British Laborite Hits At American Press In Campus Address

By JIM MCCARTNEY

Laborite Jennie Lee, member of the British House of Com mons severely criticized the American press for distorting news from England. She spoke before approximately 50 students in the Union Sunday afternoon.

Warning that the student sched-ule for obtaining football tickets is going to be "strictly enforced," Lyman Frimodig, in charge of ticket sales, yesterday announced a new policy of checking student numbers on activity books indi-vidually when presented for du-cats.

Organizations

"I can't understand what kind of a picture you must have of England if your sources of information are the same as those of the newspapers. I've seen successorment to America," she declared "This is what hangens when newspapers are owned, or ented by persons with a ment deal of money."

Wife of American Bevan, manyater of Health and Housing, she is co-editor of the Lordon Tribunes and is intentified with the register of terme left-wang, of the Labor Party.

nausea, a circumstance which is by no means peculiar to this convention. I learned a lot more by discussing editorial and business problems with members of the staff of the Minnesota Daily.

The best was saved for the last, however. Graham Hovey, a former INS correspondent who covered the State department and is new a journalism professor at the University of Minnesota, spoke at the banquet—and not in platitudes.

Howev expressed his alarm at the increasing amount of news censorship in the State department, (as was also done during the week by the Minneapolis Star and Tribune.)

The ultimate danger of increasing censorship of news from the department which is the instrument of our foreign policy is independent of the sufficient reason in peacetime for Americans not to be told the truth, and all of it.

All attempts to find a common ground of agreement with Russia were abandoned after the Moscow conference, Hovey asserted. Since that time Marshall has merely stated American policy on a particular matter and the Russias was an invalenced and the Russias were abandoned after the Moscow conference, Hovey asserted. Since that time Marshall has merely stated American policy on a particular matter and the Russias was a particular matter and the Russias applicants a particular matter and the Russias applicants a particular matter and the Russias applicants a particular particular and the Russias applicants and the Russias applicants are particular and the Russias applicants and the Russias applicants are particular and the Russias applicants and the Russias applicants and the Russias app Pob Stearns
