\$2,000 Increase

Campus Chest Nets Gain Over 1952

Funds totaled \$9,029.34 for the 1953 Campus Chest drive, Paul Botts, director, said. This is an increase of nearly \$2,000 more than last year's \$7,077.

Breakdowns determined so far list \$1,100 from solicitations on campus and \$519, married housing. Abbot Hall, donating \$85, made the largest dormitory contribution and Howland House with \$28 was highest for co-ops.

Professor Blames Riot On Custom

Explains Effect of
Mass Psychology

Campus tradition can be blamed for the recent student riots according to Gustave M. Gilbert, assistant professor of psychology.

"The riots were a little excess of normal adolescent exuberance and the students did collectively what they wouldn't do individually because on American campuses this sort of thing is expected," Gilbert said.

"Naturally," he continued, "if it gets out of hand, it is also to be expected that those who go too far will be punished."

"This is all a part of the process of 'testing the limits in the process of acculturation,'" Gilbert said.

MSC is not the only school which has been "testing the limits."

Last week at Princeton more than 1,000 students packed the streets for hours shooting off firecrackers, breaking into shops and causing much damage. Along with all their pranks they yelled "We want girls! We want sex!" or "We want pants!" One threatening warning from their dean broke up the riot in two minutes.

So far, nine Princeton men have been suspended and others may be called to trial.

Haverford, Pa., college's dean thought he had settled any idea of a riot when he told the students to stay out of trouble or "rot in jail."

But the students disregarded his warning and invaded the neighboring town, setting fire to a lawn with gasoline. The result? They spent a night in jail and were set free the next morning.

Two Groups Honor
MSC Professors

Dr. Russell L. Jenkins, assistant professor of Communications Skills, has been granted a scholarship to the National Training Laboratory in Group Development at the Gould Academy, Bethel, Me.

Dr. Jenkins' scholarship is one of ten awarded for study at the academy during an intensive session June 21 to July 11. It was presented him for his doctoral study, "Disciplinary Procedures in the Classroom."

James H. Humphrey, assistant professor of physical education, was elected chairman of teacher education for 1953-54 of the Midwest Association for Health, Physical Education and Recreation.

Salute to Armed Forces

4,000 ROTC Cadets to March in Parade

By JAN BRUNYAND

Tanks, guns, coeds, the MSC marching band and 4,000 ROTC cadets will parade through East Lansing this afternoon to salute the armed forces.

Scheduled to begin at 3 p.m., the Armed Forces Week parade will be the biggest public appearance of the college ROTC groups since the MacArthur Day parade a year ago.

Houses giving direct donations for 100 per cent of their membership were Alpha Gamma Delta, Alpha Epsilon Pi, and Kappa Alpha Theta.

Other living units gave to the combined charity drive by supporting UMOC candidates and by making purchases at the student-faculty auction.

The hundreds of solicitors who volunteered their time for the drive were appreciated by Campus Chest personnel, Botts said.

Division of the funds, given in round numbers, will be made as follows to the seven charities: World Service Student Fund, \$2,250; National Scholarship Fund for Negro Students, \$1,600; American Cancer Society, \$1,350; Polio Fund, \$1,350; Community Chest, \$800; Spartan Nursery, \$800; and MSC Student Loan Fund, \$450.

State House Gets Into Taxing Act

Proposes Revision
Of Payroll Tariff

The Michigan House Wednesday was making motions as though it wants to get back into the state tax act by revising the proposed payroll tariff.

An attempt was made at a Republican caucus to get the House majority to lift the one-defeated payroll tax, branchchild of Speaker Wade Van Valkenburg (R-Kalamazoo) from the table.

It was reported that the leaders of the move were five short of the necessary 51 votes to pass the bill but majority leader Harry J. Phillips (R-Port Huron) said:

"I guarantee we can pass it if the chips are down."

The House has already passed and sent to the Senate a personal income tax and the corporation franchise tax.

But Sen. George N. Higgins' Taxation Committee killed both of them and came out yesterday with a new idea—a business receipts tax.

The House caucus took no official stand, but Van Valkenburg said the members "don't like the business receipts tax at all."

All the proposed taxes are designed to raise some \$40 million in new state revenue to balance the budget and start paying off the deficit.

Brrrr, Deceitful Sweaters Still In Season; Cold Continued

Spartans are advised to "put away their spring clothes" for another day with continued cold weather predicted.

Some sunshine is expected, however, with mostly clear skies and a high of 50 degrees predicted.

Congress Goes Into Overtime

Special Session
Set for Next Week

The student Congress, at their last regular meeting Wednesday night, voted to hold a special session next week to conclude this year's business before turning the reins over to the new representatives.

Stated for consideration at the special session is the proposed constitutional amendment providing for election of the student Government president by all-college primary and final elections.

Appointment of a Justice to the all-college judiciary will also be made at this meeting. Former chief Justice Don O'Neill will serve in this capacity until an appointment is made.

The special session agenda also includes a vote on the special elections bill, which would set up machinery for filling vacancies in Congress which occur during the year.

Under the provisions of the bill, a two-week preliminary period followed by an election conducted by the dormitory council would be required in rooms where more than two persons are registered for the vacant seat.

Action taken at the Wednesday meeting included:

1. Defeat of a special elections bill forbidding dormitory council appointments to Congress.

2. Appropriation of \$75 of the student fund for guests and flowers at the Student Government banquet, to be held Saturday at 6 p.m. in the Green Room of the Union.

3. Transfer of \$71.66 from the student fund to the account allocated for the library campaign.

4. Granting of one-year temporary charters to four clubs.

5. Passing of an oath-of-office bill requiring Congress members and class officers to take an oath administered by the chief justice of the all-college judiciary.

Student Congress speaker Horatio B. Lewis will fly to Minneapolis today to attend the Big 10 Student Government Association's President's Conference at the University of Minnesota. The group will discuss dues, plans for the fall conference, and the Big 10 queen contest, which it sponsors.

Scholarship Bids To Close May 15

Friday, May 15 is the last day applications will be accepted for summer and fall general scholarships.

All students holding general scholarships at the present time, with the exception of the entrance scholarships, must reapply before this deadline.

Appointments for interviews must be made before May 10. All notified applicants must contact the scholarship office.

U. N. Counter-Proposal Turned Down by Reds

A moment of temptation seen in "Ah, Wilderness," the Eugene O'Neill comedy which the MSC Players will present in Fairchild Theater for three days starting tonight. Yielding to the cajoling of Belle (Nancy Parker) is Richard Miller played by William Galarno while the Traveling Salesman (Jim Whitaker) and the Harkeep (Robert McIntosh) grin their approval.

It's Only Fair Snake Gives New Twist To First Aid

SAN DIEGO, Calif. (AP)—Doctors at county hospital said Wednesday friends of Innocent Torres, 25, of Tijuana, Mex., saved his life when they used the body of a rattlesnake which bit him as a tourniquet.

A Spanish-speaking priest at the hospital said Torres told him he was bitten on the ankle Tuesday at Escondido. His companions beat the snake to death with rocks, then twisted its supple body around Torres' leg, preventing the poison from spreading. A passing motorist brought him to the hospital.

Three Remain In Hospital For Treatment

Three MSC students are being treated for injuries in the college Health Center as the result of auto collisions which occurred last Thursday and Friday.

Glenn M. Callison, 21, Detroit junior, suffered a fractured vertebrae and will be in the Health Center for an indefinite period of time; and Anna May Williams, 22, Detroit senior, received a fractured pelvis and will probably be hospitalized for only a brief period, according to Dr. Ralph H. Rukminkoff, temporary director of the Health Center.

Both Miss Williams and Callison were treated and released from Sparrow Hospital Friday and were brought by ambulance to the Health Center. Three other MSC students were in the same car but were uninjured.

