

## TODAY'S CAMPUS

Just . . .  
I don't wonder into a classroom without being sure it's the right room, is the advice of one surprised Spartan. Thursday, as he walked into a class in the poultry building, George R. Thornton said, And now the subject of psychopathology is . . . He fled.

### Our Team . . .

President John Hannah has been reelected by Bob Stanley as MSU's most loyal football fan through years, rains and sunshine. Hannah has posted for his service for 100 consecutive times before it or not!

### Non-Commie Clause Void, Says NLRB

#### Lower Dissenting Vote Cast; Panel Gives 4-1 Margin

**WASHINGTON, Oct. 7 (AP)** — Top AFL and CIO leaders are not required to sign Non-Communist affidavits, the National Labor Relations board said today. The 4 to 1 decision overrode the board's central council. Robert N. Denham and broke big jars of labor cases.

Referring to the decision, Denham told reporters, "I expect to follow." He said he felt he was right that he was in the majority of over 1,000,000 who voted to strike by a Miller tribunal. Denham had interpreted the Taft-Hartley act to mean that all unions affiliated with AFL and CIO would be barred from taking up relations cases before the NLRB unless leaders of the two unions swore they were not communists.

But the NLRB majority determined that such a policy would play in the hands of "Dissociating Communists." It decided that a union can qualify to do business with the board if its members sign the loyalty pledges, regardless of the stand taken by the federation with which the union is affiliated. (The AFL and CIO are federations of many unions.)

The only dissenting board member was J. Clegg Gray. He was one of the two new members named by President Truman when Taft-Hartley law expanded NLRB from three to five members. The four majority members are Chairman Paul M. Hoffman, James M. Houston, James J. Byrnes, Jr., and former Senator George M. Murphy (D-Utah).

Gray'sathing dissent held that Denham was right and that one meant to have every laborer publicly dissociate Communism.

The NLRB decision was given in a case in which Denham's side had refused to set a date for an election called by a local of the Electrical Workers.

### '8' Placement To Reach New High This Year

MSU college placement bureau forecast yesterday that it expects to be placing 1,000 individuals representing 400 different companies this year. Of those, 100 will be placed in Michigan companies.

The accident occurred on the Pennsylvania Grand Rapids & Milwaukee Division.

The result was the crash was so violent that the locomotive was completely demolished and all its contents were scattered over the road bed.

### Get-Together

## Bus Tariff Conference Called For Tomorrow

### NSA Goals Outlined By Group Head

**In this year three of the above is off our time for action, we will hold out until the next year.** Bill Welch, president of the National Student Association, told the Economic Club of Detroit at the Book-Cadillac hotel yesterday afternoon.

Welch, vice-president Ralph Duggan, and regional president Harvey Weisberg were invited to tell the Detroit organization the history and aims of the new student association.

#### Provide Channel

The various student "political actions," religious, and social groups, Welch said, "provide a channel for student zeal and enthusiasm in particular fields." The NSA will provide the channel for improving the campus "community concept," he stated.

Weisberg presented the NSA's views on academic freedom and racial discrimination. He emphasized that these views were the same as those expressed in the United States constitution.

#### Explains GUM Question

Duggan elaborated on the question "Should the NSA affiliate with the International Union of Students?"

Admitting that the IUS was Communist-dominated, Duggan argued that a policy consisting only of negative effects such as censures against "those dirty Reds" could offer no assurance of successfully combating the advance of Communism.

#### King Comments

Tom King, Spartan counselor for men, followed these remarks with his views of the September constitutional convention held at Madison, Wis.

"With very few exceptions, he stated, "I was very favorably impressed with the ability shown by the Madison delegates, and with the solutions which they reached on student problems."

Attending from Michigan State was J. Clegg Gray. He was one of the two new members named by President Truman when Taft-Hartley law expanded NLRB from three to five members. The four majority members are Chairman Paul M. Hoffman, James M. Houston, James J. Byrnes, Jr., and former Senator George M. Murphy (D-Utah).

Gray'sathing dissent held that Denham was right and that one meant to have every laborer publicly dissociate Communism.

The NLRB decision was given in a case in which Denham's side had refused to set a date for an election called by a local of the Electrical Workers.

