The Philadelphia Orchestra, directed by Eugene Ormandy, will present a concert in the college Auditorium tonight at 8:15.

The program will open with "Overture, 1911," by Earl MacDonald. This selection, the first part of MacDonald's "My Country at War," is a reflection of the martial which was engulfing the world at that time.

EUGENE ORMANDY

Ormandy will be "Prelude to Act I," "Scene and Love Music," "Love Death."

The Philadelphia Orchestra celebrated its 50th anniversary during the 1949-50 season and has been hailed by critics as one of the world's greatest musical organizations.

Ormandy joined the orchestra in 1938 as associate conductor and, after conducting the Minnesota Symphony for five years, became director in 1940.

## Senior Poll Gets 1,030 Replies

### Cards Pour In After Week-end

About 1,030 cards have been returned to the college Records Office by seniors voting on the June commencement date, according to Lyle B. Leisenring, recorder.

The last of the cards was sent out Thursday. Responses over the week-end was light, but 395 cards came in the mail to the Recorder's Office yesterday. No deadline has been set for the return of the cards.

Almost all were returned with a vote for either Saturday or Sunday commencement, but only 20 had reasons for the vote written on the card. All of these gave parental convenience in attending graduation as the reason for their choice.

Second and third term seniors were polled for their opinions on whether commencement should be held on Saturday or Sunday next June. The votes have not been tallied yet, Leisenring said.

Court Upholds Death Penalty For Spy Team

NEW YORK (AP)—A Federal Appeals Court yesterday upheld death sentences against the husband-wife team, spy team of Julius and Ethel Rosenberg.

It can not be held that these sentences are unconstitutional, said the three Appeals Judges in an historic and unanimous decision.

Only the U.S. Supreme Court can save the Rosenbergs' lives from the electric chair, as the first Americans ever so doomed outside a military courtroom. They were convicted of stealing secrets for Russia.

Defense Attorney Emanuel Bloch said he definitely would appeal to the highest court in the land, carrying on to the bitter end a legal battle that began in mid-summer of 1950 with the Rosenbergs' arrest.

The defense in appealing called the death sentences "cruel and unusual punishment." They said the Rosenbergs worked for Russia when the nation was allied with the U.S.

But the Appeals Court held with the trial judge that the spying continued past the period of Soviet-American friendship and into the hostile "Cold War" era.

The couple have been in Sing Sing's grim death house since they were convicted and sentenced last spring as the first spies of America's tense, new atomic era.

## 'Snake' Feared Good Weather Aids Scientists Noting Eclipse

KHARTOUM, Sudan (AP)—The moon eclipsed the sun yesterday and in nearby perfect weather scientists got a rare three minute glimpse of what goes on in space close to and behind the sun.

Delighted by their good fortune, 70 scientists from 10 nations snapped pictures and took super-complicated recordings of nature's big midday blackout. They had assembled in the Sudanese capital, virtually in the center of the path of the total eclipse.

In some areas, just as in ancient times, the eclipse aroused fear. Moslem women in Iran drummed on copper kettles in an effort to frighten away a giant snake they believed was destroying the sun.

## Admiral Hopes For Atom Use

TOLEDO, O. (AP)—The hope that tactical atomic weapons will be used in Korea if we don't get a suitable truce was expressed here yesterday by retired Adm. William H. P. Blandy, former commander in charge of the Bikini atom bomb tests.

In a talk before a joint luncheon of the Rotary Club and the Academy of Medicine, the former admiral listed some of the latest atomic military developments that might be used.

Among these, he listed as practical to use, an atomic artillery shell, guided missiles, atomic naval mines, atomic depth charges, and atomic torpedoes "that will do the work of 10 old type torpedoes."

## Judiciary To Review Tax Case

### Students Charge Irregularities

Alleged "irregularities" in last Thursday's student tax vote will be reviewed today by the All-College Judiciary, John Ringle, chief justice, said yesterday.

A petition was turned in to the Judiciary yesterday by Bill Irwin, Grand Rapids senior, and Bob Phillips, Mason junior. It stated the irregularities as seen by two witnesses and was signed by 25 persons willing to testify before the Judiciary.

This was the temporary procedure set by Ringle last week when he found students wanted the Judiciary to investigate the tax vote. A permanent procedure is expected to be set for cases of this type at this afternoon's meeting.

