

President Hannah welcomed the General on his arrival at Kellogg Center.

Following a luncheon at the Kellogg Center he leads a nine-car motorcade into downtown Lansing.

The Pacific hero reviews the parade in his honor from the reviewing stand.

Speaking before the Legislature the General ends his visit to the State Capitol.

BACK TO CLASS AGAIN AFTER THE PARADE

## BOARD APPROVES TUITION INCREASE

### MacArthur Gets Quick View of Lansing

#### General Stands Up Well Under Trying Schedule

By BOB POPE  
General of the Army Douglas A. MacArthur is in Detroit following his whirlwind, day-long visit to Lansing East Lansing yesterday.

MacArthur who arrived by plane yesterday morning had a full schedule to meet and held up better under the strain than would normally be expected of a 72-year-old man.

After being greeted at the airport in the morning by Rep. William Broomfield (R-Royal Oak), chairman of the state committee, and Governor Williams, MacArthur said, "I want to respond to the very cordial welcome given me by your governor and the State of Michigan and the city of Lansing. Both Mrs. MacArthur and myself look forward to seeing several old friends and making new ones."

The General then rushed by motorcade to the Oldsmobile plant in south Lansing. He was shown both civilian and military products being manufactured there.

A group of employees who served under the General both on Bataan and in Korea were on hand to pay their respects.

Leaving the Olds plant, the caravan of convertibles headed for the Kellogg Center. The General's car was decked out with a five star General's flag and license plates.

Arriving at the Kellogg Center, MacArthur was welcomed to the College by Pres. John A. Hannah. Speaking briefly to the multitudes gathered in hopes of getting a look at him, MacArthur said, "This state is famous for its hospitality and I'm sure that it's outdoing itself."

Meredith Clark, president of the Michigan Press Association, then presided over an informal welcoming session and 350 to 400 guests stood in line to shake hands with the General.

At a banquet in the main ballroom, MacArthur was seated next to the Governor.

#### Foul Idea Ballgame Perils Acres of Glass In UN Building

UNITED NATIONS, N.Y. (AP)—Sandlot baseball created an international emergency yesterday when guards found youngsters playing within baseball range of the 39-story, glass-walled UN headquarters.

With 15 vertical acres of glass in the line of fire, the guards hustled the kids off the grounds and the emergency was over.

#### Truck Mishap Hospitalizes ROTC Cadets

Two ROTC cadets were hospitalized and 28 others escaped injury yesterday afternoon when a wooden partition on a trailer loaded with ROTC students gave way and sent them plummeting to the ground.

The cadets were returning from the MacArthur Day parade.

Nick Labeda, Royal Oak sophomore, received a broken leg in the pile-up and Jon Stensen, Baraga freshman, suffered a possible leg fracture, according to Dr. Charles Holland, college health director.

Another student, Jim Jehu, Grand Rapids sophomore, was also taken to the hospital but was released with minor injuries.

The accident happened on the corner of South Cedar and Saginaw in Lansing. Police said the driver stopped abruptly for a red light and the cadets were shoved against the partition with enough force to snap it.

Witnesses said Stensen's foot was caught under the trailer and in the confusion to free him, the trailer ran over his foot again before he was freed.

Finally, at 3 a.m. the day of the race, the Lambda Chi received another call telling them they could pick up their lost cart at a local drive-in theater. The culprits still haven't been found.

But the cart is still safe this year, and the race will start as scheduled tomorrow afternoon at 1:30 p.m. in front of the Women's Gym.

Gov. G. Mennen Williams and President Hannah will be on hand to award trophies to the winners of the race.

Other derby dignitaries are

The General's day began at the Capitol City airport yesterday morning, when he was greeted by the Governor.

#### Petitions Due This Afternoon For '52 Club

Only 33 membership petitions have been received by the '52 Club Committee, according to Gayle Mathias, a member of the committee.

All seniors who wish to petition for membership in the '52 Club should have their petitions in the ballot box at the Union Desk by this afternoon.

The club is the class alumni organization for those who have been active in college activities and who would be interested in organized alumni activities.

Fifty seniors will be selected by the club committee from those petitioning. Names will be announced at the Senior Swingout May 26. Fifty seats will be reserved at the Swingout for new club members.

Dean of Students Tom King, who will be flagman at the race, and Lyle Thorburn, counselor for men, who will be one of the judges, President Hannah will be derby starter.

A convertible parade of the coed sponsors will start at 1 p.m. from the Lambda Chi house.

Thirty men's living units have entered pushcarts in this year's race.

