

U.S. Mourns Passing Of Motor Genius; Funeral Tomorrow

Body To Lie In State Today Near Spot Where He Built First Car

DETROIT, April 8 (AP) — A nation today mourned the passing of Henry Ford, a symbol to all the world of American industrial genius.

Healed by his cohorts as the father of mass production, he died quietly of a cerebral hemorrhage late Monday at the age of 84.

Bishop Bill Returned To Committees

Measure Asked Halt In Building Of 3 Structures

State legislature action on the bill, which was introduced regarding the allocation of funds for the construction of buildings at MSC, has sent the bill into the Senate finance and House ways and means committees for further consideration, the secretary's office reported yesterday.

The health bill would not have provided sufficient funds for completion of three buildings now under construction on the campus, and other buildings needed, it was revealed. The bill was introduced for the purpose of slashing allocations already provided by the legislature for the buildings.

The housing bill, which has been returned to the committees, would have lopped several millions from the budget needed to finish the current \$10,000,000 Valley Building Program.

WKAR Features News, Folklore, On Week's List

Four of the programs WKAR will send over the air waves this week include news of MSC and the state of Michigan, interpretation of world events, and stories from Michigan folklore.

Students desiring to keep up with momentous topics concerning college can satisfy their desire by tuning in "The College Moves Ahead." Prepared by the staff in collaboration with James Johnson, administrative assistant to President Hannah, the program is heard on Thursday at 5:30 p.m.

One of Sunday's highlights is "Michigan Folklore" at 2:30 p.m. given by R. M. Dorson of the history and political science department. Another Sunday feature for current affairs follows a "The News and You" at 3 p.m. by Robert Kamins of the WKAR staff.

A weekly presentation of importance and educational value to all students and Michigan residents is "Governor's Hour" given each Tuesday at 12:15 p.m. by Robert Kamins of the WKAR staff.

Russia Will Accept Atom Inspection

LAKE SUCCESS, N. Y., April 8 (AP) — Andrei A. Gromyko, Soviet deputy foreign minister, agreed tonight to an important feature of atomic energy control. An authoritative source said that Gromyko had told a closed meeting of the working committee of the United Nations atomic energy commission that Russia would accept strict inspection and control of the atom from the mine stage to its ultimate preparation as nuclear fuel.

Motor Magnate Dead

Henry Ford, motor magnate, whose death Monday shook the world, and Mrs. Ford are pictured at the Automotive Golden Jubilee in Detroit last fall. Standing at the right is Henry Ford II, president of the Ford Motor Co. The Fords sit in the first machine he built in 1896.

Spring Enrollment Now Totals 12,692

Decrease Less Than Normal; Expect 15,000 For Fall Term

Final enrollment figures for spring term were released yesterday by the registrar's office. A total of 12,694 students have registered for spring classes—a drop of 3.4 per cent, as compared with the usual 10 per cent spring term drop from winter term levels.

Flood Waters Drop 1.5 Feet; Still Serious

Real estate flood waters had dropped one and one-half feet from their 12.3 high by noon yesterday and were expected to subside at a falling rate, unless something unexpected happens, said H. M. Walls of the East Lansing real estate bureau here yesterday.

Damage to the campus has not been seriously hurt, according to H. W. Lathrop, campus architect. A few areas could be considered seriously affected only the athletic field and possibly Real College. The athletic field is in danger of being seriously damaged by any considerable extent.

Meanwhile, conditions on the west side of the river continued to improve. Lights went on in Quonset village, which had been without electricity since Monday night about 4 p.m. yesterday. An emergency cable has been set up along Shaw Lane to take the place of damaged power facilities in Quonset field house.

Neither heat nor hot water is available as yet in the Quonset, the faculty housing, the apartments, or the trailer camp. The steam pipe which furnishes all of the heat on the west side of the river has been out of commission since Sunday. Workmen had not discovered the trouble late yesterday but attempts to reach the faulty pipe continued.

Emergency conditions are still in order at Quonset cafeteria. Lacking hot water, dishes are being carried by truck to Snyder Hall to be washed. K. D. Lawson, manager of the cafeteria, announced that coffee and fried cakes are being served after five in the evening. "So far," said Lawson, "the boys have been very cooperative despite the rough conditions. Many of them have gone out of their way to be helpful."

The recreation room and dining hall in Wells Hall are being used by Quonset residents who find it too cold to study in their huts.

AYD "Out" At Wayne U.

DETROIT, April 8 (AP) — Wayne university today withdrew "recognition" of the American Youth for Democracy as a student organization, in effect suspending its formal activities on the campus.

Med Tech Group Installs Officers For Coming Year

Installation ceremonies in honor of the new officers of the Delta chapter of Alpha Delta Theta, a national medical technology sorority, were held at a banquet yesterday evening.

In addition to 55 members and their sponsor, Dr. Louis Calhoun of the anatomy department, guests present were Dr. and Mrs. H. J. Stalsett. Highlighting the evening was the inauguration of new officers of Alpha Delta Theta by retiring president Loretta Fuller, Lansing junior. The executive positions were taken over by president Phyllis Carson, Paw Paw sophomore, vice-president Virginia Daniels, Green Bay, Wisconsin sophomore, secretary, Pat Nelson, Detroit sophomore, treasurer, Joyce Johnson, Lansing sophomore, publicity chairman, Pat Patterson, Detroit sophomore, and historian, Grace Anderson, Escanaba sophomore.

State To "Hold Line"

LANSING, April 8 (AP) — A committee, meeting to establish work policy for State building projects now under construction, today set a 40-hour work week and asked contractors to "hold the line" on wage increases for workers on State building jobs.

Telephone Strike Continues; Long Distance Calls Tackled

We Recommend

VOTE 'YES' TODAY

THE State News recommends that students vote "Yes" today on the proposed Student council constitutional changes.

