New Income Tax Would Cancel Italian Fears Year's Levy for \$50 Bracket Mount After

Military Men Would Get Up to \$2,700 Exemption

WASHINGTON, May 25 (AP)—Breaking a five day deadlock, Senate and House conferees agreed late today on a compromise pay-as-you-go income tax collection plan which would cancel a full year's taxes for persons owing \$50 or less, and 75 percent of one year's taxes for others.

It is virtually certain of final passage by congress.

The compromise provides blanket exclusion of \$1,500 basic pay received by military personnel from income taxes, over and above basic exemptions for other taxpayers, making basic exemption for single military personnel \$2,000 and for married \$2,700.

Also, for members of the armed forces, the legislation provides that any tax obligation outstanding at time of death shall be cancelled.

Rep. Knutson (R Minn.), a member of the conference, said it was the general impression among the conferees that the compromise bill will result in a "freezing" of the present individual income tax rates, precluding any future increases.

See INCOME TAX—Page 4

Blackout Stated for Tonight in 8-County Drill

Final plans have been completed for the eight-county blackout to take place at 10 tonight, which will include Michigan State college.

Civilian defense councils of the eight central Michigan counties will be testing a new air raid warning system and experimenting with methods of reducing sky glow.

Michigan State has been designated as one sector, and will mobilize all defense activities when the first signal is given at 9:58 p. m., according to Ward A. Davenport, superintendent of buildings and grounds, who acts as commander of the college sector.

According to the new system devised by the central office of defense, the "blue" signal serves as a warning of the approach of enemy aircraft and means preparation for blackout. Following the first signal comes "red," which necessitates a total blackout, and then another "blue" period.

Complying with the blackout regulations devised by the office of civilian defense, the first "blue" period, which begins at 9:58, will continue until 10:15 when the "red" signal to consist of a continuous blast of the air raid sirens will sound.

At 10:28 another steady flow from the sirens will announce the return to "blue" period, which will be terminated by the "all clear" at 10:40.

Allied Raids Mark Spring Offensive

LONDON, May 25 (AP)—Heavy forces of Allied planes pounded at Axis Europe from the west today amid accumulating evidence that inhabitants of the enemy's Mediterranean islands and the toe of the Italian boot were being rolled back by the terrific blows from American and British air units based in Africa.

The Britain-based bombers roared out across the channel by daylight for new attacks in the spring offensive which informed observers regard as a demonstration of power to break down Germany's war-making ability and give the poised ground forces of the Allies clear road toward Berlin.

Veteran Cast Scheduled to Appear in Annual Senior Week Production

With presentation of the spring term play only two weeks away, on June 9 and 10, the three man, three woman cast of "Her Husband's Wife" is rehearsing daily on this revival of the 1910 farce by A. E. Thomas.

Jack Bush, Rockford, Ill., senior, and Merry Louise Pinkham, Lansing senior, will play the lead roles. This is the third time that Bush has had a leading role in plays staged at State.

Has First Major Role

Miss Pinkham will make her first appearance in a lead part. The story is that of husband and wife, both of whom, in the course of the farce, become interested in "a third party."

Gloria Bell, Detroit junior, veteran of several other term productions, is cast as the wife's

ALLIED HDQ. IN NORTH AFRICA, May 25 (AP)—Italy's southern ramparts—weak imitations of indomitable Malta—are fast being crippled by non-stop, round-the-clock air attacks in which United States flyers are spearheading the Allies' muffled aerial offensive.

Under a unified command and with one big plan, every American and RAF squadron assembled in the vast Allied air fleet in the Mediterranean basin is ready to keep this offensive soaring forward over the southern European front of the Axis.

More than 300 American warplanes smashed yesterday at the harbors, airfields and communications of Sicily, and additional formations of American fighter-bombers slashed at little Pantelleria again, and the RAF continued its heavy bomber operations and intruder sweeps against other Italian defenses.

Axis press reports left no doubt that the Italian people fear this air war, and the officially announced arrival of German troops to defend Sicily appeared to have little effect on the growing anguish in Italy.

Waves of heavy Flying Fortress, medium Mitchell, and Mustang bombers and Lightning and Warhawk fighters threw a storm of bombs at Sicily.