The race will be run in heats around 2,000-yard Circle Drive with the first and second place winners of each heat racing in the finals.

#### Flashbulbs Pop as Photogs Catch Mac With Spoon in Hand

General of the Army Douglas MacArthur sat quietly eating a strawberry sundae yesterday while photographers at the Michigan Press Photography Conference pressed against the speakers' table and flashbulbs popped.

The shooting session in the main ballroom of the Kellogg Center was the featured part of the second day's program.

The Conference, sponsored by the Journalism Department under the direction of William K. Cumming Jr., began the day with a symposium on sports photography.

Certificates for "achievement in photography" were awarded at a luncheon. Bert Emanuel, of the Detroit Free Press, received the best picture story award for a series on commuters.

Of the 415 pictures submitted by 42 photographers, judges gave individual print honors to Tony Mazmanian and Rolly Ransom, of the Detroit Free Press; Bernard Gold, Steve Sinitz, Jack Winer, Howard Shirley and Ed Nold, of the Detroit Times.

Doug Kennedy and Tony Spina, of the Detroit Free Press, presented the best picture portfolios. Spina also holds the Michigan State "Achievement in Photography" award.

#### New Rates to Take Effect Fall Term

An increase in tuition fees was approved by the State Board of Agriculture at its monthly meeting yesterday.

Fees for all state students except those in veterinary medicine will be raised from \$47 to \$55 per term. Course fees for veterinary medicine students will be increased from \$92 to \$120 per term. The out-of-state fee will remain at \$75 per term.

The new rates will take effect fall term. This is the first increase in tuition fees since 1946.

The tuition increase has been contemplated ever since the State Legislature passed a budget which left MSC with insufficient funds to maintain its present level of operations.

At the time Pres. John A. Hannah announced that an increase might be necessary even though the college planned to curtail some of its operating expenses in other ways.

The budget did not provide for enough money to offset the declining enrollment, the loss of veteran's fees, and inflated operating expenses.

One big drain was a \$138,000 increase in college salaries and wages last January. The Legislature would not grant a deficiency appropriation to cover the raises. The first six months of this increase must be absorbed by the 1952-1953 appropriation.

When the tuition raise was first considered, Comptroller Philip J. May pointed out that a \$20 hike was justified by cost-of-living increases since 1946. However, he expressed the unwillingness of the administration to raise the tuition any more than was absolutely necessary. "Even an increase of \$10 would price borderline students out of college," he explained.

Veterans' spring term supply cards will expire May 23, according to Ray Yerke of the Veterans Affairs Office.

#### New School Created by State Board

Education Division Elevated in Status

MSC's Division of Education will become the School of Education July 1.

The change was approved yesterday by the Board of Agriculture.

The new organization does not represent an expansion of the teacher-training program. Dean Lloyd C. Emmons of the School of Science and Arts explained.

Rather it is designed to give the program an administrative framework equal with its large and significant role in the college's total educational program, he added.

Dean Emmons was chairman of the reorganization program. The Division has been under the School of Science and Arts in the past.

A dean has not been selected for the new school.

The new school will consist of six departments: Secondary Education, headed by Dr. Cecil V. Millard; Elementary Education, Dr. Troy L. Stearns; Vocational Education, Dr. H. M. Byram; Guidance and Counseling Training, Dr. Raymond N. Hatch; Educational Administration, Dr. Clyde M. Campbell; and Higher Education, Dr. Milosh Muntyan.

The Departments of Guidance and Counseling Training, Educational Administration and Higher Education will remain in the School of Science and Arts.

#### NEWS IN BRIEF

##### Tanker Burns, Sinks in Canal

WILMINGTON, Del. (AP)—A tanker carrying 840,000 gallons of high octane gasoline burned and sank after a collision with another vessel yesterday in the Chesapeake and Delaware Canal. Four missing crewmen went down with their ship, the captain said.

##### Navy to Build First Atom Sub

WASHINGTON (AP)—The Navy announced yesterday that the keel will be laid next month for the Nautilus, the nation's first atomic-powered submarine.

##### Dever to Keynote Dem Convention

CHICAGO (AP)—Democrats yesterday chose Gov. Paul A. Dever of Massachusetts to deliver the keynote speech at their national convention.

##### House OK's Tax Deduction

WASHINGTON (AP)—The House voted tax relief to all members of Congress yesterday. An Internal Revenue official said the plan would permit the lawmakers, in figuring their income tax, to deduct all expenses while in Washington.

#### Lambda Chi Pushcart Remains Unharmd

Lambda Chi pushcart on the Union Concourse reported missing about 10 days ago. A janitor mysteriously disappeared the night of the disappearance. The janitor said they had no knowledge of what had happened to the cart.

