 tons of bombs were showered on Berlin, the Ruhr and Czechoslovakia.

WLB Orders Miners to Reach Concord

WASHINGTON, MAY 14 (AP)—The War Labor board today ordered soft coal miners and operators to resume bargaining, probably averting thereby a new tie-up of the industry when the 15-day truce expires next Tuesday midnight.

The board said agreement should be possible on a number of issues to provide relief for the miners, other than a straight wage increase, and specifically suggested a full six-day week. The United Mine Workers had demanded \$2 a day increase and other concessions.

In Campus Quarters

By Scottie McNeal and Ro Howland

FRATERNITY ranks may be getting slimmer, but sororities are apparently having no trouble, as new active pins blossom all over the place. The Alpha Chis initiated a goodly number Tuesday night—Sue Averill, Betty Gilchrist, Mary Ann Grow, Jean Howlett, Dorothy LaMont, Susan Moore, Angelyn Mueller, Helen Ryan, Jean Shaver, Virginia Kirkut, and Carol Shuler being the lucky ones.

Those bright smiles seen on the faces of eight girls just recently are there on purpose to go with their bright new Kappa Delta pins. The smilers are Jo Carey, Mary Jean Collins, Mary Elizabeth Brown, Gloria Benson, Ruth Dennis, Jean Leavitt, Betty Hudson and Peg Rogers.

And as if that weren't enough along that line, the Kappas will have a double reason to celebrate at their term party tonight, since the following lassies will say farewell to their pledge days in the afternoon: Clara Dowling, Jean Barnes, Barbara Hacker, Alison McCain, Marian McCain, Joan Strohm, June McNutt, Mary Slack, Jean Wagner and Marge Wood.

The Sigma Chis have a new sweetheart, and she weighs exactly eight pounds. . . . Let you think that the boys are going in for the noble old profession of cradle-robbing, let us explain that the young lady's name is Patricia Lorraine Olson, and she belongs to their brother Sigma Chi. Paul Olson, since last Tuesday. This is P.O.'s second venture into parenthood.

These same Sigma Chis are carrying on with "business" as usual, despite the draft. ERC and what have you. . . . They recently elected their new officers. President Roy Westcott.

vice-president, Dave Sullivan; secretary, Bob Scott, and treasurer, Dave Hicks. What's more, they're getting together with their old neighbors, the Pi Kaps, for a radio party at the Forestry cabin tonight.

Apparently the flooded banks of the Red Cedar have put a damper on romance this past week. . . . "Cupid's Casualties" seem to be rather meager. . . . only two pins have found new homes.

One of them formerly belonged to John Price, Psi U, but it now rests next to Cherry Nowlin's Kappa pledge pin. . . . And Bob Coates, Phi Tau, has given his into the keeping of Shirley Saltzman.

Gloria Bell, Sigma Kappa, and Jack Bush, SAE, two well-known campus Thespians, are looking forward to the day when the bright lights read Bell and Bush, instead of Lunt and Fontaine. . . . To help them wait, Jack has slipped a diamond on Gloria's finger. . . . And that other brilliant job that Doris Johnson, Alpha Phi, is so proud of, was put on her hand by Hal Neumann, ATO.

The Chi Os are all set for next year with their officers all elected. . . . Joyce Hemenway is president; Lois Quinn, vice president; Marjorie Crandall, secretary, and Freddie McKenzie, treasurer.

No less prepared are the Alpha Pits. . . . Maxine (Mickey) Peterson has taken over the top job and Barbara Ballard is next in line as vice president. . . . Mary Ellen Tappan will take the minutes, while Patricia Craig keeps watch over the financial affairs.

Who's Who for 1942-43 lists 31,692 men and women noted in American life. Of these, 22,302 are college graduates and 5,622 are members of Phi Beta Kappa.

Weekly Letter to Men in the Service

(This open letter to men in the service is a weekly feature of the Michigan State News, describing the outstanding events on campus. Clip it out and mail it to a friend in the service.)

Saturday, May 15, 1943

HI JOHNNY

More news from the Spartan front, and in the first line is that new divisional representatives for Student Council were chosen for next year. Although petitions were submitted by candidates, voting was done by the Student Council members, rather defeating the purpose of students voting for their own divisional representatives.

