

Land Parade Plans Dropped By Water Carnival Committee

Plans for a land parade in connection with this year's Water Carnival have been dropped, said the Water Carnival committee yesterday afternoon.

The committee's decision was based on four major points:

1. The parade is too expensive for the limited interest shown by the student body. Last year's parade cost \$1,000.
2. The land parade and the Water Carnival are two separate functions and it has been difficult to co-ordinate them.
3. With such lack of interest, the participants were in no way rewarded for their time and expense.
4. Elimination of the parade will allow a more elaborate Water Carnival. Time and money may now be concentrated on a single event.

Last year's Water Carnival committee recommended discontinuing the event. The proposal has also received approval by college authorities. The Water Carnival is scheduled for June 5, 6 and 7.

Faculty Cites Dickson As Outstanding Teacher

By SARA MURRAY
State News Associate Editor

Dr. David W. D. Dickson received the first annual MSC Distinguished Teacher award yesterday at a general staff meeting in the Music Auditorium.

DR. DAVID W. D. DICKSON
distinguished teacher.

Dr. Dickson was selected for the award—which was accompanied by a \$500 check by the faculty. The presentation was made by William J. Davidson, director of the MSC Fund which established the award.

The 33-year-old English professor was picked from an original list of 60 candidates submitted by the college departments.

One of the seven professors representing the schools who had submitted the nomination was Dr. Dickson.

The six best all-around teachers in the school other than Science and Art were:

Miss Lyle Kinder, assistant professor of foods and nutrition in the School of Home Economics; Dr. G. M. Trout, professor of dairy, School of Agriculture; Dr. F. D. Devereaux, professor of bacteriology and public health, School of Veterinary Medicine; Lyle Maxwell, assistant professor of business administration, School of Business and Public Service; Alfred Leigh, professor of civil engineering, School of Engineering; and Dr. Austin L. Moore, assistant professor of history of civilization, Basic College.

The final selection was made by the MSC Alumni Distinguished Teacher Committee, which is composed of:

Dr. Dickson, Dr. Davidson, Dr. G. M. Trout, Dr. F. D. Devereaux, Dr. Lyle Maxwell, Dr. Leigh, Dr. Austin L. Moore, Dr. Dickson, Dr. Davidson, Dr. G. M. Trout, Dr. F. D. Devereaux, Dr. Lyle Maxwell, Dr. Leigh, Dr. Austin L. Moore.

Dr. Dickson gave the criteria for being an outstanding teacher as:

One who has a thorough knowledge of the subject he teaches.

One who is sensitive to the needs of student work and who maintains a high standard.

One who has skill in applying instructional techniques.

One who stimulates his students intellectually.

One who demonstrates in teaching the relationship between learning and research.

One who is sincerely interested in his students and their problems.

Spartan YMCA To Sponsor Marble Meet

Greeks to Coach
School Children

The annual Field Meet and Marble Tournament, sponsored by the Spartan YMCA will be held May 17 at Jensen Fieldhouse. About 200 grade school children from all over the Lansing area are expected to attend, according to Lester Dobyns, MSC YMCA director.

The boys will come from 13 schools, Dobyns said. Each school will be coached by a fraternity. Two fraternities are still needed to help out in the meet, he added.

They will be divided into three classifications: juniors, age 10 and under; juniors, age 11-13; and seniors, age 14 and 15. Each division will have races within its own class.

Eight events will be featured in the meet: the 50 and 100-yard dash, baseball throw, 200-yard shuttle relay, standing and running board jump, sit-up contest, and the marble tournament. Prizes will be awarded in each event.

Preliminaries are being staged in the schools from now until May 17, to determine who will compete in the Jensen meet. First, second and third place winners from each school will be able to compete here, Dobyns said.

Fraternities scheduled to coach schools are: Delta Sigma Phi, Sigma Chi, Alpha Tau Omega, Alpha Gamma Rho, Delta Tau Delta, Alpha Chi Sigma, Farmhouse, Beta Theta Pi, Psi Upsilon, Kappa Sigma, Phi Kappa Tau, and Delta Upsilon.

EAST LANSING, MICHIGAN — FRIDAY, APRIL 25, 1952

WEARY RIOTERS HALT LONG PRISON HOLDOUT

JACKSON (AP) — Convict rebels at Southern Michigan Prison, their five-day mutiny won, surrendered their fortress cellblock yesterday. They released eight groggy but unharmed inmate guards.

The 169 outliners discarded a pile of weapons—knives, cleavers, ball bats and clubs—outside their cellblock, a monument to the worst riot ever to sweep a Michigan prison.

A roaring cheer broke the tense silence of the vast prison as the last of the rebels walked out of isolation Cell Block 15 with the guards at 3:47 p.m.

One convict died during the flaming campaign of 6,500 dangerous inmates, many of them merciless fighters who would have paid with their lives for their crimes in other states. Michigan has no capital punishment.

Cell Block 15, punishment center for convicts who break prison rules, was the first seized and the last surrendered. General rioting in the world's largest walled prison ended earlier in the week.