President Hannah to Honor Seniors With Reception

Seven hundred sixty-one seniors and 200 faculty members, including all those with rank of associate professor or higher, received invitations yesterday to the second annual reception to be held by Pres. and Mrs. John A. Hannah for the graduating class.

President Hannah explained that the large number of persons involved made it necessary to hold the reception on two evenings, Thursday and Friday, June 3 and 4 from 7:30 until 10. Receptions will be held in the President and Mrs. Hannah's home and garden at No. 7 Faculty row. In case of rain the reception will be held in the Union lounge, he said.

Each senior has been sent an invitation for a particular evening, President Hannah said. "I hope the seniors will make an attempt to come. It is an inadequate attempt to provide an opportunity for students and faculty to meet informally on other than a student-teacher basis." The president hopes to make these receptions a tradition.

best friend, Phillip Molloy. La throp senior, will appear as "Uncle John," the only character in "Her Husband's Wife" who doesn't go romancing.

Only Newcomer

Only dramatic newcomer in the six-character cast is Betty Tower, Youngstown, N. Y., senior. As "Nora" she will play a supporting role in the farce.

Fred Rowe, Portland senior, holds the remaining part in the production, that of providing love interest for the wife's best friend.

The staging of this play will mark the first time that a modern comedy has been given in the spring. In previous years, the spring play has been a classic. Last year's drama was "The Imaginary Invalid," a comedy by Moliere.

WLB Hands Down Wage Increase Decision for United Mine Workers

Lewis Expected to Accept Board's Ruling

WASHINGTON, May 25 (AP)—The WAT Labor board late today handed down a decision opening the way for wage increases of perhaps \$1 a day or more for the soft coal miners, and indications tonight were that John L. Lewis would go along with the ruling.

Department Head Enters Service

VICTOR H. NOLL

Leaves for navy

Dr. Victor H. Noll, head of the department of education, has been commissioned lieutenant in the naval reserve and will leave Friday for training school at Columbia university, New York. Dean L. C. Enmon announced yesterday.

After completing a course in the navy's college training program, Noll will be assigned as officer in charge of one of the several naval college training detachments throughout the country.

Dr. Noll came to Michigan State in 1938 from Rhode Island State university, and was made head of the education department in July, 1939.

A committee of three will be in charge of the department of education during Dr. Noll's leave of absence. C. V. Millard, associate professor of education, will act as chairman, with Mrs. Merle D. Byers, associate professor of home economics education, and H. M. Byram, associate professor of agricultural education, as other committee members.

American Thrusts Halt Japs on Attu

WASHINGTON, May 25 (AP)—Piecemeal destruction of entrenched Japanese troops still clinging to Attu island continued steadily today, as new reports disclosed that an attempted enemy counterstroke by air had met almost complete disaster.

A navy communique reported that 12 of 16 Japanese twin-engine bombers which attempted to raid American positions and ships were either definitely or probably destroyed.

Mitchell, McCaffree to Speak to APOs

Alpha Phi Omega, campus service organization, will hold a smoker tonight from 7:30 to 9 in the Spartan room of the Union, according to Bill Konde, vice-president.

All former Boy Scouts who would like to associate with Alpha Phi Omega, as well as active members, are invited to attend.

Dean of Men Fred T. Mitchell will speak on "Organizations," and Coach Charles McCaffree will discuss athletics.

The meeting will be preceded by a dinner in the Union for all active members at 6:15 p. m., Konde added.

The board denied the requested \$2-a-day pay increase, but directed that mine operators negotiate with the union on compensation for underground travel, and also ordered their concessions meaning more money for the miners.

Altogether it appeared the way had been opened for present pay envelopes to be fattened by more than \$1 a day, although no hard and fast estimate could be made since the issue of portal-to-portal pay was subject to negotiation.

Spokesmen for the United Mine Workers said union leaders and operators would meet here tomorrow morning to negotiate a contract.

The question immediately arising after the decision was whether Lewis, United Mine Workers leader, and the miners themselves would accept the board's decision, or halt work when a current 15-day strike expires.

This question appeared answered at least partially, when a UMW spokesman commented that the collective bargaining provisions of the order were what the miners have been contending for all along.

