PPPP Shades of the roarin' Twenties! All duded up in his ancient benny - but he has modern ideas on testing eigarette mildness! He's tried every "quickie" eigarette test in

the book - and they're not fooling him one bit! He knows for dang-sure that cigarette mildness can't be determined by a cursory sniff or a single, quicklydispatched puff. He doesn't have to go back to school to know that there is one real test - a test that dispels doubt, fixes fact,

It's the sensible test . . . the 30-Day Camel Mildness Test, which asks you to try Camels as your steady smoke - on a packafter-pack, day-after-day basis. No snap judgments needed. After you've enjoyed Camels - and only Camels - for 30 days in your "T-Zone" (T-for Throat, T-for Taste), we believe you'll know why . . .
