## Ex-MSC Net Star Heads Prospects

Martin Favored For Beeman's Job

Speculation on who will be Michigan State's next tennis coach and intramural director has centered around two recent State graduates, Wayne Tinkle and Tom Martin.

Although the appointments will not be official until the State Board of Agriculture meets Thursday, April 19, Tinkle and Martin are strong favorites to fill the positions now held by Harris F. Beeman.

Beeman, who was an officer in the inactive reserve, was recently called back in active service. He is expected to receive a leave of absence officially when the State board meets. The two positions will probably be declared vacant and filled at that time.

Martin and Tinkle are now enrolled in State's physical education graduate school.

Martin is expected to be appointed as acting tennis coach during Beeman's absence. He graduated in 1949 after starring for three years on the Spartan net squad. Tinkle has served as Beeman's assistant for three years and is expected to be promoted to the intramural director's position.

Coch Beeman stated yesterday that he had requested assignment to an ROTC unit as an instructor. He previously was an instructor in a parachute infantry outfit.

## Humor Mag Delegates to Confer Here

Humor magazine representatives from eight of the largest colleges and universities in the United States will confer at MSC Friday and Saturday.

Editorial and business matters, advertising and circulation promotion, are scheduled for discussion, since these are the greatest problems of humor magazine staffs.

As many individual problems as possible will be solved at the conference, according to Spartan business manager Howard Dick.

The Spartan magazine will act as host of the convention. Speakers at the conference include Paul V. Elsberry, president of Schaefer and company, advertising agency in Chicago; Frederick Noer, head of the publicity department of the Indiana Engraving company; William B. Simpson, personnel manager of Meredith Publications, Des Moines.

Between 35 and 40 representatives are expected at the conference, which is to become an annual affair.

A president and secretary for next year will be elected at this meeting and complete records of this first meeting will be put in book form and sent to all schools attending.

Schools attending will be University of Michigan, Ohio State, Minnesota, University of Iowa, University of Miami, Purdue, Washington, and the University of Pennsylvania.

Overheated Stove Causes Fire Run

The campus division of the East Lansing fire department made a run to the campus barracks apartment of Richard Reist, Saginaw senior, 812-B Maple Lane, at 8:50 last night. No damage was reported.

Mrs. Reist told, firemen the stove had become overheated because of excess oil. She was afraid it would start a fire.

## Spartan Safari

Prior to putting the April Spartan magazine on sale today, a safari was formed to bring them unmolested through the Union grill. Safari members, left to right, are Don Coleman, Film senior; Bob Klein, Detroit senior; Rudy Hessel, Hudson senior; Jim Hall, Ithaca, N.Y. senior; Willie Throver, New Kensington, Pa. junior; and Glen Washburn, Lansing junior.

## Wagenvoord Named New Mayor of East Lansing

By BOB HANLEY

Cornelius Wagenvoord, who was re-elected to the city council last week, was chosen as East Lansing's new mayor last night at the reorganization of the council.

Wagenvoord, the only nominee, was the unanimous choice of the councilmen. He will replace ex-mayor Burr Twichell, who retired from council duty at the end of his term last week.

Mayor Wagenvoord served as mayor pro-tem during his last term on the council. Councilman Max Strother was elected mayor pro-tem for the present term.

Votes Unanimously

The council also voted unanimously to re-appoint the representatives for East Lansing on the Ingham county board of supervisors. Re-appointed were Burr Twichell, Carl Card, Arthur Stoppel and John M. Patriarche.

Before taking up the regular business at the meeting, the council heard a resolution by Strother which honored ex-mayor Twichell.

Expresses Regret

The resolution expressed "the regret of every resident upon the loss suffered by the city by reason of his (Twichell's) retirement."

The resolution also offered Twichell the "best wishes of everyone for a long and happy career as one of the city's highest esteemed citizens."

The council adopted the resolution, which also asked that the city clerk present Twichell with a suitably inscribed copy.

Architects' Bill

A bill from Kenneth and Lee Black, architects for the proposed new library and city hall annex, was presented to the council as the first item of regular business.

Voters turned down a \$500,000 bond issue for the construction of the new library. The council voted to pay in full the bill, which amounted to \$818,63 for the architects' work on plans and specifications.

