MSC DAILY STUDENT PUBLICATION

EAST LANSING, MICHIGAN — WEDNESDAY, MAY 19, 1951

PRICE 5 CENTS

IFC Revamps Constitution

New Divisions Similar To Other Big 10 Councils

Inter-Fraternity Council approved a new constitution Tuesday night—reorganizing the group completely and making its structure similar to other Big 10 schools.

Race Rule Applies to Colleges

Court Abandons 'Equal' Doctrine

WASHINGTON (AP)—Government lawyers said Tuesday there can be no doubt the Supreme Court's holding against racial segregation in the public schools covers also colleges and universities supported by public funds.

The court's opinions dealt specifically with the rights of children in grammar and high schools—the issue presented to it.

However, legal authorities noted that the court made this general statement:

We conclude that in the field of public education, the doctrine of "separate but equal" has no place. Separate educational facilities are inherently unequal. Therefore we hold that the plaintiffs and others similarly situated for whom the actions have been brought, are, by reason of the segregation complained of, deprived of the equal protection of the laws guaranteed by the 14th Amendment.

The authorities said it would not seem possible to say that state-supported colleges are apart of the public school system.

In previous decisions dealing with admission of Negroes to colleges and universities, the court relied upon the old doctrine that separate but equal facilities meet the constitutional requirements.

In Tuesday's opinion, the court completely abandoned the "separate but equal" principle "in the field of public education."

Applications Available for Soph Positions

Petitions for positions on the newly formed sophomore executive committee, consisting of six students and the sophomore class officers, will be available at the Union Desk from Thursday until Tuesday, according to Howard James, class president.

The purpose of the new committee, which will act as an advisory body to the Fresh-Soph Council, is to encourage sophomore class continuity and spirit. The six students selected will serve as permanent committee heads and will automatically become members of Fresh-Soph Council.

The only requirement for membership on this committee is that the student must be a second or third term freshman at the time of application. Name, address, phone number and class must be included on the applications.

Also included on the petitions must be reasons for sophomore class functions, reasons why the position is desired, and activities in which the student has participated. Membership will be based on these qualifications.

Sophomore class executives will meet Tuesday night to consider the applications. Eligible students will be contacted for interviews.

Sigma Xi Initiates New Group of 150

About 150 new members of Sigma Xi, faculty honorary, were initiated into the group Tuesday night at a banquet at Kellogg Center. This brings membership to a total of 320.

Dr. Eldon E. Down of the farm crops department spoke on the cooperative crop improvement program at the banquet.

IFC president Curt Lecklider and vice-president George Clute tear up old Inter-Fraternity constitution which was replaced by a new one approved by IFC council Tuesday.

Look Up Clouds to Hover As Temperature Climbs to 62

Today's weather prediction hangs in the clouds that are expected to partly cover the sky. The Fahrenheit is expected to climb to 62 degrees today after Tuesday night's low of 42 degrees.

Graduates May Order '55 Annual

Book to Show MSC Changes

The Centennial Wolverine, which will be out in May 1955, will present a balanced picture of the physical, academic and social growth of MSC, according to Dix Peabody, editor.

Subscriptions will be taken from seniors after the Swingout, Tuesday in Fairchild Theater.

Although the 1955 yearbook will contain approximately 104 extra pages of centennial material, it will be sold at the regular price of six dollars, Miss Peabody added.

Six colored prints of original paintings will be included, along with pictures of fires on the early campus which destroyed the original Wells Hall, Williams Hall, Engineering Building and the Biological Laboratory.

There will be write-up on some of the first fraternities, including Phi Delta Theta and Delta Tau Delta, both of which went local in 1891 when the Board of Agriculture passed a bill prohibiting national affiliation.

Former presidents of the college will be pictured, as well as the first J-Hop in 1891, which was a formal dinner dance.

Most of the old pictures were obtained from student groups, alumni and East Lansing residents and many of them had to be copied and restored.

The need for pictures still exists, however, since some will appear in the regular section of the Wolverine, Miss Peabody said.

Bermudas OK'ed for Coed Wear

Current Trends Changes Ruling

By MYRA MACPHERSON

AWS Judiciary Board has approved the wearing of Bermudas shorts on campus by MSC coeds.

According to Board members, they have changed their rulings on sport clothes to be in keeping with the "present trends."

Last year, the Board ruled Bermudas should be in the classification of regular shorts. However, following letters and personal appeal from coeds, and observance of coed sports apparel on other campuses, the Board changed their rules as follows:

Bermudas are no longer classified as shorts and may be worn under the same conditions that apply to the wearing of slacks, pedal pushers and blue jeans. The suggestion that coats be worn over Bermudas was also dropped.

However, the Board still recommends that coats be worn over regular shorts.

This approval of wearing Bermudas was passed on a temporary basis for spring term, according to Board members, since complete approval from administration will depend on whether or not the Bermudas are worn with discretion.

They further stated that the Union management urges the same consideration be applied to wearing of Bermuda shorts in the Union as is to slacks and jeans.

Miss Mabel Peterson, faculty adviser to the AWS Judiciary Board commented on the subject: "We are interested in trying to help coeds to learn the appropriateness of correct dress. We feel that Bermudas have their place and should be worn with discretion."

An open statement from the AWS Judiciary to MSC coeds will follow in the State News.

Hospital Offers X-Rays To Upper Classmen

Juniors and seniors who wish to have free chest X-rays should have them taken before June 1 at the Health Center, Dr. Ralph Ruhnkeoff, staff physician, recommended Tuesday.

White House Stands Pat On Hearing Suspension

Ike Shows Faith In Army

Senate Hearings Not Mentioned

Charlotte, N. C. (AP)—President Eisenhower Tuesday reaffirmed his faith in the nation's armed forces with the declaration that "we are still confident in them" from their secretaries and their high commanders on down to the last private in the ranks.

With Secretary of the Army Stevens seated behind him, the President made no reference to the Army-McCarthy hearing in a brief, informal address to a packed, estimated crowd of 30,000 in Charlotte's Freedom Park.

But the reference to the civilian chiefs in Stevens' presence seemed to indicate the President's continued faith in his Army secretary in his dispute with Senator McCarthy.

