Chest Funds Discussed By Sheets

Charity Excluded From College Grant

By MEYER BUNCH
President Gaylord Sheets told the Student Congress at a meeting last night, "The college absolutely will not let us deduct money from this year's appropriation for purposes of charity."

He said that any money left from the college grant will be turned over to the new Congress for its initial operating expenses. Sheets stated he would recommend that the next Congress pay part of this year's and all next year's campus Chest expenses from receipts of the student tax.

"If they want to pay it all, that's up to them."

He also reported that the college had approved all expenditures for this term except \$350 for bowling shoes.

Congress received an offer from the junior class president, Don Hoot, to pay part of expenses for class officers to visit next Tuesday for class officers to conduct a "Chest" drive.

A bill to revamp present campus Chest organization will be considered at next Wednesday's meeting. Under the proposal, Chest would be governed by a Board of Directors appointed by the Student Government President. One member of the Board would be named chairman and would serve as chief executive.

Sheets commented that he thought the new bill should be passed. "For four years, MSC has licensed and operated Campus Chest. Throughout those four years, there has been much confusion and friction which has led to the resignation of several students. We can eliminate the friction by combining the Bureau heads and Commission."

Playing the lead roles will be Joe Calloway, head of the Public Education Department, Vincent Carey, exchange instructor from England, and Mrs. Marian Dicks, wall, speech instructor.

CIO to Meet with Wage Board; Nation-Wide Oil Strike Continues

Local Gas Deliveries Still Steady

Present Supplies Good Until May 15

By MARILEEN ALFORD

No sign of a falling-off in gas deliveries was reported yesterday by East Lansing service stations as the nationwide oil walkout continues.

Motorists are continuing to keep their tanks full, station operators said. "They fill the top half of their tanks with any amount from 17 cents worth to about \$2," one operator stated.

While some stations report a steady run of gas, several said the demand had slowed up since the weekend.

Delivery from refineries has been slowed but is steady, station operators said. Refineries have promised to notify stations if the shortage becomes acute, but no word has been received indicating this situation.

Meanwhile about half of Detroit's 3,000 stations have imposed some form of rationing.

The Automobile Club of Michigan is not discouraging travel, provided drivers do not stray too far from home.

Lansing supplies have been reported good until May 15.

Green Splash members rehearse in the Women's pool for the swim show which begins tonight.

Lambda Chi Schedules Junior 500

Derby to Draw 32 Entries May 17

Circle Drive will be converted into a speedway May 17 for the annual Lambda Chi Alpha "Junior 500" Pushcart Derby.

Thirty-two men's living units will be represented in this year's race, according to Robert Harkness, derby chairman. Each living unit will construct a pushcart and select a crew sponsor for its entry.

President John A. Hannah will be starter for the derby and Dean of Students Tom King will act as flagman. Lyle Thorburn, counselor for men, will be one of the judges.

As in previous years, relay runners will push the carts around the 2,000-foot Circle Drive course. The race will be run in heats with the first and second place winners of each heat racing in the final heat.

Humorous acts will also be entered in the derby and judged on appearance and ability to complete the course.

A running account of the race will be heard from a tower erected in front of the Women's Gym. During the race a pace car will relay the positions of the cars to the spotter, announcer and timer located in the tower.

Six trophies will be awarded to the entries placing first, second and third in speed or humor.

Last year's speed winner was Beta Theta Pi. The Beta car established a course record of 4:05 minutes. Theta Chi was awarded the first place humor trophy.

The derby was originated by Lambda Chi in 1948. They have sponsored the derby since then, awarding trophies and setting up pushcart specifications and derby rules.

The derby has spread from MSC to other campuses. The "Junior 500" is now held at San Jose State College in California and at the University of Miami in Florida.

Aqua Ballet Slated

Green Splash to Present 'Swim Out the News'

"Swim Out the News," presented by Green Splash, will open at 8:15 tonight in the Women's Pool for a three-night stand.

The annual show will follow a daily newspaper theme with acts depicting the headlines, women's page, sports, travel, comics, advertisements, entertainment, obituaries and pictorial page, according to Vicki Yangar, show chairman.

The Tri-State Quartet will open the program with the show's theme song, "Good News." They will appear again later with specialty numbers.

Brian Hatch and Pat Fearnside, who placed third in the National AAU Synchronized Meet, will present unique versions of the Charleston, complete with costumes to suit the era.

