

Term Play Rehearsals Get Under Way

Back to the rehearsal of "All My Sons" comes when Gov. Karl Marshall, Earl Lamm, and a group of students who were to play "sons and daughters" in the play "All My Sons" rehearsed on the stage of the Michigan State Theater. From left to right: Earl Lamm, Gov. Karl Marshall, and a group of students who were to play "sons and daughters" in the play "All My Sons".

Marshall Foresees War; Report Called Fiction

ANN ARBOR, Jan. 21 (AP) — The Italian newspaper La Voce in a report published today a purported speech by Marshall of Yugoslavia in which he was quoted as saying war between Britain and the United States was perhaps a question of several weeks.

That Yugoslavia had a more destructive than atomic bomb.

Gov. G. S. Dumas, assistant of the pro-DeGaulle newspaper, said today, however, that the same purported speech was a fabrication.

The speech was first published in the Italian newspaper, La Voce, on Nov. 15, the day after the speech of Marshall.

The speech of Marshall, as reported by La Voce, was said to have been given at a meeting of the Yugoslav government in Belgrade.

La Voce said that Marshall had said that the United States was not prepared to fight a war with Yugoslavia.

La Voce said that Marshall had said that the United States was not prepared to fight a war with Yugoslavia.

Opera Stars Will Render Solos, Duets

Dorothy Kirsten and Eugene Conley, lyric operatic singers, will appear together on the lecture-concert series tonight at 8:15 in the College auditorium.

Miss Kirsten made her Metropolitan debut in 1935 and her first concert appearance at the Court of Peace of the New York World's Fair.

Conley, famed as "one of the finest tenors to be found on any lyric stage" made his debut in "Robin Hood" with the Boston Light opera company and has since appeared with symphony orchestras and on the radio.

Solo numbers by Miss Kirsten, soprano, include "The Nightingale and the Rose," "Aria, De la Jour, Louise," and "Care Selve Atlanta." Conley will sing "Finnegan's Wake," "Swans," and "Aria, Recondita Armonia, Tosses" among others.

Students with reserved tickets not going to be used are requested to turn them in at the Union ticket office or the Auditorium boxoffice the night of the performance.

Morton Gould and his orchestra, scheduled to appear on a lecture-concert program February 9 and 10, has been canceled, announced Stanley E. Crowe, dean of students. Jeanette MacDonald will appear March 9 and 11 in his place.

Remodeling of Constitution Necessary

Warren Urges Action
Attends Session
At Council Meeting

By ED HOWARD

The new Student Government constitution will be voted on again Saturday, when the council will meet in session.

President Jerry Warren, calling for his reasons for considering a change necessary.

The meeting will be open, and all members pointed out the necessity of a change in the constitution.

Warren said that the constitution was not working and that a change was necessary.

Marshall Accuses Russia Of Nazi Wartime Dealings

Reveals German Records

WASHINGTON, Jan. 21, (AP) — Secretary of State Marshall threw the book at Soviet Russia tonight — a massive array of captured Nazi documents having details of the partnership between Russia's present leaders and Hitler's Reich for the division of eastern Europe.

With Marshall's sanction, the State department published the entire record of 200 formerly secret records disclosing that Russia had been heavily in debt to Germany for the war.

Marshall said that the records showed that Russia had been heavily in debt to Germany for the war.

14 Injured In Airliner Landing Skid

Passengers Leap Into Snow Bank

BOSTON, Jan. 21 (AP) — Twenty-five persons jumped to safety in a snowbank today to escape flames sweeping through a big Eastern Airlines passenger plane when fire broke out only seconds after the ship had landed in the snow in a landing skid.

Fourteen passengers were injured, eight of them hospitalized, in leaps from the tilted and burning plane but all were credited by the five crewmen with following orders calmly in the escape.

Capt. Merrill E. Thayer of Miami, pilot of the New York-bound flight from Miami, which was re-routed to Boston because of bad weather, said the 20 passengers "weren't a bit fustered."

Flames destroyed the million-dollar ship, a 60-passenger Constellation after breaking out in one engine and racing along the right side as passengers jumped from the other through doors near the nose and tail.

Ambulance crews helped passengers who were bounding through hip-deep snow in a fresh snowstorm in the 4 a.m. darkness. An airport mechanic, running to aid, was listed as the 15th casualty of the accident when he was struck by a police car.

