SENATE CONFIRMS WILSON BY VOTE OF 77 TO 6

Members of the new student handbook staff discuss plans at Monday's meeting. Left to right standing are Lou Varha, Art and Layout Editor, Ken Berman, Business Manager, Dick Meyer, editorial assistant, and Bob Farrell, Photo Editor. Seated from left to right are Bob Steele, Copy Editor, and Jack Winkler, Editor.

AWS, Blue Key Pick Handbook Staff

A handbook for the students of Michigan State to take the place of the Helmet got under way Monday night when the handbook staff moved into their office. The new office, formerly organization room two, will serve as the editorial room for the student publication.

The student handbook, the same of which will be released today, is being published for the Dean of Students Office jointly by AWS and Blue Key.

Editor of the handbook, selected jointly by a committee comprising representatives of AWS and Blue Key, is Jack Winkler, Business Manager. Ken Berman, and Connie Alton will serve as his assistant. Copy editor is Bob Steele and two assistants are Judy Ford and Bert Gerber.

Photo editor is Bob Farrell and Art and Layout Editor is Lou Varha. Mrs. Laurine Lee, AWS advisor, and Mr. Rob Gardner of the Division of the Dean of Students Office will advise the group. Dick Meyer will serve as editorial assistant.

The new handbook to be given to all freshmen this coming fall will include all rules, regulations and other pertinent advice to incoming freshmen.

All campus interest groups, religious, social and honoraries, will be listed in the handbook with an explanation as to purpose and qualifications required of members.

Separate sections of the book will describe the library, Union building, unit facilities. A new page of the campus, drawn from perspective by Lou Varha, will be included in the handbook. It will show all walks on the campus, as well as streets and buildings. Although the new handbook is being edited by the members of AWS and Blue Key, the editorial staff will welcome any assistance from interested students or faculty.

Senate May Probe Rail Accident

Potter to Urge Immediate Action

KALAMAZOO (AP)—The FBI and local officers probed quietly Monday into an attempt to wreck the Grand Trunk Western's Maple Leaf Flyer.

There were reports from Washington that the Senate may investigate the attempted derailment. Sen. Charles E. Potter, newly-elected Republican from Michigan, said he would urge the Senate Commerce Committee to look into the matter.

Agents continued an almost round the clock investigation of the apparent sabotage attempt, but their announcements were few.

"We are going into all possible angles," said the Kalamazoo County Sheriff's office, working with the FBI.

The attempted sabotage took place Saturday afternoon when the Chicago-Montreal train sped past Scotts at 57 miles an hour with 125 passengers aboard. The time was 2:15 p.m.

Luckily, the 1,000 pound section of rail had been placed across the tracks diagonally. The train slammed into it and sent it flying. None of the 13 cars were derailed.

But the possibility that it was a misguided prank rather than an attempt at sabotage was not being dismissed entirely. Officers said, however, that this possibility was lessened by the fact that the train had been wrecked by the transverse of the rails.

...Sole Difference

Fashion trends are changeable things. An MSC man played sure the other day by wearing one white shirt and one white sock, though. Probably couldn't risk offending the knitter.

...Wanted, Size

Society's fashion sense is in a lull, it seems. One coed's remark started out in the usual way, but ended up with a bang.

"Have you ever seen a seven inch high heel shoe?" she asked.

"No, I don't believe so," was the answer.

"Well, if you do, it's probably gone. This is a size 15 I'm wearing, so someone has my size 7."

...Can't Write Right

Some students taking exams on their writing ability may wish for a mechanical brain, but at least one coed now doubts the advantage of machines.

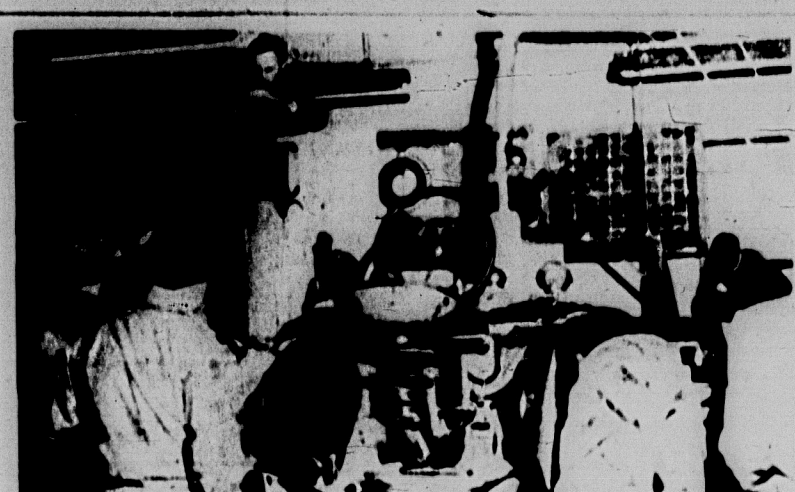

A top journalism major in her senior year was named on the list of those who could not write intelligibly. The IBM machine compiling the instructors' recommendations had stuck and recorded her name along with the ones really to be referred to the clinic.