MARY LOU FOLGER  
The day before the race, the Lambda Chi entered the Union Concourse in the Union Concourse.

# Oil Tieup Nears End as CIO Unions Settle

WASHINGTON (AP)—O. A. Knight, top strategy-maker for the CIO unions involved in the nation-wide oil tieup, said last night "we are calling off the strike," and government officials foresaw a quick end to the 16-day walkout.

## Rule Set for Island

New Policy Ends  
Soft Measures

DETROIT (AP)—A new era of firm rule was set yesterday for the island, ending soft measures that allowed Red prisoners to negotiate with their captors, "insulting signs," and other "bothering" tactics.

Gen. Hadden Boatner, who had been taken over by the prison island scene, said he would, of course, have to learn who was in the new strict policy.

Boatner talked with the three prisoners, but they refused to be taken out of the island.

Boatner said he would, of course, have to learn who was in the new strict policy.

Lincoln Stegman, Buffalo, N.Y. senior, and Charleen Ball, East Lansing senior, demonstrate another phase in the "sidewalk dilemma" — the couple who can't agree on which way to go. Miss Ball eventually won out.

## Which Way Today?

# Challenge Offered By Union Sidewalk

Want a new problem to add to those you're collecting around the campus? Here's one you may have thought you had solved.

The sidewalk that leads to the main south entrance of the Union Building splits into two branches a few yards from Circle Drive. No one has a "concrete" answer why.

Now to the wax of the problem. Do you ever walk to that building front and hesitate? How do you decide which way to go? Eventually you'll reach the front door of the Union, but which path did you take?

"Which path is shortest?" you may ask. The builders, mappers and surveyors know, but have you ever paced off the distance for yourself?

Perhaps your physical make-up affects your decision. If you're right-handed, you go right; you travel left if you're a southpaw. If you're ambidextrous, well...

The sidewalk is probably drawn to the path which offers more "bello opportunity," while the introverted goes the "path of least resistance."

A schizophrenic would be elated to find that here at last is a path for each of his split personalities.

Sun worshippers are governed by whichever walk "Old Sol" chooses to smile upon.

A noon-hour survey recently showed that 115 students used the right walk (facing the Union), while 149 students and a dog used the left. One person walked up the middle.

The walk is a possible obstacle to romance, as the hand-in-hand couple must decide which way to go, or part temporarily, at least.

The gridiron on the trail of two cords must quickly decide which he will follow and ask for a coffee date.

But whether the right sidewalk was put there by a frustrated landscape artist to provide food for thought, or because the contractor had some cement left over, it will probably remain a dilemma to few students until they, like the rest of us, become settled in their walk.

There is no evidence that a given sex has any authority over a given sex, but the may be the mother of millions of bees.

## Speech

(Continued from Page 1.)

Government and sets the stage for the emergence upon the American scene of the ugly threat of a military state," stated MacArthur.

MacArthur, then directed his attention to our European preoccupation in foreign policy which is, "so great we almost entirely ignore the enemy in other areas and even allow continental Asia to go by inertia and default."

"Nothing threatens us more acutely than our financial irresponsibility and reckless spending policies," stated the General. He asked that the government be reoriented away from the "Karl Marx Communist aim of redistributing the wealth and of sharing the fruits of private enterprise."

Calling for an economic policy of reason and stability, MacArthur declared our arms economy bred in an artificially induced psychosis of war hysteria.

"Such an exhaustion of our economic health is what the leader of the Kremlin most desires," said MacArthur.

"Because of that which I have seen and heard since my return to this country, I have been impelled to expose for public consideration the failures and weaknesses, as I view them which have brought our once righteous and invincible nation to fiscal instability, political insecurity and moral jeopardy."

MacArthur warned against underestimating the peril from internal forces seeking destruction of American institutions. "It must not be scoffed at as our present leadership has been prone to do by harking children's epithets."

MacArthur stressed "our need for patriotic fervor and religious devotion."

He pointed to "the jeopardy to our independence by the high-handed and reckless course of foreign-dominated national policy" and concluded by quoting George Washington's statement, "Let none but Americans stand guard tonight."

# Aqua Show Tryouts Set For Sunday

Committee to Pick  
Eight Carnival Acts

Auditions for Water Carnival entertainers will be held again Sunday from 10:30 to 2 p.m. in the Union Ballroom with the Publicity Committee judging.

The eight acts chosen will sign contracts and receive pay for the three-night program. All those wishing to audition or who were not accommodated at the first date must appear at this final audition, according to Al Laster, publicity chairman.

