

## Report To The Students

During the three day campaign conducted during registration, 5,228 Michigan State students contributed \$1,000.67 to the Memorial Center Fund. Gifts of \$1,418.42 from Alpha Phi Omega, \$3,273.50 from the Mardi Gras committee, and \$700 from the Class of 1947 bring the total student contribution to \$9,392.59.

Students who were unable to contribute during registration week may make checks payable to "The Memorial Center Fund," Box 311, East Lansing, Michigan. A notation including name, address, and student number should accompany each check. The committee is now formulating plans for setting up a booth in the Union where students may make additional contributions.

The names of all student donors will be checked in the student files and will be transcribed to a permanent Student Donors book. The committee sincerely appreciates the efforts of the members of Blue Key, Mortar Board, Phi Kappa Tau, the Varsity men, and the other individuals who aided their service during the registration campaign. Clearly, the student body is accepting their responsibility for the Memorial Center project in which the students, faculty, and friends of Michigan State pay tribute to the men and women who served and to the 340 who gave their lives in World War II. The building of the Memorial Center and the International House through voluntary contributions will be an inspirational and intelligent step forward toward future world peace and understanding.

The Memorial Center Committee

## Union Booth To Give Michigan Veterans Bonus Forms Today

Notaries To Be Available Thursday For Ex-Servicemen At MSC.

By DON RALL

Application forms for Michigan veterans military pay will be available at 8 this morning in a booth on the lower lounge of the Union, Gordon Hanna, American Legion commander, presided yesterday.

Because final details on the applications were released during spring vacation, full facilities for completing them have not been set up.

Each form must be notarized in three separate sections, Hanna said. Notaries will be present at the booth on Thursday.

There are separate forms for the army, navy, coast guard and marine corps, according to the state assistant general office. They cover service between September 16, 1940 and June 30, 1946.

Applicants should transcribe details on the forms exactly as they appear on their original discharge. If errors appear on the original, corrections will be made during and after processing in the State office.

Notaries Must Sign Discharge. Veterans must present their original discharge paper to notaries with their application. After they have been checked to see that details are accurate, notaries will mark discharges certified for Michigan veterans military pay and return them to the applicant.

Applications must be mailed to the assistant general office in Lansing. No papers will accompany them except the original discharge, in the name of the applicant, every fastest discharger who knows that he has credit in the bank.

Marines and coast guard veterans, whose foreign or sea service is not shown on discharges, are asked not to fill application until supplementary forms are issued to correct the deficiency.

Two Forms May Be Needed. Veterans who served in two different branches of the service between the specified dates must fill out two separate forms. These should be mailed in separate envelopes.

See BONUS, Page 4

## Open House Nights To Initiate Greek Informal Rushing

Five fraternities will initiate informal rushing by holding open house from 7:30 to 9 tonight. The houses have been grouped according to their location to enable interested persons to visit all houses each night. Those persons attending are encouraged to divide their time so that they will be able to visit each house.

The following will be open this evening: Alpha Epsilon, 318 Elm Place, Kappa Sigma, 224 Michigan, Phi Kappa Tau, 223 Delta, Phi Delta Theta, 628 Coxley and Farm House, 526 Sunset Lane.

Wednesday evening open house will be held at Delta Tau Delta, 435 E. Grand River, Theta Chi, 453 Abbott Road, Alpha Tau Omega, 451 Evergreen, Sigma Nu, 444 Abbott Road, Sigma Chi, 729 E. Grand River.

To climax the open house schedule, Thursday night doors will be open at Alpha Gamma Rho, 893 E. Grand River, Delta Chi, 101 Woodmere, Delta Sigma Phi, 1212 E. Grand River, Lambda Chi Alpha, 128 Haslett, Sigma Alpha Epsilon, 131 Regue.

Students Speak program in Hall, Muskegon sophomore charge, featured seven speakers who presented ideas on matters pertaining to campus.

Speakers on hand were Chuck Highland Park sophomore, who spoke on student government, Rolfe Young, Lansing, who spoke on spirit and traditions, Johnson, Albany, Ky., on athletics and services, Tom Detroit senior, extra-curricular, Jerry Smith, Lanum, basic college, Lanum, East Lansing junior, literature-concert and Hall who on organizations.

Men Stay Out. WASHINGTON, March 31 (AP) - Federal officials said tonight about 20 percent of the nation's coal miners stayed home work during the day because of a six-day "memorandum" called by John L.

## New Ruling Announced By Ag Board

Seek To Eliminate Unnecessary Calls At Health Center

Beginning April 6, students will pay a service fee of 55 cents for all calls at the college Health Service. This program was voted on by the State Board of Agriculture at its meeting March 27. However, despite increasing costs and overcrowded conditions, free health benefits to students will be continued.

The charges will be made for all calls between 8 a.m. and 5 p.m. and a charge of \$1 will be made for calls between 5 p.m. and 8 a.m. This procedure was made in conformity with that at other comparable institutions, it was explained.

Routine Exams Excepted

Exceptions from the new ruling are calls made by students injured in athletics etc. on campus, routine examinations required by

## Wallace Slams Truman Policy At PCA Rally

NEW YORK, March 31 (AP) - For A. A. Wallace told a Madison Square Garden rally tonight that Truman's program is "a conditional and limited aid to the Soviet government, which is the enemy of the American people."