Lyle Thorburn, counselor for men, and member of the Judiciary, said any student having a complaint against any organization has the right to bring it to the Judiciary.

Congress officials and Judiciary members refused to comment on the matter until evidence of the irregularities was shown.

However, Dave Miller, speaker of the Congress, said that provisions governing election procedures states that complaints of election irregularities must be brought up before the polls close.

## Britain, Egypt To Hold Talks On Suez Issue

CAIRO (AP)—Premier Aly Maher Pasha said last night Egypt and Britain will open talks Saturday on the thorny Suez Canal and Sudan issues. But, he warned, if his government does not get what it wants, it will join the Egyptian people in their "struggle."

A British embassy spokesman said the premier had invited Ambassador Sir Ralph Stevenson to meet him.

Aly Maher was named premier last Jan. 27 after bloody anti-British riots in Cairo. He has taken a more conciliatory attitude than his predecessor. The current crisis broke out last October after Egypt repudiated its 1936 treaty with Britain, and demanded that British troops get out of the Suez and recognize King Farouk as ruler of the Sudan.

## Funeral Rites For Freshman Scheduled

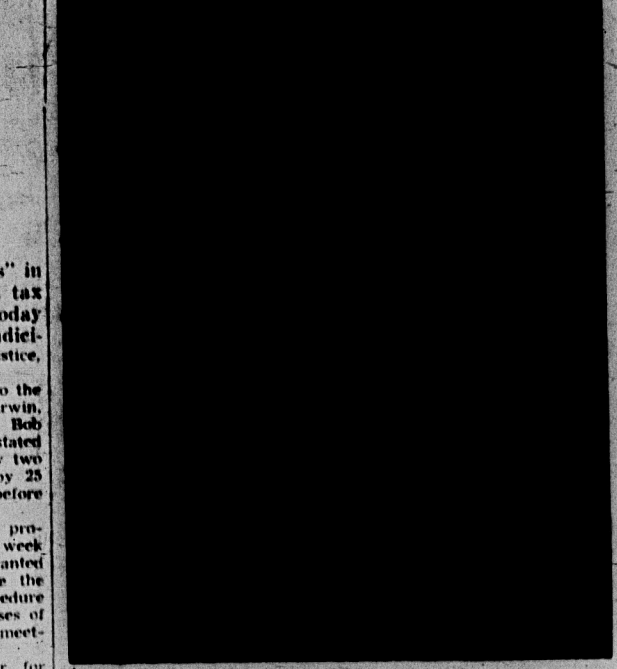

Funeral of Oren R. Lewis, Saginaw freshman, will be held in Saginaw this afternoon after Lewis' death early Saturday morning.

Lewis was found dead in a parked car on highway M-20 by Midland police. They reported that they had investigated the parked car at 1:45 a.m. Saturday. They did not discover the body until two hours later when they drove by again, according to Midland coroner A. H. Bradley.

He is survived by his wife, Mrs. Louise Lewis, three children, Barbara Anne, 7, Oren Robert Jr., 5, and William Henry, 4, of 315-A Hickory Lane. Also surviving are his parents, Mr. and Mrs. Henry C. Lewis of Saginaw and a brother.

The 28-year-old student served in the Navy from 1941 to 1947. Born in Lansing, he moved to Saginaw as a child.

The funeral will be held at 2 this afternoon at the Case Funeral Home, Saginaw. Burial will be at Forest Lawn Cemetery, Saginaw.

Pat Jones, Detroit freshman; Lois Tobin, Northville senior; and Mary Lou Evers, Ferndale junior, rehearse for the Orchestris dance review Friday. The program will be held in Fairchild Theater.

## Curtain Going Up Orchestris Dance Concert To Feature New Acts

Orchestris, national honorary, will present a dance concert at 8:15 p. m. Friday in Fairchild Theater.

A cast of 30 dancers will perform a variety of group and solo numbers.

Included in the group numbers is "Ladecé and Gentlemen," choreographed by Virginia Nye, East Lansing graduate student, the dance is intended to bombard the spectator with "arrival scenes."

The impact of war upon people will be portrayed in a dance interpretation of "Guernica." Based on Picasso's painting of the same name, the dance was composed by Nedra Smith, Buchanan sophomore.

