

## Nation Goes Democratic, While State Stays GOP

### Today's Campus

#### Do Unto Others

Some people are always doing things for other people, but once in a while someone overdoes this generosity business. Such was the case of Jean Mossen Lake Odessa junior, who stood many anxious minutes in line to get eight tickets to a lecture for her friends, and then forgot to get one for herself.

#### They All Grinned

Visitors at the Publications open house last night were startled to notice a matrix showing a mat and reproduction of President Roosevelt and next to it a mat and bore it printing of the syndicated cartoon appearing daily in the State News. Across the entire placard was a headline reading "Win and Bear It."

#### A Hitch to It

Prof. Dean Kuykendall, speaking to his 1 p.m. advertising class yesterday, asked how many people would walk a mile just to ask for a Camel. Dick Straight: "Nobody, they'd rather get a lift on the way."

### Radio Group to Give Play Written by Two Faculty

Paul Lee A. Callaway of the radio department, and Dr. Fred R. Rhee of the department of theater and spoken English are co-authors of this week's radio workshop play, "Troop Train," a drama of adjustment problems during service men. The show, which was postponed last Thursday because of technical difficulties, will be presented this afternoon at 4 p.m. over KRAI.

Guests in the cast include Dick Schuler, Dick Henderson, Arnold Deman, Bob Carson, James H. H. Kurtz, Harold G. G. Bob Kamins, Jay Bell, Dave Lang, Robert Starling, Mrs. Moiree Compere, Nancy Blue, Barbara Chandler, Sally Genung, Yvonne Jones, and Maxine Eyestone. Others assisting with the production are Jack Miller, Gretchen Kenzie, Fannie Sitter and Maurice Grogan.

### Heads Seek Inquiry Into Train Wreck

COLFAX, Calif., Nov. 8 (AP) — The Southern Pacific's "Challenger" seemed to "hit something going at full speed" before dawn today, a passenger said as officials pressed inquiry into the cause of the wreck which killed at least nine persons and injured more than 80.

The train was enroute from Chicago to San Francisco, carrying nearly 800 persons.

The locomotive and 10 cars left the rails on a mountain curve through a cut three miles west of Colfax. Three cars remained upright, but five day-coaches and two baggage cars were hurled from the road-bed against the bank of the cut.

### Third Republican Victory Repeats Gov. Harry Kelly

DETROIT, Nov. 8 (AP) — Gov. Harry F. Kelly led the entire Republican state ticket to its third successive clean sweep election victory in a row in Tuesday's general election, nearly complete unofficial returns showed today, but Michigan's 19 electoral college votes for president still hung in the balance between the Republican and Democratic columns.

GOV. HARRY F. KELLY  
... elected again ...

The story of the state's presidential preference lay concealed in an estimated 50,000 "lost" votes in Wayne county, which will not be counted until the official canvass starts tomorrow.

Wayne election officials said the mixup resulted from a combination of circumstances including failure of inexperienced election boards to consolidate regular ballots and soldier vote ballots, and their confusion in handling the divided state and national ticket ballots.

Kelly polled more than 1,000,000 votes and ran up a better than 215,000 lead to capture the state. He earned all but four counties—Delta, Dickinson, Gogebic and Wayne, a far stronger showing than that of Thomas E. Dewey, Michigan's native son Republican presidential nominee.

Democrats gained an added seat in the state senate, but Republicans still will be in control of 24 of the 32 seats. The Democrats also gained seven state house of representatives seats.

### U. S. Infantry Lashes Out in Twin Drive

#### American Third Army Captures 16 Towns in New Attacks

SHAEEF, PARIS, Thursday Nov. 9 (AP) — Elements of U.S. third army infantry lashed out in a two-pronged attack along the snake-like Metz-Nancy front yesterday, capturing 16 towns and advancing up to three miles on a seven-mile-wide front.

As that long-stagnant front sprung to life amid the thunder of heavy artillery early in the day, American fighter-bombers systematically knocked out German command posts one by one.

The major American effort was centered midway between the fortress of Metz and fallen Nancy, where the infantry forced multiple crossings of the shallow, muddy Seille river and stabbed on more than two miles at some points.

The town enveloped included Mailly-sur-Seille, nine miles east of Pont-a-Mousson, Malancourt, seven miles southeast of Mailly, and Aulnois-sur-Seille, midway between the two. Several hundred Germans were reported killed and hundreds more captured.

First reports reaching headquarters indicated the Americans were meeting only light resistance, apparently having caught the Nazis by surprise at a spot where their forces were spread thin. Unfavorable weather held air support to a minimum.

