Terned First Step

#### Letter Gives Suggestions U. N. Wants Renewal Of Truce Talks Soon

PANMUNJOM, Korea (AP)—The United Nations Command told the Communists Thursday that the U.N. liaison officers would meet with them Saturday or as soon thereafter as agreeable to discuss re-opening of the armistice talks.

A letter turned over to the Communists at Panmunjom Friday:

1. Suggested Switzerland as the neutral nation to take custody of such prisoners—in Korea.
2. Went further than the latest Red offer by proposing a 60-day time limit after which the neutral state would arrange the "peaceful disposition" of those who still refused to go home.
3. Offered to send lower level liaison officers to Panmunjom as early as Saturday "to discuss matters incidental to reopening plenary sessions of the armistice delegation."

While Friday's move was made toward a possible truce in the nearly 3-year-old war, the first of the Allied side and wounded to be exchanged were waiting at Kaesong, just six dusty miles from freedom.

The letter handed over at Panmunjom Friday was from Lt. Gen. William K. Harrison Jr., senior Allied armistice negotiator, to Lt. Gen. Nam Il, senior Red delegate.

Nam earlier had asked the Allies to resume the full-scale armistice talks.

Nearly 50,000 of the 132,000 prisoners held by U.N. forces have said they would resist repatriation. When the Allies broke off the truce talks last Oct. 8, the Reds were demanding return of all prisoners.

#### Local Talent To Try Tonight For Heidt Show

Auditions will be held at 7 p.m. tonight in the Union Ballroom for local talent to appear with the Horace Heidt show when it comes to MSC next week.

Feldt's show, including the "Youth Opportunity" feature, will appear in the Auditorium Tuesday at 8:15 p.m.

Persons interested in participating in the talent auditions tonight must be at least 15 years of age and provide their own accompanists. No registration is necessary.

In addition to the "Youth Opportunity" part of the Tuesday show, the program will include popular "Hit Parade" tunes and a special feature, "A Night at the Circus."

The show will be a special number in the Lecture-Concert series and tickets for the Tuesday performance are on sale at the Paramount News Shop in Lansing and the Union Ticket Office.

Students are invited to attend the auditions tonight without charge. Dean Stanley Crowe said.

#### Letter Campaign Praised

#### Students Aid Library Drive

Long lines of students are still waiting for library books which might not be in. Books are still stacked on the floors, on over-crowded shelves and in corners.

But Spartans are one step closer today toward a new library after approval of the Capitol Outlay Committee Thursday afternoon. A million dollar appropriation for a new college library is included in its budget.

The news was heartily received by members of student

Mal Hertram, House speaker, chairman, Democratic Education Committee, discusses plans with Ken Richards, Building and Grounds director.

#### Calliope Music Featured Spartacade to Open Saturday

By NANCY GOMMER  
Jensen Fieldhouse will be the scene of carnival lights, zesty and music when Spartacade makes its third annual appearance from 7 to 12 Saturday night.

An enlarged midway, music provided by a calliope and industrial exhibits will be new features of the 36-booth event, sponsored by Campus Chest. The calliope was donated for the show by a Detroit firm.

First and second place trophies will be awarded to the winning booths in three classifications: non-participation, participation and games of chance. Th. awards were furnished by East Lansing merchants.

Construction of the booths will begin at 8 a.m. Saturday. Supplies will be allocated to appointed representatives from each booth. Several East Lansing firms will loan trucks.

#### Five Congress Positions Still Open to Petitions

Five vacancies still exist in student Congress. Interested students from North Williams, West Mayo, Mason and Lansing may petition for office. Petitions may be obtained in the Student Government Office on the third floor of the Union.

Eight of the 13 vacant seats in student Congress were filled recently.

New Congress representatives are: Carol Hafferty, Tom Harle, Robert Barker of East Lansing; John Jeffrey, East Shaw; Wendell Hughes, West Shaw; Don Hadden Snyder, Merrick Miller, Phillips, and Allen Olson, Abbot.

A group of eight Congressmen are reviewing movies in connection with the all-college spring elections.

Congress has tentatively set May 25 as the date for a banquet for all old and new members of the government.

Rep. Joyce Mason (seniorities) will serve as chairman of the event which will be held in the Union and limited to 50 people.

A coffee hour with the administration, Congressmen, and interested students will be held Tuesday at 4 p.m. to discuss Michigan State student government affiliation with the National Student Association.