Glee Club Concert Features Piano, Soprano Solos

Under the direction of Miss Josephine Kackley, the Women's glee club presented its only concert of the year to an audience of 300 in the Music auditorium last night.

Featured on the program were Pianist Phyllis Lightfield, Minneapolis, Minn., sophomore, and Virginia Siegmund, New Buffalo senior, mezzo-soprano.

Composed of 28 women, the glee club presented a program of familiar numbers, including Schubert's "Ave Maria."

A special arrangement of "Through the Years" by Youmans, a popular song which had its origin during the last war, and Gershwin's rhythmic "Summer Time" closed the program.

The glee club was accompanied by Dorothy Horn, Lansing junior, and Elizabeth Sullivan, Pontiac junior.

Seniors Slate Third Dance for Tonight

The third senior dance of the year will be held tonight in the Union ballroom from 9:30 to 11:30 p. m. Music will be furnished by Bud Bell's orchestra, Jack Bush, senior class president from Rockford, Ill., stated.

Senior women will have 42 p. m. permission, while ROTC men will again have until 12:30. Dates are not necessary for the dance, which is open to seniors only, Bush pointed out.

Today's Campus

... Not Like Father

Following in his father's footsteps, or a step ahead, Dr. Carl B. Swanson, now a lieutenant (jg), may be surprised to find that father, who entered the navy 30 years before him, must now salute son. His father, once retired, has now returned to active duty as a non-com naval engineer. Dr. Swanson was an assistant professor of cytogenetics in the botany department before going into the armed services.

... And All's Well

One year in college should enhance one's personality and shyness, or so it seemed to Leroy L. Hamlin, 16-year-old freshman from Durand, who was dating a senior from Lansing Eastern one evening over the weekend. He happened to be stationed in his car on some obscure street when a Lansing gendarme passed by and asked why he didn't observe the 11 p. m. curfew. A few nasty words and the flashing of his identification card finally persuaded the cop that he was within his legal bounds, and he was unmolested the remainder of the evening.

UNDER THE WIRE

LONDON, Wednesday, May 26 (AP)—Thundering Soviet artillery scattered German troops concentrations northwest of Kharkov and smashed Nazi defenses southeast of that enemy-held pivotal base Tuesday, the Russian midnight communique reported early today.

STOCKHOLM, May 25 (AP)—The German high command was reported today to have shifted unusually strong troop reinforcements to Danish Jutland and strengthened coastal fortifications in Norway, apparently in the fear that the Allies might strike at northern Germany as the shortest route to Berlin.

ONE MAN'S OPINION

By ELLIS BRANDT

ACCORDING to OWL, one of the most important questions troubling college students just now, and we've noticed it around this campus, too, is "How can there possibly be jobs enough to go around after the war when millions of soldiers come back from the front?"

The problem is being kicked around in congress this week in the form of a five-pound, 450,000 word National Resources Planning board report on "Security, Work and Relief Policies."

This report includes a detailed plan for demobilization after the war and seeks to prevent the occurrence of what happened last time, "when each man was given \$6 and a train ticket home."

According to Associated Collegiate Press the central idea of the report is to keep our economy running during the transition from war to peace, which will be one of the most gigantic tasks this country has ever faced.

The core of this safe transition, if the report were followed, would be in dismissal wages for soldiers, government supervision of industrial reconversion, and in opening new areas for investment, assistance to industries in need of capital, enforcement of labor standards, and initiation of a large scale public works program.

We're frankly dubious of the possibility of a velvet shift back to normal after the war, but we recognize that the NRPB is taking a step in the right direction. We're all for further planning and the drawing up, and adoption of a simple post-war skeleton plan immediately and the addition of blueprints for all its phases, each fitting into its niche, as we go on about the war.

Most of the battle for a post-war world with the freedoms we are fighting for depends on planning for it right now.

SOME of the marines who were on Guadalcanal speak of it as if it were quite a party. One of these, Pfc. Byron S. Keyes of Oxnoss, who was with the class of 1944 here until he enlisted, writes back to a friend that being there was for him a real experience.