Budget Received

The new budget for the coming fiscal year was received by the council and placed on file. The budget totaled \$468,000, or \$96,000 higher than last year.

A public hearing on the budget was set for May 7 at 7:30 p.m. in the council chambers.

MAYOR WAGENVOORD

Before adjourning, the council also granted permission for the Inter-Fraternity council to hold an open house "Greek Feast" at the Alpha Tau Omega house May 4.

Councilmen refused to allow a loud speaker to be used, however, and would not reserve parking space in Valley court as requested.

Graves Lands MSC Boxers; Praises Coach

Representative Gerald Graves, Republican from Alpena, today introduced a resolution to the house of representatives complimenting MSC for winning its first NCAA boxing championship.

MSC fought and beat some of the most outstanding competition in the country including schools like Wisconsin and Idaho, Graves stated.

"Coach George Makris is to be lauded and highly commended for his outstanding success in coaching such a wonderful team against such great competition of national caliber."

Chuck Speiser, Captain Hank Amos, Jed Black and Leon Hamilton were also complimented by Graves for their success.

Art Film Program Slated for Music And Tonight

The Art department will present an art film program at 8:15 tomorrow night in the music auditorium. The program will feature "Leger in America," a film portraying one of France's most distinguished artists, Fernand Leger.

The musical score is by Edgar Varese.

A number of outstanding films will also accompany the feature. These include a color film on the work of the famous modern British sculptor Henry Moore.

## Truman Against Alteration of General's Job

MacArthur's China Policy Not to Hurt Present Status

By The Associated Press

President Truman was reported yesterday to have ruled out any action against Gen. Douglas MacArthur that would affect MacArthur's status as supreme commander in the far east.

The possibility remained that the President might publicly or privately rebuke the general for his open split with the administration—and with United Nations policies—over the conduct of the war with the Chinese communists.

MacArthur set off an international uproar, with Mr. Truman in the middle of it, by coming out last week in favor of using Chinese Nationalist forces to open a "second front" against the Reds as a means of relieving pressure on U.N. troops.

Editor's Note: This statement was released to The State News yesterday by President John A. Hannah.

President Truman's directive to selective service authorizing the series of examinations for college students and recommending deferment for those making high marks on those examinations has been interpreted by the press, radio, and others as an arbitrary, blanket deferment and has aroused some critical comment. All this may have served to confuse many college students.

I shall be happy to meet any Michigan State College students who are not affected or likely to be affected by the Selective Service act or the proposed Universal Military Service Training act, Wednesday afternoon, April 11, at 4 o'clock in the Fairchild theater. I shall present briefly the implications of the recent decision and answer questions.

President John A. Hannah

Reds Open Gates

Meanwhile in Korea, Chinese communists opened the gates of that country's third largest dam yesterday in a vain attempt to flood out advancing allied forces on the central front.

Late field dispatches said it looked like the spectacular Red maneuver itself was a washout. The Chinese had failed to open enough gates simultaneously to create the deluge they had plotted.

Lifts River

Millions of tons of water for a time lifted the Pukhan river as high as seven and one-half feet in some of its narrow gorges, but by noon it was receding.

Alert American MPs and engineers saved a pontoon bridge by disconnecting one end.

A strong United Nations tank force, skirting the flood tide, roared northward in a drive intended to seize the 380-foot long Hwachon dam, six and one-half miles north of the 38th parallel, before the Chinese could do more damage.

Meets Rifle Fire

The task force met Red rifle, machinegun and mortar fire as it moved toward the 275-foot high dam, said AP Correspondent Tom Bradshaw.

Other American, French, Greek, Thai (Siamese) and South Korean units speared toward the southern banks of the 11-mile long reservoir with little opposition.

Wife of Professor Dies after Illness

Mrs. Ester Webster, wife of Dr. Randolph W. Webster of the men's physical education department, died yesterday afternoon from a heart attack. She was 50.

Under her doctor's care for a heart disease for the past six months, Mrs. Webster collapsed at her home at 529 Charles street shortly before 3:30 p.m. The Lansing inhalator squad was called and attempted to revive her. Corporal Ray Gorsline pronounced her dead upon his arrival a few minutes later.

