

Things to Come

Enthusiastic and prophetic was a sign painted on a car parked in front of the Hunt food shop Tuesday night. In big letters it proclaimed to the anxious world: "Just married; watch East Lansing grow."

Figures Don't Lie

From a campus bulletin board comes the quote of the week. Attention statisticians, in a recent statistical survey, it was found that Vassar graduates have an average of 2.3 children, while Yale graduates have an average of only 2.1 children. It is thus statistically proved that women have more babies than men do.

They Lose Phase

It is fairly obvious that one phase of war at State has been overlooked. Witness the following conversation, overheard when two coeds passed Dem hall the other day. "What are those?" pointing to some field artillery trucks. "That's the coast guard, don't you know?" "Oh, go on, the coast guard has little boats. You could not have boats here."

College Schedules End of Fall Term

Schedules will officially end at 5 p.m. Friday, Dec. 17, Registrar R. S. Lister announced yesterday in the college catalog. According to 5 p.m., according to the Board of Agriculture, the date. The examinations for this term are given during regular school periods, and, at the end of the term, the professor, after a two-hour long, the examination of special examinations, has caused the delay of having the examinations to teach their students during civilian life. The examinations for winter term will begin Monday and Tuesday, Dec. 18 and 19. It will be in the afternoon, persons whose examinations begin with Z will have the first choice to be scheduled among all students. The examinations for winter term will begin Monday, Jan. 5, at 10 a.m., Lister said. At present, the examinations are scheduled to end March 17.

UNDER THE WIRE

STOCKHOLM, Nov. 30 (AP)—The German foreign ministry and diplomatic corps have been moved from Berlin to Breslau, about 150 miles to the southeast and near the old German Polish border, because of the heavy RAF raids on the Nazi capital, the newspaper Svenska Dagbladet said tonight.

By The Associated Press
A Reuters dispatch from Lisbon said President Roosevelt, Prime Minister Churchill and Generalissimo Chiang Kai-Shek had concluded a long session in Cairo preliminary to a meeting with Premier Stalin in Iran, and OWI short-wave broadcasts to Europe repeated the story again and again last (Tuesday) night.

CAIRO, Nov. 30 (AP)—Franz Von Papen, veteran diplomatic trouble-shooter for the Nazis who has been ambassador to strategic Turkey since 1939, may shortly succeed Joachim Von Ribbentrop, one-time wine salesman, as German foreign minister, reports from Istanbul indicated tonight. Hungarian diplomatic circles are said to have spilled the secret.

Eighth Army Shatters Anchor of 'Winter Line'

German Industrial City Hit as Allies Continue Campaign

American Heavy Bomber Attacks Set Record

LONDON, Nov. 30 (AP)—American Flying Fortresses, winding up the eighth air force's best operational month of the war, bombed the Ruhr city of Solingen east of Dusseldorf by daylight today in the first Allied attack on that target, site of a high-grade steel plating mill and a plant making metal alloy parts for German fighter planes.

The American bombers, accompanied over their target by Thunderbolts and Lightnings and covered in withdrawal by RAF Dominions and Allied Spitfires and Typhoons, had an unusually strong escort for the mission, which brought the month's total of American heavy bomber attacks from Britain to a record 11.

Two heavy bombers and five fighters were lost, while seven enemy aircraft were shot down, six by the withdrawal covering fighters and the seventh by a Fortress.

Although Berliners were left alone amid their destruction since Friday night's double-header attack against both the German capital and Stuttgart, this was the fifth time in less than 48 hours that Allied bombs were brought home to German soil.

The likelihood of elimination of Berlin as an effective center of Germany's war effort seemed to be proceeding apace despite the three-day lull in heavy Allied air attacks upon it.

