WEATHER:  
IT'S GONNA BE  
A COLD WINTER

## Even 1-A's College Grads Can Get Jobs With Ease

College graduates will have little trouble getting a job regardless of military status, according to John Schlueter, MSC placement director.

"Most industrial concerns say they will hire young people regardless of their draft status. This is particularly true of the college graduate," Schlueter said.

One Michigan organization will hire a college graduate though he may be drafted the week after. They will even give him seniority and periodic pay raises while he is in the service.

His salary will be about the same when he returns as it would if he had worked steadily, Schlueter added.

A representative of one firm which interviews MSC students told Schlueter his biggest problem was trying to convince young people that they should not stay away from employment offices and interviews because of their draft or reserve status.

"If industry will take a chance on a person who may work only two days, then why don't students take a chance with industry?" the representative asked.

## U. S. Troops Gain Mile In Blizzard

Find Frozen Reds Along Their Route

TOKYO — (AP) — American Second division troops slugged forward more than a mile in a blizzard Tuesday on the trail of a heavily-armed Korean force retreating deeper into the mountain wilderness of east-central Korea.

Field dispatches said that while the snowstorm grounded Allied planes it helped the American troops to follow the tracks of the elusive Communists. Along the route lay the frozen bodies of "hundreds of enemy dead" killed in recent fighting.

Further east the U. S. Seventh division was reported by Lt. Gen. Matthew B. Ridgway, U. S. Eighth army commander, to be in possession of the highway communication center of Changpyong.

A tanked force, said a field dispatch, however, sent Changpyong Monday withdrew at nightfall. An Eighth army briefing officer reported a Seventh division armored patrol drew stiff Communist anti-tank and mortar fire Tuesday one mile south of the town.

In the center of the United Nations line of attack Chinese Communists battled stubbornly at two road approaches to Houghchou — headquarters of the Chinese 56th army corps.

Hongchou, 22 air miles south of the 38th parallel forms the apex of a defense triangle formed by three vital roads. It is reported to be the focal point of a 300,000-man buildup.

Hampered by mud and slush following a six-inch snowfall, three infantry divisions never left the 38th parallel. The left base of the Chinese at Yongju, 13 miles southwest of Hongchou. They were pounded by heavy Communist mortar fire from the hills to the north.

Defeated, Then Passed: The gasoline tax bill was defeated by the senators early in the afternoon but passed by a 21-8 vote when brought up later with an amendment for reimbursement.

An early amendment for a one-cent increase in the present three cents per gallon tax was defeated. Later the bill was amended to increase the levy one and one-half cents. Proceeds of the tax will go into the motor vehicle highway fund.

The weight tax bill increases license fees paid on farm tractors and trailers, and on commercial trucks and buses.

Used Cars Taxed: A third bill of the group imposes a three per cent sales tax on all used motor vehicle sales in the state.

## Dean Plans Talk

The head of the MSC department of nursing education, Florence Kempf, will be the main speaker at an institute on in-service education for nursing service personnel at the University of Alberta in Canada March 19-21.

Projects for widening Grand River from Woodmore avenue to Bogue street and from People's church to Harrison road are still in the planning stage.

Extension of bus service of the Lansing Suburban lines was approved for a 60-day trial period by the council. The buses are to turn off Grand River onto MAC avenue, travel from there to Burdham drive, west to Abbott road, and return south to Grand River.

# Commencement Set For Sunday, June 3, By Administrative Group

## Short Enlistment Bill Defeated

## Draft To Defer Only Advanced ROTC Students

WASHINGTON — (AP) — Senator Morse (R-Ore.) accused the air force, navy and marines yesterday of "stockpiling" manpower by high pressuring youths into enlisting for four years in order to avoid the army.

But he lost out by a 77-14 senate vote in a move to curb the practice by reducing all the armed forces' voluntary enlistment periods to 36 months.

Then the senate, working toward early action on the administration's combined plan for an 18-year-old draft now and universal military training after the immediate service need is past, headed into what promised to be a slam-bang battle over the whole U. M. I. idea.

Simultaneously with the senate debate there were these related developments on the military manpower front:

1. The army called on selective service for 60,000 men in May, 20,000 less than it has been calling monthly since January. Unofficially the service has been estimated to reach 1,500,000 men before the summer.

2. Selective service advised draft boards that only students actually selected for Reserve Officers Training Corps programs are eligible for draft deferment on that account.

ROTC quotas have been set at 114,200 for the army, 60,000 for the air force, and 18,700 for the navy, with 38,500 freshmen admitted annually into the army program, 24,000 into the air force ROTC and 5,670 for the navy.

ROTC officials select only the best qualified in each school for the full course. These are the ones for whom deferment is provided by law, with the proviso that they agree to take two years of active duty. At the same time Hershey reminded draft boards that the selected ROTC students may be deferred even if they have had pre-induction physical examinations at the time they are picked for officer training.

## Chicago Paper To Feature MSC Program

MSC will be featured in the Chicago Daily Tribune soon. Reporters and photographers from the Tribune spent two and a half days on MSC campus last week. They interviewed and photographed persons connected with the Adventures in World Understanding program.