"I Have a Very Important Appointment," choreographed by Jim Whittaker, Mettama junior, was inspired by an Abner Dean cartoon. It is designed to give a glimpse of the frantic merry-go-round existence characteristic of life in 1952.

"Children's Corner Suite," directed by Mary Lou Evers, Ferndale junior, will feature a cakewalk for Gollwicks.

A series of solo dances will enact folk songs sung and played by Don Neill of Lansing.

Music for the program will include guitar, percussion and recorded orchestral arrangements, according to Miss Ellen Moore and Miss Ann Kuehl, Orchestris advisors.

## Detroit Red Hearing Opens Without TV

DETROIT (AP)—Without benefit of television, the House Un-American Activities Committee opened its Communist-in-Michigan hearing before a packed house here yesterday.

Outside the Federal Building, site of the hearing, pickets marched in a demonstration against the Committee's presence, but otherwise the occasion was quiet and orderly.

If there was any explosive feeling, it was in the attitude of committee members over Speaker Rayburn's ban from Washington on televising the session.

The two Republican minority members of the five-man subcommittee, Reps. Jackson of California and Potter of Michigan, protested vigorously.

Jackson said it was a disservice to the public. Potter predicted that "something will be heard about this in Washington."

A federal judge's court room, filled with nearly 700 spectators, pending witnesses and others, heard a former undercover FBI operator testify of widespread Communist party attempts at organization in industrial Detroit from 1943 to 1947.

## Morris Plans Income Study On Corruption

### He, McGrath to Receive Questionnaires Themselves

WASHINGTON (AP)—Newbold Morris announced yesterday the first step in his hunt for corruption in government will be a study of all outside income received by senior federal officials.

As Morris prepared to dig into the sources of such income, the Senate Judiciary Committee voted unanimously against giving him power to grant immunity from prosecution to witnesses who might otherwise refuse to testify on grounds of self incrimination.

This power, together with authority to subpoena witnesses and documents, was requested for Morris by President Truman, who says he wants Morris to have a free hand in searching out any official wrongdoing.

The administration's chief cleanup investigator disclosed that a questionnaire is about ready for distribution to the higher echelons of government service to obtain full details of all income received by the officials from private sources.

Presumably anyone who refused to fill out the questionnaire would be subject to possible incrimination.

Morris said he would fill out one himself, and that he would send another to Attorney General McGrath, under whom he is a special assistant.

In a speech last week, Harold E. Stassen, a candidate for the Republican presidential nomination, said he had heard that McGrath had become a millionaire in public office. He demanded a Congressional investigation.

McGrath issued a statement thanking "candidate Stassen for the compliment" but declining further comment.

Rank and file government workers will not be required to fill out the income questionnaire, Morris said a list of those to be questioned is being worked out with the Civil Service Commission.

He added that the questionnaire could require officials to list all income received in action to their government salaries and gave a detailed explanation of any services performed to earn such income.

The information will be kept confidential unless irregularities are disclosed.

A similar questionnaire was distributed among employees of the Internal Revenue Bureau after Congressional inquiries uncovered a series of tax scandals. It led to several dismissals and resignations.

## New RFC Head Takes Office

WASHINGTON (AP)—The Senate yesterday confirmed the nomination of Harry A. McDonald to head the RFC over protests of both Republicans and Democrats of White House "pressure" and "force."

A roll call vote of 46 to 23 ended a week-long feud with President Truman, who once said he would run the agency—the Reconstruction Finance Corporation—himself if the Senate delayed the action on McDonald much longer.

## Elizabeth's Coronation Set for 1953

LONDON (AP)—Court circles announced last night that the coronation of Queen Elizabeth II will take place sometime in 1953. The exact date has not yet been set.

Some spring or summer day most likely will be picked so that good weather will be assured during the pageantry of Britain's dazzling and eagerly awaited ceremony.

The court informants said consultations on the exact date, and consultations with British commonwealth governments, already are in progress.

When Queen Elizabeth became Britain's monarch on the death Feb. 6 of her father, King George VI, there was speculation that the coronation might take place sometime this coming summer, after the official period of court mourning ends May 31.

## MacArthur To Attend Luncheon

### General to Stay At Kellogg Center

Rep. William Broomfield (R-Royal Oak) last night announced plans for the May 15 legislative reception of Gen. Douglas MacArthur in Lansing.