CDC's newest is the rumor clinic which was "born" last week. Clinic is open to all students and townspeople who have rumors they wish to hand in. Already returns have come in, and from the looks of it it will be a successful venture. At least now there is some means of getting a rumor properly squelched before it has had a chance to run wild and pick up exaggerations.

Big sisters are being drafted now for next fall's crop of oh-so-green-little freshman girls. This program has always been successful, and "guidance" for new women will be needed even more now since MSC has gone partially military.

Quite out of the usual was the trip the Mayo Minstrels made last week to Percy Jones hospital, Battle Creek, and to the Fort Custer service club. The women, who put on the same act at the '43 Varsity show, were sponsored by the Lansing Red Cross and their highly appreciative audience was made up of war wounded from the South Pacific area. Because this trip was so successful, CDC is suggesting that the SWAVes use this as a project and work up acts to send to various hospitals and service clubs.

Well, I guess this is all for now, and until next week.

Much love,
DEE.

CAMPUS CHURCHES

By NANCY LONGWELL

D. R. N. A. McCune will discuss "The Searcher of Hearts is The Maker" at the morning worship services of Peoples Church at 9:30 and 11. Speaker for the Vesper service at 7 p. m. will be Rabbi Morton M. Applebaum whose topic will be "The World I Would Love to Live In." The A Cappella choir of the East Lansing high school, under the direction of Virginia A. Weisinger, will sing. William B. Kimmel is rehearsing a choir of students at 5 p. m. every Sunday in the church auditorium. All college students interested are invited to join this choir. **Midlin Ave. Nazarene**

"Spiritual Liberty" will be the subject of the sermon at the Midlin Avenue church of the Nazarene in Lansing at 11 a. m. The Rev. Marvin S. Cooper from Arlington, Va., will be the guest preacher both morning and evening. At 7 in the evening the topic will be "The Sentence Void of Appeal."

Lansing Lutheran

Pastor E. L. Woldt will talk about "Courage and Faith" at the morning worship of Christ Lutheran church in Lansing at 10:45 a. m.

College Lutheran

East Lansing Lutherans will worship at the College Lutheran church located in the State theater at 10:30 a. m. The sermon theme will be "Let Christings at Work" delivered by the Rev. William Young.

Christian Science

Christian Scientists will worship in East Lansing at 11 a. m. in the Masonic temple. Wednesday services will be held at 8 a. m.

Canterbury House

Holy Communion will be given in the chapel at Canterbury House in East Lansing at 8:45 a. m. Episcopalian students worship as usual at the chapel at 4:45 Abbott road.

St. Thomas Aquinas

Since the untimely death of Fr. C. M. Winters, pastor of St. Thomas Aquinas church in East Lansing, Father H. P. Kiewa will temporarily take his place for services at 9 and 11 a. m. The Newman club will hold its corporate Communion and term breakfast after the 9 a. m. mass. The mass will be offered for Fr. Winters by the club.

Wesleyan Methodist

Wesleyan Methodists will worship at 11 a. m. with Pastor Royal Woodhead in the Lansing church located at West Michigan and N. Magnolia. He will talk on "God's Concern for the Individual."

The Rev. Clarence W. Brickman, Episcopal college chaplain, will be host to all Episcopalians in uniform on the campus at a "Get acquainted smoker" at 5 p. m. Sunday at Canterbury house.

At 8 p. m. the Canterbury club will meet, and service men are invited to attend. Morning prayer will be held at St. Paul's in Lansing at 11 a. m. Sunday.

Grad Uses Stationery Taken from Enemy Tunisian Retreat

Among the more interesting letters found in the copious correspondence of Recorder L. B. Leisenring's office this week was a letterhead which bore the Italian Fascist insignia.

The letterhead was scratched off and under it was the return address of Dick Christian, 41 Christian requested a transcript of credits because "he might be applying for a job in the middle east soon."

He found the stationery in an Italian hospital the day after the Americans took Tripoli. He told Leisenring that he had been "in the thick of things," and that he had been attached to the eighth army ever since a month before the big battle at El Alamein.