### Three Killed As Train Hits Road Grader

**FORT WAYNE, Ind., Oct. 7 (AP)** — Three Pennsylvania railroad trainmen were killed today and 15 persons were injured, one of them critically, as a southbound passenger train plowed into a road grader.

The Blue Key Bulletin, MSC's newspaper publication which began operations spring term, will publish its first issue of the school year Monday morning.

Blue cardboard boxes will be placed in buildings on campus for notices of meetings. They will be located in the Union, Berkey hall, South Campus grill, and the Engineering building.

Organization heads are requested to leave notices of meetings for the coming week in these boxes. The deadline for Monday's issue will be 5 p.m. Thursday.

The Blue Key Bulletin is a project of Blue Key, junior men's national honorary, and will be published weekly.

#### Appointed To Council

**LANSING, Oct. 7 (AP)** — Appointment of Circuit Judge Joseph A. Moysheen of Detroit to the Judicial Council of Michigan was announced today by Governor Sibley, succeeding the late Circuit Judge Fremont of St. Joseph.

Six members of the troupe killed during the night of Oct. 12 and 13, were hospitalized in the Lakeside hospital, Fort Wayne, Ind. They were injured, some seriously, in the train wreck, according to the Associated Press.

A road grader being towed across the tracks at a crossing near miles northwest of here.

Charles A. Perry of Fort Wayne, engineer, and W. R. Orrell of Indianapolis, assistant engineer and road foreman, died in the wreck, and Lytle M. Nichols of Fort Wayne, foreman at St. Joseph's hospital survived the accident.

The accident occurred on the Pennsylvania Grand Rapids & Milwaukee Division.

The result was the grader was so violent that the locomotive was completely demolished and all its contents were scattered over the road bed.

### Less For Us, More For The Starving

## MSC Cooperates In Food Plan

#### By WALLACE SCHROEDER

Almost forgotten memories of war-time rationing are returning to reality. All dormitories on campus as well as most dormitory, sorority, and co-op houses are following the latest college policies in regard to food services.

Restaurants which have already been cleaned up the old fashioned way are now serving the patrons on request only.

The result is that the prices will be lower than ever before.

It is the hope of the management that the increased

menu items in addition to the regular fare will be served the patrons on request only.

This conservation measure will probably go in no immediate reaction from the students. The students will probably continue to eat as much as they did during the war, but the cost of living has gone up so rapidly that the average student will probably not drop below the minimum of \$100 a month.

It is the hope of the management that the increased menu items in addition to the regular fare will be served the patrons on request only.

It is the hope of the management that the increased menu items in addition to the regular fare will be served the patrons on request only.

## Select Queen Finalists

### Vet Gets Full House

### Coeds Seek Honors For Homecoming

Fourteen MSU women were selected last night as finalists in the first annual homecoming queen contest. They are, alphabetically:

Jeanne Bauer, North Hall; Barbara Erd, Pi Beta Phi; Phyllis Bradley, Gamma Sigma; Beverly Parke, West Quad; Maryanne Miller, Alpha Gamma Delta; Anna Williams, North Hall; Barbara Reid, Alpha Phi; Edna Keeling, off-campus; Dorothy Turner, South Hall.

Albertine Patten, West Quad; Virginia Peeler, East Quad; Betty Powell, Alpha Phi; Helen.

Barbara Reid, Alpha Phi; Edna Keeling, off-campus; Dorothy Turner, South Hall.

Angela Bell, Delta Gamma.

Originally 12 women were to be selected, but two were added when three were disqualified.

These selections, announced by co-chairmen Al Brandeford, Kappa Alpha Mu, and Ann Williams, Spartan magazine, are being left to Queen Laffler, editor of the Greenlander, local State humor mag. Laffler's committee will choose the queen and her court. When the selections are returned, the big five will be announced, but the identity of the queen will be kept secret until halftime at the game.

In later years, Swing served abroad with the Wall Street Journal, the Philadelphia Public Ledger, and the New York Evening Post.

He returned to America in 1938 to join the board of editors of the Nation.

When Swing turned to radio as a medium, he launched a series of shortwave talks to England as an interpreter of the American scene.

Swing's background and understanding of world affairs aid him in discussing history in the making.

