Today's Campus

Spanish Heaven

Students of the English language may claim that it is the most complex to learn, but members of Prof. Jacob Hieble's first year Spanish class think that Spanish is a bit mixed up. Pure too after yesterday's class. "The imperfect case goes on and on," he said, attempting to explain that particular case. "For example, I go with many, many girls; that's incorrect." Came a voice from the back of the room, "I'd say that's perfect."

Happily Ever After

Some students after flunking down their sorrows in the pale amber brew, others prefer solitude but two anonymous coeds believe they have found a better solution. As they left the psych building following a mid-term they were overheard saying, "If I flunk out this term I'm going home and get married."

Foreign Institute Lecturer to Give Series of Talks

Luis Alberto Sanchez, professor at the Institute of Latin American Studies will offer a series of four lectures about Latin America on successive Friday evenings beginning this week at 7:30 p. m. in the Music Building. Dean L. C. Emmons, director of the institute, announced today.

Sanchez's talk this week will deal with the geographical and historical background of South American countries. On February 18, he will discuss the historical background of the countries, internal and external relations.

The lecture for February 25 will deal with Latin American economic and economic background, with particular reference to workers and unions, and expenses, housing and other.

The concluding meeting of the series on March 3, Sanchez will explore the cultural background of Latin people including their education, literature and arts.

Representative of Lima, Peru, Dr. Sanchez was graduated from the Marcos university in Lima and received his doctor's degree there in literature and philosophy. At various times he has been professor at numerous South American and United States colleges and universities, author of historical and political books, an editor and politician.

UNDER THE WIRE

LONDON, Feb. 8 (AP)—Reuters said in a dispatch from the fifth army front tonight that Americans "are reported to be in possession of an edge of Cassino," inserting "an edge" after first stating that U. S. forces were said to have won the German bastion.

WASHINGTON, Feb. 8 (AP)—Occupation of Kwajalein atoll in the Marshalls has been completed, the navy announced today. All organized resistance by the Japanese on that largest atoll in the mid-Pacific islands has ended, the navy said.

Nazis Gird for New Attack Near Rome

Nikopol Offensive Yields Key Town to Soviet Army

LONDON, Feb. 8 (AP)—The big manganese center of Nikopol fell to storming assault by the Red army today after a four-day battle in which the Russians announced they cleared the Nazi bridgehead on the opposite bank by whipping seven German divisions, killing 15,000 Nazis and capturing 2,000 along with much booty.

Premier Marshal Joseph Stalin issued two orders of the day to announce these victories, which nipped off the tip of the Germans' easternmost penetration into Russia and took from the Nazi military machine probably its biggest single source of manganese.

The Germans rolled into Nikopol in August, 1941, in the first week of their invasion of Russia and had quickly turned its resources to their own ends. For the past two years they are estimated to have been getting more than half of all their manganese from the Nikopol mines.

Each of Stalin's two orders called for 12 salutes from Moscow's 124 victory guns, and the boom were heard on London radios receiving the texts of the announcements, as they were broadcast from the Soviet capital.

Military Men's Vote Bill Passes in Senate; Faces Hostile House

WASHINGTON, Feb. 8 (AP)—The senate today passed a war-aid-down version of the Green-Lucas federal ballot bill today and tossed it over to the house which already is on record in favor of letting the states the machinery for voting by members of the armed services.

House rejection is a prospect to be followed by appointment of a joint senate-house conference committee to try to work out some sort of measure acceptable to both.

The senate first attached the Green-Lucas bill to the house-approved states' rights measure in an amendment on a roll call vote of 46 to 40 and passed the amended bill by a vote of 68 to 28.

General Alexander Visits Rangers

Gen. Sir HAROLD ALEXANDER (pointing), commander-in-chief of Allied forces in Italy, making a surprise visit to American Ranger quarters at the front south of Rome, relieved apologies from the men for not having shaved. The general replied, "Well, I knew I was coming, so I shaved for you fellows."