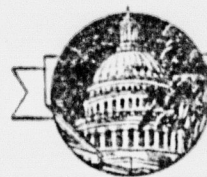

In the main, he has found things exciting, he reports, but his sole lament is, "I wish there would be some water to take a bath in."

Grin and Bear It

"Listen to Fiquenston and his global planning—why, it used to get all tangled up trying to follow the directions on a simple road map!"

CAPITAL to CAMPUS

WASHINGTON (ACP)—Attention of tomorrow's career women is hereby directed to today's No. 1 woman-power shortage—nursing.

Public health officials in Washington are gravely concerned about this shortage. Fighting and working America must be kept well. It takes good nursing to do it.

Need 65,000 Recruits

Unless the nation's nurse power is reinforced by enrollment of 65,400 students in nursing schools this year, America faces a real threat of great suffering and loss of life through epidemics, disaster, accidents or enemy action.

The statistics which picture this shortage are astounding, especially for industrial boom towns near war plants. Thousands of nurses are in demand in such spots—yet hospitals are frequently non-existent. Sometimes even doctors are not available.

The average number of patients under treatment in hospital at any one time has increased 8 per cent over 1941 and is mounting steadily.

Nurses Overworked

The result is tremendous pressure on available nurses. . . . an average of 254 patients per nurse every 24 hours including all administrators, supervisors, instructors, staff nurses and student nurses. . . . 10 patients per nurse in tuberculosis hospitals. . . . 75 patients per nurse in mental hospitals.

The shortage is aggravated by entrance of about 32,000 nurses into the Army and Navy nursing corps, which still require 3,600 more each month.

SO FAR, 488 colleges and universities have been designated as "approved for training" under the Army and Navy specialized training program. The list is virtually complete. It's likely very few institutions will be needed.

But still there's no word in the future for hurried administrators. For one thing, needed services themselves will be with the tides of war and scope of America's participation. Another uncertainty is the of assurance of the number men to be detailed to the training programs. And it appears the Army's program will not reach full speed until July.

THE STUDENT with a mental capacity is facing a problem to his problem than his brighter classmates. reports Dr. James D. Papp, instructor in psychology at the university.

The average student, according to Doctor Page, oftentimes becomes a better leader because he is better able to organize his daily study routine and manage just a little harder.

Better students fail to get good grades states Doctor Page because of disorganized habits and failure to set a goal for themselves.

Twenty four coeds at the University of Chicago are learning the art of jiu-jitsu, some because "it's handy to know" and others to prepare for the WAAC WAVES.

State to Meet Hillsdale After Two Weeks Absence

In the first home game in two weeks, the Spartan baseball team will take the field against Hillsdale college here today at 3 p. m., after losing two games to Wisconsin earlier in the week.

The workhorse of the State pitching staff, Pinky Getz, will probably start on the mound today, with the possibility of Dick Bernitt replacing him at the earliest opportunity. Coach Kobs will use as much as possible in the coming Michigan game, which will be played on Wednesday.

Game of 17 Years

This game is another of the recent rivalries on the baseball schedule, this being the first time since the Spartans and Hillsdale first met on a diamond. Hillsdale has won two of the 17 games played.

In the outfield there may be a battle of Mickey Faulman from left to right field, with Ed Jones taking over Faulman's position. Both outfielders have been alternating in practice, both fields in an effort to discover which could cover the territory best in left and also find the better of the two in right field, which is a position held on the Spartan team.

Home Still Strong

In yesterday's intra-squad game, the varsity continued hitting the ball hard and showed much improvement in base bases since early season. Faulman will lead off the home end of the batting order for the State, with Howie Lauderbach second, Frank Pelletier third, Art Maish fourth, and base man, in the clean up position.

The batting order and starting line-up for the game:

STATE	HILLSDALE
1. Mickey Faulman	1. Johnston
2. Howie Lauderbach	2. Davis
3. Frank Pelletier	3. Lippert
4. Art Maish	4. Patrick
5. Ed Jones	5. Hoffman
6. Dick Bernitt	6. Roberts
7. Pinky Getz	7. Lowell
8. Al Atkins	8. Atkins
9. Van Dyke	9. Van Dyke

There are 504 former Spartan players in the service, the majority number holding commissions.

