Ag Division Surpasses Chest Goal

The Agriculture Department in the first college department to report going over the top in its quota for the Community Chest drive on campus.

Ray Lamphers, manager of married housing, representing drive co-chairman Alvie L. Smith and Charles Blagden, made the announcement in his report of the college's collections at the Report Dinner of the Community Chest in Lansing Monday noon.

The Ag group collected \$4,300, approximately one-third of the \$13,000 goal that has been collected from the campus faculty and staff members since the drive opened Oct. 5.

The total sum collected is 52.5 per cent of the campus quota. Each of the collectors is now starting his checkbook on contacts, trying to get 100 per cent participation before the drive closes Friday.

The report on the general drive in the Lansing area now stands at \$273,148.23, 86.7 per cent of the 1964 quota of \$315,341.48, according to Richard Lyman Jr., general chairman of the drive.

Monday's luncheon was the first in a series of four report luncheons to be held for Community Chest. The second will be held today, the third Thursday and the fourth Monday. A victory dinner will be held Oct. 28.

Gordon Dean, president of the Michigan Federation of Labor, will speak at the luncheon today.

U.S. Says No Money For Israel

Issue to Go
Before U. N.

UNITED NATIONS, N. Y. (AP)—The Security Council approved Monday a motion by Henry Cabot Lodge, Jr., requesting a full report from the U.N. truce supervisor on recent acts of violence between Israel and neighboring Arab states.

The United States, meanwhile notified Israel it will withhold American financial aid until the Israeli government stops trying to divert the Jordan River along the Syrian frontier. Syria has complained about this diversion to the Security Council and that complaint is slated to be heard Thursday.

The council has not yet formally put this new crisis in Palestine on its agenda. But the request was dispatched anyway for Maj. General Vagan Ben-Ner, chief of staff of the U.N. truce supervision organization in Palestine, to fly here and tell the council about the latest events.

The council will meet again Tuesday to settle how the question shall be listed on the agenda. It is not expected to hear Ben-Ner until late in the week.

The United States, Britain and France called the council into an urgent session Monday. They had sharply denounced an Israeli attack last Wednesday on the Jordan border village of Kibya. The Jordan government reported 66 Arabs were killed and nine wounded. Israel claimed tension in the area was Jordan's fault and began steps for an inquiry into all border incidents since 1949 Israel-Arab armistice agreements took effect.

Back from the Big Three foreign ministers party in London, Dulles said he plans to report to President Eisenhower "first thing" today.

At Monday's U.N. session Lodge sat quietly through a bog of technicalities touched off when Charles Malik of Lebanon, the only member of the council representing an Arab League state, demanded that the three Western powers put a specific complaint before the council. Malik objected to the proposal that the council discuss the "Palestine question." He wanted the agenda to read:

"The question of Palestine: recent acts of violence committed by the Israeli Army against Jordan."

At the end of three hours of talk, Lodge told the Council the reports from Palestine were more and more serious and were not a laughing matter.

Reds Warn Occupation Unaccepted

Yugoslavs Ask
U. N. Council View

By The Associated Press
WITH THE ITALIAN ARMY. Near the Yugoslav Border—Camouflaged units of Italy's crack Folgore Lightning infantry division moved into positions Monday near the strategic elbow of Yugoslavia, Italy, and the Allied-occupied zone of Trieste Free Territory.

Borba, the voice of Communist Yugoslavia warned Monday night, however, that Italian occupation of Trieste is the same thing and is unacceptable to Yugoslavia.

The declaration "with or without troops" was significant in that there has been much speculation as to what the Yugoslav attitude would be toward control of Zone A by Italian police instead of troops. The official newspaper put police and troops in the same category.

For the second day Belgrade remained in puzzled anxiety as the government clamped a tight ban on any official reaction to the Western foreign ministers' proposal for a five-power conference on Trieste.

The Belgrade radio broadcast a statement saying Yugoslavia would refuse the West's invitation for a five-power conference to discuss the burning Trieste issue, if it is a foregone conclusion that Trieste's Zone A, now occupied by American and British troops, will be handed over to Italy. The West has suggested a meeting among Britain, France, the United States, Italy and Yugoslavia to settle the Trieste dispute.