After careful consideration of all new proposals we are of the opinion that if the new amendments become law, student government will be greatly stimulated.

With these changes in force every 300 persons would be represented by a member of Student council, exclusive of the Lansing district, which will have four delegates for the 5,000 students living there.

Increasing the council to approximately 43 members will, in our opinion, expand the efficiency of the group. Under existing conditions some councilmen are members of several active committees, which makes it difficult for them to devote proper attention to any particular one. Added members should spread out this work.

The present Michigan State student government representative system is outdated and outmoded. It needs a change. We sincerely feel if a change is ordered by voters today, there will be more interest in the council and its affairs.

Candidates in future elections will run, not to get their names in the paper, but to represent a group of 300 students in their dormitory or school. Elections under this system will in all probability create more active interest.

The wording of new proposals in several instances is cumbersome and difficult to understand. This is regrettable, but a minor point. It should be kept in mind, however, in future revisions of the constitution that a clear, comprehensible style of writing be employed.

The students should pass these new proposals.

Workshop In Government To Feature State Officials

The second Workshop in State and Local Government, sponsored by several governmental organizations and the departments of government of the publicly supported colleges, universities, and teachers colleges of Michigan, will be held from July 7 to 25.

Campus Cleanup Stated Thursday By Excalibur

Excalibur's campus cleanup program will make a clean sweep of MSC tomorrow, weather permitting.

Blue Key and Green Helmet will and Excalibur in the project, with Mary Epelheimer, Charlotte senior, as chairman. Each group will police specified buildings, removing cigarette butts, candy wrappers, papers and other accumulated debris.

A volunteer brass band will accompany the general committee who will clean up the Union and help out over the entire campus.

The band will play in the upper and lower decks of the Union to rally volunteer workers to the campaign.

"Keep the campus spot and Spartan!" and "The campus beautiful, no butts about it!" were chosen as slogans for the program from the numerous entries.

PUBLIC SERVICE Spartan Exposes MS&C Rail Fraud

The recently promoted MS & C Railroad will be exposed at noon today by the Spartan magazine when it hits the stands. According to editor Dave Lucas, the alleged company has been blatantly diverting its non-existent transit system long enough and this must cease.

The magazine will carry as another service feature the Spartan Calendar, a schedule of the term's all-entire events, as well as a drama, stories, poems, jokes, cartoons and the ever-present Profile, Grillohounds, Touch and Go, and Posing Tirade.

Government Officials Report Talk Progress

WASHINGTON, April 8 (AP) — The cross-country telephone strike continued tonight to hamper the nation's communications as another day of desperate negotiations failed to produce a settlement.

Government officials reported "good progress" on the long-distance phase of the negotiations. Company and union officials were not so optimistic. One of the union leaders said the results were "nil."

John W. Gibson, Assistant Secretary of Labor, said: "We made good progress in about seven hours of diligent negotiations." Edgar L. Warren, head of the Labor Department's conciliation service, said: "We made some good progress on a number of issues."

G. S. Dring, assistant vice-president of the A. T. & T. long lines division, told reporters that company representatives would work it night if necessary. Then he added: "That doesn't mean necessarily that we are going to finish tonight."

A night session was called again, starting at 7 p.m. CST, as the strike continued its heavy impact on long distance business and its lesser effect on other telephone services.

Earlier in the day, Peter Manno of the conciliation service held out hope that the long distance part of the dispute might be settled today.

Results Are Nil
This prompted J. A. Beirne, president of the National Federation of Telephone Workers, to comment: "While that is refreshing, so far the results are nil."

See PHONES On Page 4

Buddy Morrow's orchestra, featuring the leader and his trombone, and Jeff Dixon and Lynn Warren as vocalists will play for the annual Sophomore prom April 12. The semi-formal dance will be held from 9 to 12 in the College auditorium.

Morrow's band has recently completed a record breaking five weeks at the Capitol theater in New York and will play for the Big Four fraternity party in Detroit.

Morrow, famous for his trombone solos, started his musical career at Juillard School of Music, and then moved to Artie Shaw's band. Famed as a musician and arranger, he has played with Eddie Duchin, Vincent Lopez, Paul Whiteman, Ben Crosby and Jimmy Dorsey.

While in the Navy, Morrow was a featured star in many of the Navy shows, and appeared on many of the top-flight national radio programs. Morrow has recorded such favorites as "Rose Room," "Busin' Sailor Dance," and "I Found a Baby."

The orchestra was organized after Morrow's return from Navy service.

New Supplement Opens Business

The State News literary supplement, under the editorship of Bill Barclay Hebron, III, graduate student, is ready for business in the News office, room 8, Union Annex.

To be published on or about May 10, the supplement will serve as an outlet for student-authored serious works of all forms. The copy deadline will be April 25, Barclay announced.

All classes in Demonstration Hall, Jensen fieldhouse and Jensen gymnasium will meet today due to services being rendered to these buildings President John A. Hannah announced last night.

Officers were elected by the Agronomy club last week at a regular business meeting. Those elected are: Howard Worthington, Jackson, senior, president; Ray Zarka, East Chicago senior, vice president; Jim Lawson, Milan sophomore, secretary-treasurer; Wendell Smith, Burlington sophomore, Agriculture Council member; Robert A. Bohannon, Holton, Kansas junior, was appointed publicity chairman.

Advisors for the club are L. M. Turk of the soils science department and H. B. Pettigrove of the farm crops department. Dr. C. R. Mogge, assistant dean of agriculture, spoke to the group about his recent trip to Mexico.

MSC Band Plays For Army Day

Throughout the country, Regular Army, National Guard, Reserve and Organized Reserve troops paraded men and equipment Monday in Army day celebrations, which will continue through Army week, April 6-12.