Berlin, Lisbon Report Probable Meeting of Allied Heads in Iran

WASHINGTON, Nov. 30 (AP)—Speculation that the United Nations leadership is preparing to tell Axis members just what each may expect from unconditional surrender received a new flap today from reports that President Roosevelt, Prime Minister Churchill, Premier Stalin and Generalissimo Chiang Kai-Shek are to meet in Iran.

Reports came from both Berlin and Lisbon that ancient Persia, or Iran, has been selected as the scene of the long-expected conference of the Anglo-American-Russian leaders, and both agreed that Chiang also will participate.

The Lisbon report, carried by Reuters, British news agency, added to the Berlin radio version.

Unnoticed Monuments Have Story to Tell

Landmarks all over the campus have been erected to the memory of outstanding persons and events in the history of Michigan and have become so familiar to students and faculty that they slip by unnoticed.

One of the most frequently seen is the piece of granite standing in front of the Union. It has been called the "halfway stone" and its history dates back to 1864. Several farmers were plowing a field just outside of East Lansing, and during their pause for lunch they spotted a split in the boulder they were leaning against.

A nearby cherry tree gave the farmers an idea, and they planted the small tree in the crevice. As the years passed this queer stone gained its name because it marked the point halfway be-

PanHellenic Night to Include Convoy of Greek Women

Taking the place of the annual PanHellenic banquet this year, sororities will hold a PanHellenic night for all active members and pledges Monday from 7 to 9 p.m., according to General Chairman Jean McKerning, Flushing junior.

Greek women will gather in Euclid theater at 7 p.m. to hear the guest speaker, Capt. Orline Hall of the WACS. Captain Hall is a member of Alpha Gamma Delta sorority and a graduate in journalism at Northwestern University in Evanston, Ill.

Following Captain Hall's talk, coffee will be held in all sorority houses with women representing each Greek organization on campus attending. The number representing each house will be determined by the size of the group. Members of the Lansing PanHellenic club and faculty wives will also attend.

Committee members planning the program include speakers committee: Linda Weber, Battle Lake, N.Y., senior; Peggy Hall, Okemos, junior; and Debbie Boyd, Detroit, junior.

Social committee: Rae Annette, Leetonia, Detroit, senior; Pat Foster, Easton, Ill., junior; Seattle McNeal, Grand Rapids, junior; and Donna Gleason, Buffalo, N.Y., junior.

New Officers Named for Speakers Group

Victory Speakers bureau has chosen the following for its 1943-44 officers: Jean Granville, chairman; Betty Ann Wendland, vice-chairman; Lucille Albert, corresponding secretary; Marjorie Olson, recording secretary; Dorothy Ann Dye, treasurer; publicity chairman; Marjorie Grandall, speakers chairman.

Meetings will be held every Thursday evening in room 103, Union annex, at 7. The bureau hopes to have every dorm, co-op and sorority house represented at these meetings.

Spartan Halfback Killed in Africa

LT. EDWARD J. PEARCE, regular Spartan right halfback for three years, was killed Nov. 22 in a bomber crash in French Morocco.

LT. EDWARD PEARCE, former grid star

The war department announced yesterday. The announcement came in a telegram to his wife, Marian, at Flint.

The statement of his death followed by 24 hours a notification that he was missing.

Lieutenant Pearce played varsity football at State in 1937, 1938 and 1939.

Football Coach Charley Bachman said, "He was a good all-around player, especially good on defense, and the most popular fellow on the team."

Athletic Director Ralph H. Young declared him to be the "smoking of the team" and a "dear fellow" from every angle.

Japanese Troops Use All Out Force to Take City of Chungteh

CHUNGKING, Nov. 30 (AP)—Supported by poison gas, airplanes and artillery, Japanese forces have smashed their way into strategic Chungteh, the Chinese high command said tonight, and the enemy's success threatens a pincer movement on Chungsha, from Chungteh, and Yenchow, east of Tungting lake.

The Japanese forced their way into the vital "rice bowl" city in an "all out" attack yesterday from the north and east gates and bloody street fighting resulted in which both sides suffered heavy casualties, the high command said.

