True to Tradition

One of MSC's time-honored customs is for graduating seniors to array themselves in their caps and gowns every Wednesday during the last part of the spring term. As heavy rainfall is also a spring term tradition, Jack Breslin, senior class president, quipped that the mortar boards afforded marvelous protection.

Keep Trying, Uncle

The American tradition of soap operas and box tops or reasonable facsimile thereof reached its limits when the Civil Aeronautics administration in Washington mailed a letter to "Mr. J. Edgar Spartans, MSC, East Lansing, Mich." Question is: was the facsimile reasonable.

Band To Play Gould Music

Michigan State college's 80-piece concert band will perform the second in a series of two spring concerts in the band shell tonight at 8. These concerts, always well-attended before the war, added to their prewar reputation last week when the greater part of the large audience remained despite the rainfall.

Leonard Falcone, director of the band, will be featured in a baritone solo, "Beautiful Colorado" with Joseph Evans, instructor in piano, accompanying.

Play Gould Music

Two compositions by the well-known contemporary composer, Morton Gould, will be included in the concert, "Cowboy Rhapsody" and "American Salute," which is based on "When Johnny Comes Marching Home."

Rossini's overture "The Italian in Algiers," "Friendship Polka" by Nahan Franko, and an arioso from Cantata No. 56 by Bach will also be played in the varied program prepared by the group.

Russian Featured

"Sequoia," a tone painting by Homer La Gassey, and Moussorgsky's "Hut of the Baba Yaba" and "The Great Gate of Kiev" from his series entitled "Pictures at an Exhibition" will conclude the performance.

Fraternities Renew Fight For Sing Cup

Members of local Greek organizations will gather Monday night in the band shell to resume competition for the interfraternity sing trophy.

The occasion is slated for 7:30 and will be held in the band shell unless it rains, in which case it will be held in College auditorium. This sing will be the seventh annual affair to be held at MSC. It is sponsored by Alpha Phi Omega.

Judges Chosen

R. J. Coleman, director of station WKAR, Fred Patton, formerly of MSC music department and now a private voice instructor, and William McIntyre, music director of Eastern high school, have been selected to weigh the vocal values of the participating fraternities.

Tom Walker, WKAR newscaster, and a life member of Alpha Phi Omega, will act as master of ceremonies.

Two Applications In

All formal applications must be turned in at the Union desk by 5 p.m. tomorrow, according to Brew Broder, Detroit sophomore in charge of the sing committee.

The sing trophy is now on display in the upper deck of the Union.

Card Games:

Union board voted to prohibit all forms of card games in public areas of the Union building last night at an executive council meeting. The ban on card games will go into effect this morning. Union officials and the complete staff of the Union building will help to enforce the new regulation.

Gambling is listed as the chief reason for stopping the use of cards. Steps have been taken in the past to curb the rising tide of games of chance but a surprisingly large number of students continue to make enough money to pay their way through college, the board announced.

It added that Union staff members have had to break up many all-day sessions of gambling only to have students start the games over again. Stories of money lost in the Union building

have been blackening the reputation of the Union to such an extent that Union board members felt the ban justified.

The Board announced that card

Seniors and graduate students may obtain reserved seat tickets Friday at the registrar's office for commencement exercises. Six tickets will be allotted to each student. Those tickets not claimed will be available for general distribution Friday, May 31.

An instruction sheet relative to both commencement processions will also be handed out Friday.

games will be banned in the men's lounge, and the mixed lounge as well as in all other public areas of the Union building.

Greeks Study Subject Of Housemothers

Michigan State college's fraternity system may soon take the lead in establishing another national trend on campus — fraternity housemothers — interfraternity council officials revealed yesterday.

The addition of housemothers as a required part of each fraternity household has been under consideration by both individual fraternities and the council for some time, they stated.

Seven Houses Approve

However, it now seems certain that college administration officials and representatives of IFC will be able to work out a common policy understanding before next fall term.

At a recent council meeting, a

test vote revealed a majority of seven votes to six in favor of the idea of housemothers, while three houses' representatives abstained from voting.