**Part-Time Harvesters Needed For Beetfields**

Part-time workers are needed to help in harvesting Michigan's sugar beet crop. A. E. Love of the emergency farm labor department announced today. Two meetings will be held on campus tonight for all those students interested.

— Jim Leonhardt, sophomore Ag student appointed by the department to represent the college in the recruitment of workers, and J. G. Hays of P.E. will discuss the kind of work, wages, methods of transportation and similar details at 7 p.m. in the lower lounge at Phillips hall and at 8 p.m. in the Quonset cafeteria.

Because of the recent exodus of migrant laborers, who normally harvest this crop, in the fields of the south, the state finds itself short of 2,000 workers. Love said. There will be a possible shortage of sugar and an increase in sugar prices this winter unless the crop is harvested.

The bookstores will also handle modern novels in the Modern Library edition, as well as athletic equipment for all physical education courses.

Completion of the new addition is anticipated by Nov. 15.

**Union Book Store To Feature Used Books Exchange**

A new feature of the Union book store, now in the final stages of completion, will be a used book exchange. Union manager Leslie Scott announced today.

Students will be able to buy and sell books at the exchange, and up to 50 per cent of the list price of textbooks will be allowed, Scott said. Books will be sold at a uniform markup of 10 per cent to pay the cost of labor, etc. All textbooks used at MSC will be handled by the exchange.

The bookstores will also handle modern novels in the Modern Library edition, as well as athletic equipment for all physical education courses.

Completion of the new addition is anticipated by Nov. 15.

**Social Season In Full Swing This Week-end**

A preview of this weekend's social activities includes dormitory open houses, an all-college mixer dance, a Union Board dance, two hayrides and a group of fraternity radio parties.

Snyder, Phillips and Mason's Abbot men's dorms will hold radio parties Friday night from 9 to 12, while North and South Campbell's women's dorm will hold open house for all men. Students Saturday night.

Hayrides are being planned by the campus 4-H club and the Psi Upsilon and Sigma Chi fraternities. The 4-H hayride will be from 7:30 to 11:30 Friday night. The Sigma Chis have also planned a marshmallow roast after the hayride.

The all-college mixer Friday night will be the third of a series, with Jimmy Shafer furnishing the music. This party is a regular mixer, with all dances being cut-ins.

Registrar Robert S. Linton revealed today that a total of 16,773 students are presently enrolled at Michigan State.

The new mark includes 172 short course students and 900 graduate students.

## THE SQUARE CORNER

## Traffic Troubles

By PAT McCARTHY

SPARTAN STUDENTS WHO COMplain of inadequate entertainment facilities in East Lansing, are evidently not particularly persevering in their search. Offered at the very doorstep of the Union at any time during the day is a game which demands all the ingenuity and courage that the individual can offer: juggling passes across East Lansing's fair boulevard. A full afternoon (it will take a full afternoon) can be pleasantly passed bantling wits with the mad vehicles successfully attempting to cross Grand River four or five times. The pleasant parkway in the center of the thoroughfare is conveniently provided for rest periods.

But there is hope that the situation will improve. The biggest aid will be the completion of the highway M-70 north of East Lansing, scheduled for the middle of November. This will direct a great deal of the traffic juggling trucks around town.

AFTER RECOMMENDATIONS OF the State highway department a year ago, the city has ordered new traffic lights to slow down and break up the continuous stream of traffic. Orders for these lights were placed in January with the State highway department. J. C. McMoneagle, director of planning and traffic in that department, reports that anyone's guess is as good as his as to when the lights will be delivered. The lights are slated for installation at the M.A.C., Roselawn, and eventually Harrison Intersections with Grand River and Michigan Avenue.

STUDENTS WITH UNREGISTERED vehicles may be running into trouble shortly. A new policy may be set up whereby those students may be reported to the college when guilty of violations of city traffic ordinances.

At the city council's Monday night meeting a new ordinance was passed which will prohibit all parking on the south side of Grand River from Beal Street east to the city limits. The ordinance also provides that there will be no parking on any city streets between the hours of 2 and 6 in the morning. East Lansing Police Chief Charles Pege found that a large number of vehicles were habitually parked on the streets all night in the eastern section of East Lansing. When the ordinance goes into effect in two or three weeks, the drivers

of these cars will pay a dollar fee per night for all night parking.