More than 1000 people turned out for services on the Capitol grounds in Lansing despite flood waters. ROTC students and equipment participated, and MSC's band played the National Anthem and marches. A 19-gun salute was fired by the 119th National Guard field artillery in honor of Governor Sigler.

April 7 was chosen as Army day in 1928 to commemorate United States entry in World War I. The Military Order of the World Wars, then composed of commissioned officers in the first conflict, originated, organized and sponsored the ceremonies.

Army day is still sponsored by the same organization, although Congress officially recognized it in 1937 and membership now is composed of officers of both wars.

HERMIE SAYS—

The Opel Super Six

By TOM RIORDAN

THERE WAS MORE THAN ONE HARROWING story recounted by students who had driven back to East Lansing last Sunday afternoon. Flood waters poured across the highways and in many instances there were stretches where the torrents lapped in through the doors. But despite the fact that they were sometimes nearly one-third submerged the automobiles made it through okay.

Whenever the driving gets tough such as it was the past weekend or during the recent blizzard at the close of spring vacation, I always think of an Opel Super Six I drove during the latter part of World War II. It was a German-made car, picked up after being abandoned by some Third Reich soldiers.

I FOUND IT IN A small town not far north of Nuernberg, former capitol of the Nazi party. I wandered into a barn and discovered under a badly done camouflage job, a four door sedan. It didn't look like the kind Hollywood depicts as the average European model, but seemed adequate enough for my purposes.

After checking the nameplate I found myself to be the proud owner of an Opel Super Six. It was quite similar to a Chevrolet of about 1941 vintage. There were a lot of buttons and gadgets, all with appropriate German titles, none of which I could understand. But it ran and that satisfied me.

Each day on the road in my Opel was new and different. Piled high with equipment and a couple of buddies, the German-made auto rolled merrily down the highway. Road conditions might be wonderful for a time when suddenly we would find ourselves detoured onto a one-way trail. These little inconveniences seldom bothered regular army vehicles, but I often feared for the Opel.

There were many times I crossed my fingers and hoped the Super Six would make it past the rough going, much as students found themselves doing while plowing through flood waters Sunday afternoon. Somehow it always did. After a month of miracles on the highway, I had come to love my little Opel. Even though it was of German descent I couldn't help finding a warm spot in my heart for it.

WHEN THE DIVISION reached Mu-

nich and V-E day was almost with us, I was certain the days of hard-driving with the Opel were past, but this notion vanished in short time. It seemed that a life magazine photographer had some "very special pictures" which had to be rushed to the press camp. It was 70 miles from Munich. Opel and I got the nod.

Under fair conditions the journey could be negotiated in about five hours as most of the trip was on the German super highway, but conditions proved to be anything but fair. It only took 22 hours for the trip and covered, I'm quite sure, every rotten road in Southern Germany.

There were dozens of detours, blown out bridges, and everything else that could make life on the road unpleasant. The climax came when I got lost and suddenly found myself in a French army convoy of armor. We rolled along in pretty nice style until arriving at a river sans bridge.

The alternate route was a railroad span, which was made with no intention of running cars over it. The ties were well spaced and the Opel bounced up and down for a few yards and then suddenly decided it was a good time to rest and so blew a tire. I never knew the French army could be so noisy.

We were able to roll back enough to get out of the way and change the tire. Then I started across the second time. The Super Six was ready to roll and we thumped over to the other side. I vowed if I ever got back to headquarters it would be the last time I'd take the Opel on a trip. Her days were definitely numbered.

During the first week of peace, orders came down that all foreign cars would have to be turned in. I parked the Opel in front of our living quarters and decided this was where she could spend her last days. Several weeks after we left that section of Munich I had an occasion to return and pass the once-mighty Super Six.

It sat blocked up with all tires and wheels stripped. The old Opel probably never was driven again, and those final hours were no doubt spent dreaming of the good old rough riding days.

— INFORMATION —

RIFLE AND PISTOL CLUB

There will be a business meeting of the Rifle and Pistol Club at 8 p.m. in 115 Union annex.

AGED CLUB

There will be a meeting of the Agricultural Education Club tonight at 7:30 in 310 Ag Hall. There will be election of officers and Robert Dumas, Vocational A teacher at Howell will speak of "My experiences as a first year teacher."

SIGMA CHI GAMMA

Girls interested in Sigma Chi Gamma Chemistry society please notify Anne McCormick 8-2586 this week. Live terms of chemistry and need of major in chemistry are required.

JAZZ CLUB

The Michigan State Jazz Club is having a record session Thursday at 8 p.m. in the Union annex. Anyone interested in jazz is invited.

MILLEL

There will be a Millet executive meeting tonight at 7:45.

JOURNALISM 200

Journalism 200 will meet in 206 Hort Thursday.

DEBRAW

Starting today a course in Debraw will be taught each Wednesday from 8-8:45 p.m. This will be followed by a Judson discussion group from 8:45 to 9 p.m. All persons interested are invited. Meetings will be held at the Hillel House 319 Hillel.

AIKE & IRE

The regular meeting of the

AIKE and IRE

will be held in 107 Union annex at 7 tonight. Election of officers and constitution changes will be discussed. All undergraduates, electrical engineers are invited.

OFF CAMPUS COUNCIL

The Off-Campus Council will meet in the counselor of women's office tonight at 7:45.

SWL

There will be a meeting of SWL at 5 p.m. in Miss Peterson's office.

PRELIMINARY PROSE CONTEST

Preliminary Prose Reading contest will be held today from 4-5:30 in 49 Auditorium.

