Clardy Hearing Discloses 'Plot'

Subcommittee Gets Plans For Red-Controlled Unions

DETROIT (AP)—A purported Communist Party "battle plan" to take over control of Michigan auto unions in 1949 was read into the record at a House Un-American Activities subcommittee hearing Wednesday.

Primary Elections Held Today

New Systems Set For Procedure

Primary elections will be held today in dorms and the Union Concourse for class officers and student government representatives. Voting hours will be from 8 a.m. to 6 p.m. in the Concourse and during lunch and dinner hours in the dorms.

Students living in fraternity, sorority, co-op, Lansing, East Lansing, and married housing districts will vote in the Union.

Seniors graduating this term will not be allowed to vote on all voters must have ID cards.

Election procedures have been changed this year. Students may vote in the primary, for only one candidate per class office and for only as many Congress candidates as there are seats for that district.

Last year students could vote in the primary class for two candidates per class office and for twice as many people as there were Congress seats.

"With the new system, we feel that students will be voting for the person they feel is actually best for the job," said Miss Dempsey.

Election results will be released only through the Friday morning State News. Students are urged not to call the student government office for information, Miss Dempsey said.

Ballots will be counted by the elections commission beginning at 7 p.m. in the Town Girls Room in the Union. All election chairmen are requested to bring ballot boxes to the Town Girls Room before 7 p.m.

Eleven Congress districts will also hold only final elections because just two candidates petitioned per office.

Primary voting will be held today in the following Congress districts: West Shaw, Gilchrist, West Mayo, West Yakeley, South Campbell, fraternity.

No elections will be held in the following districts because candidates were uncontested and were automatically seated in Congress: East Shaw, Butterfield, Phillips, North Williams, East Mayo, North Campbell, married housing, and women's co-ops.

N. Campbell Urges Units To Vote 100%

In North Campbell coeds are challenging living units to a "bring out the vote" contest. Their challenge:

"Stop, look, and listen. Be fair and objective.

We of North Campbell Dorm challenge all living units to vote 100 per cent in today's primary election.

This excludes any person who is unable to vote because of illness or absence from campus.

If we do not have 100 per cent voting, members of our dorm will bus for one meal at all living units that hit the 100 per cent mark.

We ask men and women dormitories to choose one person to find the voting percentage. Sorority, fraternity, and co-ops are asked to choose one member to check ID cards to find out their voting percentage.

Results may be turned in to Jackie DeHaas, ED 2-5081. Comparisons of voting in all living units will be printed in the State News. We feel that the important thing is to vote, then participate for the things you want on campus."

Rep. Clardy (R-Mich) said the hitherto secret document was transmitted from the U. S. Communist Party to all Michigan cells at the start of a drive to infiltrate and colonize auto unions.

Clardy, who heads a subcommittee conducting the hearings into Communism in Michigan, said the document was entirely new to the House committee and was turned up by Donald F. Appell, a committee investigator.

It was entitled "Resolution on Concentration" and said Elit was a key to striking a powerful blow against what it called Walter P. Reuther's "Social Democrats." Reuther is president of the United Automobile Workers Union.

The document also urged concentration on Ford Local 600 of the UAW, which has 60,000 members and claims to be the largest local union in the world.

The committee, meanwhile, bumped into more witnesses who refused to answer questions on possible past or present communist connections, and two Detroit school teachers who previously had refused to answer were suspended.

School Supt. Arthur Dondrege suspended without pay, Sidney W. Greber and Harold Rosen. He said they refused to tell him whether they ever had been members of the Communist Party or a communist front organization.

Dismissal under existing rules, rests with the Board of Education, and all suspended teachers are entitled to a hearing if they desire.

One present and one former teacher also refused to answer long series of questions put to them.

Paul Robt. Baker, 29, told reporters privately he is a fourth grade teacher at a public school in nearby Inkster. But he refused to give the same information to the subcommittee. He also refused to answer a question as to whether he attended Michigan State College or went to school under the GI Bill of Rights.

Both Clardy and Rep. Scherer (R-Ohio) said Baker was "clearly in contempt" for refusing to answer such questions.

Clardy also called Baker's action a direct affront to the dignity of the Congress of the United States, when he would not say whether he benefited under the GI Bill.

Clardy said Baker was "badly in error" for not answering questions about his education, and added, "I'm indeed sorry to see you follow this course."

Fulbright to Talk Sunday Night On Foreign Affairs

Senator William Fulbright (D-Ark.) will speak on foreign affairs Sunday at 7:30 p.m. in the Music Auditorium, in connection with International Week, May 8 to 16.

A reception will be held for Fulbright from 6 to 7 p.m. on Sunday in the Union Green Room, sponsored by student government. All students and faculty are invited to attend. Refreshments will be served.

Fulbright, member of the Senate Foreign Relations Committee, was the sponsor of the Fulbright Act which assists U. S. students on foreign study projects. Under his plan American students may study for one year in Europe while European students receive training in the U. S.

A recent issue of Life Magazine called Senator Fulbright the "Senator Scholar." He was at one time president of the University of Arkansas.

Appointed to full term State News positions, Reid Christensen, Jack Kule, and Bob Herman, discuss the paper.

Appointed by Board Student Publication Heads Announced

Eleven new "front office" personnel for student publications were appointed at the Board of Publications meeting Wednesday afternoon.

Doug Coulter, Grosse Pointe junior, withdrew from the senior class presidency race to accept the office of business manager of the Wolverine.

Burt Gerber, Chicago junior, will take over as editor of the Wolverine. He replaces Quentin Stultz, Legonier senior. Dick McCauley, Whiting high senior, is the retiring business manager.

Art Underwood, Morenci sophomore, was appointed summer manager of the State News. Bob Herman, Three Oaks junior, and Jack Kule, Zeeland junior, will take over the managing editor and editor-in-chief positions of the State News fall term. Kule and Patricia Yaroch, Kinde senior, held the positions spring term.

Reid Christensen, Lansing sophomore, will be advertising director for the State News fall term. He replaces Lyle English, Crowell junior.

Appointments for the "Spartan" Engineers for fall term are: Ray Steinhilber, Westland junior, as editor.

Coulter Withdraws From Class Race

Since the Board of Student Publications has been in session, the responsibility of business manager of the Wolverine I have been forced to weigh the value of this work to me and to the student body of Michigan State College against what I might accomplish as president of the senior class. I should be so fortunate as to win the election.

It has been a most difficult decision to make—the most difficult of my life. I have come to the conclusion that with the staff available to me on the 1954 Wolverine I will have a major part in doing the most good to the greatest number of people, and the college.