Future coffee hours to discuss legislative problems will be held in Old College Hall, April 20, May 7 and 14.

A Congress committee is now reworking and editing the book of government laws and ordinances. Students wishing to help with the revising are asked to attend the first meeting of the committee at 2 p.m. today.

#### Proposal Welcomed By Officials

By STAN STEINBORN  
State News Capitol Reporter

A new library for Michigan State was approved Thursday by the Senate-House Capitol Outlay Committee.

The committee made public on Wednesday its part of the 1953-54 budget which calls for a total of \$1,370,000 for construction at MSC.

The bill provides \$1 million to start construction on a \$4 million library, \$200,000 for cattle and sheep barns and \$70,000 for a seed storage building.

The bill does not provide any money for the construction of a new animal industries building. The college had requested more than \$4 million for this project but the committee failed to mention it in its proposal.

Final approval of the library and the other two buildings rests largely on the legislature's action in passing new taxes for the coming fiscal year.

Michigan is expected to have a \$80 million deficit at the end of the current fiscal year on June 30. It has been estimated that if new taxation measures are not passed and if the state continues spending money at the present rate, it will be \$120 million in the red by the end of the next fiscal year.

Sen. Crighton Coleman, D-Battle Creek, Senate majority leader and key legislator, said the budget "will probably be out in half of an hour and will be an adequate tax program."

He termed the budget bill a very conservative state building program but entirely adequate.

Coleman said that in case of a cutback in the budget he felt only construction in the state's prisons could be sure of approval.

He added that in case of a cutback, every building that was not absolutely essential to the coming year would have to go.

Sen. Harry Hottle (R-Lansing), a top senate Republican and long a backer of a new library for State, termed the committee measure very fine and added he felt the prospects of the library were pretty good.

The Capitol outlay budget bill has a long way to go before it gets final approval.

The bill is being considered by the Senate Appropriations Committee. From there it will be reported out on the floor of the Senate.

After the Senate action the bill will be sent to the House and referred to the Senate Ways and Means Committee. After study in see GRANT, Page 6

#### Hannah to Speak To Cabinet Today

John A. Hannah will speak today as a representative of the Department of Defense at an "Eisenhower Tea" to be held at Washington's Statler Hotel.

He is slated to speak at 11:30 a.m. Each cabinet member is scheduled to give an address during the two-day series of meetings that began Thursday.

Dr. Hannah will fill in for Secretary of Defense Charles E. Wilson, who is unable to attend the meetings.

#### NEWS IN BRIEF

##### Chinese Retreat Under U. S. Fire

SEOUL (AP)—Hundreds of Chinese Reds attacked eight Western Front Hills Thursday night including Pork Chop Ridge, where they swarmed into the trenches and were hurled back by U.S. troops.

##### U. S. Asked to Cut Tariff Barriers

UNITED NATIONS, N.Y. (AP)—France and Britain appealed to the U.S. Thursday to lower tariff barriers as a step to cure dollar starvation in the rest of the world.

##### Stratojet Sets 794 m.p.h. Record

WASHINGTON (AP)—The world's fastest known bomber, the B-58 Stratojet, has flown 794 miles an hour—130 miles an hour faster than the speed of sound. But it had the aid of high winds.

##### House Kills Federal Rent Controls

WASHINGTON (AP)—The House Banking Committee today voted to kill rent control legislation.

## Old Books Can Give New Hope

There is no area in the world today in which students suffer greater privations and hardships than the Republic of South Korea. Driven from their buildings by the three battles for Seoul, many Korean students have found temporary shelter and facilities for study in the hills above Pusan.

These students are trying to get an education with only the bare necessities of life. There are no dormitories, no student cafeterias and only a few books remain that survived the ravages of war.

The need for books and educational equipment in Korea and other countries of Asia and the Near East in which young men and women are fighting for an education against heavy odds, is urgent.

MSC students can do their part in fighting the spread of Communism by contributing the tools of education to these nations to give them "our side of the story." This is one of the most effective ways of counter-fighting Communist propaganda.

A drive is now underway by the World Student Service Fund under the sponsorship of the local YWCA to collect old books and laboratory equipment that are just gathering dust in corners and attics.

Any American text, high school or college, can be put to good use by our friends overseas to aid students in learning American ways and customs and to help restock libraries. The information contained in your unused books is valuable.

Although the drive ends this weekend, books will be accepted at the College YWCA office any time. If you have any books or any other educational equipment to contribute, why don't you drop them in the Union Concurrence pickup box or phone the YWCA to pick them up.