Joan Swenson, pianist, will be on hand with her rendition of "Arthur Murray Taught Me Dancing in a Social Circle." Miss Swenson will combine with Nancy O'Rourke, Sue Van Noppen and members of Purpose to present dance drama.

Directing the show is Miss Dorothy Kern, faculty advisor for the Aqua.

Spartan Engineer Sales Start Today

The Spartan Engineer will be on sale today and tomorrow at the Union Link, Olds Hall, Electrical Engineering and Agricultural Engineering departments.

The year's largest issue, 32 pages, contains all the "Super Science" and "Tremendous Atomic Age" material.

Austrian Movie

German Club members will view a travel movie of Austria tonight at 7:30 in the International Center.

Knight Says Dispute on Since 1951

Strike Postponed Three Times

DENVER (AP) — The nationwide oil strike will continue, O. A. Knight, president of the Oil Workers' International Union, said yesterday, adding that the union will attend a Wage Stabilization Board meeting Tuesday at Washington.

Knight, in a press conference, said the union will attend a long-time meeting to National Employment War Board chairman.

Knights of the history of the dispute and of the union's ability to resist industry participation in a wage board, he said, will be discussed.

Knight, in his telegram, said the dispute dates back to September 1951 and that three times the strike has been postponed. He said the strike actually went into effect almost two months after its original effective date.

We have patiently attempted to achieve settlements but to no avail. We have finally been forced to strike and we will continue striking until settlements are reached.

The strike for higher wages and increased night work pay began some weeks ago. It has had these effects:

1. Refineries producing nearly three million of the nation's daily gasoline barrels of oil daily have been shut down.

2. A 20 per cent slash in high-octane gasoline for commercial airlines and private planes took effect Tuesday.

3. The Air Force has required training flights, involving about 12,000 pilots at 17 bases to conserve fuel. Military flying in Europe and Alaska also has been curtailed by the Air Force.

4. Filling station supplies are dwindling in some areas, particularly Chicago and Detroit, and some operators are rationing gasoline to customers. But better-luck of the Interior Department and by nationwide rationing have been planned.

5. The government has extended to all but five states its restrictions on production of gasoline, diesel oil and other fuels.

6. Union leaders said the Interior Department will serve all applications for the approved services for oil products from truckloads, but all such requests approved by the department will be granted promptly by the union.

Music Program

Soprano Cecile Scott, M. P. student, will be selected for the music program in the Union Music Room at 4 p.m. today. The program is sponsored by the Union Board Music Committee.

The NEWS IN BRIEF

Reds Form Army

BERLIN (AP) — East Germany's Communist rulers announced last night they are forming an army to defend the Soviet zone against aggression.

Taft Wins in Ohio

COLUMBUS, O. (AP) — Ohio gave a thundering ballot box endorsement and 56 Republican presidential nominating delegates to native son Robert A. Taft yesterday.

Aid Bill Approved

WASHINGTON (AP) — The House Foreign Affairs Committee yesterday unanimously approved a \$6,885,000 foreign aid bill which includes Spain for the first time.

ENGINEERS

Engineering students prepare to host a sign in front of Olds Hall to welcome visitors to the Engineering Exposition which opens Friday.

Level Race of Deans to Highlight Annual Engineer Exposition

John G. Miller, dean of the School of Engineering, and Dean J. Wyngarden, dean of the School of Business and Economics, will take to the road in two old open model cars Friday at 2 p.m.

The complete loop of Circle Drive, starting at Olds Hall, will be the obstacle course for the novelty races which will be set on stands in the Engineering Exposition.

Dr. Miller had originally planned to take in the actual race, but the first race they will vie for prizes on the top of coke which will be set on stands in the Engineering Exposition.

The winner of the two races will have the honor of crowning the new queen, Mary Lee Abbott, Port Huron sophomore.

Engineers' Crown, which celebrated a year ago, is an annual event with a slide mounted on the top. On the slide is a "T-square, ruler, a gear wheel, and a look of engineering."

Exposition will be provided by the American Society of Mechanical Engineers in their collection of exhibits. A Ford car with plywood horses going down on each side, will have the engine paper covered in it. It will run continuously on the Saturday.

Engineering for a Stronger Nation will be the theme of the 200 exhibits open from 9 a.m. to 10 p.m., and from 9 a.m. to 5 p.m. The exhibits will be put on by the Engineering Council, which will be on the grounds May 10. The exhibits will be displayed by the Engineering Council, which will be on the grounds May 10.