Edward W. Foster, 21, senior from Allen Park, received lacerations about the face and head, as the result of a two-car collision which happened last Thursday afternoon, but will be released from the Health Center soon, said Dr. Rukminkoff.

Term Play Opening Slated for Tonight

Young love, excitement and the hilarious episodes of a teen-ager will take the spotlight this evening as Theta Alpha Phi and the Speech Department present Eugene O'Neill's "Ah, Wilderness" beginning at 8:15 p.m.

The top-notch Broadway comedy which takes place in Connecticut is said by some authorities to closely resemble O'Neill's own childhood.

The plot involves a seventeen year old boy, Richard Miller, played by Bill Galarno, who goes through an unusual stage of growing up. He is a highly sensitive youth who enjoys passion stories and is almost a radical.

The Miller family, headed by Donald Kiel as the father and Claire Cossey as the homeloving mother, has quite a time adjusting itself to such a disgraceful son who reads George Bernard Shaw and dates a "tough girl from town."

The rest of the Miller family are: Calvin Rice, the eldest son; Arthur, Mary Stover, the only daughter; Mildred; and Richard Schloemer, as the youngest member of the family. Tommy, who has a mania for setting off firecrackers.

Uncle Sid, who has a weakness toward alcohol, will be characterized by Bentley Lebeche. Aunt Lily Miller, who leads a life of quiet frustration, is Marie Barthel.

Other members of the cast are: Diane King as the maid, Nora; Nancy Parker playing the prostitute, Belle; Joyce Buss, Richard's girl friend, Muriel McCormick; George Monaghan, the father, David McCormick; traveling salesman, Jim Whitaker; and Robert Lee FLAY, Page 1

Typographer To Present Film On Advertising

Howard N. King, typographer counselor for the Intertype Corporation, will present a film and lecture on Advertising Typography today at 1 p.m. in 213 Agriculture Hall.

A well-known typographer, book designer, writer on printing and advertising, and lecturer on the effective use of type, King is first vice-president of the International Association of Printing House Craftsmen, a member of the Graphic Arts Association, and the Chicago Society of Typographic Arts.

King is also an executive of the Maple Press of York, Pa., the organizer and first president of the York Club of Printing House Craftsmen, and a past president of the Advertising Club of York.

He writes and designs a house organ as well as appearing before printing organizations throughout the country for the past 10 years as consultant for the Intertype Corporation.

POW Issue Still Blocks Peace Drive

Top-Level Talks
Await Soviet Action

The Communists Thursday rejected the United Nations Command counter-proposal for settling the prisoner of war issue blocking a Korean truce.

North Korean Gen. Nam Il, head of the Red-truce delegation, informed the Allies the proposal was "absolutely unacceptable."

Nam told Lt. Gen. William K. Harrison Jr., chief Allied negotiator, that the Communist High Command had made a "preliminary study" of the U.N. proposal and found it "tends to overthrow the basis of negotiations of both sides."

"Your proposal is absolutely unacceptable," he said. "We absolutely reject it."

Outside the conference but Communist newsmen told Allied correspondents they believed the Communists had dismantled the tent reception area for exchanged war prisoners, used during the recent repatriation of more than 6,000 Communist sick and wounded for some 600 disabled Allies.

"That is an answer to your 20-point counter proposal," the Red newsmen said.

Meanwhile, in Washington, the United States gently but firmly applied the brake to Prime Minister Churchill's drive toward an early top level conference with Russia.

A statement issued by the State Department emphasized that President Eisenhower is standing firm on his basic decision that Soviet good faith should be proved by actions preliminary to such talks.

The statement said agreement on a Korean truce and on an Austrian treaty would demonstrate Soviet sincerity and "help to pave the way toward a high level conference."

In a major speech in Parliament Monday Churchill proposed a meeting of Western and Russian leaders without any great delay, to be held with maximum privacy and to be free of any detailed program.

His position appeared to have some support from Pope Pius who at a meeting Tuesday with newsmen in Rome advocated peace talks.

Block 'S' Shy Of Goal by 300 Students

About 300 openings are still available in Block S, according to Jim Spelman, general chairman.

After terming last week's meeting in the Auditorium "a success," Spelman said that a box would be placed in the Union Concourse to receive applications some time next week.

Although over 800 students have already signed up for the planned 1,000 student flash-card section, approximately 300 more are wanted to fill the remaining openings. The 100 extra students will provide a reserve to be used as substitutes and replacements for those who may drop out.

Another meeting of the organization is being planned later this term.

'Junior 500' Experts Tally Pushcart Odds

Odds on pushcarts entered in the "Junior 500" Saturday ranged from 1-2, to 500-1. The odds were set by Lambda Chi's board of racing experts.

The complete list:
West Shaw—Making strong bid; using drum panakes for wheels—5-1.

AGR—Looks good; have found short-cut around Beaumont—9-1.

Psi U—They sound good, but will they show?—7-1.

Sigma Nu—Rumored to have motor concealed at first turn—3-1.

Phi Delta Theta—Scratched. AEP—Picked up pointers at Indianapolis—6-5.

Alpha Phi Alpha—Defending champs—have dusted trophy case—3-1.

Lambda Chi—Dark horse; exercise elbows nightly—4-1.

SAE—Fast in first trial—but how can you tell so soon?—20-1.

Delta Sig—Quick take-off; have mounted wings on cart—1-2.

Delta Tau—Smart money; tides on this cart; running on campus wheels—4-1.

ATO—Cart runs on fuel drive; pushers all wet—7-2.

Farmhouse—May jump gun; driver all hoped up—15-1.

Kappa Sig—Back in race, but stiff from recent confinement—10-1.

Beta—Sure thing; grill greyhounds running—2-1.

Asher Hou—Great stretch cart; but will it stretch that far?—30-1.

Phi Kappa Sigma—Good moulder; have flooded Circle Drive—30-1.

Phi Kappa Tau—Couldn't be timed; driver's face stopped clock—40-1.

Phillips Hall—Might not start; not a wheel in the dorn—25-1.

Abbot—May blow in first; driver chewing Double Bubble gum—100-1.

AGR—Strong contender; runners taking nightly sprints around course—8-1.

Sigma Chi—Not a chance; using square wheels—500-1.

Snyder Hall—Will make a bid in the stretch; have been stealing girdles—20-1.

DU—Will win if they finish first—25-1.

Delta Sigma Pi—Starts fast; have jet motor under hood—15-1.

Pi Kappa Phi—Long shot; drivers drinking Red Bull—50-1.

Zeta Beta Tau—Going all out; using driver this year—40-1.

Epsilon Eta—Have a wheel; have a wheel—10-1.

Theta Chi—Will win; made in stretch; strong—20-1.

Credit One Black Mark To Thoughtless Kids

Michigan State College was put in a difficult situation this week by a group of unthinking students. It is the old familiar story of what newspapermen chose to call a riot.

Monday night 1,000 men (?) raided Mason Hall and rioted on the Red Cedar and Grand River Avenues to give the college a black eye throughout the nation.

Newspapermen grabbed the story and printed it on the front pages of the disgrace of the college and of the innocent students.

It is a shocking situation. The state legislature is now considering appropriations that would give the college a library equipped for "adult" reading to gain an "adult" education for "adults." But they are now questioning if they should strain the already too strained state budget with this burden for children.

Clearly, the students who got carried away by the mob this Monday night didn't stop to think of the repercussions. But this does not excuse them. Now come of them will plead, "I was just watching. You can't punish me for that." Yet, why shouldn't they be punished?

Tom King, dean of students, pointed out Tuesday that when students join a mob to cause all identification. They, too, are subject to the same punishment as the instigators. This, and as it strikes the ones who must suffer and some of the rest of us who sympathize with their fate, is very sad.

The riot this year was not the first one

at MSC. It was the third year in a row that they have occurred. The students were not ignorant of the effects of their actions if they were caught.