The body was taken to the Estes-Leahy funeral home in Lansing. No funeral arrangements had been made by last night.

Surviving are her husband; a son, Randolph Jr., and her mother, Mrs. Floy Rhodes of May, Ind.

## NEWS IN BRIEF

Albania Charges Violations

LONDON—(AP)—Isolated Red satellite Albania has charged in formal protests that her anti-Communist neighbors, Greece, Yugoslavia and Italy have violated her territory by land, sea and air in a series of frontier provocations.

Defense Group Endorses Plan

LANSING—(AP)—The state defense council yesterday endorsed a plan for the quick collection of 200,000 pints of whole blood in the event of an enemy bombing.

British Trade Policy Defended

DETROIT—(AP)—The British consul general at Detroit yesterday defended his nation's policy of continued trade with Red China, saying that a complete stoppage "would obviously constitute an advanced form of economic warfare."

Floods Hit Upper Midwest

"Angry floodwaters of spring-swollen rivers have left 12,000 homeless or flooded in the upper midwest, the Red Cross reported yesterday. Property damage may exceed \$3 million.

## New Musical Tells College Show

By ADELE HUERNER

"Script Tease" will open Wednesday night to "Extra-Curricular Activities," a big production featuring a song and dance routine.

The Activities carnival in September. Students have just finished the bother of some task of registration and the first day of classes, so now they can forget about school and concentrate on having some fun. The women remain their fate of having to go to rush teas and would rather fraternize with fraternities. The Greek guild-bound likewise hopes to rush the coeds.

The straggling Dionysians, parodying the Dionysians, approach Dean Caw for help, but the dean in a novelty number, "Troubles," laments his current headaches, appropriating funds from alumni, tightening up control of the passion patrol, and the alarming requests of AWS.

Rehearsals start

Rehearsals finally start for the show - within-a-show. In the plantive-4 Could City, Director Chuck complains about the way everybody comes late and leaves early.

In the scene shop, Wilhelmina, the comedy lead who has been vainly running after Producer Zip, asks "What's Wrong With Me?" I use all the advertised products, she sings, but they just don't work. "Don't do it, I use Ponds, I'm not engaged yet. If you can solve my problem, send a COD letter quick."

See DIONYSIANS, Page 3

Campus Police Warn Holders Of 'V' Permits

Campus police will begin enforcing parking restrictions on cars bearing "V" permits Wednesday.

Holders of these permits were personally informed of the new policy at the beginning of winter term, but the police have not attempted to enforce the regulations as yet.

The regulation going into effect Wednesday limits holders of "V" permits to the area south of East Circle drive and east of Kedzie Blvd. However, permit holders will be allowed to park on the east side of Farm lane from East Circle drive to Kedzie drive.

The rules were put into effect to alleviate congestion on north campus, according to campus police.

Drivers with "V" permits have previously been allowed to park anywhere on campus.

Peron Stifles Press Again

Another Argentina Paper 'Goes Under'

BUENOS AIRES—(AP)—The independent newspaper El Tribuna, in the town of General Roca, in southern Argentina, has suspended publication for lack of newsprint.

The paper has been the only one serving the territories of Rio Negro and Neuquen. Jose Basail, editor of the 20-year-old journal, said it had not been able to publish since Feb. 16 because the presidential press office in Buenos Aires has not sent El Tribuna's quotas of newsprint.

Meanwhile the congressional committee appointed to take over

the properties of La Prensa and investigate its operation recommended last night that the Argentine government expropriate the independent newspaper.

The committee's report was submitted to members of President Juan D. Peron's party in the house of deputies. Afterwards the meeting chairman, Deputy Angel Miel Asquia, said 98 deputies had approved the expropriation by acclamation.

The Peronista party dominates the house and has no opposition in the senate.

Deputy Arturo Frondizi, member of the Radical party and lone opposition member of the joint committee, said tonight he will make a minority report to congress to the effect that the "expropriation of La Prensa" will constitute an unauthorized and arbitrary assumption and exercise of power in order to prevent the reappearance of the newspaper.

Frondizi said he will ask that the majority report be set aside because "neither congress nor any Argentine institution has the right to restrict freedom of the press." He added that his minority report also will charge that President Peron is directly responsible for all acts against the paper.

