

## Typhoon Toll Increases

Japanese policemen identify typhoon victims washed ashore after a typhoon struck and capsized a sea-going ferry Sunday, resulting in nearly 1,000 persons dead or missing including 58 Americans.

## Campus Police May Crack Down on Cars

Say Student Drivers Refuse To Follow Parking Rules

By CLARENCE PETERSEN

Campus Police Lt. A. S. Ellis said Tuesday drastic measures are in the offing if student co-operation with parking rules doesn't improve.

## McCarren, Democratic Solon, Dies

Senator Collapses At Nevada Meeting

HAWTHORNE, Nev. (AP)—Sen. Pat McCarran, for 22 years a Democratic senator from Nevada and a foe of the Roosevelt and Truman administrations, died suddenly Tuesday night just after addressing a Democratic rally. He was 78.

The white haired veteran collapsed as he was walking down a side aisle after addressing some 125 persons at the Civic Center in this western Nevada town.

Firemen worked over the senator for three minutes with a respirator without success.

The senator for many years had a heart condition. Physicians said he apparently had died of a sudden attack.

The body was taken to a Hawthorne funeral parlor pending further instructions from his family in Reno.

## WKAR to Hold Annual Meeting

MSC's radio station, WKAR, will sponsor its annual organizational meeting at 7 tonight in 33 Union.

The meeting will be open to all students interested in participating in announcing, writing, acting, production and engineering.

David W. Kushler, WKAR production manager, will outline the plans for the year and explain how jobs may be obtained.

Auditions will be given at the WKAR studios at a later date for students interested in acting. Students who wish to repeat talent auditions may also be scheduled.

## Home Economics Club to Hold Mixer

The Home Economics Club will hold a mixer for freshmen home ec majors at 7 tonight in 301 Home Economics Building.

Hosts for the meeting will be club officers and sophomore members. Each year, freshman and sophomore home ec majors combine to form the Fresh-Soph division of the organization.

## Slickers Again

## Weatherman Predicts Rain For Spartans

It's time to get out those raincoats again. Mostly cloudy weather with showers is predicted for today.

Winds of from 15 to 20 miles an hour are expected.

Today's high will be 63 and last night's low was 56.

## Dean King To Sit in On Congress

Fall Sessions To Begin Tonight

Dean of Students Tom King will be a special guest at the first fall session of Student Congress tonight in 32 Union.

An invocation by Pastor Herbert Wolf of the College Lutheran Church will open the meeting at 7:30.

Dean King will sit in on the meeting but will not give a special address, according to Speaker of Congress Pat Callahan, East Lansing senior.

The new business to be discussed will include a bill to revise the student government small loans bureau. The present plan is inefficient, especially in the area of fund collection, Bureau Head Sharon Beyer, Detroit junior, said.

Old business on the agenda will be consideration of a Zoology Club charter.

Local ministers, priests, rabbis and religious organization leaders will be invited to give invocations at the beginning of each Congress meeting, Callahan said.

He also reported that Congress hopes to have other outside guests at their sessions.

## Toll Highway Gets Approval Of Authority

A toll superhighway from Rockwood to Saginaw won approval of the Michigan Turnpike Authority Tuesday.

But, upon advice of experts, it sidetracked proposed segments from Rockwood south to the Ohio line and from Saginaw to Kalamazoo, north of Bay City. Engineers held them "not financially feasible" at this time.

Subject to approval of the State Administrative Board in Lansing, the Authority accepted an offer by J. E. Greiner Co. of Baltimore, to make a detailed engineering study of the Rockwood-Saginaw route. The job is to be completed in five months and to cost \$160,000.

T. Henry Boyd, vice-president of Blyth & Co., New York investment house, told the Authority that \$154,294,000 to build the 114-mile toll turnpike probably could be raised through a 40-year bond issue at 3 1/2 per cent interest.

Any bond sale, must await a State Supreme Court test of the validity of legislation creating the authority and empowering it to finance superhighways with bonds payable only out of tolls.

The Rockwood-Flint section, starting 22 miles south of Detroit, would run 93.8 miles and cost an estimated \$131,626,000. The Flint-Saginaw segment would be 20.8 miles and cost \$22,668,000.

## Top Students Advance in Basic

## Special Section to Aid Study

Twelve "brains" occupy 104 Berkeley Hall from 3 to 4 p.m. each Monday, Tuesday, Thursday and Friday.