I have decided to withdraw from the race for president of the senior class. I feel there are many excellent candidates in the field, and while expressing my sincerest appreciation to those who have worked in my behalf I would also like to point out that the work they have done has increased interest in the election greatly, and will assure the selection of a most capable president.

Doug Coulter

Senior and Bill Bartley, Lansing senior, as business manager. They replace Phil Sanford, Jackson senior, and Lee Mah, Battle Creek senior.

Spartan magazine appointments for fall term are: Gregg Stecker, Detroit junior, as editor and Mike Ferrier, East Lansing junior, as business manager.

They replace Don Blume, Rochester senior, and Bob Pettys, Boston senior.

Bob Brandon, Allen Park sophomore, was appointed darkroom manager.

Senior Awarded Grant For Psychology Work

Mary Jean Perkins, Flushing senior, has been awarded an undergraduate research grant by the Social Science Research Council for work in child psychology.

Student Driving Bill Passed by Congress

One-Day Donating Mark Set

Blood Drive Gets 596 Pints

It's record time again. After setting state and national records winter term in the all-college blood drive, the Spartans have come through again.

Wednesday a total of 596 pints of blood was donated in the current drive, a single day record of Lansing's regional center.

The previous record, set winter term, was 538 pints, a mark that was called "phenomenal" and "unbreakable" at the time by Red Cross officials.

The record day brought the three day total to 1,400. The mark is well over last year's ROTC mark of 1,246 pints.

Only 791 pints are needed to set the mark for winter term, a total that is considered the second best collegiate mark in the country and the best mark of the year.

Officials of the drive were hopeful of breaking the record, and had only praise for the donors who showed up Wednesday. Dr. Joseph Verrier, director of the Lansing center, termed the turnout "tremendous" and noted that there was a nice increase in the total of civilian donors.

The turnout of civilians had been called the key to a successful drive. Their response Wednesday, if it is reasonably backed up today and tomorrow, will make a new record a definite possibility, Dr. Verrier said.

Dr. John F. Scully, administrator of the Lansing center, said it is possible only for a unit of comparable size to equal this output (596 pints). It would be impossible for them to top it.

Visiting Mayor Given Tour of Campus, City

William E. Steiner, Muskegon's mayor, and his wife, Mrs. Steiner, were given a tour of the campus and city by East Lansing officials and students Wednesday.

Steiner and Mayor M. A. Strother of East Lansing, exchanged duties Wednesday as part of the "Michigan Week" festivities.

The Muskegon mayor was shown around the campus by East Lansing officials and students. During the day Mayor Steiner toured the city buildings and the campus.

Before leaving the city Mayor Steiner said, "I certainly enjoyed the hospitality extended by the city and college."

East Lansing and Muskegon high schools also participated in the program by exchanging principals and student council presidents Wednesday. Lee Keany, East Lansing principal, and Stephen Lamphair, student council president, discussed mutual school projects and ideas at Muskegon.

For Hotel Administration

Buying rugs and stocking linen closets are two jobs that won't stump 14 MSC men in hotel administration.

Because of administration housekeeping 490, a course begun last autumn, these seniors, and 32 others who took the course fall term, will know all about the functions of a hotel's housekeeping staff.

Mrs. Harriet W. Ansley, executive housekeeper at Kellogg Center, teaches the course. She said that a guest forms his impression of a hotel from his room.

Therefore, one course requirement is the making up of a room. Students meet in the furnishings lab and work in Kellogg's housekeeping department.

The men in the course will be hotel administrators after graduation and must be able to supervise chambermaids, Mrs. Ansley said. Linen inventories and controlling of linens are

Leonard Falcone directs the MSC Concert Band in the first of the spring term concerts.

Reed's 'Spiritual' Praised Concert Band Plays 'Satisfying Treat'

Leonard Falcone directed the MSC Concert Band in a thoroughly satisfying musical treat Wednesday night before a "ghost town" Auditorium.

Two reasons for an unfortunate near-350-person audience must be that the concert was moved to the Auditorium instead of its scheduled appearance in the Band Shell, due to the unseasonably warm weather, and also to mid-term blues.

The highlight of the evening was the well-received "Spiritual" by Dr. H. Owen Reed, chairman of the department of theory and composition in the department of music at MSC.

Dedicated to Falcone and the MSC Band, the moody and brilliant interpretation of the religious text of Southern Negroes at Sunday prayer meeting was a complete surprise to the pleased audience.

Dr. Reed's theme was gentle and sweeping, with mixed, sad and happy emotions. Dr. Reed was in the audience to receive the best ovation of the evening for his subtle composition.

Disappointing was a light-march take-off on Musetta's Waltz from "La Boheme" as rhythmically as the waltz blended itself to march time, it remained an awful thing to do to "Boheme."

Eric Charles "London Suite" began with military theme in the light. Concert Garden selection, and entered into a gentle interpretation of "Westminster," a meditation. The Knightsbridge Melody concluded the suite.

Barry L. A. Evans Suite except was one of the best-received numbers.

Verdi's "Force of Destiny" Overture was a heavy curtain raiser, but it pleased the audience.

The band seemed to have full control in their own interpretation of Wagner's "Elsa's Procession to the Cathedral" from Lohengrin.

Resolution Suggests Revisions

Needs Approval By College

By MYRA MACPHERSON

Student Congress unanimously passed a resolution Wednesday night asking that driving regulations be changed to allow all students to register cars, and to permit on-campus student driving after 6 p.m.

The resolution will be sent for consideration to President Hanson, the State Board of Agriculture, and Campus Police officials.

Congress members said they oppose the present system because they feel it is unenforceable and not in keeping with the driving rules of other Big 10 schools.

Under the present set of regulations, Michigan students are prohibited from operating any motor vehicle on campus until their cars have been registered with the College Police Department. Permission to drive vehicles will be granted at the discretion of the Chief of Police, the regulation says.

Congress members stressed that they want a new ruling which would be more lenient and give a majority of students the right to register their cars and drive them on campus.

As it now stands, students need an exceptional reason before they can drive on campus, said Dave Herman, government president. He added that even at the other nine Big 10 schools have systems which allow students to drive on campus after filling out the proper forms.

The new ruling recommended by Congress would require only that:

1. Students must carry the necessary amount of insurance.

2. No student on probation of any kind may be allowed to register a car.

3. First term freshmen not be allowed to register a car.

The vehicle registration, under the Congress' proposal, would sanction on-campus driving after 6 p.m. and on weekends.

Herman said he hoped for an official reaction giving circumstances as to why MSC regulations should differ from most other Big 10 schools.

In other action, Congress passed a bill appropriating \$200 to the MSC Men's Glee Club Fund. This will be used to underwrite the expenses involved in sponsoring a program by the Purdue University Glee Club next fall.

