Blood Donor Sign-Up Lags

APO Continues Registration For 1200 Pint Goal in Union

Registration for Alpha Phi Omega's annual spring all college blood drive for the Red Cross continues today in the Union Concourse between 10 a.m. and 5 p.m.

Monday 120 persons signed up to donate blood in the May drive. APO's goal is 1,200.

All persons between the ages of 18 and 60 may donate blood, but persons under 21 must have parental consent. Parental consent cards are available at the registration desk in the Union.

Actual blood donations will be given in the ping pong room in the Union May 6, 7 and 8.

A short physical examination will be given each donor before he gives blood. The only rule to be followed for giving blood is not to eat fatty foods three hours before donating blood. Fatty foods include butter, oil, salad dressing, cream, ice cream, cheese, fat meat and gravies.

APO's total blood donations fall term amounted to 521 pints. In the future APO will sponsor blood drives two terms of the year and the Army will sponsor a blood drive the other term.

Registration for the drive will continue through Wednesday.

Air Cadets to Lead Today's Parade

The Army ROTC signal corp battalion and Air Force group 381 are excused today from the weekly ROTC parade. It is scheduled, weather permitting, to begin at 4:30.

Air Force and Army cadets are alternating in leading and commanding parades this spring. Air cadets will march first today and the AFROTC wing staff will command.

Parade judges are the Air Force and Army senior instructors, Col. Bond and Col. Clendenen, cadet commanders of the excused groups and two faculty members, chosen separately for each Tuesday. Coed corps sponsors also review parades but do not vote.

The selection bill is now before the House Ways and Means committee while the construction bill is being considered by the Senate.

Local Talent To Appear on Heidt's Show

A list of 10 professional entertainers will appear in "A Night at the Circus" and "Hit Parade." The performers are Billy Vaughn, pianist; Joan Sundstrom, singer; Neil Thomas, pianist; N.Y. senior, and Don and Gail sophomore. Rich and Flint freshman, is the pianist.

A set of 10 professional entertainers will appear in "A Night at the Circus" and "Hit Parade." The performers are Billy Vaughn, pianist; Joan Sundstrom, singer; Neil Thomas, pianist; N.Y. senior, and Don and Gail sophomore. Rich and Flint freshman, is the pianist.

Sounder Investment? Money Minimum For Marriage Mounts Higher

Gals, if the number of proposals you get begins to decline soon, you can blame it on the Legislature!

Governor Williams signed a new law Monday to raise the minimum charge for marriage licenses from 50 cents to \$2. The law becomes effective 90 days after the final adjournment of the present Legislature.

Police Delay Strieter's Indictment

Arraignment Awaits Mother's Recovery

Authorities Tuesday planned to delay for a week or 10 days the arraignment of Mrs. Helen Strieter on two first degree murder warrants.

Paul C. Younger, Ingham county prosecutor, said that the 25-year-old mother, accused of strangling her two young daughters, will not be arraigned until she recovers from her "disturbed emotional condition" and is released from the hospital. Hospital authorities said her condition was "good" and indicated she could probably be released within 10 days.

Police officers have checked off possible causes for the tragic killings and on each clue have arrived at no conclusion. "There just doesn't seem to be any sane cause for it," commented Chief Arthur Brandstatter of the college police.

"Money was not a cause," he said. "We found a large quantity of cash in the apartment and the couple had a substantial bank account. Domestic difficulty doesn't seem to be the answer either," he said.

Coroner's reports showed that the two children, Sandra Holly, 6 and Rhonda Lynn, 2, had been strangled, and not been drowned in the shower stall of their MSC barracks apartment, where the bodies were found.

Mrs. Strieter had slashed her own wrists and throat before calling police.

State law requires that Mrs. Strieter face the murder charge and that the trial judge may order an examination by psychiatrists if he feels the case warrants such examination.

Design Contest For Basic College Seal Announced

A contest for the best design of a seal for the Basic College Department will be sponsored by the Basic College faculty, according to Martin K. Farmer, chairman of the publications committee.

Farmer suggested that the design be based on the concept of the Basic College as general education, as a foundation for further study, or as a unit composed of the four core courses.

If satisfactory, the seal would be used on publications of the college and other appropriate places, Farmer said.

All designs must be submitted by May 15. Students wishing further details should contact Martin Farmer, 340 Morrill Hall.

General Arts 18

Agriculture 12
Education (including Phys. Ed.) 27

These data are from a study by Dr. Henry Chauncy, published in Science News Letter.

Similar results were found at the graduate level.

Marks achieved on the Army General Classification Test show that of the bottom one-fifth of all graduate students, nearly half are in education.