Flight Engineer Harold C. Conley, 27, of Miami said the big plane swerved on a snow-dusted runway because there wasn't enough dry surface for the brakes to grip.

Dr. Mather said that the accident was caused by a landing skid.

ANNIVERSARY ANTKS

Delta Sigs Birthday Festival Going On Ice

Eat, drink, and bring your ice skates! Delta Sigma Phi is wearing their fingers to the gloves in preparation for their twenty-fifth anniversary Saturday.

All MSC students are invited to an ice carnival—the first of its kind ever held at State. And it's all free.

Delta Sigs could be seen at 8 p.m. for the last five mornings spraying their spots on the ice.

Figure skating, comedy acts, and precision blade work promises a choice selection of future Sonja Henie's.

An arbor of evergreens, buns, and ice cream will be served through public relations system.

Where there's ice, there's hockey, and the Delta Sigs can't resist a little ice cream.

which will be a choice selection of future Sonja Henie's.

AL'S HALF ACRE

Next Week: East Lynne

By AL BERGLUND

SPARTAN roundtable Monday night, once it got off the subject of political clubs and Jenison scholarships, went into some illuminating discussion concerning the speakers and musicians brought here for the lecture-concert series.

Mason Anderson's appearance was a sell-out, although some of the ticket holders did not show up, and some of those that did got there just before the intermission. The point in question was: how to go about getting as large an audience for other performers who are excellent in their fields but do not have the stature nor the box-office drawing power that Miss Anderson has.

Musical numbers generally have a good attendance, but President Hannah said that speakers seem to interest the students not at all. He used the Henry Taylor lecture as an example. About 25 students came to the lecture, and Taylor would have had no audience at all if 2,500 townspeople and faculty members had not appeared for the talk.

It was suggested that the students might attend a lecture in greater numbers if it were held during a daytime convocation. No classes would be excused, but during any hour of the day there are several thousands of students idle. If the crowd which is in the Union grill at 10 in the morning would attend one of the lectures, it would be a much larger student audience than most of the speakers have had this year. These speakers are brought here to talk to the student body, and any experiment to increase student at-

tendance is worth a try. Hannah promised that a daytime convocation will be held in the near future.

Some of the campus leaders at the roundtable complained that the State News does not give adequate advance publicity to approaching concerts and lectures. Space requirements do not permit, nor has student interest so far warranted front-page-above-the-fold play to every lecture concert star. A policy has been maintained, and will continue to be, of publishing at least three advance stories on every scheduled lecture or concert. All of these will not be on the front page, but even the hurry-up breakfast reader will not have to look too hard for them.

A further suggestion that posters in various parts of the campus announcing forthcoming concert appearances was accepted and will be put into practice.

The possibility of East Lansing showing signs of some outstanding foreign films was discussed, and Dean S. E. Crowe said that he will attempt to obtain more films such as "Henry V" to be shown either in College auditorium or in the State theater. Lack of interest in such films, of course, will give an early death-blow to the whole idea.

That's where the problem lies. Publicity and promotion are useful functions, but they won't do much more than make the students aware that speakers and musicians are making campus appearances. The student will have to decide for himself whether attendance at these performances is time well spent.

College To Hold Conferences For Newsmen

A conference for Michigan newspapermen will be held by the Journalism department next month in response to their request. Prof. A. A. Applegate, head of the department, announced today.

Applegate declared that it would be the first such conference in the state and probably the first in the country.

The conference will deal with state government, and will be followed by other conferences on agriculture and conservation, labor and economics and international affairs.

Newspapermen and college representatives drew up tentative programs Tuesday, which were sent to other newspapermen for criticism and suggestions.

ROBERTS REPORTS

Interpreting The News

Marshall Plan Testimony Supports Mutual Defense

By J. M. ROBERTS, Jr.
(AP Foreign Affairs Analyst)

Bernard Baruch and Foster Dulles, in their testimony on the Marshall plan, have finally given something approaching official standing to the often-made suggestion that mutual defense treaties must eventually play their part in the cold war.

The United States, traditionally opposed to military treaties with European nations and still hoping to make the United Nations the main peace-keeping agency of the world, has been slow to entertain the idea.

But the ice was broken at Rio de Janeiro when the nations of this hemisphere—all except Canada—agreed that in any dispute with outsiders they would stand one for all and all for one. They set up geographical limits which outside powers would not be permitted to transgress.

