Roosevelt Issues Miners Ultimatum

Senior ROTCs to Receive Two Week Furloughs

Camp McCoy, OCS* Next Posts for Graduate Men

Approximately 240 senior ROTC men will be granted today furloughs following graduation, Capt. C. W. Meyer, public relations officer, announced yesterday.

Applications for the furloughs were submitted not later than yesterday, he said. At the end of a two-week furlough the men will be sent to the Sixth Service School training center at Camp McCoy, Wis.

Col. E. A. Banning, head of the ROTC, also stated that the information known to the school will enter OCS candidate school following graduation at Camp McCoy. The time will depend upon the date of the OCS.

He commented, "Lieutenant Banning, and no comment will be given unless the students stand the competition."

College to Assist Army Institute by Test Results

Michigan State college has been asked to cooperate with the United States Armed Forces Institute in standardizing tests in reading materials in the social studies and analytical geometry, according to MSC Liaison Officer Paul L. Dressel.

The two tests, which will be given to 85 students in history 103 and 100 students in analytical geometry, will be held Tuesday from 3 to 5 p. m. The geometry test will be given in Music auditorium and the social studies exam will be held in Kedzie chemistry lecture room.

These tests are being given for the purpose of cooperating with the institute to standardize tests and testing results in order that men in service taking courses through the institute may have their work evaluated according to fixed standards derived from a nation-wide testing program, Dressel said.

He emphasized that taking the tests in no way affected the status of the students in their course work. He also pointed out that it is equally important that "D" and "F" students take the exam, as well as the students holding higher grades, in order that a fair sampling may be obtained.

British and Greek Destroyers Sink Enemy Convoy

ALLIED HDQ. IN NORTH AFRICA, June 3 (AP).—Striking at the heart of Italy's sea communications, doing British and Greek destroyers attacked an enemy convoy off Cape Spartivento at the toe of the Italian boot Tuesday night and ripped it to shreds without themselves suffering either casualties or damage.

In defiance of the big guns of the Italian fleet, the straight-shooting Allied warships wiped out two Axis merchant vessels and an escorting torpedo boat and sent an enemy destroyer aground, burning fiercely. One Greek destroyer participated in the attack.

Smashing of the Italian coast. See BRITISH-GREEK—Page 2

Mine Strike Ended by FDR Dictum

Workers at the Montom 10 mine of the Pittsburgh Coal company at Liberty, Pa., shown here leaving the mine at the beginning of their strike, were ordered back to work last night by President Roosevelt. Negotiations between the mine operators and UMW Chieftain John L. Lewis had failed to produce a new contract at the time of the president's order.

Sino-American Air Force Aids Army in Fight to Japanese-held Yangtze

CHUNGKING, China, June 3 (AP).—Supported by an American-Chinese air force which dominated the central China skies and was shooting Japanese planes down at the rate of 14 to 1, the Chinese armies swept tonight to the south bank of the Yangtze.

Distribution of the 1943 Wolverine will begin Monday, June 7, in the Union main lounge, according to Helen Savers, Jackson senior and business manager. The distribution desk will be open from 3:15 to 10 p. m. Monday and Tuesday, and identification cards will be necessary to obtain the books.

Yangtze and were separated only by that great river from the main Japanese base of Ichang in Hupei province.

Further down the river, other

Chinese troops were declared in a special communique of Chiang Kai Shek's command to have trapped 4,000 of the Japanese invaders, 30,000 of whom were officially declared already to have fallen as casualties.

In yet another drive in the counter-offensive now throwing the Japanese back all along the upper Yangtze front, Chinese columns crossed into Hupei from Hunan province, said the high command, and surrounded the Japanese position of Kunming, this some 70 miles south-east of Ichang.

The main drive on Ichang, which had advanced 32 miles within less than a week, earlier had overrun and recaptured the towns of Changyang and Chih-kang, respectively 12 and 35 miles south of that base.

Sends 500,000 Back to Work by Monday

Disposition of Dispute
to Continue After
Return to Duty

WASHINGTON, June 2 (AP).—President Roosevelt summoned Secretary Tolson and members of the War Labor board to the White House late today to consider the coal strike.