Entertainment will appear between floats. Professionals will also be signed to complete this part of the dress-up campaign.

Types of acts needed are impersonators, tap dancers or tap teams, comedians, novel acts such as jugglers and puppeteers, quartets and male and female soloists singing popular music. All contestants are requested to provide their own accompaniment.

At last night's Water Carnival meeting, including committees and living unit representatives, the set-up of the entire show's procession was presented in a proposal to the group with general acceptance.

The individual acts to be auditioned will follow a plan to coincide with float schemes in the community. Movie stars such as Betty Hutton and Marilyn Monroe have been invited to participate, although acceptances have not yet been received.

## Visit

(Continued from Page 1.)

room at the Kellogg Center, MacArthur was introduced to MPA members by Carl M. Saunders, editor of the Jackson Citizen-Patriot. Saunders described MacArthur as "colorful," that is, he isn't fading at all.

Although the General was not scheduled to speak at the luncheon, he acceded to a request that he lead the group in reciting the Lord's Prayer as he once did with his men on Corregidor.

Seated at the banquet table with MacArthur were his aide, Major Gen. Courtney B. Whitney, Lt. Gov. William C. Vandenberg, Speaker of the House Victor A. Knox, Brookfield, Assistant Chief Justice John DeWitt, General Motors President C. E. Wilson, President Hannah, Saunders and Ralph Crogo, mayor of Lansing.

While the General was attending the luncheon, his wife was the guest of honor at a luncheon in the Union. The luncheon was attended by Legislative wives, Mrs. Harry F. Little, wife of the Senator from East Lansing was chairman of the meeting.

MacArthur called for his wife at the Union and the interlude moved on to the 1500 block of East Michigan Ave. where a parade led by the MSC marching band marched to the State Capitol Building.

Also included in the parade were 3,500 ROTC students, 19 high school bands and a group of girls from Holland, Mich., clad in native Dutch costumes.

At the Capitol the General presented Mrs. Roland C. Heintzelman of Lansing with a Silver Star medal awarded to her husband, Lt. Roland Heintzelman, posthumously. Heintzelman was killed in Korea in October, 1951.

Following a brief speech at the Capitol, MacArthur returned to Kellogg Center to rest before presenting his speech to a joint session of the Legislature, last night.

# Awards Given To ASCE Men

Peter Stukkie, Alma senior, received an engraved plumb hob, an engineering tool, for outstanding service to the student chapter of the American Society of Civil Engineers at the spring banquet in the Union Wednesday night.

John Lynch, Sault Ste. Marie junior, was awarded a senior-year membership for maintaining the highest scholastic record.

Lifetime memberships in ASCE senior chapter went to Lansingites Otto E. Eckert, general manager of the Water and Electric Light Commission, and James L. P. Scott, an engineer for the U.S. Bureau of Public Roads.

John Reid, state commissioner of labor and industry, spoke to senior and undergraduate members from all over Michigan.

**machines are amazing  
but men are more so**

"Young ladies, if you will direct your attention to the complex telephone equipment on the left, I think you'll agree with most folks who tout our telephone offices that it is exceedingly impressive."

We think so too. But the minds of the men who developed it are even more impressive. Some people use "the human element" to denote weakness. In the Bell System, we believe our greatest asset is our people.

They make headlines in fires, hurricanes and floods. But much more important, they give the world's best telephone service all year round.

As the Bell System continues its growth, new and even more amazing machines are being created. And along with this growth is the need for college men with the right qualifications for work and opportunity in a variety of fields—in engineering, research, operating and administration.

BELL TELEPHONE SYSTEM

## Mat Show to Raise U.S. Olympic Funds

Dale Thomas, Michigan State physical education instructor, who will wrestle for Uncle Sam in the Olympics this summer, will headline a special wrestling show in Lansing next week to raise Olympic team funds.

### Druetzler Set For 1500 Race In LA Relays

LOS ANGELES (AP)—Top ranking track and field stars of the nation gathered yesterday, ready to turn back the pages of time to the 1932 Olympic games and rewrite a few records tonight.

Some of the world's leading candidates for the 1952 Olympics will be gunning for Memorial Coliseum marks still standing from that Olympiad of 20 years ago.

Leonard Eyre of England and Dennis Johansson of Finland and Purdue are featured in the 1,500 meter run.

These athletes are among the standouts in a galaxy of stars who promise to turn the 12th annual Coliseum Relays into a multi-ring circus before 50,000 or more fans.