The reporters talked to Mrs. Louise Carpenter, continuing education. Dr. Albert T. Cordray, counselor for foreign students, and Dr. Shao C. Lee, director of International center.

Employees of the Chicago Tribune will take additional pictures at the spring excursion of the Adventures in World Understanding in Mason county March 20-25.

Results of these interviews will be used in a story about the MSC foreign students' program in April.

Electrical engineers from all over Michigan will attend the spring meeting of a Detroit engineering group at Michigan State March 9.

The sponsoring organization is the electronics group of the Detroit section of the American Institute of Electrical Engineers. The conference will begin at 8 p. m. in room 402 Electrical Engineering building.

Faculty and students from the University of Michigan, Wayne University, and the University of Detroit will inspect the electrical engineering laboratory facilities at MSC the afternoon before the session.

They will join the MSC staff and student representatives for dinner in the Union that evening. At the conference Harry Crofts of the Oldsmobile plant engineering department will discuss applications of industrial electronic equipments and techniques.

## Spring Sport

"Burr it's cold" said Sue Armstrong, Muskegon sophomore, as she went wading in the Red Cedar river near the foot bridge yesterday. The weather was a sunny 63, but the water in the river had yet to warm up. A high of 78 was predicted for today.

## Laugh A Day ... Prof Catches Spring Spirit

It must be the weather. The English 230a instructor was having a hard time keeping the attention of his hour and a half class. At the same time he kept confusing Thomas Jefferson and Benjamin Franklin.

The first time he confused the two, he only sat down. The second time was too much.

"I think I need some blood in my head," the instructor decided. Laying his glasses on the desk, he executed a perfect headstand, bringing tumultuous applause from the class.

## Engineers Slate Spring Meeting At Michigan State

Electrical engineers from all over Michigan will attend the spring meeting of a Detroit engineering group at Michigan State March 9.

The sponsoring organization is the electronics group of the Detroit section of the American Institute of Electrical Engineers. The conference will begin at 8 p. m. in room 402 Electrical Engineering building.

Faculty and students from the University of Michigan, Wayne University, and the University of Detroit will inspect the electrical engineering laboratory facilities at MSC the afternoon before the session.

They will join the MSC staff and student representatives for dinner in the Union that evening. At the conference Harry Crofts of the Oldsmobile plant engineering department will discuss applications of industrial electronic equipments and techniques.

## Cold Weather Forecast As Spring Turns Fickle

Students enjoyed their first real touch of spring weather yesterday as the mercury rose to a high of 63. But today things will be different. The U. S. weather bureau forecasts a high of only 28 with partly cloudy skies.

Well, it was fun while it lasted. Convertibles came out of hibernation, students basked in the sun by the Red Cedar river, and wandered down to see if there were any signs of life by the canoe shelter.

Ice cream cones were once more in style, and that quick smoke outside before classes was more enjoyable.

The one bright spot in the weather picture is the fact that this area will not feel the brunt of a storm which is sweeping through the midwestern states.

Of course the loss of 15 predicted for tonight will do until the real thing comes along.

Convertibles, canoes, and ice cream — but that was yesterday.

## Student Caught Stripping Car

An MSC student was arrested after trying to steal a fire from a parked automobile Monday night. Police said Ford White, 21, Buffalo, N. Y. junior, had the hub cap and wheel nuts removed from a car in a parking lot at Woodmore and Grand River. He was interrupted by men from a nearby fraternity house.

Police were called as White tried to hide under another car. Chief Charles Page, of the East Lansing police, said White admitted trying to strip tires from the car. A warrant for attempted larceny was sought against White yesterday afternoon.

## Alumni Day Still Slated For June 2

By DAN MCCRARY

Commencement this year has been set for Sunday, June 3, according to Dr. R. A. Rannels, chairman of the faculty commencement committee.

Rannels said that final approval of the date came in the administrative group meeting yesterday morning. He issued a formal statement explaining the change of date from June 2, as formerly announced. —The statement said:

"In view of the fact that the plans for Alumni day, Saturday, June 2, have already been made, it has been decided by the administrative group to hold commencement exercises on Sunday, June 3, and not shift them to Saturday as recommended by the commencement committee.

The change of days this year would result in a program of combined alumni and commencement activities which would be difficult to schedule properly.

See Editorial, Page 2

Furthermore, it was requested by the senior class council that the exercises be scheduled as previously announced since they had already made plans for that date. For 1952, however, it has been definitely decided to move the exercises from Sunday to Saturday."

Original plans had called for commencement to be held on Sunday, June 3. However objections from religious groups and the MSC faculty prompted the committee to change the date to Saturday.

President John A. Hannah said that the Alumni day had been scheduled for a "long time."

See GRADUATION, Page 3.

## Class Of '51 To Form Club For Alumni

Applications for membership in the '51 club are being accepted from winter term graduates, according to committee chairman, Bill Ziering.

A total of 30 outstanding seniors will be chosen for membership in the organization, which will form a nucleus for an alumni association.

Application forms are available to winter term graduates in organization room 2 in the Union. Spring term graduates will be able to apply early next term.