The Truman program, Wallace said, is "a conditional and limited aid to the Soviet government, which is the enemy of the American people."

At our communist freedom, whose name Americans have used to become a catalyst for the Soviet Union, we grant unconditional aid to the Soviet Union, the government of Greece and Turkey, in the name of American, every fastest discharger who knows that he has credit in the bank.

Wallace, now editor of the New Republic magazine, urged that the Greek-Turkish aid program be assigned to the United Nations.

## State News Meeting

There will be a meeting of all State News reporters in room 2 of the Union annex this afternoon at 5. All persons interested in joining the staff should be present as well as regular reporters.

## Comic's Cozy Custom HUMORISTS HAIL HYBRID HOLIDAY

By BOB ASTLEY  
Hail! That is today in one word and you can interpret it your own way.

Regardless of whether you think of hait (funny or hait (poor), it's still on the calendar, and little practical jokes, not too much to get away with their pranks on November 21st or June 5th, are going to make the most of it.

It's a custom, you're supposed to give it a laugh out of trinitromethyl phenolamine even if he could pronounce it. Maybe next year it'll be different. Politicians have been known to change holidays before and right now they're talking about eliminating November 11th.

## Students Que Up At Registration

A small cross section of the 12,297 students registering for spring term at Michigan State ponder over deranged schedules while others wait in congested lines to put in their bid for classes.

## Marshall Hits USSR Reparations Stand

MOSCOW, March 31 (AP) - Secretary of State Marshall stated today that the United States stands on German reparations and that the United States opposes "policies which will continue Germany as a contested state."

In his pointed speech to the Council of Foreign Ministers, Marshall said the four powers could reach an agreement on the basis of an ultimatum. He added that the United States categorically rejects the Russian stand that acceptance of reparations from current production is an absolute condition of economic aid.

Russian foreign minister V. M. Molotov, whose proposals also were attacked by British foreign secretary Ernest Bevin, made no concession on reparations, but expressed hope that differences among the four powers could be reconciled.

sell Same Horse. In referring to the Potsdam agreement and discussions there on reparations, Marshall told Molotov:

It looks very much to us as though the Soviet Union is trying to sell the same horse twice.

Molotov made other similar statements.

Station WKAR will open auditions for prospective announcers Thursday at 7. All men students interested in positions as announcers should contact the radio station by phone Ext. 488 or 489 or go to the studios for appointment.

R. J. Coleman, station director, announced that there are several openings on the announcing staff. No previous experience is necessary for the auditions, Coleman stated.

armistice day and moving last day back a week.

Far better it'd be if they'd schedule this All Fools' day on February 29th. Then a day like today could only happen every four years.

But that's all in the future. Today is today and even a high-priced astrologer can't keep you clear of those pests with strychnine in their personalities.

Sagittarius may well be looking favorably on Venus (as who wouldn't), but pick up that wallet on the sidewalk and Taurus will probably give you a boot in your Capricorn.

Mailmen Boy. Mailmen will be busy today delivering draft notices to Four F's with harems, mother-in-laws will be beseeching husbands to buy them tickets to East Pawtucket, and a good 200 freshmen will attempt to find the blonde who invited them up for tea in the va-

## Break-Ins Expell Six From State

Indefinite suspension from college was the penalty imposed on six students who were apprehended by campus police March 28 while searching for examination questions in Morrill Hall.

The suspended are Lynn R. Carl, Grand Rapids sophomore, Bert L. Parsons, Detroit junior, Robert O. Knudson, Rockford, Ill. junior, David J. Broderick, Grand Rapids junior, Albert L. Morris, Niagara Falls, N. Y. sophomore, and Antonio F. Vesco, Niagara Falls, N. Y. junior.

Carl, Parsons, Knudson, and Broderick entered the building to gather police and Morris and Vesco were a separate party.

Peter Foreman, Detroit senior, admitted to college authorities that he had planned to join Morris and Vesco on the expedition but arrived at the meeting place too late. Because he did not enter the building he was not suspended, but was placed on strict disciplinary probation.

Additional penalties levied on the six men were grades of "F" for winter term in the subjects for which examinations were available in Morrill Hall.

Washington, March 31 (AP) - The Supreme Court in a rare 4-4 decision, upheld today the sale of the Pullman company's sleeping car business to a group of 43 railroads. It rejected a government contention that the deal would set up a "monopoly" in the Pullman company had been.

Washington, March 31 (AP) - President Truman today signed "with reluctance" a law extending sugar rationing only until Oct. 31. He also signed another rush bill passed by Congress during the day preserving federal controls over a small group of scarce materials until June 30.

## Sugar Rationing To End

WASHINGTON, March 31 (AP) - President Truman today signed "with reluctance" a law extending sugar rationing only until Oct. 31. He also signed another rush bill passed by Congress during the day preserving federal controls over a small group of scarce materials until June 30.

Washington, March 31 (AP) - President Truman today signed "with reluctance" a law extending sugar rationing only until Oct. 31. He also signed another rush bill passed by Congress during the day preserving federal controls over a small group of scarce materials until June 30.