### Quartet Will Present Barbour's Composition

"Vance Inn," a new composition by Prof. J. Murray Barbour of the college music department, will be performed at the third annual meeting of the Michigan composers club, which will meet at the Detroit public library Friday evening.

Presenting the composition will be a quartet from the college including Shirley Crisman, Pontiac senior, flute; Prof. Keith Stein, clarinet; Julius Stulberg, music instructor, violin; and Portia Treend, Saginaw sophomore, cello. It will be the first formal performance of "Vance Inn," which was composed this summer.

### Faculty Expanded By Herbert, Wild Coming to State

Two additional members of the Michigan State college faculty took up duties this week in their respective departments.

Paul A. Herbert, head of the forestry department has returned after serving two years as captain in the army, and R. W. Wild has come to MSC from the University of Maryland to become news editor in the department.

ment of publications. He replaces Philip A. McClosky who recently joined the public relations staff of McCann-Erickson advertising agency, Minneapolis, Minn.

Herbert's leave for military service began Dec. 15, 1942, and he was released from active army assignment Nov. 1 to prepare for the expected influx of post-war students.

### Cage Conflict Causes Change in Date of Annual Mardi Gras

Michigan State's fourth annual Mardi Gras has been postponed from Dec. 2 to a tentative date next term. It was decided at the regular meeting of student council last night, Feb. 3 is being considered as the date for the dance, Bob Price, Belding junior and co-chairman of the affair announced.

Reason given for the postponement was the conflict of the dance on the original date, with MSC's first basketball game of the season, with Drake university, to be played on campus.

It is possible that the dance may be put off until later winter term, although plans are progressing for Feb. 3, until pending approval of the date by the social committee.

## Students Favor Mardi Gras on Free Date

By GERRY GOODMAN

A recent addition to the heated discussions and arguments prevalent on campus this week is the cancellation of the annual Mardi Gras held fall term. The question of whether the Mardi Gras be cancelled, called off, or held regardless of the conflicting Michigan State-Drake University basketball game has caused a great deal of comment from the student body.

"In my opinion the Mardi Gras should be postponed until some later date in view of the fact that the dance conflicts with the opening game of the basketball season," stated Charlotte Mulder, Grand Haven sophomore.

Definitely in favor of holding the Mardi Gras fall term is Louise Treleven, Madison, Wis., senior, who says that "the Mardi Gras is considered part of the social calendar of fall term, and should be held then."

Bill Garrison, Lansing sophomore, feels that the "Mardi Gras should be called off if no other date can be set, since the team deserves the full support of every student."

Also in accordance with Garrison's view is Dick Mosher, East Lansing sophomore, who is "for moving the date to some night which will not conflict with the basketball game."

"Both the dance and the game are a source of school spirit, so both should be held," says Dan

Jackson, East Lansing freshman.

Peggy Burba, Grand Rapids freshman, says, "I'd like the Mardi Gras, since I've never been to one, and am curious to find out what it's all about."

Also in favor of holding the Mardi Gras is Marge Silverblatt, Detroit sophomore, who feels that the formal should be cancelled to some other date. "It should be held because of the benefit derived from it by the Victory Loan Fund."

Jean Hadsell, Detroit sophomore, says, "Basketball is very important because the team needs our support, so either change the date of the Mardi Gras or discontinue it for a while."

### Roosevelt Moves Higher as Latest Tallies Come in

By The Associated Press

On the crest of a tremendous fourth term victory wave Pres. Franklin D. Roosevelt rode to enhanced prestige and power today in America and a warring world.

While nations watched and Allied capitals applauded the results of America's voting, it was apparent that soon the chief executive must bring into use his newly strengthened power in international affairs.

Another meeting with Prime Minister Churchill of Britain and Premier Stalin of Russia is in the cards within a matter of weeks—for a look at the war and the plans already generated for assuring lasting peace.

#### Latest Returns

Latest returns built higher and higher the banner of ballots between Republican Thomas E. Dewey and the White House chair for which he battled so strenuously.

There was even a chance that final counts would leave Dewey with fewer than the 10 states and 32 electoral votes which Wendell L. Willkie captured four years ago.

For Roosevelt 35 states with 413 electoral votes. For Dewey: 13 states with 113 votes.

#### Popular Vote

And, of 39,268,991 popular votes thus far tabulated, Roosevelt took 20,865,595 to Dewey's 18,343,397.

### Met Singers Join to Give Concerts

Bidi Sayao, Brazilian soprano, and Richard Crooks, tenor, will give a joint concert in College auditorium at 8:15 p.m. next Wednesday, according to Dean S. E. Crowe. This will be the fifth number on the College lecture-concert series.