No one is a cinch winner, either. In the 1,500 meters, for instance, Eyre and Johansson compete against such distance men as Don Gehrmann and Warren Druetzler, former Michigan State star.

In the discus, world champion Fortune Gordien, Sam Iness, and Dick Doyle are the big three.

## Carey Makes Last Appearance Before Home Crowd Tomorrow

By TOM RYAN

Michigan State's greatest athlete of the modern era will make his final appearance before a home crowd tomorrow.

Bob Carey, all-American football end, all-American shot-putter and regular center on the basketball team for three years, closes his brilliant career on home ground in the MSC-Syracuse track meet at 1:45 p.m.

"I certainly hate to see my college career come to an end," Carey remarked. "It's been the most interesting part of my life."

"It wouldn't have been possible without the cooperation of the coaches, my teammates, the student body and the press. They've all been wonderful to me," he continued. "It's been a pleasure to be here with all the fine coaches and wonderful teammates."

Karl Schladehan, track coach, called Carey the greatest all-around athlete he had ever coached.

"There are better track men but not any better all-around athletes. He could have been the greatest shot-putter and discus thrower in Michigan State history if he hadn't been an all-around athlete. But I think Bob did exactly the right thing in playing all sports," Schladehan stated.

"We'll miss Bob, he's a tough

guy to lose and is well liked by his teammates," Schladehan added.

Basketball Coach Pete Newell also praised Carey's all-around ability. Said Newell, "One of the

truly great all-around athletes will be passing when Bob's career at MSC closes. We, in basketball, feel very grateful to Bob for his unselfish help in our program. I have been extremely proud to be one of his coaches."

Carey will be State's first nine letter man since the freshman rule was put into effect, limiting varsity sports competition to sophomore, junior and senior years.

Bob was captain of the 1951 Spartan football team and was a consensus all-American selection. He was the first draft choice of the Los Angeles Rams professional football club.

For the best part of three seasons, the 6'5", 215-pound Carey was MSC's basketball center. He scored 174 points in his sophomore-year and just missed the 200 mark last season, dumping in 196 tallies.

In track, Carey won the Big Ten shot-put championship last spring and the Drake Relays title earlier this season. His toss of 53 feet, 2 1/2 inches won him a berth on the all-American track team in 1951. Bob also competes in the discus throw, his best heave up to date being 140 feet.

"Bob has a rare combination of athletic ability and quick reactions," athletic director Ralph Young pointed out.

"But while we are all proud of his athletic ability, we are

just as proud of his fine character and manners," Young said. "He's indeed a fine young gentleman."

Tomorrow will be the chance for Michigan State students to watch a great athletic action, perhaps the greatest Michigan State history.

Just as proud of his fine character and manners," Young said. "He's indeed a fine young gentleman."

Tomorrow will be the chance for Michigan State students to watch a great athletic action, perhaps the greatest Michigan State history.

### Eight-Run 9th Hands Brones Win Over ND

SOUTH BEND, Ind. (AP)—Western Michigan was within one out of an 8-2 loss to Notre Dame but whipped the baseball- Irish yesterday, 10-8.

Pitcher Juane Emaar and catcher Al Horn each slammed three-run homers in the eighth-run ninth off reliever Tom Burrowski. Burrowski had replaced starter Stan Konopka after he weakened to yield two runs and put two runners on base. Konopka had a two-hitter for 8 1/2 innings and struck out 12 batters.

Emaar, the fourth Brones pitcher, couldn't finish it, however. He yielded a single and two walks to fill the bases in the home half of the ninth, and Wayne Hastings came in to get the side out on a double play ball.

### Snead Takes Command at New Rochelle

NEW ROCHELLE, N.Y. (AP)—Sam Snead, cannoning two eagles, shared a five-under par 67, and piled up a staggering total of 22 plus-points today to capture the first round lead in the Star-Spanish round-robin golf tournament.

It was the biggest point production ever achieved on the opening day of this 15-year-old mathematical links bazaar.

Snead, PGA and Masters titleholder, amassed his point advantage at the expense of British Open Champion Max Faulkner, defending champion Roberto De Vincenzo of Argentina, and Byron Nelson, the golf king of the '40s.

Faulkner and De Vincenzo each had a 75 and wound up with minus 10 points. Nelson shot a 72 and was minus two.

Under the intricate scoring system, each player matched his score with that of the other players in his foursome.

Six points back of Snead, with a blue 16 score, was the event's only home professional, hulking Claude Harmon. Harmon shot a 33-35-68 and missed a chance to match Snead's round by flubbing a foot and a half putt for a six on the final hole.