Sea Battle at Paramushiro to Keep Jap Navy at Home

Bold Foray Threatens Heart of Nip Empire

WASHINGTON, Feb. 8 (AP)—The American warship assault on Paramushiro island has nailed Japan's fleet inescapably to the narrow confines of Japanese home waters.

Naval experts say this was one of the most important strategic results of the bold foray which carried United States surface units across waters of the North Pacific to bombard a key enemy base only 1,300 miles northeast of Tokyo.

War Outlook Changed

The raid profoundly changed the strategic picture of the war for the Japanese, as much so as does the conquest of the Marshall islands, which first broke the real outer ring of Japan's 25-year-old central Pacific defenses.

The Paramushiro raid was in no way defensive and was not intended to be. It does, however, present the enemy with a vivid new threat of danger to the heart of his empire.

Naval Strength Superior

It means that from now on the Japanese in Tokyo cannot afford to keep sending their battle fleet steaming to the south or southeast in hopes of entering United States forces of balance. They cannot because they can never again afford the American task force's great advantage of the absence of strike at the central region of Japan with other surface vessels or carrier borne aircraft.

The United States naval strength is probably twice as great as that of the Japanese in terms of modern equipment and ability to deliver fire power efficiently. It is probably more than twice as great.

CDC War Stamp Drive Aims to Buy Zoot Suit

CDC will begin a new stamp campaign tomorrow, last night's text Thursday, according to Margaret Peterson, public relations chairman. The new campaign will aim at selling enough stamps to outfit an army of zoot suiters with a winter flying suit.

The stamps will be sold at the booth on the second deck of the Union by Pauline, representative.

German Bomber Pounds Hospital, Kills U.S. Nurses

WITH THE FIFTH ARMY ON THE ANZIO BEACHHEAD, Feb. 8 (AP)—A jammed beachhead evacuation hospital, so plainly marked with red crosses it couldn't have been mistaken for anything else, was bombed by a German dive bomber yesterday, and today the death toll from the attack had reached 27, with 68 wounded in critical condition.

Although first reports indicated the attack was deliberate, Acting Commander Lt. Col. Herbert L. Binkley of Denver, Colo., said today a summary of eyewitness reports indicated the German bomber may have mistaken his bomb while trying to escape from a Spitfire on his tail.

Then American nurses, lost their lives, the first to die through direct enemy action in this war. Four doctors and four wounded dough boys, who had just been carried in from the front, also were among the dead. Today a solemn funeral service was held for the victims.

German planes, all the officers and men was high for the courage and efficiency of the survivors and homes after the attack. When the bombing was over, the entire evacuation personnel went into action.

Sixty Cents. Miscellaneous Dreams Start Spartan on Road to Success

With a pocketful of dreams and 60 cents, Myron McDonald and the late Jimmy Hays started a "monthly humor magazine," the Spartan, to fill the gap between the semi-weekly State News and the annual Wolverine. This happened in 1934.

Hays, president of the then Press club, went to Lloyd H. Gen. publications adviser, with a plan for the beginning of the enterprise.

College Approves Plans

After the college administration approved of the plans, the 60-cent working capital was put to use. Since then the Spartan has been the pet and history of a few student humorists.

Hays, McDonald, Robert Burhans, Frederick Oids, and George Schultz made up the first "board of editors."

The magazine, first issued in December, 1935, was published regularly each month until last year.

Cubby-hole Office

Its growth was synchronous with its change of offices. The first editors worked in a small cubby-hole at the left of the entrance to the Union main lounge. Much of the last minute preparations for press were done at Hays' home at night.

When Earl (Osnic) Brigham joined the staff in 1938, the office had to be moved to the basement of the library so more than the one staff member could work in the office at a time.

See SPARTANS—Page 4

Allied Air Force Shows Mastery Over Beachhead

ALLIED HDQ., Algiers, Feb. 8 (AP)—The Allied air force once again has demonstrated its absolute mastery over the Anzio beachhead by shooting down 19 out of a force of 70 attacking Nazi planes, but any hopes Allied commanders may have had of an early conquest of Rome now are gone.