Prof. Tom King, counselor for men and faculty adviser to the MSC fraternities, has expressed the opinion that housemothers are an inevitable trend in chapters the country over. The administration, he said, is intensely interested in the fraternity system and in the beneficial effect that the addition of housemothers would provide.

College Will Pay Half

The college is willing to pay one-half the cost of housemothers' salaries, he added, as evidence of the administration's

Writers To Hold Annual Banquet In Union Tonight

Publications banquet will be held at 6:30 tonight in the Union ballroom for staff members of the State News, Wolverine, Spartan magazine, and MSC Veteran.

Co-chairmen for the annual affair are Doris Englehardt, East Lansing senior; Jan Hopps, Ypsilon senior; and Joe Miller, West Terre Haute, Ind., sophomore.

Prof. Alan Scott, of the journalism department, is master of ceremonies and announced that Clyde Carry will be featured on the program. Carry, professor of physiology and pharmacy, will present his popular magician act.

Appointments for next year and awards for this year will be made at the dinner, according to the chairmen.

Guests include Pres. and Mrs. John Hannah, Fred Noer, representative from the Indianapolis Engraving company; and K. E. Cooley, of the S. K. Smith Covering company in Chicago.

Bell-Hop Returns To Social Scene

After a four-year absence from State's social scene, the Bell-Hop, all-college informal dance, will again be presented by hotel administration majors on campus Friday evening in the ballroom of the Union from 9 to midnight.

Continuous dancing will be one of the novel features of the dance, Peter Gerns, Canton, O., sophomore, general chairman, stated. Dick Charles and his orchestra will furnish the music, while interlude spots will be filled by Charles Eiferle at the keyboard of a Hammond organ playing request numbers.

* The Spartans started the attack in the second inning when State's centerfielder Ed Sobczak opened the frame with a sharp double into deep left field. Bob Groves was safe on an error and catcher Pete Fornari walked to fill the bases.

Sobczak Scores

Sobczak scored when Steffee grounded out short to first. Pat Peppler drove a long fly to right field to end the inning which netted State one run.

Again in the third inning Michigan State combined three hits for a total of three more tallies. Floyd Guest opened the inning with a single and was followed by Marty Hansen who also singled.

Hansen went to second base on the throw to third. Tom Sporer, Detroit pitcher, let go with a wild throw and Guest raced home.

Granger Tells Banquet Plans

Further plans for the annual agricultural achievement banquet have been announced by Chairman Gary Granger, Dorand sophomore. The banquet, to be held tomorrow at 6:30 p.m. in the parlor of Peoples church, will have as its principal speaker Dr. W. A. Wentworth of the Borden company.

Toastmaster on the program will be Dean H. C. Rather of the Baie college, and dinner music will be provided by an instrumental trio. Dewey Gerlach will also present his magician's act.

Dean E. L. Anthony, of the school of agriculture, will make the awards to outstanding students in the agriculture department.

Tickets are still available for the event, and may be obtained at the Union desk or in Dean Anthony's office, 118 Agriculture hall.

LETTERS to the EDITOR

TO the Editor:

The last time I penned an epistle that was a bit on the serious side, one of your columnists bluntly stated that these calls for serious thinking made her want to cry in her beer. However, I have decided, judging from subsequent letters to the editor, that many students agree with me and not with her. This time I have a rather revolutionary idea to suggest in a college paper but I want to have comments in this one so I can either forget or do something about it.

The past few months I have listened each Sunday evening to LaGuardia's radio commentary. LaGuardia, as you know, is the former mayor of New York and is at present director-general of UNRRA. He also served several times in congress. Each Sunday evening as I listen to LaGuardia's comments on national and international news, I wonder why he has never been mentioned as a possible candidate for president of the United States.

I am not sure that LaGuardia is qualified for president; he may be foreign born, or he may not even be interested. All I know is that I like his ideas and I think he is one of our most active Americans. He took New York by storm during his 12

years as mayor and he is now giving his all to secure food for UNRRA. He has the fighting spirit we need in our president.