Bills introduced at the meeting included one calling for changes in the student judiciary organization, one to charter a Vietnam Club, and one to charter the Rifle Club.

A U. of M.-MSC soccer game to be held at 2:30 p.m. Saturday in the field behind the stadium was also announced.

Dedication of Bell Set for Saturday

Beaumont Tower's largest bell, received from England in April, will be dedicated at a special Parents' Day program to be held at 3 p.m. Saturday at the Tower.

However, the two-ton bell cannot be used until the remaining three bells needed to complete the four-octave carillon are obtained. It is the 44th bell for Beaumont.

The inscription on the bell reads: "This carillon bell is a gift of the parents of the student body at Michigan State College made possible through their contributions to the Michigan State College Fund during the 1953 year."

Professor, Graduate To Talk on SCE Panel

Former MSC All-American baseball player, George Rutenbar, and Prof. Howard Winters of the natural science department will take part in a panel sponsored by Spartan Christian Fellowship, the local chapter of Inter-Varsity Christian Fellowship.

The panel, entitled "This I Believe" will be held in 32 Union at 7:30 tonight. Other panel members, business and professional men, are from Detroit and Lansing.

Editorially

Vote Wisely

With campaign posters blossoming out all over campus and candidates seriously re-reading election rules and measuring posters, the time has come again for Spartans to think seriously of election issues and qualifications.

It is important that class officers and student government members be good leaders and representatives of their respective groups, for it is in their hands that the activities of the 1964-65 year will rest.

The senior officers will determine the success of numerous senior projects including the Senior Ball and Swingout.

The 1965 J Hop will depend on the junior officers, and sophomores will look to their chiefs for more and better events.

Student Congressmen are equally important. They are spending Spartans' money and making many of the rules which govern this campus.

The primaries today are not merely preliminary votes to make final choices easier.

They are important, for they can separate good candidates from bad; they can at least, if Spartans think a little before marking the "X" on the ballot.

Every student should vote, and, what's more important, he should vote wisely.

Editorially

Old Books, Please

There is a place for textbooks that can't be sold. And for any other books, too—Bibles, novels, encyclopedias, children's literature and works on science, mathematics, history and philosophy.

During this week a committee of students from Alpha Phi Alpha fraternity, Christian Student Foundation, Spartan Women's League and YMCA-YWCA are sponsoring a "Books for Africa" campaign.

Books collected as a result of the drive will be sent to Lagos, Nigeria through the Society for African Education in New York City, according to Mary Plumb, secretary of the book campaign.

The inspiration behind the drive at MSC was a talk by Dr. James Robinson, pastor of New York's Church of the Master and director of the Morningside Community Center in East Harlem, N. Y.

In his speech sponsored by the MSC Inter-Faith Committee last February, Dr. Robinson told of the need for books in Nigeria, where there is "nothing like a public library as such in any of the West African areas."

Students there, he said, have been known to copy whole books of the New Testament, algebra texts and novels in longhand to prepare for exams.

Collection boxes for books have been placed in most living units and in Lansing and East Lansing schools. A container will also be in the Union today, and Friday, Miss Plumb said.

"Books for Africa" is giving Spartans an opportunity not only to rid themselves of unwanted reading matter, but to join as well with students of Columbia University, New York City College, Hunter College and New York University in replenishing the shelves of existing mobile libraries and eventually establishing permanent libraries in Nigeria.

Letters to the Editor:

We Only Tolerate...

To the Editor:

During the past weeks there have been many editorials written which have created great controversy among students and faculty. Boiling all this down to a democratic way of life seems to be the goal. Yet this goal varies according to the individual.

One feels there should be a revolution; another feels a compromise is the ticket. All these thoughts appearing on a printed page are fine, but without action how can a better functioning society exist? Democracy is something you "do," not something you "talk about." It is more than a form of government, an attitude or an opinion; it is participation.

This is where we, as students of MSC and future citizens of an American community, come in.

We tolerate remarks about the way organizations are run, about people running for election, about administrative policies, about people in general. We regard ourselves as tolerant, which describes us perfectly. We don't really like people; we tolerate them. With these attitudes, there can never be progress.

Elections begin today. More candidates are running for office than ever before. Here is our chance to begin changing attitudes. Instead of sly remarks about competitors or candidates of the state, think through carefully the worth of the individual, what he plans to do, how genuine he is, with all people, and what he can do, not for a group, not for another person who promised to back him, but for the students he is going to represent. Be fair, objective, and honest with yourself—and with those whom you may speak with about a candidate.

Through this approach there will be a meeting of minds, coordination and integration. This is the beginning of your deserved democracy here on campus.

The next step is to get out and vote! When we graduate from college, we assume the responsibility of electing men and women to carry out the will of the people. How can we do this if we do not know the right kind of people to elect on college campuses? You have open-ly criticized the leaders and ad-

ministration—Here is your chance to get out and vote. Get the best candidates in.

Maybe he won't be the best known, the handsomest, or one who has bargained for your favor—maybe he will. The important thing is to elect the best. When you do, then get behind him, learn to understand his reasoning.

There won't always be agreement, because democracy would not function without conflict. Conflict results in new ideas, stronger organizations and in general, a better understanding of human nature.

Get out and vote! Don't just think and tolerate. Be a builder, one who acts and improves, not for himself, but for all. This is what we students seem to want.

Before the administration works with us, and vice versa, we must show them we can work for better unity among ourselves and with them. The important thing is for each and every student to vote, and then participate. Build stronger friendships, better organizations, and work towards a true feeling of brotherhood for the benefit of all.

Change of Tune

Switchboard operators have changed their tune. Instead of answering with a cheery "state college," they now list, "Michigan State."

The theory behind the change may be that there are many state colleges, and only one Michigan State.

On the other hand, it could be only a step to pave the way for the day when Michigan State will not be a state college at all, but a state university.

Operators, we've got YOUR number.

Letters to the Editor:

Students Urged To Donate Books

To the Editor:

Last Friday Dr. James Robinson visited our campus and spoke with several student and faculty groups. His message was the sort that keeps you hanging on each word, and has kept my mind uncomfortably twisting and turning around its content ever since.

His first-hand observations from traveling and living with people overseas bring into sharp focus the world's need, and our plenty.

The challenge which "Jim" was presenting to college campuses all over America—to cultivate understanding and love between two hemispheres by both going overseas as students and workers, and by sending material help—cannot be sloughed off.