La Prensa was closed two and a half months ago by a boycott of the news vendors' union, supported by a sympathy strike of printers. Both the news vendors and printers unions are pro-Peron.

Later, on orders from the Peron-dominated congress, the joint committee of both houses seized the La Prensa offices, printing plant and other properties.

Arabian stallions owned by William Lawton pull an Arabian chariot during a horse show Saturday evening. The three Rooker brothers of Flint

each took a first place in the contests. Bill, a freshman, took first place in the western horse-manship contest. Jim, a junior, won a similar award in the horse cutting contest, while Gerald placed with his trained horse.

## Classmen Plan Convention

### C Host to Frosh-Soph Meet

ANNIE COURTEAU

Frosh-Soph council will host a convention of officers of the Big Ten conference of underclassmen May 12. The convention will be held in the University of Michigan building. Don Babb, vice-president of the organization, will be in charge of the convention. The convention will be held in the University of Michigan building. Don Babb, vice-president of the organization, will be in charge of the convention.

of their Engineering school at delegates, Hase reported.

Freshmen and sophomores interested in organization and work of their classes can attend discussion sessions held at 9:30 a.m. and 4 p.m. Also included in the sessions will be organization of councils and individual classes, social activities, and combined class events.

## Babb to Lecture

The seventh in a series of lectures on Renaissance art will be presented at 8 p.m. in the Ball Room of the University of Michigan building. The University of Michigan building. Don Babb, vice-president of the organization, will be in charge of the convention.

Big Ten representatives will be present at a banquet held in their honor and will attend the Green and White football game.

Continuing class presidents will speak at the Spartan forum over WKAR between discussion periods, present to listeners the strong and weak points of class organization in their respective schools.

Delegates will wind up their meetings on guests at the Green and White dance sponsored by Fresh-Soph council. Hase said.

## Interviews Set

Students intending to apply for admission to the University of Michigan building. Don Babb, vice-president of the organization, will be in charge of the convention.

## Water Show Float Sketches To Receive OK

Construction ideas for Water Show floats will get the go-ahead signal from the theme committee Thursday when preliminary sketches of float designs must be submitted.

Chairmen from living units will meet in room 31, Union, Thursday at 7 p.m. to get final information on rules for carnival entry and regulations for size and construction of floats, according to Ted Popowicz, publicity chairman.

Entered living units will have four days to complete details for their floats after preliminary sketches are returned on April 16. Final sketches, together with music and continuity must be submitted on April 20. If OK'd for construction, they will be returned on May 4.

All designs and information turned in to the theme committee must be written on 8 1/2 by 11 inch paper and must be submitted in manila envelopes, Popowicz stated.

## Summer Jobs Seen Plentiful

Summer jobs for students will be plentiful this year, according to Thomas A. Dutch, head of student part-time job placement.

"Although between 600 and 700 students have been referred to jobs, many of the men signed up will go into the service or have decided to go to summer school," Dutch said.

There are many specialized jobs still available such as life saving, and teaching children the arts of sailing.

"Students taking summer jobs should remember that MSC is being judged as well as themselves," Dutch said.

## Council Studies Activity List

MSC Student council representatives are currently studying the U of M school year activity calendar. Council officials said the Michigan Student legislature publishes the calendar to aid students in choosing extra curricular activities.

The calendar lists extra-curricular events from early September until the end of school in June. It also briefly outlines the functions of the Michigan Student legislature, councilmen stated.

## Man Hunted

(Continued From Page 1)

A bridge on Roose's knee indicated he may have fallen during a struggle. Powder burns on his clothing and stomach lead police to believe the gun was pressed against Roose when the shot was fired.

Officers are rounding up parolees, ex-convicts and others under suspicion as part of a round-the-clock investigation of the slaying. Mrs. Roose is in McLaughlin hospital after undergoing an emergency appendectomy last Thursday.

## Men to Select 'Miss Phillips'

A contest selecting a "Miss Phillips Hall" to sponsor that dormitory's entry in the "Junior 500" pushcart race, has been announced by "Phillips Funnel," dorm newspaper.

"Miss Phillips" will be chosen from pictures entered by the dormitory men. Residents will vote on the candidates and the five receiving the most votes will be the finalists.