PSYCH CLUB

Dr. Dudley A. Roberts, clinic I psychologist from the State Hospital at Lapeer, will present films at an open meeting Thursday night at 7:15 in 213 Ag Hall. All interested Psychology majors are invited. An informal discussion will follow the films in 330 Merrill hall.

AKME

There will be a meeting of AKME members tonight at 7:30 in 111 Olds Hall for election of officers.

SPARTAN CITIZEN COMM.

There will be an important meeting of the Spartan Citizen Committee tonight at 8 p.m. in 103 Union annex. All interested students and faculty members are invited to attend.

HOME EC STUDENTS

Tryouts for parts in the hist-

orical pageant to be presented at 7:15 tonight in 1 Home Ec. Open Home Ec Festival will be held at 11 Home Ec students.

DELTA PSI KAPPA

Delta Psi Kappa will meet in the Women's gym at 5 today.

TOWER GUARD

Tower Guard will meet tonight at 6:30 in 11 Union annex. Bring dues, pencil and paper.

DZY

DZY will meet tonight at 7:30 in the club room. All members please be present.

TAU BETA PHI

Tau Beta Phi will meet tomorrow night at 7:30 in 403 Olds Hall.

EXCALIBUR

Excalibur will meet at noon tomorrow on the second floor of the Union. Members are requested to wear their excalibur coats. Any member unable to attend is requested to call Bill Johnston before noon today.

HIG SISTER COUNCIL

Petitions for the Hig Sister Council may be picked up at the Union desk until Friday this week. All petitions should be turned in at the Union desk by 5 p.m. Friday.

PATRONIZE STATE NEWS ADVERTISERS

State News Staff Takes Aerial Pix—Something New For College Papers

"Off we go into the wild blue yonder!"

The flood photo which appeared in yesterday's State News was, as far as is known, the first aerial picture ever taken for a college newspaper by the paper's own staff.

Staff photographer Al Brander took his first aerial pictures, but took them on his first plane ride. Al, who has taken shots from just about every slant while working on the State News

and Wolverine staffs, beamed all over at the discovery of a new angle. "It was heaven!" was all he could say.

The State News decided that the best way to get good pictures of the raging flood waters was to send their own photographers after them. A call was put in to Aero-Manor airport, home of the Winged Spartans, and a Ryan primary trainer reserved for the hop.

Jim Burlingame, a former navy pilot, and reporter on the State News, took a once-around-the-field safety check and then picked up the cameraman. The two took off and "The State News Aerial Photo Service" was born.

Brander took ten shots from the open door rear cockpit as the plane circled the submerged MSC campus. He used a Speed Graphic camera with no special attachments for aerial photography.

Affairs of State

By JEANNE DWYER

How to make a fortune in one matter stroke. Opportunity knocks but once. An old adage overheard when the prof left the room during the final. So get your shingle and set up a house boat office.

DON'T BE A DUD IN THE FLOOD — LEARN TO PADDLE YOUR OWN WE CAN—CANGE? Note: We've got the boat. You be the goat. We'll teach you to just plan float, or tote your gal down Grand River Avenue in style. — unquote.

EASY LESSONS — COMPETENT INSTRUCTORS (former naval personnel) REASONABLE CHARGES—ONLY \$27.50 PER HOUR. 50% reduction in case of dunking.

The excessive humidity hasn't dampened the spirits of a certain Detroit senior name of Shirley Ann Miller one bit.

It's not news that the Delta Sigma Phi sweetheart pin she wears was a gift from Nobby Belknap, East Lansing junior. But are you aware that the young lady received something a bit more special over the weekend?

A gleaming diamond ring now adorns her left hand, and it's no secret that Nobby's the donor.

Don't call her Nancy Rudolph any longer. It's Mrs. Keith McClure as of March 16th, when the bride and groom marched.

Baseball Czar Okays Pension

CINCINNATI, April 8 (AP)—Adoption of the Major League baseball players' pension plan effective as of April 1, was announced today by baseball commissioner A. B. Chandler.

The plan includes both annuity and life insurance benefits under group contracts with the equitable life insurance society of the United States, the commissioner's office said.

With but one exception, the program sets the retirement age of a player, coach or trainer at 50 years and provides annuities from \$50 up to \$100 per month for life.

down the aisle in Central Methodist Church. Nancy is a Jackson grad student and Mr. McClure is a Lansing sophomore.

Wedding bells rang for another Lansing sophomore the very last day of March. Lorenna Chaloff and Pontiac freshman Bud Coderstaff exchanged (I do's) in Chicago on said date at the home of the bridegroom's aunt. They've set up residence in Lansing.

"I'd be mighty pleased, mam, if you all ud consider acceptin' this hyant from me as a token of mah eart esteem, and I'd be exceedingly overjoyed if ud wear it close to your heart."

something like that must have been what Johnny Williams, Pontiac junior, said to Pat Jarred, East Lansing freshman, when the Theta Chi pin in question changed wearers.

Vandenberg To Spur Greek Aid Drive

Senate Leader Sees Communist Chain Reaction Menacing Peace

WASHINGTON, April 8 (AP) — Senator Vandenberg (R-Mich.) opened the drive for approval of \$400,000,000 in aid to Greece and Turkey by telling the Senate today that rejection of the program would "give the green light to aggression everywhere."

The foreign relations chairman declared that unless the aid is given, a Communist dictatorship will rise in Greece, Turkey will be menaced and a "chain reaction" will imperil world peace. "Let's be plain about it," he said.

Global Danger

"It is a plan to forestall aggression which, once rolling, could snow-ball into global danger of vast design."

"It is a plan for peace. It is a plan to sterilize the seeds of war. We do not escape war by running away from it. No one ran away from war at Munich. We avoid war by facing facts."

"This plan faces facts."