They are sophomores with at least a 3.5 all-college point average who enrolled in the advanced section of humanities.

New this term, the section is designed to give the superior student a chance to absorb more of the subject than might be possible in a section where he is studying at the same rate as less capable students, according to Prof. Harry Kimber, head of the humanities department.

Textbooks will not be used as often as they are in other humanities sections, but the students will have more outside reading and paper work, Kimber said.

When asked why this group did not "comp out" by taking the final exam without taking the course, Kimber said he thought this was not the solution.

"By coming out, students often are cheating themselves out of a rewarding educational experience," he said.

## IFC Advises Rushees

## Fraternities Host 500 Spartan Men

Approximately 500 Spartan men jammed the Union's second floor Tuesday night to attend the Inter-Fraternity Council smokes.

## Hospital Reports Chari's Condition As Still Critical

Sankar Chari, India graduate student suffering from a June 25th chemistry lab explosion, is still on the critical list, although Monday was his "best day so far as eating is concerned," Dr. C. G. Menzies, director of the health service, said Tuesday.

His brother, Kirshnama Chari, prepared soup for the student's lunch Tuesday.

Chari's attitude toward hospital care varies, however, Dr. Menzies said. He said Kirshnama is the only person who can help Chari's rehabilitation and voluntary nutrition. Chari's right leg was amputated below the knee shortly after he entered Olin Memorial Hospital.

## American Film Set for Fairchild Showing Tonight

"From Here to Eternity," Academy Award winning motion picture of 1953, will be shown tonight and Thursday at 7 and 9 in Fairchild Theatre.

The movie version of James Jones' best-selling novel of army life before Pearl Harbor will be the first of several American movies scheduled for showing in the current foreign film series.

All five of the picture's stars, Burt Lancaster, Montgomery Clift, Deborah Kerr, Frank Sinatra and Donna Reed, were nominated for the golden Oscars last year.

Sinatra and Miss Reed won their plaudits for convincing supporting performances. Director Fred Zinnemann of "The Search" fame, was awarded an Oscar for his direction of the picture.

## Baby Girl Born With Two Heads

CIDADE DA PRAIA, Cape Verde Islands (AP)—A two-headed baby girl was born Sept. 26 and still was doing well Tuesday.

The baby has two hearts, two necks, two spinal columns joined halfway down. The rest of the body appears normal. Each head apparently commands half of the body. One head cries while the other sleeps.

## Flashcard Heads Fear Empty Seats

400 Tickets Left at Jenison

Block S officials found themselves in a predicament Tuesday.

With the first and only flashcard section rehearsal scheduled for 4 this afternoon, less than 650 Block S tickets had been picked up for Saturday's Wisconsin football game when the Jenison ticket windows closed Tuesday afternoon.

That meant that almost 400 tickets remain—tickets which must be picked up this morning. If Block S is to have a full turnout of 1,000 for the initial practice session in Macklin Stadium.

Co-chairman Bill Thistle, senior class president, said that the same problem arose last year in Block S's first season when the section contained 936 Spartans.

"That's always been our main barrier—getting the tickets cleared out of Jenison," Thistle said.

He emphasized that any students signed up for Block S could pick up their tickets this morning—even though they were freshmen.

Jenison ticket windows open at 8 a.m. and students can obtain tickets until closing time at 5 p.m.

Total Block S membership is 1,500 students—representing holdovers from last year along with those signed up at registration last week.

Each one of the 1,500 students registered in Block S was given a green membership card. Tickets are issued at Jenison to card-holders on a first-come, first-served basis.

Through special arrangements, Block S ticket distribution starts each Monday noon before a home football game.

That system allows all section members—regardless of class standings—to obtain their game tickets early.

Although Block S distribution for the Wisconsin game started on schedule Monday, students have lapsed in obtaining their tickets.

Thistle said that many Block S members probably thought they had to wait until the day of their class distribution to pick up their tickets.

All Block S organizers are hopeful that the remaining Wisconsin tickets will be picked up this morning.

It won't be much of a rehearsal with the tickets in Jenison, they point out.