A committee consisting of Ed Sayle, photo editor of The State News; Bob Kelman and Norman Euphaski, chairman of the dorm "Junior 500" committee; and Harold Helgeson, dorm president, will select "Miss Phillips" from the finalists.

The contest is sponsored by the Phillips Funnel and the dorm general council.

## Munn Impressed

## Gridders Shine in Drills

By ALEX LAGGIS

Coach Biggie Munn received a sneak preview of the Spartan football practice last weekend and came out smiling.

After watching his veteran-studded team in their first two scrimmages of the year Friday and Saturday afternoons, Munn stated, "for the time the team has spent practicing, they look real good." He then added, "we still have a long way to go before we have a team though."

An excellent crop of frosh/prospects plus familiar faces in new positions highlighted Munn's initial scrimmage.

Among some of the veterans that will be seen in different roles this season include Wayne Benson, Willie Thrower, John Wilson and Ed Timmerman.

Timmerman and Wilson were used mostly on defense last year,

but by the looks of last weekend's scrimmage sessions, they will probably see plenty of offensive action.

Timmerman worked out of the fullback slot while Wilson shifted over to quarterback. Another shift saw Benson in a fullback role rather than his usual halfback spot and Thrower at quarterback. Last year, Thrower worked out of the left half position.

In making up his first line-up of the season, Munn placed Bill Carey at right end on his offensive team. Carey had previously also worked out left half and quarterback. On the opposite flank was Paul Dekker. Don Coleman and Mary McFadden nailed down the tackles with Dean Gardner and Frank Kapral performing at the guards.

In the backfield, the only face

that Spartan fans wouldn't recognize would be Gene Lekenta's, who started in all-American Sonny Grandelius' left half position. Lekenta is one of Munn's highly touted freshmen that seems a sure bet to be around on opening day with the varsity.

Al Dorow filled in at his familiar quarterback post with Dick Pannin at fullback and Vince Pisano rounding out the backfield.

The second string backfield was made up of Wilson in the signal-calling slot, Benson at fullback, Ray Vogt at right half and Louie Smith at left half.

The defensive team is mostly composed of returning veterans with Ed Luke and O. J. Mazza at ends, sophomore Tom Franks and Jack Morgan at the tackles and Ren Koskowski and Frank Kush holding the guard positions. Dick Kuh, another veteran guard, also saw plenty of action.

Bill Hughes and Ed Timmerman are Munn's number one line-backers at present with Duckett and Rex Corless, a frosh sensation last year, in the defensive half back spots. Track star Bill Ingram and Jim Ellis, who was out with an injury last year, monopolized the safety slot.

Hey Youse ....

## ... Bound to Win ...

By HERMAN GRAULICH  
State News Sports Editor

"Spartan teams are bound to win ..."

The words of the fight song were borne out best by Saturday's team championship in the NCAA boxing tournament. How great it was to watch the Spartans win the title!

Talking about titles; take a look at the laurels State athletes have gained in the recent past.

Jed Black and Chuck Spieser are the latest additions to the MSC honor group.

The fact that Spieser's victory was the actual clincher didn't deduct one iota from Black's thrilling win. Both boxers were magnificent when the chips were down. They knew when they entered the ring that they had to win or the Spartans could not possibly gain their first NCAA boxing championship.

Black, the 145-pound sophomore, climaxed his first season on the squad with a unanimous decision over Emmett Gurney.

His victory was all the more remarkable in that the hard-hitting sophomore had to fight four times in three days. Due to the over-abundance of 145-pounders, he had to compete in both the afternoon and night preliminaries last Thursday. Fighting 12 rounds within 60 hours is rough in any league.

Black's only defeat of the season came at the hands of Paul Kostopoulos, Maryland's veteran boxer. He won 10 bouts, including four in the tournament. It was truly a fine beginning for the athlete who will be around for two more seasons.

Spieser will be here next season—more woe for the opposition. The 175-pounder went undefeated in 10 bouts. In fact there are many people who say he never lost a collegiate bout except on paper. A draw with Pete Monfore and a loss to Carl Maxey are questionable blots on his record. The loss to Maxey in the 1950 NCAA finals cost Spieser the honor of being a two-time titlist. However, he has nothing to be ashamed of and a lot to be proud of.