**MAKING POSSIBLE THE CLEARING** of parking from the south side of Grand River is the completion of the new Valley Court all-day parking lot. This area is close in to the center of town and will be completed by the end of the week.

Exactly the bearing of the new parking meters on the traffic snarl is not quite clear. And quite possibly it was intended that there should be no bearing. At least the metered M.A.C. area is free from parked vehicles all day.

But the all-day parkers have moved one block to the north and to the side streets off M.A.C.

However, the presence of twelve minute meters in front of the Post office where there used to be a yellow curb does not seem quite cricket to us. It looks quite like the city is taxing the use of a federal institution.

## MSC To Issue Directories In November

Campus Caps

## Latter, '43 Grad, Heads Reorganized 'S' Police

Charles E. Latter, graduate of MSC's police administration school in '43, has been selected to head the reorganized college police force. He returned on July 1, 1947, after four years of civilian and military experience in police work.

Chief Latter assumed his duties on Sept. 28, when the college department became an official independent organization. It was formerly assigned to the East Lansing force and prior to separation, the East Lansing police chief served additionally as the college police head.

There are no changes in make-up from last year's edition. This year, however, only one book will be issued, eliminating the second edition edition spring term. The reason for not printing a second edition was explained by Troster, "There will be less movement by students this year in new residence."

Troster also said that the demand for a second edition last year was not great enough to warrant doing it again.

A list of about 10,000 names was prepared by the registration department and given to public relations which handles the printing and editing.

## On State Police

Latter, after graduation, worked for a short period in the fingerprinting division of the Michigan State police. Entering the army in 1943 he first served as an artilleryman and later, during the occupation of Japan, as provost marshal of Yamagata, a northern city in the Honshu province.

He returns to head the 12-man authorized force for the college department. After separation from the service in September 1946, he served on the Battle Creek police force.

## MICHIGAN STATE

Latter will control the day shift, while John Cain, recently elevated to the rank of sergeant, will handle the night shift.

The new organization, according to Latter, will be comparable to the city-type of police set-up. The State Board of Agriculture represents the city council, while the President's office takes the place of the city mayor. Professor A. Brandstetter, head of the police administration school, will compare to the police commissioner.

## REST IN PEACE

At present the college force consists of eight experienced men and two patrolmen undergoing their training period. Shortage of uniforms and equipment plus the training involved, prohibits the addition of the two other men authorized, but it is anticipated they will be sworn in soon.

Housewives were reported observing the "meatless" request in areas where surveys were undertaken, although some of them also said they were caught with perishable meat supplies on hand.

## BOSTON WHITEWASH

Most restaurants, however, said they would be ready for compliance with President Truman's request next Tuesday, and many plan promised compliance with the request for unprepared and eggless Thursday this week.

Meanwhile, live meat prices slipped a little in some leading markets, and there also was good news for the consumer in falling prices of wholesale butter, flour in the New York area, and Chicago butter and egg futures.

## Sigler Will Renew Weekly Air Series

Gov. Kim Sigler will renew his weekly radio series of discussions on the state and governor's office problems at 12:15 p.m. tomorrow over WKAR. Director Robert J. Coleman said today Sigler interrupted the series about last July 1 for a vacation period.

## GRIN AND BEAR IT . . . By Lickey

"I have done everything possible about the high cost of living. I've placed the blame squarely on my political opponent."

## Take Your Choice

WASHINGTON, Oct. 7—Columnist Robert C. Ruark asserted today that the army's investigation into alleged Jewish bias among officers and abuses of enlisted men in Lt. Gen. John C. Lee's theater in the Mediterranean theater as "a farce" and "an attempt to whitewash."

IOWA CITY, Oct. 7—Lt. Gen. John C. H. Lee said yesterday that columnist Robert C. Ruark's article calling the army's investigation into alleged Jewish bias among officers and abuses of enlisted men in Lt. Gen. John C. Lee's theater in the Mediterranean theater as "a farce" and "an attempt to whitewash" is reliable as his (Ruark's) article.