Members of the '51 club will be chosen by the committee next term from applications submitted by fall, winter and spring term graduates.

Selection will be made on the basis of activity, participation leadership and scholarship. Applications will be judged by members appearing on the form rather than by name.

All applications must be turned in to the '51 club committee by April 17. Announcement of '51 club members will be made at the spring convocation in Fairchild theater May 8.

## The NEWS IN BRIEF

### Collazo Admits Firing Shot

WASHINGTON — (AP) — Oscar Collazo conceded in federal court yesterday he fired the first shot in the Blair house gun battle last Nov. 1.

### Williams Asks Seaway Conference

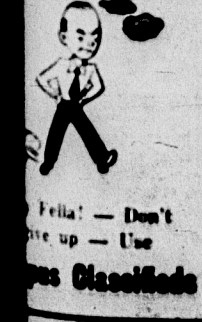

LANSING — (AP) — Governor Williams suggested yesterday a Governors' conference in Detroit to consolidate backing to the proposed St. Lawrence seaway project.

### Basic Issues Bog Conference

PARIS — (AP) — A controversy that has bogged down so many East-West meetings—how basic issues should be interpreted—caused sharp clashes between Russia's Andrei Gromyko and Western power delegates at the big four deputies meeting yesterday.

### Carolyn Drown Murder Trial Opens

KALAMAZOO — (AP) — The rustic characters of two nattily-dressed Vicksburg farm youths were emphasized by the defense here yesterday as the Carolyn Drown murder trial opened.

THE STORY  
OF AN... WHO MADE JOBS FOR  
THOUSANDS THROUGH FREE  
ENTERPRISE

WALTER P. CHRYSLER, SON OF A RAILROAD ENGINEER, WAS BORN IN WAMEGO, KANSAS, APRIL 2, 1875. BUFFALOS STILL ROAMED THE PRAIRIES, AND INDIANS FREQUENTLY GAVE THE SETTLERS CAUSE FOR ALARM.

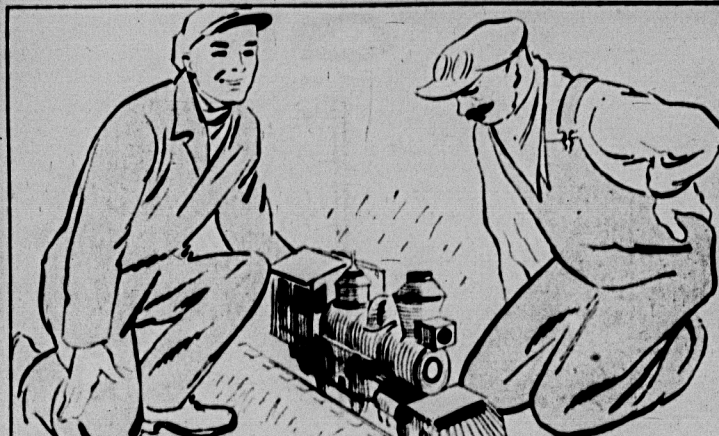

IN ELLIS, WHERE HE GREW UP, ONE OF WALTER'S EARLY CHORES WAS TO MILK THE COWS ON THE FAMILY FARM AND PEDDLE THE MILK FROM DOOR TO DOOR IN AN OPEN PAIL. FOR THIS HIS MOTHER ALLOWED HIM ONE CENT A QUART.

WORKING IN A GROCERY STORE 16 HOURS A DAY, HE WAS PAID \$10 A MONTH. PART OF HIS JOB WAS TO DELIVER GROCERIES WITH A HEAVY TWO-WHEELED CART.

DETERMINED TO BECOME A MECHANIC, HE HIRED OUT AS SWEEPER IN A RAILROAD ROUNDHOUSE. TEN HOURS OF THIS EXHAUSTING WORK GAVE HIM \$1 A DAY. SOON HE BECAME A MACHINIST'S APPRENTICE.

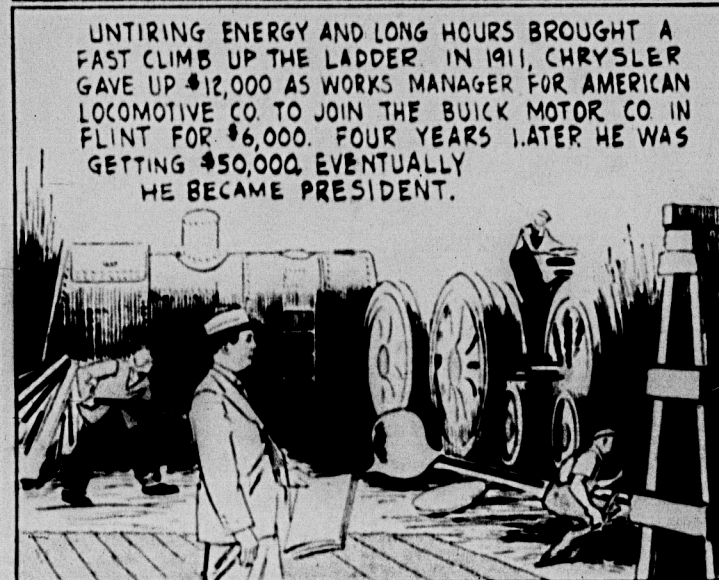

IN OUT-OF-SHOP-HOURS AS AN APPRENTICE, YOUNG CHRYSLER BUILT A SMALL LOCOMOTIVE, COMPLETE IN EVERY DETAIL, TO THE SATISFACTION OF HIS ENGINEER FATHER.