But Wilson E. Schwahn, instructor in the MSC Education Department, said: "The question becomes, who is included?" "It is my belief," he added,

Reds Release Thirty-five More American POWs

A Chinese Communist leader directs a group of his soldiers and North Koreans (white uniforms) in a song during a break in labor preparing an area at Panmunjom for reception of ailing comrades in the POW exchange.

Annual Parents' Day Prepares for 2,000

Hannah Speech, Doubleheader Scheduled for May 2 Program

A full weekend of activities is in store for students' parents for the third annual Parents' Day, May 2-About 2,000 parents are expected to participate.

The day will begin with registration at Kellogg Center at 10 a.m. This will be followed by a tour of Kellogg Center and a coffee hour.

Parents will be feted at various luncheons to be held by the dormitories, co-ops and sorority and fraternity houses.

Sports event for the day will be a doubleheader baseball game against Minnesota starting at 1 p.m.

Pres. John A. Hannah will give the welcome address to the parents at 2 p.m. in the Kellogg Auditorium.

"The Widening Circle," a movie on MSC, will be shown after the address.

A gymnastics exhibition and tours of WKAR, the television studio, the Electrical Engineering Building, the Home Economics Building and the College Museum in the Auditorium will round out the afternoon affairs.

Another show, "Switching Circuits" sponsored by the Bell Telephone Company will be featured during the exposition.

Industrial, engineering and research exhibits in the fields of communications, electronics, design, foundry, agriculture, metallurgy and mechanics will also be displayed.

One of the primary objectives of the Engineering Exposition is to bring high school students and other guests to MSC and make them aware of opportunities in the field of engineering.

Instructors and professional engineers will be on hand to provide counseling services for the high school students.

Dr. Kenneth McFarland, educator and General Motors consultant, will speak on the subject of "Fathoming the Future."

A carillon concert will be featured from 3 p.m. to 4 p.m. Parents will also have the opportunity to visit the Engineering Exposition and the International Festival to be held the same day.

Julian Gomer will present a movie on the "Columbia River" as part of the travelogue series at 8 p.m. in the Auditorium.

The Sorority Sing will be held at 3 p.m. Sunday in the bandshell or, in case of rain, in the Auditorium. An organ recital is also scheduled for Sunday in the Alumni Memorial Chapel.

Individual dormitories, co-ops and fraternities and sorority houses will entertain parents with skits, teas and parties throughout the weekend.

The average for all holders of bachelor's degrees was 126. The figures were published in Science Magazine.

The highest individual scores made on the test were made by psychologists at the Ph.D. level.

Prisoners Quiet About Treatment

PANMUNJOM, Korea (AP)—Thirty-five more Americans cast off the shapeless garb of Communist prisoners today and return to freedom, together with 65 other sick and wounded Allies in exchange for 500 Chinese and North Koreans.

Even as the second day of an historic swap began, the first 30 liberated Americans were due to be flown to Japan on the first leg of the long-awaited flight home.

The Communists agreed in advance to hand over today 50 North Koreans, 35 Americans, 12 Britons and three Turks. Not all will be able to walk. Fifteen are litter cases.

For them the UN Command agreed to trade 450 Chinese and 50 North Koreans.

No Michigan men were listed in the early incomplete lists.

The traders will continue daily until the Communists have turned over 600 Allied disabled, including 120 Americans, and the UN Command returns 5,000 Communists.

The last of the repatriates should be in Allied hands by Saturday-Friday night, U.S. date. The last Reds will be repatriated by May 1.

The first transfer Monday in this neutral circle was subdued. Most returning prisoners smiled and some waved at their first sight of free Americans. A few broke into tears.

South Koreans reported that many of their countrymen and Allies had died in prison camps. They said the Reds attributed the deaths to tuberculosis.

The homecoming prisoners became more spirited soon afterward when they arrived at Freedom Village outside Munsan. Most appeared to be in good condition.

American soldiers in the first group told a story of generally good treatment under the Communists—but there were obvious restraints and overtones of Red discipline.

See PRISONERS, Page 2

Wolverine Staff Applications Taken

Anyone interested in applying for staff positions on the 1954 Wolverine should submit letters of application to either Quentin Stultz, editor, or Dick McLaughlin, business manager, before Friday, April 24. Positions will be announced at the Publications Banquet on May 14.

Positions to be filled are Photo editor, copy editor, seniors editor, index editor, art editor, organizational editor, office manager, advertising manager, sales manager and promotion manager.

Anyone interested in doing office work, writing copy, or working with photography should turn their names into the Wolverine office, Stultz said.