Therefore, we feel that Dean King and the student Congress are entirely right in taking the firm stand they propose to take. Riots are dangerous. This time one student and one policeman suffered physical injury. This was lucky; many more could have been hurt.

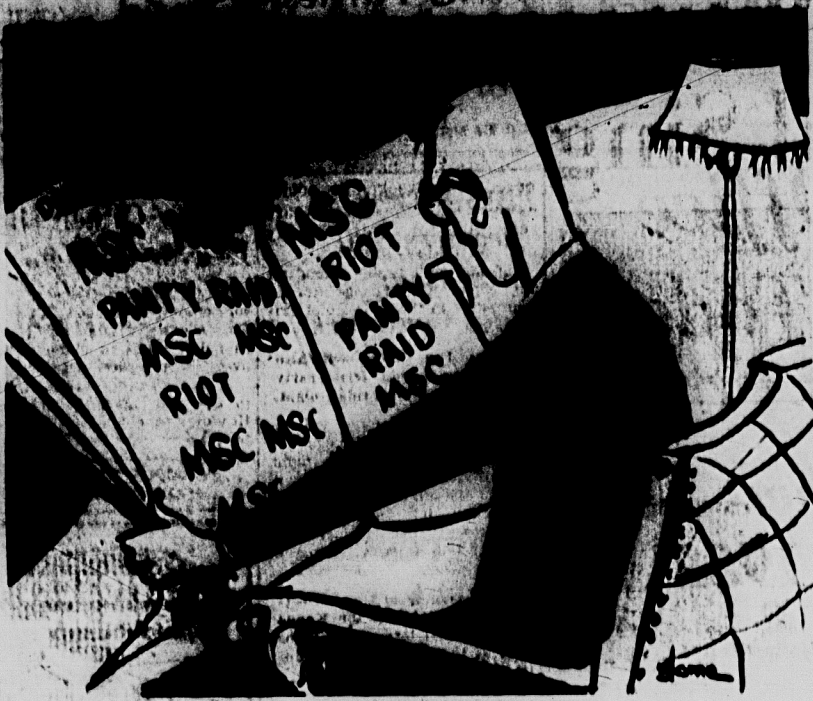

There is a madness associated with riots that causes people to become irrational. They do damage and injury to others that they would never do if they stopped to think. This line of action is a threat to group living. Riots that enter dormitories and ruin personal property and destroy possessions that cannot be replaced are not a desirable thing.

It is unfortunate that the group arrested this week included a majority of freshmen. However, we feel that strict action is necessary. We recommend the individual treatment of each of the offenders and expulsion for the ones directly involved.

Coeds are not excluded from blame in this riot, either. But since names haven't been taken they can not be punished this time. However it would be entirely fair we feel, to campus or put on social probation any coed who would encourage a rioting mob.

Strong enough action now can do much to prevent a repeat of Monday night's affairs.

READER ATTACKS BAND SITE CHANGE

To the Editor:
What happened to the band concert that was to have taken place at the College Auditorium tonight "in case of inclement weather?"

I know the answer, the band held forth in the band room of the Music Building. This I discovered after a little investigation on my own.

What puzzles me is why some notice wasn't given regarding the change.

After hearing the concert, I am sorry I bothered locating it. There seems to be no limit to the number of improvements that could be affected concerning this band.

However, let it suffice to say that they certainly did not sound like a band of college caliber. I am proud of Michigan State College and all the things that make it what it is. I would also like to be proud of its band.

I sincerely hope that the forthcoming concerts will show some improvements over what I experienced tonight in that humid little room.

Alumni Groups To Hold Series Of Meetings

The Shiawassee county alumni clubs will meet in Cornucopia on Monday, May 13 in the first of a series of alumni club meetings throughout Michigan. The group will meet in the Communications Skills Department.

On the same night, Prof. Karl Wright, an agricultural economics instructor and John R. McGoff, assistant director of MSC Alumni Relations, will address Charlevoix county clubs in Charlevoix.

An alumni-sponsored concert will be given by MSC's Men's Glee Club in Flint on May 19. The Glee Club will sing in Muskegon on May 20.

A workshop meeting to promote club activities is planned for Birmingham alumni on May 26.

A meeting, discussing entitled "The Role of the Alumni" will be given by the Michigan State Alumni Association, Mrs. Louise Carpenter, at the Tuscola county club on May 22.

Letters to the Editor

Students Give Riot Views

WANTS RIOTERS PUNISHED

To the Editor:
I am writing this letter with the hope that the Chief of Police, Dean King, and President Hannah will read it and take heed of what I have to say.

This morning when I arrived in East Lansing and read the school paper I was both astonished and thoroughly embarrassed to learn of the escapades of last night (May 11). It almost makes me ashamed of the fact that I will in December receive a degree from this college.

If the incident had occurred in any other place, those arrested or proved guilty would be prosecuted and (according to my slang) thrown in the slammer. I am of the opinion, and I think many others are, that the severity of the atrocities against a decent law abiding society must be prosecuted, regardless of sex.

I appeal to you, the leaders and protectors of the school's name to set an example of these students for other colleges to follow.

Respectfully,
Dean A. Holmes

VET CRITICIZES RAID

To the Editor:
The red-blooded college men, or MSC rioters, obviously do not yet realize their responsibilities to society or to their fellow students. The so-called "party raid" and riot recalled to my mind the stupid games in American colleges last year. I vividly remember this because I read about it while overseas, and together with fellow soldiers, made many comments regarding the future and the national fortune required to make such a daring raid.

If the rioters were to think a little, they would perhaps give their fellow students a hand and help them to bear or feel the shock of a Communist war, although I am certain it would not be a Communist war.

Remember that, if you are men, that fellows your age have the same responsibility in fighting for you in the rock and sand of some Korean mountain.

Ask yourself the question and give an honest answer. Was Monday night's riot a support for them?

A Veteran

DEFENDS MICHIGAN STATE

To the Editor:
Dear Mr. Bennett, Jr.
When are you leaving us? Believe me, your departure will undoubtedly be MSC's gain. Any student as narrow minded as you is definitely a detriment upon our fair institution.

How you can verbally blame our student body for the actions of a few hundred students is beyond my comprehension.

Remember, Mr. Bennett, there are some twelve thousand students at MSC. You, on your own judgment and sentence because a few hundred students did a few things.

In case you have forgotten, I shall quote a few sentences from your editorial of May 12. "Yes, the public is right. MSC is a school of drunks. MSC is a breeding ground for some of the worst law offenders in the United States. MSC is a delinquent school." Now narrow minded and asinine can one individual be? You have been in school (MSC) for approximately nine months. I have attended MSC for four years and I believe my judgment on the students should hold more water than yours. It is my opinion that the students of Michigan State College, as a whole, are on a par with any leading University or College in the United States. I have never met a friendlier or cleaner cut group of people in my life—and I know that the majority of the students will defend that point.

Grow up! Get the few hundred that were involved in the riot! Stop the few hundred that were involved in the riot! Stop the few hundred that were involved in the riot!

Yes, Mr. Bennett, your departure will definitely be our gain. If you need help in packing just let me know. I will be MORE than obliged to help you do so.

A loyal MSC student

PHILLIPS OFFICERS HIT STORY

To the Editor:
The MSC State News inaccurately reported that student workers of the Snyder-Phillips cafeteria threw a coed in the Red Cedar.

It would be interesting to note that there are no coeds on campus. Snyder-Phillips cafeteria. So, how could it be possible for a "band of students from Snyder-Phillips Hall" to carry a coed, employed in their dining room, to the Red Cedar and throw her in?

This example of misplaced guilt and inaccurate reporting seems to us to be the rule rather than the exception in the entire handling of the riot.

We also hope that they remember that the Campus Police are not infallible. The police did not arrest all the students who were guilty, and we submit that not all of those whom they did arrest were guilty.

