What's Buzzin'?

The rains came buzzing to North Campbell at 5 Monday morning. Rain flooded the office switchboard, causing a short circuit and, buzzing all the buzzers, woke the women. Was it a house-meeting, a fire drill, or an important long distance call? Excitement buzzed until 7 a.m. when they returned and the women ambled back to their rooms after their stasias in the smoker, help's rest-rooms, halls, lounges, and rest-rooms.

Paddle Yer Own

What happens when the Chi Omega slightly started when an GI truck pulled up in the backyard, and two khaki-clad came up to the door to inquire the best way to can a demonstration hall without being seen. Seems that the troops were from Fort and on maneuvers, with the Red army trying to help up on the troops of the Maryn Seabury, Detroit and Shirley Trump, Birmingham junior, had the answer. The two... they paddled down the Red Cedar in the canoe.

Name Sake

Dr. Shao Chang Lee, calling the roll at his 2 p.m. Oriental Arts course asked for Virginia Lee. There was no answer. "Virginia Lee Fellows?" he said. "My, she should be here for my name's sake."

Russians, Americans Tighten Pincers

Russians Smash At Defense Wall South of Vienna

LONDON, April 2 (AP)—Russian troops have driven within two miles east of Bratislava by capturing Sigdorf in a 10-mile advance, the Soviet communique announced tonight.

LONDON, April 2 (AP)—Russian assault forces, ripping 11 miles today through shattered enemy defenses, smashed within two and a half miles of panic-stricken Bratislava, capital of the puppet Axis state of Slovakia, while Berlin reported Soviet tanks 20 miles south of Vienna.

As the Germans proclaimed a last-ditch defense of Vienna, under command of Col. Gen. Sepp Dietrich, commander of Hitler's SS bodyguard, Moscow's nightly war bulletin was silent on the progress of Soviet troops battering into Vienna's southern defense wall.

Russians Silent

Clamping a news blackout on the sector, the Soviet high command said, however, that Red army forces were "continuing offensive engagements" west of Neusiedler See where they last were officially reported 22 miles below the Austrian capital.

Enemy broadcasts said that Marshal Feodor I. Tolbukhin's third Ukraine army had gained two miles and that other Soviet units had thrust 32 miles inside Austria to Semmering pass, one of five great trans-Alpine passes in Europe.

Reds in Wiener Neustadt

Other reports said giant Soviet tanks were battling in the streets of Wiener Neustadt, shell-raked industrial city 22 miles south of Vienna.

East of Vienna, Marshal Rodion Y. Malinovsky's second Ukraine army plunged unchecked through southern Slovakia along the northern bank of the Danube and captured Bischof, two and a half miles east of Bratislava.

Marriage Series Begins Tomorrow

Tickets admitting seniors to marriage lectures, which will begin tomorrow, may still be obtained today from 8 a.m. to 5 p.m. at a table adjacent to the Union desk in the lower lounge of the Union. All students expecting to attend the lectures must have an admission card.

Third year medical biology students, and underclassmen who intend to be married but who will not be on campus next spring term, are also eligible for lecture tickets, according to Aileen Wilson, Detroit senior, and chairman of the series.

Dr. Robert Foster, of Merrill-Palmer school in Detroit, will speak tomorrow at 7:15 p.m. in the Union ballroom on psychological adjustments in marriage. A question period and informal discussion will follow his talk.

The lectures series is sponsored annually by Mortar Board, senior women's honorary.

ROAD TO BERLIN
By The Associated Press
Eastern front: 32 miles (from Zelin).
Western front: 155 miles (at Werra river near Eisenach).
Italian front: 544 miles (from Reno river).

Leading the Allied drives cutting into remaining German-held territory (shaded) on two fronts was the American first army advance on the western front through Paderborn. Other troops drove through Lauterbach. On the eastern front the Russians took Danzig in the north. In the south the Red army took Ersekujvar in Czechoslovakia and were fighting along the Austria-Hungary border.