Eighteen days after the initial landings, the American and British force on the beachhead has a firm hold on an area enclosed by an arc some 30 miles in length and extending inland about eight miles, but is faced by a probably superior German force that is girding for new assaults.

Resistance Still Strong

With Nazi resistance showing no signs of diminishing, the prospect of an early junction of the main Fifth Army force with troops on the beachhead is dim. And, since the Germans are massing an ever stronger, combat-ready army against the beachhead, the prospect of a major Allied push on Rome is equally remote.

After five days of fierce fighting in the streets of Cassino on the main front, the Germans still hold three-fourths of the shattered town, including its center.

Supply Corridor Open

They also hold open a supply corridor into the combat zone through American infantry in a grim uphill struggle.

Wave after wave of bombers carrying smoke-bombs, fighters swept over the Anzio beachhead yesterday in a futile attempt to wreck Allied landing operations and thereby defending troops, but American and British soldiers pinned into them so effectively that most enemy formations were broken up before they reached their objectives.

BULLETIN

THE FIFTH ARMY BEACHHEAD SOUTH OF ROME, Feb. 8 (AP)—The Germans forced a slight retirement in the British sector today while continuing fierce pressure at a number of other points on the fan-shaped beachhead.

Twenty-four hours of uninterrupted fighting with massed batteries firing from both sides produced only minor changes in the beachhead perimeter. The Germans are still attempting to whittle it down.

Spartans at War

By JOHN HICKEY

GLORIA Joelson, former student of music while at State, has graduated from the training school for SPARS at Palm Beach, Fla. Having graduated fourth highest in her class, she was given the opportunity of assignment in New York city, where she is now registered at the Embassy hotel.

Robert Fuhrer is stationed at Alma college, Alma, and after completing his V-12 duties there he will be assigned to a midshipman's school.

Down in San Antonio, Texas, Ben Hudenko carries on as an aviation cadet. John Degnan, with the class of '44, was last reported as being with an air forces communications unit in North Africa.

Leaves were enjoyed recently by two of State's commissioned on. They were Ensigns, Walt Ekberg, '43, Kappa Sig, and Lt. Bill Hand, who is stationed in Georgia.

From Carlisle army air field, Carlisle, N. M., comes word that Dal Ebbeson has arrived at that base to study advanced high-level bombardiering and dead reckoning navigation. Cadet Ebbeson was a member of Pi Kappa Phi fraternity while at MCS.

Nine men from State have reported to the pre-flight school

at Maxwell field, Ala., to begin another phase of their training in the U. S. army air forces. The men are Cadets Carroll L. Bell, who attended MSC from 1941 to '43; Leonard Buckler, 1941 to '43; Frederick C. Day, 1942 to '43; Robert W. Dixon, 1939 to '41; and William V. Geringe, 1938 to '40.

Others are Howard K. Grashier, 1940 to '43; William B. Heil, 1940 to '43; James E. McGaw, 1940 to '43; and Donald C. Morrison, 1942 to '43. Cadets Grashier and McGaw were members of Sigma Alpha Epsilon fraternity at State.

Dick Edenn, also of the army air forces, is at Stuttgart army air field, Stuttgart, Ark. A C Robert Esseberger has reported for duty at the Big Spring bombardier school, Big Spring, Texas.

Recent inductee Pvt. Bob Laux was vice-president of Theta Chi fraternity before his departure. Among other Theta Chis in service are Lt. Fred June, of the quartermaster corps; Al George, who has just concluded boot training at Great Lakes naval training station; and Howard Coffey, with the University of Michigan's marine program.

Coch Charles Bachman's son Bud is home on furlough. Private Bachman is stationed at Camp Callan, Calif.

Enrolled in the mechanical engineering branch of the AST program at the University of Missouri is Jack Stevens.

Manager of Union Desk to Leave for Army Soon

Don Davis, manager of the Union Desk for the past seven years, will leave for the army sometime in the next two weeks, he said yesterday. Davis took his physical Jan. 26 and under existing army rulings cannot be called to active duty before 21 days, which will expire Feb. 16.

His duties at the desk will be taken over by his wife, Mrs. Helen Davis, he said.