I wonder if there are others on campus who admire LaGuardia as I do? Maybe we could get together and start a club or other organization. Generally speaking, presidential elections are not of interest to college students. I believe, however, that there are several thousand GIs of voting age now on the campus. If we GIs aren't interested in who is going to be our next president we had better get interested. Is anyone interested in "My man" LaGuardia?

That Does It

By MARION HECKEL

SLIGHTLY forgotten, perhaps, but definitely not dead, is the State News' recent self-centered problem of "to be or not to be big."

Members of one of Prof. A. A. Applegate's journalism classes made a survey, as promised in the brochure, and have come up with some rather interesting results on the current likes and dislikes of MSC's student body, as well as their changing tastes.

About four and a half years ago a similar survey was made to discern what the school would think of changing the News from a three-times-a-week paper of large size to a tabloid daily. Nobody liked the change of size at all.

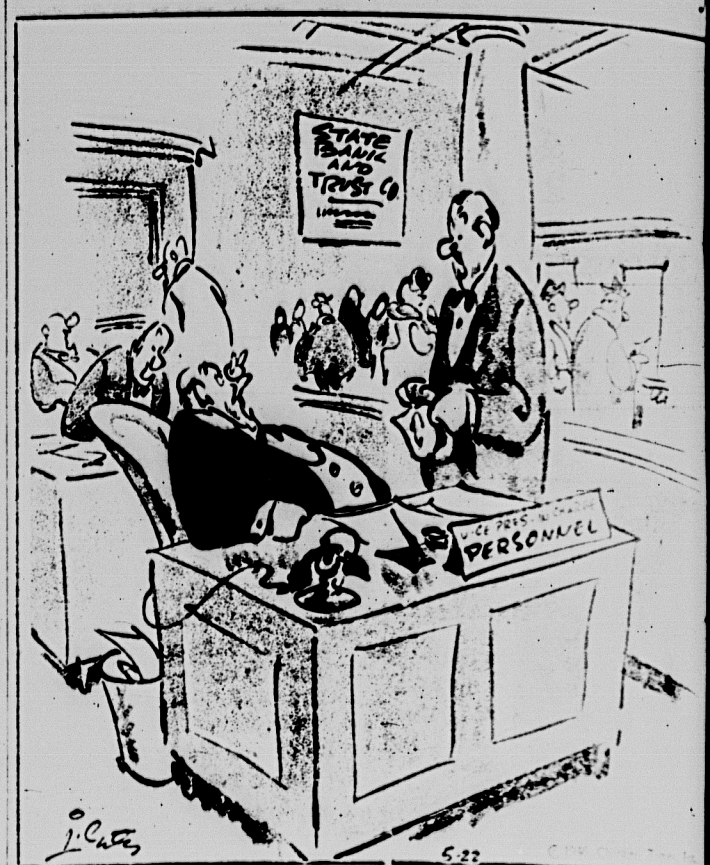

Two years ago the same type of investigation showed that the reading students felt too much of the college paper space was devoted to Associated Press coverage. Early this year, a complete reversal was noted when interviewed students showed themselves three to one in favor of AP.

That same survey had a question asking "would you prefer (a) a large size paper without AP three times a week or (b) a large size paper with AP five times a week?" Perhaps the three and five confused the answerers somewhat, but whatever it was, the answer was six to one for part (b).

Well, these are the past surveys. The one done two weeks ago had four simple questions, and what do you think? After all the unhappiness over the size

BEFORE YOU DIAL

LISTEN FOR THE DIAL TONE

THE familiar hum of the dial tone, in effect, says "Number Please?" It's the signal that the dial switchboard is ready to put your call through. If you dial before hearing the h-m-m-m, you'll get a wrong number or no number at all.

These days, there may be times when the dial tone is delayed a few seconds because all the switching equipment is in use. In

order to connect telephones for as many waiting applicants as possible, we are temporarily loading our present dial equipment far beyond its normal capacity.

Meanwhile, until more dial equipment can be installed, you'll get better service if you'll remember to keep the receiver to your ear and wait for the dial tone before you dial.