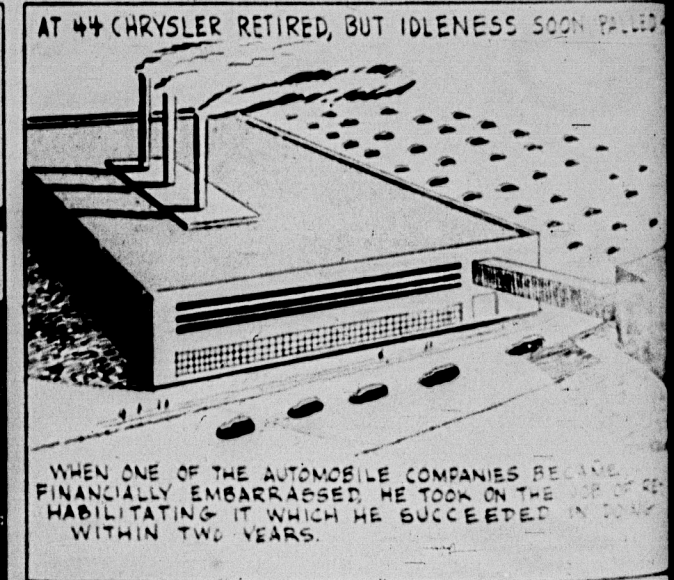

AFTER MUCH ROAMING AS A RAILROAD MECHANIC, ALWAYS LEARNING, CHRYSLER WITH \$7 IN CASH, MARRIED HIS SCHOOL DAYS SWEETHEART, DELLA FORKER. THEY BEGAN HOUSEKEEPING IN SALT LAKE CITY WITH \$170 WORTH OF FURNITURE PURCHASED ON TIME.

ALWAYS READY TO TAKE A LONG CHANCE, AT \$200 A MONTH AS MASTER MECHANIC IN AN IOWA TOWN WITH \$700 CASH, WALTER BORROWED \$4,300 AND PAID \$5,000 FOR A LOCOMOBILE AUTO. THAT INTERESTED HIM IN A NEW FIELD OF MECHANICS.

UNTIRING ENERGY AND LONG HOURS BROUGHT A FAST CLIMB UP THE LADDER. IN 1911, CHRYSLER GAVE UP \$12,000 AS WORKS MANAGER FOR AMERICAN LOCOMOTIVE CO. TO JOIN THE BUICK MOTOR CO. IN FLINT FOR \$6,000. FOUR YEARS LATER HE WAS GETTING \$50,000. EVENTUALLY HE BECAME PRESIDENT.

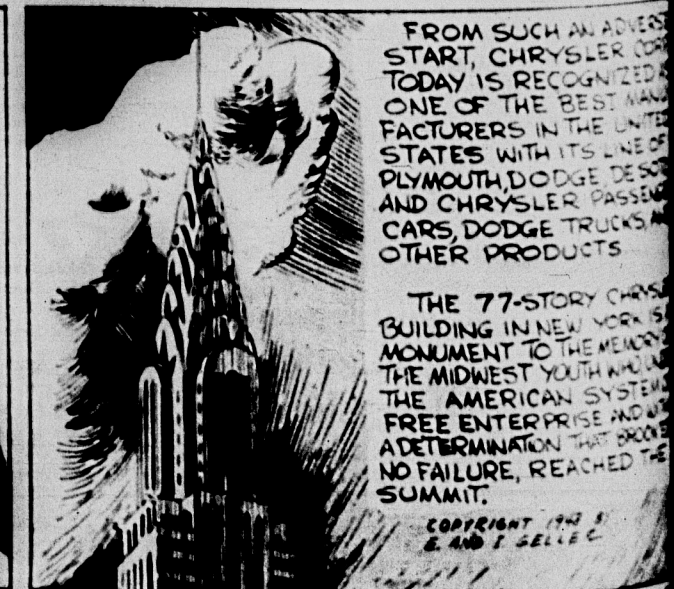

AT 44 CHRYSLER RETIRED, BUT IDLENESS SOON PALLED. WHEN ONE OF THE AUTOMOBILE COMPANIES BECAME FINANCIALLY EMBARRASSED, HE TOOK ON THE JOB OF REHABILITATING IT WHICH HE SUCCEEDED IN DOING WITHIN TWO YEARS.

THE NAME 'CHRYSLER' BECAME A MAGIC WORD IN AUTOMOTIVE AND BANKING CIRCLES. ON THE STRENGTH OF HIS REPUTATION, BANKERS LOANED THE ALL BUT BANKRUPT MAXWELL MOTOR CO. \$15,000,000 WHEN MR. CHRYSLER WAS CHAIRMAN OF THE COMPANY'S RE-ORGANIZATION COMMITTEE.