Well, the United States has in effect, established similar lines elsewhere in the world. Lines beyond which we do not intend to permit the expansion of Communist imperialism. We have enlisted in this effort, or are trying to enlist, the aid of all the countries of the Communist perimeter.

The Russians are attempting to counter this effort with warn-

ings to her as yet unconquered neighbors that, while the U.S. may be strong now, but people who fail to consider how strong Russia will be in a few years are likely to find themselves in hot water.

Russia has immediate designs on Northern Iran, parts of Turkey, Northern Greece, and may be preparing some sort of move against the northern industrial section of Italy. These countries are in no position to resist her pressure except through outside aid. They would very much like to be told that, if they stand up for themselves, we and their nearer neighbors will stand with them. France, in return for her agreement to our plans for re-activating German industry to aid the Marshall plan and also to insure her against Russia, would especially like a mutual assistance treaty.

Naval Air Transport Service officials estimate that NATO transports Navy men for two-thirds of the cost the Navy would have to pay for commercial transportation for the same men.

James C. Peterson, 39-year-old veteran who works as a crane operator in Detroit, Mich., this morning on the foundation from which his "dream house" vanished. He had completed the entire framework, three walls and half the rough flooring, but found this left when he returned from a brief vacation. (AP Wirephoto)

Speech Finals To Determine S' Delegates

Michigan State College's top student speakers will line up Thursday at 7 p.m. in the Studio Theater, room 40, College auditorium for the campus oratorical contest. Winners will go to the state finals at Albion college on March 5.

Jack Cashman, Lansing senior, William Grubb, Rochester sophomore, Edward Finn, Lansing sophomore, and Marshall Bishop, Flint freshman will contest for first place among the men.

Louise Fox, Grand Rapids freshman, Marilyn Spelman, Saginaw sophomore and Verne Jack Smith, Lansing junior will contest for women's honors.

Orlando Schaefer, Ansonia freshman, will introduce the speakers and act as chairman.

Sponsored by the Michigan Intercollegiate Speech League and Pi Kappa Delta, national forensic honorary, contestants have been coached by Charles A. Hampton, State's director of oratory.

All students are invited to listen to the orations, Hampton said.

Chandler Hints Peace With Mexican League

Baseball Czar May Allow Return Of Banned Stars

CINCINNATI, Jan. 21 (AP) — Baseball Commissioner A. B. Chandler and organized baseball are ready to make peace with the Mexican league and welcome back the many stars who jumped their teams for higher pay across the border in 1944, it was learned today.

The Commissioner himself will make no statement, but a source close to him said the purpose of a scheduled conference between Chandler, Mulberry, Secretary of the Mexican league, and Alejandro Aguilar, Mexican league commissioner, "is obvious."

Mulberry is in Mexico City for an unquestonable source learned here today that Chandler personally believes that the year could be restored, it would be a good thing for baseball.

Chandler also believes that the leagues and subsequently suspended for five years, likely will have paid their debt to the baseball society by the time the current truce becomes a real one, and should be given back their jobs, the source disclosed.

Among the great players who were lured into the Mexican league were pitchers Max Lanier and Fred Martin and second baseman Lou Klein of the St. Louis Cardinals; catcher Mickey Owen of Brooklyn; and Nap Reyes, infielder, George Hausmann, second baseman, Danny Cordella, outfielder, and pitcher Ace Adams, of the New York Giants.

Some of them, including Owen, who jumped the major and minor leagues and subsequently suspended for five years, likely will have paid their debt to the baseball society by the time the current truce becomes a real one, and should be given back their jobs, the source disclosed.

The Mexican league quit trying to lure American stars after was re-organized last fall and became the head man.

Swimmers Lost To Titans On Saturday

The University of Detroit swimmers' team, rebuilding after several lean war years, will meet the Spartan junior varsity squad in the pool Saturday afternoon.

Coach Wally Laury will lead a veteran team, including returned letterman, to the Lansing pool. Last year Detroit finished a dismal season with only one victory in 10 meets.

In addition to the nine lettermen, Laury's squad has been strengthened by the return of two stars, Clarence Pinkston and Embry. Pinkston set two sprint records as a freshman.

There will be particularly keen in the diving competition with Embry, Lou De Mars, and Barney as possible contenders.