The aid legislation won unanimous approval of the foreign relations committee, he reported. "In the presence of the over-riding strategic fact that the fall of Greece, followed by the collapse of Turkey, could precipitate a chain reaction which would threaten peace and security around the globe."

Gromyko Contradicted

Then, without mentioning any names, he contradicted Soviet Delegate Andrei A. Gromyko's assertion to the U. N. Security Council yesterday that the United States is "by-passing" the United Nations and undermining its authority by a lone-handed program of assistance.

Vandenberg said the United Nations must always be "our first reliance" and must be used to the maximum of practical possibility.

Vandenberg Continues

"In no available aspect should we by-pass its functions," he said. "But in no available aspect should we run its potential by assuming to it functions which it does not possess. Such an assumption would destroy it for keeps."

Vandenberg said he knows no better way to destroy the United Nations than to give it a job it was neither intended nor prepared to do. Then, in an aside which did not appear in his prepared address, he added:

"The only better way to destroy the United Nations of which I know is to overuse the veto."

Ford Burial Planned For Tomorrow

(Continued from Page 1)
reins from his aging grandfather in 1945.

It was assumed that the elder Ford's personal fortune of upwards of \$200,000,000 will go to his widow, Clara Bryant Ford, who was with him when he died. They were to have celebrated their 59th wedding anniversary and her 80th birthday today.

Family Holds Niece
Ford and his wife were understood to have held 50 percent of the voting stock in the company while the other 42 percent was assumed to have been in the hands of his daughter-in-law, Mrs. E. B. Ford, and her four children, including Henry II, Benson, William and Josephine Ford.

Probating of Edsel Ford's estate, as far as has been disclosed, is still under way. The elder Ford's only son, Edsel, died in 1943.

The auto industry, which for years feared Ford as a keen competitor while respecting his genius in his field, was quick to send its condolences on his death.

THE JOLSON STORY

DOWN THE SIDELINES

By CHUCK STRATTARD

MUNN told a story Monday night at the Independent Students' association together which indicates better than words can tell, the direction Michigan State's athletic barometer is pointing.

He called it a miracle; you can judge for yourself. To me it's like the baby taking that hesitant step toward walking. We began to shake our defeatist attitude, we haven't, it's time we did, there's the way he told the story.

At quarter to four this afternoon (Monday) I tried to obtain a room in the Union in which I could hold blackboard sessions with the team until we are able to move back to the clubhouse," Munn said.

The room offered was 107 Physics building," the head coach told the audience. "At 4:15 minutes to four I left the room in my car to look over the available room," he continued.

When I arrived at the Physics building, there were more than 50 members waiting for Munn explained.

CREDIBLE! Well, maybe it is, but Munn preferred to call it a "miracle" and he was smiling when he said "that's the

Ham Session On Tap For Golf Squad

By JACK O'HARA

Coach Ben Van Aalstyn took the Spartans out to the Hills today for the first of the season. The course for shape has two of the holes under water and a few damp days.

Van said that he must trim the team before the first match on the 19th with Ohio State at Ann Arbor. The dapper golf men predict a '47 Buckeye team with their strong outfit which finished in the NCAA matches.

Anderson, Bill Kent, and Wawzyke are the only men returning. Anderson last year's squad with a 78.5 average, followed by Wawzyke with an 80.2 and Wawzyke an 81.5.

Fulton, leader of the team year with a red-hot 76.5, is a sort of mascot by Van.

The Buckeyes had an exceptionally strong outfit in 1946 in preparation for the 19th, plans to arrive with his team Friday to get in top shape for the clash the next day.

Van said he will utilize a team consisting mostly of first and second year men this season, since they will give him a chance to get the boys around for two years of collegiate competition.

Michigan's powerful squad and second last year in the NCAA meet, behind a great array, the Spartans beat the Maize and Blue 12-2 at Ann Arbor.

Van has his eye on the NCAA this year and said that he is building the team for that competition. The intercollegiate will be held in Ann Arbor June 12-14.

Michigan State finished tenth in the NCAA title play.

Tough Luck Bub!

Tennis Team Faces Cincy In Opener

By JACK WORTH

With outdoor practice finally in progress in spite of cold weather, the Spartan tennis squad is preparing to meet the University of Cincinnati Monday in the first of four straight home matches.

Coach Gordon "Jake" Dahlgren put his men through a lengthy practice session yesterday, and plans to begin an elimination tournament today which may change his line-up for Cincinnati.

Dahlgren expects very tough opposition from Cincinnati. The Bearcats trimmed State 8-1 last year, and reports from Ohio rate the 1947 team as the best in the history of the school.

Lineup Intact
Unless today's tournament produces some startling upsets, Dahlgren will use the same squad which won three of four matches on the southern trip. The only Spartan loss was to a powerful William & Mary team coached by former world champion Fred Perry.

The positions for the southern trip were Al Reynolds, No. 1 singles; Roger Cessna, No. 2 singles; Jack Shingleton, No. 3 singles; Bob Chuck, No. 4 singles; Bob Malaga, No. 5 singles; and Mickey Elliot, No. 6.

In the doubles combinations Reynolds and Cessna teamed as the No. 1 duo, followed by Chuck and Shingleton and Malaga and Elliot.

Malaga Unbeaten
Cessna and Malaga, the only players from last year's squad, played first and second singles for State in 1946. Mickey Elliot, currently the No. 6 man, was on the 1943 Spartan squad.

Malaga, in the fifth singles slot, was the only Spartan player to come through the four southern matches undefeated. Bob Chuck, at third singles, lost only at William & Mary.

Work has been started on the clay courts, and although the team probably won't be able to use them for practice, Coach Dahlgren expects to have the courts in use for the opening match with Cincinnati Monday.