Though he cited many examples of need, (as many people in India as our entire United States' population have never

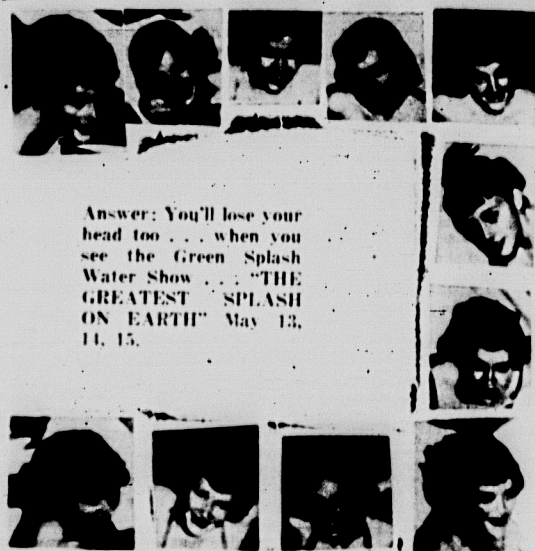

had enough to eat), perhaps the most pressing is the hunger of Asians and Africans to learn, their eagerness to work out ways and means of creating better nations.

We must not dogmatically shout our way to them, but rather work with them, and in their way.

The current Books for Africa drive is a direct challenge and challenge for MSC students to help. The need is great. African students must sometimes share one text with eight or ten others. How would you like to copy an entire book by hand, as many of them are doing?

Here are we—13,000 students—all with a surplus of advantages, opportunity and material things. Let's give a little for a better life for our brothers which can help spell out a better world. Give to the BOOKS FOR AFRICA drive this week.

Alice Severance

Here Are Congressional Office-Seekers

Mason Hall

JANICE WORTMAN—I, representing Mason Hall, will try to make known their wishes to the student government, bring back information and decisions of Congress, and perform any duties expected of me or assigned to me, always keeping in mind the attitudes and feelings of the girls I represent.

SHIRLEY LAZARECKI—I would like to serve on Congress to represent the collective wishes, thoughts, and hopes of the girls in Mason Hall, and to help as much as possible in the continuation of progress desired by the student government.

FOUNTENE DUDA—If elected to the Michigan State College Student Congress, I feel that it is my responsibility to represent the Student Congress in the Mason district, and to perform any duties expected of me on the Student Congress committees.

West Landon

JANE VAN WOEKOR—I would like to serve as representative to student government because I strongly believe in their program and would like to do some type of service for the school. I feel my duties are to take an active part in this program and take reports of the meetings back to the dorm.

NAN OLIN—I feel my main duty is to represent my dorm and to carry out their desires and wishes as much as possible. I would like to serve on the student government as I enjoy working with people and would like to be associated with the governing body of this school.

Gilchrist

ROSEMARY ANN HICKS—A government representative is to bring to the attention of the governing body what the people want, and to explain to the people the actions taken by the government. His job also is to make the government a working one. I want to help do this.

NANCY GODING—I feel that the duties of this office would impose upon me the responsibility of representing the girls of Gilchrist in the student government, a duty which I would enjoy and would undertake sincerely.

South Williams

JOYCE MILLER—To represent South Williams in the governing body of Michigan State College and to promote the interests of this organization to the best of my ability are my purposes for desiring this office. The governing body of an institution such as MSC concerns each individual student, and I feel that it deserves his most direct interest and support.

PATRICIA RAY—As a Congress member I realize it will be my duty to attend all College and committee meetings. It will be necessary to understand the functions of the committees where most of the legislation is formed, the organization of the Congress and the rules and procedures by which the government operates.

It will be necessary to give sincere and thoughtful consideration to any legislation which is brought before Congress. Because I am interested in Congress policy-making and feel that I can make a contribution to Congress, I am petitioning for the office of representative from South Williams Dorm.

West Yakeley

SYLVIA JACKSON—I think that Student Congress exists to coordinate the activities of the various extra-curricular organizations and to promote a cooperative relationship between the administration and the student body. It is the body through which the students of MSC aid their own government. These are the activities in which I would expect to participate if elected to represent the girls of my dormitory in Student Congress.

JOAN BEENMAN—I believe student government needs to work to improve their relations with students.

It is a representative's duty to serve to the best of his ability on Congressional committees, to study upcoming bills and to relay this information back to his district. Whenever possible a Congressman should informally poll his constituents to find their attitudes on current issues.

I served the past year on Congress as secretary of the Organizations and Eligibility committee and on several special committees. State News, Block 8, and Ski Club are some of my other activities.

MICHAEL ANN TELER—I think my duties will be to serve as a representative for the women in my dormitory and to help in the passing or non-passing of bills which will be brought up. I would like to serve in this capacity because I am interested in the functioning of our school.

Abbot Hall

BARBARA HOUSE—I think that my duties as a student government representative would be to work on matters affecting the student body and to serve as a link between student government and the members of my district.

SUE RAPPERTY—The duties of a student government representative are to know the wants of her constituents and to carry them out to the best of her ability.

I have been a representative from Abbot since fall term and have found that a weakness of the government lies in the fact that the representatives are not well known to their districts.

If I am re-elected I plan to do all in my power to alleviate this situation. I have worked on Elections, Finance, Grants in Aid and Michigan Week committees and will continue to participate actively in the government.

PEGGY LOEWENTHAL—One of the most important qualifications of a good student government representative is to take an active interest in the Congress and be able to inform others of the happenings within the government body.

As I am now a member of the Congress, I have taken an active interest in the various activities. I feel that I could expand my interests further next year.

While serving as one of Abbot Hall's representatives since fall term, I have taken part in the Student Rights and Welfare Committee, Student-Faculty Resource Board, Michigan Week and obtaining a leadership course for the student body next year.

DONNALEE GOODROW—My past experience with student government in high school accounts for my interest at MSC. The role of representatives here centers with furthering the interests of the student body and carefully considering the interests of this particular living unit. I feel qualified to represent Abbot because I am very interested in its residents' attitudes toward college policies and activities in general.

South Campbell

GRETCHEN STULTZ—As a candidate for Student Congress representative from South Campbell, I naturally have many reasons for desiring such an office. In the past, I have had practical legislative experience and have found work of this type very interesting.

Each representative should take it upon himself to coordinate the activities between the governing body and the students. This can be accomplished only by making problems known to the students through conversations and reports at house meetings. Above all, the representatives must have interest in their job, participate actively, and work with enthusiasm.

ELAINE FUEB—Being a member of Student Congress is being an extremely important part of MSC's government. Not only would I have to bring the dorm's ideas to Congress but I would also have to relate any information learned in Congress back to the dorm.

This information would have to be precise and exact in order to avoid any misunderstanding of the material discussed. I want to learn all I possibly can about Student Congress and I believe that one way to understand it perfectly would be to take an active part in it. As a Student Congress representative, I could learn and do the job at the same time.