The Spartan squad will be led by the lineup that defeated the Titans in last Saturday's tri-meet.

Chaffee, Joe Mueller, Clarence Kuish are listed for the 150 yard backstroke, Edward Wilson and Jack Seidman will swim the 100 yard freestyle.

Walt will swim the 100 yard freestyle, and the living competition.

MSC Miler Set For Test In KC Meet

Will Meet Quinn, Doble In Boston

Bill Mack, Spartan distance ace, will compete in the feature event of the Knights of Columbus track carnival in Boston, Saturday night.

Coach Karl Schladehan has announced that Mack is entered for the invitational one-mile run in the big eastern meet. He will run unattached since he is a transfer student and ineligible to represent MSC this season.

Such well-known milers as Leslie MacMitchell, Gil Dodds, and Tommy Quinn will be on deck to vie with Mack in the favorite event of eastern track fans.

MacMitchell won the mile run in last week's Metropolitan AAU meet with a time of 4:18.9.

Mack's efforts compare well with those of the former N.Y.U. star. During time trials last Friday and Saturday Mack posted a 4:18 for the mile and toured the two mile distance in 9:33.

Both, according to Schladehan, were outstanding early season marks.

Wong-Tsuei Hsueh, running for Drake university last season, Mack captured the mile crown in the Silver Anniversary Michigan State relays in 1940, a meet record.

One month later he returned to East Lansing for the Central Collegiate and carried away another mile title.

His time in the C.C.C. meet was 4:13.9, only one-tenth of a second off the Jensen fieldhouse record set in 1940 by Max Lenover of Loyola.

Illini Next For Spartan Gym Squad

Michigan State's gymnastic team will invade Champaign, Ill., this weekend where they will meet the University of Illinois.

The Fighting Illini, top-flight Western conference team, are expected to give the Spartans a run for their money, but with less experience than that against Minnesota.

State's men, although they are improving in form, will be greatly handicapped again by the lack of form points.

In the meets, one-third of the scoring is on form and without the regulation pants, breaks in routine are more noticeable than they would be otherwise.

The tentative Illini lineup will include Leonard Bralower, Vito Zini, and Joe Harrington on the spring rigs. Bralower has top spot on the side horse with John Fina and Zini filling out the entry.

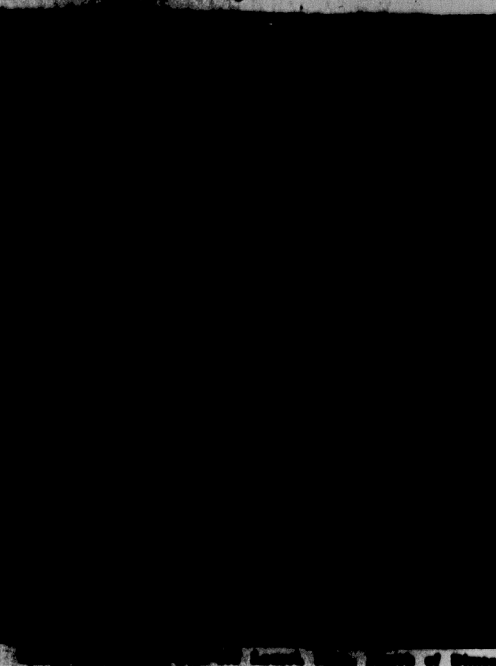

Ray Lander, Fina, and Joe Cavetti are slated for the horizontal bar. The parallel bar event will include Bralower, Joe Fina and Joe Harrington.

Performing on the mats in the tumbling will be Bob Brewer and the Fina brothers.

SPORTS SKILLS

WOLVERINE

Fighter Of The Year

Joe Nixon, who has been awarded the title of "Fighter of the Year," is shown in a boxing pose.

WOMEN'S SPORTS

Because of formal rushing, the swimming tournament has been set up in two blocks. All sorority teams are in block I and all the independent teams comprise block II.

Meets will be held for block I on Jan. 28 and Feb. 2, while block II meets are scheduled for Jan. 28 and Feb. 4.

Second place winners from each block will compete in the finals on Monday, Feb. 9.

Results from the first meet placed Alpha Omicron Pi first with 78 points, Alpha Xi Delta second with 31 points, and Kappa Kappa Gamma third with 23.5 points.