By The Associated Press

WASHINGTON, June 3.—President Roosevelt, acting as wartime commander-in-chief, today flatly ordered some 500,000 striking mine workers to return to work Monday, and drastic measures were reported in effect to force them to do so.

Backing to the front the War Labor board which John L. Lewis has defied, Mr. Roosevelt said that when the miners return to their "war duties," the disposition of the dispute will be left with procedure under the jurisdiction of the War Labor board and in accordance with the customary and established procedures governing all cases of this sort.

The president made no mention of what he would do if the strike continued. In fact, his terse statement did not seem to recognize even a possibility that the order could be ignored.

Responsible sources said he was ready to resort to use of troops, the draft laws and other measures if necessary.

Moreover, it was stated on high authority that the government is considering seriously the question of whether men who have struck would be entitled to any retroactive pay increase which might eventually be agreed upon.

No action has been reached on this point, but it may be referred to Attorney General Biddle for a ruling. Government officials are inclined to the view that miners who struck may have cancelled the promise of a retroactive feature in any new contract.

BULLETIN

STOCKHOLM, June 2 (AP).—Desperate Jews, defending themselves at barricades in a pitched battle that lasted three weeks, killed 300 Germans and wounded more than 2,000 when German Elite troops sought to liquidate the Warsaw ghetto recently, a secret Polish radio station heard here said tonight. Five thousand Jews fell in the fighting.

Polka Dot to Rot

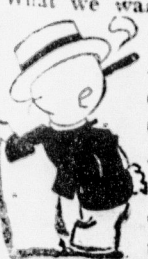

Those that know Osric Earl know his aversion to ties has been a constant source of amusement. Last night at the Publication banquet, Ellis Brandt, publisher, announced that Osric had accepted a tie of polka dots. Since federal regulations required dignity and bearing at the necessary for Osric to wear a tie. With this he fished a pocket and pulled out a polka dot tie. Osric gave a glance over and commented, "It will be an excellent addition to the rest hanging on my back."

No Whistling

Yesterday afternoon between 6 and 7, seven B and G coeds were employed in front of Mason hall shoveling the dirt along the curbs in front of the dorm into a B and G truck. The girls were appropriately attired in blouses, shorts, and brief blouses which proved to be just the thing for the job. For every woman there were at least two men offering able advice and sometimes assistance. One of the men was heard saying, "And this they call the weaker sex."

Spartan Soliloquy

What we want to know is will first Alumni President of the Class of 1943 Jack A. Bush retire in 1948 or run for a third term?

ONE MAN'S OPINION

By ELLIS BRANDT

A UNIVERSITY of Texas history professor, one D. C. MacArthur (presumably not Douglas), asserts that women to one man cheat on examinations.

His theory is that it goes back to their home training. Fathers teach their sons honesty. Mothers teach their daughters virtue and personal chastity.

It also goes back to their physical makeup. Men are strong and like to look big. Women have to develop tricks and slyness to get things because they are weaker physically, and they like to be devious.

Our own idea on the subject is that women cheat for the same reasons men do, and we seriously doubt whether 80 per cent of the cheating that goes on at MSC is done by women. An impartial survey, if such a thing could be made for such a subject as cheating, would show, we think, that the percentage follows the man-woman ratio fairly closely.

However, with final exams looming on the horizon for all but final term seniors we would like to suggest that some sort of action is in order on the matter.

We think the crux of the problem lies in the attitude taken by the individual faculty member. Over in the chemistry department they have a reputation for being hardnoses about wandering eyes and side-of-mouth whispering, and cheating is kept at a minimum.

We have known other courses, though, where the instructor walked up and down the aisle when students were illicitly using textbooks on the final, when papers were being unfolded on benches, and students in the back row were discussing the correct answers, and when the instructor could not possibly

have avoided seeing what was going on.

We have known other instructors who brought a book along to read and never once glanced at it during the two-hour period. We even had a student brag to us that he had taken his textbook and two reference books along to an exam and used all three, and three fraternity brothers of his vouched for his word.

We have known of cases more than once and with more than one individual involved where students had the final with them while they studied for it.

But this is enough. There are other cases which don't need to be dragged out into the light of day.