Spring Parties Bring Sorrows

Graduates to Lose Honors If Even Once on Probation

Even a four pointer won't graduate with high honors or even with honors if he is, or ever has been, on disciplinary probation, according to Recorder Lyle Lisenring.

This is one of the rules involved in the awarding of honors which are conferred on approximately 10 per cent of the graduating seniors each year. Disciplinary probation differs from social probation in that a misdemeanor is placed on a student's record. Social probation largely confines a student to his living quarters.

To graduate with high honors a student must have a 3.40 or better and have earned 130 term credits at MSC. A student will graduate with honors if he has an average of 3.00 to 3.39 and completed 80 term credits at MSC.

These honors are granted on the basis of MSC credits and

average only. Also, the last term before graduation is not considered in the average in order for the honors to be awarded at graduation.

This system went into effect in the fall of 1949, although an honor system is recorded at MSC as far back as 1927. At that time a student would graduate with honors if he made a record of not less than a "B" for three years. To graduate with high honors a student must have had not less than a "B" for four years.

In 1939 the honor system was changed, to include transfer students if they had obtained 50 credits at MSC, had three years full time work at MSC, and had an average of "B" each year at a previous school.

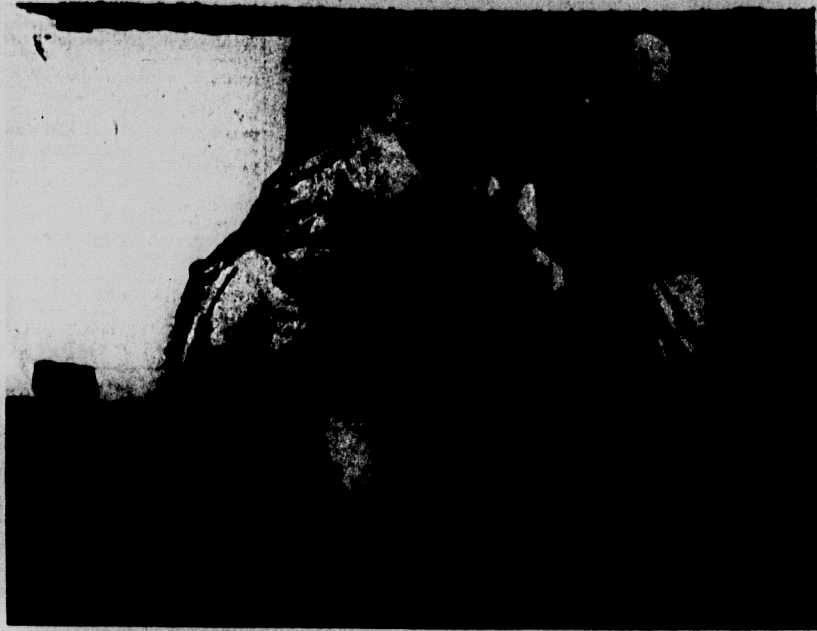

The final change was made when the present system was installed.

CHUCK MILLER

The present cold spell may be a limiting factor in the baseball race. The Spartans and Michigan it has considered the training of Kobs is displeased to say responsible for the batters' sharp drop in hitting. Kobs added, "He had good control." Kobs

Pitcher Chuck Gorman works out under the critical eye of Coach John Kobs. Also watching are moundmen Gus Carlson and Bud Erickson. The three hurlers are among the corps that Kobs will field against opponents in the Big Ten championship race that opens this Friday for the Spartans at Illinois.

Carlson is a veteran of last year's fifth place finishers. Gorman missed last season but showed ability two years ago as a sophomore. Erickson is a relative newcomer with only a few innings experience in the last couple of seasons but showed up well in the opener with Wayne University. He is slated as the number one fireman of the squad.

Dulles Wants Armistice Before Korea Unification

WASHINGTON (AP)—Secretary of State Dulles said Monday the administration wants to negotiate with the Communists as soon as possible on the unification of Korea—but not before an armistice is reached.

Students Gather Ideas for 'Expose' In Ann Arbor

What do University of Michigan students dislike about Michigan State College?

This was one of the questions asked Saturday by a "fact-finding" committee from the MSC humor magazine, the Scurian. Three carloads of MSC students were in Ann Arbor to get material for the May issue, which is to be an expose of the University.

Composed mainly of staff members, the group gathered material by taking pictures, doing Michigan excursions and attending classes. One of the high-lights of the trip was finding a Michigan grad student reading a copy of the Scurian on the steps to the library.

The May issue will be on sale May 12.

before agreeing to a cease-fire the administration should make every effort to get a settlement of such far Eastern problems as the Red war in Indochina and Malaya.

American commitments to the United Nations, Dulles told a new conference, require that the armistice talks precede any effort to settle political issues in Asia (cease-fire negotiations are scheduled to be resumed Friday).

