

Councilmen Ask Strict Probation or Riot Heads

Meeting Called To Stress Seriousness Of Offense

By JIM SMALLEGAN

Student council last night recommended strict disciplinary probation for 13 students arrested last weekend in riotous rallies on Grand River.

Rombouts, council president, emphasized that the purpose of the meeting was not only to determine punishment for the students but to find a way to impress students with the seriousness of the offense.

Strict disciplinary probation includes barring of students from all college functions, a record of the offense on the students' college record, and close observation of the students by the administration. Also the council recommended that future offenders be expelled on the first offense.

The administration has taken no action as yet on the 13 students arrested Friday and Saturday, Dean of Students King said yesterday.

WARNING

Students for misconduct after future pep-rallies may be more severely punished, according to Charles Pezz, East Lansing chief of police. Students arrested for interference and resisting an officer at the last weekend in East Lansing could face a fine of two years in prison and, or, \$1,000.

The 13 students whose names were turned over to the administration are now pending investigation.

King said he had not yet been able to review all cases or secure all of the necessary evidence. "I want to see all of the evidence before I recommend anything," he said. He stated that he hoped to be able to recommend tomorrow.

There are certain discrepancies in the stories of the officials and the students, so I must have all the evidence before recommendations are made," King said.

The MSC Student council will definitely hold a pre-pep rally Friday evening, Rombouts announced yesterday.

The location has not yet been decided upon and the rally will begin at 8:15 p.m. instead of 8:00 p.m.

It will not penalize thousands for the foolishness of a few students," Rombouts said. "We must show that we are capable of handling the situation." A full apology was made to the East Lansing municipal officials, he said.

A problem here at State is unique in that few campuses have main traffic routes so close at hand," the council leader said. "In the past, we have followed a 'hands off' policy. We will make an annual appeal to the student body."

Parole Service To Speak Parole Meet

Chief R. Harper, head of the parole service, will address the 19th annual meeting of the Michigan Probation and Parole Association Thursday afternoon at the Hotel Mack.

At the three-day meeting, the Youth of Today, but not the adult, will be the main topic.

Harper's topic is "Parole and Adult Parole." He will speak at a meeting of the parole section.

Paul Brown, field supervisor and a graduate of the parole program at the Michigan State Prison, will be chairman of the adult parole section.

Sparrow Nurses To Hold Dances With MSC Men

Men's Council plans a series of social affairs with student nurses at Sparrow Hospital in Lansing. It was announced yesterday. This is the first time the Council has undertaken such a project.

President William Corbushley will appoint a council member to work with Myra Williamson of Sparrow on arrangements. Plans will be subject to council approval.

The arrangement calls for a number of dances and parties between the student nurses and MSC men.

Wants To Stay At 'College With A Future'

Hannah Not Attracted By Prospective U. of M. Presidency

By STEVE BRANDSOFER

President John A. Hannah officially squelched rumors yesterday that he might be attracted by an offer to become the president of the University of Michigan.

His statement was given in an exclusive interview with a STATE NEWS reporter. It came after a report in a Detroit newspaper that "it would be an oversight" to omit the name of Hannah among University of Michigan presidential possibilities.

The present president of Michigan, Dr. Alexander Ruthven, is expected to retire soon. It's Nice

"It's nice to be thought of favorably by those looking for a man capable of replacing Dr. Ruthven as president of the University of Michigan," Dr. Hannah declared. "However, I long ago made the decision to stay at Michigan State College as long as the Board of Agriculture desires it, and I hope it will be a long time."

Dr. Hannah declared that the

college has a future before it as bright as its outstanding past.

Stimulating Job

"No one could ask for a more stimulating job than mine at Michigan State College," he said. "That has been my feeling in the past and is even more so at the present time."

"This institution has not reached the end of the road. It will become an increasingly good university rendering more and more services to the people of Michigan."

The Detroit article suggesting Dr. Hannah's availability stated, "Some (not named in the story) doubt that Dr. Hannah could be attracted by an offer because they say, 'he would encounter no weak faculty here and would find it difficult to dominate the Board of Regents as he has the State Board of Agriculture.'"

Answers Charges

Dr. Hannah answered both charges with a tolerant smile. "The facts about our institution speak for themselves. First, we

do not have a weak faculty. No college president could ask for better staff and faculty support than I've always had, but support is not an indication of weakness. You've got to be a college president to fully understand that."

Second, one doesn't dominate a controlling body of a large college such as ours. We have a fine Board of Agriculture that insists on doing its own thinking, which is the way it should be."

No Comment

No official comment from the

University of Michigan Board of Regents could be obtained about the consideration of Dr. Hannah as the university president.

Otto Eckert, a member of the Board of Regents from Lansing, when asked yesterday about the rumor, "That's a question that I cannot answer."

Dr. Hannah is entering his tenth year as president of Michigan State College. He has been connected with the college for 27 years.