Ag Conference Proposes New Farm Building

The proposed construction of a Livestock Industries Building at MSC is favored by a majority of Michigan farmers, according to a recent survey.

The Agricultural Conference, men representing more than 70 commodity groups who proposed the building, will ask the State Legislature to appropriate \$3,500,000 for its construction.

Reasons given in favor of the building were rising production costs, increased consumer demands, and the necessity of developing faster methods of fattening stock.

A prominent feature of the proposed structure is a nutrition laboratory which, when completed with a meat 1500-2500, will enable scientists to quickly evaluate the worth of animals in that respect.

Farm leaders believe the building will bring about increased earnings for farmers and increased food supplies for consumers.

Approval Climaxes Bitter Controversy

WASHINGTON (AP)—President Eisenhower's controversial nomination of Charles E. Wilson as secretary of defense was confirmed by the Senate Monday 77 to 6.

Wilson, retired president of General Motors, agreed to give up 2.5 million dollars worth of stock in the automotive firm to qualify for the big Pentagon job.

His confirmation completes Eisenhower's cabinet and ends a bitter 10-day dispute over whether Wilson, as former head of the nation's biggest defense contractor and with a huge financial stake in General Motors, is the right man for the defense post.

It was uncertain when the swearing-in ceremony will be held.

When word of his confirmation reached him, Wilson issued this statement:

"I shall do my best to serve and strengthen America and the free world in the role in which I have just been confirmed, not as a business man nor as a member of a particular party but as one of many citizens in a great crusade that must not fail."

Sen. Morse (Ind.-Rep.) opposed the appointment to the end speaking against it for an hour and 15 minutes and then collapsed and was made into the Senate reading room. A doctor was called, but Morse appeared to recover quickly.

In addition to Morse, who led the Republican party during the presidential campaign, Sen. Lehman (D-Lib. N.Y.) and four Democrats voted against Wilson's confirmation.

The others were Senators Johnson of South Carolina, Kilgore and Neely of West Virginia and Willis Smith of North Carolina.

The Senate GOP leadership got out 42 of the party's 48 Senate votes on the Wilson test. Wilson doesn't possess the 10th degree of ethical standards, that he believes are necessary for a secretary of defense, pending billions in public money each year.

Lehman called the appointment "unfortunate" and one which "I believe will lead to loss of confidence in the Defense Department and less efficiency there."

But Sen. Byrd (D-Va.), the man who first publicly challenged Wilson's right to head the defense establishment while retaining his big interest in General Motors and he thought Wilson had acted with admirable patriotism in agreeing to dispose of his stock.

Now that Mr. Wilson has agreed to direct himself of his stock with General Motors, I will give him my active and personal support," the Virginian said.

The next order of business in reorganizing the Defense Department under the Eisenhower administration is the nomination of Wilson's four principal

Campus Polio Drive To Cover Faculty Housing Units

The Mothers March on Polio drive for the National Foundation of Infantile Paralysis Thursday will cover faculty housing on campus, but not married housing.

Under a Student Congress ordinance soliciting students on campus is prohibited except by Campus Chest.

The ordinance does not cover faculty, Paul Botts, Campus Chest director, explained. He said that permission has been granted by college officials for the drive to include faculty housing.

The drive will be a door-to-door solicitation between 7 and 8 p.m. Approximately 120 volunteer workers will cover the area.

Water Carnival Staff to Meet

Hannah Exit Seen Within Three Days

Farmers' Week Holds President

Pres. John A. Hannah said Monday that he will remain at Michigan State College for the major part of Farmers' Week, but that from there on his plans are indefinite.

Still waiting for Senate confirmation of his appointment as assistant secretary of defense, Dr. Hannah said that he will not leave the campus before Thursday.

He said "I'll be here at least until Thursday, in order that I may speak with Dr. Milton Eisenhower. But with the prevailing uncertainty over the defense appointments, I'm not sure how long after that I'll remain."

Dr. Eisenhower, brother of Pres. Dwight D. Eisenhower and president of Pennsylvania State College, will address the general meeting Thursday afternoon.

Dr. Eisenhower is chairman of the Board of the American Association of Land-Grant Colleges and Universities, a position formerly held by Dr. Hannah.

The delay over the Hannah confirmation is believed to be a result of the difficulty involved concerning the stock holding of several aides of defense secretary Charles E. Wilson.