Miss Sayao, who is at present the only South American woman on the Metropolitan list, has won universal acclaim for her operatic and concert appearances. She was first introduced in the United States by Arturo Toscanini in 1926.

Among the roles she sings are that of Rosina in the "Barber of Seville," Violetta in "La Traviata," Zerlina in "Don Giovanni," Mimi in "La Boheme," and Susanna in "The Marriage of Figaro." She also sings the title roles in "Manon," "Romeo and Juliet," and "Pelleas and Melisande."

Since the beginning of the war Miss Sayao has entertained in service camps from Halifax to Utah, and has given her aid to war bond drives and other activities. Among her prized possessions she has three framed citations from the United States Treasury in recognition of her radio and concert work to promote the sale of war bonds.

Tickets for the concert will be available Saturday at the accounting office.

## Rain Forces State to Hold Practice in Fieldhouse

Workouts Confined to Dummy Scrimmage

The rain moved Football Coach Charlie Bachman's practice into the confines of the Jenison fieldhouse today as the Spartans ready themselves for Saturday's homecoming encounter with the Terrapins of the University of Maryland.

Football mixed with basketball from the cage workouts as the grid men ran all plays in a dummy scrimmage against the white team. The presence of the basketball floor prevented them from working on their aerial game to any extent.

### Injuries Heal

Spartan injuries have apparently healed to the extent at least that Brady Sullivan, center, who injured his ankle on steps in Missouri, was in uniform today. Fred Aronsen, suffering from an injury received in Saturday's game, did not miss the practice.

Fullback Bob Breugger, who was ill before last week's game, was in good shape at yesterday's practice, and Mike Prashaw, though still limping from his leg injury, probably will see his share of the Maryland contest.

### Maryland Lineup

Doc Spears, famed Terrapin coach, has shifted his lineup to meet the renewed Spartan threat. A newcomer to the team will play center while Guard Sal Fasina has been shifted to quarterback. Charley Ryan, who faced State from the halfback slot in their first meeting will play fullback Saturday.

The Marylanders have lost five games in contrast to their single victory. The Spartans will be shooting for their sixth victory.

### Treasurer's Receipt

Student admission to Saturday's homecoming battle will be by treasurer's receipt, according to Warren Burt, assistant business manager, announced. All students will be admitted by presenting their receipts at gate four on the north side of Mackin field.

Only two sections of the stands will be reserved. All the rest will be general admission seats. Students may sit with parents and have general admission tickets. Tickets are available at the house and gymnasium. From 10,000 to 15,000 spectators are expected to attend the season's game.

## Swim Meet to Open Intramural Season

Intramural sports will return to the athletic calendar tomorrow when the first of three swimming meets will be held to open the season in the Jenison pool, under the direction of Swimming Coach Charles McCaffree.

The initial meet will consist of the following events: 50 yard freestyle, 100 yard free style, 100 yard stroke, 100 breast stroke, 100 backstroke. The second meet will be held Monday, Nov. 20, and a championship meet will be Saturday, Dec. 2.

Persons wishing to swim in the meet do not have to sign up in advance. Army personnel is also eligible.

## Yank, Jap Forces Fight Viciously on Leyte Island

By The Associated Press

Vicious fighting between American and Japanese forces on Leyte island in the central Philippines raged today in the hills flanking the Ormoc road despite a tropical hurricane that lashed battle areas.

The Yank doughboys were hitting the Japanese in their strong ridge positions while long range artillery hammered the Nipponese without a letup along the Ormoc corridor and to the rear. Guerrilla forces in the mountains were harassing the Japanese.