THE LESS SAID...

By NEVA ACKERMAN

IT HAS been said before that for Michigan State students the world is bounded by Grand River avenue and the Red Cedar and students willingly admit that their knowledge of affairs of the world is sketchy. But in their average daily schedule they take little time to bring themselves up to the present.

It is for this reason that something new has been added to the State News to keep students better informed on world events. On each Friday the News will run a summary of what has been happening on the war fronts and in the nation during the week.

The State News carries the AP world news coverage and students have easy access to it and most students have at least a nodding acquaintance with the Free Press or State Journal in addition to radio news commentaries which they may hear in passing. Still they seem to be less informed than the general public and certainly less "in the know" than is expected of intelligent college students.

The students' point is defensible in some ways since they have little time to spend at reading a newspaper thoroughly, but still they should be ashamed to know as little as they do about the war.

Few students can give the major developments on the Russian front, the South Pacific area or the Italian front in the past few weeks. Nor can they give the details of the soldier vote, mustering-out-pay bill or increased tax bill now under fire in Washington.

Probably there are a good many that don't know what it meant to have the Americans strike at the Marshalls and take Kwajalein island last week.

But students do know that the IFC-Panthe party is going to be held Saturday night with Earl "Father" Hines playing. They are aware of the fact that senior class elections are in the offing and that there is a rumor that some of the ROTCs are shipping out soon.

They know what is news on this campus but their knowledge of the rest of the news is not all it could be. It is with this idea in mind that CDC is attempting to start this brief weekly news commentary in the State News.

This commentary will add up the week's developments and make them register as definite campaigns and developments. It will give meaning to what is happening.

If the Russians drive to within three miles of the heart of Nikolopol one day and take 10 villages the next, it doesn't register with the average reader, but if the summary presents the total gains and progress of the campaign during the week it means something.

The column is to be written by Reporter John Hickey who will use AP news summaries and interpretations and will get additional information from faculty members.

This new combined project of CDC and State News is intended for the benefit of all the student body to keep them up to date, and the CDC and the State News are assuming that the student body does want to know "what's new in the news."

U.S. Warns Finns Against Nazi Stand

Two Weekend Air Attacks Prelude Red Intentions

WASHINGTON, Feb. 8 (AP)—The United States has renewed its warning to Finland that it must shoulder all responsibility for fighting at the side of the Nazis. Secretary of State Cordell Hull disclosed today.

Hull darkened the dire picture painted to the Finns by Mass. which broadcast a threat of a devastating Russian air attack on Helsinki over the weekend. He said only the prelude to a series of attacks aimed at knocking Finland out of the war.

The "crazy Finnish imperialists" will likely be awakened to see the real army before the gates of Helsinki, the Moscow radio said, making the official news agency lie.

Hull's statement, which came in answer to a reporter's question about communications between the Americans and Finnish governments, said that this government has recently taken action to tell Finland, as it has on a number of occasions in the past, that the responsibility for the consequences of Finland's cooperation with Germany and Japan in a state of war rests on the shoulders of the Finnish government.

The United States maintains friendly relations with Finland at war with Russia and Japan. The American government desires to dampen the hope that this government might seek to soften Russian demands.

Spartan Coach Marks End of 25 Years on MSU Sport Staff

With from 175 to 200 persons expected to attend, the Central Michigan club of Larned, Mich., and a smoker to honor Coach Fred Modig, who has coached 25 years on the staff of the athletic department of Michigan State College, will be held at 8:30 p.m. Those who attend will be members of the alumni club and those who played on teams coached by Modig.

The smoker will be Saturday night in the American room of the hotel at 8:30 p.m. Those who attend will be members of the alumni club and those who played on teams coached by Modig.

Modig, who is now assistant athletic director, has been recognized as one of State's great coaches. He is the only coach who ever won 10 varsity titles in Spartan sports.

Anxious Students Await Mid Term Marks Scheduled for Next Week

Mid-term marks may mean a three point to some industrious persons, but the balance of hard-working students look toward the halfway period in the semester with reluctance.