In the center of the controversy are Robert E. R. Stevens, Army secretary designate, and Harold E. Talbot, prospective Air Force secretary.

Gophers, Wildcats Win In Big Ten Basketball

Minnesota and Northwestern racked up Big Ten wins Monday night as semester examinations sidelined most conference squads. The Gophers broke a third-place tie with Michigan State by clipping Purdue, 77-72.

Chuck McFarland was the big gun for Minnesota, scoring 24 points to lead both teams. Purdue made a back comeback in the third quarter, but lost 42-41 after trailing 38-29 at the half.

Northwestern scored 21 points in the third quarter on 12 out of 19 field goal attempts for the margin that pushed them to an 87-73 victory over the favored Buckeyes of Ohio State.

For the leading Buckeyes it was the fourth straight defeat in Big Ten competition and left them involved in a three-way tie for sixth place with the Wildcats and Iowa.

Fiddler 5, 25; Carr House 20; E. Shaw 9, 24; F. Shaw 4, 23; Abbot 10, 39; Abbot 13, 27.

State Skiers Take Second

Michigan State's ski team finished second over the weekend in the annual Michigan Inter-collegiate Ski Association championship meet.

Michigan Tech won the meet, which was held at Boyne Falls. Other schools participating were Wayne and the University of Detroit.

The Spartans, who won the meet last year, were paced by Ethan Axelson, Lansing senior, who got States' only blue ribbon. Other Spartans placing: Al Lettich, senior, fifth in the downhill; Axelson, third; Merrill Haves, sixth; and Bob Morley, seventh in the slalom; Haves, Morley and Axelson, sixth, seventh and eighth, respectively, in the cross-country.

Vets Give Frosh Swim Lesson

In a meet that Michigan State couldn't lose, Coach Charles McCaffrey's varsity swimmers dunked Roger Miller's frosh in Jenison pool Saturday afternoon, 106-78.

The rookie tankers, however, showed little effort that they will provide some top-notch material for future Spartan victories.

Perhaps the most surprising performances were turned in by Jack Beattie, acting captain for the freshmen. The Bay City natator finished second to veteran Bert McLachlan in both the 220 and 440 yard freestyle events, beating out two varsity contestants in each race.

Lodge Asks FBI Investigation in UN

Chief Delegate Makes Direct Bid to Hoover

UNITED NATIONS, N.Y. (AP)—Henry Cabot Lodge called directly on the FBI Monday to investigate every American employed by the U.N. and by the United States delegation to the U.N.

Lodge told a crowded news conference this was his official act upon becoming chief American delegate to the United Nations. He pledged himself to work for peace and said President Eisenhower attaches the greatest importance to the U.N.

Lodge slashed much governmental red tape in sending his request straight to J. Edgar Hoover, director of the FBI, and asking for a report back to him on each case.

UN delegates noted that Lodge came to New York fresh from conferences with President Eisenhower and that Lodge has the rank of an official member of the President's Cabinet. Lodge said he would go to Washington every Friday for Cabinet meetings. This is the first time the permanent U.S. delegate has had such inside access.

Wearing the striped pants of diplomats, the new delegate came to the U.N. for a country call on Secretary General Trygve Lie. Before going to Lie he spent five minutes alone in the UN observation room, which was filled by anyone for prayer or meditation.

Lodge said Lie told him he would co-operate fully with the general spirit of the policies of the U.S. government in carrying out security checks of Americans. This is as far as Lie has gone in answer to a request by Warren R. Austin, retiring U.S. delegate for Lie not to hire any more Americans until the security checks are over. But Lodge indicated he was satisfied with Lie's stand.

Lodge said the standard to be set by the investigation was whether the individual is a security risk. He said there was a difference between security and disloyalty, that a person could be loyal to the United States and yet be a security risk.

Lodge wrote two letters to Hoover. One asks an investigation of approximately 1,000 Americans working for the U.N. The second asks a full field investigation of all of the 144 employees of the U.S. mission. He asked that the reports be sent to him as soon as they are completed.

Lodge acknowledged that every member of the delegation had been investigated previously, but that he believed a recheck would be a good thing.

The new procedure said he had been investigated by the FBI. Asked what was the report, he said he did not see it. This was valuable in itself, he said, because he had not been investigated.

Lodge indicated he would question about the U.S. position in Korea, North Africa, China, and about the makeup of the U.S. delegation to the U.N. Assembly sessions, which will be resumed Feb. 24.

College Panel To Air Views On Point-Four

"Colleagues Speak" will again be presented over WKAR this afternoon at 2:30. Taking part in this week's round table discussion are Fred Struthers, Detroit junior; Dorothy Smith, Detroit junior; Sally Collins, Lansing junior; and Robert McClelland, Illinois senior.