JUDITH HORTON—It is the duty of every student on campus to participate in at least one extra-curricular activity. I believe that student government is one of the most worthwhile organizations at MSC. It is through the functions of this group that many benefits to the students originate and are carried out.

Once an individual is a member of this organization, it is his duty to attend the meetings regularly. He must participate in the group projects to the best of his ability. No group can function efficiently unless the members cooperate wholeheartedly in the promotion of the goals of the organization.

West Shaw

BILL MANSFIELD—After serving for two terms in Congress, I would like to again represent West Shaw dormitory in student government. While on Congress, I worked on the Student Rights and Welfare Committee. Also I was appointed to the Homecoming Committee. Some other activities have been president of Green Helms, sophomore men's honorary, and co-chairman of the Student-Faculty Auction.

ROGER LANGLEY—The duties of the Student Congress representative are to represent his group to the best of his ability in matters of student problems, policy, and cooperation between the student groups and the administration.

He must and should not carry any idea concerning his group to the detriment of the majority of the students on campus. Dormitories, fraternities, sororities and all districts must work as a unified body to the benefit of the entire college.

This past year I have had the opportunity of working on Fraternity Council, Dormitory Council and the Young Republicans Club.

RICHARD LOUNDEY—I believe that my duties as a Student Congress representative would be to present the views of the men in West Shaw to the Student Congress. I sincerely feel that I am qualified to serve in this capacity and to carry on the fine work of the Congress.

THOMAS L. GREGORY—Having been a class officer several times and served on similar organizations in high school, I feel that I am qualified to represent Shaw in Student Congress. After serving on student government, I will be more able and experienced to serve better in the future.

SAMUEL ALQUIRE—My duties as Student Congress representative will be to be cognizant of the views of the district I represent and to present these views to the student government. I would like to serve in this capacity because of the challenge it presents.

Snyder Hall

CLYDE RUE—I would like to serve on Congress in order to represent and voice the will of my dorm-mates in the student government as to how they should be governed and to report to these people the happenings in the Congress.

ART BARTFAY—Talking with many people around the dorm I am constantly being asked the question of what the Student Congress is doing. The answer, of course, shows the importance that your Student Congress has on campus. It has at its disposal the 25 cent tax which you established by your vote.

The use of this money in worthwhile activities has made the Congress CONGRESS PLATFORMS, Page 6

Sue Taylor, Brooklyn freshman, helps Gary and Wendy Williams as part of her duties as new governess.

MSC Student Becomes 'Governor's Governess'

How would you like to be the "governor's governess"? It's really easy according to Sue Taylor, Brooklyn freshman, who is the new governess of Governor G. Mennen Williams' children.

"I just went to the Placement Bureau after applying for a job several weeks ago and they offered me the position," she claims.

Sue, who moved into the Williams residence this week, will work for her eight and board. Her duties will include supervising the children: Gary, 12; Nancy, 10; and Wendy, 8. She will also serve dinner and the Williams' black cocker spaniel will probably keep her busy too.

Sue, who is a "non-preference" student, participates in many activities. She is a freshman class treasurer, member of the Freshman Council, Block 8, and the YWCA.

She will also spend the summer with the Williams at their home on Mackinac Island.

Coed Models Needed For Fashion Telecast

Coeds who are interested in modeling current fashions for the Tuesday fashions telecasts of Ladies Time WKAR-TV 4 to 4:30 p.m. are asked to contact Miss Kay Egan at the studio.

An open audition for WKAR-TV student staff announcers will be held at 9 a.m. in the WKAR-TV studios, Brick Ryker building, tomorrow.

Parent's Weekend, Dorm Dance Fill Spartan Social Calendar

Coeds Host Males at 'Mais Oui'

By JEAN GREGORY

A "Parisian" atmosphere will dominate the weekend's social events as coeds host their dates at the Women's Inter-dorm dance, titled "Mais Oui," Friday night.

Bob Robertson's band will play for the affair which will be held in the Auditorium. Decorations will feature possible doors to tie in with the French mood.

One of the four formal term parties scheduled for the week-end is Delta Delta Delta's annual Crescent Ball to be held in the American Room of the Hotel Olds Friday night.

A replica of the Tri Delta pin and the sorority colors will be used in the decorations. Gary Cutler's orchestra will play for the dance.

Zeta Beta Tau's term party will be held in the main ballroom at Kellogg Center Saturday night. Music will be provided by Bob Eschert's band. Floral arrangements of orchids will decorate the tables at the dinner dance.

Kappa Delta will hold their annual "White Rose" dance Saturday night at the Hotel Olds. Table decorations for the dinner dance will be black candles and pink gladioli attached to white branches. Tommy Aquino's orchestra will play.

"Black and Gold Ball" is the title of Phi Kappa Sigma's term party at the Hotel Porter Saturday night. Ray Robertson's band will provide music.

Sigma Chi members will hold a "Fashions" night at their house. Sand-covered floors, sea shells and lake palms will carry out the party's theme.

Farmhouse, fraternity and Alpha Gamma Rho will co-sponsor an informal affair in Union Parents' Christian Federation. The group will also have a "photo" picnic hike at 3 p.m. Saturday.

Sunday a denominational breakfast will be held at 10 a.m.

The Lutheran Student Association will attend the A Cappella Choir Concert as a group Sunday evening.

There will be a special service in the Christ Lutheran Church for Parents' Day, Sunday at 11:00 a.m. Gamma Delta is planning a tea for parents in the church fellowship hall at 5:30 p.m.

Hillel Foundation will hold special services Friday at 7:30 p.m. Sunday night at 8:00 a.m.

A communion breakfast will follow 8:45 Mass Sunday morning at St. Thomas Aquinas Church. Legion of Mary meeting will be held at 11 a.m. Philosophy Club and open house will start at 8 p.m.

Ohio produced about 33½ million tons of coal in 1953.

Members of Delta Sigma Phi hanging out their welcome sign for Parents Weekend are: Frank Kervin, Detroit sophomore; Norm Goetski, Flint sophomore; Ralph Graper, East Lansing sophomore; Dick Martin, Detroit senior; and Bob Corless, Grosse Pointe junior.

Church News

A Cappella Choir To Hold Concert

By MOLLY ROBYN

Many religious groups will sponsor activities for parents this weekend.

The A Cappella Choir of Peoples Church under the direction of Richard Klauski will present a concert at 8 p.m. in the church following the regular Sunday Vespers in Met une Chapel.

The Christian Student Foundation will continue its work day this Saturday, with earnings going to the World Student Christian Federation. The group will also have a "photo" picnic hike at 3 p.m. Saturday. Sunday a denominational breakfast will be held at 10 a.m.