Classes will go something like this. The instructor works in with a broad smile and says, "This will be an interesting course. There'll be no textbook, no assigned reading, no homework and no final exam. Classes will be held once weekly from 7 to 7:15 in the nearest brewery. That's all."

A kid with freckles gets up to go in the back row. A shot rings out followed by an eerie chuckle and a sinister "April Fool!"

The verdict - justified chuckle. After all, profits won't get another chance like this until a nose to Maine.

2359.

## Snowstorm Retards Early Registration Of Many Students

Registrar Linton Accepts Drop As Normally Expected Occurrence

Michigan State's spring term enrollment took a nose dive of over one thousand below last term's record 13,427. Registration figures announced yesterday, but compiled on the basis of information available Saturday noon, showed only 12,294 enrolled for spring term.

This figure does not include 119 students registered in short courses which bring the grand total to 12,413.

Administration officials explained yesterday afternoon that part of the drop could be attributed to the fact that fewer short courses are offered during spring term. Registrar Robert S. Linton stated that it was a normal occurrence.

Final Totals Later

Final totals will not be available until later in the week. Officials stated, however, that the final total will probably be lower than those announced. This is due to the present system of computation under which registration blanks sent out to departmental offices, room numbers consecutively and the number handed out used as the total. It is not known how many of the blanks were used.

Smoking Dangerous. McDowell said that most of the buildings are classified as non-fireproof, and that any smoking inside these structures constitutes a danger. He said that despite the posting of non-smoking signs, much smoking has been observed in these buildings.

The ordinance is the only way we know to make the non-smoking regulations effective, the secretary said.

Penalties Cited. Penalties for violation of the new ruling as stated in the ordinance are fine, imprisonment or both, college officials said.

A no smoking on the campus tradition has existed at MSC since the day of its founding in 1855. The tradition, however, has not been faithfully observed by students and faculty since the conclusion of the war. The new ordinance will not affect smoking on the campus outside buildings.

Later Registrant Figures Normal. Thursday, Friday and Saturday registration proceeded at anticipated levels, taking 2300 in the morning and 2100 in the afternoon.

Later registration will begin tomorrow morning. The long line numbering movement in the Administration building yesterday was composed of students making appointments to register late registrants is normal, between three and four hundred.

Washington, March 31 (AP) - The Supreme Court in a rare 4-4 decision, upheld today the sale of the Pullman company's sleeping car business to a group of 43 railroads. It rejected a government contention that the deal would set up a "monopoly" in the Pullman company had been.

Washington, March 31 (AP) - President Truman today signed "with reluctance" a law extending sugar rationing only until Oct. 31. He also signed another rush bill passed by Congress during the day preserving federal controls over a small group of scarce materials until June 30.

## Comprehensives To Follow Finals, Exams May 31

In order to avoid clashes between regularly scheduled courses and comprehensive examinations a new policy has been adopted by the administration.

Comprehensives will follow final examinations instead of preceding them as in the past. Finals this term are scheduled from May 31 to June 6. Comprehensives will be given the following week, June 7-12.

The decision was the result of faculty complaints that comprehensive examinations were interfering with the conduct of their courses.

HERMIE SAYS—

## Jay The Bee Bee

By TOM RIORDAN

EVER HEAR OF JACK THE BELL BOY? A lot of Michigan State students have and some haven't. If you never did, just quizz one of your buddies from Detroit and you'll get a reply something like this.

"Oh, you mean J. the B. B. Sure, I know him. He's one of the sharpest disc jockeys in the country. That guy is solid."

He is solid and a really fine fellow. Jack, whose real name is Ed McKenzie, has been staging a daily two and one half hour record show over WJBK, a small Detroit radio station, for the past 18 months. The program caught on right from the start and has been a top favorite with five fans all over the Motor City ever since.

**SPARTAN STUDENTS** who don't know about Jack the Bell Boy, may get a chance to see him in person this spring. An invitation to emcee the intermission program of the coming Ma di Gras was extended to Jack during the recent vacation and if all details can be ironed out, J. the B. B. will be on campus for that big all-college party.

McKenzie started in radio as an engineer with WJBK 10 years ago. About two years ago he got the idea for his Bell Boy program. He figured an afternoon of five with the right kind of chatter would really catch on among the younger folks. He convinced his boss that WJBK would profit by such an arrangement and soon found himself on the air.

It wasn't long after Jack the Bell Boy got started that fan mail began pouring in until now a week's quota runs from 1,500 to 5,000 letters.

**SOME CALL J. the B. B. a poor man's Russ Mulholland, but in the opinion of many he has Mulholland beat six different ways. Jack rambles on between discs, but he keeps his comments short. He pokes enough fun at the commercials to almost make them a part of the show, rather than a necessary and monotonous interlude.**

Mulholland has an advantage in that WJBK is more powerful and can be picked up all over the state. Jack's show is limited to the Detroit area because that's all WJBK covers, but there's little doubt McKenzie could grab a king size following among younger radio listeners all over Michigan if his station had more watts.