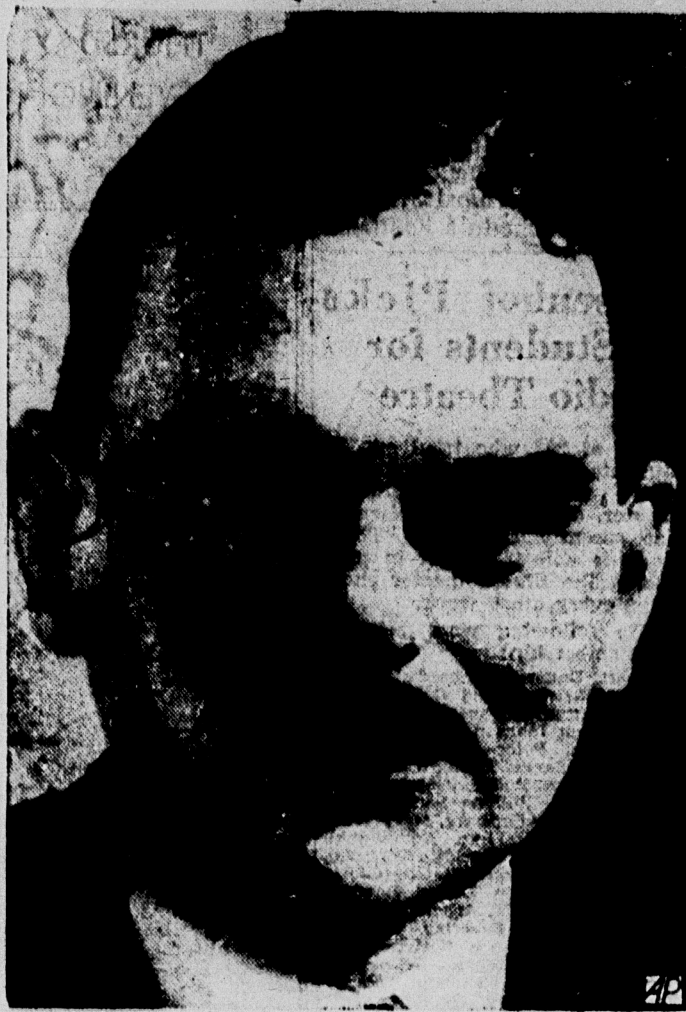

Before the hurricane grounded the planes, American airmen bombed supply and troop areas and shot down seven Japanese fighters.

Meanwhile, U. S. Pacific fleet headquarters reported a Monday midnight Japanese aerial hit against Saipan and Tinian, in the Marianas, during which American ack-ack gunners shot down three enemy planes, and probably accounted for another.

American planes raided Japanese bases in the Volcanos, Marianas, Palau and Marshalls and at Marcus and Wake islands.

The Japanese, apparently serving notice of intention to fight furiously for their hold in the Philippines, shook up their army, navy and air force commands in that area.

## Basketball Prospects Looking Up As Cagers Practice on Game Floor

Working with a squad of 20 men, and having the huge game floor erected, Coach Ben Van Alstyne is endeavoring to whip his cagers into shape for the opening game here against Drake university Dec. 2. With only one letterman returning Van Alstyne is faced with a large and not very enviable task.

Plagued by injuries since the outset of the season Van Alstyne is now being blessed with the return of two of his injured stalwarts, and the turnout of all the football players who have basketball aspirations.

### Ineligibilities Trouble

Van Alstyne is also having his share of worries. Jim Pruett, shifty forward, and Leroy Gauderson, towering pivot man, have informed Van Alstyne that they will be ineligible for varsity competition for at least a term or more.

Dick Young, who was holding down a first string forward slot before he sprained his ankle, is rapidly coming into shape.

### Center Returns

Bill Krall, 6 ft. 7 in. center, who was being counted on to control the rebounds brought new life to the practice sessions last night when he appeared minus the massive cast that has been adorning his left foot for three weeks.

Van Alstyne has been experimenting with a tentative line-up consisting of: Chuck Frankel at center; Sam Fortino and Paul Bauman at forwards, and Joe Eyer and Nick Hashu at guards. Young and Krall are expected to give the five a run for their money when they get back in shape.

## Russian Army Masses Along Eastern Front

First of New Attacks May Be Directed at Budapest

LONDON, Nov. 8 (AP)—Russian armies were moving into position tonight for the blows described by Premier Stalin as "the decisive offensive against the vital centers of Germany."

The massing of men and materials along the eastern front has brought a lull in the fighting, and for the third consecutive day the Soviet communique said only that there were "no essential changes at the front."

Premier Stalin, in his order of the day for Tuesday, 27th anniversary of the Russian revolution asserted, "the Red army and people are ready to strike new blows at the enemy."

One of the first of the new blows may be struck at Budapest, under close siege by Marshal Rodion Malinovsky's second Ukrainian army tonight and in increasing danger of being surrounded.

Berlin reported new concentrations of Soviet tanks in the outskirts of the Hungarian capital, while a German military commentator stated the Russians had attacked from Tisza river bridgeheads north of Szolnok and succeeded in advancing toward Budapest from the east.

## Speech Majors Plan To Organize Club

Organization of a speech majors club will be discussed at a winter roast to be held at the WAA cabin Friday evening at 5, according to Co-chairman Joan Carter, Kalamazoo junior, and Jean Granville, Saginaw senior. All speech majors are invited to attend.