The Lutheran Student Association will attend the A Cappella Choir Concert as a group Sunday evening.

There will be a special service in the Christ Lutheran Church for Parents' Day, Sunday at 11:00 a.m. Gamma Delta is planning a tea for parents in the church fellowship hall at 5:30 p.m.

Hillel Foundation will hold special services Friday at 7:30 p.m. Sunday night at 8:00 a.m.

A communion breakfast will follow 8:45 Mass Sunday morning at St. Thomas Aquinas Church. Legion of Mary meeting will be held at 11 a.m. Philosophy Club and open house will start at 8 p.m.

Ohio produced about 33½ million tons of coal in 1953.

Living Units To Honor Parents

Parent's weekend will be observed in many of the MSC living units this Friday and Saturday. According to Chandler Benton, Milwaukee, Wis., junior and publicity chairman, the following units have announced plans for entertaining the visitors:

WOMEN'S DORMS

Abbot Hall—Saturday, dinner at 12 p.m. and evening entertainment program; North Campbell—Saturday, dinner at 1 p.m. followed by entertainment; South Campbell—a tea; Gilchrist—Saturday, luncheon scheduled; East Landon—Saturday, entertainment program and Mason Hall—Saturday, style show at 2 p.m. and a tea.

Other activities slated at women's dormitories include: East Mayo—Saturday, luncheon and Sunday, coffee hour; West Mayo—Saturday, luncheon and coffee hour; North Williams—Saturday, luncheon, fashion show, room tour, and entertainment program; South Williams—Saturday, open house and style show; East Yakeley—Saturday, style show; and West Yakeley—Saturday, luncheon and entertainment program.

FRATERNITIES

Alpha Tau Omega—softball game, Delta Chi—Saturday, open house and luncheon; Delta Sigma Phi—open house; Delta Tau Delta—Sunday, open house and dinner; Delta Upsilon—Sunday, Dads vs. Sons softball game and a tea; Kappa Sigma—dinner; Lambda Chi Alpha—luncheon; Phi Delta Theta—coffee hour; Phi Kappa Phi—Saturday, open house, luncheon and banquet.

Also sponsoring parent programs will be Sigma Alpha Epsilon—Saturday, buffet lunch; Sigma Chi—open house with entertainment; Sigma Nu—buffet supper and Zeta Beta Tau—Friday, informal party and dessert and Sunday, brunch at 12 p.m.

SORORITIES

Alpha Gamma Delta—Saturday, luncheon; Alpha Omicron Phi—open house; Alpha Phi—Saturday, luncheon and entertainment program; Chi Omega—buffet dinner; Delta Delta Delta—a tea; Delta Gamma—Saturday, luncheon for mothers at the Union and open house and Delta Zeta—Sunday, dinner and open house.

Other sororities planning events are: Gamma Phi Beta—Sunday, luncheon; Kappa Alpha Theta—Sunday, open house; Kappa Delta—Sunday, open house; Kappa Kappa Gamma—luncheon and entertainment program and Zeta Tau Alpha—Sunday buffet dinner.

CO-OPS

Howland House—open house; Mott's Co-op—Saturday, open house; Robinson Co-op—Saturday, lunch and Sanford House—Saturday, luncheon and open house.

MEN'S DORMS

Phillips Hall—Saturday and Sunday, refreshments served and Synder Hall—refreshments served.

Spartans Beat Irish, 8-1, On Powell's Homerun

Jack Wenner Credited With Win in Relief

By ED SLOBODNIK

Bob Powell's two-run homer and timely triples by Capt. Jack Zeidler and Ray Collard were the big blows in Michigan State's 8-1 win over Notre Dame Wednesday before 600 chilled fans at frigid Old College field.

It was the 34th time the Spartans have turned the trick in 75 meetings with the Irish since 1907, and their sixth win against one loss, so far this season.

Three Spartan hurlers combined to limit the Irish to just three singles, as the temperature hovered in the mid-thirties.

Lefty Jack Wenner, Lansing sophomore, was given credit for the win, after relieving starter Chuck Gorman in the fourth.

Flint sophomore Ed Rollier came in to finish up in the eighth.

Lefty John Reynolds, the first of Notre Dame's four pitchers, got the loss.

Wenner struck out four and walked four in the four innings he pitched. Notre Dame got its three hits, all singles to center, off him.

Gorman fanned three and lost one. Neither allowed a base on balls.

Besides their homer and triple, Powell and Zeidler each added two singles in their four trips to the plate, as they collected six of the Spartans' nine hits.

Singles by John Matsok and Rollier, and Collard's triple, rounded out Michigan State's hit total.

The Spartans scored all their runs in four innings, getting one in the second, four in the third, one in the fourth, and two in the sixth.

Notre Dame pushed its lone run across in the third to affect a momentary tie.

The Spartans broke in front in the second on Powell's single, an error, and a sacrifice fly.

A walk, a balk by Gorman, another walk, and two infield errors brought the Irish their game-tying run in the third.

The Spartans took command a few minutes later when Zeidler led off the third with a single. Matsok walked, then George Smith, the Spartans' leading hitter, flied to left.

Collard promptly drove his triple to the right-center field wall, scoring Zeidler and Matsok. Powell followed with a towering six-foot homer over the left field fence.

State News Photo by [unclear]

Irish first baseman Mike Lesso scores Notre Dame's only run in the third inning of Wednesday's game which the Spartans won, 8-1. Lesso walked to open the inning, took second on a wild pitch, went to third and scored on two infield plays. The Spartan catcher is Tom Yewick.

Caroline Bates and — Who?

Illini Look for Regulars

(Editor's Note: This is the ninth in a series of articles dealing with spring football practice at each of the Big 10 schools.)

By CHUCK MILLER
State News Sports Editor

Caroline Bates and Caroline avoid the second year (1953). That is one of many questions on the minds of Illinois fans, coaches and players alike as the Illini prepare to defend their grid championship.

All-American J. C. Caroline and Mackie Bates, overshadowed by his teammates, confirmed last year as sophomores to form one of the most potent one-two punches ever assembled on any football field.

Caroline's well-known record speaks for itself.

Without benefit of a single pass completion, he broke "Red" Grange's Illini record for total offense of 1,260 yards with 1,670 yards on rushes, punt and kick-off returns.

His 1,256 rushing yardage ranked him first in the nation, and his 6.5 average established a new Big 10 record.

He also led the Big 10 in rushing with 919 yards in conference games.

Bates, at the other half, played steadily although not as spectacularly — gaining 602 yards in 138 tries for a 4.4 average, and scoring 66 points to lead the team.

Obviously at the halves the Illini seem well equipped.