**THE BELL BOY, who announces his programs as coming from "the tumble down shack at the corners of Swoon Alley and Jive Boulevard," has his followers pick their favorite bands, vocalists and recordings. At present he's staging a contest to name a theme song that has been written specially for him by Band Leader Sam Donahue.**

Another baton waver, Illinois Jacquet, who heads a six-piece combo, has written and recorded a piece entitled, "Jiving With Jack the Bell Boy," of which McKenzie is rightly proud. He's well known among big name outfits and oftentimes they'll cut him special recordings that haven't been released.

One of McKenzie's characteristics is that he acts a lot like the young people who listen to him. Whenever he has an occasion to mention Gay Lombardo Jack always calls him "Guy Lombardo."

**LAST SUMMER AFTER Lombardo won the Gold Cup speed boat race in the Detroit river one of Jack's listeners, who witnessed the race, solemnly suggested that a Lombardo song be played in respect of his ability to handle a motor boat.**

Jack dutifully spun one, only after explaining that it wasn't "Lumbardo's" skill in turning out solid music that rated him a spot on the "Swoon Alley and Jive Boulevard" show. That's J. the B. B.

## New Fee Helps

Michigan State's hospital has taken another step toward better medical service for the students by adding a small charge for service.

Faced with the prospect of almost neglecting really sick students in order to issue nose drops and band-aids, Dr. Charles Holland has taken a wise step that seems sure to cut down the number of visitors at the hospital.

While a half dollar visit charge will not stop any seriously ill person from reporting to sick call, it will cause anyone needing a quarter's worth of nose drops to think twice before turning in at the health center.

Fifty cents is not too much to charge for the 60 days of care each student is entitled to per year.

## Six Went Home

**SIX Spartan students went home through the back door at the end of winter term, and another now is sitting on the back steps as a result of examination paper thefts. Several among the group suspended or placed on probation by administration authorities were supposedly prominent campus leaders.**

The whole affair leaves a dark brown taste in the mouths of those students who expect grades to be a fair reflection of what they actually know. Not only do examination thieves force the grading curve upwards by their underhanded tactics, the subsequent publicity of their dismissal or probation does little to enhance the good name of Michigan State.

Undoubtedly, there never has been or never will be a college or university which can claim absolute freedom from cheating. But critics who say college students are not adult or mature enough to have a maximum of self government can say "I told you so" when actions such as the Morrill hall case are disclosed. An ill-thought out action such as this can do little to support the theory that a college's basic service to the student is the development of character.

A life spent worthily should be measured by a nobler line—by deeds, not years.

—Richard Sheridan

## Graduate Students To Receive Degrees

### 18 Men Slated For Masters In Forestry, Art, Science

Eighteen graduate students will receive their advanced degrees at commencement exercises in June according to Dr. Ralph Huston, Dean of the School of Graduate Studies. Requirements were completed last winter term.

Those receiving Master of Science degrees are: Merritt A. Boone, Fairbury, Nebraska, in

Two students completed requirements for Master of Forestry degrees. They are Paul E. Lamendola, Massena, New York, and Richard M. Schwartz, Milwaukee, Wisconsin.

Shu-Hsien Lee, Waiyung, Kwangtung, China, in horticulture; Dwight D. Murphy, Lakeside, in horticulture; Calvin E. Pederson, Starbuck, Minnesota, in entomology; James G. Henno, East Lansing, in mathematics; James H. Sayles, Jr., San Antonio, Texas, in soil science; Jimmie Lee White, Texarkana, Arkansas, and Los Angeles, California, in animal husbandry; P. O. The Yang, Shanghai, China, in chemistry; Roger S. Young, Fort Wayne, Indiana, in horticulture.

Master of Arts degrees will be given to Linwood L. Hodgdon, Shoreham, Vermont, in sociology; Delbert S. Knoolhuizen, Holland, in business administration; Frank L. McConnell, East Lansing, in economics; Ruth Jensen Mayor, Lansing, in education; Donald D. Pickard, Lansing, in education.

## Franco Plans Spanish Crown Succession

MADRID, March 31 (AP)—Generalissimo Francisco Franco told the Spanish people tonight he had seen a "law of succession" to the Cortes (parliament) which might place another king on the vacant throne of Spain.

On the eve of the eighth anniversary of the capitulation of the Spanish republic government, Franco declared in a nation-wide radio broadcast that the law would be effective in the event of his death or incapacitation.

The law of succession was the first amendment ever made by Franco, who said the government was a temporary one and that it might be replaced by another form of rule over Spain's 26,000,000 persons.

It provides in one section that Franco, as chief of state, will have the power to suggest a successor to the Cortes, but in another section sets up a "council of kingdom" which would serve as interim ruler and would have the power to select a king or another chief of state.

## LETTERS to the EDITOR

**TO THE EDITOR:**  
On behalf of the Ingham County chapter of the American Red Cross, it is indeed a pleasure to congratulate the students and faculty of Michigan State college for the splendid cooperation in the 1947 fund campaign, which has just been concluded.

The whole-hearted support given during this campaign is indeed an endorsement of the Red Cross in its past, present and future service to all within its call. You should be proud to know that your part in carrying out the slogan of this campaign that Red Cross Carries On, has been well done.

—Maurice J. Mayer, Chairman

## INFORMATION

### CIRCULATION

The State News will not be delivered off campus until Wednesday. Mail subscriptions will be accepted next week.

### DANCE

Members and tryouts will meet in the Dance studio of Women's gym from 4-6.