Eisenhower, accompanied by Stevens, on his flight from Washington, came here to help Mecklenburg, Charlotte county, commemorate the 139th anniversary of the Mecklenburg Declaration of Independence.

The President returned to Washington Tuesday night.

Trolley Run Set Up for Ox Roast

Students, Faculty To Play Ball Game

A "Jolly Trolley" will circle campus Thursday night between 5:15 and 6:15 to provide free rides to the Ox Roast to be held at the Livestock Pavilion Field.

The trolley, a tractor pulling a wagon, will be furnished by Ag College, sponsors of the all-college event each year.

This year's feed will consist of 350 pounds of prime roast beef to be roasted for 12 hours in an outdoor pit, 16 feet long, three feet wide and three feet deep, according to the Council.

The meal will include potato salad, baked beans and coffee.

A student-faculty baseball game will follow the roast, with a sack race, contest and square dancing in front of the building also planned.

Tickets for both adults and children may be obtained from Council members or at the Union Ticket Desk. A limited number will be sold at the door.

In case of rain, the roast will be held inside the pavilion.

Three senior council members try out their caps and gowns in preparation for Senior Swingout. Bob Sackrider, Battle Creek, helps Sue VanNoppen from Larchmont, N.Y., with her gown as Ferris Hallmark, class president, watches.

Seniors Wear Caps, Gowns at Swingout

Marching Band to Lead Annual Parade From Ag Hall

Graduating seniors will don their caps and gowns for the first time at the 14th annual Senior Swingout, Tuesday.

Led by the Marching Band, the gowned parade will begin at Agricultural Hall at 7:30 p.m.

The parade will continue around campus picking up class members stationed in front of their respective schools.

When the last school is passed, the band will proceed to Fairchild Theater for the Swingout program.

The band begins from Agricultural School because it was the first school initiated at MSC.

At Fairchild the members of the "54" Club will sit in the first two rows.

They were notified of their selection Monday by letter and will be announced officially at the Swingout.

Election of '54' Club officers will take place also. They will be elected on by the entire senior class.

The program of the Swingout will include a farewell address by Ferris Hallmark, class president; a welcoming address to seniors as alumni will be given by Star Keeler, alumni director; and a farewell address by President John A. Hannah.

Cards will be presented to each member of the "54" Club by Star Keeler.

Two one-hundred dollar checks will be awarded to the outstanding male and female graduate with the highest point average, by President Hannah.

Thursday will be the final day of seniors to order their caps and gowns, Bob Sackrider, Swingout chairman, said.

Language Professor Gets Secretarial Post

Dr. George W. Radimersky, associate professor of foreign languages, was elected secretary of the German section of the Central States Modern Language Teachers Association at a recent meeting in Detroit.

Order Not Expected To Change

Personnel Not To Talk to Opposition

WASHINGTON (AP)—The White House stood pat for the time being Tuesday on a presidential order that left the McCarthy Army hearings dangling somewhere between temporary and permanent eclipse.

The order instructed high administration officials not to talk to Senate investigators about their discussions of the blazing controversy between Senator McCarthy and top men in the Army.

The White House made it rather clear there are slim chances, if any, that President Eisenhower will alter the instructions.

Presidential Press Secretary James C. Hagerty told reporters that the President issued his letter yesterday.

That seemed to be another way of saying that Eisenhower wasn't retreating an inch from his contention that any senatorial inquiries into conferences within the administration on the big controversy goes against the fundamental constitutional principle of separation of powers.

Under instructions from the Senate investigations subcommittee, Acting Chairman Mundt (R-S.D.) set up a conference with Atty. Gen. Brownell to explore the possibility of getting the presidential order modified.

But this was put off for a while. Mundt and Brownell wanted more time to study hearing transcripts.

Mundt did handle with members of the Senate Republican Policy Committee. Nothing definite came of that, although the senator said he is sticking by a statement that the hearings, now in recess until Monday, are not recessed until an end.

Now, McCarthy contends, the Eisenhower order is a roadblock, an "iron curtain" that will prevent his establishing motives and proving his charges.

The hearings stumbled to a temporary halt Monday at a point where the investigators were trying to determine just who was responsible for the accusations against McCarthy and company. Stevens and his aides, as an outgrowth of a Jan. 21 conference at the Justice Department, someone higher up in the administration.

Adams refused to give details of what went on at that conference, and the Eisenhower order backed him up.

NEWS IN BRIEF

French Rescue 18 Wounded

HANOI, Indochina (AP)—A French high command spokesman said Tuesday night a lone helicopter had shuttled 18 more seriously wounded French soldiers from Dien Bien Phu to Luang Prabang, Laos' royal capital. Earlier French planes resumed their heavy bombing of key routes from the fallen fortress.

U. S., Pakistan May Sign Today

KARACHI, Pakistan (AP)—The military agreement between Pakistan and the United States is expected to be signed in Karachi today, official sources said Tuesday.

Three Drown in Lake St. Clair

DETROIT (AP)—The bodies of three members of a Grosse Pointe Woods family were pulled from Lake St. Clair Tuesday. The drownings dashed hopes of finding five other members of the same boating excursion alive.

Senator Warns of Red Shipments

WASHINGTON (AP)—Sen. Wiley (R-Wis.) Tuesday night urged Western Hemisphere nations to go into consultation about the shipment to Guatemala of arms from Communist-dominated Poland.

Mickey Jelke's Conviction Upset

NEW YORK (AP)—Minot F. (Mickey) Jelke's vice conviction was upset Tuesday in one of New York's most far-reaching decisions of the century bearing on freedom of the press. A new trial was ordered.

Editorially

Hearings Pose Threat

In forbidding Army witnesses to testify on the role of the White House in the McCarthy Army hearings, President Eisenhower has taken the first step in defending a long cherished tenet of American government.

At stake among the endless charges and counter-charges is a fundamental doctrine of the American Constitution—the separation of powers.

So the President took his stand "to maintain the proper separation of powers between the executive and legislative branches of the government in accordance with my responsibilities and duties under the Constitution."

Raising the issue was the questioning of Army Counsel Adams concerning the White House conference last January when the Army's counter-attack against Senator McCarthy was discussed.