In 1940, cows under the Michigan testing association produced an average of 215 pounds of butterfat a year. Today, one million cows in dairy herd improvement associations all over the nation are producing an average of 350 pounds per cow a year.

Wins Masters Tourney

Demaret (left) registers winning round of 271 fired over the National course at Augusta, Ga., to cap the Masters golf tournament Sunday. With Demaret is Cary Middlecott, Memphis dentist recently turned pro, who led the field but fell behind in final rounds. It was Demaret's second Masters victory.

Track Workouts Intensified As Ohio 4-Way Meet Nears

By WALLY SCHRAMM

Karl Schladerman, Michigan State college track and field coach, is one Spartan sports mentor without a flood problem, except that his track has no water for showers.

The outdoor track, located behind the football stadium, is far enough from the Red Cedar to be entirely out of reach of the record flood stage. The rain and wind only served to make the underpaths more firm.

Daily outdoor workouts were not interrupted, even on Monday when trackmen had to be transported from the bridge to Jensen because of water covering the road.

Following a week of light work, the undermen are being pushed a little harder as the next meet nears. Only 10 days of workouts remain before the State squad travels to Columbus, Ohio, for a quadrangular meet with Ohio State, Purdue and Miami (Oxford, Ohio).

"The track is in the best shape," said Schladerman, "and the team seems to be making fine progress in the transition from indoor to outdoor conditions. With continued good weather, we should be able to give Ohio State a battle on the 19th."

Yesterday afternoon Schladerman had the hurdlers, dashmen and middle distance men running 220 and 300 distances.

Johnnie Mueller, who starred in the shot put during the indoor season, is practicing with the discus and showed considerable skill as he whipped the weight out for long distances several times yesterday.

Miller Jim Gibbard, who has covered the mile in less than 4:20, is being converted into a two-mile runner. The move is being made to bolster the Spartan team in what was one of their weak spots during the indoor season.

At Ann Arbor is a bright spot in Schladerman's plan. Last year, after a discouraging indoor season performance when he was hampered by illness, he showed a return to the form he displayed last year as a member of the Spartan mile relay quartet that took top honors at the 1946 Duke Relays.

Wolverines Score Southern Victory Over Duke Nine
DURHAM, N. C., April 8.—Chit Wase, University of Michigan hurler, held Duke to six hits to pitch the touring Wolverines to a 4-3 victory over the Blue Devils in a baseball game here today.

At D'Alonzo, Duke first baseman, was the only Blue Devil able to touch the Michigan pitcher for better than one hit, checking up a pair of triples in four times at bat.

The Wolverines put together 10 sacrifices in setting Duke down for its fourth straight loss.

Michigan 020 011 003 1 10 2
Duke 000 300 000 3 6 1

Betz, Cooke Suspended By USLTA

NEW YORK, April 8 (AP)—Pauline Betz, the world's reigning tennis queen, and Mrs. Sarah Patrice Cooke, twice former national titleholder, were suspended from amateur play by the U. S. Lawn Tennis association today in a crack-down without precedent in the game.

The two stars, first women ever to receive such drastic treatment from the American body, were deprived of their amateur status because of a letter sent by Mrs. Cooke's husband, Elwood Cooke, to clubs here and abroad offering to display the pair in exhibition matches at fees ranging from \$350 to \$500.

Miss Betz, holder both of the U. S. and All-England championships, was notified by cable at Monte Carlo of her suspension, pending final action by the executive committee of the U.S.L.T.A.

As the latter body is not scheduled to meet here until September, Miss Betz will be unable to compete either in the Wightman Cup matches against England this summer or to defend her national title at Forest Hills late in August. There is certain to be a new champion.

Baseball Practice Moved To Area Behind Stadium
A few hardy spectators were on hand yesterday afternoon for the Spartan's first outdoor baseball workout. These loyal fans had trouble locating the team, for coach John Kobs had his charges in the open field north of Macklin stadium.

This field, used as a parking lot during football season, can hardly be called a first-class baseball diamond, but serves much better than an infield under several feet of water.

Temporary bases were installed and the players made the best of the situation while dodging an occasional round ball that landed on taking a bad bounce on the soft uneven terrain.

In spite of the cool, damp weather, Kobs must keep the squad busy retraining for the season opening two-game Northwestern series slated for Friday and Saturday at Evanston.

Yesterday's batting practice showed the Spartan bats have lost none of their power with many long swats carrying to the jayvee practice area in the far corner of the field.

Coach Kobs is developing a fine crop of fence-busters, but is not overlooking the fine art of "dumping one." Even the power hitters practice their bunting technique.

A six inning practice game, which started only the pitchers, wound up the session. The hurlers, Don Harris, Dick Dietrich, Robin Roberts, Keith Steffee, and Louis Bloch, allowed the two line-ups only one unearned run.

First baseman Bud Erickson tagged a triple, the only long blow of the game, and scored on a passed ball. Many well-hit balls, looking like extra-base knocks, were hauled in by spectacular fielding, including two fast double plays.

Kobs plans to take 17 players to Evanston for the two-game series. The team will leave Thursday evening after dinner. Practice will be held as usual from 4 until 6, Thursday.

Probable starting pitcher for the first Northwestern game will be either Keith Steffee or Robin Roberts, both veteran letter winners from last year.

Quonset Men Start Spring Term Parties

Radio Parties Dominate Socials; Square Dance In Stock Pavilion

Even flood waters cannot dampen the gay spirit of the social events this week-end. Quonset Hutters, sink or swim, will entertain Friday night at a semi-formal dance in the auditorium.

Next in line, radio parties seem to be the favorite activities. The Alpha Omicron Psi lead the list, adding an original note to the old box social theme. Saturday night the girls will bring the boxes but instead of the usual auctioning event girl will compose a poem to be read about her date. Then the fellow must identify himself from the poem and claim the box and fair lady.