### GREEN SPLASH

All members and those interested in swimming in the pageant are asked to be at the gym at 7 prepared to swim.

### AVC

American Veterans committee will hold its meeting at 7 in room 112 Union annex. All veterans are invited to attend.

### WOMEN STUDENTS

Anyone interested in informal rushing this term may register at the upper deck of the Union between 8 and 5. All-college one-point is required.

### ADVERTISERS

Members of the advertising staff and those interested in working on the staff are asked to attend an important meeting at 4 in the State News office.

### ROLLER SKATING

Meetings for classes will not be held this week. These will be resumed next week.

### AWJ JUDICIARY

The AWJ judiciary board will meet tonight at 7:15 in room 115 Union annex.

### PASSOVER DINNER

All those interested in attending the first night Passover dinner on Friday at 6 p.m. at Shalom Zedeck can purchase tickets at Hillel House from Mrs. Wolfe.

### ACS

The American Chemical Society meeting tonight sponsored by Alpha Chi Sigma, will be held in 122 Keeble chemical laboratory at 8, and will feature Dean Lawrence, who will speak on "Patent Law and Research."

### CHRISTIAN STUDENTS

Services will be held tonight at 7:15 in the chapel of Peoples Church.

### SIGMA DELTA PI

The Sigma Delta Pi will meet tonight at 7 in room 107 Union annex.

### IFU

Interfraternity council will meet tonight at 7:15.

## Weight Lifters To Organize Club

Spartan weight lifting enthusiasts will be given the opportunity to form a weight lifting club tonight. A meeting, under the sponsorship of John Koenig, Westfield, N. Y. freshman, is slated for 7:30 in room 130 Morrill hall for all interested students.

The purpose will be to form a club wherein a workout program can be arranged and supervised in co-operation with the athletic department.

## Soviets Accept French Compromise But Argue 'Framing' Atom Control

LAKE SUCCESS, N. Y., March 31 (AP) Andrei A. Gromyko, Soviet delegate, accepted part of a French compromise today and then argued with other members of the United Nations Atomic Energy commission over how to act on with the job of framing controls for the atom.

After little more than an hour's session, an authoritative source said Gromyko agreed to the first part of the French resolution which directed the working committee of the commission to take up Russian proposals for atomic controls. He began an attempt to change the second part of the French proposal.

The French had proposed before the meeting that the States, Canada and the United States, Canada and the United States, will be dealt with in the mission's work made up of the dates.

2. The point made up of details will deal with atomic control on the attempt to state what is an author

## Veterans Line Up For Bonus Forms

DETROIT (AP)—A line of 125 checks and 14 notes, former G. I. soldiers every one began the task of processing information from records to present the applications and requested large while an average of 100 numbers were handled during the period long since being as busy day.

Similar conditions were reported in nearly every community throughout the state as the task of distributing an estimated 1.5 million bonus application forms organizations opened their doors. First payments are the ex-servicemen lined up to get scheduled for about April 15 with their bonus application forms. The maximum bonus to any individual is \$500.

The Detroit Red Cross center reported more than 2,000 applications. Veterans have two years within which to begin about six months to make application for the shortly before opening time. A bonus

# Proposal Empowers UN To Halt Loan

## Vandenberg Suggests Foregoing U.S. Veto On Greek Question

WASHINGTON, March 31 (AP)—To meet criticism that the United States is bypassing the United Nations, Senator Vandenberg (R-Mich.) proposed today to give the U.N. power to halt the American plan to bolster Greece and Turkey against communism.

Vandenberg, chairman of the Senate foreign relations committee, suggested that his proposal be written into pending legislation to give \$400,000,000 aid to Greece and Turkey.

Under the plan, the U.N. could veto the American aid either by a "procedural" vote in the security council or (2) by a majority vote in the general assembly of the United Nations.

Seven of the 11 members of the security council are needed for a "procedural" decision. Twenty-five out of 55 are required for general assembly majority.

In effect, under the Vandenberg proposal, the United States would give up its power to veto any aid to halt its Greek-Turkish program. A decision in the security council on a matter of "substance" requires unanimity among the big powers, which enables any one of them to exercise veto.

Under the Vandenberg plan, the United States would in effect signify its willingness to abide by the decision of the majority, even if disagreed with the decision.

Conversely, however, any critic of the American program would be able to muster a majority to stop the United States had sought to carry out the program of aid to Greece or Turkey. Russia, any other single big power would have balked it with a veto.

Vandenberg told newsmen he hoped his amendment "to make plain that we propose to operate clearly within the spirit of the United Nations."

In response to a question, he said it is not designed as a wedge in an effort to eliminate the security council veto in other matters.

SENATOR VANDENBERG

## Local Society Goes National

The local Sigma Zeta society became the second Jewish fraternity to be represented on campus when it went Zeta Beta Tau in ceremonies Wednesday night, March 19.

The installation took place in the Sunset dining room of the Union, and was presided over by Lee Deven, national secretary and the national Zeta Beta Tau committee. The Phi chapter of Alpha Alpha was also represented by Al Kahn, president, with other officers.

Members of the society present were: Bruce Brander, Mike Harris, Phil Kiviat, Allen Nemethy, Al Stachurski, Milton Soud.