FIVE CENTS

No. 10

MSC Crowds Notre Dame's No. 1 Spot

AP Pollsters Award State 32 Top Votes

Michigan Tumbles
From Upper Ranks

Michigan State College jumped to second in the nation in weekly Associated Press grid ratings after the fighting Spartans' 14-7 victory over the U. of M. Saturday.

Announcement of the AP rating last night followed word that State had placed third in the weekly United Press poll.

The Spartan jump almost reversed previous positions of MSC and the University, which dropped to nineteenth this week in the AP poll. State was nineteenth last week.

MSC received 1,298 points, including 32 first place votes.

NEW YORK—(AP)—College football's new "top ten" appears in for a rocking this weekend with a schedule that tests the grit and gristle of the powers—from top ranking Notre Dame right down through Washington.

The fighting Irish, who escaped with a 14-7 last gasp victory over North Carolina Saturday, risk their dominating position against a troublesome state rival, Purdue, at South Bend.

The Irish maintained first place in the first Associated Press weekly poll today but they didn't do it in their usual overwhelming manner.

19th Poll

The 199 sports writers and broadcasters—who cast ballots thought "enough" of four other teams to give them more than 1,000 points each and place them on Notre Dame's elevated heels.

The South Bend, Ind., collected 1,500 points on the basis of ten for a first place vote, nine for second and so forth. They received 63 for No. 1 position.

But Michigan State, upset conqueror of Michigan, received 1,298 points for second place, followed by Southern Methodist, 1,226; Army, 1,200; and Oklahoma, 1,025.

Michigan State, SMU and Army thus were so closely bunched one single first place vote could have scrambled their positions.

Maryland Next

Michigan State's lofty station will be in jeopardy at East Lansing against Maryland, a team that bounced back from an opening loss to Georgia to smash Navy impressively.

Southern Methodist Mustangs invade Missouri to tackle Don Faurot's split-T Tigers, smarting under a 34-0 surprise setback at the hands of Clemson.

Army and Oklahoma will try to extend their unbeaten streaks at home. The Cadets, seeking their 22nd game without a defeat, play Penn State.

The rest of the top ten schedule goes like this: Kentucky vs. Days.

The top ten (number in brackets is first place votes).

1	Notre Dame (63)	1,500
2	Michigan State (32)	1,298
3	Southern Methodist (28)	1,226
4	Army (29)	1,200
5	Oklahoma (17)	1,025
6	Kentucky (5)	639
7	Texas (2)	502
8	Stanford (3)	484
9	California (2)	442
10	Washington	211
The second ten:		
11	North Carolina (1)	187
12	Alabama (2)	177
13	UCLA	176
14	Duke	175
15	Illinois (1)	170
16	Cornell	167
17	Iowa (2)	136
18	Clemson (3)	110
19	Michigan	95
20	Pennsylvania	87

Hannah To Deliver Address On Peace At League Dinner

President John A. Hannah of MSC will deliver an address entitled "The Offices of Peace and War" to members of the Michigan Municipal League in Detroit Friday.

President Hannah will give the key speech at a luncheon meeting of the League in the Veterans Memorial Building.

The organization is composed of the top executives of cities, townships, and villages all over Michigan.

Supply Trucks Stalked From Manchuria

South Koreans Push
50 Miles Past Line

TOKYO—(AP)—American warplanes Tuesday knocked out 85 camouflaged trucks and other vehicles moving in convoys south along the North Korean main supply route from Communist Manchuria, the Air Force reported.

In Progress

Around South Korean forces advanced about 50 miles inside Communist territory.

Another sizable Red convoy was observed headed west toward a concentration area 15 miles north of the 38th parallel. A third motorized Communist convoy on the east coast was lost sight of after being driven to cover by rocket and jetted gasoline attacks from the air.

Air Force Reports

The widely separated supply movements by the Reds were in progress more than two days after General Douglas MacArthur called on the North Korean regime to surrender or face destruction.

No response has come from the Soviet-sponsored Red Regime at Pyongyang, North Korean capital.

Increased traffic on the highway leading from Antung, on the west bank of the Yalu river in Red Manchuria, to Pyongyang was first noted about dusk on Monday, a Fifth Airforce spokesman said.

Sjolin Held For Failure To Pay Bail

Waives Hearing
On Assault Count

By DAN McHARRY

An MSC student arrested by State Police Saturday night in Brighton on a charge of "felonious assault with a motor vehicle" yesterday waived examination in Howell municipal court.

Robert W. Sjolin, Oak Park, Ill., was bound over to circuit court Saturday and held in the Livingston county jail at Howell when he failed to produce \$1,000 bond.

Arrested

Sjolin, a forestry major, was arrested after he led State troopers a wild chase from Whitmore lake to Brighton, and finally crashed through a police road block set up to trap him.