The five star general will be guest of honor at a "Welcome to Michigan" luncheon at the Kellogg Center sponsored by the legislature and the Michigan Press Association. Mrs. MacArthur will be entertained at a luncheon in the Union, sponsored by the legislator's wives.

Gen. MacArthur will address a joint session of the legislature at 3 that evening in the House chamber.

Rep. Broomfield, chairman of the joint legislative committee in charge of the reception, said MacArthur was "full of enthusiasm" about the reception.

Gen. MacArthur is looking forward to speaking in Michigan, Rep. Broomfield said. "We are making arrangements to give him the finest reception he has ever had."

A parade down Michigan Avenue in Lansing will precede Gen. MacArthur's address to the legislature. Starting at Pennsylvania Avenue, the procession will proceed west to Capitol Avenue.

The general was invited to Lansing by the legislature last spring.

He will stay at Kellogg Center during his visit here. Following his Lansing reception, MacArthur will go to Detroit for a reception May 16.

## Snow and Rain Slow Korean Battle Action

SEOUL, Korea (AP)—Snow and rain fell on most of Korea Monday, cutting ground and air action to a minimum.

The Fifth Air Force was limited to 100 sorties. South African F-4 Mustang Fighter-Bombers, whose pilots call themselves "Flying Cheekies," poked through the overcast and attacked troops and supply concentration areas near Ando, Kumsong, and Koksan.

Other Fifth Air Force planes made a few cuts in the North Korean rail network.

The most noteworthy action reported in the Eighth Army Command was a four-hour clash between an Allied patrol and two Chinese Communist squads west of the Munding valley on the eastern front.

## Black and Spieser Score TKO's in 7-2 Conquest

By LEN MEWETT

Dispelling all doubts as to who was the better team in the mind of fight fans, the Spartan boxing team copped their second decisive win from Minnesota last night 7-2.

After a shaky start, the Spartan mittmen went to work and registered two TKO's in coping six wins and a draw in the remaining bouts.

NCAA champion Jed Black gained a second-round TKO in his bout with Pete Lee when the Gopher letterman suffered an eye bruise and NCAA light-heavy king Chuck Spieser racked up his second TKO over Minnesota's Ron Bruch in 1:23 of the first round.

The Spartans showed surprising strength in the heavyweight division as sophomore Wayne Keller, fighting his first varsity bout, substituted for injured Alex Tsakiris and held undefeated Sam Orlich to a draw.

One of the crowd-pleasers of the night was the opening bout between Leroy Jeffery and Bob O'Ryan. Jeffery had O'Ryan in trouble in the second stanza but was held to a draw by the stockier Gopher.

Middleweight Tom Hickey racked up his fifth win of the season in a light middleweight scrap with speedy Mark Hurd and Norman Andrie reversed a previous defeat by John Randall.

Andrie started strong and weathered a good final round by the previously undefeated Gopher to take a very close decision. Herb Odum returned to the 139-pound class and whipped Gopher Steve Shaughnessy.

In the only Spartan loss of the night Minnesota's NCAA featherweight champion Neil O'Brien scored his second win over Phil Freeman, Jimmy Evans. The second round made the difference as Evans lost the first but took the third.

The Spartans will attempt to continue their winning ways this coming Friday against Maryland at Jenson Fieldhouse.

Always a sucker for attractive bait, our aquatic brother went off the deep end and got caught on the quick-trick cigarette hook! But he wormed his way out when he suddenly realized that cigarette mildness can't be tossed off reel lightly. Millions of smokers have found, too, there's only one true test of cigarette mildness.

**It's the sensible test—the 30-Day Camel Mildness Test**, which simply asks you to try Camels as your steady smoke on a day-after-day, pack-after-pack basis. No snap judgments! Once you've tried Camels for 30 days in your "T-Zone" (T for Throat, T for Taste), you'll see why...

## U.S. Accused Of Stalling Peace Talks

### Germ War Charge Made by Red Premier

MUNSAN, Korea (AP) — Red China's Premier Monday accused the United States of stalling the Korean armistice talks while conducting "callously brutal germ warfare" in an attempt to prolong the war.

The United Nations Command took no immediate cognizance of the charge broadcast by the Peiping radio in the name of Chou En-Lai, Red Premier and Foreign Minister.