Representatives of the national group at the meeting were: Edna Gage, Abner Freeman, Daniel Frank and W. S. Soud.

## Draft Halts As Ike Asks Volunteers

Ten Million Drafted: Records Are Kept

WASHINGTON, March 31 (AP)—Gen. Dwight D. Eisenhower said tonight that the end of the draft gives the American people "the task of building a new system against the chaos of another war."

"From now on," said the army chief of staff in a statement, "we are engaged in a great test to see whether our system, traditionally American in procedure—the voluntary system—can give us the stable, well-trained regular army our current international commitments require."

He pointed out that the task of providing such an army, at an average strength for the year beginning next July of 1,000,000, is enormous. He noted that never before had the military been confronted with raising and maintaining a million men in a peacetime.

The Selective Service Agency ended at midnight, indicated by 10:02:30, men from 1944 until last October, when induction halted. It will be replaced by a record-keeping organization and a system of retraining for the state to keep on file the 44,000,000 records of men who registered.

Major Gen. William S. Paul, chief of arms personnel, reported today that the Selective Service Agency is continuing a family satisfaction by holding on the basis of the first four weeks in March, and months will bring in about 20,000 men. About three-quarters of them are those who volunteered from the first high percentage of volunteers.

Men who volunteered immediately after the war.

While the 20,000 figure is below the target for 40,000 monthly average, Paul said the fact that the majority are long-term volunteers is a tribute.

One of the key tasks of the Selective Service is to keep on file the records of men who registered.

## Flood Waters Spread In Dakota

Early spring floods in North Dakota this weekend, as waters spread over the lowlands between Bismarck and Mandan when the Missouri was blocked by ice jams.

## Construction Curtailment Would Hit Farm Research

Consultants of the current building program of MSC would severely curtail construction activities for Michigan farmers and ranchmen, President John A. Harstad announced recently.

The nation's building program, which is being completed, would curtail construction of farm research buildings, Harstad said.

Dean Ernest Anderson, of the agricultural department, said that the curtailment of construction would hit farm research buildings.

While the 20,000 figure is below the target for 40,000 monthly average, Paul said the fact that the majority are long-term volunteers is a tribute.

One of the key tasks of the Selective Service is to keep on file the records of men who registered.

## Psi U's Placed On Social Pro

Psi Upsilon fraternity has been placed on social probation for an indefinite period, effective with the start of spring term, it was announced recently.

The penalty was imposed on the fraternity for violations of social regulations March 8.

Richard P. Smith, Detroit junior, was suspended from college, and Richard M. A. Gibbons, Highland Park pre-vet, was placed on disciplinary probation in connection with the episode for which their fraternity was penalized.

The fraternity is not authorized to have parties or dances, secure pledges, or initiate new members under the provisions of the probation.

The Dairy and Milk Inspectors' and Sanitation schools will be conducted on campus April 7 to 11.

Under supervision of the Schools of Agriculture and Veterinary Science, the course this year has been expanded to include information about food inspection.

## Milkmen Schedule Schools

Under supervision of the Schools of Agriculture and Veterinary Science, the course this year has been expanded to include information about food inspection.

## MSC SHUDDERS Players Persist In Early Orgies Of Radio Drama

"Spring is Hyar" will be the opening production of the Quirkshop dramatic artists over WKAR's Dawn Salute program this morning from 7:30 to 8. Banner show for the week will be aired tomorrow morning under the title, "Merry Michigan Minstrels," a throw-back on the old minstrel days with plenty of ham.

Thursday morning's attack against art will be the usual horse opera. Friday marks the first presentation of tales from "Days of Yore," historical plays of knights in shining armor and other relics of the dark ages.

The Frymire-LaGuire production corporation continues to uphold its promise to listeners—"every show a flop."

While they were leaving 8000 or more basketball fans arrived to follow their high school teams in the Michigan high school tournament.

Friday and Saturday nights 16 teams representing the Class A, B, C, and D high schools in Michigan entered the semi-final and final rounds for the championship of their class.

Also on Saturday the 4-H club held their spring market swine show. Nearly 200 attended the event in the livestock pavilion.

Final meeting of the period was the Michigan Association of Future Homemakers of America. More than 300 high school girls attended the first annual state meeting of the group.

The government printing office is the largest of its kind in the world.

## Meets Bring 8000 On Tour Of 'S' Campus

More than 8,000 high school students invaded MSC's campus during spring vacation, attending agriculture meetings, state high school basketball tournaments, and homemaking conferences.

Between March 18-21 700 members of the Michigan Association of Future Farmers of America attended the 19th annual meeting of their organization.

While they were leaving 8000 or more basketball fans arrived to follow their high school teams in the Michigan high school tournament.

## Centralia Mourns Her Dead With Citywide Ceremonies

CENTRALIA, Ill., March 31 (AP)—The mourning community held out en masse today to honor the 111 victims of Tuesday's mine disaster.

At 24 more miners were buried, 200 persons attended a citywide memorial service in the Centralia high school auditorium. A poet and 10 ministers conducted the service and the high school band, garbed in sober gray, sang the theme of the service, generally was "This is no time for lamentations, this is the time for prayer."