Americans Crush German Efforts To Abandon Ruhr

PARIS, April 3 (AP)—American troops again crushed German attempts yesterday to break out of the Ruhr, where 110,000 Nazis are trapped, as British and Canadian forces to the north washed 15 miles inside Holland and sped within 63 miles of the German North sea coast, threatening to seal off another huge enemy group in the western Netherlands.

The drive toward Berlin, with U. S. South army columns striking far beyond the encircled Ruhr, were nearing or might already have reached the Weser river near the Died Piper town of Hameln, 155 miles from Berlin.

Sprint Toward Berlin

Forward elements of the sprinting ninth army were moving under a security blackout in the attack toward Berlin, and along the center on the front the U. S. third army reached the Werra river on a broad front and crossed that stream near Eisenach, 155 miles southwest of Berlin and 90 miles from Leipzig.

The third army now was more than half-way across the waist of Germany, racing toward the Czechoslovakian frontier about 90 miles away, in an effort to split the Reich and prevent German troops from retreating into the Bavarian alps. Other third army units made a new crossing of the Fulda river in this eastward sweep.

French Advance in South

The American seventh army fanned out in sizeable advances to the north, east and west, and the adjacent French first army at the southern end of the front captured 60 localities in 48 hours, took many prisoners, and widened its bridgehead across the Rhine near Karlsruhe to 25 miles.

Lifting a five-day security blackout on the British second and Canadian first armies, the Allies disclosed last night that the Canadians, attacking in the area between Eberbach and Nijmegen on both sides of the Dutch Rhine, had pushed forward and reached the Enschede-Zulphen canal.

Byrnes Resigns, Indicating Final Phase for Reich

WASHINGTON, April 2 (AP)—President Roosevelt today accepted the resignation of War Mobilizer James F. Byrnes and thereby gave the broadest official hint to date that Germany is as good as beaten.

By agreement reached months ago, Byrnes was to stay until the European end of the global war job was done.

Fred M. Vinson, federal loan administrator, was chosen to succeed him as director of the office of war mobilization and reconversion.

Byrnes had agreed last November to stick to his post—as Mr. Roosevelt then stated—"until the elimination of Germany from the war."

The 65-year-old "assistant president" submitted his resignation on the day American troops surged across the Rhine in strength, telling the president he felt V-E day "is not far distant."

The president held the resignation while Allied armies fanned swiftly over the Reich and then, in apparent agreement that Germany could now be regarded as virtually eliminated, released the former senator and supreme court justice with "heartfelt regret."

State Tankers Stage Upset; Place Fourth in NCAA Meet

Barber Stars, Ohio State Defeats Michigan

Unheralded in pre-meet dope the Michigan State swim team went down to Ann Arbor to compete in the NCAA meet, the classic of intercollegiate swim competition, and came back to the land of the winding cedar with four places and a fourth place in the team standings.

The Spartans topped such powers as Columbia, North Carolina and Minnesota. Ohio State led an upset by walking with team honors over Michigan while Cornell finished second. The Buckeyes uncorked Barber in the hole in Seymour and walked off with three places in the dives.

Mercer Takes Fifth

Mercer started the 100 yard drive by taking a fifth place in the 300 yard freestyle. Tom Mercer, followed with another fifth in the low board diving test. The 300 yard medley also took a fifth.

Saturday night Barber took a high board diving victory over the three Ohio State divers. This put the meet on the heels of the Buckeyes. Barber had Ralph Chubb, Michigan's only diver, and became the only diver to beat a Michigan man in the NCAA.

Nudge Out Contender

Efforts Coach Charles Barber may take the dim view of the national meet in New York next week. Barber will be the man to represent the Spartans if he goes.

Winning victory came in the 400 yard relay team of Joe Mueller, Jack Mercer, and Dick Chesnut, an third behind the Ohio State. The Spartans finished out, Cornell, the top relay teams in the

Alles Renew Activity On Italian Frontier By Land, Air and Sea

April 2 (AP) — U. S. forces medium bombers struck German escape routes in northern Italy today in places hampered by communications and installations in the Po valley.

It was announced that warships have been moved to positions along the Italian frontier, including the harbor of San Remo.