Police said Sjolin was "hurry-ing to get back to a victory rally in East Lansing" after the MSC-U. of M. football game, and turned out of a heavy line of traffic at Whitmore lake and sped along the shoulder of the road.

Police gave chase almost immediately using sirens, blinker lights, and warning gunshots to make him stop. Disregarding police, Sjolin drove still faster along the side of the road with police hot in pursuit.

Road Block

When the chase arrived in Brighton, at the intersection of US-23 and US-16, state police had set up a blockade for the speeding car. Sjolin smashed into the road block and turned west on US-16, with police still chasing him.

After a short distance State troopers managed to force Sjolin into the ditch where his car was smashed. Police said he had not been drinking, and could not account for his behavior.

Wilfred H. Erwin, Livingston county prosecutor said yesterday that the charge against Sjolin carries a maximum charge of four years in State prison.

Hike In Dorm Rates Likely, Says Foster

Cost Study May
Add Dime A Day

Increased labor and food costs mean a probable hike in dormitory rates beginning winter term, according to Emory Foster, manager of dormitories and food service.

"The increase would probably be no more than ten cents a day, or about the same rate as that charged for this fall term," Foster said.

Winter and spring terms are shorter than the fall quarter and the rate is a few dollars less.

The dormitory and food service is now conducting a study to estimate just how much the proposed increase will be. The survey should be completed next week, Foster said.

To Show Movie At Ag Session

The first student showing of "Waves of Green," film about the land grant colleges of the U.S., will be a feature of the annual Agricultural convocation tonight at 7:30 in Fairchild theater.

A portion of the film was made on the MSC campus.

There will also be musical entertainment by Red Wiggins and a talk on "Agriculture Today," by Dr. C. R. Meigs, assistant dean of agriculture.

State News

ALL STATE NEWS staff reporters will be required to attend a meeting tonight in the outer office at 7 p.m., according to News Editor Steve Brandsifer.

Ballet Russe Tickets

Tickets to the Oct. 10 Ballet Russe de Monte Carlo performance here went on sale yesterday in the second floor check room of the Union, not Jensen fieldhouse as reported in the STATE NEWS.

Students presenting activity books at the checkroom will receive tickets.

Engravers Needed

The STATE NEWS urgently needs men to operate their Fairchild photo-engraver.

Students interested should report to Russ Melles in the STATE NEWS office at 1 or 7 p.m. today for instruction. No experience is necessary.

Business Manager Tom Owen of the "Colonial Echo" and Editor Richard Lee of the Royalist, William and Mary college publications, tackle the task of choosing MSC's homecoming queen.

to be announced at half-time of the William and Mary-MSC football game. The men said they face a tough decision. There are five finalists in the contest.

—Photo by Al Brandsifer

Dr. A. T. Cordray, left, counselor for foreign students, discusses a recent trip to the Upper Peninsula made by a group of foreign students.

with Pantum Thuyamandala of Hiam, and Mrs. Louise Carpenter of the adult education department. A trip next week is planned to Pentwater.

World Understanding

Foreign Students Study Life In U.S.

By MARGARET FULLER

"Adventures in World Understanding," a project to acquaint MSC foreign students with home life in the United States, will soon reach its 11th group of students.

Under the direction of the adult education department, foreign students have been observing American life at first hand for two years.

They watch how American schools are conducted, live with average citizens in their homes, and observe typical people at work, play and worship.

Group Members

Members of a group, the 11th which will visit Pentwater, Mich., for four days beginning Oct. 12, are:

Pantum Thuyamandala, a junior from Thailand.

Otmar Rodemann, a special student from Germany.

Antonio Rezende, Visao, Brazil, graduate student.

Suleman El-Khalidi, a senior from Pakistan.

Najma Ansari, Lahore, Pakistan, graduate student.

During the group's stay in Pentwater, they will meet citizens of that city in informal discussion groups, and answer questions about their homelands.

Mrs. Louise Carpenter of adult education leads the tours, which began in June, 1948, when a group of foreign students asked if they might see how Americans live.

First Trip

The first trip visited Rochester, Mich., on June 7, 1948.

In return for opportunities offered by the tours, the foreign students are encouraged to interpret the American way of life to their countrymen when they return home.

Considerable preliminary training goes into each trip. Mrs. Carpenter explained. Educators and community leaders are consulted, and "every effort is made to keep away from the tour aspect of such a trip," she said.

Only One Of Kind

The MSC project is the only one of its kind, according to Mrs. Carpenter. Ohio State University has a similar program, but without the informal aspect of the State series.

Although most tours are limited to one day or a week-end, a group recently completed a 10-day tour of the Upper Peninsula.

The NEWS IN BRIEF

Murder Camp Found

KOREAN ARMY HEADQUARTERS—(AP)—A Korean Red camp where 700 Korean civilians including children were held has been discovered near Seoul, an American army officer said today.