Remember this is an opportunity for you to share in helping build world peace by promoting the spread of truth and knowledge.

## NSA Poses Question

Up for discussion in Student Congress currently is whether MSC should join the NSA.

The National Student Association is a federation of college student governments with representative schools in all but four states in the nation.

According to information released by the president of the association in January, the NSA has 300 member schools out of 1858 eligible schools of every type in the United States.

These schools represent both one-third of the institutions of higher education recognized by official accrediting agencies and over half of the total enrollment in American colleges and universities. All schools in the Big Ten except MSC, Indiana, Purdue and Northwestern are NSA members.

Among its stated purposes are to maintain academic freedom, stimulate and improve democratic student governments and to develop better educational standards. It has set up activities on regional, national and international levels and primary functions are to distribute information on how member schools operate where interchange of ideas is promoted.

Will membership in NSA mean benefits for our student body? Is our student government mature enough to take full responsibility in an organization which has a complex program as that of the NSA? These are questions we must investigate with great care before making a decision.

## Easy to Believe

We hear that a man down South had his speech restored after being kicked by a mule. We can imagine what he said.

## Cars Stranded At Straits as Seamen Strike

ST. IGNACE, Mich. (AP)—Seamen, whose walkout has halted state ferry service across the Straits of Mackinac, offered Thursday to return to work without pay until 10 p.m. Tuesday while mediators attempt to settle their dispute with the State Highway Department.

The 200 seamen who man two state ferries plying between Michigan's upper and lower peninsulas are backing an order that they remain aboard 16 hours for eight hours pay.

The Coast Guard this week ordered the state to keep two crews aboard all ferries at all times. The state, in turn, told ferry crews they must remain aboard eight hours after completing their regular eight-hour watches.

Seamen walked off the City of Pelee ferry Monday, and the crew of the City of Munising joined them Tuesday.

Around 100 vehicles are stranded on either side of the Straits, although the railroad car ferry, which operates between the Mackinac Island and Mackinac Island, is carrying the state's state and automobiles on a scheduled trip between the two islands.

Seamen from the Pelee ferry are said to make trouble for the state.

## They Need Books!

## Letters to the Editor

The State News welcomes letters of general or local interest from its readers. Letters considered for publication, in your issue, or appearing in subsequent issues, will be published at the discretion of the editors. Letters should be 300 words or less in length and signed by the writer. Names will be withheld from publication at the writer's request.

## State Deaths Total 1,727, 49,110 Injured

The final revised figures for 1952 showed 1,727 persons killed and 49,110 injured in 160,829 traffic accidents in Michigan last year, state police said Thursday.

The death toll was the fifth largest on record. The highest death toll was recorded in 1937 when 2,175 died in traffic accidents.

The injury total set a new high for the fifth consecutive year and increased 692 over the 48,418 persons injured last year.

Total miles traveled during the year was 24,000,000,000. There were 3,162,160 drivers registered last year, an average of one vehicle to every 2.5 persons in the state, according to 1950 census figures.

## 'Block S' Needs You

Want to get on TV? Sign up for the "Block S" flash card section and you'll have it made.

Besides, there are 750 students on this campus who have already said that they will try to make State's cheering section effective. Illinois, UCLA and Stanford, to name a few schools, have worked up nationally-known flash card organizations, but MSC with the top football team in the country has none.

The Junior Council has decided to remedy this situation.

All it asks is 200 more Spartans who are willing to show up half an hour before each home football game for rehearsal. There will also be one rehearsal this spring and another before the first home game next fall.

Every "Block S" member will get a junior seat—the organization has rows 27 to 53, half in section I, and half in J, in the stadium.

There will be another signing up period either later this spring or early next fall.

High school seniors are asking how they can get into "Block S" for next year. Well . . .

## Letters to the Editor

TO THE EDITOR: (The following is an open letter to students.) As chairman of the Library Committee I extend gratitude and thanks to all the organizations and individuals who so willingly operated with and participated in the work of the Committee. I am happy to report that your efforts were not in vain. We have received several letters responding favorably to the project. I have been led to believe that the State Legislature has received a persuasive number in addition to those mentioned above.

DEFEND "MILITARY MIND"

TO THE EDITOR: (In reference to the letter addressed to Mr. C. W. DEAN NAME WITHHELD BY REQUEST.)