The bowling tournament is well underway in its third week of games. Only five teams remain undefeated. They are Alpha Gamma Delta, Sigma Kappa, and South Campbell with four victories each and North Campbell and Kappa Kappa Gamma with three.

An outstanding feature of this season's tournament is the large number of high individual scores. Sue Korn, Kappa Kappa Gamma, tops the list with 212 pins, followed closely by Lou Ingalls, with 211. Karin Fate topped the 200 mark by six pins, while Caryll Swedsted of North Hall missed the select group by five.

Twenty-six other bowlers have passed the 150-mark.

With the traditional conglomeration of fancy names, 14 teams opened up the intramural basketball season. Outstanding game was the Slippery Slickers-Cajets tilt, in which the Slickers came out the victors by one point, 11-10. A field goal in the last minute of play clinched the game for the Slickers.

By the score 8-4, the Forever Amblers took their first win from the Cagay-Cagers. North Hall took a trouncing from the Sager Seavers, 41-6; while the Neumanettes bowed before South Williams 21-7.

Other game scores were, Tabco 18, Basketweavers 14; Sanford-Corcoran, 14, North Williams, 6; Elmore, 14, Merr-Macs, 8; and Dirty Fives, 2, South Williams 1, 0.

Red Wings Win In Games, 4-3

NEW YORK, Jan. 21 (AP) — With a belated entry by the New York Rangers, the Red Wings took a 4-3 victory over the Rangers.

'S' Fencers Open Season With 'Cats

Spartans' First For In Big Nine Champ

Spartan fencers will stage a delayed opening of their 1945 season, when they play host to Northwestern university, Saturday afternoon at 1, in Jensen fieldhouse.

Coach Charles Schmitter is looking forward to a tough match. Northwestern won the 1947 Big Nine championship.

State was originally scheduled to open against the University of Cincinnati last Saturday, but the match was rescheduled for Feb. 20.

The rest of the schedule lists meets with Ohio State here Jan. 31; Notre Dame at South Bend, Feb. 7; Wisconsin at Madison, Feb. 13; Chicago University at Chicago, Feb. 14; and Illinois here, Feb. 21.

The Spartan schedule called for a dual meet with Wayne and the U. of D. at Detroit, on Feb. 24. This date was vacated in favor of Cincinnati, and State will meet the two Detroit schools March 6, at Detroit.

Matmen Face OSU; Injury Pins Mikles

Sprain Suffered Against Iowa Champ To Keep Spartan Star Out Of Match

BY HERB BOWEN

Michigan State's wrestlers will be without the services of their star, Gale Mikles, Saturday night when they face an underdog Ohio State squad at Columbus.

Mikles twisted his left ankle during his bout against Iowa Teachers' Bill Nelson last Friday night and the injury proved to be more serious than it first appeared.

According to coach Pendley Collins, the injury seems to be a sprain combined with a pulled tendon. However, Collins expects Mikles to be ready for action again in a week or 10 days.

Waterman Moves Up

The probable replacement for Mikles at the 165-pound spot will be Bert Waterman, who turned in a fine performance at that weight for the Jaycees against Bowling Green.

Waterman is scheduled to meet John Duwell this afternoon in a trial for the 175-pound assignment, but he is expected to start in the lighter weight even if he beats Duwell.

In an early round trial, during yesterday's practice session, Waterman defeated Jerry Brenner on a 4-3 decision. Brenner and Waterman had battled to a 1-1 draw at Tuesday's drill and the match was rescheduled.

Kreiner Placed

The only other bid for a starting assignment was in the 121-pound class Jack Kreiner challenged Jack Hancock during yesterday's workouts, but the challenger found himself pinned in the first fall at 2:07.

Collins does not plan any other

Tax Experts Add Million To Cut

GOP Wants Huge Slash In Budget

WASHINGTON, Jan. 21 (AP)—The staff of tax specialists employed by congress estimated today that the 1948 tax cut under the Roosevelt-backed Knutson bill might run as high as \$6,500,000,000, instead of the \$5,000,000,000 previously estimated.

Colin F. Stamp, head of the staff, laid this estimate before the House ways and means committee. He explained that the revision is due to a steady increase in the personal incomes of the 50,000,000-plus income tax payers.