Mr. Eisenhower issued the order only after the investigation threatened to reach into the White House itself. Actually, the practice of legislative investigation into phases of the executive branch is, in itself, a threat to separation of powers.

Army Secretary Stevens had constantly repeated his desire to "clean house" through internal investigation. Many other administrative agencies would like to do the same.

But the overpowering fear of Communism has caused this possibility to be shoved into the background. And in the shuffle, separation of powers has been ignored.

The hearings have been called off temporarily in the hope that Mr. Eisenhower will either withdraw or modify his order. But the President left little room for backtracking with his statement.

"This separation is vital to preclude the exercise of arbitrary power by any branch of the government."

He also explained that "it is not in the public interest" that conversations or communications among officials in the executive branch of the Government be disclosed.

Voting along strict party lines, the Senate Investigations subcommittee voted, 13, to recess until Monday. Democratic committee members raised a howl and warned that the hearings may be over for good unless the President backs down.

This party clash brings the political aspect of the President's order into focus. If the Republicans are badly divided about what to do about "McCarthyism" in future elections.

It was up to President Eisenhower, as titular head of the GOP, to slap down McCarthy—especially since McCarthy was trespassing on White House property.

So the Democrats howled—a move that can only be taken as support for McCarthy. But there's a deeper motive.

Democratic party leaders feel that McCarthy is doing great harm to the Republicans. Therefore, until next election at least, they'd like to see him keep up the storm.

Then, with control of Congress, they can go to work with the business of slapping McCarthy down themselves.

The Democrats do not realize, however, that by defending McCarthy in this case they are opposing separation of powers.

They would like to embarrass the Eisenhower Administration by having such witnesses as Attorney General Brownell and UN Ambassador Henry Cabot Lodge on the stand.

But such an occurrence would be an extremely dangerous precedent. If established, a congressional investigating committee could continue to disclose the most top secret information and policy of the executive branch.

And that would make the executive branch answerable to the legislative—destroying the inherent power and independence of the executive that has been long established by the Constitution.

If that happened, the judiciary could be swept under legislative control, too.

And about that time, America's would be forced to bow down to a dictator—he be McCarthy or any other legislative autocrat.

Editorially

Briefly...

Now that he has come and gone, it can be told.

Ferdinand Timmermans, Rotterdam, Holland, carillonist, gave a concert on the Beaumont chimes last Friday evening.

The music department made the original announcement of the concert.

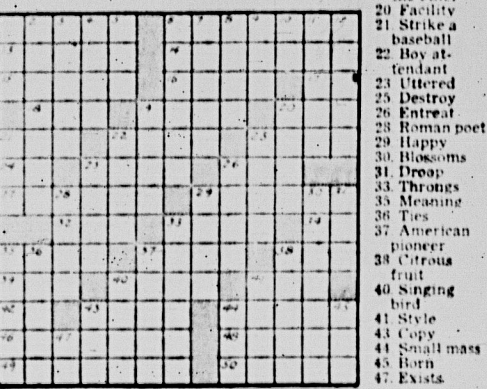

What it didn't announce was that Mr. Timmermans likes to wear nothing more than a suit of underwear while giving a recital. He says it gives him more freedom for the arm and leg movement necessary to work the mammoth organ-like instrument.

That's what you might call the longies and shorts of it.

From the Night Desk Take Five

By LOUIS GROPP
State News Associate Editor

It seems to me that the new dorms being built on Harrison Road ought to have a name.

The whole project is beginning to be known by the one completed hall, Butterfield—a title not only confusing, but also inaccurate.

Although the unit is known in the treasurer's books as the Harrison Road Project, it has no official name.

I live on Clay Street, but even so I feel that the Gropp family is a much more suitable title for the six of us than if we were named the "Clay Street Project."

It can't be that there aren't any appropriate names available.

The location of the project suggests "West Halls," a simple and appropriate name.

Or with completion set for 1955, what could be more fitting than "Centennial Halls?"

Butterfield, Bryson, Rather and Brody are a family. Let's give them a family name.

Letters to the Editor:

'Indigo' Sets Mood

To the Editor:

I am glad to see the State News give, in its issue of May 12, proper recognition to that neglected architect and designer, Indigo Jones.

Readers will be interested to know that it has been recently established (AFNG, XIII (1950), p. 13) that his name was given in honor of his "Blue Period" (not to be confused with Picasso's).

Actually, Jones' first name was Gwilym (not to be confused with the Welsh musician of the same name who composed under the nom de plume of John Paul Jones, not to be confused with the naval hero of the same name; Picasso's first name is Pablo.)

But the main source of neglect of Jones has been the confusion of his name with that of Indigo Jones, one of the leading exponents of the New Orleans style of jazz, whose recordings are today very difficult to obtain. Art Historian

To the Editor:

There appeared in the May 12 edition of the State News an article written by James Van Eck, Mr. Van Eck seemed to think that the State News did not offer proper coverage of the lecture given by Sen. Fulbright and attempted to fill in the gaps himself.

I am sorry to say that Mr. Van Eck also omitted a few very important statements made by the senator.

I believe that I am correct in saying that one of the main points at the beginning of the senator's lecture was concerned with the adverse comments being made about the United Nations.

He strongly believed that a person should not speak poorly of a plan such as the United Nations unless one has a better plan or suggestion to offer.

In the latter portion of the lecture the senator took up the topic of the Congressional hearings being conducted by Senator McCarthy.

Dr. Fulbright is convinced Communism should be kept at a minimum in the United States.

He proceeded to say that he thought it was a good thing these hearings were televised and published, as it would allow his puppets to applaud.

Would someone please tell me what Sen. Fulbright's suggestion was for eliminating Communism in the United States?

J. T. Pettis

To the Editor:

It is without doubt that within the past few years our band has grown considerably in quality, size, appearance and speed, and perhaps has even surpassed our "sister," but we're missing one important element—the glockenspiel (cylinder-shaped structure with metal bars).

A closer study of other bands will reveal the use of

one of even a string of glockenspiels (every J of M has several).