WHEN, HAVING ACQUIRED THE CHALMERS PLANT IN DETROIT, THE NEW CHRYSLER CAR WAS BARRED FROM THE NEW YORK AUTO SHOW BECAUSE IT WAS NOT IN ACTUAL PRODUCTION, CHRYSLER RENTED THE LOBBY OF THE HOTEL COMMODERE FOR DISPLAY PURPOSES - AND STOLE THE SHOW.

FROM SUCH AN ADVERSE START, CHRYSLER TODAY IS RECOGNIZED AS ONE OF THE BEST MANUFACTURERS IN THE UNITED STATES WITH ITS LINE OF PLYMOUTH, DODGE DESO AND CHRYSLER PASSENGER CARS, DODGE TRUCKS AND OTHER PRODUCTS.

THE 77-STORY CHRYSLER BUILDING IN NEW YORK IS MONUMENT TO THE MEMORY OF THE MIDWEST YOUTH WHO, THROUGH THE AMERICAN SYSTEM OF FREE ENTERPRISE AND DETERMINATION THAT BROKE NO FAILURE, REACHED THE SUMMIT.

# Aggers End First Season Under Newell

**LEAVENGOOD**—The Spartans' basketball team ended their initial season under the coaching of Coach Newell Monday night with a 49 to 43 victory over the Big Ten champions, the Wisconsin Badgers.

The Spartans' final record was 11 wins and 11 defeats. In the conference, State came out first season with five victories as against nine defeats.

The record sounds mediocre but when one considers that this year's team consisted of virtually the same players that could win but four of 22 contests last year, it must be pointed out that Coach Newell did a great job.

**Figured Doormat**  
Lacking height, a good long shot artist and a player like Whitey Skoog of Minnesota or Bill Barrett of Indiana to show the way, State was figured to be the doormat of the league in pre-season ratings.

In an attempt to make up for these weaknesses, Coach Newell substituted a strong defense, which at the end of the season, ranked as the Big Ten's best.

Also realizing that a team cannot use a fast break successfully if its team cannot control the backboards, Coach Newell adopted a "control ball" style of attack.

With these fundamentals the Spartans proceeded to surprise

midwestern basketball circles by winning their first four games, including a 45 to 31 whipping of the University of Detroit.

The Titans were rated as Michigan's top team and since have come back to beat powerful Bradley and Oklahoma A & M quintets.

After losing their first tussle to Princeton, who was unbeaten at the time, State began their Western conference play by defeating Northwestern, 67 to 62.

The Spartans then lost three

straight to Wisconsin, Indiana and Iowa. Down but not out, they came back to trounce Michigan and Notre Dame.

**Leap On Road**  
The Green and White, poor on the road all season, next invaded Ohio State and Purdue only to let both quintets win their first loop games at their expense.

Once again State came back to beat Minnesota, Northwestern and Michigan. The second win over the Wolverines marked the

first time in 17 years the Spartans defeated them twice in the same season.

State hit a snag at the end of what was looking to be a great year as they dropped their last five tilts to Notre Dame, Wisconsin, Minnesota, Iowa and Illinois.

**Tough Opposition**  
The former three contests the Spartans just couldn't hit the basket. In final two games State played well but the Hawkeyes and Illinois were too tough.

**Kentucky Takes Honors In Final AP Cage Poll**

New York (AP)—Kentucky's basketball express, derailed Saturday by Vanderbilt, chugged in yesterday as the No. 1 team for 1950-51.

The Wildcats arrived just ahead of Oklahoma A & M in the final Associated Press poll of the season.

Kentucky also nipped the Aggies in 1949, when the first poll was conducted.

Bradley, which placed sixth in the current poll, took top honors last year.

Kentucky's margin over Oklahoma A & M this time was only 26 points. Actually, the Aggies received 10 more first-place votes, 55 to 49, but the Wildcats got enough second and third place ballots to slip home first.

The final top 10 will be heavily represented in the two big post-season tournaments.

Kentucky, Columbia, Kansas State, Illinois and NC State have clinched berths in the NCAA championships. St. John's and NC State have accepted bids to the NIT.

Vanderbilt ended Kentucky's 21-game winning streak Saturday, 81-57, in the finals of the Southeastern conference playoffs.

Oklahoma A & M also suffered a startling reversal Monday night. Detroit whipped the Aggies, 62-52.

## Spartans Cast As Underdog Against Unbeaten 'Raiders'

**By DALE ARNOLD**

The Golden Raiders of San Jose State college invade Jensen fieldhouse Saturday night to meet the Spartan boxing team in what promises to be the best match seen here this year.

## Main Cog In Defense

—STATE NEWS Photo By Willie Larson

Pictured is Michigan State's goalie Del Reid. Throughout the Spartans' hockey season this year Reid has been one of the brightest spots in the lineup. He replaced former goalie Chuck Roche early in the schedule and since has allowed 87 goals. He has turned aside enemy attacks a total of 484 times. Reid had never played the goaltender's position before he came to Michigan State but when Spartan Coach Harold Paulsen asked for a goalie he spoke up. In the two Michigan games this past season Reid handled a total of 118 shots. Michigan Coach Vic Heiliger called him the best goalie Michigan met all year.