Committees for the affair are: Mervel McGlen, Birmingham senior, and Sue Averill, Birmingham junior, entertainment; Marilyn Green, Detroit junior, and Ann Chavrie, Amsden junior, publicity. In charge of purchasing are Helen Kroll, Lansing junior, and Sally Ottomier, Grosse Pointe junior; while Lois Banzel, East Lansing junior, and Eleanor Koch, Detroit junior, will handle arrangements.

support and 16 electoral votes to the defeated Republican for a time but snatched them back in a hurry. Oregon, in the Dewey column almost from the start of the tabulating, shifted to Roosevelt with a third precinct still out.

Democratic inroads into Republican seats in senate and house bulwarked the President's position in dealing not only with foreign affairs but also with domestic problems.

### Delayed Returns

The complete picture of America's first wartime presidential election, since 1864 will not be drawn until Dec. 5, when the final votes from foxhole and field are known.

On the basis of isolated tallies in widely scattered areas, it looked as if the men and women in uniform balloted about 5 to 3 to keep their commander-in-chief.

As the ballot tabulations piled up, it became more and more apparent that Dewey could claim only the middle west as his own. That was where he got

most of his states and most of his electoral votes.

### Clean for Sweep

In eleven southern and five border states it was a clean sweep for Roosevelt. And the east and far west went as strongly for him as the midwest did for Dewey.

In some of the other areas Dewey had made a race of it in

the early going but his pace soon fell off. State after state dropped away until the only big ones left to him were Michigan, Ohio, and Indiana.

And in Michigan most of the remaining count was in Wayne county and industrial Detroit, where Roosevelt backing was heaviest. In Ohio, with more than 3,000,000 votes recorded and 424 precincts out, only 13,000 votes divided the rival tickets.

## Student Speakers Bureau Adds Spice to Programs

Speakers Available for Fun, Education Groups

Twenty-seven students who constitute the membership of Student Speakers' bureau are working on a variety of subjects under the direction of Bernard J. Knittel, instructor in speech. No speaking schedule has been set up for the 1944-45 season, but numerous requests for student speakers have been received from all over Michigan.

The list of speakers and their subjects is as follows:

Vera Byrnes, Lansing, the college woman's viewpoint, and Le Roy Hamlin, Dearborn, the college man's viewpoint; Richard Jodry, Monroe, Michigan geography and geology; Valeria Strong, Toronto, Brittany; Muriel Y. F. Ling, Honolulu, Hawaiian people and customs.

### From All Lands

Harold Dachtler, Charlotte, American journalism; Walter Donagho, Honolulu, nature studies in Hawaii (with slides); Guadalupe, and New Zealand; Lilia Simons Quiroz, Panama, Latin American customs; George Drouth, Russian-born student, Europe and India; Margaret Ching, Bay City, fundamentals of baton twirling; Mrs. Freda Torrey, Charlevoix, Mexican border customs.

Bill Thielicke, native of Australia, the world down-under; Alice Finley, Milford, animal antics; Jean Granville, Saginaw, radio programs; Patricia Fisher, Evanston, Ill., music in everyday life; Maria Martinez, Havana, Cuban life; Dennis Murphy, Pekin, Ill., carillons; Nicholas Colas, Havana, Cuban customs.

### Domestic Talks

Janet Smith, Rutherford, N. J., pre-war France; Frank Briggs, Brazil, the Amazon valley; Pao Tse Yang, Shanghai, life in China; Richard Mine-weaser, Pontiac, athletics; Jean Swengel, Cassopolis, food in wartime; Ruth Woodworth, Lincoln Park, vitamins; Marjorie Dershem, St. Johns, clothing problems today; Nancy Blue, Detroit, caricatures; and Tobi Goldofas, Kaunas, Lithuania, "I Fled the Nazis."

No charge is made for the programs except for transportation, and there is no limit on the number of programs furnished to any group. Principal purposes of the Student Speakers' bureau are to entertain and educate groups seeking social and intellectual improvement, and to give students the opportunity of obtaining practical experience in platform discussion.

In addition to the speakers' section, there also are sections devoted to readings, one-act plays, discussions, and parliamentary drill.

## Nazis Report V-2 Bomb Being Used in London Area

LONDON, Nov. 8 — (AP) — The German high command declared today that the London area was under bombardment by the vengeance weapon V-2, reported to be a long-range rocket which propels a ton or more of explosives over a 50-mile-high trajectory at 700 miles an hour.

Neutral sources have said the enemy also intended to use the weapon against New York.

The announcement was the opening paragraph of the daily communique broadcast from Berlin.

"The area of greater London has been under fire by the V-1 (robot bombs) since June 15 with short interruptions and in varying strength," said the Nazi announcement.

"The fire has been intensified for some weeks past by the use of a second and far more effective explosive missile, V-2."

The possibility of robot bomb attacks on the United States was acknowledged by the war and navy department at Washington yesterday.