Trial Ordered

CLEMENS—(AP)—Husks, 15-year-old Rodney McEae must stand as an adult for the brutal sex slaying of little Joey Housley today.

Supply Lines Hit

UNITED NATIONS air power blasted Red supply arteries in Korea today but searched in vain for signs of a communist breakthrough against South Korean forces advancing 50 miles beyond the 38th parallel.

Attorney's Charges Hit

WASHINGTON—(AP)—The State Department hit back at Senator (R-N.H.) tonight for his charge that Secretary of State Acheson was engineering a "grand sell-out" to the Chinese communists.

Set For Blockade

AUSTRIA—(AP)—The western allies braced themselves to possible violence, sabotage and a Berlin-like blockade of 10 miles behind the Iron Curtain.

N Divided On Korean Peace Decision

Priority Favors North Nation Plan Unification

LAKE SUCCESS (AP)—The United Nations today in asking the North Koreans to try to find a compromise solution between the two plans for the unification of Korea, the committee told the committee that the North Korean resistance must be broken and the entire country must be united.

The committee said that the North Korean resistance must be broken and the entire country must be united. The committee said that the North Korean resistance must be broken and the entire country must be united.

Pre-Med Students Apply For Tests

Applications for the medical College admission tests may be obtained at room 306 of the Administration Building. Only pre-med students applying for admission to medical schools for the fall of '51 should apply, according to Dr. Paul L. Dressel, chairman of the MSC board of examiners.

The test will be given November 6 in 118 Berkeley Hall. Applications and fees must reach the Educational Testing Service, Princeton, N. J., by October 23.

Seniors Urged To Fill Cards For Placement

Prompt return of placement cards was urged yesterday of all seniors who have not filled them out.

J. F. Schuler, assistant placement director said about 85 percent of the class have returned their cards, and the remainder should hurry.

Prospective employers may begin interviewing students as early as next week, Schuler added.

Nothing Detrimental According to Schuler, the placement card carries nothing detrimental as far as a student's record is concerned.

The cards merely enable the placement service to bring students into contact with employers so that the students may sell themselves.

Michigan State is the only college that makes use of tabulating cards to maintain a complete file upon job preferences and the educational and personal data of graduating students.

The cards are useful in three ways. First they greatly increase chances for immediate job placement after graduation.

Second the graduate's name remains in placement files, and will be referred to employers, until he is satisfactorily employed.

If a graduate wishes to refile any time in the future, the service is open to him.

Finally the cards are a means of keeping track of graduated students.

This makes it possible for the college to determine the usefulness of various courses and help to plan educational programs.

Social Security Act To Cost Extra Fifty Million Per Month

WASHINGTON (AP)—The government began pumping an extra \$50 million a month into the swelling national spending stream today as bigger pension checks went out to 3 million social security beneficiaries.

The timing coincided with budding government efforts in other directions to cut down consumer buying power. Higher taxes and tighter credit terms are being applied as a means of checking inflation.

Old-age insurance system checks were mailed by treasury regional offices in six cities: Philadelphia, New York, Chicago, Birmingham, Kansas City and San Francisco.

The checks totaled approximately \$112 million against last month's \$62 million. The new ones covered pension payments for September.

Delivery of the checks will provide the three million persons who have been drawing benefits the first tangible fruits of a recent act of Congress which made 30 major changes in the 15-year-old security program.

From a national economic standpoint, the bigger checks will mean addition of \$600 million or more annually to consumer incomes already running at a record rate above \$219 billions a year.

The additional inflationary effect, however, will be countered by application of higher withholding taxes to October pay checks of more than 25 million American workers.

To the retired workers over 65 who make up the vast bulk of the 3 million persons now drawing benefits, the checks will look like this:

The smallest will be for \$20, compared with a previous \$10 minimum. The biggest will be \$68.50 against a past top of \$48. The new average will be \$46 against a previous \$26 average.

India's Korean Peace Plan Rejected By U. N. Members

LAKE SUCCESS (AP) India called on the United Nations today to find a compromise peace plan for Korea but Australia, Canada and the Philippines flatly rejected a Soviet bloc program.

Australia, one of the eight nations sponsoring a Korean unification plan, told the General Assembly's political committee that U.N. military forces have to smash North Korean resistance and occupy all Korea to pave the way for peace and unity.

Canada and the Philippines generally agreed with this, and Canada's Lester B. Pearson pointed out that Russia's Andrei Vishinsky had rejected a compromise in advance.

Indian Delegate Sir Benegal N. Rau, chief Indian delegate, said his country cannot support either plan in its present form. But he opposed Russian demands that "foreign troops" quit Korea immediately.

"That would leave the South Koreans at the mercy of the North Koreans," Rau said.

He expressed fear that U.N. occupation of all Korea, as demanded by Australia's external affairs minister, Percy Spender, would increase tension in that part of the world, and might stiffen North Korean resistance.

Rau has made no secret of India's worry that Red China might take a hand in the Korean conflict.