"The Japs were glad to see us coming and greeted us with a bang. Knowing we were strangers, they put on a real show for us. Realizing that we were far from home they put on some fireworks to keep us from getting homesick. We soon got to know each other better and it wasn't long before we were doing some real cutting up."

We like a poem clipped from the Purdue "Exponent". I wish I were a kangaroo. Despite his peculiar stances, I'd have a place to put the stuff. The girl friend brings to dances.

The rumor that seems to be worrying most of the men is the story that OCS will be 17 weeks long for all groups except the QMs. That's going to slow down the wedding mills if true.

Spartans at War

By ANNE COWAN

OF ALL the hundreds of men who were in the cavalry branch at MSC in the past few years, there are only about two men left with the "Horses." Those two are Lt. Gordon Dovey, '41, and Lt. Bill Otto, '42.

According to Bill, he and his companion are located somewhere on the Mexican border, and although they are not absolutely sure if they are the sole remainders of the four-footed group, they seem to have fairly reliable information that this is true.

Robert Roginski, who is now stationed at Shreveport, La., has been recently promoted from corporal to lieutenant.

Five ex-students of Michigan State have reported to the army air force flight school for pilots at Maxwell field, Ala. to begin the second phase of their training as pilots in the air force expansion program.

These men are Cadet William Barbour, Jr., '41-'42, Kappa Sigma, Cadet Robert A. Campbell, '42, Phi Kappa Phi, Cadet William G. Garrett, '41, Psi Chi, and Cadet George B. Mil-

lard, Detroit, '40-'41 student, and Cadet Donald Root, '42, Battle Creek.

Howard Fleming has just received his wings on graduation as a second lieutenant from the Marine Corps, advanced flying school, and Dick Thatcher, member of Pi Kappa Phi and active on the State News, has just been graduated from the air force flying school at Stockton field, Calif.

Attention should also be called to Second Lt. John C. Symonds who has reported for duty at the Carlsbad army air field, Carlsbad, N. M.

Several new names for those who are keeping up the morale of the fighting men by writing—Lieutenant Jimmy Ladue, Camp Bowie, Tex.; Walter C. Mack, '44 who is somewhere in the Pacific, and Ensign Eddie Parger who is on a ship that is stationed in the Caribbean sea.

Doris French, Alpha Gamma Delta, is also in the fighting picture. She is at the air line at Bendix air port, South Bend, Indiana, doing war work.

Archie Thomas, East Lansing, has just been promoted to the rank of corporal at Camp Wallace, Tex., where his duties will be that of an instructor. Lt. Wayne Chapman has also been promoted, but this time to the higher rank of captain, at Fort Riley, Kan.

Another female Spartan at war is Mary Shirley, '42, who is with the signal corps and assigned to Dodge brothers.

Bombardier wings were presented to the first class to complete training at the army air force bombardier school at Childress, Tex. Among this new group of graduates was Robert O. Couture, who attended MSC in 1940.

Sergeant B. R. Harmon, who was a junior in ROTC-QMC here until the end of winter term, is now located at Fort Warren, Wyo.

Lieutenant Harvey Harrington '38, former editor of the Spartan, is in North Africa. Any one interested in writing to him may do so to this address: 353 Bombing Squadron, 391 First Bombing Group, APO 520, in care of the New York post office.

In his letter he said he was hungry for college news, so Spartans, do your duty.

★ ★ STAR Dust ★ ★

WE OF the ninth armored division, a part of the STAR unit being tested and classified here, are leaving your college this week. Before going, we would like to express our thanks and appreciation for the courtesy and help you have extended to us.

First we thank the professors for their sincere efforts to make our refresher courses really helpful. We realize they were working under adverse circumstances.

Next, we thank the cooks and girls of the "chow" line for their smiling courteous service. Their careful distribution of food upon the trays was a source of amusement to us, for we have eaten for the past several months from mess-kits where everything, meat to dessert, was served in one small pan.

Last, but not least, we thank the faculty and student body for their many kindnesses. Our stay here has been pleasant, for which we say "Thanks a million, MSC!"