The theme echoed the last words of some of the victims in a copyrighted story, the Centralia Evening Sentinel made public the final words of 13 miners who died of asphyxiation after a blast.

The notes were read in darkness on bits of paper and on the slate mine wall. The newspaper did not identify authors, but all expressed the future security of their families, and several requested their wives to continue religious attendance.

One note read: "Dear sweetheart and sons, I'm now six weeks' undisciplined. I'm looking pretty low, but money, if I don't make it, sell the house and go live with your folks. Your mom and dad will take care of you and the boys. Please pray for me and put the church tag me. Tell dad to put the mine and take care of mom and like this. Well, baby, and my loving boys, goodbye. I am feeling great. Lots of love."

The Centralia Coal company, operating on the mine, said the men killed today said every living man arising from the tragedy can and will be paid in full.

Volcano Continues to Erupt REYNOLDS, Iceland, March 31 (AP)—Volcanic ashes spewed from erupting Mount Hekla transformed a large grazing and meadow area of southern Iceland today into a black desert.

## Eight 'S' Coeds To Enter Final Cover Girl Contest

Photos Of 'Most Likely Models' To Appear In National Magazine

Eight glamorous Spartanettes have been chosen by Harry Conover, nationally known fashion model expert, as the coeds from MSC "most likely to succeed as fashion models," from a group of photographs submitted by the State News recently.

The coeds, in order of their selection, are: Mary Kite, Coldwater junior, a Kappa Kappa Gamma; Maryterese Malicki, Detroit sophomore, a Beta Beta Beta; Jackie Flint, Mackinac City junior, a Phi Kappa Phi; Pleasant Rodriguez, Harsara Shipton, Grasse Pointe transfer, Betty Binkley, East Lansing senior, and Donna Madlock, Fairfax, Calif. sophomore.

Cuts are being made of the photographs and they will appear in a future issue of *Cover Girl* magazine. The eight selected coeds are now entering in a national contest to select the number one potential cover girl from the cream of entrants of the nation's colleges and universities.

The national winner of the fashion model contest will have her choice of prizes and will be offered excellent opportunities in the field of modeling.

## Campus Group Dedicate Hillel Foundation

Dedication ceremonies of the MSC Hillel Youth Hillel Foundation home were held in the Union hall on Sunday afternoon, April 1, 1947. The Hillel Foundation created a feeling of unity and friendship among the student body.

The first transaction was organized at the University of Illinois as a "home away from home." Dr. Sachar pointed out that the Hillel Foundation created a feeling of unity and friendship among the student body.

Justin L. Morrison, Hillel chairman of the Michigan Hillel Youth Council, and Edward Olson, president of MSC Hillel, spoke to the group.

Robert H. Hillel, Hillel chairman of the Michigan Hillel Youth Council, and Edward Olson, president of MSC Hillel, spoke to the group.

An informal reception and dance was held at the Hillel home.

## BONUS

(Continued from Page 1)

Under the same classification are included enlisted men who received commissions and held length of service certificates of service. WAACs who served in the WAAC and who are now in the armed forces of duty in the same branch.

Forms for Beneficiaries Pending - At present there are no forms available for beneficiaries of deceased veterans. Eligible persons in that category should write to the adjutant general's office, stating their relationship. Forms will be mailed as soon as they are available.

ISA will sponsor the booth for day, AVC Wednesday and American Legion Thursday. Other organizations are asked to contribute their time to run the booth, especially in regard to refreshments.

## Affairs of State

By JEANNE DWYER

YES, operator, hurry. It's an emergency. "Hello, doc, va better hot foot it right over here. Yeah, an epidemic, everybody's got it. Serious? Well, what with mumps it's a catastrophe. What seems to be the matter? It's a fever. . . . the most disastrous kind of all. . . . spring!"

A letter to Affairs of State from Sigma Kappa: re: engagement, immediate release. Sigma Kappa Shirley Duff, South St. Marie sophomore, is suffering toothpaste of smiles these days. She got engaged to Art Ponchard, Iron River junior.

Rumor has it that a Sigma Chi badge has changed hands. The new owner is Beryl McNutt, Detroit freshman, who was punned by Bob Binkley, also of the great metropolis.

There's one less fraternity pin at the Alpha Tau Omega house, too. We hear the reason being that ATO Bill O'Meara, East Lansing sophomore, gave his away. The lady he asked if she wouldn't please wear it is Marvin Peters, East Lansing senior.

Phi Kappa Taus are passing out congratulations to the boys who got the vote at recent election. New Phi Tau president is Ken Winter, Fulton, N. Y., junior, chosen in vice-president was Walter Bourque, Detroit junior. Also getting hand shakes as official secretary and treasurer respectively are two Detroit juniors, Jim Leese and Bob Kunkman.

Elections were also in order at the Kappa Kappa Gamma house recently. Heading the slate for the coming year are Grand Rapids juniors.

Production of measurements has become an important industry in the State of Michigan, with more than 100,000 pounds of fresh measurements produced in 1946.

Elections were also in order at the Kappa Kappa Gamma house recently. Heading the slate for the coming year are Grand Rapids juniors.

## SPRING TERM

## Senior Women Receive 11 p.m. Permission

Women students who graduate before spring term of 1948 are eligible for 11 p.m. permission Sunday through Thursday nights this term, according to Virginia Gilbreath, president of Associated Women Students.