San Jose swept an 11 match schedule last year and they have won their first five matches this year. On the basis of season's records, the Spartans are cast in the underdog role.

**Standout Slugger**  
Standout on their squad is 125-pound NCAA champion, Mac Martinez. He has won 24 collegiate bouts and lost one up until the beginning of this season.

The single loss was to "Pee Wee" Moss of LSU in the national finals in 1949. Many sports writers argue the merit of that decision.

Martinez is a pressing, constantly punching type fighter and is considered a favorite to retain his NCAA crown this year.

Spartan team captain, Hank Amos will face Martinez in the opening battle. Amos lost to the westerner last year in the national tournament but is improved this year and expected to furnish all the opposition that Martinez can handle.

**Spieser Vs. Dukes**  
Michigan State's Chuck Spieser squares off with 6'2" Darrell Dukes at 175 pounds. Dukes is a large-framed, powerful boxer but Spieser's punishing style wears down his opponent and not many can last long if he really pours it on.

San Jose meets Minnesota's boxing squad Friday night in Minneapolis and State will be the California team's second opponents on their trip east.

Ed McGhee and Bill Higdon, who hit 352 and 330, respectively, for the Memphis Chicks, are getting trials with the Chicago White Sox this spring.

## McCormick Edges Lord

# MSC Hockey Scoring Honors Go To Center

Michigan State hockey Coach Harold Paulsen yesterday announced the final tabulations in the race for individual hockey scoring honors.

In the season that was just completed center Bill McCormick led the squad in both the goals scored and total points department.

## Freshman Track Team Wins Fourth

**By ALEX LAGGOS**

Michigan State's well-balanced freshman track team swept to their fourth straight victory Saturday over Big Ten foe with an 88 to 23 win over Purdue.

The Green and White yearlings also held victories over Michigan, Ohio State and Iowa.

The squad also competed against Missouri freshmen Saturday but results of that telegraphic meet hasn't been compiled yet.

**Ten Firsts**  
Against the Boilermakers, Coach Roy Neimeyer's crew swept to 10 first places and one tie out of the 12 events. Purdue only won came in the mile.

Dick Jarrett again, paced the Spartan victory with firsts in the 440 and 880. He was also on the winning relay team.

**Keeps On Winning**  
George Henderson kept up his winning ways by taking the 60-yard dash with a 6.4 performance.

John Corbelli capped the list hurdles and tied for first in the high.

John Cook swept to an easy win in the two-mile but was edged out in the mile.

**Win In Field Events**  
The shot put was won by Don Schiewel with a 49' 3" heave. The Spartans also dominated the rest of the field events with Don Hillman and Postula taking the high jump. Russ Olexa winning the broad jump and Don Rebovy copping the pole vault.

The winning relay combination for State included Jarrett, Cook, Doug Boyd, and Lou Vargha.

Seconds were racked up by Vargha in the 440. Cook in the 880. Ron Hurr in the two-mile, and Bachman in the shotput.

Ross and Vargha tied for second in the 60 while Harlan Benjamin tied Denton from Purdue in the low hurdles.

## McCormick Edges Lord

McCormick put 12 pucks into the opponents' nets and added seven assists for 19 points in 17 games.

Close behind, in second place, is center defenseman Dick Lord with 17 points. Lord also tied with Bob Revou and Neil Bristol.

**Ten Firsts**  
Against the Boilermakers, Coach Roy Neimeyer's crew swept to 10 first places and one tie out of the 12 events. Purdue only won came in the mile.

Dick Jarrett again, paced the Spartan victory with firsts in the 440 and 880. He was also on the winning relay team.

**Keeps On Winning**  
George Henderson kept up his winning ways by taking the 60-yard dash with a 6.4 performance.

Ross and Vargha tied for second in the 60 while Harlan Benjamin tied Denton from Purdue in the low hurdles.

## Starts New Season

# Baseball Team Moves Outside

**STAN KURZMAN**

Practice began for the Michigan baseball team as warm weather allowed the first

after almost two winter workouts.

Coach Kobs, the twenty-year-old Spartan baseball coach, said as mentor of the team's great hopes that

the team suffered losses from last year's season but he had a record of 20 wins against nine defeats.

Coach Kobs has almost 50 men budding for positions on the varsity. Approximately 20 of these will go on the annual southern training trip that starts March 20.

capably holding down his outfield position, will be back for action.

There are 10 other letter winners returning and they include outfielders Dan Hovanessian and Art Roman, first baseman, Bob Cholek, shortstop Joe Rivich, and third baseman Dick Blanchard.

Also included in the list of returning veterans are catchers Chuck Joblonski and Bill Bowes, and righthanded pitchers Bob Carlson, Tom Lawson and Herb Schroeder.

**Fifty Out**  
Altogether Coach Kobs has almost 50 men budding for positions on the varsity. Approximately 20 of these will go on the annual southern training trip that starts March 20.