## NEWS IN BRIEF

### Square D Strikers Jailed

DETROIT (AP)—Three leaders in the 106-day-old Square D strike were given jail terms and fines today for contempt of a court order against mass picketing. Each was sentenced to 30 days in jail and was fined \$250 by Circuit Judge Frank B. Ferguson.

### Williams to Seek Help for Aged

BATTLE CREEK (AP)—Gov. Williams promised tonight, if re-elected, to seek creation of a permanent commission to solve the problems of "our elder citizens."

Methods must be found, he said, "to work out ways and means to enable our elder citizens to participate fully in the social and economic life of our community—not on the basis of need, but as a right."

### Leonard Discusses Labor

FLINT (AP)—Donald S. Leonard, Republican nominee for governor, said today his party's record on labor legislation in Michigan "proves that Republicans are friends of the laboring man."

### Czechoslovakia Expelled

WASHINGTON (AP)—The 37-nation International Monetary Fund Tuesday provisionally expelled Czechoslovakia, its only Soviet bloc member, because the Czechs refuse to give the free world a peek behind the Iron Curtain.

# Martin Predicts Giant Victory

**By WHITNEY MARTIN**

NEW YORK (AP)—The past season it has been easy to pick the winner of the World Series. All you had to do was to select the team the Yankees were playing, and you could be sure the Yankees would win.

This year the Yankees are in a corner brooding over the fact they won 103 games and finished eight games out of first place, and their absence from the series picture presents a problem.

Maybe it would be logical to pick against the Yankee standard-bearer, the Cleveland Indians, to assure another American League victory but somehow we have the hunch that system won't work this year.

We're picking the Giants, all right, but only because we think they will win-in, say, six or seven games.

Just that Leo Durocher's team has been doing the unexpected all year, pulling games out of the fire in the late innings, getting the long ball at the most opportune times, coming up with the defensive play that breaks the back of the opposition.

It doesn't seem reasonable they should abruptly cease to function in this manner, although it is admitted a World Series does strange things to ball players. There is so much at stake financially that every ball seems to be a dollar sign, and it's always hard to hang onto a dollar, or make it go far.

We are duly impressed with the fact the Indians won 111 games, and are aware their pitching staff is practically a bottomless pit, although in a series it isn't so much the depth that counts. It's the quality, and you can't deny the quality, and Bob Lemon, Early Wynn, Mike Garcia and Bob Feller.

But we do think the Giants have been toughened by stout competition this year, as any club, down to the supposedly futile Pirates packed, the power to knock over any other team on occasion.

The American League had a three-club first division, and the other five clubs just made the customary eight.

All other things being equal, it often is one man who is the difference in a series, and we believe the Giants have that man. He's Willie Mays. This year he led the league with .345 and hit 41 home runs.

This is a peculiar series in that the rivals know each other like brothers. They staged series dress rehearsals in Arizona last spring and all the way back, and although the Giants had a 13-8 edge in these dry runs we don't consider that significant.

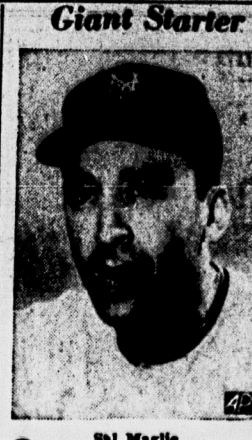

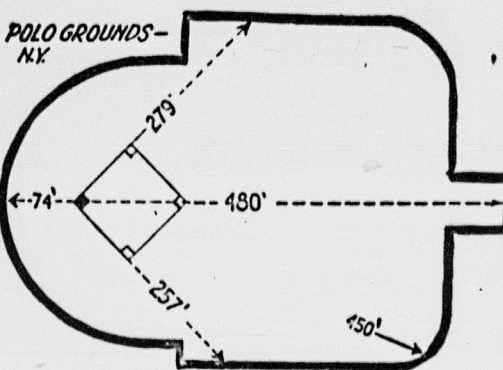

What is significant, though, is that the Giants know the Indian pitching, and vice versa, so neither team will come to the plate against some stranger who will confuse it.

Anyway, we're stringing along with the New Yorkers. They're opportunists, more daring, are a better defensive club, and they have Willie Mays. And, as mentioned, they won't be awed by the Cleveland mound stars. They've been introduced to them on numerous occasions before.

Dick Wilkins, new offensive end for the New York football Giants, owns a lumber company in his native Eugene, Oregon.