SKs To Dance To Records

The Sigma Kappa are asking their dates to come to a radio party Saturday night dressed to represent movie actors and actresses, while the Chi Omegas are having an informal Hard Times party Friday night.

Other radio parties slated for this week end include the Phi Tau's, the Delta Gamma's, the Alpha Phi's and the Abbot club.

Girl Vets To Be Hostesses

The forestry cabin will be the scene of music and dancing when the Girl Vets entertain at a record party Friday night and Saturday night when the men from Ashur house have an informal party.

Fraternity and sorority pledges take the spotlight this week end as the guests at several parties. The pledges of Alpha Gamma Rho are inviting a pledge from each sorority to a radio party Saturday.

Pledges Plan Parties

The Lambda Chi and the FarmHouse fraternities both are giving parties for their pledges.

Adding variety to the socials, the Christian Student Foundation is having an old fashioned square dance in the Stock Pavilion Saturday night and Hillel foundation is sponsoring a scavenger hunt.

Coal Output 40% Normal

WASHINGTON, April 8 (AP)—The government reported tonight that soft coal production has climbed back to 40 per cent of normal, while a spokesman for coal operators accused John L. Lewis of perpetrating a "hoax" in an effort to prolong the "safety" stoppage.

Beirne added that no one but the government's candidates appears optimistic.

John J. Moran, president of the American Union of Telephone Workers, an NLRB affiliate, said any prompt settlement even of the part of the dispute affecting long distance calls is "up to the company."

These calls have been the hardest hit in this second day of the first cross-country strike of telephone workers in the 100 years since Alexander Graham Bell invented the telephone.

Resumed Negotiations

The Morano-Moran statements were made to reporters as Moran's union resumed negotiations with the American Telephone and Telegraph Company's long distance division.

Moran commented that anything that happened in the negotiation on the long lines angle "could have to go back to the policy committee of the National Federation of Telephone Workers for approval." This committee called a 1 p.m. (CST) meeting.

Pageant Tryouts Set For Tonight

Tryouts for roles in the pageant commemorating the 50th anniversary of the home economics department will be held this evening at 7:15 in room 1 of the Home Economics building.

Direction of the spectacle will be in the hands of Don Budd with help from student in his play production class.

A great variety of roles will be available in the pageant which portrays the history of the home economics department. There will be a great demand for character actors to play college presidents and faculty members as well as busy street roles in which the students will appear as crowds and followers of another year.

Members of Studio theater are especially requested to try out.

Lewis Sends Men Back To 'Safe' Pits

Coal Producer Calls UMW Leader's Message 'Hoax'

WASHINGTON, April 8 (AP)—John L. Lewis told his 400,000 soft coal miners today to resume work in any mine the federal government certifies safe, but a spokesman for operators branded the order a "hoax" which would hinder, not help, coal production.

Forty-eight hours prior to his scheduled new appearance before Federal Judge T. Alan Goldsborough, who once slapped \$3,510,000 fines on him and his United Mine workers, Lewis sent a telegram to each district president of the union, saying:

"I confirm policy of immediate resumption of production at each mine as fast as it is certified by federal mine inspectors as being in conformity with federal mine safety code."

Describing the telegram as a hoax, Walter A. Thurmond, secretary of the Southern Coal Producers association, said in a statement.

"In fact, Lewis told his miners not to go back to work until a federal mine inspector has reexamined the mines and he told his mine safety committees not to certify any operations as being safe."

"The exact opposite is the true meaning of his telegram. What he is really saying to his district presidents (and they understand his language) is this:

"Don't work one hour on the certification of any operator's manager or any mine committee or any one else except federal inspectors, and do not enter any mine until the federal inspector has reexamined it and reported it safe."

Students To Vote Today On Constitutional Amendments

Today the issue of amendments to the constitution of the Student Council is before State students. Three proposed amendments, which, if passed would affect the number of council members, methods in which they are elected, scholastic standards for council members and class officers, and matters of a technical nature, will be voted on.

The amendments do not appear on the ballot, but copies of them are available at the voting booths.

Voting booths are open in men's and women's dormitories at meal time and a booth will be open in the main lounge of the Union from 8 a.m. to 5 p.m. To prevent illegal voting students will be stamped on the hand with an inked design.

One of the amendments provides that members will be elected on the basis of living quarters. One representative would be elected for each 300 students in each of the following districts:

All fraternity houses, all sorority houses, Abbot-Mason, Williams, Snyder-Phillips, Wells, Mary Mayo, Campbell, and Lansing halls, Quonset village, married students' quarters, Co-op houses, East Lansing area and Lansing area.

Amendments to the Student Council constitution, passed Tuesday, March 11:

Article IV, Section one: The Student Council shall consist of duly elected representatives as stated hereafter in the body of this constitution. It shall also include such others as stated hereafter in the body of this constitution.

Section two: Representatives to the Student Council shall be elected from the following election districts (See above): Any changes in districts or additional districts that the Student Council Election Rules Committee may deem necessary.

Section three: (a) The number of representatives to the Student Council shall be one for each three hundred students, and not more than four from any one election district.

(b) When the number of students in an election district is less than three hundred, but more than two hundred, the representative shall be elected, and when the number is two hundred students more than any multiple of three hundred, an additional representative will be elected pro-

viding the total number of representatives from that election district is not more than four.

Section four is amended to become void and inoperative.

Section seven: The president of the Council of Associated Women Students and the president of the Men's Council shall serve as members of the Student Council.

Section nine: Should an elected representative change his place of residence during his term of office so that he is no longer in the same election district, he shall be required to resign, and the candidate having the next largest number of votes in his election district will succeed him as representative for that election district. In the event that no other candidate is available, the Student Council will make provisions to duly elect a new representative within four weeks after his resignation.