None of the players of the Cleveland Indians roster hails from the city of Cleveland. Only one player was born in the state of Ohio.

The Dodgers got to loser Murry Dickson for their runs in the first inning on singles by Pee Wee Reese, Jackie Robinson and Roy Campanella, a walk and an outfield fly by Duke Snider.

Loes, signed for \$22,000 after a sensational high school career in neighboring Queens, walked only two and fanned seven in his brilliant starting debut.

Winner of three decisions on reliefs, Loes became the top Dodger winner with a perfect 4-0 record after subduing the Pirates.

Pittsburgh 000 000 000-0 6 0 Brooklyn 200 000 000-2 5 1 Dickson and Garagiola; Loes and Campanella.

### Bosox Finally Win Roberts Wins No. 6 Loes Stuns Pirates

PHILADELPHIA (AP)—Robin Roberts spaced five Cincinnati hits last night to register his sixth win against one loss as the Philadelphia Phillies downed the Red Sox, 1-0, in a thrilling pitcher's duel.

Jackie Mayo clouted a round tripper for the winners in the second.

The victory was especially sweet for Roberts because he chalked up the win over the Red Sox, a thrilling pitcher's duel which ended a six-game losing streak yesterday.

The hard-luck loser was Holcombe, making his first start in quest of his first win against two losses.

Holcombe was in a jam each of the first three innings and finally was nicked for a home run in the fourth. He yielded the fourth of five walks in the game to the St. Louis Browns with one out, stole second, went to third on an error, and scored on Lou Holt.

Loes, signed for \$22,000 after a sensational high school career in neighboring Queens, walked only two and fanned seven in his brilliant starting debut.

Winner of three decisions on reliefs, Loes became the top Dodger winner with a perfect 4-0 record after subduing the Pirates.

Pittsburgh 000 000 000-0 6 0 Brooklyn 200 000 000-2 5 1 Dickson and Garagiola; Loes and Campanella.

# Trucks, Wertz Combine for No-Hit, 'Storybook' Win

## Dramatic Blast Caps Perfect Mound Job Boilermakers, Hoosiers Invade

DETROIT (AP)—Fireballing Virgil Trucks, who hadn't pitched a game this year, pitched 1952's first major league no-run game yesterday. But it took Vic Wertz' dramatic 1-0 victory over the Washington Senators.

Trucks, a 33-year-old pitcher, didn't give up a hit. He struck out Vernon, the last batter to hit.

Senators drove 12 flies to outfield, eight grounders and 10 of them struck out.

Trucks came to bat after Pat Rife drove a fly ball just five feet short of the right field fence. After letting the ball go by, Wertz drove home the run.

Trucks, who had looked like a no-hitter going into the game, pitched a perfect game. He struck out 12 batters.

Trucks, who had looked like a no-hitter going into the game, pitched a perfect game. He struck out 12 batters.

## Spartans Out to Profit at Expense of Tailenders

By DON CAMERON  
When Michigan State takes the field at 3:30 today against Purdue, it will be trying to follow a familiar script that carried the New York Yankees to so many world championships. Namely—break even with the tough teams and sweep them all from the tailenders.

So far the Spartans have managed to hold their own with such tough contenders as Michigan, Minnesota, and Iowa. Now comes their big chance to get back in the running for the league lead.

Purdue is in eighth spot in the standings while, tomorrow's foe, is entrenched firmly in the basement with only one win in eight games.

Purdue, with a 3-5 record, could prove a stumbling block, however, as it is on the up-surge after winning its last two games against Iowa. In both games the Boilermakers received light five-hit pitching to down the same Hawkeye team that gave the Spartans so much trouble.

The leading batter in the conference, Harry Haines, will be stationed in center field for the visitors today. He owns a .469 average to go with the .350 mark he ran up last season. Another dangerous swinger will be first baseman Barnes who is hitting .310.

Tom Lawson, unscathed upon

in 13 straight innings, will be Coach John Kobs' choice to oppose either Rosenbaum or Blind of Purdue.

Two Spartan hitters have been on the rampage lately and will try to pick up where they left off last week against Michigan. Dick Moser has seven for 12 at the plate and Ray Lane six for 12.

Moser, who has been shifted to first base and the lead-off position in the batting order, drove in three of the team's six runs in last Friday's game while Lane has been exploding the team's most solid blasts of the season lately.

Besides smashing a homer at Ann Arbor, Lane was robbed here Friday when Michigan's left fielder reached over the

WEBER ANDRES ESPOSITO

## Coach Trades Win Streaks

NILES (AP)—Terry Carey, whose football teams at St. Johns high school have run up 26 straight wins over the past three seasons, will try to keep another winning streak going.