Yugoslavs Monday asked the U. N. Security Council for a chance to present their views on Trieste before that body.

The Council is scheduled to meet this afternoon to continue debate on a Russian-sponsored move to appoint a Swiss governor of the disputed city and leave it under permanent U. N. control.

Yugoslavs oppose that solution for the future of the sensitive Adriatic area which lies between her and Italy.

Troops, tanks, and artillery of the Italian infantry division moved under cover of early morning darkness into the Trieste area a few miles north of the shipbuilding city of Monfalcone on the Gulf of Trieste. They were the first Italian troops known to have been thrown across a possible Yugoslav entry route toward the narrow neck which connects British-American occupied Zone A of Trieste with Italy.

Munn Rates Winless Purdue as Tough Team

Shoemakers Have Lost to Eleven

By RON SMITH

Michigan State's next foe is its grid year four and is still searching for its first win.

Munn and his board of directors are not taking the Purdue team lightly, though. Observers believe Purdue is to crack the victory column with the Spartans providing the opposition.

Light practice session Monday night the Michigan State team went through the usual pre-week signal drills, then favoring the bumps which follow every Saturday.

"Purdue is tough," Munn said. "They've been some tough teams, and they haven't won anything. They'll be a test for us."

Notre Dame, Duke University, That's the grimace the Lafayette, Ind., has had to face, and all have left the Shoemakers on the short end of the stick.

To Chagrin of Foes, Garbe Has Woes, But Not One Shows

By JOHN CORBELL

It's one thing when an athlete can recover from an ailment and then go on to fame and fortune, but it's still another when he can make his name while still suffering from his ailment.

Such is the case with the captain of Michigan State's national champion cross-country team, Lyle Garbe.

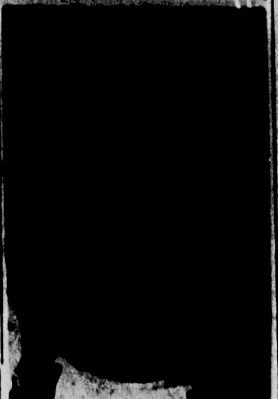

The stone-faced Canadian has long been hounded by side, liver and ankle troubles, decreasing his efficiency. But to no one but Garbe are the troubles apparent, for he rarely seems to be bothered by anything.

For instance, a week ago the Calgary, Alb., senior seemed to breeze over the four-mile course along the Red Cedar in a dual meet against the Irish of Notre Dame. Lyle took individual honors in the event, sprinting the last couple hundred yards like he did when he was running the dashes in high school, to finish some 50 yards ahead of Notre Dame's star, Jack Alexander.

But the win wasn't as easy as it seemed. For, during the second mile of the run, Garbe's side started aching up. It slowed him up considerably, as a look at the individual mile times will prove.

He led off with a fast first mile, in 4:48.7. His second mile, during which he suffered the most, was timed in 5:31.3. The third and fourth miles were clocked in 5:11 and 5:18.8, respectively. Pretty consistent, at that. And fast, too, for that early date.

When asked how he felt at the end of the run, the Spartan said, "I felt pretty good, except for my back. But that's always bothered me."

GARBE ... harrier captain ... last year Keptford just managed to win by a foot.

Another point in proof that his aches have failed to hamper Garbe is a comparison of his times of the last couple of years. In his first Big Ten meet in 1961, Lyle finished 'way back in 36th with a time of 22:48. Last fall he moved up to eighth on the strength of a 50:13 clocking.

Reds to Discuss Peace Talk Details

How Many To Invite Poses Issue

TOKYO (AP) — The Communists Monday agreed to meet with a U. S. envoy next Monday at Panmunjom to discuss the details of the Korean peace conference, originally scheduled to begin Oct. 28.

But in accepting, the Communists once more insisted in a note broadcast by Peiping radio on discussing which nations shall attend. This is the very issue that has balked all efforts to get the peace conference started.