Nazi Strong Point Captured After Two-day Battle

British Troops Take All of Sangro Ridge, Drive Enemy from River

ALLIED HDQ., ALGIERS, Nov. 30 (AP)—Gen. Sir Bernard L. Montgomery's eighth army shattered the eastern anchor of the Germans' "winter line" across Italy today, capturing the whole of Sangro ridge and driving the enemy out of a huge bridgehead north and west of the Sangro river that extended at least 15 miles inland from the sea.

Climaxing 48 hours of continuous, bitter fighting, the veteran eighth drove forward in a smashing advance which threatened to turn the flank of the enemy's entire defense system before Rome.

Dominates Valley

The whole of the high ridge which overlooks and dominates the Sangro valley is now in our hands, the Allied command announced tonight in a special communique.

The two bridgeheads on the Adriatic side of the coast have now been joined up to form one large penetration in the enemy's defensive positions.

Take Four Towns

In today's advance Montgomery's warriors swept through four more towns—Fossacesia, Villa Santa Maria, Mozzagrogna and Romagnolo—bringing to 12 the number of towns and villages taken since they opened their attack before daylight Sunday after a heavy artillery bombardment.

Earlier today an Allied communique reported that the enemy's defenses on Sangro ridge had been penetrated and the bridgehead across the Sangro river enlarged to a depth of four miles and a width of 12 miles in the face of desperate German resistance.

Spartans at War

By ANNE COWAN

CADETS Tom Cushing, '45, Don Goukian, '44, and Ed McKeehan, '44, have reported to the AAF pre-flight school for pilots at Maxwell field, Ala., to begin another phase of their training as pilots in the U.S. army air force.

Aviation Cadets Don Goodwin and Charles Herr, former Spartans, are now receiving the basic phase of flight training at the army air forces pilot school at Courtland, Ala. While at State, Goodwin was a member of Sigma Alpha Epsilon fraternity.

Ted Wilson, '41, and Howard Schulz, are both former Spartans, and now both captains at Fort Sill, Okla. City. Wilson, who is at MSC, was lieutenant colonel of the field artillery.

The death of Lt. Carl Edwin Newlander, who was reported missing in action and then killed while in the Southwest Pacific, has been confirmed by government officials.

The confirmation of his death was received by his parents, Mr. and Mrs. Carl Newlander, who live in Erie, Pa. The elder Newlander was on the staff of the daily department at State some years ago.

The report from the war department indicates that Lieutenant Newlander was flying a Warhawk on a mission over New Guinea. Enemy aircraft were encountered, and during the engagement that followed, Newlander's plane was damaged. He was credited with one confirmed and one probable enemy craft before his plane was shot down.

Bill Fritz, former Spartan, won his navy wings of gold and was commissioned an ensign in the

naval reserve, following completion of the prescribed flight training course at Pensacola, Fla.

Jim Church, an active '42 grad, who was known as president of Union Board, president of Hesperian fraternity and as a first lieutenant in the quarter master corps of the ROTC, has just been promoted to an army captain.

Ed Myron Seeder has reported for duty at the Carlbad army air field, Carlbad, N.M. Lieutenant Seeder, former Spartan, was commissioned this month upon completion of cadet training at Santa Fe.

Thomas Weber, '42, graduate of 1941 in his class from officer candidate school at Miami Beach, Fla., and is classified in the administrative branch of the air forces as a second lieutenant. Lieutenant Weber was the former chief announcer for WKAR, and is radio station.

ASTs Expect One-Day Christmas Vacation

Although official word has not come from headquarters in Chicago, Christmas vacations for AST men will consist of only Christmas day, Major James Speckman, public relations officer, said yesterday.

If this order comes through, the men will have open post from 6 p.m. Friday, Dec. 24 until 8 a.m. Monday, Dec. 27, with a 100 mile pass. This order applies only to AST and AST reserve men. Former junior ROTC and Vets will follow the college scheduled vacation.