The Reds have made the bacteriological warfare complaint periodically in the past when truce talks faced an impasse, but never before have linked the two and never have made the accusation at such a high level. The Allies always have scoffed at the charge as fanciful.

Chou's broadcast statement Monday coincided with an Allied offer to drop Norway as a neutral truce inspector if the Reds would withdraw their nomination of Russia.

The would leave Switzerland and Sweden as the U.N. nominees and Poland and Czechoslovakia as the Communist representatives on a four-nation, instead of six-nation, truce inspection team.

The U.N. offer was received coldly by the Communists but was not flatly rejected.

A Communist reply was awaited today. Staff officers were scheduled to meet in Panmunjom at 11 a.m. (8 p.m. Monday, C.S.T.).

The Communists formally complained Monday that four Allied planes "intruded" over the Panmunjom conference site in violation of a neutrality agreement, and asked an investigation.

## Plans Made for Next Year

# Carnival Workers Get Trophies from College

By REV BUSCH

Workers on MSC's third annual Career Carnival held earlier this month were presented gold trophies yesterday in Old College Hall. The trophies were donated by the college.

Recipients of the awards were Student Director Bob Newell, Yale senior; Executive Secretary Mary Harrell, Detroit senior; Program Chairman Kay Eyde, Lansing junior; Publicity Chairman Robert Briggs, Erie, Pa. senior; and Off-Campus Publicity Chairman Harley Burr, Moline, Ill. senior.

Others were Stating Chairman Carl Fisher, Newberry senior; Publications Chairman Don Nellie, Pontiac senior; Banquet Chairman Robert Scott, East Lansing senior; Master of Ceremonies Lee Hansen, Birmingham junior; and Assistant Secretary Marilyn Zweng, Port Huron junior.

At yesterday's meeting the group discussed plans for next year's carnival.

This year's carnival saw approximately 10,000 students inspect exhibits from 62 companies. Guests from several Michigan colleges and seniors from local high schools also witnessed the event.

When the first career carnival was held two years ago, 27 companies set up displays which an estimated 3,000 students saw. The second year, the same number of companies and 5,000 students participated.

Bob Newell, student director or attributed the increased interest of national firms in the carnival to the fact that MSC is the only college which sponsors such a carnival.

## Vacation Time

# Truman Plans Key West Trip Before Campaign

WASHINGTON (AP) — President Truman is going to spend three weeks at a favorite vacation spot, Key West, Fla., before plunging into his 1952 campaigning.

His plans are to leave Washington late next week for his eleventh visit to the Key West submarine station where he likes to swim and soak up sunshine.

After three weeks' relaxation the President will be ready for a campaign schedule which may develop into something like the 31,500-mile tour he made in 1948 to win a full White House term.

Whether the President runs again this year or not, political associates point out, he is committed to a rigorous program of speech-making in behalf of his party and friends. They do not expect him to announce a decision on his own candidacy until after his return from Key West.

The President is booked to address the \$100-a-plate Jefferson-Jackson Day dinner here March 29.

He has also promised Senator Benton to campaign for his reelection on the Democratic ticket in Connecticut and had pledged help to Michael V. D'Salle, his former Price Stabilizer, in D'Salle's try for the Democratic senatorial nomination in Ohio.

A major speech is in the works for the 35th Division reunion at Springfield, Ill., in June. Stumping in behalf of Democratic candidates in his home state of Missouri is also part of the Truman schedule.

## Wiring of Radio Causes Minor Fire at Phillips

The campus fire department was called to Phillips Hall Sunday to put out a fire caused by a short in the wiring of an amateur radio set.

The radio set, owned by Rodney Hall, Manistee senior, shorted out around 5:24 p.m. and began to burn the dresser which it sat on.

Damage, according to the fire department and the campus police, was confined to the wiring in the set and to the dresser.

Hall, an electrical engineering student, had his and several adjoining rooms connected with an intercommunication setup. It was hooked up by wires running through the composition material in the ceiling to the different rooms.

LONDON (AP)—Britain said yesterday top priority has been given to expanding its air arm under a three-year, \$3,750,000,000 defense program.

The announcement said the government will spend 14 million pounds (\$210,800,000) in the coming year on new aircraft, including an all-rocket fighter, four new jet bombers—still in the works—which someday will replace American B-29s stationed in Britain.