Among this group of newcomers to the team are pitchers Art Zill, Jack Ross, Walt Mathies and Duwayne Klein. Also practicing for positions on the Spartan pitching staff are Chuck Gorman, Roger Howard, Bob Daniel, Don LaPointe, and Don Quaye. All of these men are sophomores.

**Other Infielders**  
Among the group of contestants for other slots on the squad are infielders Wayne Lawrie and Jack Hofstetter, outfielder Darrell Lindley and catchers Dick Edin and Ken Stanick.

Three juniors that have had junior varsity experience and have been looking good in the short time of practice this year are infielders Ray Lane, "Duck" Zyoda and Dick Meier.

As with other sports except football, the baseball team will have the opportunity to annex the Big Ten crown.

Ineligibility is one of the biggest problems that faces the squad so far. Approximately 12 players that are counted on to see a great deal of action this season will have to improve their grades or the Spartans' chances of a top season will be hampered.

## BULLETIN

Led by Tom Yewie, who dropped in 17 points, W. Shaw 9 annexed the IM Dorn championship from Abbot 10 by a 34-29 score last night at Jensen gym.

In the other game in the all-college play-off, Snyder 14 outscored BZY, 26 to 20.

W. Shaw 9 and Snyder 14 meet tonight at Jensen gym at 6:30 for the all-college championship.

The IM Bowling championship in the dormitory league will be decided tonight at 6:30 on alleys 3 and 4 at the Union bowling alleys when Snyder 6 meets Mason 1.

**Late Sports Wire...**

**B'ENSON AIRES** — (P) — United States relay stars raced to three championships and fearless Henry Laskau walked to another today as Uncle Sam's track and field forces closed out a triumphant campaign in the Pan-American games.

**LAKELAND, Fla.** — Outfielder Walter (Hoot) Evers today signed his 1951 contract with the Detroit Tigers for an estimated \$38,000, making him the third highest paid Detroit player.

TOP TEN	Points

# Series Schedules Top Artists

## Ballet Group Heads Field Next Season

MSC's lecture-concert and world travel series has scheduled 40 of America's top concert artists and ensembles for next season, according to Dean Stanley E. Crowe, series director.

Topping the list for the 1951-52 series will be the New York City Opera company, England's popular Sadler Wells Ballet, the Philadelphia Orchestra directed by Eugene Ormandy, and the Chicago Symphony, Rafael Kubelik conducting.

Prominent concert artists to appear include Myra Hess, pianist; Jascha Heifetz, violinist; Kathleen Ferrier, contralto; and two popular Metropolitan Opera stars, Patrice Munsel and Brian Sullivan.

Unique Program

Unique on the series will be an entire evening of Rodgers' and Hammerstein music, presented by a 35-piece orchestra and vocal soloists. New to the series will be the appearance of the widely-known Norwegian Boys' Choir.

To date Dean Crowe has booked six lecturers. They are Edward Weeks, editor of the Atlantic Monthly; the American philosopher, Dr. Will Durant; psychologist Donald P. Wilson, whose "My Six Convicts" is a current national book club selection.

Also poet-humorist Ogden Nash; Louis Fischer, prominent writer, commentator and radio analyst; and Rear Admiral Ellis M. Zacharias, who gained prominence during World War II as the man who broke the Japanese secret code formula.

Dates Tentative

"Specific dates of appearance are still tentative, and a few programs will be added to round out the series," Dean Crowe explained.

This is also true of the world travel series which will include 23 film-lecture programs. Appearing on this series will be Burton Holmes, Bob Friars, Herbert Knapp and Col. John Craig, among other prominent world travelers and film makers.

Present season ticket patrons of the series may renew their orders for seats between March 7 and March 17 at the Union ticket office, according to Dean Crowe. Open season ticket sales will begin March 21 at the office.

## Rubenstein Gives Concert Tonight In Aud

Artur Rubenstein, the world famous pianist who has been playing in concerts since he was five, will perform tonight in the auditorium at 8:15.

He will play Beethoven's Appassionata, five selections by Chopin, including Polonaise in A flat and Nocturne in D flat, and Liszt's Mephisto Waltz. The other composers will be Ravel, Granados, and Scriabin. Rubenstein is noted for his interpretations of contemporary works as well as classic.

## Actives Hunt Missing Door

Sigma Chi actives searched yesterday for the front door to their fraternity house.

John Hunt, Sigma Chi member, said the heavy oak door was stolen during their fraternity meeting, apparently by members of the pledge class. The pledges also took the coats of the actives and hid them outside the house.

A rumor circulated on campus yesterday that the door had been gone floating in the Red Cedar river. Campus police said that no such floating article had been reported to them, however.

Dr. Alexis J. Panshin, head of the wood utilization department, explained that it would be possible for the heavy door to float.

At last report the Sigma Chi House was still minus one door.

## Application Date For WAVES Slated

Applications for commissions in the WAVES should be submitted by MSC coeds on March 15 instead of April 1, according to Jean Smith of the Placement bureau.

It was announced previously that applications would be accepted for the July 1951 group on the later date. Those submitting applications after March 15 will be considered for the January 1952 group.