Debate Promised The debate promised to go into Thursday despite the anxiety of most delegates to get action on the Eight Nation plan. The Economic and Social committee has been alerted to stand by for an emergency meeting to adopt measures for Korean rehabilitation as soon as the majority plan is approved.

The Eight Nation plan is sponsored by Britain, Australia, the Philippines, Pakistan, Cuba, Brazil, the Netherlands and Norway. It calls for U.N. supervision over Korea through a commission that would arrange for and supervise elections, unify the country, and arrange for its rehabilitation.

The Russian plan, supported by the Slav bloc, demands an instant cease fire, withdrawal of foreign troops, setting up an election observation commission to include Russia and Red China, and elections to be held in both North and South Korea to unify the country.

MSC Nursing Department Opens Doors

Cools To Receive Bachelors Degree

Michigan State's department of nursing education opened its doors this term to an enrollment of 22 coeds, according to the office of Dean L. C. Emmons of the Science and Arts School.

Graduating as professional nurses, they will receive B.S. degrees after attaining 200 credits.

A total of 140 credits must be gained on campus and the remaining 60 in clinical practice. Practice will be received at Edward W. Sparrow hospital in Lansing and Butterworth hospital in Grand Rapids.

Biological Science The department will be under the division of Biological Science of the school of Science and Arts.

Heading the department will be Prof. Florence C. Kempf, professor of nursing at the University Hospital of Western Reserve university at Cleveland.

University Instructor Professor Kempf was also an instructor at University of Michigan and the University of Tennessee.

Joined after an investigation by a seven man committee headed by Dean of Science and Arts L. C. Emmons, the new department was backed by the Kellogg Foundation, the National League of Nursing Education, the U.S. Public Health Service and the Michigan Board of Registration of Nurses.

Plan No Train To South Bend "There are no plans for student transportation to the Notre Dame game," John Laetz, Jensen ticket office assistant, said yesterday.

Students who have tickets will have to get there the last way they can.

Student tickets for the game are not available, Laetz added.

Senior Picture Proofs In Mail Proofs of senior pictures taken last week were mailed out last night, according to Jim Brown, Wolverine editor. They should be returned to the Tower room of the Union sometime this week.

United States Acknowledges Firing On Red-China Airstrip

LAKE SUCCESS (AP)—The United States acknowledged today that two U.S.-51 fighter bombers in the United Nations airforce in Korea fired by mistake on a Communist Chinese airstrip near Antung Aug. 27.

Red China protested to the security council immediately afterward that U.S. planes had violated Chinese territory.

The U.S. admission said the planes were taking evasive action to get away from anti-aircraft fire when they crossed the airstrip, about five miles north of the Yalu river boundary in Korea.

At the time of the protest, Warren R. Austin, U.S. delegate, told the security council he had reports that one U.S. plane had strafed the strip by mistake. He said the U.S. would agree to pay damages if an inquiry showed any truth to the complaint.

Austin told secretary-general Trygve Lie in a letter today that investigation had established that the two fighter-bombers flew over China by mistake in bad weather.

The pilots were aiming at six barges. They mistook the Yalu river for their target area, Austin wrote, and being fired on, tried to avoid flak and passed over the airstrip.

Homecoming Dance Tickets Go On Sale Homecoming dance tickets yesterday went on sale at the Union desk.

The dance will take place from 9 to 12 p.m. Oct. 14, the night of the William and Mary football game. Russ Carlyle and his band will play.

Sponsored by the MSC Alumni association, the dance is informal, according to Starr Keesler, alumni director.

Exam Applications Ready For Grads

Students may pick up applications and information bulletins for graduate record examinations in room 306, Administration building, Dr. Paul L. Dressel, chairman of the board of examiners, announced yesterday.

Applications and fees must be sent to the Educational Testing service, Princeton, N.J., by Oct. 13.

The tests will be given Oct. 27 in room 115 Berkeley hall and Oct. 28 in room 103 Berkeley hall.

Leonhardt To Talk On Trip To Europe

Curt Simmons Ineligible For Phillies In Series

PHILADELPHIA—(AP)—Curt Simmons, star Philadelphia Phillies pitcher given an army leave for the world series, is now ineligible to play, but Commissioner A. B. Chandler intimated yesterday he would give favorable consent for a request to use him.

"There is good precedent for it," said the Commissioner. "On at least two other occasions in the past men were given leave from the Army and played in the series."

He did not specify the men who received the permission.

"As matters now stand Simmons is ineligible, and the Phillies have their full list of 25 men ready for the series," said the Commissioner.

"To make Simmons eligible it would be necessary to cut one man from the list. Beyond that, I understand he is not in physical condition to play."

"The Phillies have not said anything to me about Simmons, and so the case has never come officially to my attention."