Want Huge Slash

GOP leaders set a goal for a slash of at least \$3,000,000,000 in President Truman's \$39,700,000,000 budget for fiscal 1949, to make room for the Republican tax reduction and a sizable payment on the nation's debt.

Speaker Martin (R-Mass.) and Senator Taft (R-Ohio), chairman of the GOP policy committee, announced after a meeting of the Senate-House Republican high command that the leaders have decided to call upon the joint budget committee "as promptly as possible" to trim down the budget and clear a ceiling on federal spending.

Quit Deadline

House Republicans have abandoned their January deadline for House passage of the Knutson tax bill, Martin announced. Although debate will begin next week, the vote probably will occur Monday, February 2.

He challenged the statement of Secretary of the Treasury Snyder that the Republican tax bill would put the treasury \$2,100,000,000 in the red next year. The speaker told reporters that government spending will be cut back enough for the tax reduction and a payment of \$2,000,000,000 or more on the debt.

Stam estimated for the ways and means committee that personal incomes may reach \$29,000,000,000 this year and presents figures tending to show that Mr. Truman in his budget message to congress underestimated government revenues for the next two years at about \$4,000,000,000.

Patton Aide Speaks On Military G-2 To ROTC Group

Col. Oscar W. Koch spoke on his experiences as head of the intelligence section of Patton's Third Army at a lecture in the Music auditorium last night.

He was secured as a speaker for the ROTC G-2 course, Col. John L. Whitelaw, commandant, said. The meeting, however, was open to all interested persons.

Now assistant commandant of the Ground General School, Fort Riley, Kansas, Col. Koch served as G-2 for Patton's Third Army throughout its combat career.

His activities played a major role in the recently published book "Luck's Forward" history of Patton and his command, by Col. Robert S. Allen, formerly assistant to Koch in G-2.

MSC To Release Summer School Course Outlines

Department schedules for the 1948 summer quarter will be prepared and ready to be catalogued by the first week in February. Dean S. E. Crowe recently announced.

Approximately 2,800 students are expected to attend the full summer session and 1,200 to 1,500 the six-weeks session, making a total of about 4,000.

Slightly over 5,000 students attended school last summer. Dean Crowe attributed part of the decrease to the fact that more students need to take time out during the year to earn money in order to continue school.

Summer school catalogues will be ready for distribution some time in April.

Republican Committee Meets

J. Carroll Reece, chairman of the Republican National Committee, presides at a meeting of the Committee in Washington (Jan. 20). Left to right at table are: W. J. Donald of the National Headquarters staff; Harrison Spangler of Iowa; Ezra Whitt of Idaho; Mrs. Horace Mayre of Oklahoma; Mrs. Dudley May of Michigan; Edward Rother of headquarters staff; Mrs. Katharine E. Brown of Ohio, and Mrs. Robert Morawley of Iowa. (AP Wirephoto)

Farm Contest To Punctuate Safety Rules

A safety contest, open to State students who come from farms, will be staged in the Agricultural Engineering building Tuesday, Wednesday, and Thursday of Farmers' Week, Ralph W. Tenny, Institute of Short Courses director revealed yesterday.

Participants are to make a list of all the dangerous and fool-harsh items they can find in a large cartoon poster. The three highest-scoring contestants will win prizes.

Farm safety will receive strong emphasis on Tuesday's program. Maynard Coe, director of the farm division for the National Safety Council, Chicago, will speak on "The Farm Safety Movement" at the noon luncheon of the Michigan Farm Safety committee.

"Miracle in Paradise Valley," a safety movie, will be shown after the business meeting. Exhibits in the Agricultural Engineering building will feature such equipment as a modern fire truck, and fire extinguishers, and lightning and fire protection devices.

WKAR To Air Tragic Drama

The story of a man who accomplished his own destruction with music, "The Tempo of Death" will be presented at four this afternoon by the Radio Workshop on station WKAR.

The original theme was written by Frank Veloz, of the dance team Veloz and Yolanda and adapted for workshop production by an MSC graduate student, Doreen Koebel.

Miss Koebel will direct the cast which includes Steve Jaworski, Detroit junior, and Dave Froh, Lansing senior, as the principal characters. The play will be produced by Prof. J. A. Callaway of the Radio Education department.

One of a series of plays adapted for radio by Miss Koebel, it is partial fulfillment of requirements for a master's thesis.