# High-Scoring Games Feature First Night Of Football Tourney

## Sheenies Pile Up 40-0 Count; Tick Tocks Win 30-0 Victory

By TRACY CLARK

The air was filled with inflated pigskins Monday night on Old College Field as the independent squads opened play in the 1947 touch football tourney. The Sheenies swamped Alpha Chi Sigma, 40-0, to highlight a nine-game card.

Jack Dillon led the Sheenies

attack by slinging pay-off passes to Ted Erickson, John Lusk and Dick Kehoe. The Tick Tocks displayed a deceptive passing attack with Jim Rhodes acting as key man. Skip Evergreen, Mann, Bob Hedges connected to Paul Cook twice for score.

**Long Passes**

In a game marked by long gains the Sheenies squeezed past Beta Tau, 13-0. Beta Tau jumped to an early lead on Larry Pate, Bill Burke and Jim Anderson's double-pass play that earned 20 yards to pay dirt.

The Cicerones struck right back as Charlie Cuda completed an equal to Jim Heacock on a play that covered 40 yards. Cuda ran the extra point and later added the clincher on a pass from Ruth Graham.

The Cardinals edged the Colts,

as hard-charging lines on both sides prevented accurate

long-distance passes to Beta Phi, 23-0. Kroskey made three touchdowns, two on runs and a third on a pass from Charles Cole.

After being held to a 6-6 half-time tie by the Jefferson Eagles, Threy Clegg came to life and scored for three touchers, one long toss to Tom Elliott, Bob Becker and Norman Bratt. The final score was 25-6 final count.

Nels Express took the easy victory of the evening, 5-0, after a fumble from the Bob Cats.

### Nickle Baby

## Spartan Contests Broadcast By State's Largest Network

The Michigan State football network, largest network in the state ever to carry Michigan State football broadcasts, feeds play-by-play descriptions of Spartan contests through eight Michigan stations, to cover the area in which about 90 per cent of the Michigan population lives.

Sponsored by the Michigan bottlers of Coca-Cola, the network includes the following stations: WRAP, Farmington Hills; WJLB, Detroit; WFAA, Dallas; WILS, Lansing; WPKK, Flint; WPTF, Grand Rapids; WKBN, Muskegon; WMXK, Saginaw.

W. Nickles, manager of Michigan State athletic publicity division, arranged and developed the network. Kerby acted as coordinator between the program sponsors and Michigan State and also, brought about this year's coverage.

**Underhill's Broadcasts**

All administrative functions connected with the broadcasts are handled by Kerby, while the technical items are under the direction of Robert Coleman and Morris Green, director and chief engineer, respectively, of station WKBN.

Roger S. Clinton, Underhill does the play-by-play work on the broadcasts while WAKAR sports director, Bob Shackleton handles the color.

Underhill, a former Drake University and University of Missouri football player, coached high school football for 10 years

## Sewell Wins CC Trial Run

Long practice runs are whipping coach Karl Schladeback's cross-country corps into shape for a grueling schedule comprising four inter-collegiate meets and four championship events.

With the first meet being held on the Spartan's home grounds Friday, Oct. 17, the Twenty-third annual All-College Run at a distance of four miles, State's cross-country mentor has started his squad on a series of trial runs.

Last Friday, the first intra-squad tryout was held over a three and a half mile distance with Bob Sewell coming in first, banging up a 18:47 mark.

The top half dozen men were well grouped with Jim Gibbard at 18:59. Tom Brown at 19:00, Walt Atchison with a mark of 19:06, Warren Drentzel at 19:16, and Herb Kehs held at 19:12.

This Friday tryouts will be a regular part of Schladeback's training program and will be used to determine which of his 30-man squad will have training-table privileges.

## Cougar Game Drills Emphasize Offense

By BILL BAKER

Head Coach Biggie Mann continued intensive drills last night in order to smooth out the Spartan running attack in preparation for the Washington State game.

The Spartan mentor seemed pleased with last night's

behavior against the junior varsity as the regulars displayed their most brilliant offensive play of the season.

"Little Dynamite" George Guevara, who has had a tough time working into shape this year due to injuries and hospitalization for asthma, is beginning to show the form that labeled him as one of the top-flight backs of the Midwest last season.

**Edie Shines**

The Spartan line continued its outstanding defensive play which brought much well-deserved praise in last week's game.