Spartans Walloped 5-0 by Broncos

Kalamazoo Team Scores Runs in Sixth: Getz, Bernitt Pitch, Holding Broncos to Six Hits

KALAMAZOO, May 25 (AP)—One big inning was enough for the Broncos today as they upset Michigan State 5-0, scoring all of their runs in a big sixth inning, with Colin Getz and Dick Bernitt pitching for the Spartans while Warren Biddle of the Broncos limited the opposition to six blows.

In the sixth Gus Gorguza singled to right. Fred Stevens, first baseman, was safe on his sacrifice by Howard Ladue's error at first. John Bero, third sacker, was at first when Gorguza was at third ahead of the play on Bero's bunt. Del Loranger, catcher, struck out, but Bernie Compton, short, was hit by a pitched ball and Gorguza scored. Gene Nyhus, center fielder, hit to third, but Stevens and Bero scored when

Milwaukee Meet Next on Ticket for Trackmen

With the Michigan State intercollegiate track crown under their belts the Spartan trackmen traveled to Milwaukee this Saturday to enter the 18th annual Central Collegiate conference track and field championships.

Varsity club members planning to attend the formal initiation banquet tomorrow should notify Howard Ladue or Mickey Faulman immediately.

Malschoss throw to the plate and away from Buck Reavely. Tom Krupa, left fielder, hit for two bases to score Compton and Nyhus.

State's only real threat was in the fourth when the Spartans got men on first and second on a base on balls and a single.

Biddle struck out seven men and Getz struck out four, but Biddle received errorless support.

Score by innings:
State 0 0 0 0 0 0 0 6 2
Western 0 0 0 0 0 0 0 5 6 0

Getz, Bernitt and Reavely and Compton, Biddle and Loranger.

Frimodig Puzzles Mural Situation

Intramural Director Lyman L. Frimodig announced yesterday that since more than two weeks of the all college intramural softball tournament have been gained out the tournament may well be called off for the spring.

Although nothing is definite as yet, if many more games are gained out there can be no hope of completing the intramural schedule.

Frimodig also stated that the only alternative would be to call all squads which had made good showing to date, and re-see the schedule to include only those teams, thus expediting the pay-off bids for the all college season.

From the Bleacher Seat By JOHN MARRS

Since the war started there has been quite an amount of big talk around about "command" tactics and hand-to-hand combat.

So much talk has been started through pictures of various sports bigwigs who are lending their services to the army, navy and marines in teaching hand-to-hand combat that the general public has come to believe that some American and English soldiers are able to defend themselves against an armed enemy by rough and tumble tactics alone.

Those who have this mistaken idea should set in on a few of Fendley Collins' hand-to-hand combat—more commonly known as Judo—classes for a day or two.

Says Collins: "Most of this stuff is purely for emergencies and my advice to you who are going into military service is to forget about it as long as the ammunition holds out."

But the Varsity wrestling coach goes on to recommend that all service men get as much of this sort of training under their belts as possible. "It is a consolation to know how to render a man helpless with your bare hands just in case that the situation should arise, however," he declared.

Most of the current popular literature out on hand-to-hand combat principles has the wrong slant on teaching men from the start. Judo and the old time Japanese angle on this sort of fighting was strictly defensive in style.

According to the newest methods of Jack Dempsey, Gene Tunney, and the numerous former college coaches in the navy and army air forces, the proper attitude toward the whole business is to take the offense.

Since the Allied nations have taken the offensive in a whole recent motion picture about the war, these "down" commands troops using their funny tricks

Novikoff Heads for Chicago

A few hours after coming to terms with the Chicago Cubs, discolors in the collar, Lou Novikoff, shortly grabbed a ticket from Clarence Rowland, president of the Los Angeles club, and headed for Chicago. The road manager was the last remaining major league holdout.

in knocking various Nazis about with ease.

No longer does the hand-to-hand combat schooled man wait for his opponent to make the first move. The best idea as our soldiers and marines see it is to rush the enemy off his feet, take his weapon away from him, and make good use of it in the end—either end.

As the fad of teaching this sort of stuff spreads through the nation's high schools, physical education teachers who used to teach their pupils to be more or less gentle and sportsmanlike now hand out advice something like "Knock hell out of each other, kids, and you will all get A's."