SPORTS TRAIL

By WHITNEY MARTIN

NEW YORK, May 14 (AP)—It does seem sometimes that the only way to assure a major league baseball career is to arrange to be born and reared at some wide place in the road where the trains stop twice a week and the postmaster will sell you a keg of nails, marry you divorce you, fix your watch or build you a silo.

With comparatively few exceptions, including such notables as Frank McCormick and the late Lou Gehrig both of whom survived the perils of metropolitan New York to make the big league grade, the birthplaces and present residences of most of the players are places which have blackouts at 9 o'clock every night, come war or peace.

Such intriguing locations as Ash Flat, Ark.; Iva, S. C.; Olive Branch, Miss.; Cocoa, Fla.; Plaquemine, La.; and Ogunquit, Maine, are listed as residences of athletes on major league rosters. New York, for all its seven million or so inhabitants, has little representation.

Branch Rickey, the shrewd president of the Brooklyn Dodgers, puts his finger on one possible reason why New York and its outlying precincts fail to turn up more classy ball players. Explaining his reasons for building an extensive scouting force for the Dodgers, with particular reference to this area, Rickey said:

"It's always been my idea that New York—that is, the city and the area 100 miles around—is the most underscouted territory in the country."

Which probably is true enough. The clubs just can't see the forest for the trees, as they say. They send scouts over the dusty fields of the Dakotas, or wading the Louisiana marsh lands, or toiling up the slopes of the Blue Ridge mountains, or exploring the caves of Kentucky in search of a boy who can throw or hit a baseball.

But they won't go across the street to see an embryo star in a sandlot game. It just doesn't seem to occur to them that a boy doesn't have to be playing in some crossroads cabbage patch to be major league material.

There are some sound reasons for the thorough combing of the so-called sticks for new material. In the first place, a boy uncovered as a "prospect" has a long way to go before hitting the big show, and before the war at least many clubs had extensive farm systems with clubs so scattered there usually was one fairly close to the prospect's home so he could make his progress with a minimum of travel. Then, too, the boys from the small towns and farms usually are more baseball minded, from a participation standpoint, than their city cousins.

It is purely a question of opportunity or environment. The small town and country boys live more in the outdoors, have plenty of space to play. Their life also makes them for the most part sturdier. They develop baseball player's hands from milking cows and stout arms and shoulders from hoisting hay.

The city boys are handicapped by congestion, and even determined efforts to conduct high school and industrial leagues can only partially offset this disadvantage. You just can't use the corner fire plug for first base and a manhole cover for home plate.

Five State Cindermen Slated to Enter IC 4-A Meet Today

Only five of the Spartan track and field teams will be seeing action this weekend when a quartet of Coach Karl Schladerman's best performers enter the 67th staging of the annual IC 4-A track meet at Randall Island, New York.

Those competing this afternoon are the distance trio consisting of Miler Capt. Bill Scott, Half miler John Laggett, and Two miler Jerry Page. Quarter miler Dale Kaulitz, who will be the Spartan entry in the broad jump, and last but not least, long Jim Milne, high jumper.

Only two of this year's entries saw experience in last year's affair. Scott finished in fifth place behind a fast winning time of 4:12.6, while Milne captured

third place honors in the high jump.

Other two performers who helped make possible State's 10 points, and a subsequent 11th place in the team standings were Ted Wonch and Bob Harris, who each tied for first and third respectively in the pole vault.

With the field of contestants ranging all over the east, and middle east, the Spartans will be up against some of the toughest competition that they will be meeting this season.

No prospects of a team victory are in sight with such a small squad on the entry list; but the Spartans will be picking up what points they can with the few contestants they will be entering.

Golfers to Meet Netmen to Meet Titans on Even Western State Terms Today

Spartan golfers are looking forward to better times today as they go to Detroit to meet the University of Detroit linksmen. With the heavy end of the schedule behind them, the Green and White faces its first equal of the season.