Blum Appointed Associate Editor Of Research Mag

Dr. Lawrence P. Blum, of the MSC counseling center has been named associate editor of the Journal of Educational Research.

The Journal is a monthly publication devoted to the promotion and reporting of significant research in the field of education. Dr. Blum will work specifically with research news and communication, a regular feature of the magazine.

FINDERS, KEEPERS

Lost And Found In Union Does Thriving Business

One State student may be unable to attend the Delta Sig ice carnival. He lost his skates.

But the gay blades are not alone, they are keeping company with a tennis racket in the lost and found department in the Union.

On Upper Deck Of Union

Located in the Union check-room, lost and found has already done a thriving business, with the term only two weeks old.

Leslie Scott, Union manager, stated today that among the articles filed in the room for wayward objects, are 16 pairs of glasses, a dozen fountain pens, and 50 pairs of mittens.

Other articles of clothing still unclaimed are leather gloves, scarves, hats—shoes, galoshes, leather jackets and sweaters. Also in abundance are leather wallets, jewelry, notebooks, and texts for many courses.

Entire Campus Covered

The lost and found department operates for the benefit of the entire campus. All articles found in campus buildings are channeled to the Union headquarters where they are filed and kept for the claimants.

Cards are mailed to those persons identified on found articles. If not claimed after a three-month period, all articles are turned over to charitable institutions.

Hours for claiming articles are from 8 a.m. to 5 p.m.

Veterinary Grads Hold Conference

The Twenty-fifth annual post-graduate conference for veterinarians, attended by 177 MSC veterinary medicine graduates is now holding its annual convention on campus.

The conference, which convened at 9 a.m. yesterday in the clinic of the Veterinary hospital will conclude this afternoon.

LETTERS to the EDITOR

TO THE EDITOR:

The apparent attitude reflected by Mr. Goy's letter in Saturday's paper regarding "Veteran vs. Inflation" is one which can be extremely harmful to the nation if too many people allow themselves to become sold upon it. I speak as a veteran who definitely does not feel that the world owes us a living.

Agreed that our country does need technicians. However, considering the excellent financial boost we have already been given, does it seem logical that a man who decides that he must permanently drop from school strictly for financial reasons has what it takes to fill a responsible position in the running of a nation?

Now here back in the depths of the money pool, I believe that it was considered tough but possible for one to work his way through school. With the remuneration for an hour's labor purchase so much less now? Or is the whole thing merely a myth?

As for three year's earning power and seniority lost, Uncle Sam was a pretty liberal employer in his own right. Since the term "Average Veteran" was used, my own case will serve as a valid example. I was in the Navy about two and a half years, my rating varied from Seaman, first class to Petty Officer, third class.

Yet, for that short period of time, (undoubtedly as I may have considered it) was provided, and I receive an aver-

age of \$73 a month, or better than \$2,000 in cash bonus, practically clear.

On top of that, Uncle Sam has given me thirty-four months of eligibility which, at this school, represents about \$49 a term for tuition and about \$10 a term for books and supplies plus \$65 a month or \$195 a term for subsistence. That totals about \$250 a term or better than \$2,750 for my thirty-four months, free and clear.

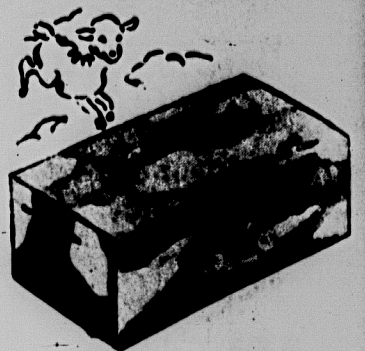

Now take in a little matter of \$250 state bonus, add up the works, and you can see that I am receiving a little better than \$5,000 for my activities over a two-and-a-half-year period. If that makes me a forgotten man, I'd like to meet the one who was remembered.

Concerning the "fight against inflation," when the day comes that "adequate legislation" in the form of giving a specific group of people more dollars to spend will provide more services and commodities rather than merely sharpening the competition for the present visible supply, I'll be all for it. Until then, let's try to better appreciate what we have been given.

Chuck Boyenga.

More than 650,000 copies of the "American Practical Navigator," only official United States reference on navigation, have been sold since its first edition in 1802. About 750 copies of the book, published by the Navy Hydrographic Office since 1906, are currently issued each month.