Jap Forces Make New Gains in West China

CHUNKING, May 25 (AP)—Japanese forces driving westward through western Szechwan province early of the Yangtze river have made new progress, the Chinese high command announced tonight, and held grew in Chinese quarters that this might be the initial stage of a drive on Chungking itself.

The Chinese command said one Japanese column captured Chungyang, 14 miles south of Ichang, the main enemy base on the upper Yangtze, while other columns have been reported still farther west.

SWL Sponsors Coed-Aircrew Social Hour

Designated to open more social channels for the aircrew men and coeds, a social hour sponsored by SWL is being held Thursday from 5 to 6 p. m. in the faculty dining room.

Pre-flight students will be notified of the social hour through their squadron leaders. They are especially urged to attend since the purpose is to enable men of the 310th CTD to become acquainted with MSC women.

Main feature of the hour will be dancing to records, according to Betty Baker, St. Louis junior, dating bureau chairman. Whether the program will be continued every week will be decided by attendance and interest shown Thursday, Miss Baker said.

Hostesses, social chairmen from dormitories and co-ops, will supervise the social hour and introduce the women and flightmen.

Plans are underway for a coed-precadet flight party the weekend of June 6.

Churchill Suggests Italy Disown Nazis

WASHINGTON, May 25 (AP)—Prime Minister Churchill, optimistic over the turn in the tides of war, told President Roosevelt's press conference today that the Italian people would be well advised to disown their intriguing Nazi and Fascist leaders and throw themselves on the justice of those they have so grievously offended.

The British war leader said the tide had turned indisputably in favor of the Allies, that Japan is looking at Russia with opportunist eyes, and that he still counted on a knockout blow rather than internal Axis collapses for final victory.

Flood Area Still Threatened

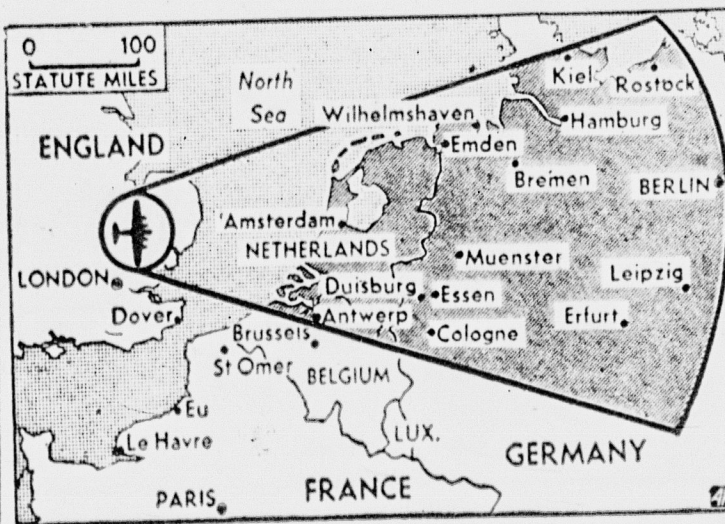

By The Associated Press

A host of soldiers and townsmen fought last night to hold levees still standing against the devastating waters sweeping down the Mississippi and Illinois river valleys.

Lt. Col. W. F. Lawlor of the U. S. engineers reported every levee on the Illinois side of the Mississippi from Columbia to Gale had broken, but the walls on the Illinois bank between Alton and East St. Louis withstood the terrific pressure.

Soldiers' socks are expected to last 50 per cent longer as a result of a new process of treating wool now used by the Indian army.

Allies Focus Raids on Nazi Objectives

Shading covers areas on the continent where for the sixth consecutive day Allied planes struck German military targets. The current air offensive was launched with a heavy raid on Duisburg, and reached its peak with attacks on Berlin, the Ruhr and the Rhineland when two of the largest dams in Germany were burst, flooding the valleys of the Ruhr and the Eder.

Big Sister Group to Hear Address by Dean Conrad in Meeting Today

Dean Elisabeth Conrad will be the speaker for the Big Sister training meeting today at 5 p. m. in the Little theater, Home Ec building, according to Co-Chairman Rae Annette Loeffler, Detroit junior.

Miss Loeffler also announced a meeting for members of the Big Sister council to be held Thursday at 5 p. m. in room 103 Union annex. Council members representing dormitory and off-campus women are Dorothy Semler, Benton Harbor sophomore, Barbara Quayle, Pontiac freshman, South Williams.