Ed Bagdon and Don Mann, guards who played 58 minutes

each, were held to 10 and 11 points respectively.

Practices for hockey will be held on Oct. 7, 9, 11, and 13 at 4 p.m. Soccer practices are scheduled for Oct. 6, 8, 10, and 12 at 4 p.m.

Games are being scheduled an hour earlier to avoid the early descent of evening. Manager of hockey is Olive Best, who can be reached at South Campbell. Jean Ferguson, soccer manager, can be contacted by calling 8-2519.

Last season, the senior freshman team topped the hockey championship from the runner-up sophomore team. Competition ran high throughout the tournament with the favored junior taking two defeats on the chin. This set them back the remainder of the tournament. Incidentally, this was the first time in three years that the seniors had claimed the hockey championship.

Soccer staged a comeback with enough players to form six teams, the sophomore, junior team and the freshman senior team. The senior freshman team was no match for the powerful offensive action by the sophomores and juniors who repeatedly kicked the ball in for winning goals.

With an additional 1200 new cards on campus this year, it is hoped that enough reports for senior to have a full scheduling of four-class teams.

### Fencing Candidates

Pending Coach Charles Schmitz asks that all candidates for the varsity and freshman fencing teams attend a meeting to come 300 Jordan Fieldhouse at 5 p.m. Friday. If interested, he would like to attend, please call extension 619.

last week, much of which was spent in the Marion backfield, continue to form the core of the Spartan defense.

Washington State, always strong threats on their home field, will seek to avenge the 26-20 setback they suffered at Spartan hands last year on Martin Field.

Considered one of the strong teams on the Pacific coast this season with nearly the same line-up they had last year, the Cougars are pointing for the Michigan State tilt.

Recently Bob (Believe It or Not) Ripley told the story of Michigan State college president John Hannah who had not missed a Spartan football game, home or away, for the past twenty years.

However, this Saturday, the string will be ended as President Hannah will not be a spectator when Michigan State takes the field against the Washington State Cougars at Pullman, Wash. **GO SPARTANS!**

President Hannah has not missed a Spartan grid battle since Indiana swamped MSC, 33-7, in 1937. Since that time he has witnessed approximately 180 consecutive games.

## WOMEN'S SPORTS

Today is the big day for the Women's Athletic association as they officially open the fall program of intramural and all-college sports competition.

On the agenda are hockey, soccer, and volleyball, and fencing.

Anyone interested in playing on class teams in hockey or soccer must attend at least three practices. Teams will be chosen from the list of eligibles and the inter-class tournament will follow.

Practices for hockey will be held on Oct. 7, 9, 11, and 13 at 4 p.m. Soccer practices are scheduled for Oct. 6, 8, 10, and 12 at 4 p.m.

Games are being scheduled an hour earlier to avoid the early descent of evening. Manager of

hockey is Olive Best, who can be reached at South Campbell. Jean Ferguson, soccer manager, can be contacted by calling 8-2519.

Last season, the senior freshman team topped the hockey championship from the runner-up sophomore team. Competition ran high throughout the tournament with the favored junior taking two defeats on the chin. This set them back the remainder of the tournament. Incidentally, this was the first time in three years that the seniors had claimed the hockey championship.

Soccer staged a comeback with enough players to form six teams, the sophomore, junior team and the freshman senior team. The senior freshman team was no match for the powerful offensive action by the sophomores and juniors who repeatedly kicked the ball in for winning goals.

With an additional 1200 new cards on campus this year, it is hoped that enough reports for senior to have a full scheduling of four-class teams.

# Shinwell Demoted As Attlee Cabinet Undergoes Change

## Five Other Members Removed In British Government Shift

LONDON, Oct. 7 (UPI)—Prime Minister Attlee tonight demoted his much criticized fuel minister, Emanuel Shinwell, and dropped five other senior members from the government.

The London Star called the large-scale shake-up a slight "movement to the right," but government informants deny there was any ideological significance in the shift.

The official announcement from No. 10 Downing street, official residence of the prime minister, said the five ministers who were leaving the "government" were John Wilson, minister of supply; T. J. Bellinger, secretary of state for war; J. H. Hynd, minister of pensions; Lord Innes, fuel minister, and Joseph Westcott, secretary of state for Scotland.