THE LESS SAID...

By NEVA ACKERMAN

THE former junior ROTCs are on the move again. If ever a group got shuffled about it was the ROTCs in their problem of waiting for the army to decide what to do with them. The last of the ROTCs arrived last week on the campus and are being moved out already.

The reserve men who have had officer training in college have been the stepchild of the army and particularly the group who were beginning advance training last year.

The army couldn't decide whether to call them in to active duty or to leave them in school. They finally decided to call them when they had finished basic and were ready for OCS. The preceding ROTC class was also ready and they required preference as a senior class.

So the juniors were sent back to campus for a term to await OCS vacancies which are now beginning to open in nearly every branch since senior ROTCs are graduating this month.

One term away from school in the regular army made the returning ROTCs restless to be stuck here "fighting the battle of the Red Cedar" no matter how much they missed it while they were away.

Even though it was good to be back with old friends on the campus it wasn't the same. The ROTCs couldn't settle down to just going to school after going through basic training and maneuvers and what not.

Many persons felt that they had an uncooperative attitude toward the college but that was to be expected. You can't give a man a real dose of army life and expect him to be content just to study physics and math especially if he was a liberal arts student before. But they are off again and will soon be back in the "man's army," not on a "reprise turlough."

DOWN at the University of Kansas a mild scandal was started over an intercepted phone call at the Chi Omega house when a faculty member called asking for the house president. A male voice answered, "Sorry, she's out on a date."

"Well, is this the house manager?" the faculty member asked. "Could you tell me when she'll be in?"

The male voice shifted into a southern drawl and said, "Yes, ma'am, dis am de houseman—but I sho couldn't tell you when dat lady will be back. Dese gals, dey go out and sometimes dey don't seem to never git back—not till early in de morning and den when dey do come in—oh, oh!"

Since the faculty member was young once herself she gave the Chi Os the benefit of the doubt and assumed that the houseman was a visiting member of the navy V-12 unit on campus. But it did sound bad for the Chi Os.

AT ANOTHER midwestern college, students decided that the men were being slighted because campus queens were being chosen right and left. So they decided to do a "most likely" voting series for the men.

They considered the conventional "most likely to succeed" but ended up with a new series including the man "whose forehead is most likely to recede" and the man "whose chest is most likely to slip."

Maybe they were looking for a king or maybe they were just avoiding pitfalls.

Nimitz Visits Tarawa Atoll, Hints at New Central Pacific Offensive

WITH THE U.S. MARINES ON TARAWA, Nov. 27, (colored), (AP)—Admiral Chester W. Nimitz, commander of the mid-Pacific area, visited battle-scarred Tarawa atoll of the Gilbert Islands today.

After inspecting the battle-ground, still littered with wreckage and smelling of death, he said Tarawa was the most difficult attack United States forces had yet made in the Pacific, but it augured well for the future that we were able to crack this heavily defended Japanese position.

The admiral hinted at future central Pacific offensives and that there would be no rest following the capture of Tarawa by declaring "We shall continue constant pressure on the Japs."

Tarawa was one of the atolls in the Gilberts invaded a week ago, to start the long expected mid-Pacific offensive.

Admiral Nimitz said specifically that we will continue to hit the Marshall islands, the oft-bombed island chain to the north.

Anti-Hitler Germans Reported Awaiting Moment of Revolt

LONDON, Nov. 27.—Anti-Hitler groups in Germany are reported as likely to seize the moment of revolt that may come from the resignation of Prime Minister Neville Chamberlain, President Roosevelt said today.

The reports, which came through channels reliable, although they were not identified, say this group has made informal proposals which were without discussion.

These wholly unofficial reports, the reports continued, not regarded by the government as all.

Students to Talk to Pratt Whitney Representative

Students and alumni under 35 years of age who are interested in positions as fellows to engineering aides will be able to interview Charles Kirchner, representative of the Pratt Whitney corporation, Thursday or Friday, Prof. Tom King, head of placement office, announced.