There are many other reasons for being on campus than that of rioting. Remember this, All-College Judiciary! And remember also that because a student is arrested, this is not proof that he is guilty or is it not true that we are innocent until proven guilty.

Don E. Rose, President Phillips Hall
Robert L. Roy, Vice President Phillips Hall
Gilbert R. Proven, Student Government Representative, Phillips Hall

"POLICE BLUNDERINGS REACH PEAK"

To the Editor:
In my three years at MSC there have been a number of articles and letters to the editor about the campus police. Most of these have been unfavorable. I think that the blunderings of the police reached a peak Monday night.

I don't desire to defend those that were active members of the riot. Any of the proposed punishments I believe are just, but why didn't they make an attempt to get the guilty persons. They apparently arrested the first people that they saw and the ones that were easiest to catch. While doing this they let the guilty escape. It is reported to me that they asked the male students in the halls of Mason what they were doing there and then told them they had better leave. Certainly if they wanted the guilty they could have had them. I might say that the information I have is second hand or else I might be one of those facing suspension or probation.

The apparent stand of the administration is a disappointment to me. They seem to think that everyone picked up by the police should face some type of disciplinary action. Can this be a college in a democracy when it becomes a crime to walk from one part of the campus to another. It may be that they stopped for a minute to watch, but then what human beings wouldn't have, when there was such a commotion taking place.

Others that were arrested then left their studying in dorm rooms to walk outside the door to find out what was happening. These were typical of many of the students that the police arrested; namely the people that they are easy to catch, small, and didn't put up a fight because they had done nothing wrong. I say that if they expect to prosecute the people they pick up they should make sure they arrest people who are doing something wrong. In the courts of the country you are innocent until you are proven guilty. If they can't prove these people guilty of being active members of the riot there should be no action taken against them.

Glen Collection

SNYDER RESIDENTS DEMAND APOLOGY

To whom it may concern:
We the undersigned residents of Snyder Hall demand a public apology on page one of the State News for your uncalled-for slam at Snyder-Phillips Hall. In your article on the recent party raid you stated "The riot started at 6:30 P.M. when a band of students from Snyder-Phillips Hall carried a coed, employed in their dining room, to the Red Cedar and threw her in."

For your information, we have no coeds employed in our dining room. We cannot see the continual implication that every coed break of violence on campus have their roots in Snyder-Phillips Hall. In the interests of fair play and good reporting, we feel we deserve a very humble apology.

Why don't you check the facts before you fill your paper with statements getting but completely false statements?

RIOT TERMED "ILLEGAL"

To the Editor:
If the police officers attending the riot Monday night used their hands, they could have stopped it all in a matter of seconds. They should have picked up Bob Bolo and his law-abiding friends to the charge of students that the riot was illegal because none of the participants don't have a 2 point.

Fraternity State 19 Members

The fraternity, national in scope, will initiate members tonight. The initiation will begin at 8 p.m. at the Tower and will conclude in the Jensen Fieldhouse pool.

Term Parties, Picnics Slated For Weekend

By NANCY GOODWIN

Mid-terms haven't hampered this weekend's social agenda. Term parties are scheduled for both Friday and Saturday nights.

"Spring" will be the theme for the Alpha Chi Omega formal term party in the Olds Hotel Friday night.

Alpha Tau Omega will also hold their formal term party in the Hotel Olds Friday night.

The Masonic Temple will be the scene of the Chi Omega formal term party Saturday night. Tommy Aquino's orchestra will play for the affair.

Saturday night Delta Sigma Pi will present their formal term party in the American Room of the Hotel Olds.

The crowning of their sweetheart will highlight the Kappa Sigma formal term party to be held at the Indian Hills Country Club Saturday night.

Friday night Snyder Hall will have its annual semi-formal term party in the Union Ballroom. Ed Berry and his orchestra will play. Delta Sigma Phi will also hold its spring term party Friday night at the Women's Club House.

Alpha Pi Alpha has scheduled their second Sweetheart dance for the Union Ballroom Saturday night. Ken Davis and his orchestra will play. A ha-quet in Kelllogg Center will precede the dance. Anchor House will hold a semi-formal dance in the Lansing YMCA Saturday night.

A spring term party will be presented at Shaw Hall Saturday night. Decorations will center around the "Enchanted Evening" theme. Drexel Lamb and his orchestra will provide the music. The Men's Glee Club will hold its annual semi-formal banquet Saturday night in the Union Building.

The Sigma Alpha Epsilon house will be converted into a South Sea Island Saturday night. The Jimmy Mason Combo will play for the event.

Picnics have been planned this weekend by the American Society of Civil Engineers, Bethel Manor, Zeta Tau Alpha and Robinson House. Shaw Hall will hold a record dance Friday night.

Social Circuit

Recent engagements of Theta Xi are: John Wilson, Wyandotte senior, to Jo Robinson, Wyandotte graduate and Alpha Gamma Delta; David Waring, Detroit graduate to Francis Gaines, Cleveland Heights, O., senior.

Derby Queen III, Leaves College

Kay Sutton, Grosse Pointe sophomore, and queen of Lambda Chi Alpha's "Junior 500" pushcart derby will be unable to reign over the pre-race activities.

Miss Sutton became ill and had to drop out of MSC this term. However, she will be present at the race.

Hannah to Address Lantern Night Group

By KAY MYERS
State News Associate Editor

Lantern Night will celebrate its 30th anniversary as an MSC tradition this year.

President John A. Hannah will be on hand to speak at the annual event scheduled for May 21. He will talk on the significance of Lantern Night and the passing of the lanterns.

The procession of coeds carrying lighted Japanese lanterns will start at the Union at 7:30 p.m. and will proceed around campus to the east side of the Hannah home where the program will be held.

The Sorority Ring winner, Gamma Phi Beta, will present its first place selection, "The Alchemist, Topkapi and Santa Fe." The winner of the Women's Dormitory Ring will be asked to present its number.

Again this year 50 outstanding senior women will be honored at the ceremony. Mortar Board selects the coeds to be honored and each will receive a white carnation in recognition of her service to the college. Mrs. Hannah will present the flowers.

The new AWS presidents, Justine Ray and Mary Ellen Wiegler, will be installed by the old presidents, Joanne Bachelder and Olga Torshy. The new Mortar Board and Tower Guard presidents will be announced.

... These Are the Candidates ...

Senior Class President

David E. Hallmark is a Chemistry (Pre-Med.) major from Flint. Activities: Football, Dionysians, Fraternity.

I believe the senior class activities if successful represent a lot of organization and hard work. The senior class president if successful represents a good co-ordinator of the people who work and the work to be done.

Keith Logan Markhouse is a Zoology major from Plymouth, Ind. Activities: Varsity Sport, Fraternity.

I believe the duties, functions and role of the senior class president should be: to direct the traditional activities of the senior class while upholding the interests of our administration and Michigan State College. Some of the activities will be Water Carnival, Senior Ball, etc.

Vice President

Norm Babb is a Business Administration major from Battle Creek. Activities: Union Board, J-Hop, Water Carnival.

I believe the vice president must be a trouble shooter. He differs

from the president in that the big decisions aren't his, but the responsibility of carrying out many of the functions. He is a co-ordinator, an organizer and a go between with the president and class members.

Douglas Jay Stark is a Speech Correction major from E. Lansing. Activities: M.S.C. Orchestra, Tower Guard, Pi Beta Phi, Kappa Delta Pi, Class Officer, J-Hop, Water Carnival, Speech Major's Club.

I believe the senior class should assume a role of leadership on the campus, and by it's functioning, set a standard for the other class officers. It has many traditions and activities to perpetuate and as vice president I hope to work toward a unified senior class to the best of my ability.

Secretary

Allene H. (Lee) Cummings is a Retailing (Home Economics) major from Birmingham. Activities: Frash-Soph Home Economics Club, Wolverine, Campus Chest, Retailing Club, J-Hop, Junior Class Council, Kappa Alpha Theta.

I believe the senior secretary is responsible for prompt and complete correspondence transactions dealing with senior class business. She must also keep an accurate and up to date account of all meetings of the senior class council and officers. She also helps coordinate class activities by heading and working on the various committees and projects the senior class fosters.

Ronan Van Noppen is a Music (Public School) major from Larchmont, N.Y. Activities: Mixed Chorus, Delta Omicron, J-Hop Chairman, Green Splash, Water Carnival, Swimming Team, Pi Beta Phi.

I believe the duties of the senior class secretary are to record the minutes of all senior class meetings, to be present and take part in class activities and to help publicize all events so that the entire class will be well informed. The senior class secretary should take the stand as a leader and act accordingly showing active interest in all events.

Banquet to Honor Leading Students In Speech Work

A speech honors banquet will be held in room 21 of the Union, May 21 to present citations and trophies to outstanding students in speech work.

Awards to be presented are: Spartan "Oscars" for best performance in the theater, WLS awards for best talent and production in radio, and the Pina award for the outstanding senior in forensics.

Directors of work in television and interpretation will present awards for best student performance in these areas.

The Speech Department will present engraved citations to those students recommended by staff members as having distinguished themselves in speech activities.

Treasurer

Keith A. Burt is a General Business major from Fort Wayne, Ind. Activities: Football Manager, Freshman Track, Pi Kappa Phi.

The treasurer is a member of the senior council which plans class activities. He informs the council and the various committees of the class financial status. He must work in conjunction with the alumni office on such matters as the Water Carnival. Finally, he must regularly check the books to keep them in balance.

Daniel E. Smith is a Hotel Administration major from Wilmette, Ill. Activities: Campus Chest, Union Board.

I believe the treasurer's work is to take care of the funds collected by the class and also keep records and allocate money needed in class projects. I think any officer should uphold his position and be a shining example of a leader in school.

Junior Class President

Roger Abbot is an Accounting major from Bay City. Activities: Dormitory Vice President and President, Dorm Photography Club, Student Government, Inter-Dorm Council, Fraternity, Spartan Round Table.

I believe one of the duties of the president is to see that the junior class is run effectively so as to give all juniors a chance to express their opinions, and participate in the activities of the junior class.

Donna Coulter is a Business Administration major from Detroit. Activities: Social Chairman, General Council, Wolverine, Organizer of the Fighting Irish, Campus Chest.

I believe the junior class president should lead in the coordination of the junior council with the entire class. It is also his job to delegate the necessary authority to other members of the class for the promotion of the various functions, such as the J-Hop, Junior Class Council, and other undertakings of the class.

Vice President

John Gorm is a Psychology major from Auburn, Ind. Activities: Block "S" Fraternity Public Relations, Greek Feast, Freshman Basketball, Hannah Rally.

The student congress is given the legislative functions of passing bills to provide for systems of all college elections and all other political procedures.

The campaigner is to follow the rules set forth in the congress bill No. 36.

Jim Moorhead is a Pre. Vet. major from Hartford. Activities: Student Congress, Delta Sigma Phi, M.S.C. Men's Glee Club, Mason-Abbot Club, Intramural Sports.

I believe the junior vice president should work hand in hand with the class president and junior council to organize the activities of the junior class. They're striving for the best coordination and cooperation possible to the benefit of the junior class and college.

Secretary

Nancy Edmund is a Social Work major from Bethesda, Md. Activities: Spartade, Dormitory Secretary, Gamma Phi Beta, Harvest Ball, Resident Assistant.

I believe the main duties of the secretary should be to attend and take minutes of all the meetings of the class officers. It is her duty to work along with the president and other officers of the class. Her job is to keep the class members well informed and do all possible to support the class and the activities it enters or sponsors.

sors. She should be willing to perform any other duties she may require.

Joelle Fleischmann is a Retail Administration major from Fort Wayne, Ind. Activities: Spartan, Wolverine, Dorm Officer, Frash-Soph Spartade Publicity Committee.

The most obvious duty of a class secretary is to take the minutes of the class meetings and to keep the officers and students informed of the class projects. However, she has other duties besides. She should help formulate, guide, and promote those projects which work for the good of the majority of the class and not the few.

Treasurer

Majorie Price is a Physics-Math major from Auburn, Ind. Activities: Ski Club, Dionysians, Homecoming Display, Water Carnival, Softball, Kappa Alpha Theta.

I believe the treasurer should have the ability to keep a record of all expenditures and receipts during the term of which may be audited at any time. Also, the treasurer should be willing to aid the class in any way possible.

John Arthur Walker is a Business Administration major from Fort Wayne, Ind. Activities: Kappa Sigma, Frash-Soph Council, Parent Wolverine, Y.M.C.A., Career Carnival.

The treasurer accounts for the funds of the class, but should be ready at any time to aid the junior council in any and all undertakings. The person in this position also might make suggestions which would be for the betterment of the junior class.

Sophomore Class President

James Carl McGuire is Non-Pref. from Cadillac. Activities: Dance, Union Board, Spartade, Fraternity, Inter Fraternity Water Carnival, Intramural Sports.

I believe the president has an important job because he draws the students together to function as an organized group. He should promote all types of campus activities, especially originating in his own class. He should promote better faculty relations and not just look out for his own interests.

Jack C. Stramer is a Business Administration major from Fort Wayne, Ind. Activities: Frash-Soph Council, Junior "S" and "S" Fraternity, Y.M.C.A., Frash-Soph Government, Parent Wolverine.

I believe the president of the sophomore class should be the members of his class, and the ideas and opinions of individuals. It is his duty to help improve the school, the student body, and to develop better relations between different classes at this institution.

Vice President

Donna Jean Korbel is an English Education major from Fort Wayne, Ind. Activities: Junior Orchestra, Literature Club, Spartade, Star Spin, Water Carnival.

I believe the vice president should assist the president in taking and carrying out the projects of the sophomore class. The vice president should work with the other officers in increasing class participation and cooperation. While the president and working on any specific committee, so the promotion of the best interests of the class should be one of the main duties.

William E. Walter is a Radio and Television major from Fort Wayne, Ind. Activities: E. Shaw Council, Lambda Chi Alpha, Student Government.

The job of vice president of anything is generally a lot of work and not much glory. I believe that in assuming this one must be prepared to be constantly on the lookout for student welfare and represent them efficiently and honestly. The role assumed should be definitely an active one and not a passive one.

Secretary

Joanne Joy is a Child Development major from Fort Wayne, Ind. Activities: Freshman Class Secretary, Home Economics Club, Chorus, Spartade, Campus Chest, Sorority Sigma Kappa Theta.

The main function of the class is Frash-Soph Day, which is coordinated by class officers and Frash-Soph Council members. It is their duty to assist with all registration periods, and giving a special orientation and dance for next fall. They are also organizing a pep rally in the fall, assisting Campus Dionysians, and other activities that come before the council. As secretary, it is their duty to take care of all correspondence and minutes from the plus serving on these various committees, and taking care when necessary.

MSC to Conduct Television Workshop

SUBSTANTIAL LOANS ON DIAMONDS WATCHES - GUNS TYPEWRITERS BINOCULARS CAMERAS

KAY'S JEWELRY & LUGGAGE

204 E. Michigan Ave. Lansing

A special two-day workshop will open today in which technical developments will be discussed.

The workshop, sponsored by the Michigan Student Congress, is designed for production of a cover story, camera and television facilities and personnel. Among other things, it is hoped that the workshop will lead to the college television service which will be conducted by the MSC's own studios and facilities will be used.

Dr. Armand L. Hult, the college television service will head the workshop. He will conduct the workshop.

State Baseball Nine Leaves Today For Three Games in Hoosierland

Mathews Fortifies First Base

Kobs Rates Soph As Top Flinger

By RON HENRY
 Unless Chuck Mathews does a complete reversal of form, Michigan State's baseball team should be well-fortified at first base for the next two years.

Mathews, a six-footer from Rosebush, Mich., is only in his second year of duty with the Green and White diamondmen, but has already cinched the first sack slot.

And the slick-finding south-paw doesn't intend to slack up on the job.

As a freshman during the 1952 campaign, he appeared in 17 of 30 games, and was the regular first baseman throughout the southern trip.

During the regular season, however, he had to play second-fiddle to Bob Clech, who was busy drumming out the team batting championship with a .364 mark.

With Clech graduated, Mathews took over the initial sack. And he started the season with a bang, committing but one error in 61 chances on the spring trip. His hitting has been improving steadily, too. He fields his position so well that Kobs rates him one of the best fielders on the team.

While at Mt. Pleasant (Mich.) High School, Chuck played both in the infield and outfield, and took several duty tours on the mound for the Oilers' baseball squad.

During the past two summers he has played recreation league baseball, and has led his team in batting both years with marks of .393 and .321.

Michigan State boxers have won nine national collegiate boxing titles.

Performing in fine steps for the Spartans baseball squad this spring has been Chuck Mathews, the regular first sacker. Mathews is an adept fielder making but one error in his first 61 chances this spring. He is also improving in the hitting department.

O'Connell Gone

Quarterback Problems Confront Eliot at Illinois

By KEITH MILLER
 BLOOMINGTON, Ill. (AP)—This is the third in a series of articles covering the spring football situation at Big 10 schools. This coverage continues Illinois. After winning the Big 10 football championship in 1951, the fortunes of Illinois have gone down immensely.

In '52 the experts predicted great things for the Illini, but Coach Ray Eliot's lads wound up the campaign winning but four of nine games including a conference record of two and five, which gave them a tie for sixth position in the final standings.

Now as Eliot looks toward the '53 season, he finds the future loaded with problems.

The toughest problem will be to find a quarterback to replace the great Tommy O'Connell, who won numerous awards for his passing abilities in the '52 state.

O'Connell was the all-midwest quarterback on the United Press team and the Big 10's best all-around passer, according to the Minneapolis Tribune.

Also the Illini will definitely miss Al Brosky, a talented safetyman for three years.

Lack of depth at every position will likely give Eliot many a sleepless night during the coming season. In addition, there is a definite lack of experienced

personnel at tackle, quarterback and halfback.

On the affirmative side of the picture, Illinois has 26 letter-men available, good veteran talent at guard, line punting, and a promising group of freshmen halfbacks, who will become eligible when September rolls around.

Leading the '53 squad will be Capt. Bob Lenzini, a 200-pound tackle, who has been a defensive stalwart for the past two seasons.

Another top lineman is end John Ryan, the Illini's top over-er with 26 points in '52. Ryan was fourth in the nation in pass receptions with 45 catches for 716 yards. In the Washington tilt, Ryan scored three touchdowns.

In regard to replacements, Eliot has at quarterback Bob Gongola, Flyr Falkenstein, Em Lindbeck and Don Casper. At the tackle spot, the popular grid mentor is looking over Dick Kohlhaas, Pete Palmer and Roger Wolf among others.

Key contests for the Illini are with Minnesota and Michigan, both at Champaign, and with Ohio State at Columbus.

A spring observation Illinois will likely be made in the conference's second division in the 1953 season.

Kobs' Squad To Hit Indiana Purdue Tuesday

By CHUCK WHITE
 The baseball team this afternoon after a practice session for Friday and a game Friday with the Big 10 enders.

From there the journey to Indiana for a Friday double-header will be due. The Bulldogs were in last place in the Big 10.

This would mean a weekend for the two clubs that have no conference games scheduled as the season.

However, Coach Kobs refuses to say it should be a "breather" to Kobs, the Hoosier and Mar to Mar in that they are composed of new players. Purdue is a bad year but it should be remembered that they were Kobs' only Big 10

Kobs again is faced with the Yewic deprived of some strong hitting power. Dick Edin is the first-string pitcher in reserve and position.

In case Kobs is behind the 1952 team, he would take over the job.

And still there is the Kobs is pleased with the work of Red Erickson and his—only once in a while that have consistently good work.

Kobs plans to take Erickson, Dangel and on the trip with him, possibly four or five first three. In view of the trip along with the man and either one or both.

Kobs said that it would be a good idea to have the rotation system of the best use of the out overworking the

Fig 10 statistics show Chuck Mathews batting leader in the eighth spot in the league game. He has been hitting the clip in conference and he was sidelined.

In team fighting, he slipped from the top while in batting eighth.

DIETITIAN

PHYSICAL THERAPIST

OCCUPATIONAL THERAPIST

AFTER GRADUATION... Train as an Officer and a Specialist

Unparalleled professional opportunities now await you as a Medical Specialist in the United States Army. If you qualify, you can train as an officer in the field of Dietetics, Physical Therapy or Occupational Therapy. You will receive a commission prior to training and earn a starting salary of \$270 a month with quarters furnished.

Women Medical Specialists fill vital positions in our nation's defense program. They live in attractive and comfortable living quarters and work with the best equipment in the finest hospitals and clinics all over the world. Should you join them, you will gain the satisfaction of serving your country in a position of vital responsibility.

Choose and Prepare for one of these Exciting Careers!

■ Army Dietitian

As an Army Dietitian you will be responsible for food service to all patients and duty personnel in Army hospitals. You will be trained for major administrative and therapeutic duties. You will have charge of all the work procedures related to your department.

Minimum Requirements: A bachelor's degree with a major in foods and nutrition or institution management. If you have your degree or expect to receive it within 6 months, you may apply for a commission. You will receive a 12-month Army Dietetic internship approved by the American Dietetic Association and then be assigned to duty as a qualified Dietitian.

■ Army Physical Therapist

As an Army Physical Therapist you will be a member of a medical team in a typical, well-equipped Army hospital. Under medical prescription and supervision, you will assist in returning patients with physical disabilities to normal activity.

Minimum Requirements: A bachelor's degree with satisfactory courses in the biological and physical sciences and psychology. Upon completion of these requirements, or six months prior to their completion, you may apply for the 12-month Army Physical Therapy course, which is approved by the American Physical Therapy Association. If you are selected you will be commissioned in the Women's Medical Specialist Corps, U. S. Army Reserve. Upon completion of the course you will be assigned to duty as a qualified Physical Therapist.

WOMEN'S MEDICAL SPECIALIST CORPS
U. S. ARMY
RESERVE

■ Army Occupational Therapist

As an Army Occupational Therapist you will combine your medical training with such skills as weaving, ceramics and woodwork to aid in your patients' improvement. Yours will be the challenge of promoting maximum recovery from injury or illness through prescribed activity. You'll be a specialist member of the medical team, contributing vitally to the welfare of the patients.

Minimum Requirements: If you have a bachelor's degree with at least 16 semester hours in psychology, sciences or sociology or in any combination of these subjects, you may apply for a commission. You will attend an Occupational Therapy course conducted by the Army and then be assigned to duty as a qualified Occupational Therapist.

If you are interested in the exciting life of a Medical Specialist and can qualify, fill out the coupon below.

Tennis Squad Whips Wolves

Spartan Celebration Dumps Mills, Former Teammate, 7-5, 6-4

By BILL TWAY

State's rampaging tennis team added the University of Michigan to its growing list of net victims Wednesday with an impressive 7-2 shellacking on the Wolverine Ann Arbor courts.

State all the way. Spartans headed the charge, sweeping their first defeat in the campaign, sweeping streak at three.

Spartan stars also put a clinching stroke of their winning 10th consecutive match over a 100-year-old rivalry of the Wolverine.

Jack J. J. started the proceedings with a sweeping victory over the Wolverines. The Spartans had won to 6-1, 6-2.

Tom Bellon, a former teammate of J. J., followed with a 6-1, 6-2 win. After winning the first set, Bellon was downed by a 6-1, 6-2 final.

number three singles turned out to be a hot-tempered teammate as John J. of the Spartans collected Mills, a former teammate himself 7-5, 6-4.

Thereafter, the Spartans won three and four sets on the 51 State net.

Record-Breaking 440 Run Puts Vargha in New Class

When Lou Vargha broke the 440-yard run record Saturday, he firmly established himself as the best quarter-mile Spartan track hand ever had.

Vargha, 20-year-old junior from Plymouth, turned in a sparkling 48.2 effort in his specialty in a dual meet against Penn State to erase the MSC varsity mark of 48.2, which was set by Fred Alderman in 1927 and tied by Vargha the previous week when he won the event against the University of Illinois.

His record effort against Penn State stands among the nation's best for this season, and should place him in contention for Big 10 honors in the coming conference meet.

The six-foot, 155-pound sprinter is termed by Coach Karl Schladerman, a quarter-mile sprinter, as he has used him regularly in the 220 as well as in the 440, and on occasion has sent him in the 100-yard dash.

Vargha has proved his ability to handle the 220 Saturday against the Lions, he rested for 40 minutes after his quarter-mile and then went out and ran a 21.5 in the 220 yard dash. Against Illinois, he chased Illinois star Willie Williams home in 21.6, which through last week was the fastest time in the conference meet this year.

This is his first outdoor season.

LOU VARGHA
see quarter-mile

son last year, as a sophomore. Lou was sidelined by a leg injury just after the outdoor season started. Schladerman recognized the potential ability of Vargha and has brought him along slowly this season. With the advent of the first real warm running weather in the last couple of weeks he began to come along.

In the Drake Relays, the first outdoor meet of the season, Vargha ran the 440-yard run.

gha ran the opening leg of the sprint medley relay and was timed unofficially in 48.8 for his quarter. His 48.3 at Illinois was not.

Vargha really opened up for the Penn State meet. In the first 220 of his career, he ran an unofficial 21.5 which was a bit too fast, but he finished strong.

Schladerman believes that Vargha is capable of getting under 18 seconds this season. He will have two more chances before the Big 10 meet which is set for May 28-30. This Friday, the Spartans face Wisconsin in Madison, and on May 22, they'll be in Ann Arbor to face Michigan.

In the meantime, Vargha will continue to be a workhorse, running a leg on the Spartan mile relay team as well as going in the 220 and 440-yard runs.

Paul Cavaretta, manager of the Chicago Cubs, has played in three World Series and three All-Star games.

Harry (Cricket) Lavagetto, coach of the Brooklyn Dodgers, played in two World Series and three All-Star games.

Tappa Kego Win Murphy Twirls No-Hit, No-Run Tilt

In an evening of low hit games and 10 forfeits on the intramural softball schedule, Jack Murphy twirled a no-hit, no-run masterpiece for Tappa Kego over the Lushwa nine. Murphy struck out seven Lushwa as his squad won by a 4-0 count.

Tappers 13, Newman Club 1
The Tappers submerged the Newman Club as Dave Tully limited the leaves to one hit by a 4-0 count.

ATO 2, Phi Kappa Tau 1
In the closest contest of the six game slate, ATO nipped Phi Tau on Norm Barkley's two-run producing double in the bottom of the fifth frame after Jack Neuhaus had given the hosts a one-run lead in the top of the fifth stanza on a home run.

Eastview 5, Rowers 0
Eastview whitewashed Rowers by a margin of 5-0 on Ivy Brown's one hit.

Eastview 3, 7; Eastview 2.
Eastview 5 poured across 35 runs in a wild second inning to coast to the triumph. Dick Wale homered in the big frame.

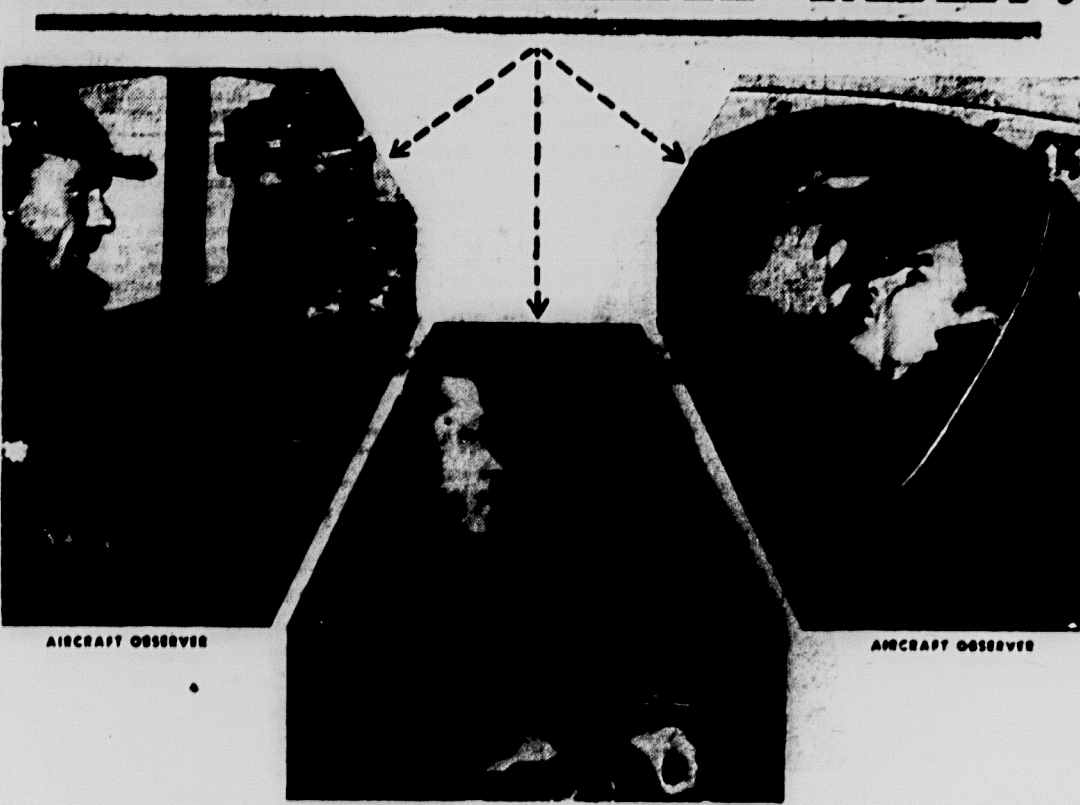

Rowers 3, ACS 1
In the sixth game, Rowers edged ACS 3-1.

DEAR JUNIORS:
When anyone of us applies for a job, our prospective employer asks first about our qualifications and experience for the position. Therefore, since Keith is asking you for a job, we feel it only fair to state his previous experience in student government.

He was president of his high school class two years and active in Student Council for the same length of time. He was president also of several student organizations—with this experience we feel that he is qualified to serve as senior class president.

Supporters of KEITH STACKHOUSE

TRIPLE THREAT MAN!

The Brains of the Team

Teamwork can work miracles. In a football game the man who sparks these miracles is the quarterback. He's the man who calls the signals. There's a man who calls the signals for an Air Force flying team, too! They call him an Aircraft Observer.

Do YOU have what it takes to become an Aircraft Observer? It isn't easy. It's tough. You have to be a MAN to qualify as an Aircraft Observer. But when you are one, brother, you're SOMEBODY. The success or failure of a mission involving over a million dollars worth of flight equipment depends on you.