The shakeup involving 30 posts within the government and bring in several young laborites as junior executives to infuse "new blood" into the direction of affairs at a time of economic crisis, did not touch health minister Arthur Nevin, a leader of the Labor party's left wing, nor food minister John Blatchley, another left winger.

Birchfield Cripps, named to a new post as economic minister last week as the first step in the reorganization, remained the only one of the government's "Big Four" affected by the changed lineup. Foreign secretary Ernest Bevin, chancellor of the exchequer Hugh Dalton and deputy prime minister Herbert Morrison all retained their posts.

**Shinwell Demoted**

Counting the resignation of Arthur Greenwood as initiator without portfolio last week, the shakeup has involved the dropping of six senior and six junior ministers.

Shinwell, who bore the brunt of criticism for the last winter's fuel crisis, was dropped to the position of secretary of state for war, an non-cabinet post. His demotion was expected to bring a protest from left-wing elements.

# Canadian Lit., Poetry Experts Buck After Two Year Leave

By JEAN POWERS

The literary friends who have hung around MSC since 1940 may remember Professor A. J. M. Smith, now back on campus after a two year absence.

Professor Smith, known for his poetry and anthologies

was given a two years leave of absence on the Rockefeller Foundation fellowship. He spent most of his time touring Canada from Halifax to Vancouver studying at various universities and libraries.

**Canadian L.H. Anthology**

The product of his studies, the Anthology of Canadian Poem Literature, will be published next year by the University of Chicago Press. It is a followup of his book of Canadian Poetry, published in 1939. News of the Phoenix, book of his own free verse, also was published in 1940.

Another of his works, Seven Centuries of English Verse, a critical anthology of English poetry from the earliest times to the present, will be published this fall by Bellknap.

**Canadian Books**

To the Editor:

I wish to express my sincere thanks to the 50 students who responded to the request for blood donors. The donations received have made it possible to build up the necessary stocks for Mr. Breyer.

Yardbird's Corner

Volunteers looking for cards, or who have added a course may now pick up their cards in room 310, Union Annex.

This includes cards out of stock at registration, books, English, Hammock, Athos, books, history outline, 200 chemistry lab manual, and principles of form management 202 and 101.

Especially this is important to those dropping or adding courses. Drop and add slips must be signed by the book control officer in room 305.

Books drawn for courses which are dropped must be returned to the drop slips are signed.

Students enrolled in courses for which no books cards were issued should see their instructor.

The reimbursements will be made for cash purchases.

A new leave policy has been put into effect by the Voluntary Administration, according to a news release from their regional office.

Subsidized allowances will now be paid through the period for which the institution has certified, including periods between terms.

Medals the period between terms, vet students will receive payments covering the 15 days following end of the school year here.

This automatic leave will be charged against vete entitlement unless requested otherwise.

Those who do not wish leave must notify VA in writing at least 30 days prior to the end of enrollment.

No leave other than the 15 day extension in training status will be awarded.

This is particularly important to vets who do not wish to use their eligibility training time for anything but education.

Applications are still being taken by the VA from disabled vets for specially equipped cars. Further information may be obtained at the VA offices Building A-2, South Campus.

**State News Staff**

There will be an important meeting for all old and new members of the Staff News this afternoon at 5 in the State News office.

**ZIPPER NOTEBOOKS**

DETROIT, Oct. 7 (UPI)—Sixteen CIO United Auto Workers pleaded innocent today in charges of rioting in the seven weeks old strike of 800 garage mechanics here.

The A Cappella choir is being reorganized this fall under the direction of Oliver E. Jones.

Auditions will be held in room 210, Music building from 8-11 a.m. today.

**NOTICE DEPARTMENT**

The A Cappella choir is being reorganized this fall under the direction of Oliver E. Jones.

Auditions will be held in room 210, Music building from 8-11 a.m. today.

The membership committee will meet at 7:30 p.m. today at Newman Hall.

**NEWMAN CLUB**

There will be a meeting of the board of directors of Newman Club at 8 p.m. today, Newman Hall.

The membership committee will meet at 7:30 p.m. today at Newman Hall.