Authorities Probe Airplane Crash

NEW YORK, May 22 (AP)

An army investigating board strove today to determine the cause of a Monday night plane crash in which a Michigan army pilot and his four companions died as the craft crashed against the 58th story of a Manhattan skyscraper.

Maj. Mansel R. Campbell, 27, a World War veteran and holder of numerous military decorations, was listed by army officials as the pilot of the ill-fated craft.

Campbell From Pontiac
A former resident of Pontiac, Mich., his wife and six-year-old son reside in Barryton, while his mother, Mrs. Isabelle Campbell, resides in Brimley.

But even as plans went on for the funerals of Major Campbell and his colleagues, military and civil authorities tried desperately to determine what sent the big plane crashing into the side of the Manhattan company building.

Safety Measures

Army authorities, recalling last year when a B-25 bomber rammed into the Empire State building, killing 14 persons, planned safety measures to avoid a repetition of the incident.

Civilian officials joined in the renewed pressure for federal regulations forbidding aircraft to fly over metropolitan skyscraper-studded areas.

Election of Officers for Sigma Delta Chi Marks Reactivation

Sigma Delta Chi, national professional journalism fraternity at Michigan State, elected officers of its local chapter at a meeting tonight in the Union annex.

Serving as new president of the organization will be Ken Hatt, Halett senior. Other officers of the chapter are Tom Jordan, Detroit junior, vice president; Don Campbell, Harrison senior, secretary; and Bill East, Lansing senior, treasurer. Prof. Alan Scott of the journalism department was re-elected as faculty advisor.

The election marked the third annual act of the chapter since its reactivation late in April following four years of inactive status. Previously the group had been dormant and on May 15 initiated undergraduates and one professional member.

Victims of the army C-45 plane crash into the 58th floor of the 72-story Bank of Manhattan company building (above) included Lt. Robert L. Stevenson. Stevenson, 25, intended to study engineering at MSC after release from the army.

Law May Give GIs Back Pay

Discharged enlisted men may become eligible for retroactive pay in lieu of unused leave accrued during their period of active service. Such a provision, embodied in the Rogers bill, HR 4051, is now up for passage in the house.

The bill will pay active and discharged enlisted men an allowance of not less than 50 cents per day for all terminal leave not taken. Amount of leave would be set at two and a half days each month.

If the bill becomes law, qualified veterans will be able to apply for payments within one year after its passage. The payments are retroactive, tax-free and exempt from creditors' claims, and would be granted to beneficiaries to deceased servicemen.

A petition circulated by the American Legion obtained signatures of 213 representatives to bring the bill out of the house military affairs committee before the house for an early vote.

Truman Gives Seizure Order On Coal Mines

WASHINGTON, May 21 (AP) — President Truman today proclaimed government seizure of the soft coal mines empowering Secretary of Interior J. A. Krug to negotiate with John L. Lewis on wage increases and other concessions.

Krug, who was placed in charge of the mines, immediately went into conference with Lewis in an effort to prevent a resumption of the crippling strike after the present two-week truce expires on Saturday.

Effective at Midnight

The President's seizure order, effective at one minute after midnight, EST, tonight, declared that coal is "indispensable for the continued operation of the national economy during the transition from war to peace."

Although Charles G. Ross, presidential secretary, said that Krug's selection was "pronounced acceptable to both the coal miners and operators," whether the miners would work under federal management was not immediately determined.

Lewis Has No Comment

Lewis, who received the news of the presidential order from reporters in a barber shop, said: "I have no comment of any character." The United Mine workers' chief declined to say whether he has called the UMW's 250-man policy committee to pass on the question of working for the government in the continued absence of a contract.

A bird in the hand is bad table manners, but many say it tastes better that way.

Percy Jones Men To Attend Silver Cascades' Pageant

A special, complete performance of the water pageant, "Silver Cascades," will be given for over 100 soldiers in the pool of the Women's gym.

Over 300 general admission tickets will be available to those who were unable to see the previous performances of the pageant.