Yes, I am acquainted with the expression, "The Military Mind," which seems to be a vague generality currently in vogue. It is more violent of the critics of the present administration.

However, have you ever heard of the Hot Fellow, back-stapping blundering Sabotage of the "Business Mind," or the prismatic methodological non-intellectualism of the "Educational Mind"? These seem to me to be more immediate and detrimental to our culture. Certainly Harry Military is more often a very real and sometimes frightening figure, but he can't be as bad as all that.

# Senate Passes Three Traffic Bills

## Speed Limit Bill Meets Approval

The House and Senate Thursday passed bills to raise the day's deadline for the Senate bills were passed.

A variety of subjects were passed from a speed limit on highways to raising the age at which minors can be employed.

The provision of the bill passed Thursday by the Senate is the maximum highway limit during the day in 65 miles per hour and 65.

Charles Diggs' (D-Detroit) introduced the bill which would set the age at which minors can be employed.

Senate also voted two bills to raise the state's traffic laws and passed a bill to regulate driving education in high schools.

Two other changes in the law were approved: one to raise the age at which minors can be employed and another to raise the age at which minors can be employed.

Members of the law committee introduced a bill to raise the age at which minors can be employed.

The bill would be introduced in the House and the Senate.

The bill would be introduced in the House and the Senate.

## Marriage Speaker

Dr. Charles Holland, who gave the marriage lecture Thursday evening, chats with four coeds before the talk. The women are, right to left, Lola Jacques, Helen Elias, Donna Mathias and Phyllis Rainey. The final lecture will be held next Thursday night at 7 and 8:30 in the Music Auditorium.

## U. of M. Guests

### Modern Dance Concert To Open in Fairchild

Members of MSC's modern dance honorary, Orchestria, and the Dance Workshop will present their annual concert to-night at 8:15 in Fairchild Theater. Dance students from the University of Michigan will be guest performers.

## ROTC Men Prepare for Summer

Special instruction will be given on a voluntary basis to ROTC juniors attending summer camp this year.

Cadet going to Fort Bliss, Texas, will study anti-aircraft artillery while those attending Fort Sill, Okla., will receive instruction in field artillery.

Classes will be held each Saturday, beginning tomorrow, in the ROTC building from 9 to 11 a.m. Anti-aircraft class will meet in Room 9, field artillery in Room 6.

Under the new branch general plan, cadets are receiving only general military instruction in regular ROTC classes. The artillery course was planned by the Military Science Department since others in summer camp have had some specialized training.

The course will include study of weapons, gunnery tactics and techniques. Weapons will be used for practical training exercises.

Equipment available at MSC for training is: 105 mm howitzer, 90 mm and 40 mm anti-aircraft guns and 50 caliber machine guns.

Meanwhile, backed by an impending decision to levy a five-mill state tax deferring the scheduled vote until Tuesday.

At the same time, the House and Senate are working on a bill to modernize the inheritance tax by setting it into a gift and estate tax at the same rates. The bill is back to the Tax Committee.

House passed after a battle a bill designed to amend the administration of the SENATE, Page 6.

## MSC Television Center Makes 500th Kinescope

By MARY RITCHLIN

Michigan State College's Television Center made its 500th TV kinescope Thursday. Since the Center's organization in 1951, production through TV sets has been limited but the Center expects to serve a widespread Michigan audience this fall.

## Bolo to Name Chief Justice Next Week

A chief justice of the all-college judiciary will be appointed Wednesday by student government President Bob Bolo, to replace Dan Mitchell whose term of office has expired.

Mitchell, Lansing senior, served as chief justice for three terms. Bolo asked student Congress to reappoint Mitchell for another term of office. Since he will graduate at the end of spring term, he would automatically resign and a new justice would be appointed.

Bolo advised reappointment of Mitchell because of his previous experience and legal knowledge.

"Spring term will be a difficult one for the judiciary and the group needs an experienced leader," Bolo said.

Rep. Lowell McInnes (Keweenaw) introduced a resolution Wednesday night asking that Mitchell serve in an advisory capacity on the judiciary with voice but no vote. It was defeated because of the illegality of such a member on the judiciary, according to the government attorney, Dave Hyman.

However, Congress passed a resolution commending Mitchell for his services and asking him to advise the group in the future.

Other members include "Ode to a Chair," "War Is King" and an abstract of a Polish folk song.