However, at fullback, a real quarterback it is a different story as both of last year's regulars were graduated.

In the line his problems are acute.

Every starting lineman from the 1953 squad are lost with the exception of right guard and captain Jim Smith.

Fifteen lettermen, including seven linemen return, but there remains a serious lack of depth.

In fact, other than having 15 lettermen back, and excellent material at halfback and end guard, the Illini are in serious trouble.

It is a well known fact that even the best runners can't navigate without some sturdy linemen in front of them.

Unless Bates and Caroline can disprove this, or Eliot can come

Tigers Idled Again; This Time by Cold

NEW YORK (AP)—Tough luck Bob Turley lost another two-hitter Wednesday, but he has his own wilderness to blame for New York's 4-2 decision over Baltimore.

The fast-balling right-hander had a no-hitter going until Joe Collins tripled, with the bases loaded in the fifth inning. The Yankees already had broken his shutout in the same inning on three walks and Eddie Lopat's

squeeze bunt. Turley walked seven in all before he left for a pinch hitter in the seventh. He held a 1-0 lead on Jim Friel's fourth-inning home run when he lost his control. The only other hit, after the triple was Yogi Berra's single in the sixth.

Lopat, masterful with men on base, allowed six hits enroute to his fourth straight victory.

The only other day game in the American, Detroit at Boston, was postponed because of damp, cold weather.

'Mural Sidelights

Due to the lack of entrance fee, the Horse Shoe Tournament has been extended until 5:00 Friday. All male students are eligible to participate.

The basketball throw for accuracy will be held on Denz Hall Field from 3:30 p.m. to 5:00 p.m. on Friday, and all next week, weather permitting. Entries will be taken at the time of participation.

Other returning lettermen are center Jack Chabochian, tackle Roger Wolfe and ends Steve Nagel and Bob Wilson.

Two lettermen will vie for the starting quarterback spots, they are Bob Gonsola and Ed Lindbeck.

Halfbacks are Clarence DeMoss and Ken Sorenson and the two returning fullbacks are Don Grogan and Rand Stewart.

When all 11 starting positions are filled, Eliot will have only four lettermen on the bench.

This means that a lot will depend on the performances of 19 returning non-lettermen and 27 sophomores.

If Eliot can find a half-dozen of the Bates-Caroline variety in his crop of sophomores, the Illini will be tough to beat.

If not—well, that remains to be seen.

Except for the Beginning Duff Wants Munn-Like Career

By DONN SHELTON

I sure hope my coaching career here at State is as successful as Biggie's was but I hope it has a different beginning.

The speaker was football Coach Duff Daugherty, the place was Jensen Fieldhouse, the occasion, was the annual chicken dinner, ending spring football practice.

Daugherty was speaking to the assembled players, coaches and team friends who had gathered for the dinner.

He was talking of the 55-0 loss to the U of M that had initiated Munn's MSC coaching tenure.

He related how, after each of the nine touchdowns, scored, a quiet voice behind the bench said "Bring back Charles Bachman" (Munn's predecessor).

"Let's have no 'Bring back a c k Biggie' next fall, the Spartan mentor concluded.

Highlight of the dinner was the presentation of the coaches award to lineman Hank Bullough. In presenting the senior guard with a leather suitcase Daugherty termed him "potentially one of the best in the game."

Bullough was honored as the senior (next fall) who had "contributed the most to the team and had improved steadily since coming to State."

Bullough climaxed a good year. The first boxing show in the new Madison Square Garden occurred Dec. 11, 1925.

last year by playing the full 60 minutes of the MSC Rose Bowl win.

Assistant coaches aided Daugherty in handing out more than 40 merchandise presentations to the members of the squad who had worked hard during the spring.

One of the assistants, Center Coach Bill Yeoman, received a gift also, from his charges. They presented the hard working Yeoman with a joke book. The presentation brought roars of laughter as the popular center coach assured the team he would be the "life of the party" next year.

In preparation for the coming Green and White game, Saturday at Mackin Stadium, the squad has been divided into two teams. They will work as sep a r a t e

Green Splash Show To Perform for TV

Next Week's Program to Include Magicians, Acrobats, Ballet

"The Greatest Splash on Earth"—this year's Green Splash production will feature everything from magicians to lions in its circus theme.

Presented by the woman's swimming honorary May 13, 14 and 15 at 8:15, the 29th annual water show will be held in the Women's Gym. For the first time in its history, the Green Splash show will be televised. The entire program will be shown over WKAR-TV Wednesday.

The beginning number, "Circle A-T-123," will open in traditional circus fashion, with Green Splash members entering the pool through a water hoop.

"Maiden Magic" will feature a five-minute magic act by Junior. He is a member of the Lynn Kasky, Fayette, Ohio, Aerobal Club.

The announcer for the show will be Bob O'Hara, Buffalo, N. Y., sophomore. Judy Haga, Lansing freshman, will do solo number in the show.

Another act, "Cadet Capers," will feature a duet swimming routine by Jean King, Ferndale sophomore, and Lea Zay Sheridan, Birmingham sophomore. They recently placed third in the national synchronized swimming junior duet contest.

"Animal" acts will feature lions, seals and cotton candy dogs. Members of Porpoise Fraternity, men's swimming honorary, will entertain with diving routines, water ballet and comedy skits. Aerobal Club members will participate as clowns and tumblers.

Miss Dorothy Keith will be faculty adviser for the show with Green Splash members directing the numbers. Tickets for the three-day event may be obtained at the Union Ticket Office.

The cars, built by students, are equipped with one-and-a-half horsepower motors and will reach a maximum speed of thirty-five miles per hour.

Officials for the race will be Prof. Arthur Farrell, head of the agricultural engineering department, starter; Prof. Fred Gurnham, head of the chemical engineering department, timer.

Judges will be J. W. Schiller of the Motors, Prof. Walter Carleton of the agricultural engineering department and Prof. John Snell, head of the civil engineering department. Prof. Louis Otto of the mechanical engineering department will be faculty time official.

At 3 p.m. there will be a police-escorted trial run around Circle Drive and at 3:10 the race will begin.

Prof. Robert "Miss Engineer" and Miss Be. will present a tribute to the driver of the winning car.

Accepting the challenge of the agricultural engineers are the Society of Automotive Engineers, the American Society of Mechanical Engineers, the American Institute of Electrical Engineers and the American Society of Chemical Engineers.

After the ceremonies, students will begin showing the thousand exhibit and engineering demonstrations which will be shown until 6 p.m. Saturday.

Sororities

CAROLE ANN RAFFERTY—I wish to take active part in the government, represent my constituents well, and continue the work on Sorority Board, begun by my predecessors.