Students will do as much cheating as their instructors and professors allow, to our way of looking at it. When the faculty cracks down cheating will be eliminated.

THE friendly games of "Back Up" we've seen going on around the ROTC barracks of late, and the complaints of some of the ROTC's that they're broke despite getting full army pay reminds us of the University of California professor who would like to see them get paid less.

The professor points to the ancient Athenians, who paid their sailors only 9 cents a day, not enough even to have a cake date. The Athenian general (Aciades, it was) had the idea not of saving money for Athens but of preventing the sailors from injuring their health by spending their money on things which bring on sickness.

It might be a good time for CDC to spring its tag day and try to sell some of the men a war bond or two.

Spartans At War

By ANNE COWAN

HUNDREDS of new pilots have recently completed their advanced training at the Texas flying schools, and among these new fighting men are several trained Michigan State students.

Heading this list are William R. Cronin, 40, of Flint; John H. Garlent, JR., of East Lansing; Thomas R. Cushman, 41, of Brooklyn, Mich.; Robert E. Bismund, 42, of Albion; Jack A. DeVette, 41, of Muskegon.

Others are Douglas E. Hyde, 40, of Muskegon; Crawford Kanner, 40, of South Portland, Me.; and William McKinnis, 40, of Bryan, Ohio. Along with the winners come the rank of lieutenant for all of these men.

LT Peter Van Valin, 42, a member of the Hesperian fraternity, and a member of the pilot team, has just reported to Goodfellow field, Texas, with another Spartan, LT William Mackeban, 42, a member of Sigma Nu fraternity.

Stanley D. Koon, 44, of Howell; Robert Cushman, 43, also of Howell; and Lee Cahill, 44, East Lansing, are all of Camp Walters, Tex., where they are beginning their basic training as infanters in public relations there recently.

Aviation cadet Harry E. Cameron, 42, member of Sigma Nu fraternity, has arrived at the Texas army air field to take his basic flying training as a student pilot. Kenneth Barlow, 43, entered the army as a flying cadet, after being commissioned as an ensign.

News comes from Earl S. Clark, that Bill Rescort, junior, has received the award for being the most outstanding student in the ROTC next year, advanced course for 1945. The award was presented by Capt. Martell Gladstone, commander of Battery D, at a retreat ceremony.

Spartan Netmen to Finish Year Against Central Today

Capt. Frank Beeman will lead his Spartan netmen into the courts at 3 p. m. for their last match of the season when the Central Michigan squad appears here today.

Coach Charles D. Ball has experienced the most successful season in the history of the sport since he took over the net coaching duties here. Only Michigan succeeded in defeating State on the courts this year and that was done on an inside match under strange conditions for Ball's team.

In the first match of the season with the Wolverines, State took a 6 to 3 win only to lose by the same score later on. During the season Notre Dame, Western State, Detroit and Michigan Normal have fallen before the Spartan six.

Today's matches will find no change in the lineup with Beeman leading off as the No. 1 man. Fred Ziemann, Bill Maxwell, Earl May, Mickey Elmer and Mary Ott will represent the Green and White in the other positions.

If yesterday's sunshine dried out the play courts sufficiently, this match will be played on those courts instead of the permanent ones for the first time in several weeks.

Russians Open Offensive to Split German Forces

LONDON, Friday, June 4 (AP)—The Red army has sprung a new offensive near Tarnopol on the Sea of Azov in an effort to split German forces, according to the swamps, Kuban bridgehead, but has not achieved any "lasting success," the Berlin radio said last night.

A Tass report quoted from dispatches as saying that "air forces of both sides were making thousands of flights yesterday" in accelerated sky fighting over the Caucasus, but there were few Soviet details on the land struggle.

FRANK BEEMAN

Haegg Threatened by A.U. Board for 'No-Run' Remark

NEW YORK, June 3 (AP)—Gönder Haegg probably doesn't know it, but he's started an argument with the Amateur Athletic union—an argument that may or may not be straightened out when he gets back on land next week at New Orleans after nearly a month's absence on a tank.

The Swedish swimmer, holder of seven world records at distances from 100 to 5000 meters, has been sent back to Stockholm via a correspondent accompanying him that he'll not be able to shake his sea legs until July 1. That means he'll miss the national A.A.U. championships at Randall's Island, June 19-20.