Students from the U. of M. will perform "Dance," a waltz reveal, a study in rhythm, excerpts from "Dance Suite," a duet to original music by William Dwyer and the U. of M. "Fog" solo inspired by Carl Sandburg's poem, and "They Who Wait," choreographed to a poem by Dr. Marvin Schuman of the U. of M.'s English Department.

Tickets may be obtained today in the Union concourse and at the door tonight.

Franklin D. Roosevelt, who served more than 12 years, was U.S. President longer than any other man.

First Spring Term Suspension Given

The first suspension of spring term has been enforced by Dean of Students Tom King.

King said Thursday that a dormitory beer violation has resulted in suspension for a male student. The violation, he said, took place on the last day of final exams.

In addition, King reported three disciplinary probationations. One has been enforced for what he termed "insulting behavior," and the other two have been put on probation for drinking violations.

He also said that two students have been put on social probation.

## Union Survey Count

Don Stewart looks on while Sue Pock helps to count persons entering the Union Thursday in the Union Survey.

## More Women Late Enrollment Shows Men Still Lead Cards, 2-1

Spring term enrollment at MSC is 12,751, a gain of 230 students over the same term a year ago, Registrar H. S. Linton announced Tuesday.

Linton said the figures, which show enrollment through late registration, include 8,501 men and 4,250 women. This is a loss of 144 men and a gain of 232 women, students over spring term enrollment of 1952.

Enrollment in the winter term, which ended in March, was 13,429.

## State Asks Car Plate Slogans

Michigan's 1954 automobile license plates may have a slogan on them.

Owen J. Cleary, Secretary of State, Thursday called on the people of Michigan to help select a slogan that could be placed on license plates.

The slogan must not exceed two words and should be descriptive of Michigan, Cleary said.

## President

(Continued from Page 1) must try to "convert" the people of the world—even those in the Kremlin—that peace is possible.

In an eight-minute talk before a crowd of 12,000 at the celebration of Europe's 200th anniversary, the President underscored the general theme of his foreign policy speech earlier.

While Eisenhower was speaking at Halliburton his press secretary, James Haggerty, advised reporters that the President was suffering from a slight case of food poisoning.

Haggerty said the President's personal physician, Dr. Howard Snyder, has been with the President all day.

"I believe the President is speaking for the true mind and heart of the American people," commented Senate Democratic Leader Lyndon B. Johnson of Texas.

Even as Eisenhower set forth this country's position, the Soviet Union in the United Nations in New York withdrew its controversial Korean proposals and joined with the rest of the U.N. in an appeal for further truce talks at Panmunjom.

Soviet support came after Poland withdrew a Communist "peace package" which included Korean armistice proposals.

Urging Russia to turn from what he described as the Stalinist course that has left humanity hanging from a cross of iron, Eisenhower put it squarely up to the Kremlin to show its hand without trickery or deceit.

## Peron Mob Returns Terror When Bombs Kill Six at Meeting

BUENOS AIRES, Argentina (AP) — President Juan D. Peron emerged with a stronger grip on Argentina Thursday after a night-long reign of terror in which groups of his supporters looted and burned buildings symbolizing the opposition.

The explosion of two bombs at a big mass meeting Wednesday addressed by Peron in the Plaza de Mayo touched off the violence. Six persons were killed by the blasts or crushed to death in the milling crowd. Ninety-three others were injured.

Many politicians expressed belief that Peron's opponents, already weak, have been reduced to helpless impotency by the show of force that shook this city of four million from 7 p.m. Wednesday until 4 a.m. Thursday.

The fabulously rich Jockey Club, a proud center of the aristocratic opposition to Peron, and headquarters of four political parties bore the brunt of the night's violence.

The Jockey Club, a palatial five-story stone building on Florida Street has been a stronghold of the senate, top-brother social life of the capital for a half century, was stripped by a mob of some fine paintings, tapestries and irreparable books and then destroyed by bombing.

The headquarters of the Socialist, Radical, Conservative and Intransigent Radical parties, all signed against Peron, were similarly looted and burned.

With the dawn, absolute calm returned to the capital.

Throughout the day, the government's propaganda forces plugged away at the line that enemies of Peron precipitated the rioting by setting off the bombs and that the destruction wrought by the mobs was justified.

The state radio at intervals broadcast a communique from the Peronista party of Buenos Aires province blaming the trouble on enemies of the people, traitors and displaced politicians.

### IFC Publishes First Newsletter

The first issue of The Fraternity Memo, newsletter sponsored by the Interfraternity Council, was published last week.