Anyone who remembers having heard a band with this instrument will agree that the clear, sharp tones add considerably to the quality of the music. Has Mr. Falcone omitted this instrument for a purpose or has this matter just been overlooked?

I have no intention of asking that we include glockenspiels because of J of M or because "other" universities use it.

Instead I think that some attention should be given to the situation so that with the addition of this instrument to our band, we should add to the quality of the music.

In other words, who's got the ding-dong?

Name withheld by request
(Editors note: Director Falcone explains that the glockenspiel is not a standard band instrument. Some groups have them, some don't. Many musicians contend that an excessive number of them spoils a band's musical effect. But don't despair, Falcone said he might buy one, or at the most, two glockenspiels for next year's musicians.)

Fraternity Review

Pledges Take Part In Greek Activities

(Editors note: This is the fourth in a series of weekly articles dealing with the activities and histories of fraternities on the MSU campus.)

By MARILYN MINION

Pledges aren't just for housework. Fraternities don't forget them when it comes to projects and social functions. Delta Upsilon activities have a traditional picnic with their pledges. The two groups meet annually in football and basketball. The pledges also help in the Community Chest program.

Founded nationally in 1834 at Williams College in Massachusetts, the DU's came to campus in 1949. The fraternity has 68 active members.

Among the traditions of Delta Upsilon are the Birthdays Ball, Parent's Day, spring formal and a newspaper published three times a year.

Awards are given each term to the fraternity members for achievement and high scholarship.

The outstanding pledge of Kappa Sigma fraternity is awarded the traveling pledge trophy. The Kappa Sig pledges and activities meet in basketball competition and get together for an annual pledge party.

Kappa Sigma was founded nationally at the University of Virginia in 1869 and locally in 1937. The MSC chapter has 40 active members.

Talent around the fraternity house includes a singer and a house-combo. The Kappa Sig's also boast several artists.

Among Kappa Sigma traditions are a founder's day banquet with U of M and Toronto, Ont., chapters, a Christmas par-

ty for underprivileged children, a halloween costume party and a western party. The fraternity holds get-togethers with other Big 10 chapters when the school's varsity team meets MSU in football.

The Kappa Sig's publish a paper once a year. They also make an award to the outstanding graduating senior.

In order to become more familiar with their fraternity, the pledges of Farmhouse carry a tag around for all the Farmhouse alumni on campus to sign. The fraternity also holds a pledge party and basketball and football contests between the actives and pledges.

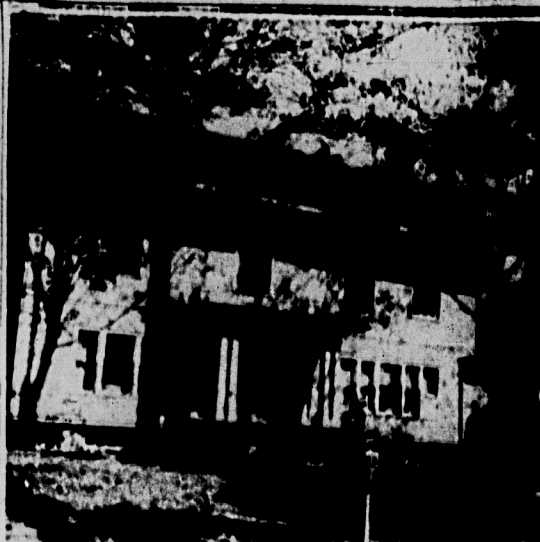

Farmhouse was founded nationally at the University of Missouri in 1905 and locally in 1936.

Among the fraternity's 25 members is the national president of the Future Farmers of America.

Farmhouse has the distinction of being the fraternity with the highest average for four consecutive years. They were also the first MSC fraternity to have a housemother.

The "Crescent Ball" highlights the Farmhouse social activities of the year. Other traditions include a Christmas party for underprivileged children, homecoming dinner for alumni, annual extension breakfast during Agricultural Conference Week and a summer picnic for actives and alumni.

The Dorian Award is given annually to the member who has done the most for the chapter. A scholarship key is presented each year to the member who has made the most improvement in grades.

The All-Saints Episcopal Chapel was recently purchased by the Lutheran Church conference to be used for a student center.

Student Caretakers

Lutherans Buy Home

Eight student caretakers will live in the new Martin Luther Chapel and House, at 144 Abbott Road.

The already-furnished student center was originally the All-Saints Episcopal Chapel.

"The Lutheran Church conferences and Mission Board bought the house because we now have over 500 synodical conference students at MSU," said Pastor William Woldst. Christ Lutheran Church, Lansing, Lutheran Student Association advisor.

A chapel with seating space for 180 persons, an electric organ, office and a spacious lounge will take up the entire first floor of the center.

Vicar Woldst will have his living apartment and offices on the second floor. The eight students who have been hired to take care

of the center will have their quarters on the third floor. A basement recreation room and kitchenette will be used for informal parties.

Club, Greeks Plan Desserts and Picnics

Planning exchange dessert and picnic for tonight are Kappa Sigma and Psi Beta Phi, and Alpha Gamma Delta and Sigma Nu. The Accounting Club will hold a picnic at Potter Park and Delta Delta Delta and Theta Xi will eat a picnic dinner at the East Lansing State Park.

Rochdale Leads in Scholarship

Rochdale House, a women's co-op, held the highest point average of any living unit on campus during winter term with a 2.98. Bowey House, men's co-op took second place in all-college competition and first among men's co-ops with a 2.84.

High among sororities was Kappa Kappa Gamma with 2.83. Alpha Xi Delta was second with 2.80 and Alpha Chi Omega took third with 2.78. The sorority average was 2.72.

Fraternity honors went to Phi Delta Theta with 2.59, Farmhouse had 2.56 and Alpha Epsilon Pi took third with 2.55. The all-fraternity average was 2.44 and the Greek average was 2.55.

Women's dormitory averages were 2.63 for first place Yakeley, 2.61 for East Lansing and 2.59 for Galkshir. The coed dorm average was 2.63.

Phillips took top honors in the men's dorm division with 2.49. Snyder's 2.42 was second and West Shaw's 2.42 was in third place. Men's dormitories had a 2.39 average.