The swimming team had its share of champions too. Both Clarke Scholes and Bert McLachlan were double winners in State's first Big Ten swimming meet. Scholes went on to capture the NCAA crowns in both the 50 and 100-yard sprints.

Gene Gibbons climaxed his undefeated season by annexing crowns in both the Western Conference and NCAA meets. Another grappler, George Bender, took a Big Ten title.

Another Spartan athletes' feats will never be forgotten. Mel Stout consistently led the gymnastic team in points earned. His outstanding performance came in the Big Ten meet when he set a new conference record in taking the all-around title. He garnered 1,494½ points by taking five first places. It's no wonder that a judge at the meet said Stout would have no trouble making the Olympic team.

Although he didn't cop a title, Jesse Thomas' feats in the Big Ten meet will long be remembered. He placed second in four events to become the top scorer of the day.

It's great to be around when Michigan State athletic history is being made.

The Eastern College Athletic Conference advises its referees working basketball games that officials and coaches should not discuss games or the play and officiating of same, before, during or after such games.

Hoke, Casalicchio, Frosh  
Grapplers, Star in NAAU

Three Michigan State wrestlers journeyed to the NAAU finals at Cedar Rapids, Ia., and all three won places last weekend.

Bob Hoke, Ed Casalicchio, and George Bender all wrestled unattached. Hoke and Casalicchio, both freshmen, won first and second in their respective weight classes. Bender, a tried veteran, took a fourth place in the 155-pound bouts.

Hoke annexed the 145-pound crown in convincing style with a 7-0 decision over Peterson of Case Tech in the finals. His hardest bout was in the semi-finals, where he met Newt Copple, 1948 NAAU champion and a member of the Pan-American wrestling team. Hoke took a close 2-1 decision.

Casalicchio, a product of Cleveland, Ohio, went to the finals in the 136-pound class. He lost a 3-3 decision on the judgment of the referee.

Bender ran up against a five-time national champion, Keith Young of Iowa Teachers. Young took a very hard fought match from the State man, winning on a referee's decision after the two had tied 1-1. Bender lost third place to the colorful Dr. Northrup of San Francisco, 4-1.

# Boxers Cop NCAA Championship

## Black Take Individual Honors

By DALE ARNOLD  
 JED Black and Chuck Spieser, Michigan State's first NCAA boxing champions, were crowned Saturday night at the 1961 NCAA boxing championship in the 175-pound division at the University of Idaho.

### A Victory for Athletic Stone

Michigan State has taken a step up the ladder of prestige.

Boxing Coach George Spieser, who led the Spartans into the ring at the University of Idaho, was named national champion.

Spieser, who led the Spartans into the ring at the University of Idaho, was named national champion.

Spieser, who led the Spartans into the ring at the University of Idaho, was named national champion.

# Roberts Impressive in Spring Practice

By WHITNEY MARTIN  
 JACKSONVILLE, Fla. (AP)—One out of 14, one out of 15, two out of 16, three out of 17, three out of 18... Eddie Sawyer shifted his gaze from the field where Robin Roberts, former Spartan pitcher, was pitching in batting practice for the Philadelphia Phillies.

"All Roberts is doing is letting them hit it," he explained, "but you'll notice... three out of 19... they aren't getting many hits off him... three out of 20, the shortstop would have got that."

This count reached four hits out of 28 balls struck, and Eddie was satisfied. He had proved a pet theory.

"Four out of 28 for our batting order," he said. "What's that average, about .167? And if I had a team on defense and knew Roberts was throwing that way I could play our men to cut that average in half."

Roberts, who looks like the All-America boy, finished his stint and ambled up to the water bottle with that exaggerated swagger he affects. Sweat rolled from a face flushed rose-color from his exertions. He took a paper cup and held it under the spigot.

"They only hit .167 against you, Robin," Eddie said. "I was counting the hits." Roberts shrugged depreciatingly.

"They were hitting at a lot of bad balls," he said. "Maybe," Sawyer replied, "but they were relaxed up there. Remember that." Roberts considered this a moment.

"Maybe that's so," he admitted. He left, and a moment later Sawyer said:

"Funny how the good players are always doing something. Look at him now."