But the Amateur Athletic union has other ideas. Dan Ferris, secretary-treasurer of the organization, said today in effect that Haegg will run in the national championships, or else, meaning that the Swedish swimmer would face suspension if he declines to compete.

Since an amateur athlete agrees to compete in a meet he is bound to that agreement by the rules of the A.A.U. and the International Federation, Ferris said.

Active French Get Group for Allied Victory

ALGIERS, June 3 (AP)—A French Committee of National Liberation, headed jointly by Generals Charles De Gaulle and Henry Giraud, was established formally today to "pursue the war at the side of the Allies until total victory over all enemy powers," including Japan.

Formation of this strong central authority to oppose Pierre Laval's Axis-committed regime and to rally the French masses awaiting an Allied invasion of Europe came after almost seven months' patient effort to bring the two French groups under a single banner.

Signs of tension began disappearing here immediately, replaced by a new spirit of consultation in all official quarters. Enthusiastic demonstrations occurred as the news spread.

"A baby has been born," exclaimed American Minister Robert Murphy. "I'm delighted with it. It fulfills all our hopes and there is no doubt that there is sincerity in all quarters."

The seven-man committee, which is to be expanded to nine, will direct the French war effort until France is freed and able to elect its own leaders.

Other committee members named were Gen. Alphonse J. Georges and Jean Monnet, named by Giraud; Rene Massigli and Andre Philip, appointed by De Gaulle; and Gen. Georges Catroux, named by both presidents.

Tax Bill Sent to President

WASHINGTON, June 3 (AP)—The senate passed legislation today putting the nation's income tax payers on a pay-as-you-go basis and sent it to the White House with the expectation that it soon will become law.

Registration Notice

Students expecting to enroll for Summer School should pre-classify according to the schedule below:

AGRICULTURE

Report to Dean Anthony's office, June 7 to 10.

APPLIED SCIENCE

See advisers June 7 to 10.

ENGINEERING

Report to 109 Olds hall as follows:

A-C inclusive 8:30-11:30 a. m. Monday, June 7
D-F inclusive 1:30-4:30 p. m. Monday, June 7
G-I inclusive 8:30-11:30 a. m. Tuesday, June 8
J-L inclusive 1:30-4:30 p. m. Tuesday, June 8
M-O inclusive 8:30-11:30 a. m. Wednesday, June 9
P-R inclusive 1:30-4:30 p. m. Wednesday, June 9
S-Z inclusive 8:30-11:30 a. m. Thursday, June 10

HOME ECONOMICS

See advisers June 7 to 10. Advisers' office hours will be posted on the H.E. bulletin board. First term juniors will have new advisers. See list on bulletin board. All senior vocational majors should see Mrs. Byers.

LIBERAL ARTS

Report to Dean Eumons' office, June 7 to 10.

VETERINARY

See advisers, June 7 to 10.

GENERAL

Report to Director Crowe's office, June 7 to 10.

GRADUATE

Report to Dean Bessey's office, June 7 to 10.

ALL STUDENTS

Reservation of sections will take place in the Jensen gymnasium on Tuesday, June 22. Students are not allowed to register in courses in both the six-week and quarter sessions except on permission from their academic dean. Any student classifying in nine credits or less (4 credits or less in six-week session), and expecting to pay \$2.50 per credit hour, must obtain from his dean, before seeing his adviser, a statement of the amount of work to be carried. This must be presented at the time of reservation of sections.

Honorary Keys Arrive

Phi Kappa Phi, scholastic honorary, keys have arrived and may be picked up at Emory Foster's office, Union.

Ford Leaves Most Stock to Charity

DETROIT, June 3 (AP)—Edsel Bryant Ford, only son of Henry Ford, left the major portion of his stock holdings in the Ford Motor company to a foundation for educational and charitable purposes, and thus the total of inheritance, transfer and other taxes to be assessed against the estate will be reduced to about \$12,000,000.

That figure was the estimate of attorneys today as they filed for probate the will of the late president of the Ford Motor Co. who died last week.