## Star Frosh

Pat Wilson, then a freshman, started in both the football and basketball Green - White spring practice games.

Sal Maglie

## Lopez Calls Giant Park Big Factor

NEW YORK (AP)—Senior Al Lopez, soft-spoken skipper of Cleveland's Indians, has a hunch the Polo Grounds' short foul line fences may be deciding factors in the first two games of the World Series.

"This is one ball park where 'pull' will get you someplace," Lopez cracked as the American League champs went through a two-hour batting and fielding drill Tuesday in the New York Giants' Harlem home.

Home run territory down the right field line is only a 257-foot shot. Along the left field line it's 279 feet. Walls are of concrete, breaking sharply from the foul lines.

Balls carom off the concrete in crazy ways, and Lopez said "it takes time to learn to play 'em off the walls."

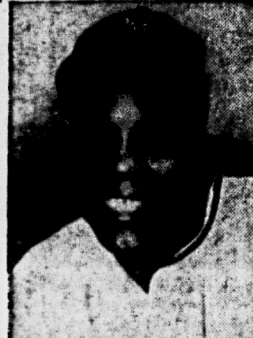

The best way is to pull your outfielders closer together, and let the left or right fielder play the carom, with the center fielder backing 'em up.

There's no defense against a blooper hit down the foul line, so you play to hold balls which hit the walls to singles if you can."

Lopez insisted the Indians would win the series—they've won both times they've gotten into the big show, in 1920 and 1948—but declined to say how many games would be necessary.

The Chicago White Sox originally were called the Invaders and later the White Stockings because of their hose.

# Maglie, Lemon Named As Series' Starters

## Hawkeyes Third MSC Ranked 13th, Notre Dame First

Following last Saturday's loss to Iowa, the Michigan State football team has dropped to the 13th spot in the Associated Press weekly poll.

This marked the first time since November of 1950 that the Spartans had been lower than 12th.

Notre Dame, a familiar figure, ruled the roost, as the No. 1 college football team Tuesday, but there are enough newcomers among the next nine to require introductions all the way around.

Coach Terry Brennan's Irish, who rocked Texas 21-0 in their opener, replaced Oklahoma in the No. 1 spot. Oklahoma, top team in the first regular poll last week, had its difficulties in defeating Texas Christian 21-16 and dropped to second place.

But among the others in the honored group only the name Maryland has a familiar ring. The top 10 is completed with Iowa at No. 3, UCLA at No. 4 and Wisconsin at No. 5. Then come Maryland, Duke, Mississippi, Southern California and Penn State.

With 154 ballots in the nationwide poll of sports writers and sportscasters, Notre Dame received 94 first-place votes and 1,438 points based on 10 for first, 9 for second, etc.

Oklahoma got 24 first-place votes and 1,224 points.

Penn State, not even among the first 20 a week ago, jolted Illinois 14-12, while Florida shocked Georgia Tech 13-12. Tech was fifth and Illinois sixth last week.

Texas skidded from 4th to 12th, Michigan State from 7th to 13th, and Baylor from 1st to 11th. Iowa, 12th last week, beat Michigan State 14-10, while Baylor had to work for a 25-19 verdict over Vanderbilt.

Two other newcomers to the first 20 are Duke and Southern California. Duke blasted Penn State 32-0 and USC trounced Pittsburgh 27-7. Southern California was 15th and Duke 18th last week.

1 Notre Dame 94 1,438  
2 Oklahoma 24 1,224  
3 Iowa 11 832  
4 UCLA 3 746  
5 Wisconsin 7 662  
6 Maryland 3 621  
7 Duke 7 617  
8 Mississippi 3 328  
9 Southern California 249  
10 Penn State 306  
11 Baylor 183  
12 Texas 141  
13 Michigan State 132  
14 Ohio State 1 125  
15 South Carolina 1 120  
16 Rice 102  
17 Texas Tech 83  
18 California 61  
19 Purdue 59  
20 Florida 49

## Indians Favored In Opener

NEW YORK (AP)—Cleveland Indians and New York Giants will meet in first game of the 1954 World Series this afternoon at Polo Grounds with Bob Lemon scheduled to pitch for American League champion and Sal Maglie for the National League pennant winners.

The weather forecast looks increasing cloudiness. Wind followed by rain in the evening.