The engineering shops next to Olds Hall an electronic sorter will be demonstrated. The sorter is an electronic device which sorts red, black, white balls. The power of the compressor, designed and made by the engineer, will be displayed by shooting three ping pong balls in the air.

Electrical Engineering

Senior women wearing caps and gowns were led by the new AWS president, junior class members were preceded by outgoing Mortar Board members while sophomore women were preceded by Tower Guard members.

The procession wound through Beal-Botanical Gardens, past what is now the Music Practice Building, by Beaumont Tower to the Forest of Arden, where a platform had been erected. From this platform, in front of the Library, the president of the College spoke to the group on the significance of the passing of the lanterns from class to class, symbolizing the handing down of responsibilities.

Club Presents 'Play Parade'

MSC's Speech Majors Club will present "Play Parade," a program featuring scenes from seven famous plays at 8:15 Monday night in the Music Auditorium.

Excerpts from "Taming of the Shrew," "Victoria Regina," "Love for Love," "Hamlet," "The Glass Menagerie," "The Heiress," and "The Drunkard" will be presented.

Playing the lead roles will be Joe Calloway, head of the Public Education Department, Vincent Carey, exchange instructor from England, and Mrs. Marian Dicks, wall, speech instructor.

Tradition for 29 Years

Lantern Night Ceremony To Fete Senior Women

BY MARION FISHER

Fifty-two senior women chosen by Mortar Board will be honored May 22 at the annual Lantern Night ceremony. New officers of Mortar Board and the Tower Guard president will be announced. AWS officers and the Tower Guard president will be installed.

President John A. Hannah will talk on the traditions and significance of Lantern Night. The ceremony is open to all coeds.

Women will meet at the south steps of the Union at 8:30 p.m. to receive their lanterns. The procession will wind from the Union past Beaumont Tower, through Beal Gardens and end at the president's home for the program.

Seniors will wear caps and gowns. In case of rain, the program will be held in the Music Auditorium. Mrs. Herman Halladay, wife of a former secretary of the college, has organized the idea of a procession through campus with women carrying lighted lanterns. The first ceremony in 1923 followed at the Halladay home, which is now the home of President Hannah, where lanterns were distributed to the class.

Senior women wearing caps and gowns were led by the new AWS president, junior class members were preceded by outgoing Mortar Board members while sophomore women were preceded by Tower Guard members.

The procession wound through Beal-Botanical Gardens, past what is now the Music Practice Building, by Beaumont Tower to the Forest of Arden, where a platform had been erected. From this platform, in front of the Library, the president of the College spoke to the group on the significance of the passing of the lanterns from class to class, symbolizing the handing down of responsibilities.

Fraternity Sing Slated For Tonight

Eighteen Groups To Vie for Trophy

Pressure of last-minute rehearsals for pitch perfection will end tonight, when 18 fraternities compete in the Alpha Phi Omega Fraternity Sing.

The contest is scheduled for 8 p.m. in the band shell. In case of rain it will be held in the Auditorium.

Fraternities participating in tonight's Sing in order of their appearance are: Phi Kappa Psi, Farmhouse, Delta, Tau Delta, Lambda Chi Alpha, and Delta Upsilon. Beta Theta Pi, Alpha Gamma Rho, Phi Kappa Sigma, Theta Xi, Chi Sigma Iota, Sigma Alpha Epsilon, Sigma Chi and Delta Chi will round out the program.

A jazz concert featuring Tommy Aquino at the piano accompanying singer Delores Meyer, will provide intermission entertainment. Jack Chandler of WKAR will act as emcee. The station will carry the contest.

The fraternities will enter a wide-open race for a new three-year traveling trophy. Chairman Don Stewart said.

To gain permanent possession, a fraternity must win first place three times—not necessarily in consecutive years.

In addition to the traveling trophy three smaller, permanent trophies will be awarded to the first, second and third place winners.

AWS has granted late permission of one-half hour after the program ends.

Mislead No Parking Sign Lately?

Lost-Found Corner Gives Free Service

By NANCY GOODGER

There is probably only one place on campus where everything from missing bottles to a lost parking sign can be found.

That place is the combined lost-and-found department of the Union Building.

Open from 7:30 a.m. until 10 p.m. Sunday through Thursday, and until midnight on Fridays and Saturdays, the service checks any article within reason free of charge. However, if the claim stub is mislaid, as is frequently the case, a 25-cent fine is levied. This is refunded if the stub later turns up.