Roberts had rounded up another player and was out there again in a little two-man pepper game.

"I've seen players who were afraid to come to a ball park," Sawyer continued. "They were so afraid of failing. A fellow like

Roberts, now, loves it. He's all confidence. Thought of failure never enters his head. It must be terrible to go through life with the fear of failure."

Returning to his original idea he said earnestly:

"There are two things in baseball there is no defense against—a base on balls and a home run. If a pitcher has control he won't get in too much trouble. You just saw an example of that. Roberts was throwing the ball for them to hit, yet only four of 28 would have been safe hits."

"One was the home run by Del Ennis. Suppose Roberts had walked two men before that. You'd have been three runs behind just like that."

"If a pitcher is wild there also is the question of what it does to his team. The players might be keyed up and alert at first. As the pitcher can't find the plate they get back on their heels. It throws the whole team's timing off."

Control is what a pitcher doesn't have when he can't find the plate and what a manager has when he refrains from rapping a few clean singles off the pitcher's noggin with a ball bat as the errant chucker heads for the showers.

# Tankers Splash to Third In National AAU Contest

Coach Charles McCaffree's Spartan swimmers ended their 1951 swimming competition by placing third in the national AAU meet in Columbus, Ohio, Thursday, Friday and Saturday.

In the upset of the meet, MSC's Clarke Scholes, national collegiate sprint champ, was nipped at the finish line by less than 1 second by Dick Cleveland, Ohio State freshman swimming unattached.

An equally torrid race was the 400-yard freestyle relay. Four Yale stars, swimming under the flag of the New Haven Swim club, set a world's record, inches ahead of the MSC team of Bert McLachlan, Dave Hoffmann, George Hoogerhyde and Scholes.

McLachlan stroked to a third in the 1500 meters and placed fourth in the quarter mile. Hoffmann placed sixth in the 440-yard. An aggregation of past, present

and future Yale stars combined to give the New Haven club first place while Ohio State captured second.

The Spartan tankers, runners-up in the NCAA meet, had what McCaffree termed a "slight let-down," but he added that "their performances were brilliant none the less."

He pointed out especially the stroking turned in by Scholes and McLachlan. McLachlan's stint in the first lap of the freestyle relay was his first attempt at the 100-yard sprint under competition.

The State mentor was also pleased with the showing of freshmen Bruce Aldrich, Chuck Baldwin and Bob Haynes. All three narrowly missed placing.

Roberts, now, loves it. He's all confidence. Thought of failure never enters his head. It must be terrible to go through life with the fear of failure."

Returning to his original idea he said earnestly:

"One was the home run by Del Ennis. Suppose Roberts had walked two men before that. You'd have been three runs behind just like that."

"If a pitcher is wild there also is the question of what it does to his team. The players might be keyed up and alert at first. As the pitcher can't find the plate they get back on their heels. It throws the whole team's timing off."

Control is what a pitcher doesn't have when he can't find the plate and what a manager has when he refrains from rapping a few clean singles off the pitcher's noggin with a ball bat as the errant chucker heads for the showers.

PATRONIZE STATE NEWS ADVERTISERS

Roberts, now, loves it. He's all confidence. Thought of failure never enters his head. It must be terrible to go through life with the fear of failure."

Returning to his original idea he said earnestly:

"There are two things in baseball there is no defense against—a base on balls and a home run. If a pitcher has control he won't get in too much trouble. You just saw an example of that. Roberts was throwing the ball for them to hit, yet only four of 28 would have been safe hits."

"One was the home run by

# No Ponies, Proxies

## Cheating 'Out' in Draft Tests

By FRANK BUTKIEWICZ

Students considering the use of "ponies," proxies and similar devices on the selective service college qualification test had better beware, say officials at selective service headquarters.

Officials are taking steps to prevent any cheating or possibilities of cheating on the test. Failure to comply with instructions and rules will result in the cancellation of the test and no score will be reported to the draft board.

Every applicant must have a ticket of admission and will be fingerprinted to prevent unauthorized persons from taking the test. Textbooks, notes, or other aids will not be allowed in the examination room.

Any notes or material relating to the content of the test will not be allowed out of the examination room after the exam is concluded.