Dee Dearing, Pontiac freshman, Pat Easley, Trenton freshman, North Williams, Virginia Atkinson, Cleveland Hts. freshman, Barbara Estes, Constantine sophomore, West Mayo, Carolyn Kalmbach, Chelsea sophomore, Connie Helmer, Lansing freshman, East Mayo.

Lois Robinson, Norwood, Ohio, freshman, Joan Brissender, Pontiac, Ill. freshman, South Campbell, Pat Gould, St. Charles

sophomore, Doris Protheroe, Birmingham freshman, South Campbell, Doris Thompson, Mason junior, Lovina Lovgren, Harbert sophomore, North hall, Doris Englehardt, freshman, Dorothy Englehardt, freshman, East Lansing mailing.

Lois Ranzet, freshman, Shirley Pope, freshman, Jean Schmiedel, sophomore, town girls; Jean Zeok, Hamburg, N. Y. freshman, Marg Levitte, Croswell sophomore, Betty Fink, Elwell freshman, Co-op houses; Pat Foran, Flint junior, Marg Johnson, Saginaw sophomore, Alice Schuster, Detroit junior, off campus.

THE WOMAN'S WORLD

By KAY BESEMER

Tower Guard

Tower Guard active members and pledges will meet tomorrow at 6 p. m. at the home of Mrs. Curtis Beachum for a supper picnic, according to Elaine Waterbury, Clarkston sophomore, general chairman. The groups will hold their business meetings after the picnic.

Hostesses

The second group of dormitory, sorority, coop and off-campus hostesses will be guests of WKAR today. Housing Director Mabel Petersen announced Hostesses will meet at the College auditorium at 10 a. m. R. I. Coleman, director of the radio station, will speak.

SWL

A panel discussion on summer jobs—opportunities, pay, location, service—is slated for the SWL general meeting today at 5 p. m. in the Spartan room. Union, Pres. Meribah Rowlette, Detroit junior, announced Glen Stewart, alumni secretary; D. W. Kaykendall, journalism department and Liberal Arts placement director, and Ruth Peck, Home Economics staff, will lead the discussions.

Orchesis

Orchesis, dance honorary, will hold its annual banquet, lecture demonstration and initiation of new members today, according to Pres. Jean Kruger, Detroit senior.

The banquet will be held at Hunt's at 6 p. m. The lecture demonstration, which is open to the public, will begin at 8 p. m. in the Women's gym, under the direction of Ann Kuehl.

Orchesis adviser. The initiation ceremonies will take place in the dance studio gym.

New initiates are Gladys Fitz, Lansing sophomore, M. Leonard, Farmington sophomore, Kay McCormick, River junior, Marilyn Scott, East Lansing freshman, S. White, East Lansing junior, Newman, Hamtramck, Shirley Thayer, Niles, Pat Taylor, Mason senior.

YWCA

A musical reading hour will be the theme of the YWCA meeting, according to Program Chairman Betty Bolander, Metropolitan freshman. The program, scheduled for today at 8 p. m. in the student parlors of the Y, will include a play by Dorothy Hamilton, Albany sophomore, and music by the YWCA.

Dramatic readings by Wagenvoort, East Lansing junior, and selections from Dorothy Parker to be read by Bowmen, East Lansing senior, complete the program. Mistress of ceremonies will be Hudson, Detroit junior.

Rubber Strikes Spread

By The Associated Press
A war production stoppage in Akron's three largest rubber companies spread to other companies yesterday (Tuesday), leaders of the CIO United Rubber Workers union, moved to consider a War Labor Board appeal that more than 50,000 workers pledge to the nation's war effort the walkout at once.

Can Render in Wartime

Today, many Long Distance telephone lines are congested. New ones cannot be built because of material scarcities. Yet vital war calls must go through promptly.

You can help keep lines clear for war calls by following these suggestions:

1. Make NO Long Distance call unless it is extremely urgent.
2. When you MUST use Long Distance, give the operator the number of the distant telephone, if you can.
3. Keep all your Long Distance calls as brief as possible.