Carey was announced yesterday as the new head grid coach at Niles high, which has an 18-game victory string.

Carey, who is 29, is a product of Central Michigan College. He replaces Al Lewis, who resigns May 19.

## Big Ten Standings

	W	L	Pct.
Illinois	7	2	.778
Wisconsin	6	3	.667
Michigan	6	3	.667
Minnesota	5	3	.625
MICHIGAN STATE	5	4	.556
Ohio State	4	4	.500
Northwestern	3	5	.375
Purdue	3	5	.375
Iowa	2	6	.250
Indiana	1	7	.125

Freddie Hutchinson was the only Detroit Tiger pitcher to have an earned-run-average of less than four per game during the '51 season.

## Netters Whip Wolves

Michigan State's doubles combination of John Sahralian and Keith Kimble (left to right, foreground) trimmed the University of Michigan duo of Al Mann and Mike Schwartz in a hotly-contested match in this week's 9-0 win over the Wolverines. The Spartan pair pulled the victory out of the fire in the last set. The scores were 6-4, 5-7, 6-2.

## Leaders to Meet Bucks

### Illini Face Challenge From 1951 Champs

CHICAGO (AP)—Pace-setting Illinois carries a five-game winning streak against defending champion Ohio State in a three-tilt set featuring a 15-game Big Ten baseball program this weekend.

Ohio's Buckeyes, anchored in sixth spot with a 4-4 record, meet an Illini team which has won seven of nine starts, leads the league in hitting with 2.96 and has an unbeaten pitcher in Jerry Smith (3-0).

The two tangle at Columbus, Ohio, in a single game today and a twin bill tomorrow. The Bucks' Paul Ebert also is an undefeated game winner.

## Wolves Close Spring Drills Minus Back

ANN ARBOR (AP)—Michigan's 1952 football candidates will throw their hats in the ring of Ferry Field tomorrow as Coach Bruce Blumhagen winds up a 26-day spring practice session.

Michigan lost none of its regular performers by graduation, so there'll be lots of opportunity.

Chief interest will be centered around the left half position, vacated by Bill Putch. That's the key position in Michigan's single wing offense.

Top hitters, none of whom have much varsity experience, for the spot that requires good passing and running, are Don Evans, Chagrin Falls, O., and Norm Canty, Chicago, both sophomores and Detroit junior Ted Kress.

## House Delays on Anti-Trust Ruling

WASHINGTON (AP)—A House Committee yesterday postponed until next week a decision on what to do about bills exempting organized baseball from anti-trust laws.

The Judiciary subcommittee on monopoly power met and began study of a tentative report but put off its approval until possibly next Wednesday.

## IM SIDELIGHTS

ALL track and golf entries are due in the Intramural office Tuesday, May 20.

TENNIS pairings are posted in the Intramural office. All second round tennis and horse shoe should be completed by Monday, May 19.

## Chip Track Team Smothers Titans

MT. PLEASANT (AP)—Central Michigan's track team took 11 of 15 first places in racking up a lopsided 94- to 35-1 victory over the University of Detroit in a meet here yesterday.

The win, second in as many starts this season for the Chippewas, was also its fourth straight over the Titans.

Dan Garza, end on the New York football Yanks, was co-captain of the 17 of Oregon Cotton Bowl team of 1949. The other co-captain was Brad Ecklund who now plays center for the Yanks.

## Ag Board Approves 24 Faculty Changes

The Board of Agriculture yesterday approved 24 staff changes. Included in the changes were eight appointments, 12 resignations and four leaves of absence.

Dr. Fred Gurham, head of the Department of Chemical Engineering at Tufts College, Medford, Mass., was named to head the MSC Department of Chemical Engineering. He replaces Dr. David Smith, who has resigned, and will take the position effective September 1.

One of the New York City Opera Company's leading basses—Oscar Greenwell—has been appointed associate professor of Music, replacing J. Herbert Swanson, who has resigned. His appointment is also effective September 1.

Other appointments include Assistant Professors Charles Lawrence, Accounting; Philip J. Thorson, Mechanical Engineering; and Marjorie A. Kinney, Nursing Education; and Instructors Beverly J. Holcomb, Natural Science; Mrs. Lois Mickle, Home Management and James J. Gallagher, Psychology.

Resignations were received by the Board from Frank S. Montemery, assistant professor of General Business; Stanley D. Grapik, assistant professor of Mechanical Engineering; Shirley New-

son, assistant professor of Home Management and Child Development; and Adolph A. Klautsch, assistant professor of Psychology.