The women's co-op average was 2.92 and the men's co-ops had a 2.47.

The all-college women's average was 2.69, men's 2.41 and the combined men's and women's average was 2.48.

This Is Living

By JEAN GREGORY

I read someplace not too long ago that everyone has exactly 24 hours per day and the only difference between people is the way they spend it.

That certainly applies to college students. There are lots of people who do their easiest jobs first and when they've partly exhausted their energies, they begin work on the more important jobs. It's always the more important things that get neglected when tired eyes say it's sack-time.

Putting off homework until after just one cigarette, a favorite record, a view or two added to the confab down the hall, four hands of bridge or just one game of scrabble are favorite ways to let the homework go.

Another common fault of college-goers is that they don't allow enough time to get a job done well. It's easy for a student to say, "I'll read my history before my date," and by the time he's combed his hair twice and changed clothes three times, he has 15 minutes to read 30 pages. So what suffers?—usually not the date.

Of course, it partly depends on what a person considers worth spending his time on. If he came to college to learn how to play bridge or become a jazz critic, his time has not been wasted.

But—you can't get a degree in bridge.

Six Win Tribune Medals

Cadets Receive High Honors

By DONN SHELTON

Army ROTC's 10 top cadets were honored in Tuesday's Awards Parade.

Medals were received by three junior, sophomore and freshman cadets as well as one senior.

The three juniors were awarded the Chicago Tribune Gold Medal as outstanding junior cadets.

First battalion winner was cadet Richard M. Gussell, Northville; second battalion cadet LaVern D. Brown, Plainwell, and third battalion cadet Tom L. Rieger, Kalamazoo.

Winners of Chicago Tribune Silver Medals for outstanding sophomore cadets were: first

battalion-cadet Lawrence W. Banning, East Lansing; second battalion-cadet James G. Skifted, Lansing; and third battalion-cadet Findley E. Lake, Grand Rapids.

The three freshmen were awarded Seaboard and Blade medals for their outstanding work. They are: first battalion-cadet Roger E. King, Watervliet; second battalion-cadet Horace D. Angelo, Birmingham; and third battalion-cadet Lawrence W. Hoffman, Ironwood.

Tom Wylie, Detroit senior was awarded the United States Armed Association Award as the outstanding cadet to be commissioned into the armored branch.

Army units in the parade used a massed battalion movement for the first time at MSC since the war.

The maneuver breaks the entire Army ROTC unit into its three battalions for passing the reviewing stand and saves time in the marching.

ROTC officials said the movement was carried out with "almost professional" results.

Cadet Col. Dean Stoppel said the Army units will continue to use the mass formation at forthcoming parades.

Mary Ann Van Buren, Fulton, N. Y., senior, was capped at the parade as a corps sponsor. A vacancy in the corps sponsor ranks was created when one of the members left school to be married.

Next parade for the Army ROTC advanced cadets will be May 27, when a rehearsal for the June 3 commissioning parade will be held.

Attending the rehearsal will be all the seniors who will receive commissions, the color bearers and relief guard without colors, all junior officers who will be replacing senior officers and all seniors not to be commissioned who are holding rank of battalion or better.

Fullbright Applications Now Available

An opportunity to study abroad is now open to all qualified students under the Fulbright Scholarship plan.

The scholarship provides for graduate study, for university lecturing, for advanced research and for experience in teaching in a foreign country.

An award includes payment for transportation to any one of more than 24 countries in South America, Western Europe, the Middle East or the Far East. Also a student will receive tuition, books and maintenance costs for one academic year.

Qualifications for the scholarship are:

1. United States citizenship.
2. A college degree or its equivalent at the time the award is to be taken up.
3. Sufficient knowledge of the language of the country applied for.
4. Good health.

Applications are now available for the 1955-56 academic year, and the deadline is November 1. No applications will be issued to applicants at large after October 1.

Thomas Osgood, dean of the School of Graduate Study, emphasized that all qualified students should take advantage of this opportunity. He will answer questions about the scholarships in his office, 112 Morrill Hall.

Grad Student to Talk At Physics Colloquium

Robert Cunningham, Manton graduate student, will talk on the "Effect of Ambient Pressure on Static Electrification of Fibers" at the Physics Colloquium today at 3 p.m. in 222 Physics-Mathematics Building.

Student Panel On Indochina Meets Today

A panel of students from India, Vietnam, France, Korea and the United States will discuss "Indochina in the Present International Situation" at three this afternoon in 31 Union.

Tuesday's State News reported the meeting as scheduled for Tuesday.

Sponsoring the discussion are the International Relations Club and the newly-formed Vietnam Club.

Dr. Wesley Fisher, associate professor of political science, will be moderator.

Students representing the various countries will be Sankarabadi, Chari, New Delhi, India; junior, Thai Nguyen, Vietnam; graduate student, Colette Nesin, junior from France; Kyu Gwop, Lee, Korean graduate student; and Harold Sundstrom, Winnetka, Ill. graduate student.

The International Relations Club will hold its annual election of officers at the meeting, which is open to the public.

Election Hearing Stated for Today

An open hearing for Bob Brubaker elections case is set for 3:15 p.m. today in 31 Union.

Brubaker will appeal the election review board decision which disqualified him in last week's final election for junior class president, according to committee chairman Don Hadden.

A complaint was entered that Brubaker violated election rules by carrying posters in areas outside the legal campaigning district.

Business Fraternity To Present Award

Delta Sigma Pi Business administration fraternity, will present a scholarship key to the outstanding senior in the business administration department, today at a luncheon in the Union Parlor.

Dean Herman Wyngarden of the business and public service department will make the presentation.

Petition Deadline Announced for Speech Contest

Pi Kappa Delta, forensic honorary, will hold All-College Bull-Throwers Speech Contest May 26 and 27.

The contest will consist of four to five minute talks on any subject by contestants from the various living units.

Petitions should be sent to Frederick Alexander, assistant professor of speech, dramatics and radio education, by Friday.

The preliminary contest will be held May 26 in Berkeley Hall, and the finals will take place in the Music Auditorium May 27th.

Prizes will be awarded to the first, second, and third place winners.