Asked whether the U.S. intended to sound out the Communists as to their views on a political settlement, the secretary replied: "I doubt that that would be an appropriate forum for such a confidential discussion."

The secretary dismissed as premature the idea of a new major power conference on cold war issues, as advanced in the House of Commons Monday.

day by Prime Minister Churchill of Great Britain.

Dulles said the kind of meetings Churchill has in mind are primarily useful after the way has been prepared, and that thus far there have been no preparations.

Dulles leaves today for the Paris meeting of the North Atlantic Council, which is expected to set revised military goals for Western European defense.

Budget

(Continued from Page 1)

the Senate Appropriations Committee.

Both bills will have to be reported out of committee by Friday. With the prospects that a decision on new taxes will not have been reached by that time the heavy job of trimming the bill will undoubtedly be done on the floor of the two houses where the measures are considered in the committee of the whole.

"CAMPUS CLASSIFIEDS... HIGH READERSHIP"

Charlie Chaplin arrives at London airport a short time before announcing that he is giving up his residence in the United States. The 64-year-old comedian, who flew in from Switzerland, said he made his decision because of "the anti-Chaplin propaganda" against him. Chaplin had remained a British citizen throughout his 40 years residence in America.

700 Signed For Block 'S'; More Needed

More than 700 students have signed applications for the Block "S" project, Jim Spelman, chairman, told members of the Junior Council.

Students are still needed to participate, although a limit will be set on how many can sign up. Spelman said that the project will get underway for the football season next fall.

A general meeting for all interested students will be held May 6 in the Auditorium.

Plans for another Junior Coffee Hour to be held in two or three weeks were discussed at the meeting. The coffee hour will feature an open meeting of the council.

Psychology Club To Meet Wednesday

The next meeting of the Psychology Club will be Wednesday night at 7 in Room 17 of the Psychology Building. Members will observe a child through a two-way mirror in the Play Therapy Room.

Exchange

(Continued from Page 1.)

to be returned," she said resignedly when told of a picture showing her son, Claude, 21, bidding two buddies goodbye at the Communist prisoner of war camp at Pyoktong, Korea.

Claude was staying behind. The picture was taken by Frank Noel, Associated Press photographer and also a prisoner of war.

It was a different story for Mrs. J. P. Humphrey of Cottdale, Ala.

The glad news that her son, Louis, 23, had been released by the Communists was the first report the family had received of him since he was reported missing in action last Oct. 7.

"Louis' personal belongings had been returned to the family, but I didn't have the heart to open the package," Mrs. Humphrey said. "Now I know

my prayers have been answered. I never believed my boy was dead."

The first list from Korea carried the young Marine's name as Pvt. Louis A. Humphrey.

Reactions of the families of the 30 Americans released in the first group ranged from joyous outbursts of ecstasy to that of Mrs. Innocencio Medina, Puerto Rican New Yorker who had been praying for hours at her church for the safety of her son, Pfc. Raymond Medina, 26.

She returned to her home late Sunday night to find a joyful, shouting celebration in her home. While she was gone, the family had received the news that Medina had been released from 28 months of detention.

"My prayers have been answered, and so soon," was the mother's quiet comment.

There are 4,840 square yards in an acre.

Nothing no nothing beats better taste
and **LUCKIES**
TASTE BETTER!
Cleaner, Fresher, Smoother!

Ask yourself this question: Why do I smoke?
You know, yourself, you smoke for enjoyment. And you get enjoyment only from the taste of a cigarette.

Luckies taste better—cleaner, fresher, smoother! Why? Luckies are made better to taste better. And, what's more, Luckies are made of fine tobacco. L.S. M.F.T. Lucky Strike Means Fine Tobacco.

So, for the thing you want most in a cigarette... for better taste... for the cleaner, fresher, smoother taste of Lucky Strike...

Be Happy—GO LUCKY!

From Miami to Portland, Maine, Or Fresno to B.C., You'll hear that old familiar phrase, "It's Lucky Strike for me!"
Richard E. Golden
Laury University

So round, so firm, so fully packed, They're easy on the draw. A Lucky Strike for everyone—It ought to be a law!
John F. Stone
University of Nebraska

Poor Cinderella lost her shoe, which her Prince Charming found. Their joy would have been more complete had Luckies been around!
Joanne Deutsch
Brooklyn College

Where's your jingle?
It's easier than you think to make \$25 by writing a Lucky Strike jingle like those you see in this ad. Yes, we need jingles—and we pay \$25 for every one we use! So send as many as you like to: Happy-Go-Lucky, P.O. Box 67, New York 46, N.Y.