### Tests Given Saturday

The three hour tests will be given on Saturdays. They will begin at 8:30 a.m.

Examinations will be scored by the selective service examining section. A report of each examinee's score will be sent to his selective service local board, which will consider it as evidence in determining his eligibility for deferment.

Students are cautioned to send no more than one application card to the testing service. A ticket of admission will not be issued to those from whom more than one application is received.

### Sample Questions

Here are some samples of several kinds of questions in the actual test:

1. A certain company charges feet of gas used per month and N two dollars for the first 300 cubic feet. For each additional 100 cubic feet. If a month bill for the use of 1500 cubic feet of gas is \$3.80, what is the value of N?

(A) 10 (B) 12 (C) 15 (D) 21 (E) 36

Each of the two samples below consists of two words which have a certain relationship to each other, followed by five numbered pairs of related words. Select the numbered pair of words which are related to each other in the same way as the original pair of words are related to each other.

2. HAMMER: TOOL  
1—anger insensibility  
2—emotion insensibility  
3—plane chavings  
4—chisel plane  
5—anger emotion

3. ALGEBRA: CHEMISTRY  
1—magic superstition  
2—arithmetic algebra  
3—astrology astronomy

Answers to test questions are: 1. C, 2—5, 3. 4.

## Graduates Offered Iowa Scholarship

Applications for a \$500 scholarship in newspaper advertising are now being accepted by the University of Iowa. The scholarship will be offered during the 1951-52 academic year.

The scholarship, sponsored by the Des Moines Register and Tribune, will go to a male graduate student entering the field of newspaper advertising. Deadline for applications is April 15.

Application blanks and further information can be obtained from Prof. John V. Lund, school of journalism, State University, Iowa City, Iowa.

## ROTC Drill Parade

The first ROTC drill parade of the season will be held on old college field today at 4:30 p.m.

## Coeds to Honor Percy Jones Vets With Party Tonight

Candy favors will be presented to wounded Korean veterans tonight when 23 South Williams coeds go to Percy Jones hospital for a party.

The theme of the party, April Showers, will be characterized by name-tags in the shape of colorful umbrellas, according to Pauline Askew, social chairman.

The party, sponsored by the Red Cross, will give the wounded veterans a chance to spend an evening with girls in their age bracket. The girls will play cards, ping-pong and cribbage with the soldiers from 7 until 9.

## New Spartan TV Director Wins Award for Program

Dr. Armand L. Hunter, new coordinator of television development at MSC, has directed a Philadelphia educational TV program which won the 1950 A. I. DuPont award.

"WFIL-TV University of the Air" won the first regular television award ever presented by the DuPont Awards foundation.

Dr. Hunter, chairman of the department of radio, speech and theater at Temple university, is educational director of WFIL-TV-AM-FM. He will take over his new post at MSC June 16.

## California Slides Shown Tonight

Color slides of California will be shown at the meeting of the Landscape Architecture and Urban Planning society tonight. C. S. Gerlach, assistant professor of the landscape architecture department will show the slides. The meeting will be held in room 1, building 1-A, south campus.

## City Buys New Fire Pumper

East Lansing made a new addition to its fire fighting equipment yesterday with the delivery of a new fire truck.

According to Chief Muri Croy, East Lansing has needed a new truck for "quite a while." The new truck, he said, is much safer to operate and more modern than older models. It has a pumping capacity of 750 gallons per minute.

The old truck, purchased 27 years ago, also pumped 750 gallons per minute. It will be kept in reserve. This is the first time the department has had three pumpers, Croy added.

## Horticulturalists Honored By Group

The American Pomological society, oldest national fruit-organization in the country, honored two MSC horticulturalists at its annual meeting in St. Louis last month.

The 103 year old group awarded Stanley Johnston, superintendent of the South Haven experiment station, the Marshall P. Wilder medal for "distinguished service to horticulture."

Dr. H. B. Tukey, head of the MSC horticulture department, was elected president of the group.

## Activities Carnival Workers Sought

A meeting for all students interested in working on the 1951 Activities carnival was announced yesterday by Gerald Tupper and

Mickey Wolter, co-chairman of the Activities Carnival committee. The meeting will be held tonight at 7:30 in room 41, Union.