Ike Williams Drops No-Title Bout To Miceli

MILWAUKEE — (AP) — New York's Joe Miceli sprang a surprise Monday night by taking a unanimous 10 round decision from light weight champion Ike Williams in a non-title fight.

Williams 142½, kept walking into Miceli, who had the crowd wild as he poured in hooks and upper cuts.

In the last round Williams, apparently knowing he was behind on points, came after the tired Miceli, 145, with all he had.

The champion connected with a right and left that had Miceli hanging on the ropes. Williams poured on left and right hooks but Miceli came to life in the final 30 seconds and tagged Williams with three straight uppercuts.

One judge gave Miceli the fight, 8-3, another 6-4 and the referee had 6-5 for Miceli.

Shades Of Leon Hart

End Jim Mutscheller (85) of Notre Dame hugs pass from Bob Williams against North Carolina (Sept. 30) at South Bend, Ind. Center Irv Holdash of the Tar Heels makes the tackle. The play, coming in the second quarter, gained nine yards. Third player is the unidentified Tar Heels' secondary. Notre Dame won, 14-7.

Rocky Picked Against Burton

CHICAGO — (AP) — Rocky Graziano, former world's middleweight champion, rules a 12-5 favorite to defeat Gene Burton, New York's welterweight, in their ten round, bout here tonight. It opens the indoor boxing season at the Chicago Stadium.

Graziano, agreeing to weigh 160 pounds, will have a 12 pound weight advantage. The Brooklyn Italian's last appearance in the stadium was in 1947.

Phillies Pick Konstanty To Hurl Series Opener Against Yankees

Stengel Names Vic Raschi To Face Surprise Choice

PHILADELPHIA—(AP)—Manager Eddie Sawyer of the Phillies sprang one of the classic surprises of World Series history today when he nominated Jim Konstanty, his demon relief pitcher, to face the New York Yankees in the opening game of the big playoff here today.

The 33-year-old right hander did not start a game during the entire 1950 season, though he set a major league record by working 74 times in relief.

Konstanty, with a won-lost record of 16-7 for the season, will be opposed on the hill by Vic Raschi, another righthander, who won 21 and lost 8 for the American League champions this year.

The closest parallel to Sawyer's choice of Konstanty probably was that of Connie Mack when he threw Howard Ehmke at the Chicago Cubs in the first game of the 1929 World Series. In that famous instance the Athletics veteran hamstringing the Cubs with 13 strikeouts, still a record, and dealt them a blow from which they did not recover.

The Phils' "sleeper" is a cool, bespectacled performer who relies on a slider and a palm ball, a variation of the screw ball that breaks away from a left-handed batter. He only occasionally comes in with a fast ball or a curve.

Although Konstanty toiled only in relief in his brilliant contribution to the Whiz Kids' pennant drive, he once went nine innings in an overtime struggle against the Pittsburgh Pirates and did a 10-inning stint in another marathon against the Cincinnati Reds.

Sawyer Confident
"I think the guy can win," Eddie said.

"Konstanty has the best chance against this type of club." Phil scouts who trailed the Yankees through the closing weeks of the season noted that Casey Stengel's champions had their troubles against slow, breaking stuff.

Robin Roberts, who clinched the pennant by beating Brooklyn in Sunday's thriller at Ebbets Field, will face the Yanks in the second game. The Phil pilot said Stengel previously had named Alie Reynolds to go in the second for the Yankees.

By mutual agreement, the two clubs added three players to their list of eligibles for the series. Meeting with Commissioner Albert B. Chandler, the Yankees agreed to let the Phils use Jack Thompson, a left-handed pitcher, and Jack Mayo, a rookie outfielder, in return for the privilege of employing the veteran Johnny Hopp.

The Phils had hoped to obtain permission to use Mayo and Thompson as replacements for Bill Nicholson, who is ill and pitcher Curt Simmons, now in the army, without having to make any concession, but Stengel was adamant on the point. Either he got Hopp, a dangerous pinch-hitter and relief first-baseman behind Johnny Mize, or no soap.

Capacity Crowd
A sizeable line of fans stood throughout today before the bleacher entrance at Shibe Park and prepared to bed down for the night in order to be on hand when the sale of 3,000 rush seats starts at 10 a.m. tomorrow. Nothing was more certain than that a capacity crowd of 33,166 will be jammed into the park when the first ball is pitched at 12 noon (CST). Spectators were reported to be asking—and getting—astronomical sums for choice chairs.

The Yankees, appearing in their 17th World Series, remained staunch 2 to 1 favorites to subdue Sawyer's high-spirited youngsters. A majority of the experts thought Stengel's team would wrap it up in five or six games.

Starting Line-ups

NEW YORK
Gene Woodling, lf (283)
Phil Rizzuto, ss (324)
Yogi Berra, c (320)
Joe Di Maggio, cf (301)
Johnny Mize, 1b (277)
Cliff Mape, rf (246)
Bobby Brown, 3b (264)
Gerry Coleman, 2b (287)

ges in which he was barely nosed out, won the Detroit Municipal tourney in 1949 and was runner-up in the State Public Links tourney in the same year.