Last year, Green Splash performed "Alice in Wonderland" at the hospital for the men, but the illness there were so limited that only half of the original show could be performed.

The men are being brought to the hospital by Lt. Donald Robinson, a conditioning officer, and Clyde Merwin, special service officer.

The general admission tickets will be sold at the Union desk in the Women's gym.

ORCHESIS

(Continued from Page 1)

will direct the college orchestra which will play several selections as well as accompany for the dances.

The program will begin with the orchestra playing the introduction from the Clock Symphony by Haydn. The "Nutcracker Suite" of seven dances will be featured in the first half of the program. This suite tells the story of a little Marie. The story falls asleep on Christmas night and dreams that the nutcracker and several of her other toys come to life and dance for her.

Soldier Dance

After the miniature overture played by the orchestra, 16 of the women of Orchesis will dance the March of the Toy Soldiers. The Dance of the Candy Fairies, which is the performance of two girls on top of a music box, will be followed by Marie's waltz.

Other dances will include a Russian dance, an Arabian dance, including an imitation of a cock fight, and a Dance of the Flutes. The Waltz of the Flutes will complete the suite of dances.

The second half of the program opens with Dance Pantomime from Hansel and Gretel, played by the orchestra. Following this Orchesis will present "Peter and the Wolf," a fairy tale of Peter and his friends and attempts to capture the big bad wolf.

Hermie Says —

By TOM RIORDAN

SPARTAN track fans found out last Saturday at the Notre Dame meet that the MSC cinder setup is one of the best in the country. It rained all day Saturday, but still the track was in excellent shape.

The Spartan thinned layout was made with perfect drainage. Special attention was given to the type and depth of soil, which was all packed in such a manner that the paths would always be puddleless no matter how many inches of "dew" might fall.

Of course, constant attention by Albert Amoss' ground crew is necessary and the track gets just this, as does the entire Spartan athletic setup.

Lynn L. Frimodig, assistant athletic director, is slowly pulling out what few hairs he has left. This spring at every MSC home baseball game a flock of students have forgotten to bring activity books.

Frim asks students to be sure and have their books for the remainder of the home schedule.

MSC's football coach, Charley Bachman, was one of the nation's leading track and field athletes during his collegiate days at Notre Dame, just before the first world war. In fact, Charley once held the world's discus record—for 15 minutes.

Bachman was pitching the discus for the Irish one afternoon when he got off a tremendous toss. A measurement and a quick glance at a handy record book revealed Bachman holder of the world record by virtue of his throw.

After the minor tumult settled, the event continued. Low and behold, the entrant from Nebraska stepped up and wheeled the discus out just beyond Bachman's mark, thus setting another record.

For 15 minutes Charley was the world title holder, but his throw never did get into the record book.

Ruth Trims Pasquel On Mexican Links

MEXICO CITY, May 21 (AP)—Babe Ruth shot a 76 on the par 72 Mexico City Country club course today and trimmed Jorge Pasquel, president of the Mexican baseball league, in a golf match.

"Pasquel hadn't played in two years and his score was pretty feeble," said the former home run king. "My son-in-law also played, and he had an off day too."

Bert Peffers of FarmHouse, were outstanding performers season, broke into the lineup. Haas was a heavy hitter, a dependable fielder for a too classy ball team.

Suggested Site For Revival Of Olympic Games

Wembley Stadium, at the edge of London, has been suggested as a site for the revival of the Olympic games in 1948.

Tigers Trounced By 12-Hit Boston Attack

DETROIT, May 21 (AP) — Johnson, blond south-relief hurler, pitched matted the Boston Red Sox to a 6 to 4 victory here today over the Detroit Tigers, clinching an uphill battle by driving in the last two Boston runs in the eighth inning double.

Johnson, achieving his third win in relief this season, pitched five innings of hitless ball as the Tigers had profited from a sloppy Red Sox play to get an early 4-0 lead.

Coming from behind with a 4-0 attack, Boston erased the Tigers' four early errors and a 4-0 lead that gave Detroit all the lead in the first two innings.