A U. S. spokesman at the United Nations said the U. S. representative, Arthur Dean, would fly to Panmunjom later this week for the talks. Dean, special State Department consultant, will be accompanied by a half dozen advisers and will pick up others in Tokyo and Seoul.

The United States, after consulting its allies in the Korean War, and the Communists a week ago, last week proposed a meeting at Panmunjom to select a time and place for the peace conference.

The U. S. note said the Allies would be ready to discuss the question of neutrals attending the peace conference "to the extent consistent with" previous decisions made by the United Nations.

The Communists want Russia, India, Pakistan, Indonesia and Burma to attend. The United States would agree only to Russia, and then only if the Soviets were invited by Red China and North Korea. The United Nations backed the United States.

Thus it appeared likely that the Panmunjom meeting would be down in an argument over the neutral nation question.

In Monday's note Premier Chou En-lai of Red China made clear he believed the question of neutral nations participating was more important than setting the time and place.

He said that his government "deems that in these Panmunjom discussions there could be included the settlement of the place and time" but that "what is more essential, these discussions should settle the question of composition of the political peace conference."

Indian sources in the United Nations said the U. S. note's reference to a discussion of the neutral nation question—even though it showed no sign of a weakening of the U. S. attitude—was a strong factor in Peiping's agreeing to go to Panmunjom.

A high Western diplomat at the United Nations declared the U. S. note as phrased did not bar a discussion at Panmunjom of the neutral nation issue.

Meanwhile, the State Department in Washington needed London reports that foreign ministers of the United States, Great Britain and France had a new plan for a Korean peace conference.

According to this report, the peace conference would be made up of the United States, Russia, Britain, France, Red China and North and South Korea.

Student Government Offers Leadership Clinic Scheduled for Clubs

Plans for the second annual Leadership Clinic sponsored by the student government have begun with meetings scheduled for Oct. 29 and Nov. 5.

The clinic sessions, which will be held at 7 p.m. in the Union Ballroom, are designed for advisers, presidents, and treasurers of all campus organizations. Bill Hurst, government secretary of state affairs, said Monday.

Club presidents and advisers will be invited to the first meeting, Oct. 29, and presidents and treasurers will attend the second session.

Principal speaker on the first program will be Dr. Paul Bagwell, head of the communication skills department.

Paul Rumpas, MSC chief accountant, will address the group. Elwood Voller, organizations adviser, and Dean of Students Tom King are scheduled to give welcoming talks.

Group discussions, selections by the Men's Glee Club, and a coffee hour, will follow the addresses.

At the second session, Nov. 5, club presidents and treasurers will meet in respective groups, Hurst said.

Gordon Thomas, assistant professor of speech and dramatics, will explain parliamentary procedure to the presidential group. In the treasurer's division, Robert E. Troxell and Charles C. Branz, both of the college accounting office, will give instruction in bookkeeping and accounting. The student government grants-in-aid program also will be explained.

Hurst said that replies to invitations, now being sent to all campus organizations, should be returned to the Men's Division, Dean of Students office, 309 Administration Building, by Thursday.

threatened to march if a single Italian soldier enters the zone after British and American forces withdrew.

The camouflaged troops began digging in within sight of the high hills across the Yugoslav frontier. Many of the units are less than two miles from the border and within seven miles of Zone A.

The whole troop movement was unknown to villagers living a short distance away. Not a sign of the units could be seen from a highway running along the head of the Adriatic Sea. Only a few telltale field telephone wires gave evidence that troops were near.

Pan-Hel to Explain Coed Rushing System

Sorority rushing procedure for next weekend's initial teas will be explained tonight at 7 in the Music Auditorium. Coeds whose last names begin with "A" through "L" should report at 7, and those from "M" through "Z" at 8. Pan-Hel president Joan Streadwick said.

Dormitory Coed Reports Prowler

A prowler was discovered in West London's recreation room at 3 a.m. Sunday by a coed when she went after a Coke, Campus Police said.

After getting her roommate, the two reported the man to their housemother. He had disappeared by the time Campus Police arrived. Police said theft was an unlikely motive because nothing was reported missing from the dorm.