JUNE WALTERS—I would like to continue serving as sorority representative to student government for I believe the experience that I have gained holding this office last fall term will be of great profit to me. If elected, I would like to see the Sorority Board work as a closely knit unit with the administration and also with other campus organizations.

ROSE DePALMA—Sorority representative on student government means working towards an active district—a group participating in campus activities, initiating and supporting legislation for the district's best interests.

Since transferring as a sophomore, I have become acquainted with campus functions by becoming a member of State News, an active member of Sigma Kappa. I covered the Men's Council meetings for State News, also activities of WKAR and WKAR-TV. Last year at the University of Miami, I was active on their student government and I feel my experiences would help me a great deal if elected to represent MSC sororities on student government.

NANCY JO SHAFER—I would like to continue to serve on Student Congress to fairly express the sorority's point of view in Congress and to promote legislation beneficial to the student body as a whole.

My aims include building an even stronger Sorority Board, making it more responsible for resolutions and bills introduced in Congress. This board is a valuable tool in expressing each sorority's view and carrying out those views.

Fraternities

ROBERT McCULLOUGH—A Student Congressman representing fraternities should spend time to learn the wishes of his constituents, do his best to carry these out intelligently and tell the houses—either in person or by written report—what happens from week to week in student government. These things, I promise to do.

LAWRENCE D. BEITSCH—I would like to serve on Student Congress to represent the students of my district and to present their views to that body and the administration on the problems of the student body as a whole.

WILLIAM WALWORTH—I would like to serve on the All-College Student Government because I feel that I could represent both the school and my district in a way that will benefit them. I understand the duties to be the careful consideration of my school and district in all matters on which I must pass judgement.

GORDON DYER—The duties of a Student Congressman are to serve as representative for the interests of those who are members of fraternities. I would like to serve on Congress because I feel I possess leadership qualifications and I am extremely interested in the Student Government.

GORDON A. SINCLAIR—I would like this opportunity to serve the students of MSC. I feel that I can most adequately represent the fraternity men, their programs and ideals in Student Congress. The success of a program by which the students can govern themselves is dependent upon the success of the Student Congress in the coming year. The tax must be spent wisely for the benefit of the entire student body.

I propose to effect a program whereby these ideals can be put into effect.

DON PAIS—The purpose of a Student Congressman is to uphold and protect the rights of the students he represents. To do this, he must have an understanding of the problems confronting his fellow students. Many benefits may be gained for the student by quick and forceful action by his Congressman.

What are the qualifications for a Congressman? 1. He must be willing to devote his time to Congress affairs. 2. He must be genuinely interested in student government.

I am confident that I have the qualifications which are necessary to be a good Congressman, and I sincerely hope that after election day I shall have the opportunities to display them.

Lansing

PIG FOSTER—As Lansing representative, I feel that my job would include doing as much as possible to benefit Lansing students as well as the entire student body.

CLAUDE M. WATSON—My duties as Congress representative would be to represent the students of Lansing, attend meetings, keep informed about matters pertaining to the students from Lansing in particular, and to know the students' feelings on the issues.

JOYCE JACKSON—The representative of the All-College Student Government should 1. be present at all meetings; 2. understand and listen to the discussion of the issues and be able to vote for the benefit of the district supporters.

SHARON JOHNSON—I would like to be a member of the Student Congress because this way I can better serve MSC and will be more of an asset to the school. By helping MSC in its government, which entails making decisions and representing my district fairly, I will become a more alert and able citizen and student.

SUZANNE ROUSE—I would like to represent the students of Lansing, and keep informed on their ideas, opinions, and wishes.

JAMES BELL—I believe the duty of the Congressman is to bring the views of his district into focus in the Congress. Also he must aid in the distribution of the student tax so as to benefit the majority of the students. He must further coordinate student activities with those of the administration.

ARTHUR C. HAYHOL—If I am elected as a representative from the Lansing districts I will do my utmost to make the following make sure that all wishes of the students from the Lansing district are given due consideration by the student government, promote good relations between all college factions and work for the general welfare of MSC.

I have been a resident of Lansing for 23 years. My major is electrical engineering and my major extra-curricular activity is Alpha Phi Omega, national service fraternity.

Men's Co-ops

EDWIN CHAMPAGNE—I believe the Student Congress is a stand-between for students and administration. The duties are to try to please the greatest possible number of students. To serve on the Congress would be educational and a challenge.

HERBERT SCHROEDER—I believe that through the student government I can better serve my fellow students. For the past two quarters I served on the student government as representative from Phillips Hall. Since I moved from my district, I hope to be able to continue my duties on the Congress.

East Lansing

PILL HURST—The Student Congress is responsible for the legislation of laws which will best serve the student interests and needs. It is imperative, therefore, that Congressmen find out what the student needs are. If elected, I will do my utmost to work for the benefit of the student body.

WILLIAM KLEIN—I will, if elected, perform the duties of this office which are to help to promote better understanding, feeling, and cooperation between students, student government and administration.

TOM AYRES—I believe an effort should be made to have better representation in the Student Congress for the students in off-campus housing. Although the East Lansing district is hard to represent because of its wide area, I feel as if it could be better represented by someone who would make himself available to the students for suggestions. There should be some way in which the students could obtain copies of the minutes of the meetings and thus keep up with the activities of their Student Congress.

I am advertising manager of the Spartan Engineer and a member of Delta Upsilon fraternity, Wolverine, Campus Chest, AFRONews and high-school cooperations.

JACK SUBAR—The job of a Congressman from East Lansing is a two-fold one. First, he must bring your problems, such as clarification of off-campus housing and driving regulations before Student Congress. Secondly, he must see that action is taken on these problems.

Correcting the administration-student difficulties is the major job for the coming year, and with your help and the experience of having served as a Student Congressman and as the chief justice of the All-College Judiciary during the past two years, I believe we will be able to correct many of these problems.

FRED M. DABOUL—In running for election for Student Congress I believe that with my previous experience in student government as a representative I will to the best of my capability support the ideas and feelings of the East Lansing district which I have represented in the past year.

Having lived off campus for two years and understanding the attitudes and problems of my constituents I feel that I will be able to represent them fairly and to the best of my ability. I am a member of several organizations, among them are Pre-Law, Philosophy, History, student government and others, and am very interested in campus activities and interests of the student body.

STARTING SUN.—Wm. HOLDEN in "EXECUTIVE SUITE"

to Mother with love

When Mother reads this card on Sunday her eyes will sparkle.

Flowers express so much. Their fragrance and beauty will add something extra special to her day. So give a corsage, freshly cut flowers, or a potted plant. Make her day complete.

... and don't let distance be a problem. With our wire service you can send flowers anywhere.