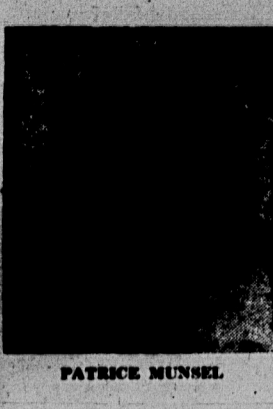

Coeds who want further information should call the Placement bureau, Mrs. Smith declared.

## Steam Clouds Mark Spot

# Sugar Bush Operates At MSC

By MARY LOU FOLGER

Clouds of steam and pails hanging from trees mark the spot where maple syrup is being produced on campus.

For years the maple trees in the Sanford wood lot, located between Shaw hall and Pinetum, have been tapped early in the spring and the sap from them boiled down into syrup.

This spring business continues as usual in MSC's sugar bush.

Modern Condenser

Inside a small wooden building in the middle of the lot is a modern condenser which produces about four gallons of syrup an hour.

Therapy sap flows into one end of the open condenser and after boiling, runs into another section of the machine.

From there it goes into four other sections of the condenser.

thickening more in each one. By the time the sap leaves the last section, it's syrup.

Steamed Up

A fire under the condenser keeps the sap continually boiling at a temperature of about 218 degrees. Steam from this evaporation process fills most of the building.

Over 1,000 pails are hung from the trees surrounding the building. A workman collects the sap

## Atom Spies Brought To Trial In New York Federal Court

NEW YORK — (AP) — Three Americans, charged with betraying atom bomb secrets to the Russians during World War II, went on trial yesterday in federal court.

It is the first atomic spy case in history to come to trial.

Choosing a jury progressed slowly. Numerous prospective jurors were excused after they said international tensions might keep them from giving a fair verdict.

"Others were ruled out after they said they opposed the death penalty," said a court official.

Jury Not Selected

At the end of the day the jury still had not been selected. The process will be resumed tomorrow.

Seek Death Penalty

Government attorneys have indicated they will seek the death penalty for the trio, arrested after the Klaus Fuchs espionage ring was uncovered last year.

This is the maximum penalty which conviction could bring the three defendants—electrical engineer Julius Rosenberg, 34, his youthful-looking wife, Ethel, 34, and radar expert Morton Sobell, 33. All are New Yorkers.

## McMurry Slates Psychology Talk

"The Goals and Content of a Comprehensive Personnel Program" will be the subject of Dr. Robert McMurry's talk before a psychology department colloquium tomorrow at 4 p.m.

A graduate of the University of Vienna, Dr. McMurry is the author of several books.

## U. S. Stops Buying Tin In Stockpile

WASHINGTON — (AP) — The government announced yesterday all new purchases of tin for the national stockpile will be suspended immediately.

Suspension of the purchases for the stockpile had been recommended by the senate preparedness subcommittee until Britain and other non-Communist countries agreed to stop what the senators termed "gouging" of American taxpayers by tin mine owners and speculators.

Announce Decision

Announcing the decision to stop new purchases, the general services administration said:

"The policy is expected to continue until the price of tin reaches a reasonable level."

The government's decision was announced by Jesse Larson, the general services administrator.

Stockpile Purchases

While only stockpile purchases of tin will be suspended, he said purchases by the government for industrial use will be held to "the barest minimum."

In a report made public over the weekend the senate preparedness subcommittee, said the price of tin has gone up more than 150 percent since just before Korea.

## Missioner Slates Talks Next Term

Leith Samuel will be the chief lecturer for a series of meetings sponsored by the Spartan Christian Fellowship organization March 23-31. Samuel, widely known university missionary from England will speak at Peoples' church.

Through his series of lectures, Samuel will attempt to give Christianity's answer to the problems of insecurity facing young Americans today.

Each of his talks will be followed by a question period.

Samuel will also appear daily from 1 p.m. to 2 p.m. in room 33 of the Union, and from 4 to 5 p.m. in room 17, Berkeley Hall, March 29 - 31.

## OSU Man Helps Audio-Visual Plans

Dr. Norman Woolfel, director of teaching aids at Ohio State university was here yesterday, working in conjunction with the all-college audio-visual aids committee.

Dr. Woolfel was working with the committee to formulate plans for establishment of an audio-visual center at MSC. Dean of Basic college, Walter R. Fee, chairman of the committee, announced.

Dean Fee said that establishment of such a center could be integrated with work in MSC's new television program.

## Cigarette Bill Passes House With 80-8 Vote

LANSING — (AP) — A much battered but still potent bill to combat cigarette bootlegging passed the house 80-8 yesterday.

The bill, which has been on the house calendar more than a month, would make it a felony to transport untaxed cigarettes in most cases and require a \$1 permit for transportation of more than 20 cartons of cigarettes.

The bill also permits revenue department inspectors and police to search without warrant trucks and cars they suspect of carrying untaxed cigarettes, stiffens penalties for tax evasions, permits confiscation of bootlegging trucks and cabs, and tightens the collection procedures.

The measure was the subject of strong attacks both from those who thought it too drastic and from those who favored the stamp method of collecting the tax.