To date the golfmen have lost four straight matches to Big Ten schools. Coach Ben Van Alstyne has had a tough time getting his charges in shape due to abnormal weather conditions. Also a lack of returning veterans has left him with little material with which to mould a team.

With prospects bright for the first win of the season, Van Alstyne will be taking only four clubmen to compete against the Titans. Leading the Spartans in the No. 1 slot will be George Zimmermann, Van's only veteran from last year. Next will be Dave Hicks, followed by Cliff Kurland and Bob Bowen, a new comer to the ranks of the squad.

After suffering their first defeat of the season against Michigan in Ann Arbor, Wednesday afternoon, the State tennis team will attempt a comeback into the win column against Western Michigan in Kalamazoo today.

Coach C. D. Ball will take the same six men for today's match that were used in all other plays so far this season. But in some instances the lineup has been changed.

Bill Maxwell, getting a stroke back in good form, with a few weeks' practice, moved in to the second ranking position, defeating Fred Zimmerman in a challenge match Thursday.

Frank Beeman will play the No. 1 spot, with Zimmerman in third, Earl May in fourth, Mickey Elbert in fifth, and Merv Ott in sixth.

Western Michigan went down before the Wolverines, giving the team an even rating according to drops, but past performances favor State to win.

THE CAP THAT'S

Unofficially Official

WITH ARMY OFFICERS

THE FLIGHTER is a Bancroft exclusive, originally designed for Army Air Corps officers who favored its easy roll and drape, its lightness of weight and crushable patented "curve-control" visor... army officers in other branches saw it, liked it and quickly adopted it so that it is now one of the most popular caps in the service.

IT CAN ONLY BE A
"Flighter"

WORCESTER CAP CO., BOSTON, MASSACHUSETTS

From the Bleacher Seat

By PAT MCCARTHY

We were talking to Golf Coach Ben Van Alstyne the other day about how the golfers were getting along and as usual he expressed his pessimistic views on the squad. It seems that the Spartan golfers shoot their best in adverse weather conditions.

Monday's match with Northwestern has any significance in spite of a 13½-4½ loss. The entire meet was played in a downpour of rain that left both players and course thoroughly soaked. However, it was at this meet that some of State's best scores were turned in. During the morning rounds both George Zimmermann and Dave Hicks turned in 79s to take the day's scoring honors for the Spartans.

After a while we summoned enough courage to display our ignorance and ask Van how the golf matches were coming, because we had been "pumping" them all spring without knowing what they meant.

It's this way. They hold a total of 36 holes during the course of the match, 18 in the morning doubles matches, and 18 in the afternoon single matches.

Each squad enters a predetermined number of doubles in the morning, usually two. One point is awarded to the team making the best score on each of the nine holes, and another point is awarded the team making the lowest overall score for the entire 18, making a total possible scoring of 6.

In the afternoon, the singles matches are played, with four men generally competing from each team. Here the scoring is similar to the morning matches. Here, in effect, one point is awarded each individual winner, or the two highest strokes and one to the individual low scorer on the overall 18 holes.

In Monday's meet, State took the first nine holes of one of the doubles matches. Northwestern taking the second nine. The teams split the difference in the 18 hole honors. Northwestern slammed the other doubles match giving them 4½ points to State's 1½ in the morning rounds. In the afternoon singles, the Spartans were shut out of all but three of the possible points, making the final score 13½ to 4½ in Northwestern's favor.

BASEBALL RESULTS

AMERICAN LEAGUE

Chicago 3, New York 0.
Washington 3, Cleveland 1.
Philadelphia 7, Detroit 6.

'Spring Sprint' Tops Social Calendar for State Students

By Dee Dearing

On the social slate for tonight is the "Spring Sprint," the second all college date-dance of the term, and again civilians, ROTC, STAR and 310th aircrewmembers will have an opportunity to get better acquainted with each other and MSC.

The "Sprint" will be held in Union ballroom from 9 to 12 p. m., and is sponsored by the all college activities board. Tickets for the dance may be purchased at the Union desk until dance time by civilians, ROTC and STAR-men, while aircrewmembers are instructed to get their tickets from their squadron leaders.

Patrons for the affair are Prof. and Mrs. E. M. Banzet of the sociology department, and Prof. and Mrs. W. E. Reuling, of the engineering department.