The IFC announced its representatives to the Big Ten convention at Indiana on Thursday, today and Saturday. They are Kay Hill, Beta Theta Pi; Ron Turnbull, Alpha Tau Omega; and Dick Waugh, Delta Sigma Phi.

"CAMPUS CLASSIFIEDS - LOW COST"

## Proposal

(Continued from Page 1)

Mr. McFarland, like other college officials, showed pleasure over the library recommendation.

"If the appropriation is made," he said, "we will make every effort to build the best library possible with the funds available. This means a lot to us. We've been after the library for five years. It's a badly-needed building."

The attitude of James H. Denison, administrative assistant to the president, concurred with that of other MSC heads. Denison said:

"We certainly can't quarrel with an appropriation of \$1 million. It's not what we originally asked for, but we're very glad to have it. Adjustments will be necessary for the total building costs, however."

William H. Conlin, dean of all colleges, also saw the committee's seal of approval as a sign of future hope. He said:

"The new library will enable us to do a better job in the field of instruction for both graduate students and undergraduates. Secondly, it will provide the means for research and study for faculty members who have long felt the need for better library facilities."

### Auto Club

## Detroit's Traffic Jams Waste \$48 Million in Gas

DETROIT (AP) — Traffic jams caused a waste of more than \$48 million of gasoline in metropolitan Detroit last year, the Automobile Club of Michigan estimated yesterday.

Wayne, Oakland and Macomb counties which make up the metropolitan area had an estimated gasoline consumption of 694 million gallons in 1952, the club said. This was 40 per cent of the amount consumed in Michigan.

At least 25 per cent of the gasoline purchased in this area was used up at traffic signals and during stops on congested streets, Auto Club engineers said.

Total state consumption in 1952 was 1,735 million gallons. It was estimated this carried motorists more than 21 billion miles.

The Auto Club said the average Michigan motorist purchased 612 gallons of gas during 1952.

## Dress Rehearsal

Julia Lawler helps Natalie Holtrich into her costume for dress rehearsal before Spartacus on Saturday night.

## Registration for School Election Ends Today

The registration deadline for the special school election is today at East Lansing high school. Voting will take place April 27 at the high school building.

Petitions for the two school board vacancies are due May 9 and the election will be in June.

## Loomis to Instruct at Wisconsin

Charles F. Loomis, head of the Department of Sociology and Anthropology, will teach at the University of Wisconsin during summer school.

## Senate

(Continued from Page 3) of drivers and chauffeurs licenses and raise drivers license fees on a 75-6 vote.

The lower chamber revived and passed a bill to encourage out-of-state companies to invest money in Michigan GI and FHA home loans for veterans by exempting them from State Corporation Franchise fees.

## Fulbright-Program

# Foreign Scholarships Open to Students

Students interested in graduate study abroad are urged to investigate the Fulbright Program of U.S. Government Grants.

Under the Fulbright Program, opportunities are provided for graduate study in university lecturing, advanced research and experience in teaching in foreign countries.

## Teaching Salaries To Average \$3,100 For Spring Grads

Teaching certificates will go to 797 graduating seniors this June which is an increase over last year.

The School of Education believes that positions will be available for all graduates because shortages are still critical. First year teaching salaries are reported to average about \$3,100. Most teaching aspirants are concentrated in the fields of home economics, agriculture, English and music.

According to Dean Thomas H. Osgood, School of Graduate Studies, the objective of this program is to promote better understanding of the United States abroad and to bring about mutual understanding.

Applicants must be U.S. citizens at the time of application, hold a bachelor's degree or its equivalent but not a Ph.D. The applicants must also have sufficient knowledge of the language of the country in order to carry on studies adequately.

Proposed projects of those applying must be appropriate to the country in which they are to be carried out. Also, every successful applicant must enroll at an approved institution of higher learning abroad.

Grantees are expected to pursue a program of study and research for an academic year of approximately nine months.

Usually, grants to American students include transportation, maintenance allowance and a small sum for books.

Applications for graduate study abroad for the period of September 1954 to June, 1955, must be filed between May 1 and October 1, 1953. Interested students should consult Dean Osgood, School of Graduate Studies, 112 Morrill Hall.

## Grant

(Continued from Page 1) that committee it will go onto the floor of the House.

When the House has passed the bill it will undoubtedly have to go to a joint conference committee to have the difference between the two houses worked out.

The Budget Act is usually of the last bills passed by the legislature, which adjourns on May 22.