A German high command spokesman said fighting had broken out on the forgotten French-Italian border, and acknowledged the capture of "a small town" at St. Bernard, a mountain 15 miles from the Swiss border. An advance in this sector threatened the rear of German forces holding the Po valley.

Renewed activity in the Alps were viewed as significant in the light of the naval operations of the French-Panama U. S. destroyer Laub, reported as among the fiercest.

Nazi 'Werewolf' Group Forms Arm Of Underground

LONDON, April 2 (AP) — The Nazis officially claimed today that the assassins of the mayors of occupied Aachen and Mersch were members of the "werewolf" underground terrorist organization, which Berlin said is organized to resist Allied occupation forces.

A radio describing itself as an underground "werewolf" station took the air with claims that werewolves already had murdered some American army officers, including three of high rank, and had been active in Frankfurt and Heidelberg.

The Moscow radio commented: "The wolf hunt is on—good hunting!"

Berlin officially disclaimed connection with the organization, saying official and party circles in Berlin had nothing to do with its organization, and that it possesses its own authority.

Dumbarton Oaks Week to Precede Scheduled San Francisco Meeting

WASHINGTON, April 2 (AP) — Rebutting reports that the San Francisco international conference might be postponed, Senator Connally (D., Tex.) predicted today it will begin on schedule April 25 and be a success.

Connally's reference was to official reports from London that in this country, that the divergence of policy among the major Allies since the Yalta conference might lead to a postponement while they tried to iron out differences.

There may be still more direct discussion on the point tomorrow. The state department announced that Stettinius will hold his regular news conference at that time.

Regardless of minor differences which may arise from time to time, it is my view that the conference will be held in San Francisco April 25, Connally said.

It is my further view that

La moda Americana...Have a Coca-Cola

(THE AMERICAN WAY)

...an American custom as seen in Italy

People overseas are impressed by the American fighting man's friendliness among his fellows. They see his home-ways and customs—his good humor. Yanks Make New Landing on Luzon As Rapid Drive Cuts Okinawa in Two

Tokyo Radio Reports Homeless Residents, Guttled Factories From Superfort Raid

MANILA, April 3 (AP)—A new American landing in the Philippines, at Legaspi on the southeastern tail of Luzon island, was announced tonight by Gen. Douglas MacArthur.

Elements of the 14th corps made the landings with "little loss."

Lagaspi is one of the only three sizable cities on Luzon still in Japanese hands.

Weeks of concentrated aerial bombing of the important harbor preceded the invasion, the first on the east coast of Luzon.

GUAM, April 3 (AP)—Tenth army infantrymen and marines cut the strategic island of Okinawa in two Monday by reaching the east coast in a swift drive against only scattered resistance, the navy announced today.

Adm. Chester W. Nimitz said elements of the 24th corps reached the east coast at a point near the village of Tobarra. Advances averaging several thousand yards were made along the entire line "against scattered resistance."

Increasing Japanese activity was reported in the rugged terrain in the center of the island—only 325 miles south of Japan itself—which was invaded Easter morning.

Observation planes were operating already from two of the main captured airfields, Katena and Yontan.

Japanese planes attacked Yank positions Sunday night, and five of them were shot down, Nimitz announced.

He said carrier aircraft, heavy guns of the fleet and field artillery were giving close support to the ground operations.

SAN FRANCISCO, April 2 (AP)—The American superfortress incendiary raid on Tokyo March 10 was likened by the Japanese radio today to the des-

Germans Hunt Killers Of Prominent Three

LONDON, April 2 (AP)—The German radio said tonight an intense manhunt was on for the killers of three unnamed but apparently prominent persons who were shot to death in one of Berlin's most fashionable and closely guarded suburbs.

The Nazi broadcast said a reward of 100,000 marks, \$10,000 at the U. S. military exchange rate) was offered for aid in capturing the killers, who may have been wearing "some sort of uniform."

The radio said the slayings occurred about 3 p.m. March 31 on a motor road near the Gruenewald, a section in which propaganda Minister Paul Joseph Goebbels and other high Nazis have homes. The area is served by the Aanyus motor road whose entrances are guarded and from which pedestrians are barred.