Persons in fields other than mathematics are desired, King said. They will undergo a 35-week training period at the central plant in Hartford, Conn.

During this time they will spend eight hours a day, six days a week in class and laboratory work. Among the subjects to be studied are engine lab, basic metallurgy and machine tools, King stated.

Since the program will probably begin immediately, women who are not graduating this term will not be able to complete courses for their degree. This is the basic difference between the present fellowship system, sponsored by the company at State and the proposed plan.

Kirchner will be in King's office in the power plant at 1 p. m. Thursday and will remain through Friday. Persons interested in an interview should call ext. 323 and arrange with King for an appointment.

Father Draft Quota to Be Raised Above That of November

LANSING, Nov. 30 (AP)—Selective service headquarters said today that the percentage of pre-Pearl Harbor fathers to be drafted in December and January would increase progressively over the 20 per cent introduced to meet Michigan's November draft quota.

Michigan is not expected to receive its supply of label makers identifying men who have received honorable discharges from the army in this war until late December or early January. The plastic buttons will be issued to men now in service as they receive their discharges, but those already mustered out will have to obtain them at army installations.

Possible Drives in Pacific Depicted

Arrows indicate likely Allied moves in the war against Japan as seen by observers in Washington. Americans in the Gilberts are expected to push into Marshalls and toward Truk, thence to the Philippines. The Allied drive on Rabaul also is expected to the Philippines. The Allied drive on Rabaul also is expected to attack Andaman islands before driving into Burma and the East Indies. Americans in the Aleutians are to advance into the Kuriles, completing a blockade of Japan. (AP Wirephoto.)

Australian Troops Capture Bonga

S. W. PACIFIC ALLIED HDQ., Wednesday, Dec. 1 (AP)—Australian troops have taken Bonga, the latest objective on the Huon peninsula of New Guinea, without opposition.

The Allies not only occupied the former Japanese defense site, approximately 10 miles northwest of Finschhafen, but also proceeded to the mouth of the Kallang river. Gen. Douglas MacArthur's command said.

Other Australian units continued to advance on Arco, in the vicinity of Bonga.

Allied planes meanwhile, attacked the Japanese air base at Cape Gloucester, on the western tip of New Britain, across Dampier Strait from New Guinea, dropping 40 tons of bombs and setting fires in supply dumps.

Allied light warships ventured north of Finschhafen, in the narrow waters between New Britain and New Guinea, and shelled Sio on the New Guinea coast.

Japanese forward positions at Shores Augusta bay, on Bougainville island in the northern Solomons, were heavily bombed by Allied forces in support of Marines and army troops, who have been clearing their way forward in that area from a beach.

Meat Ration Points Reduced 30 Per Cent; Butter Remains Same

WASHINGTON, Nov. 30 (AP)—Price Administrator Chester Bowles announced tonight that ration costs of meat will be cut to allow a 30 per cent larger ration in December.

"Our meat supplies are in pretty good shape and for that reason I am glad to say that we are going to be able to cut the points on meat rather substantially during the month of December," Bowles said. "This reduction in point values will give each member of your family about 30 per cent more meat."

With one or two exceptions, the price administrator said, pork cuts will continue at the reduced point values put into effect 10 days ago.

Bowles said the butter ration has not improved and indicated the current ration post—16 points a pound—will not be changed.

Nazis Counter, Take Korosten Rail Junction

Russians Continue Drive in Gomel Sector, Push Germans Westward

LONDON, Nov. 30 (AP)—The Russians tonight announced the loss of the important railway junction of Korosten, 85 miles east of Kiev, before the strongest German counter-attack in four months—a reinforced tank and infantry power drive which already had wrested Zhitomir from this westernmost salient of the Red army.