Museum Display Adds Figurines

MSC's museum has a recent addition of 56 porcelain figurines from the collection of the late Mr. and Mrs. Harry E. Harper of Lansing, according to Prof. Joseph W. Stack, museum director.

Included are pieces from France and Germany; a kind example of Royal Doulton bone china from England.

Twenty-five of the figurines are now on display in three new museum cases. The largest piece depicts the myth of Europa and the bull.

Dean Osgood to Attend Physics Institute

Thomas Osgood, dean of the Graduate School of Studies and editor of the American Journal of Physics, will attend a conference of the American Institute of Physics, Friday in New York City.

The American Institute of Physics aids in publication of nine physics journals and is a coordinating body for nearly all the physicist societies in the nation.

Meeting the Stars

A group of choir boys from Ann Arbor, in Rome to represent the United States at the International Federation of Little Singers Congress, visit the film set of "Helen of Troy."

Today's Campus

A Left-Left

Sneakers and bedroom slippers substituted for more conventional footwear for members of Lambda Chi Alpha after pledges made off with the active members' left shoes Tuesday.

Other imaginative—and possibly flexible footed—Lambda Chis wore unpaired shoes to ROTC drill classes and work during the day.

Red Plane Flies Over Seoul While Wilson Hears Plea

SEOUL, 19—A Communist plane flew over Seoul Tuesday while Defense Secretary Wilson 65 miles away was listening to President Syngman Rhee call for more U. S. aid for South Korea.

The plane, which may have been a F-4 Phantom II, was seen flying high and out of sight. Fifth Air Force jets scrambled into the air but were unable to intercept it.

City Council Plans To Widen Street

Street widening in East Lansing is definitely being planned for this summer, according to Lytle Bonor, city engineer.

The plans include the widening of Abbott Road on the east side from Elizabeth north to Burcham and on the west side from Oakhill north to Burcham, Bonor said. The city will also widen Evergreen from Grand River through to the new extension of Albright.

Construction is scheduled to begin in July.

King Approves Return of Coed Cheerleaders

Dean of Students Tom King says he personally "doesn't see anything wrong with coed cheerleaders" while MSC coeds await the official OK from the Athletic Council.

If coed cheerleaders do return to MSC it will be the 10th anniversary of their first and last appearance on the college athletic scene.

Coeds led football game cheers during the fall 1944, at the height of the World War II manpower shortage, but have not been cheerleaders in the past decade.

The Student Congress last week passed a bill authorizing coed cheerleaders "under the auspices of the Athletic Council for a probationary period of one year."

The Athletic Council, made up of representatives from the administration, student body and the athletic department of MSC, will hold its monthly meeting June 7.

George Szypula, assistant professor of physical education and cheerleading coach, said about coeds—"Three times the number of men who turned out" and "I've seen a campus-wide call for cheerleading trouts."

Union Shows Top New York Photographs

"Fifty Great Photographs," the photography of the Museum of Modern Art in New York from 1840 to 1950, is on view until Tuesday in the Art Room of the Union.

The show points up close parallels in the development of photography and painting during the last 100 years. The Civil War by Matthew Brady is depicted just as Winslow Homer sketched it, while Scheeler's "Factories" is a study in design of discipline New York city also depicted.

The exhibition is open daily including Sunday, from 8 a.m. to 9 p.m.

An exhibition of "American Sculpture," enlarged pictures of Life magazine, is being shown in the corridor of the Art Building A-7, South Campus through May 26.

Also showing are variations by Rubens. The pictures are lessons in abstraction. "The Marriage of St. Catherine," an original oil painted in Rubens' workshop, was loaned for the show by the Museum of Fine Arts, Boston, Mass.

Keith Brown Wins Judging Contest

Keith Brown, Jonesville senior, took first place in the MSC Dairy Club's livestock judging contest held Saturday in the Lavender Pavilion.

Second and third place winners in the over-all contest were John Addington, Portland junior and Fred Tumm, Bay City freshman.

Awards were also given for the best judging of the five different classes of cattle. Taking first in the five different classes were David Vanier Heuvel, Red sophomore, for Ayrshire; Fred Leuprandt, Pigeon junior, for Guernsey; and Holstein; and Philip Roberts, Milford junior, for Jersey.

About 20 students participated in the contest. Five dairy department instructors rated the judges on their verdicts and reasoning.

Some kinds of ducks cannot fly during parts of the nesting season because they lose their feathers in moulting.

Advertising Agency Career OPPORTUNITY for Exceptional Young Men

Here is a rare opportunity for exceptional young men with a deep desire to develop top-level careers in the advertising agency business.

A large national advertising agency with a wide group of diversified accounts and outstanding professional reputation is now expanding its personnel development program. Candidates with suitable qualifications who are accepted for this program will get planned practical experience in the agency business. Starting income increases regularly through the program period with a real future in store. Men who have completed the program now hold key positions with the agency.

Here are the basic requirements to be eligible for consideration: A college degree (but not necessarily a major in advertising, marketing or journalism); a sound academic record; high mental ability and special aptitudes for advertising work as shown by thorough-going aptitude tests given those considered; evidence of special initiative or creative ability through extra-curricular activities; a determination to make advertising a life's work.

If you feel your qualifications and ambitions honestly measure up to this opportunity, write in detail today, giving full experience, background, age and marital status. Give full or reserve status and enclose snapshot, if possible.

Kobsmen Face Tartars As Big 10 Series Nears

Three Sophomores To Pitch for State

Michigan State, well on the road to its first Big 10 baseball crown and its most successful season in years, will take a "breather" from the tight conference race today to play Wayne University at Northwestern Field in Detroit.

Friday and Saturday, state will be at Old College Field where the Spartans must take two of an all-important three-game series to remain atop the Western Conference standings.

The Indiana Hoosiers currently in seventh place with a 4-6 win-loss record, clash with Michigan State Friday in a single encounter before powerful Ohio State invades Old College Field for a twin bill Saturday.

The Buckeyes, who added three wins to their state last weekend, are now one-half game behind MSC with a 9-3 record.

By winning all three, MSC could clinch the conference title. A single loss would still assure the State team of at least a tie for the crown with Wisconsin also still in the running and a chance to match the Spartan mark only with a three-game sweep of Iowa and Minnesota.