The lost-and-found part of the service is open from 7 a.m. until 11 a.m., and from noon until 4:30 p.m. Monday through Friday. Articles are kept for 90

days, then turned over to charitable organizations. If a name is found on the article, the owner is notified.

Theodore P. Bauer, manager, said that custodians and other finders of mislaid articles often do not bring them in for several days. For this reason, he explained, continued checking with the service may produce results.

Davey Pounds Out Decisive Win

x-Spartan Floors Vejar Four Times

CHICAGO (AP)—Undeclared Chuck Davey, scoring four knockdowns, last night easily defeated Chico Vejar in the welterweight battle in Chicago Stadium.

Decision of the two judges was unanimous. Making the fight a hard-fought one, Davey scored with a right hand in the fourth round. The fight was a close one in the first and second rounds.

Davey, a southpaw, and outmaneuvered the New York University freshman by a fast attack to the head and body.

Vejar, who had never fought before, was unable to land a blow in the first round. He was knocked out in the sixth and seventh rounds.

Vejar, who had never fought before, was unable to land a blow in the first round. He was knocked out in the sixth and seventh rounds.

Vejar, who had never fought before, was unable to land a blow in the first round. He was knocked out in the sixth and seventh rounds.

DAVEY

Umpire Robb Hired by AL in Direct Switch

CHICAGO (AP)—President Will Harridge of the American League yesterday hired Douglas W. "Scotty" Robb, who quit his National League umpiring job three days ago after being disciplined and fined by the senior circuit's boss, Warren Giles.

The direct switch of leagues by an umpire under such circumstances is unprecedented in the majors.

In taking the action, Harridge praised Robb as "the kind of gentleman we like to have on our staff."

Robb, a four-year veteran of the National League, was accused of pushing Manager Eddie Stanky of the St. Louis Cardinals during a game at Cincinnati April 22.

Giles at a subsequent hearing fined Robb a sizable amount and much greater than the combined fines of the players involved.

Spartans Favored

Badgers Here Saturday For First Outdoor Meet

Michigan State's up-and-coming track squad, fresh from a one-sided win over Penn State last week, takes on Wisconsin here Saturday in a dual encounter opening the home outdoor season.

The clash will mark State's only appearance against a Big Ten foe in a dual meet during the 1952 outdoor season, and is one of two home meets scheduled. MSU enters the Syracuse May 17.

In the Badgers, Karl Schladerman's runners face a team that finished sixth in the Big Ten indoor meet, one place below State, and who dropped their first outdoor start to Iowa, 72-59.

For the Spartans, the picture is bright. Several members of the team, turning in excellent performances in the 91-46 rout of Penn State at State College, Pa., are expected to give State a slight edge over Riley.

Pre-meet comparisons give State a slight edge over Riley. State's Wisconsin team. The Spartans expect to score heavily in the sprint hurdles, shotput, and high jump. While Badger strength will come in the 440, pole vault, and in the mile relay.

Capt. Dick Henson will be in the lineup again this week for the Spartans. Henson was sidelined by an injury incurred during the indoor season but returned to action last week against Penn State and took thirds in both sprint events.

Gov. Williams Signs Bill Hiking Compensations

Drug Sellers To Get Stiff Sentences

By The Associated Press

A bill increasing some workmen's compensation benefits was signed into law by Gov. Williams yesterday.

The measure increases the maximum benefits to the dependents of employees killed at their work by \$4 weekly with the maximum ranging from \$28 to \$38 weekly, depending on the number of dependents.

The minimum death benefit is increased \$3 weekly varying from \$16 to \$24.

Signed also was a bill providing heavy prison sentences up to 40 years for the sale and possession of narcotics.

The governor vetoed a bill creating a new judicial district in the Upper Peninsula to be composed of Menominee, Iron and Dickinson Counties, now joined with Marquette and Delta Counties.

Williams agreed there was a disparity in the work loads of the circuit judges, requiring a re-alignment of circuits, but he objected to a "patch-work" change.

New narcotic penalties include imprisonment for 20 years for illegal sale or dispensation of narcotics, 10 years and \$5,000 for illegal possession on a second offense and a third offense possession charge 20 to 40 years and \$5,000.

Williams signed a \$37,836,000 mental health appropriation, contending it was inadequate and endangered the safety and care of insane patients.