After slaving over two or three tests a day during exam week, the combined report of marks and cuts is one thing that freshmen and seniors alike wait for.

Scheduled to appear within less than a week, mid-term grades will show whether that technicolor musical at the movies was more important than the test looming for that 8 o'clock class.

Friday Is the Deadline

Instructors will turn in their scholarship reports to Director S. E. Crove's office by 5 p. m. Friday, and the balanced results will be available Monday at advisers' offices.

Freshmen, sophomores, transfer students and any names on the scholastic probation list turn in.

Blue Star Insignia to Denote Top Ranking AST

Those "blue stars" which once were worn by the ROTC students to denote the excellent rating of the cadet corps at Michigan State College soon will make their appearance on the campus in a new role.

The stars will be worn on the left sleeves of 117 AST trainees to denote their selection as outstanding students with a scholastic rating of "B" or better with no grade under "C".

Col. G. B. Egger, commanding officer of the State service unit, yesterday announced the names of the men and the presentation of the awards will be made to each by company commanders.

Authority for the use of the "blue star" is given under a recent circular of the army service forces which limits the award to ten per cent of strength and also requires that each soldier receiving the award shall have a rating of "excellent" in conduct and military efficiency. Awards will be made at rollment in each branch at the end of each term.

Distributed according to unit, the awards go to 60 engineers, 22 area and language students, 10 ROTC seniors and 10 Veterinary students.

Firster Heads 310th Public Relations Office at State

In a quiet and efficient manner, Lt. Kenneth E. Firster carries out his duties as public relations officer for the 310th CTD at State.

He arranges for programs, dances, and other activities under his other title of special service officer and he is in charge of keeping hometown newspapers informed of aviation students at MSC. News of this sort is made through special releases from his office in Abbot hall.

Entering the air forces at Foster Field, Texas, in 1941, he worked up to the rank of a staff sergeant, later receiving an appointment to the Miami officers candidate school, Fla., from which he graduated in March, 1942.

Attached to Randolph field headquarters, Texas, Lieutenant Firster was assigned as public relations officer for the CTD at San Marcos, Texas, and remained there until October 1943 when he was transferred to MSC.

Spartan 'Astonisher' to Appear Tomorrow

Annual Spartan parody "The Astonisher," will be featured in this month's issue of the college fun book, to appear on newsstands tomorrow, according to Editor Otto Siegmund, Detroit senior.

Spartans will be on sale in the Union, Mason Abbot, and Morrill hall.

Women's Sports

By DOTTE VON DETTE

THE ALPHA Phi's, piling up a terrific score, defeated the Kappa Delta's by a score of 763 to 536 Monday night to remain undefeated in their block, as the WAA bowling tournament goes into the final week.

The Alpha Phi's had an average of 152.6 with Virginia Mayers, Detroit sophomore, rolling the top score of 166. Marion Clarke, Birmingham sophomore, was only one point behind her teammate with a score of 165.

Only two other undefeated teams still remain in the tournament, South Campbell and Kappa Alpha Theta being undefeated in their blocks. Further results of Monday's meet showed the Kappas victorious over the Kappa Sigma annex by a score of 619 to 525.

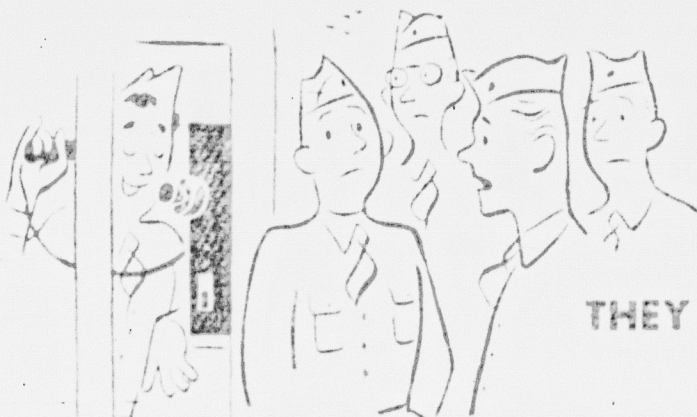

Epsilon Chi defaulted to South Williams.