The Spartans have registered 14 victories and six losses, including a 4-2 Big 10 record.

Bill Mansfield, Walt Godfrey and Bud Kottler were named earlier this week to split pitching chores against the Tartars. However, Coach John Kobs said Tuesday night that he had not decided who would get the starting nod.

Mansfield heads the sophomore trio with one win against no losses. He also saw brief action against Notre Dame and Detroit.

Godfrey, hampered by an ankle injury during the early part of the season, made his first appearance on the mound, pitching two-thirds of an inning in the twilight against Michigan Saturday.

In Wayne, MSC faces a club which is hitting slightly better than other State opponents have to date. The Tartars, led by Larry Kuzmar and John Galeas, have notched a 230 batting mark in winning five of 13 starts, compared to a 228 average posted by Spartan opponents. Kuzmar and Galeas are the only two Wayne men with .300-or-better averages, hitting .370 and .314 respectively.

State held Wayne to four hits in the season's opening game, but in a 4-2 Bud Erickson, Dick Idzowski and Chuck Gorman shared with the pitching, Idzowski receiving credit for the win.

The powerfully built Brooklyn first baseman smashed his 10th grand slammer Sunday to move within two of the league record of 12 established by Rogers Hornsby 20 years ago and equaled by Ralph Kiner last season. Lou Gehrig holds the major league mark of 23.

It took Hornsby 20 years to accumulate his dozen grand slams. Kiner, the only active National Leaguer with more four-run blows than Hodges, needed only eight years to collect his dozen.

Butch and Flat-top Season is NOW on. JOE GUTH YOUR BARBER

MHSAA Approves Cage TV

BENTON HARBOR & Michigan's High School Athletic Association took the first step toward televising high school basketball championships Tuesday night.

The executive council voted to appoint a committee to recommend a television plan that would carry the state basketball tournament in March into a state TV hookup.

Charles Sendar of Benton Harbor, president of the council, said the committee would perform a fact-finding job to see how other states have handled basketball television for high schools.

Most midwestern states have had television of the championship games for the last year or two, he said.

In other action, the association's executive body voted to allow high school basketball and football teams to have one preseason practice game between opposing schools.

The rule currently in effect forbids any interschool games before the season starts. The new rule goes into effect in the fall.

East Shaw Cops IM Bowling Title

The East Shaw All-Stars won the intramural independent bowling crown as they outlasted Ulrey in close match at Union Alleys Tuesday night, 2500-2100.

Bill Hershey paced the All-Stars with a three game series of 163. Bill McNamee came in second for the winners with 541, followed by Bill Haggett with 523. Capt. Jim McMahon and Charles Crozier rounded out East Shaw's scoring.

Ulrey gained an early margin of 13 pins in the first game, but the All-Stars overtook Ulrey to lead by 196 points at the end of the second game.

Al Svayohn, rolling a 214 game, led Ulrey.

Hodges' hurry-up pace is making Kiner's seem slow by comparison. Gil hit his first grand slammer May 14, 1949, his second full season in the majors. Five years and two days later, he collected his 10th only 30 years old, the Indiana strong boy figures to have at least five or six more seasons.

Only 10 players have hit more home runs with the bases full than Hodges. Gehrig's 23 outdistances all the others by a wide margin.

RAY COLLARD
Still leading MSC hitters

Soph Makes Good Collard's .400 Tops Batsmen

Right-fielder Ray Collard is currently leading Spartan batsmen in conference play with a lustrous .400, having collected 11 hits in 25 trips to the plate.

Collard's batting average for all games this season stands at .360 and includes a home run and three triples. In RBI's he is tied with teammate Tom Vestic with 13.

Ray was named most improved freshman player in 1953.

The big right-handed slugger hails from Flint, Northern Michigan, where he played under Burt Smith. Smith was recently appointed assistant football coach at Michigan State by new head coach Duffy Daugherty.

At Northern, Collard won three varsity letters in baseball and named a varsity guard position his last two years there.

In 1951 Collard won the Ki Ki Cuyler Award as Most Valuable Player in the American tourney held at Iron River, Michigan. Two other Spartan teammates, Johnny Matlock and Earl Morral, played in the same tournament on rival teams.

Ray has lived up to coach Kobs' pre-season expectation of being "one of the most promising newcomers, who can hit a long ball and field his positions well" with his fine work at the plate and committing only one error so far this season.

Collard comes from a family of baseball enthusiasts, his father having played in the Michigan-Ontario league in the 20's and his younger brother, now playing in the Flint City league.

Being only a sophomore, Ray is looking forward to his two remaining seasons at Michigan State with renewed enthusiasm, after his successful debut this spring.

The 1951 Michigan State tennis team was the first Spartan squad to win a Big 10 championship.

The 1951 Michigan State tennis team was the first Spartan squad to win a Big 10 championship.

Gromek Wins Seventh

Bengals Beat Philadelphia, 8-3

DETROIT (AP)—Detroit's Steve Gromek matched his entire 1953 victory total and became the major leagues' first seven-game winner this season, breezing to an 8-3 victory Tuesday over the slump-ridden Philadelphia Athletics.

The surprising 33-year-old right-hander, who has lost only once this season, spaced six hits in sending the A's down to their 3th straight defeat and 11th in their last 12 games.

The Tigers backed Gromek with a 11-hit attack including rookie Frank Bolling's two-run homer.

Left-hander Morrie Martin hammered for six runs and nine hits in four innings, dropped his third game against one victory. Art Dittmer pitched the last four innings for the A's.

DETROIT (AP)—Al Rosen drove in three runs with two home runs and a double Tuesday night as his Cleveland Indians held onto their slim first-place lead by beating Boston, 6-3.

BALTIMORE (AP)—Mickey Vernon's triple drove in two of Washington's three runs in the sixth inning Tuesday night as the Nationals defeated the Baltimore Orioles, 3-1.

PHILADELPHIA (AP)—Singles by Danny O'Connell and Del Crandall and a triple by Johnny Logan added up to a four-run sixth inning Tuesday night as the Milwaukee Braves downed the Philadelphia Phillies, 6-2.