Williams also approved, with reservations, a bill requiring Senate confirmation of the governor's appointment of a state police commissioner.

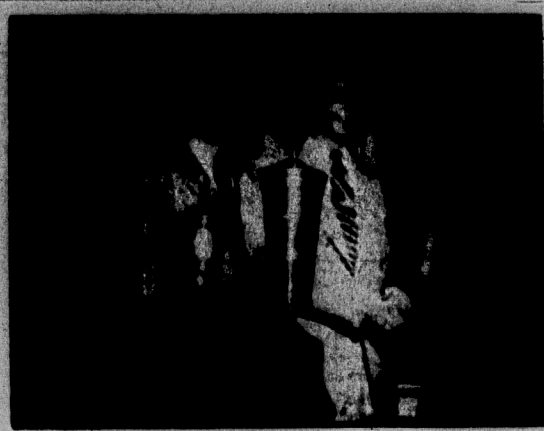

The measure repeals a former law giving the governor the right of appointment without confirmation.

Letter

(Continued from Page 2.) surrounded, bitten and pawed at by the horses, and when the big brave cowboy came out and kicked the bewildered animal as it tried to hide, and that there was applause at the end of this performance was also sickening.

If the group involved can find no other means of showing off their skill than by this sort of sadistic mauling of small animals, I suggest the Campus Chest get along without their contributions.

Patricia Houghton Beeman, Class of '45

—State News Photo by LaFond
Intramural speech contest winners receive their awards from Bob Guyot, Pleasant Ridge senior, extreme right. Winners are (left to right) Jerry Griffith, Auburn, Ind., freshman, third place; Phillip Van Allsburg, East Lansing senior, second place; and Mal Bertram, Springfield, Mass. freshman, first place.

Bertram Takes First Place

Three Winners Named In Speech Competition

First place trophy for the Intramural Speech Contest was won by Mal Bertram, Springfield, Mass., freshman, with a talk on "Why Do We Need a New College Library?" according to Bob Guyot, Pi Kappa Delta president.

Phillip Van Allsburg, East Lansing senior, took the second place award in the third annual contest sponsored by Pi Kappa Delta, speech honorary. Van Allsburg's topic was "Student Apathy."

Another speech on the "College Library" won third place for Jerry Griffith, Auburn, Ind., freshman.

The roving trophies will be engraved with the winners' names and living units. They will stay in the living units until next year's contest.

Judges for the five-to-seven minute speech on a campus topic were the following members of the Written and Spoken English Department: Theodore Kennedy, Charles Fulkerson, Dana M. Woodbridge, William Baker and Charles Linkletter.

Nursing Director
Florence C. Kempf, director of nursing education at MSC, will take a leading role in the Ohio State League of Nursing Education Conference Thursday through Saturday at Dayton, O. Theme of the conference is "Evaluation of Student Progress in Clinical Nursing."

Funds

(Continued from Page 1.) Chest workers "for their magnificent job of collecting almost \$8,000."

Student Congress members agreed to allow the name of Douglas Van Zandt to appear on Tuesday's ballot for East Shaw's Congress seat.

They defeated a measure to permit Cort Lecklider, Grosse Pointe, to campaign for sophomore treasurer. Lecklider failed to hand in his petition for office before the petition deadline.

Resolutions passed by the group provides for an all-college mixer to be held on the tennis courts May 24, the elimination of final exams for graduating seniors and a five-member student committee to consult and meet with the Director of the Lecture-Concert Series.

Reds Reject Compromise

MUNSAN, Korea (AP)—Korean truce talks—verging on collapse after Red rejection of the Allies' final compromise offer—continue at Communist request today. The outlook is dark.

The Reds gave no reason in asking for another top-level session at Panmunjom at 11 a.m. (9 p.m. EST Wednesday), with the shroud of secrecy removed.

Secret negotiations broke down Wednesday over the key issue of prisoner exchange.

The United Nations command, declaring it never would force prisoners to return to Red soil against their will, said bluntly that further debate was pointless and called for an indefinite recess. Each side said it was up to the other to give in.

Race

(Continued from Page 1.) Building will hold displays of television, electronic relay, sound velocity measurement and industrial rockets. An oscilloscope which photographs sound waves will show the velocity of voices. The Doughty Detector, named after a former MSC engineering professor, will detect with its radar-like quality the slightest object placed within its detecting radius.