VOCATION MAJORS—

Breakfast for junior and senior vocational majors will be held tomorrow at 9 p. m. in Hunt's blue room. Tickets may be secured at the candy counter in the Home Economics building or at Mrs. Merle Byers' office until noon today.

STUDENT CLUB—

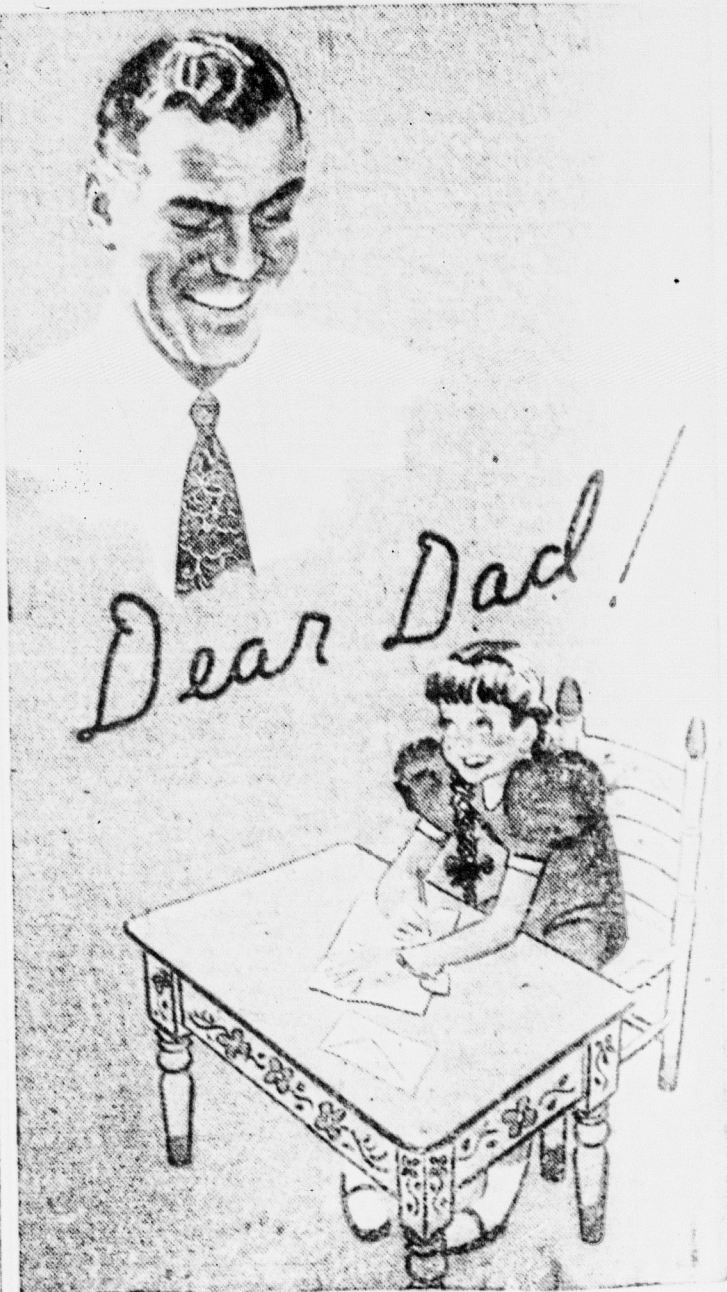

"Spring Finale," dance ending Student club parties, will be given in faculty dining room, Union, tonight at 8. Liga Simons, Quiroz, sophomore from Panama, and Teresa Gadaleta, Lansing freshman, will entertain with several Latin American songs and congas.

Axis Claims 17,000 Yankee Prisoners

WASHINGTON, June 3 (AP)—Secretary of War Henry Stimson gave an off-handed mention today of attacks today on the territory of Japan and the navy empire, shortly afterward with mention of further mopping-up operations on Attu island in the Trans and an air attack on the now-isolated Japanese island of Kiska.

Stimson said the Axis holds 17,000 American prisoners, officially reported from the International Red Cross, Japan holding 11,300, Germany 3,312 and Italy 2,400. Probably are many others, yet officially reported.

Father's Day June 20th

"Dear Dad: You'll love these shirts and ties. What! They're Manhattans, same kind you've worn."