BROOKLYN (AP)—Wallace Harker spun a neat four-hitter Tuesday night as the Chicago Cubs blasted the Brooklyn Dodgers, 4-1.

The victory was Harker's second of the year and his performance was marred only by Duke Snider's home run in the seventh for the Brooklyn club.

Coach Allyn Ainsworth said the plans to complete his changes under summer golf rules, which require the ball to be played from where it lies. Winter rules, which allow the ball to be moved in the fairway, prevail at the rough Walnut Hills course.

The Big 10 conference play-offs at Minneapolis next week will use the summer rules on the well-kept Minnesota links.

The best course for summer golf in the area is the Country Club, Van Alstyne said. They keep the fairways close-cut and near the same condition as the championship course.

The Spartans, lacking the depth of many of their Big 10 foes, have lost two of their three conference engagements, but only by a slim two-point margin. State bowed to Northwestern and Michigan after defeating Wisconsin.

However, win and loss records have little bearing on the play-offs in all schools' tie-off with clean slates at Minneapolis.

Jim Finigan and Bill Renna slugged Gromek for home runs, but both blows came at the start of an inning and proved nothing more than an annoyance to the veteran hurler.

After scoring once in the second inning, the Tigers tallied three times in the third and twice in the fourth to take a commanding 6-1 lead.

Philadelphia, 001 011 000-3 6 2
Detroit, 011 710 010-8 14 0
Martin, Dittmer 5 and W. Shantz, Gromek and House, 1-1; Martin, home runs—Detroit, Bolling, Philadelphia, Finigan, Renna.

Spartan Clowns

Unicyclists Paul Brinson, Ottawa Lake, and Jerry Giddens, Detroit, travel around the Upper Peninsula Tuesday afternoon, a publicity stunt for the Aerobics Club "Spartan Circus" to be held this weekend.

Coeds' Dorms To Fete Officers At Dinner

A formal dinner, honoring old and new officers of all women's organizations, will be held at 6 p.m. Thursday in the Edinboro Dining Room.

Approximately 100 coeds are expected to attend the dinner, which is being given by the Women's Residence Hall and was planned by the Inter-Dorm Council.

Miss Sarah Van Housen Jones, the only woman on the State Board of Agriculture, will be the guest speaker. The title of her talk is "Remarks of a Woman Farmer."

Dean John King will present a trophy to the dorm having the highest scholarship average.

Miss Mildred Jones, manager of women's residence halls, who organized the annual dinner five years ago, will welcome and introduce the guests of honor.

Stanley T. French, president of the Inter-Dorm Council, will act as master of ceremonies. A report on the activities of the council during the 1953-54 school year will be given by Laura McInnes, outgoing president.

New Congress Studies Rules

The first meeting of newly elected Congress representatives was held Tuesday night.

During the meeting Dave Hyman, present Congress president, explained the procedure to the new congressmen. He discussed the constitution and the functions of the executive department.

A select committee was appointed to review the constitution, and a committee was appointed to review the constitution, and a committee was appointed to review the constitution.

The next organizational meeting will be Tuesday at 7:30 p.m. in Union.

High 12 Club to Form At Thursday Meeting

A High 12 Club will be formed at a meeting in Union Hall Thursday at 7 p.m.

All Mason students and faculty are urged to attend the organizational meeting.

Students can register at the Union Hall from 10 a.m. to 6 p.m.

The next organizational meeting will be Tuesday at 7:30 p.m. in Union.

The next organizational meeting will be Tuesday at 7:30 p.m. in Union.

Height Record Set

Balloon Rises 22 Miles For Atmospheric Study

MINNEAPOLIS (AP) A giant plastic balloon, nearly as tall as an 18-story office building, soared more than 22 miles into the sky Tuesday—higher than ever before for a balloon of its type.

The "super skyhook," which stretched to about the length of a football field before its inflation, bore a cargo of scientific instruments to study mysteries of the upper atmosphere.

The balloon was made for the Office of Naval Research by General Mills, Inc. and was the largest of some 1,200 plastic balloons which have been launched since 1945.

The "super skyhook" was made of transparent polyethylene film, about half the thickness of a human hair. Stretched flat, it would have covered three acres. Fully inflated it was 200 feet in diameter.

The previous altitude record for a plastic balloon was 111,000 feet, a little more than 21 miles, set two years ago by a smaller, balloon, officials said.

The big bag of helium was set free at 1:31 a.m. (CST) and in the first hours of its flight remained within a radius of about 80 miles of Minneapolis.

At about 4 p.m., an automatic device released the parachute-held 50-pound "pay load" of instruments and opened the balloon to drift to earth near Fairbault, Minn. Observers recovered the instruments.

The big balloon and its cargo constituted a "stratospheric laboratory" to give scientists a better opportunity to study an upper atmosphere for a long period of time, something not possible on short flights of rocket-powered craft. The balloon carried its instrument load above 99.6 per cent of the earth's atmosphere.

Report False 'Spy' Shelter Only Conceals Unhealthy Cow

GRAND HAVEN (AP) State police said a report that someone has been spying on Camp Chase, the Army's anti-aircraft firing range in western Ontario, is false.

A farmer in the area had built a crude lean-to to protect a sick cow, he was running back to health, not to spy on the camp, police said.

College to Build New Fire Station

Construction will begin on the new Shaw Lane fire station in approximately 10 days, according to Hugh J. Carpenter, contractor for the building.

The State Board of Agriculture approved the contract May 2, following the East Lansing City Council's announcement of the building.

Carpenter said that the building should be finished in about five months if there is no delay.

The college is financing most of the construction cost for the new station.

CAMPUS CLASSIFIEDS LOW COST

Are you "Advertising Minded"? ADV. WELL PAID. MOSER SECRETARIAL SCHOOL. 57 EAST JACKSON, WABASH 2-4093 CHICAGO 6

Phi Kappa Banana, this warning note well. The sons of the dragon are sounding your knell. On Saturday next at 10 the dawning. You all join the fishes without any warning. So we'll meet at the bridge to tug on the rope. It's the Cedar for you, so bring along soap. Beta Theta Pi