Women using this privilege are to register with the housemother before they begin using the permission. Anyone graduating during the summer, fall or winter terms must petition AWS for the privilege, while those who graduate in the spring automatically receive the permission.

Junior women in medical technology may take their senior women's privileges their last spring term on campus.

## Seniors Enroll For Lectures On Marriage

Seniors and engaged students may still enroll for the marriage lecture series which will begin Thursday.

Applications will be accepted at a table on the corner of the Union all day Wednesday. All of the lectures are scheduled for 7:15 p.m. in the Music auditorium.

Part of the series will be "Biological Aspects of Marriage," by Dr. Carl Morrison, of the Lansing Children's center.

"Pregnancy and Related Problems," on Monday, April 7, is the second in the series. The men will meet with Dr. C. F. Hollist, and the women with Dr. Lydia Lagrange, both of the MSC staff. The men's lecture will be moved to 206 Lecture building.

Choosing a Life Partner and "Adjustment After Marriage" will be the theme of Dr. Robert Foster's talk on April 9. Dr. Foster is from the Merrill-Palmer school in Detroit.

The final lecture in the series will be presented by Dr. Ralph Higgins of St. Mark's church in Grand Rapids. The topic under discussion will be "What Are My Beliefs About Marriage?"

More amendments to the United States constitution were adopted during George Washington's administration than under any other.

## 'Songs We All Know' Chosen As Water Carnival Theme

Hitchcock Takes Prize Of 35 Entries; Parade To Float Down Red Cedar In May

"Songs We All Know," entered by Dorothy Hitchcock, East Lansing graduate student, is the prize-winning theme chosen for the Water Carnival to be held during commencement week.

A prize of \$50 was awarded for the winning entry. It was selected from 35 entries.

The theme has been divided into such groups as children's songs, spirituals, patriotic songs, college songs, and other similar classifications. The Water Carnival committee expects approximately 50 floats interpreting songs to be prepared by fraternities, sororities, and other organizations.

The parade of floats will move down the Red Cedar river the evening of May 28, 29 and 30, presided over by the king and queen of the carnival.

Held in '42  
An annual affair since 1924.

The Francis Payne Bolton school of Nursing at Western Reserve university, Cleveland, is offering increased facilities for college graduates who wish to enter the field of nursing.

Dean Helen L. Bunge, of the school has announced that no more high school graduates will enter the college. The school aims to prepare the mature college woman who has a serious interest in nursing.

Students live on the campus during most of their training. At present the Bolton school has 490 students enrolled.

There is a shortage of nurses at the present time.

## State Board Names New School Chief

**Dr. Bryan To Take Up Duties As Acting Head Of Veterinary School**

Dr. C. S. Bryan, former head of the department of surgery and medicine, was appointed acting Dean of the school of veterinary medicine for the year beginning July 1, 1947, by the State Board of Agriculture at a recent meeting.

Dr. Bryan will act as dean during the period Dean Ward Giltner's formal leave of absence pending his retirement in 1948.

### Students Promoted

Acting head of the department of bacteriology and public health will be Dr. Henrik J. Stafseth, a former professor in bacteriology.

DR. C. S. BRYAN

Stafseth will succeed Dean Giltner as head of the department.

Dr. Bryan received his B.S. degree at Pennsylvania State college in 1920 and his M.S., Ph.D. and D.V.M. degrees at MSC in 1932, 1937, and 1942, respectively.

### Work Nationally Recognized

He became a graduate assistant in bacteriology at MSC in 1930, and an assistant in research the following year. He was appointed an associate professor in the summer of 1942. He has attained national recognition for his research in bovine mastitis and dairy food hygiene.

The new acting dean belongs to numerous professional organizations, among them the American Public Health association, the American Veterinary Medical association, the International Association of Milk Sanitarians, and the U. S. Livestock Sanitary association.

### Stafseth at MSC Since 1917

Dr. Stafseth, who will also be in charge of curricula for the medical technology courses, has been on the staff at MSC since 1917 when he was appointed instructor and research assistant in bacteriology. He received his full professorship in 1930.

Recognized as having developed the courses in pathogenic bacteriology, immunology, and poultry hygiene at the college, Dr. Stafseth headed a delegation of American bacteriologists and other scientists who went to China in 1946 to assist in the development of a veterinary medicine program there.

### CAPS AND GOWNS

Seniors must place orders for caps and gowns no later than Saturday. Union Manager Len Scott has announced. Applications for graduation garb can be made at the Union desk at any time this week.

### HOSPITAL

(Continued from Page 1) the college, and cases which require repeated visits to the hospital.

According to James H. Denison of the public relations department, who made the announcement, the facilities are not large enough to cope with the present overcrowded situation. The new program would eliminate minor unnecessary cases.

The policy of the student health service is that students should use the clinic for the same purposes as if he made a trip to see his family physician at home. Vitamin preparations will be sold to students at their cost to Michigan State college, beginning April 6.

Students will continue to receive minor surgical attention, medical consultations, prescriptions and medicines, physical examinations and tests, x-ray examinations for diagnosis of current conditions, drugs and dressings, and hospital care up to 60 days in any college year, free of charge.