Instructors who resigned are Anna May Redder, Agricultural Chemistry Research; Michael E. Kollovsky and Arthur Jacobs, both Effective Living; Robert W. Dvorak, Accounting; Max Louise Bell, Textiles, Clothing and Related Arts; Jean B. Burnett, Mathematics; Albert Eglash, Psychology; and John W. Fitzgerald, Information Services.

One year leaves of absence, beginning Sept. 1, 1952, were approved by the Board for Arthur R. Wolcott, research instructor in Farm Crops, and Howard C. Launstein, instructor in Accounting, both to work on doctorates; Frank R. Theroux, professor of Civil Engineering, to write a textbook on water supply and sewage; and John A. Garraty, assistant professor of History, to accept a fellowship from the Fund for the Advancement of Education.

The Board also accepted gifts and grants totaling \$37,366 yesterday.

The largest single grant was for \$10,000 from the Kellogg Company of Battle Creek. The funds will be used to make alterations on the Kellogg Research Farm.

The Office of Naval Research, Washington, D.C., gave \$7,774 to the Botany Department to continue a research project in Point Barrow, Alaska.

Other gifts and grants included: \$3,525 from the J. I. Case Company for agricultural engineering research and \$2,500 from the Dow Chemical Co. for a study of the effects of certain compounds on the metabolism of plants.

## Union Pedestrians Counted in Annual Tabulation Survey

Every person entering the Union Building Tuesday and Wednesday was counted for the annual tally taken by the Union Board.

Figures from the survey will be given to administration officials along with the breakdown of totals using the Grill, Cafeteria, Music and Art Rooms and other facilities of the building. The completed survey will be sent to the State Legislature for reference in case of appropriation for the Union.

Spring term is chosen for the annual report as the time of most normal usage, according to Walker Mayhew, president of the Union Board.

The better your secretarial training, the better your business opportunity

Special Course for College Women. Five-city personal placement service. Write College Dean for catalog. KATHARINE GIBBS, 1111 N. W. 10th Avenue, NEW YORK 1, 10019. CHICAGO 11, 11 E. Superior St. BOSTON 11, 11 E. Broadway St. PROVIDENCE 11, 11 E. 13th Ave.

## ALL ORGANIZATIONS

All campus organizations are reminded, that information sheets and membership lists are due NOW.

The information and membership forms are available in the Student Government office on the third floor of the Union.

According to the ordinances involved, all groups not complying will be declared inactive automatically.

Retiring Scabbard and Blade faculty advisor Lt. Col. Gay V. Piercy (right) congratulates Ted Weber, Royal Oak Junior and newly elected Scabbard and Blade captain, at a meeting in the Union last night. In the background acting captain Jack DeBoer, Lansing senior watches Brig. Gen. George C. Moran congratulate Lt. Col. C. F. Ryan who has been named to replace Piercy. Col. Phil C. Pack, Judge Advocate for the MSC military establishment, looks on.

## New Officers Installed By Scabbard and Blade

Brig. Gen. George C. Moran, administrative head of the Michigan National Guard, was installed last night as an honorary associate member of Scabbard and Blade.

Col. Phillip C. Pack, former member of Scabbard and Blade at the University of Michigan was also installed as a member of the Michigan State chapter.

New officers installed at the ceremony are: Captain, Ted Weber, Royal Oak junior, 1st Lieutenant, James R. MacAlarney,

Birmingham freshman, 2nd Lieutenant, Douglas Schubert, Detroit junior, 1st Sergeant, James Watt, Fairbanks, Alaska, sophomore, Company Clerk, John Eberle, Lyndonville, N.Y., sophomore, and PIO, Charles Bryan, Detroit junior.

## Meet Slated By ROTC Units

The Army and Air Force ROTC units will hold open house from 10 a.m. to 2 p.m. Saturday to celebrate Armed Forces Day. Equipment will be displayed and instructors will explain its operation, according to Maj. John N. Johns of the ROTC Department.

Instructional and combat films will be shown continuously in Room 14 of Demonstration Hall for the Army and in Room 6 of the Quonset Cafeteria for the Air Force. Students, faculty members and the public have been invited to inspect the displays.

## Engineers Elect Council Officers

The Engineering Council elected officers for 1952-53 at their meeting last night.

President for the coming year is Bob Munn, Detroit junior; vice president, Jerome Lampe, Grand Haven junior; secretary, George Pence, Alto junior; and treasurer, Philip Wright, Youngstown, N.Y., junior.