Working on the all college activities board which has sponsored the last two dances are Flossie Wilkins, chairman, Syracuse senior, Sally Seifert, publicity chairman, Grand Haven sophomore, Frank Izze, Saratoga Springs senior, representing the ROTC.

Bill Konde, Dearborn junior, representing the civilian men, Doris Johnson, Detroit junior, PanHel president, Vera Deaner, Sodus senior, AWS president, and 19 squadron leaders of the aircrew complete the board.

Lansing Area to Take Part in Eight-County Air Raid on May 26

LANSING, MAY 14 (AP)—A third tryout of Michigan's new air raid signal system—this time with one major revision—will be staged in eight south-central counties May 26.

The counties covered are Clinton, Shiawassee, Eaton, Ingham, Livingston, Jackson, Hillsdale and Lenawee.

Capt. Donald S. Leonard, state director of civilian defense, said that a further test of methods to reduce skyglow would be attempted by extinguishing street lights during the "blue" warning period.

Gestapo Official Sent to Quell Bulgar Revolt

LONDON, May 14 (AP)—Adolf Hitler's strong-arm specialist, Gestapo Chief Heinrich Himmler, was reported hurrying to Sofia tonight at the urgent call of King Boris to help keep the Bulgarians in line while German military experts strengthen defenses there against the possibility of an Allied blow in the Balkans.

The Wilhelmstrasse meanwhile was reported keeping the closest watch on Turkey. Travelers reaching Istanbul said the Germans also were speeding military preparations in Bulgaria—apparently for defense.

Istanbul dispatches quoted authoritative sources as saying Turkey would continue her present foreign policy unless military events in the immediate vicinity force her hand.

Meanwhile, embattled Dutch and Belgian patriots were reported still snarling German communications and attacking officers and men despite 43 executions.

Indications of new unrest in France were seen in the Gestapo roundup of 200 members of the Vichy government suspected of entering into secret communication with French resistance groups or Allied agents.

Corporation Signs Grad

Douglas W. Smith, who received his degree in electrical engineering from Michigan State college in March, 1943, has been accepted by the Westinghouse Electric and Manufacturing company of Pittsburgh as a member of the corporation's graduate student course, the company announced recently.

Ace Checks His Favorite Weapon

Capt. JOE FOSS, marine hero of Guadalcanal, inspects an improved Grumman fighter plane during a visit to the marine camp at Chicago's Navy Pier. His wife June (center) and his mother, Mrs. Mary Foss (right), watch as Captain Foss points out features of the plane. He is beginning a nation-wide tour of camps and war plants, after shooting down 26 Jap planes to equal Capt. Eddie Rickenbacker's World War I record.

Under Soviet law, any citizen who refuses work to a woman simply because she is a woman is liable to punishment.

Ag Professor Honored by Sigma Xi

Winner of the first Sigma Xi award for scientific research at MSC is Prof. J. Bouyoucos, research professor of soils.

Professor Bouyoucos, of Greece, joined the staff of college in 1911 as soil physicist, leaving only to study physical chemistry in Germany in 1913 and to aid in the reconstruction of the Greek agricultural system after the last war.

The award was announced at the annual banquet of the Sigma Xi honorary society held at East Lansing, May 14, 1943.

The new members were: Ernest L. Anthony, agriculture; Thomas H. Mull, chemistry; Clarence animal husbandry; Charles Darby, bacteriology.

John F. Davis, soils; W. Ferguson, bacteriology; T. Knight, horticulture; O. Prickett, U.S. Regional Laboratory; Kirk Lawton, C. Morrison, geography; Mundt, Geneva, N. Y., chemistry student; Paul chemical engineering; Ott, chemistry; Harold E. Lansing graduate student; Robert Young, stry; Arnold E. Hoad, department of health.

The associate members were: S. M. Bandy, stry; Glenn L. Bandy, ematics; Mary L. Lansing graduate chemist; Bernard Edson, Henry Faul, geology; Lenton, engineering; Leshner, chemistry; John dairy.

Elmer Rossman, Doretta Schlaphoff, omics; George W. Smith.