Myles has an enviable amateur record behind him such as the 1950 Lansing City amateur championship, the State Junior champ in 1949 and reaching the semi-finals in the 1949 National Junior championships.

Sophomore Trio

Following closely behind Tommasino and Myles, Don Stevens promises to add more power to the Green and White cause.

He has been runner-up in the 1949 State Junior Chamber of Commerce tourney, winner of the Detroit District Juniors match in 1949 and won the 1949 Detroit Junior Chamber of Commerce District tournament.

Fresh Prospects Good

The freshman squad is loaded with outstanding aspirants for the 1952 team and lists Bill Albright, a transfer student from Detroit; Doug Hill, another transfer student from Cincinnati; O. Chuck Davenport, Midland; Art Mar-

lineau, Bellevue; Al Taylor, Wyandotte; Hal Ware, Mason; Bud Keys, Elsie; Charles Phillips, Wyandotte; all of whom will provide State future with plenty of material.

Plenty of Experience

Maryland mentor Jim Tatum will bring his squad which includes some 29 seasoned performers, into East Lansing seeking their first win in this Terps-Spartan series. This will be the fifth game in the series.

In 1944 the Green and White won both games of a home-and-

home series. At College Park, Md., home of the Terrapins, the score was 8-0 while at East Lansing, the State men came out on top, 33-0.

Playing Third Tie

The game Saturday will be the third for the highly-rated Maryland team this season. In their opener, they were upset by Georgia, 27-7.

Some of the Maryland gridders that will give the Spartans their biggest worry are quarterback Johnny Searbath and linemen Elmer Wingate, Ray Krouse and Bob Ward.

Krouse and Ward are two of Maryland's bids for All-American honors.

After running through all the offensive plays and putting all the linemen through blocking drills, Munn and his staff, pitted an offensive outfit against a defensive squad with tackling and blocking as rough as that seen against the Wolverines last Saturday.

Rough Maryland Squad Next Spartan Opponent

May Be Toughest Game. Of MSC Football Season

By GEORGE TRUMBULL

Expecting one of their toughest games of the season this Saturday with the Terps from the University of Maryland, head coach Clarence "Biggie" Munn sent his Green and White gridders through strenuous scrimmages, yesterday afternoon.

End coach Earle Edwards, who scouted the Terrapin eleven last Saturday in their 35-21 win over the Middles from Navy, reported that the Terps are "75 percent better offensively than they were last year."

The Green and White "11" eked out a 14-7 victory last year against Maryland who put up a strong fight to the final gun.

Rough Practice

Munn, still beaming after his team's triumph over the Maine and Blue last Saturday, reported that their game with the Maryland squad last year was an "up-hill fight all the way."

After running through all the offensive plays and putting all the linemen through blocking drills, Munn and his staff, pitted an offensive outfit against a defensive squad with tackling and blocking as rough as that seen against the Wolverines last Saturday.

After running through all the offensive plays and putting all the linemen through blocking drills, Munn and his staff, pitted an offensive outfit against a defensive squad with tackling and blocking as rough as that seen against the Wolverines last Saturday.

Frosh Football Drills Attract Large Turnout

More than 200 freshmen turned out last week to greet Steve Sebo in his debut as MSC frosh football coach. Sebo, and eleven assistants have been drilling the squad in fundamentals.

With the emphasis on speed and drive, the coaches are trying to prepare the nucleus of State's first big ten gridiron team.

Assisting Sebo with the huge squad are Dan Devine, Hal Vogler, Kent Esbaugh, Frank Brogger, George Smith, Johnny Poloncak, Jack Brotzman, Pete Fusi, George Makris and Dale Thomas.

Vogler, Esbaugh, Smith, Poloncak and Fusi were all members of last year's varsity football squad.

Any freshman who is interested in playing football is encouraged to get in touch with Sebo as soon as possible.

Judge Produces Communist Papers

Investigators Call Writings 'Sensational'

Said To Establish Communist Aims

PITTSBURGH (AP) — A Pittsburgh judge yesterday produced a bulky sheaf of seized documents he said proves the Communist party in America is a war machine which seeks to overthrow the government.

Judge Michael A. Musmanno said he sent 17 documents to the House Un-American Activities committee which establish the aims of the American Communist party without question.

Investigators for the house committee in Washington called the papers "sensational in import." The documents will be given to committee members when they return to the capital next month.

Musmanno, Democratic nominee for Lieutenant Governor of Pennsylvania, released photographic copies of letters, directives and pamphlets he said he took from the desk of Steve Nelson, chairman of the Communist party of western Pennsylvania, in an Aug. 31 raid on Nelson's office.

Nelson and two aides now are free on \$10,000 bonds on charges of sedition filed by Musmanno.