A long-term convict in Block 15 tricked a rookie prison guard and captured him to touch off the riot last Sunday night.

Wives of the long imprisoned guards—some with babies clutched in their arms—screamed and sobbed hysterically in a mad dash into the arms of the freed but badly shaken hostages.

Gov. Williams came from Lansing to confer with prison officials at a State Police Post about a half mile from the main gate.

"I agree down," the Governor said, "to pay my respects to and congratulate the men who did the work of bringing the prison back to good order without the bloodshed which appeared to be impending."

Williams repeated congratulations to all hands "for keeping everybody alive."

Continuing the Governor said of his acceptance of the convicts' surrender terms:

"The agreement was necessary to bring this thing under control but it must be followed strictly to the letter. On the other hand, there is no reason for any coddling of the inmates. It is a matter of going ahead and establishing order and being firm."

Gov. Williams said he planned no personal inspection of the prison at this time. He added that his advisors on the scene had requested him to stay away from the area during the mutiny and that he accepted their advice.

Earlier today at Lansing, the Governor disclosed that the convicts failed to get all they demanded. He said they had insisted on no reprisals of any kind against the rioters.

Of course, such a commitment was out of the question," the Governor said. "Now, not even the See RIOTS, Page 4.

Until Bell Laboratories scientists design an electric mouth that can pucker, the human model is here to stay. But we have built a machine that can imitate human vocal characteristics—from the squeal of a girl's cheering section to the basso rumble in a men's dining hall.

Sound being a basic raw material of the Bell System, we have pioneered in the science of speech. Measuring the properties of your voice leads to better and cheaper ways to transmit it.

Keeping the world's best telephone system growing for our country is a big and challenging job. There are opportunities for college men with the right qualifications not only with Bell's corps of research scientists, but also in engineering, operations, and administration, with the Bell Telephone Companies and Western Electric, the System's manufacturing and supply unit.

Your campus placement office will be glad to give you more information.

Tennis Team Faces Broncs In Opener

With the spring four and the pre-season practice behind them, Michigan State's tennis team will get down to the serious business of opening their regular season tomorrow afternoon at 2 against Western Michigan.

The game is to be played on State's clay courts if the weather is favorable, however if the courts are wet the game will be played on the courts behind Macklin Stadium.

Dick Thompson will bring a well-balanced squad which had a 4-2 record on the southern tour. Dick Thompson, a freshman newcomer, gives his team strength in the singles. Thompson was runnerup in the Michigan singles championship held last summer.

The Spartans will field the same team that defeated an alumni squad Wednesday.

Last year's contest between the two schools was rained out. State holds a 4-2 advantage in games played with the Broncs so far.

Chest Drive Donates to World Fund

Foreign Students Receive Group Aid

Through Campus Chest, MSC works with more than 600 American universities aiding the World Student Service Fund.

WSSF will receive 30 per cent of Campus Chest proceeds to help needy students and professors throughout the world.

Funds are raised entirely from university contributions and provide food, educational materials, clothing, and medical aid.

Aid is given to refugees, DP's and tubercular students by establishing sanatoriums, rest centers and community centers.

WSSF is an international organization. There are 16 contributing nations and 18 receiving nations. Funds are allocated to the countries and communities in greatest need.

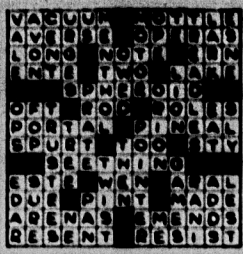

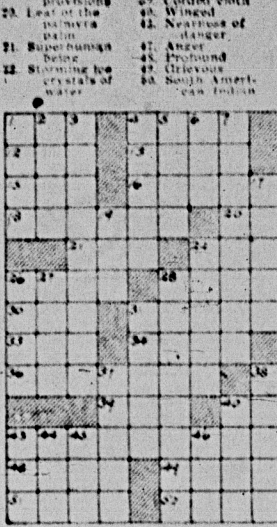

WSSF edits a monthly paper which tells how funds have helped needy students and professors throughout the world. WSSF works with the Care Book program and UNESCO Gift Coupon Plan in providing educational equipment, books and money. A major part of the funds are used for projects in Asia, Middle East and Europe.

In 1943 World Student Relief and International Student Service were combined into WSSF. Distributions are under the personal supervision of the central international office in Geneva, Switzerland.

WSSF is controlled by its national sponsoring organizations. These include the United Student Christian Council, which represents Protestant denominations; the Newman Club Federation; the B'nai B'rith Foundation; and the National Student Association which represents student government.

Riots

(Continued from Page 1.)
Governors could assure these citizens they would not be provoked under the laws of the state of Michigan nor any unlawful acts committed during the riots in Jackson. Nobody can make any kind of agreement to not abide the criminal laws. This was the matter which was discussed all day Wednesday. We couldn't agree to sign what the citizens wanted. We had changed to meet the demands of the Citizens' Demonstration. We are not signing.