Article V.
Section one: At the first meeting following the election of new members to the Student Council, the council shall nominate a president, a vice president, and a secretary-treasurer. These officers shall be elected from the preceding nominations at the following meeting. They shall hold office from the time of their election until such time as succeeding officers have been duly elected.

Section three: Candidates for the office of president shall be elected members of the council. A second ballot shall be cast on the two candidates receiving the highest number of votes.

Section seven: The president of the Student Council shall be considered a member without a district upon his election to office. His district shall be deemed vacated.

Section eight: The district representative seat vacated by the Student Council president upon assumption of office shall be filled by the person with the next highest vote in his district.

Article VII.
Section one: (a) Eligibility to hold class offices and to vote in class elections shall be based on the student's standing as defined in the following classification: Freshman—below 42 credits, sophomore—42-62 credits, junior—62-102 credits, senior—102 or more credits. Classification for veteran students is as follows: Freshman—42-62 credits, sophomore—62-102 credits, junior—102-152 credits, senior—152 or more credits.

(b) Credits for determining eligibility for the purpose of running for class office and for voting for class officers, shall be those a student shall have accumulated at the beginning of the following fall term in the case of an election held spring term, or the term following the election, if it is any term besides spring term. In the case the person elected fails to achieve the required number of credits by fall term, in the case of a spring term election, or the following term in the case of an election held any term except spring term, the number of votes shall automatically assume the position.

Section two: (a) Any student desiring to run for Student Council must submit a petition containing signatures of at least ten students in his election district. This petition must be filed the noon, prescribed by the Student Council, and must be submitted on or prior to the date deemed advisable by the election rules of the Student Council Election Rules committee.

Primary and final election dates will also be determined by the Student Council at a meeting four weeks prior to the date deemed advisable for submitting petitions.

(b) Procedure for voting in the Student Council elections shall be as follows:

1. All resident students of election districts will be eligible to vote for representatives of that district.

2. Eligible voters will cast ballots as prescribed by the election rules committee of the Student Council.

3. It is amended to become void and inoperative.

4. It is amended to become void and inoperative.

Section three: (a) Petitions for sophomore, junior and senior class officers for the following year must be submitted at the same time as the petitions for Student Council representatives. Primary and final elections will be held on the dates prescribed by the Student Council at a meeting at least four weeks prior to the date deemed advisable for submitting petitions.

Section five: (a) All persons running for student office must have at least a 1.00 all-college academic average.

(b) All persons holding student office, either Student Council or class officers, shall maintain at least a 1.00 all-college academic average while in office, including the term in which the election was held. Failure to do this shall automatically vacate the office, and the person obtaining the next highest number of votes in the final election shall take his place.

Section seven: (a) Duly elected officers of the sophomore, junior and senior classes shall assume office the first week of the fall term for the year they are elected.

(b) Freshman class officers assume office immediately after all elections.

Section eight: No senior having more than three terms remaining in college shall be allowed to run for a office.

advisable by the election rules of the Student Council Election Rules committee.

Primary and final election dates will also be determined by the Student Council at a meeting four weeks prior to the date deemed advisable for submitting petitions.

(b) Procedure for voting in the Student Council elections shall be as follows:

1. All resident students of election districts will be eligible to vote for representatives of that district.

2. Eligible voters will cast ballots as prescribed by the election rules committee of the Student Council.

3. It is amended to become void and inoperative.

4. It is amended to become void and inoperative.

Section three: (a) Petitions for sophomore, junior and senior class officers for the following year must be submitted at the same time as the petitions for Student Council representatives. Primary and final elections will be held on the dates prescribed by the Student Council at a meeting at least four weeks prior to the date deemed advisable for submitting petitions.

Section five: (a) All persons running for student office must have at least a 1.00 all-college academic average.

(b) All persons holding student office, either Student Council or class officers, shall maintain at least a 1.00 all-college academic average while in office, including the term in which the election was held. Failure to do this shall automatically vacate the office, and the person obtaining the next highest number of votes in the final election shall take his place.

Section seven: (a) Duly elected officers of the sophomore, junior and senior classes shall assume office the first week of the fall term for the year they are elected.

(b) Freshman class officers assume office immediately after all elections.

Primary and final election dates will also be determined by the Student Council at a meeting four weeks prior to the date deemed advisable for submitting petitions.

(b) Procedure for voting in the Student Council elections shall be as follows:

1. All resident students of election districts will be eligible to vote for representatives of that district.

2. Eligible voters will cast ballots as prescribed by the election rules committee of the Student Council.

3. It is amended to become void and inoperative.

4. It is amended to become void and inoperative.

Section three: (a) Petitions for sophomore, junior and senior class officers for the following year must be submitted at the same time as the petitions for Student Council representatives. Primary and final elections will be held on the dates prescribed by the Student Council at a meeting at least four weeks prior to the date deemed advisable for submitting petitions.

Section five: (a) All persons running for student office must have at least a 1.00 all-college academic average.

(b) All persons holding student office, either Student Council or class officers, shall maintain at least a 1.00 all-college academic average while in office, including the term in which the election was held. Failure to do this shall automatically vacate the office, and the person obtaining the next highest number of votes in the final election shall take his place.

Section seven: (a) Duly elected officers of the sophomore, junior and senior classes shall assume office the first week of the fall term for the year they are elected.

(b) Freshman class officers assume office immediately after all elections.

Section eight: No senior having more than three terms remaining in college shall be allowed to run for a office.

advisable by the election rules of the Student Council Election Rules committee.

Primary and final election dates will also be determined by the Student Council at a meeting four weeks prior to the date deemed advisable for submitting petitions.