Tryouts Open Tonight for Band Vocalist

Tryouts will be held for a woman vocalist to sing with the AST Yachard band tonight at 8:30 in the faculty dining room, Union, according to Capt. R. E. Speltzer, special service officer.

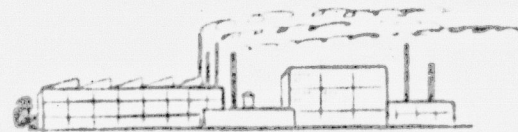

Women may bring their own music, although the band will furnish it. Tryouts will be supervised by Pvt. Bill Fitzgerald, and Pvt. Bill Barth. The vocalist will be selected and featured at the next AST dance, Feb. 19.

Fortresses Smash Frankfurt to Climax Allied Operation

Marauders Open Continuous Aircraft Parade

LONDON, Feb. 8 (AP)—Frankfurt, the great industrial center of a half-million population in western Germany, was smashed by a fleet of Fortresses today for the third time in 11 days to climax an all-day Allied air operation in which perhaps 2,500 sorties were flown from British bases against widespread targets.

American and British daylight raiders of virtually every type based in the United Kingdom took part in the dawn-to-dusk offensive. The almost continuous parade of aircraft started with a force of approximately 200 American Marauders hitting the enemy's anti-invasion fortifications in northern France. Preliminary announcements gave no indication that the new-

est assault on Frankfurt approached the record scale of the raid Jan. 29, when more than 1,800 long tons of explosives were dumped upon the mass of war factories there by more than 800 bombers.

But the fact that this gigantic punch has been followed by two more quick blows Feb. 4 and today is evidence of the Allied intention to give Frankfurt the same kind of hammering to which Berlin and Hamburg already have been subjected.

It seems probable that these three American raids have degraded the city with more than 3,500 long tons of bombs.

Fraternity House Teams Win Over ROTC Opponents

Two ROTC teams suffered defeat at the hands of fraternity house teams in last night's AST basketball games. In the third game a Wells hall team piled up a large score to win over its off-campus opponent.

The team from the Sigma Chi house beat the second ROTC team by scoring almost three times as many points, the final score being 39 to 14. The Phi Delta house won by only a five point margin, 17 to 12. Ward A beat Lambda Chi Alpha 28 to 18.

High scorer for the evening was Born of the Sigma Chi house who plunked seven baskets through the hoop. Augie, from Ward A scored 12 points in the battle with the Lambda Chi house, while Peterson lead the Phi Delta house in their victory over ROTC 1.

Civilian basketball competition began Monday night when the Smoke Shop team defeated the Dark Horses by a score of 36 to 14. Jack Breslin was high man with ten points scored.

Last night's game was between the team calling itself Unknown and the Short Course team. Scores were too late for publication.

SPARTAN

(Continued from Page 1)

The next location was in the old Music center on the corner of Abbott road and Grand River. Fall term, 1941, the magazine settled in its present office in the basement of Union annex, the former Wolverine sanctum.

Famed Characters

Two characters which have been an integral part of the Spartan are Osric and Sandra Sue. Sandra is the ideal dreamed up by Larry Hardy and Leo Sherman, cartoonists for the publication.

Osric, who headed the magazine in 1940-41, took over the editorship last year when the army cut the staff. The veteran Spartan staff member is now doing publicity work on campus. He formerly was graduate assistant and instructor in geology.

Otto Siegmund, Detroit senior, and Jean Barnes, Detroit junior, now head the publication of the magazine.

Staff Officials

Other editor-business manager combinations were Harvey Harrington and Fred Arnold, 1937-38; Eric Wessberg and Gerald Winters, 1938-39, and Norwood Hubbell and George Cope, 1939-40.

Osric and Art Howland, 1940-41; Robert Dawson and Donald Spalding, 1941-42, and Sid Levy and Homer Opland, 1942-43, complete the list of executive teams.

WOLVERINE PIX

The following pictures will be taken tonight in the Union ballroom:
