Profit Tax Expected To Expire

House Opposes Renewal of Bill

WASHINGTON (AP)—The House today voted to oppose a bill to extend the expiration of the profit tax. The bill, which would extend the tax for another year, was introduced by Rep. Charles McNichols (D-Mich.).

The McNichols bill would extend the expiration of the profit tax for another year. The tax was originally set to expire on June 30, 1953.

House opponents of the McNichols bill argued that the tax was a temporary measure and should not be renewed.

The McNichols bill was passed by the House in 1952, but it was not renewed in 1953.

Rhee Urged by Ike To 'Accept Terms'

State News Photo by Gordon. Rhee was urged by President Eisenhower to accept the terms of the Korean armistice. Rhee is seen here with other officials in a formal meeting.

Peace In Korea Imminent

Negotiators Meet In New Sessions

PANMUNJOM, Korea (AP)—Allied and Communist truce delegates met here today in a plenary session which may bring forth the announcement of armistice in Korea and end of the Korean war. The delegates met in a session which was the first since the armistice was signed in 1953.

'Body by Fisher' Wins Water Show

By PAT ROGERS

"Body by Fisher", Sigma Kappa and Kappa Sigma's grand prize float, appeared last in the 32 float procession but came out on top of "The World We Inhabit", the 27th annual Water Carnival. The entry scored 6,654 points out of a possible 8,000.

Theta Chi and Alpha Xi Delta's "Twice the Shine in Half the Time" was awarded 6,458 points for second place.

Psi Upsilon and East Landon with "Made in 1820 and Still Going Strong" took third with 6,443 points. "A Woman Never Forgets the Man Who Remembers" by Alpha Gamma Delta and Lambda Chi Alpha won the fourth place trophy with 6,025 points.

About 3,000 attended the Saturday show, but Friday night's attendance was kept down by showers. The first show, set for Thursday, was called off in the afternoon when a downpour prevented completion of the floats.

All expenditures have not been turned in to complete the financial report.

Entertainment was furnished by Don Ingle's band, Dee Meyers, Detroit sophonore, Mac Mollison, Detroit junior and the Quintones, Detroit Heild show winners.

Fifth through tenth places in the carnival are:

Phillips and Gilchrist dormitories with "99 and 44 100 Per Cent Pure"; Zeta Beta Tau and West Landon, "The Best in the Class"; Alpha Gamma Rho and Delta Gamma, "The Best that Made Milwaukee Famous";

Kappa Alpha Theta and Delta Sigma Phi, "The Pause that Refreshes"; Phi Beta Phi and Delta Tau Delta, "Out of the Shadows and into the Light"; Mason Hall and East Shaw Hall, "Aged in Wood."

Water sports came next to Polly Kingen-Smith, Ft. Wayne, Ind., junior, and Cal Phillips, Grosse Pointe, Ill., junior, for mixed doubles canoe race; Dick Nelson, Cleveland, O., freshman, and Dave Kinko, Centerline, junior, for men's doubles canoe race.

Others are Weldon Olsen, Marquette sophomore, log boating winner; Bert McLachlin, Englewood, Col., senior, and Jack Beattie, Bay City, senior, for canoe tilting; and the Sigma Nu centipede team, McLachlin; Beattie; John Dudek, Detroit freshman, and Dee McDonald, Okemos freshman.

Judges for the water sports were Charles McCaffrey, MSC swimming coach, and Roger Miller, assistant swimming coach.

Four judges were used each of the two nights. On Friday's

Hallmark Names 12 To Council

Senior Officers Choose From 85

Twelve members of the class of 1954 have been named to the senior council for next year.

The new councilmen, announced by Ferris Hallmark, senior president, are Howard Adams, Jackson, Paul Botts, New York, N.Y., Virginia Carter, Fortuna, O., Keith Darby, Ft. Wayne, Ind., and Polly Kingen-Smith, also from Ft. Wayne.

Others are: Robert Pettys, Newtonville, Mass.; Jay Pomroy, Morris; Robert Scribner, Battle Creek; Jim Spelman, Elmhurst, Ill.; Susan Van Noppen, Larchmont, N.Y.; and Nancy Ward, Niles.

Patricia Yaroch, editor-in-chief of the State News, will be an ex officio member, Hallmark said.

Hallmark and Danie Stark, vice president; Lee Cummings, secretary; and Don Smith, treasurer, selected the 12 new senior councilmen from 85 students who petitioned earlier this month.

Selection was made on the basis of interest and participation in class and campus activities, the group said. Those who were not chosen for senior council will be asked to assist in future class projects, Hallmark explained.

Only Drizzle, Rain, Heat Predicted Again Today

It looks as if today will be the first rainy day of the week for Spartans but only for a while.

Cloudy skies and occasional thunderstorms are predicted but a predicted high of 82 degrees will keep temperatures and spirits high.

Thurston Offered Government Post, Reports Indicate

Dr. Lee M. Thurston, state superintendent of public instruction, reportedly has been offered the job of U. S. commissioner of education. The post is included in the new Federal department of welfare, health, and education headed by Mrs. Oveta Culp Hobby.

Dr. Thurston said Saturday that he had not been offered the Federal post, but declined to say whether he was a candidate for the job.

His term as superintendent of public instruction expires June 30. He is slated to become dean of MSC's School of Education July 1.

Tuesday Deadline Set For J-Council Petitions

All sophomores interested in serving on next year's junior council must turn in their petitions by Tuesday, according to Roger Abdella, class president.

Petitions for the council, which acts as an advisory board to the class officers and assists in class activities, are available at the Union Desk.

Graduation Viewed By 25,000 Visitors

By MARIE RUCK

Michigan State College's ninety-fifth graduation is over. And about 25,000 relatives and friends watched the 1,933 capped and gowned students as they received their degrees at Sunday's commencement exercises. Good weather was on hand for the crowd that just half-filled Macklin Field.

President John A. Hannah returned from his Washington post of U. S. Assistant Secretary of Defense to participate in the commencement activities.

Dr. Frederick L. Hoyde, President of Purdue University and former Rhodes scholar, urged graduates to continue striving to understand "nature and self," which they began at MSC.

"Understand the meaning of freedom in its broadest sense, protect it and give it to others, and add something beautiful and new to it for the society and the country which we love so well," Dr. Hoyde urged.

Dr. Hoyde emphasized that the problems of our troubled times are based upon the relationship between two ideas that we hold precious, order and freedom. The answer to this problem, he said, will be found if we as a people use freedom to seek truth with every means at our command, he said.

Following the address, Dr. Hannah conferred the degrees according to department in the order in which they were created.

The largest number of graduates, 673, was from the School of Science and Arts, the smallest number, 149, from the School of Home Economics.

This is the first year the School of Education participated in the ceremonies as a separate school. Previously, it was a division of the School of Science and Arts.

President Hannah also paid tribute to two MSC deans.

Both Dean Ernest L. Anthony of the School of Agriculture and Dean Loren Miller of the School of Engineering will start on one year leaves this summer, prior to retirement.

The total number of degrees conferred this year is 3,900. Dr. Hannah said, of which 2,000 were bachelor and 200 advanced degrees. That number is equal to the whole number of degrees granted between 1885 and 1917.

Including those conferred today, MSC has granted a total of 49,491 degrees at MSC in its history.

Carnival Secretary Handles Many Duties

BY SUE HENDERSON

Rain, rain go away and come again another day" might have been the theme song of this year's Water Carnival. With weather a touchy subject, members used the word rain at meetings and used such synonyms as precipitation or dew when referring to the out-of-doors.

Perhaps no member was so touched by bad weather as Helen Elias, recording secretary of the Water Carnival, who was caught in Thursday's deluge of rain while she was situated in the midst of the Red Cedar measuring floats to see if they would fit under the bridge.

A Jack-of-all-Trades is what you might call Helen's job as secretary of the carnival, whose duties included keeping minutes, writing letters, and calling meetings.

However, with every job there were a number of contributions she had to make which called for an extra amount of talent and hard work. Helen found this true when she had to be on top of the bandstand to help put up the decorative background.

As secretary, Helen also times the continuity for the "dress rehearsal" of the water carnival. She felt the most interesting aspect of her job was meeting so many students and she was very impressed by the hard work and cooperation of the students.

Starting work at the beginning of winter term, students petitioned to work on the carnival and the executive committee. Chairmen were appointed from the petitions.

Besides being secretary of the carnival, Helen, a graduating senior, was a member of Mortar Board, Theta Sigma Phi, Tower Guard, senior council and president of Chi Omega.

Nursing Group Reaches Total Of 100 Coeds

Two years ago 11 girls entered MSC as the college's first Nursing Education majors. At the present time, 100 students have chosen nursing as their major.

Nursing majors follow the usual four year program. Students live on or near the campus during the first seven terms, but beginning with June of the second year they begin clinical instruction. During this time, the future R. N.'s live in the nurses' residence at the hospitals where they are receiving their practical instructions.

Nurses return in their final terms to State to attend seminars which summarize methods and practices of nursing, and which advise the nurses on future plans.

Graduate nurses receive the Bachelor of Science degree in nursing and they are eligible to take the State Board Exam to receive their R.N.

The campus organization for student nurses is the SNO-CAPS, led up by the first class of nursing majors. Each title letter stands for part of the organization's pledge — "Spartan Nurses' Organization — Cooperative Attitudes, Practical Service".

Head of the Nursing Education department is Florence C. Kord.

Aqua Show Selections Presented

Campus Changes Surprise Alumni

A command performance of the Green Splash water show was requested by the class of 1895, the oldest active Michigan State alumni, when they held their class reunion last weekend.

Ten of the '95 graduates and three wives sat in chairs along the deck of the women's pool to view the show. They were surprised at the revolution which has taken place on campus. When they were matriculates there were not any coeds or swimming pools.

The coed swimming honorary answered their wish by presenting several selections on Friday at 4 p.m. from "Weather Vanities", the water show performed for the public May 7, 8 and 9.

Thirty mermaids manufactured their own weather for the alumni group. To the tune of "Powder Your Face With Sunshine", they acted out sunshiny weather. The women swam in a rainstorm accompanied by the song, "Rain".

Autumn was depicted in the water when the coeds swam to "Falling Leaves". Snow falling, and the melody of "Sleighride" was played as the mermaids portrayed winter weather.

The finale consisted of all the coeds presenting their idea of Michigan weather which included rain, sun and snow.

Beal Awarded Plaque for Ag Research

Tribute was paid Saturday during Alumni Day activities to Dr. William James Beal for his work with hybrid corn.

A plaque honoring Dr. Beal for his corn fertilization work was unveiled in Beal-Garfield garden as the climax of a brief program, with eulogies by former Beal students.

The plaque dedication was the first official act of the MSC Foundation, which was formed to collect information and preserve the history of corn for the college library and museum.

Presiding at the Saturday dedication program was Dr. Kenyon T. Payne, head of the farm crops department. William Davidson, chairman of the MSC fund, introduced the speakers.

Speakers on the program were Dr. Perry G. Holden, 1889 graduate and noted "corn prophet," Dr. Wilbur O. Hedrick, professor emeritus of economics, and Jackson Towne, college librarian.

Members of eleven past classes at MSC, ranging from 1895 to 1948, returned to the campus to participate in the Alumni Day activities.

"CAMPUS CLASSIFIEDS... LOW COST"

Ten members of class of '95 and three wives most thirty Green Splash water nymphs on the edge of the women's swimming pool after the coeds presented selections from their water show to the alumni group.

Variety to Brighten Summer Fashions

June is the month when most coeds begin to think about the vacation wardrobe — whether it be cool tailored

to-pack, wrinkle resistant, and dark-colored clothes. The coed dress made of cotton pique or faille that can be converted easily into a dress or coat is a practical traveling tog. The dark colored cotton or nylon print dress with a matching stole may be worn in the daytime or in the evening. The three piece matching blouse, skirt and shorts will be a popular vacation mode.

Denim is the universal favorite among many coeds this season. It has become popular in everything from sequin trimmed formal dresses to beach wear. The newest denim styles are blended with rayon and other acetate materials to give a more dressy effect. They are brightly colored in stripes, plaids and prints.

The crisp cotton shirt dress is featured for the coed working in the city this summer. The dress is most popular in stripes and checks with white pique collar and cuffs. Checked gingham cotton with a taffeta-like gloss also takes the fashion limelight for the city-miss. Sleeveless linen sheaths are still the perennial favorites.

The highlight of the linens this summer is the short-sleeved burnt-brown suit, the new color which is supposed to deepen the tan.

For coeds who intend the frequent beach, the tailored, scrubbed, boyish look will be the typical mode. Blazers in all materials, men's shirts and boxer shorts in corduroy will dot the sandy shores. For sunning and the water, strapless blouses in faille and acetate materials and assorted colors and designs will be fashionable this summer. Terry cloth robes and stoles will also be seen on the beach. Sandals and wedges will still be the favorite footwear.

Those who will catch the travel bug this summer will want easy-

Alumni Show Baseball Team How It's Done

Hokey on a baseball diamond? That's that it looks like, but Hokey Coach Amo Bessone showed the fans he could do both. Bessone collected a pair of hefty doubles for the alums.

Bob Dillay, one of the freshmen coaches, Friday's contest, when the graduates won, 12-3. Catcher Bob Belling with anxious for the ball.

Box Carver, one of the freshmen coaches, Friday's contest, when the graduates won, 12-3. Catcher Bob Belling with anxious for the ball.

Bronco Homers Club Spartans, 9-3, to End Season

Succeeds Emmons to Big 10 Post

Harden Has Athletic Background

Dr. Edgar L. Harden, recently appointed faculty representative to the Big 10 by President John Hannah, is well adapted for his new position.

Emmons is State's first and only faculty representative thus far. The post came into being in 1949 when MSC was admitted into the Western Conference.

The 45-year-old Harden (born Oct. 31, 1907), will take over the position as of July 1 on a one-year appointment. He also becomes on that date a member of the Michigan State Athletic Council, governing body for athletics at the school, by appointment of President Hannah.

Dean Harden came to Michigan State in 1946 as an associate professor in the Institute of Counseling, Testing and Guidance. He became director of the Continuing Education Service in 1950 and recently was elevated to the deanship to become effective July 1.

Summer Employed ...Summer Not

OR ... Before You Can Whistle While You Work, You've Got to Get on the Payroll

There was a Junior who had procrastinated himself into a Black Out. Two weeks from the end of the term, he had no Summer Job lined up, no Prospects, no Funds.

Write right now! "Write, schmitz?" continued the Tiny Voice. "Drag your hulking frame out of that chair fast, and down to the Western Union office. The ad specifies Intelligence and Initiative—you'll show both by applying by Telegram, and by Number One Man."

DR. EDGAR L. HARDEN ... athletic background ...

Dr. Harden once coached basketball and basketball at Edgewood, Iowa high school, and he maintained a keen interest in sports through the years as a fan and principal of various high schools with extensive sports programs.

More recently a focal point of interest has been his son Don, now a Michigan State freshman. Don was a letterwinner in football, basketball and baseball in East Lansing high school and intends to try for the Michigan State varsity next fall.

With such a background of experience and interest, it is scarcely surprising that Dr. Harden considers intercollegiate athletics to be an integral part of college life.

"There are great problems confronting college athletics today," says Dr. Harden, "but they can be solved eventually if tackled open-mindedly and practically. Killing off the programs—as some pessimists suggest—wouldn't solve anything."

"It seems to me the big job ahead of people in control of intercollegiate athletics is to carefully preserve the good and methodically weed out the bad. In such a practical, feet-on-the-ground approach lies the hope for a rich future for intercollegiate sports."

"I consider it a great honor and challenge to be able to have a part in this work."

Dr. Harden received his bachelor of arts degree from Iowa State Teachers College in 1930, a master of arts degree in 1937 from the State University of Iowa and a doctor of education degree from Wayne University in 1951.

JACK ZEITLER ... new diamond captain ...

At Awards Picnic

Baseballers Name Zeitler '54 Captain

Jack Zeitler, peppery Spartan third sacker, was elected captain of the 1954 baseball team at the awards picnic held Saturday night behind Jensen Fieldhouse.

Zeitler, a Buffalo, N. Y. junior, is regarded as one of the slickest fielders on the Spartan team. Constant practice has made him one of the finest third basemen in the conference, and he is considered the sparkplug of the squad.

Seven other awards were handed out at the chicken fry. Bud Erickson received a trophy as the top pitcher on the squad. Erickson, the mainstay on the comparatively weak pitching staff, compiled a 5-3 record for the season.

Erickson won three vital Big 10 contests while dropping two and batted the top earned run average with a 3.56 mark.

Senior Wayne Lawrie, flashy second baseman, went a new

'Alumni' Win Friday Coaches Bolster Team

The alumni had their day Friday as they beat the Spartan baseball team, 12-5, but had to set back Saturday watch their alma mater absorb a 9-3 loss from Wayne State's Broncos.

The Kobsmen closed their season on a rather note as two big Bronco homers settled things before a large crowd of around 3,000.

In Friday's varsity-alumni tilt, the grads were bolstered by varsity catcher Dick Edlin. Hokey Coach Amo Bessone, and even sports announcer, Bob Shactien.

The alumni used three pitchers while Coach "Hokey" used four freshmen for his varsity.

Tom Lawson, received credit for the win while Jack Werner was tagged with the loss. Ron Howard, started for the alums and Larry Simcox, entered in the seventh to finish it up. The game was halted by rain in the last of the ninth.

Working for the varsity besides Werner were Bill Mansfield, who started, Ed Holbach, and Phil Brown. Freshman Bill Bessing and Ken Stanek were behind the plate for the varsity.

The big offensive guns for the alumni were the Spartan coaches. Freshman mentor, Darrell Lindley and Rex Carrow supplied most of the punch along with Bessone.

Lindley got two hits in three times at the plate, and he blasted a three-run homer in the sixth. Carrow picked up three for six, including a double while Bessone pounded out two doubles in four trips.

The alumni picked up two runs in the third, piled up seven in the sixth and got three more in the eighth.

The Spartans drew first blood with a tally in the second, and extended their lead to 4-2 at the end of the third. But the sixth wrapped things up for the alumni.

Bob Powell led the varsity with threehits and homered with the sacks empty in the second. Jack Zeitler tripled to drive in a pair of runs in the third.

Broncos 9, Spartans 3. Dave Gottschalk's grand-slam home run in the third was enough to kavo the Kobsmen and pitcher Dick Idzkowski before a large Alumni Day gathering.

The Spartans had jumped to a 1-0 lead in the first on doubles by Bill Hoppling and Bob Powell before the third. And Idzkowski had set down the first six Broncos in order.

But Idzkowski walked Al Nagel with the bases loaded to force in one run and the scene was set for Gottschalk to drive one over the left field barrier.

Keppford Takes Another Mile in Milwaukee Meet

Distance 12.2; Cook Behind

Jim Keppford added an impressive mile victory in 4:14.2, just another Spartan, John came in two yards behind.

In below-50-degree weather, Keppford was brilliant as he won the event at the annual Collegiate Conference championships in Milwaukee.

Keppford's performance was the best of the six-man Michigan team. It duplicated his performance in the 220-yard dash at the Michigan State meet in Jensen Fieldhouse last year.

Keppford was clocked at 31.4 seconds, and Vargha was second at 31.6. Cook took third in the mile with a time composed of 31.4 seconds.

In the 440-yard sprint relay, hurdler John Corbett, high jumper Ray McKay, and Vargha took fourth, as team totals were 23 points. Host Marquette took the championship.

Second place was Iowa, while Notre Dame finished third with four and fifth place Baker failed in his 440-yard record in the relay. Don Johnson of the two teams to win the 44 seconds flat.

The two leaders in that were three Big 10 runners. Bert of Iowa, Charles of Minnesota, and Ben of Purdue finished in that order.

Mantle's team of James and Chas. Coveney, John Ben and Alvin Thomas won the relay in 41.9. Iowa took the event.

Dame's Jack Shay flipped 147 feet, 10 inches to event, and Ray Rucker of the South (New Orleans) took the javelin throw with 119 feet, 11 inches.