THE AIRCRAFT OBSERVER IS THE SOMEBODY WHO:
As Bombardment Officer, is number one man on a bombing run, the man who controls the plane in the target area!
As Navigation Officer, is the pilot's guiding hand on every flight!
As Radar Officer, is master of a new science and operator of the device that sees beyond human sight!
As Aircraft Performance Engineer Officer, is the one who "keeps the plane flying", the man who knows his plane inside and out, who keeps it fit for the skies and sees that it stays there!

IF YOU can accept a challenge like this, you'll take your place beside the best—you'll find your future in the clouds!
TO BE QUALIFIED you must be single, a citizen, between 18 and 26 1/2 years old, have had at least 2 years of college and be in tip top physical shape. If this describes you, then YOU, too, can qualify. Today!
HERE'S WHAT YOU'LL GET! The world's best training. Good food and plenty of it. Uniforms, flight clothes, equipment. Medical and dental care. Free insurance. Flight training in Uncle Sam's greatest aircraft.
AND THEN, AFTER GRADUATION, you'll win your silver wings, and earn more than \$5000 a year as an Air Force Lieutenant. You'll enjoy an adventurous, exciting career with a hand-picked crew of real men. You'll be THE BRAINS OF THE TEAM. A TRIPLE THREAT MAN... as a bombardment Officer, as a Navigation Officer, as a Radar Officer, as an Aircraft Performance Engineer.

★ THE SOONER YOU APPLY, THE SOONER YOU FLY! ★

GET THE DETAILS: Visit your nearest Air Force Base or Air Force Recruiting Office. Or write to Director of Training, Headquarters, USAF, Washington 25, D.C., Attention: Aviation Cadet Branch. If you are in a school that has an Air Force ROTC program, see your Professor of Air Science and Tactics.

July Draft Quota Drops; Army Calls for 23,000

Cut 'In Line' With Military Budget Figure

Future Inductions Planned at 25,000

WASHINGTON (AP)—The Army Wednesday issued a draft call for 23,000 men in July, the lowest Selective Service quota set since last June.

The July call compared with 32,000 for June, 1953, and increased the total number of men drafted or earmarked for induction since Selective Service was resumed in September, 1950, to 1,409,430.

The Defense Department said the lowered call for July was in line with the reduced military budget announced by the administration for the fiscal year starting July 1.

Secretary of Defense Wilson said he hoped to reduce draft calls to around 25,000 after July. He explained that this would be possible because there is now a larger rate of turnover in military manpower and because "we are going to try to use more people in the Army now farther up front in combat units."

Wilson has maintained that the reduction in draft calls and an overall trimming of military manpower strength will not reduce either the number of men or the number of units engaged in or organized for combat.

Except for a 10-month period in which the Marine Corps received 81,430 men through Selective Service, the Army has been the only force depending upon the draft to meet a major part of its manpower needs. The Army has drafted or earmarked for induction 1,388,000 men since the start of the Korean War.

Tidelands Bill Sent To President

WASHINGTON (AP)—The House put the finishing touch Wednesday to a bill establishing state ownership of the submerged coastal lands, then sent it to the White House for an expected presidential signature.

The measure, which is in line with the President's campaign pledge, was passed by a vote of 278 to 118.

It was the climax of a 16-year long legislative battle between some coastal states and the federal government for control of the oil-rich lands beneath the marginal seas.

Three times Congress has passed similar legislation only to have it vetoed by former President Truman.

Symphony Concert

Schuster to Make Final Appearance

The first Lansing area performance of Beethoven's Ninth Symphony to be presented by the Music Department on Sunday at 4 p.m. marks the last appearance of Alexander Schuster as conductor of the Michigan State College Symphony orchestra.

Meyer Asks Judiciary To Hold Bill

The All-College Judiciary Wednesday postponed clarification of the student government constitution until its next meeting Friday.

Dick Meyer, Married Housing student Congress representative, asked the judiciary to rule on the wording of Article VII, Section 1 of the constitution, which governs methods of amendment.

At present the constitution states that all amendments must go through the congress. Meyer contends that the student body should be able to propose amendments without waiting for congress action.

Controversy arose at the hearing because the judiciary a year ago ruled that the present constitution was correct. Now that decision would have to be reversed.

Robb G. Gardiner, assistant to the dean of students, indicated that originally the constitution provided for student action without congressional consent but that because of a stenographical error the constitution the student body accepted did not have that provision.

Meyer stated that his bill providing popular election of the government president has been defeated and has no bearing on this decision.

No action was taken on any MSC rioters. Bob Duryea, chief justice, said that each case will be handled individually later.

Professors to Speak On Milk Qualities

Dena C. Cedergren, associate professor of foods and nutrition, and G. Malcolm Trout, research professor, will take part in the annual meeting of the American Guernsey Cattle Club in Cleveland, O., May 12-20.

Professor Cedergren will take part in a discussion on the nutritive qualities of milk. Professor Trout will act as moderator of the milk discussion.

make known to the students more of what is really going on, to make the student feel proud of his congress rather than to help spread the malicious gossip that is now present. It is his duty to instill a spirit of frankness and cooperation between the student and his congress.

Don Randolph Webster, (E. Lansing) is a History major. Activities: Freshman Vice-President, Sophomore President, Green Helmet, Fresh-Soph Council (President), Air Force, Union Board, Theta Chi. I believe the duty and function of a representative is to coordinate all activities on campus.

George C. Weeks, (E. Lansing) is a Journalism major from Traverse City. Activities: State News, Porpoise, Sigma Delta Chi, Student Congress.

The student congress, as legislative branch of all-college student government, should inform the student body in dealings with the administration and other groups and should coordinate activities of all student organizations. In short, the duty of a representative is service to the students.

Sees Double

Construction To Rise with Enrollment

Did you ever wonder what the campus will look like in 15 years? Prof. Harold W. Lautner, campus landscape architect, says that there will probably be twice as many buildings as there are now.

The enrollment is expected to reach 25,000 students and plans are now being made to accommodate the increase. Professor Lautner continued.

New dormitories for men and women will be constructed, plus more and larger class buildings, athletic areas and parking facilities.

Because of various limitations and boundaries, the new buildings will probably appear within the 925 acres, north of the Grand Trunk Railroad tracks, where most of the buildings are now located.

The new buildings will be arranged to cut down on as much walking time between classes as possible. However, this will only include the area from classroom to classroom.

The distance you walk from your dormitory to class is on your own time.

Play

Got a Problem?

Counseling Center Leads an Effort

By KATHY MCGOWAN

So you've got a problem. You need someone you can talk to, someone you can confide in. There is such a person—at the MSC Counseling Center.

The 13 specially trained counselors are ready to help any student with any kind of problem—or tell him where he can get help.

All information is kept strictly confidential. The same relationship exists as between a lawyer and his client.

Between 250 and 400 students a week come in to talk with the counselors. The heaviest load is just after midterms. What kind of job to aim at and what courses to take are the concern of two-thirds of the students. The other third have personal problems, family troubles or difficulty with social situations or dating.

"We're genuinely interested," William A. Mann, assistant director of the Center, said. "Our method is to try to get the student to talk out his trouble while the counselor listens."

"Sometimes the student then discovers his own solution. If not, the counselor will suggest solutions, but the final decision is left up to the student."

"The hardest cases are the students who just don't care about succeeding. Usually they have been sent to college against their will."

MSC Home Economics To Distribute Slides

The Home Economics Department has developed a series of slides, "Teaching Foods on the Meal Basis."

These slides will be made available for homemaker teachers in this state and all over the country to help demonstrate methods in the organization of teaching foods effectively as part of the home-making program in public high schools.

"CAMPUS CLASSIFIEDS . . . HIGH READERSHIP"

Available to help students with these major problems: adjustment to college, study habits, financial aid, social adjustment, career planning, and general adjustment to college life.