In New York, a spokesman at Communist party headquarters termed the charges "ridiculous," adding, "It's just another Musmanno stunt. He's been slapped down twice by the Supreme Court of Pennsylvania and now he's trying something else."

Nelson could not be reached for comment.

One paper Musmanno found — entitled "Guide for Speakers" — said:

"In Korea the people have had the opportunity of witnessing the liberating role — not only in word but in deed — of the Soviet troops and the Soviet occupation forces, as contrasted with the enervating role of American troops and the American military authorities."

Musmanno has waged an anti-Communist campaign from the Allegheny county (Pittsburgh) common pleas court bench. He was a judge at the German war crimes trials.

He called a pamphlet entitled "Some Ideological Questions on the Struggle for Peace," a key document.

The document said in part: "The provocative attack of the puppet government of South Korea, followed by U.S. armed intervention against the people's democratic republic can be fully understood only in the light of U.S. imperialism's role today, its drive for world domination and its advance preparation for a new world war."

What's Happen

College Grads Net Worries, Little Money

By MARY LEE MORRISON

You have to spend money to make money.

In a way for essentials in college a student spends more money than he can make for three years after he graduates.

Unfortunately, employers don't give a guarantee of \$80 a week for the graduate's first job.

Most of the time an unskilled laborer in an automobile plant can make twice as much money as a graduate can.

Most possessors of that lucky sheepskin have full heads and empty envelopes.

Grad Editor
One of last year's graduates is editor of a small Detroit weekly paper for \$50. It isn't a job she can forget about when she goes home at night.

A laborer can leave his lathe in the shop but an editor takes the copy for the next day home with him or has to cover an important meeting in the evening.

When a man gets that sheepskin in his hand, what does he have? Certainly not money. The best thing he can get out of that piece of skin is to realize that it gives him the opportunity to pass any unskilled worker in chances for a raise and higher positions.

Three Ring Circus

College is a three ring circus. If a student can get through it without missing too many cues or slipping from his trapeze he can tackle any problem that comes along.

All he needs to know is where to find the books or people to help him when he needs help and that's what he was supposed to learn in college.

Civil Service Hustle Asked By Governor

LANSING — (AP) — Governor Williams yesterday sought to hustle along the state Civil Service commission on its consideration of a pay raise for state employees.

He wrote the commission, which has begun a general salary study, that state institutions and agencies in or near large cities report it is almost impossible to recruit desirable employees in competition with private business.

Reports, the governor said, indicate that "pay scales for State employees are 20 percent or more below comparable scales for city and county employees in metropolitan areas."

"Such a situation," he declared, "inevitably breeds discontent and dissatisfaction and frequently results in loss of the best and most valuable employees from the state service."

The facts of the situation, he said, "are so clear and obvious that the survey should not take long." He asked the commission to advise him when the study will be completed, however.

Union Board Plans To Sponsor Bus

The Union board will sponsor a bus to the Notre Dame game on Oct. 28 if there is a demand for it, according to Bob Ernst, Union board president. Reservations can be made in the Union board office on the first floor of the Union building.

Social Progress Stops Communism, Says C. E. Wilson

NEW YORK — (AP) — Charles E. Wilson, president of General Motors, asked Americans last night to "work to further social and economic progress" as a means of combatting Communism.

Wilson said in a speech prepared for delivery at a dinner of the National Conference of Christians and Jews, where he received the organization's brotherhood award, that this work should be "based on the common ethical principles of our religions and as expressed in the constitution of our country."

"I am sure that this is the way to combat the false philosophies of Communism and state planning and that only through the results achieved by our system can we convert others to it," he said.

"While we must at all times be prepared to defend ourselves against invasion, I do not believe that Communism can be vanquished by the sword, that bullets will kill ideas, no matter how wrong those ideas may be," he declared.

Managers Wanted

All men interested in winning their numerals as boxing managers, please contact Coach Makris in Jensen Gymnasium.

Frosh Pay Fines For Hazing Upperclassmen

MADISON, Wis. — (AP) — Here's a switch—six freshmen were charged today with hazing upper classmen at the University of Wisconsin.

Three pledges of Pi Lambda Phi fraternity paid fines of \$10 each, on disorderly conduct charges, while charges against three others were dismissed in municipal court.

The hazing included taking a car from an upper classman, picking up two other upper classmen, driving them out of the city and leaving them beside the road minus their billfolds.

Major League Gate Returns Take Big Drop

NEW YORK — (AP) — Only four teams, two in each league, showed increases as major league baseball attendance dipped 14 percent.

The Philadelphia Phillies, winners of the National League pennant, saw their attendance skyrocket to 397,382 fans over last year. The Chicago Cubs, who finished in seventh place had an increase of 22,805.

In the American League, Detroit and the St. Louis Browns were over last year's marks. The Tigers were up 125,274, while the Browns, surprisingly, had a 44,062 increase.