Track Coach Karl was using the meet "tune-up" for the NCAA trials, which will be held in 19 and 20 in Lincoln, Neb.

State's football players next fall again will wear the "Spartan," an official athletic symbol.

ATO, TogShop Clash In Softball Finals

ATO's fraternity softball champs will be out to upset the powerful Tog Shop when they battle the defending campus champions tonight at 5:30 in the finals of the All-College softball playoffs. The game will be played on Old College 2.

Mantle's Home Run Ball Back

Three Small Boys Find Stolen 'Gem'

ST. LOUIS (AP) — Mickey Mantle's famed 562-foot home run ball has been returned to the New York Yankees and has been forwarded to the Baseball Hall of Fame at Cooperstown, N.Y.

The club announced Saturday that the ball, which had been stolen from a display case in the lobby of Yankee Stadium Memorial Day when the team was playing in Philadelphia that day, had been returned by three small boys.

The trio of youngsters, all about ten years of age, said they had been playing ball on a playground near their home when two older boys approached, carrying the ball. The older lads, teenagers, said they were sorry about the theft and asked the kids to return it.

The Yankees asked no questions and gladly accepted the story. The three lads and their fathers were invited to be guests of the club at the June 16 night game with the St. Louis Browns in New York.

The ball was recovered from a backyard outside Griffith Stadium, Washington, after Mantle knocked it out of the park there on April 17.

But Senators Win Opener

Dorish Clips Nats, Ends Pale Hose Losing Streak

CHICAGO (AP) — Reliable Harry Dorish, making his first pitching start of the season, ended a six-game losing streak for the Chicago White Sox Sunday, hurling a five-hit, 5-1 victory over Washington in the second game of a double-header.

The Senators hammered five Sox pitchers for 17 hits and a 16-2 win in the first game with Bob Porterfield going all the way on the mound for his seventh triumph in 12 decisions.

Dorish, who has appeared in 15 games this season as a reliever, was a desperation choice of Sox Manager Paul Richards to start the second game.

In a skid extending over 10 days, the Sox have dropped from second place to fourth in American League standings, with virtually every pitcher getting knocked along the way.

Dorish gave up the lone Washington run in the second inning. He hit Clyde Vollmer with a pitch and the Senators pushed him across on a single by Pete Runnels and a fly ball by Jim Bugaby.

Meantime, the Sox were cooking Kipper Shoen and Walt Masterson, who relieved in the eighth, for a total of 10 outs.

They got their first run in the

Thorough Job

Michigan State right fielder and team captain, Bob Dilday, organized, coached and played with Marine baseball teams for two years in the South Pacific.

Nail Phillies Twice

Braves Move Back Into First

PHILADELPHIA (AP) — The Milwaukee Braves moved back into first place in the National League Sunday, whipping the Philadelphia Phillies in both ends of a doubleheader as they sprayed the outer reaches of Connie Mack Stadium with honors.

Round trippers by Sid Gordon, Andy Pafko, Eddie Mathews and Eula St. Claire accounted for five runs as the Braves took the opener, 6-0. George Crowe and Johnny Loman batted in three runs with homers in the 5-3 nightcap victory.

Rookie Johnny Antonelli limited the Phillies to five well scattered hits in winning the first game at the expense of Steve Rick, the starter and first of four Philadelphia hurlers.

BROOKLYN (AP) — Brooklyn handed Gerry Staley, St. Louis

ace right-hander, his first defeat since opening day, routing the Cardinals, 10-1 Sunday for a sweep of the three game series.

A doubleheader victory by the Milwaukee Braves over the Philadelphia Phillies dropped Brooklyn into second place.

Carl Erskine, who hadn't won since his one-hitter in Cincinnati last May 17, dated out only four singles to register his second triumph against two defeats.

The Dodgers went in for three, scoring three times in the fourth, fifth and eighth. Every player in the starting lineup participated in the 15-hit attack with Jackie Robinson collecting three safeties.

The revitalized Dodgers continued his batting rampage, crashing his seventh homer and a single.

Staley, who had won seven in succession since his opening day loss, permitted only one hit in

the first three innings, but was four-bagger by Robinson the second that put Brooklyn front, 1-0.