The Russians had hinted at their plight as early as last Saturday when they reported that the Nazis had brought up eight tank divisions—perhaps 120,000 men—to join forces we had been storming Russian lines for two weeks. Some of these divisions, Moscow said, came from Italy, Greece and Norway.

The Russians were plunging ahead in five other sectors. Pursuing the German Gomel garrison of perhaps 20 divisions toward Zhitomir, the Russians captured several populated places.

In the Dnieper bend the Russians said they fought to widen their bridgehead across the river south of Cherkassy.

Despite these and other Russian advances along the 600-mile active front, London observers were watching closely the German counter-push west of Kiev with an eye on its implications in the strategy of the entire struggle.

German Communications Hurt

The Korosten setback, 11 days after the Russians fell back from Zhitomir, was a serious blow to the Soviet drive that had rolled on since July from Orel and Belgorod across hundreds of miles to the eastern bank of the Dnieper and beyond.

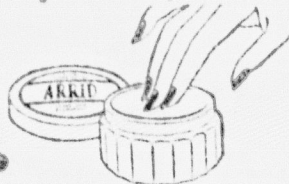

Korosten, taken by Soviet cavalrymen and mobile units on Nov. 19 in their dash from Kiev, is on the crossing of the Leningrad-Odessa north-south railway and the Warsaw-Kiev east-west line. Its capture seriously affected German communications in the area, especially between the Nazi armies defending White Russia and the Ukraine.

Band, Orchestra to Present Two Yule Concerts

A Christmas concert by the college symphony orchestra and the Women's glee club, scheduled for Dec. 12, and a separate concert by the Michigan State college band to be held Dec. 8, have been formally announced by Roy Underwood, head of the Music department.

Upholding the tradition of annual carolling at Christmas by all the choral groups of the college, the Christmas concert will feature the women's glee club, under the direction of Dr. William Sur.

This will be the first public appearance of the group, which has now been augmented to include 86 members, under the new director.

Alexander Schuster will conduct the college orchestra in its portion of the concert, after which the audience will sing Christmas carols, accompanied by the orchestra.

The Michigan State college band will also introduce the Yuletide spirit. They will begin their concert with a group of Christmas carols. The remainder of the program, patterned after last year's concerts, will include many light selections. Leonard Falcone will direct the band.

Three Coaches to Go to Athletic Meeting

Athletic Director Ralph H. Young, Football Coach Charlie Eachman, and Basketball Coach Ben Vanstyne will attend a conference of the Big 10 and Midwestern athletic association this weekend at Chicago.

In the past the conference was held for the purpose of making out athletic schedules, but this year the conference will mainly be concerned with army and navy physical education programs and with intra-mural programs, Young said.

Ballet Theatre Plays to Large Crowd at Last Performance

Appearing before an almost capacity crowd, Ballet Theatre presented its second successful program in College auditorium.

Nora Kaye and Roselle Hightower danced the parts usually taken by Alicia Markova who was unable to appear because of a recent operation.

The company of 125 opened with "Swan Lake" with Miss Hightower as the queen. "Madoiselle Angot," a light French comedy, came next, and last, "Capriccio Espagnol."

Audience reaction to "Madoiselle Angot" with its gay costumes and dances showed it the most popularly received number. Miss Kaye won applause for her expressive presentation of the leading role.

Michael Kidd, as the barber, afforded comedy with his protests of the height and charm of ballet's Victor Mature, Andre Egleyevsky, the artist, Simon Semenov, as the old official, also drew laughs from the audience.

Michigan War Fund Drive Nears Goal

LANSING, Nov. 30 (AP)—The 31 Michigan counties participating in the Michigan United War fund drive have collected \$3,263,170, 91 per cent of the state's \$3,549,425 goal, Howard C. Lawrence, president of the drive, announced today.

Lawrence said most county campaigns to raise money for the 1944 budgets of the USO and 16 other war-related agencies would be finished by Christmas, while most of the larger centers of population already have ended their drives.