In the fifth, Boston's fifth in the lead against the Tigers, the Red Sox' league lead in full games over second New York.

Dobson, Boston starter, pitched one inning, yielding one run, and Jim Bagby was the other two unearned

runners in the second.

George Metkovich homered with nobody aboard in the third and the Red Sox scored twice more with four bunched singles in the fifth, driving Virgil (Fire) Trucks to cover.

Johnson doubled off relief man Al Benton in the seventh and brought home the tying run on Ted Williams' two bagger.

Dom Dimaggio singled in the eighth and stole second with a slide that put him out of the game with a leg injury. Hal Wagner was purposely passed and Johnson lashed his second double to right center to win the game.

The Tigers' first two unearned runs scored with unexpected suddenness before Dobson retired a man in the opening inning. Eddie Lake walked and Eddie Mayo lined a single to right. When Metkovich's throw to third went into the Tiger dugout, Lake scored and Mayo went all the way to third.

Dobson then uncorked a wild

pitch to score Mayo. Jim Outlaw was safe at first on third baseman Glen Russell's wide throw and after Dick Wakefield and Hank Greenberg lifted flies, Pat Mullin singled and George Kell walked to fill the bases. Paul Richards ended it with a lazy fly to right.

with the second Spartan tally of the game, while Hansen moved to third base.

Works Double Steal

Groves walked and he and Hansen worked the Titans for a double steal, Hansen scoring on the play. Groves later scored on Harry Hughes' single.

Guy Brown, Detroit shortstop, accounted for one of the Titan runs when he belted a 420-foot home run into deep center field in the fourth inning.

Hansen Leads Batsmen

Hansen led the Spartan batters with two hits in as many official time at bat. Keith Stiefel also collected two singles in three trips to the plate and drew a pass.

Tom Sporer, the U. of D. hurler was charged with the defeat while Stiefel chalked up his fifth victory of the season. His record now stands at five wins against one loss.

English Majors' Club Selects New Officers

Junco, a club for English majors, yesterday announced the officers for the coming school year.

President will be Mary Pressley Ithaca junior; vice-president, Irene Cimat, Buffalo, N. Y. junior; secretary-treasurer, Janice Corleis, Colowater junior.

Junco holds informal discussions on literary subjects every other Tuesday. All who are interested in literature are invited to attend.

Ring Workouts Bring To Light Boxing Talent

Coach Lou Zarza's eyes are turned toward a new-comer as the Spartan boxers round out their second week of spring training at Jempen fieldhouse.

In the fine-looking squad that showed up for this year's drill was Vito Klamayicus, an aspirant who has looked very promising in his trial bouts against Spartan letterman John "Chief" Crampton recently.

In 155-Pound Class

Klamayicus will probably occupy the senior welterweight assignment when the gloves are again their eight-match schedule next year.

An average of 20 men are training out for ring trials every night and Coach Zarza said that a prediction of a good start next year is in order. The spring drills will continue until June 1.

Fall Term Tourney

Supplementing the regular season now out for the term should be some good prospects brought out by the intramural tourney, scheduled for fall term, Coach Zarza added.

Eight members of last year's Spartan squad reported for training including John Lindquist, assistant, Jim Denigah, Elmer Coon, Doug Hooth (captain), Barney Glowicki, Jack Martin and John Tierney.

of the paper and the questions of "when are you going large size?" "when are you going large size?", more votes than the large size publication.

The old question of AP showed that over 40 persons felt more of the wire news would be preferable and a small percentage of the readers decided the large paper appeared to have more ads (note: it didn't have during the one trial week . . . just the same or slightly less were used).

The fourth question had a three to one percentage answering 'yes' to "do you prefer the State News with or without the editorial columns." That last gives retiring editors and staff members the slight satisfaction that perhaps their personal columns are read once in a great while.

Yes, these various question and answer methods have shown how the average Spartan reacts to whatever is the particular

problem of their college paper. They are interested, but at the same time, they want one dominant thing . . . a college paper regardless of how large or small.