Today's topic is the "Truman Point-Four Program" whose main idea is not to give direct relief to backward nations, but to aid them to help themselves, and the student panel, directed by Joseph D. Menchenhoben, will discuss its importance.

Michigan State College has professors at the University of Oklahoma and faculty representatives at agricultural institutes in Colombia, South America, and there are also county agents in India showing these different people the best ways to produce food. All of these representative agents are sponsored and financed by Truman's Point-Four Program.

Alumni Meet Stated Today

The Kalamazoo County Alumni Club will meet with John M. Goss, assistant director of Alumni Relations and Prof. Ralph Goss of the Chemistry Department today.

Other alumni events scheduled around the state are with the Jackson County Club. Speakers will be Prof. Paul Backlund of Communications Skills. He will be accompanied by Jack Hovell, assistant director of Alumni Relations.

State President, director of Alumni Relations will be in Jackson, Mich., Friday and Cincinnati on Saturday. He will show the new campus film, "The Widening Circle," and the University of Michigan-Michigan State football film.

The Senate galleries were crowded with spectators as Lehman joined the debate and said he did not agree with Wilson's idea that what was good for General Motors was good for the country and vice versa.

Personally, Lehman said, he thought Wilson would lean over backward not to favor General Motors. But he added:

TOKYO (AP)—The Peiping radio asserted Monday a U.S. Sabre jet was shot down over Manchuria last Friday and the pilot, Edwin Lewis Heller, captured.

The Air Force has announced that Lt. Col. Edwin L. Heller, a leading Sabre pilot, was downed and lost over North Korea last Friday.

It was the second claim within a week by Peiping that U.S. warplanes had been shot down over Manchuria. Last week Peiping said a Superfort was shot down Jan. 12 over Manchuria, but the U.S. Air Force insisted the B-29 was over North Korea at the time.

The Chinese Communist broadcast monitored here said Heller, 31, was shot down by a Communist MIG jet shot down the Sabre.

Heller, from Wyncroft, Pa., was shot down one day after he had destroyed two Communist MIGs and had been promoted from major to lieutenant colonel. This gave him 3½ MIGs in Korea, but he had been a leading ace in World War II, being credited with destroying 19½ German planes.

Peiping asserted that four U.S. Sabres "intruded" over the frontier into Manchuria from the direction of Uiju, which is on the Korean side of the border 10 miles northeast of the big Chinese Communist airbase at Antung.

The radio said one was shot down by a Chinese Red fighter and the other three fled.

Spartan Group To Discuss Program

The Spartan Stage Committee will meet Wednesday, 8:30 p.m., in Room 36 of the Union, announced Mal Bertram, Springfield, Mass., sophomore and chairman of the committee.

All students interested in working on the committee are invited. Those who came to the November meeting are especially asked to attend. Sub-committees will be appointed and the term's program will be discussed.

4-H Club leader, Kettunen is expected to give his impressions of his native Finland.

The highlight of Monday "Dairy Day" activities was the announcement of 73 Michigan dairy herds which have averaged 600 pounds or more of butterfat for each of the past five years.

The Luckfield Farms registered Holstein herd of Clarkston, which had a 548-pound average was judged the top herd in the state.

The next nine leading herds and their five-year averages: Floyd Luckenbill, Clarkston, 539.1 pounds; Walter Klock, Saginaw, 537.8 pounds; Fred W. Tullis, Monroe, 537.1 pounds; L. D. Coffey, Farmville, 531.1 pounds; Russell Hubert, Wright, Garden, 529.1 pounds; J. H. and R. D. Chablain, Leslie, 520.6 pounds; Robert Peterson, Edmore, 519.1 pounds; Howard Nugent, Axe, 508.9 pounds; Edward E. Elton, 507.1 pounds.

C. F. Hoffman, of the Michigan Department, spoke at a morning meeting of the Michigan Purebred Dairy Cattle Association on the important advance made in cattle nutrition in recent years. J. M. Moore, Michigan poultry expert, spoke on the four basic points for a clean-laying house.

Although this year's Dairy Week is expected to be the best of all the annual activities at the Kellogg Center, Continuing Education has portended been unusually good. Some of the visitors have campus accommodations, but overnight guests have been asked to seek off-campus housing.

Farmers Lighten Kellogg Schedule

The farmers have invaded the campus this week, and other visitors have deserted it. Only two conferences are scheduled at Kellogg Center.

Classes in Fundamentals of Industrial Supervision began Monday, and will continue all week. Sessions of the Property and Casualty Training conference are scheduled for Tuesday and Wednesday.

Next week Kellogg will be busy again with about 800 visitors. Eleven conferences are scheduled.