## Series on Radio-TV

Radio and television coverage of the World Series opener today will start at 12:45 p.m. on WJIM radio and television.

That wouldn't affect the crowd, 55,000 expected for the "big ball" at 1 p.m.

The weatherman said the afternoon temperature would be 70-75.

The second game of the series also is scheduled for the Polo Grounds, with the teams going to Cleveland's Municipal Stadium for the third, fourth and fifth, if necessary, games Friday, Saturday and Sunday.

If the series goes the full seven games, the teams would be in New York Monday and Tuesday.

Managers Al Lopez of Cleveland and Leo Durocher of New York did the expected in picking righthanders for the opener. Lemon has a 23-1 season record, Maglie 14-7. For the second game the Giants will use Johnny Antonelli (21-7) against Early Wynn (23-11).

This will be the third series for Cleveland, and the Indians are the 9-5 favorites to make three world championships without defeat. The Indians are the 6-5 choice in the opener game.

Cleveland defeated Brooklyn games to 2 in 1920 and the Boston Braves 4 games to 2 in 1948.

The Giants will be playing their 14th World Series, but Polo Grounds haven't won a fall classic since 1933 when they polished off the Washington Senators 4 games to 1.

This is the first time in years that the Yankees are missing from the series scene. Under Casey Stengel the Yanks won the 1919 Series. Page 6

## Galloping Gugliemi

Notre Dame quarterback Ralph Gugliemi displays All-American form as he intercepts a pass in the Irish's 21-0 win over Texas Saturday.

## Midwest Grid Roundup

## Notre Dame Junior Wins Fullback Job

NOTRE DAME (AP)—Don Schaefer, junior from Pittsburgh, has won the No. 1 fullback spot at Notre Dame by his performance against Texas, Coach Terry Brennan said Tuesday.

Schaefer was the leading ground gainer against Texas with 63 yards in nine carries.

Brennan emphasized, however, that John Gaffney of Chicago, Nick Raich of Milwaukee and Dick Fitzgerald of Chicago, who has been slowed by injuries, still are in the fullback race.

Right fullback continued to be a sophomore battle between Jim Morse of Muskegon, Mich., and Sherill Sipes of Louisville.

First and second teams alternated between offensive and defensive work Tuesday and much time was spent on pass defense.

U of M—The Wolverines worked on defense Tuesday to stop what their scouts call one of the finest backfields that Michigan will face, when they meet Army this weekend.

None of the three major injuries suffered by Wolverine players last Saturday are expected to keep them out of the Army game.

Lou Baldacci, Ron Kramer and Dan Cline are all expected to resume their starting assignments.

Indiana—Blocking and kicking were emphasized Tuesday as Purdue bore down on preparation for its game with Notre Dame Saturday.

The Boilermakers worked on their ground game, trying to provide more support for fullback

Bill Murakowski, the one consistent gainer in the opener against Missouri.

Len Dawson alternated with Froncie Gutman at quarterback and worked on both punting and place kicking.

Illinois—Guards Ted Karras and Tommy Hall joined halfback Don Domenic on Illinois' injury list Tuesday.

Hall had a charley horse and may be available for the Hoosiers' game with College of the Pacific Saturday. Karras, who re-injured a tendon, may miss the game along with Domenic.

Halfback Jim Stone and guard Don Howell replaced Domenic and Karras on the No. 1 unit.

## Paces Spartans Anyway

## Injuries Don't Stop Bolden

LeRoy Bolden, Michigan State's nominee for the best college back in the nation, passed his mark in the latest effort against Iowa last Saturday despite a series of injuries which would have sidelined a lesser man.

Bolden limped when he walked and was noticeably slower in running, yet he led the Spartans in rushing with a net of 45 yards gained on 14 tries, a pass reception good for ten yards and State's lone touchdown.

He was at his flaming best in the touchdown drive. He carried the ball three times in this 75-yard push, first for 11 yards, then eight, and then for the final six.

On the climax run he crashed out to the right as if on an end run, caught a glimpse of daylight and turned the corner so abruptly that he had to catch himself with his hand on the ground to keep from falling down. He then

brushed into the end zone standing up.

Most backs wouldn't have been in the game at all after what Bolden had been through prior to the game, let alone star. For a week or more before the game he had been plagued with a bumped knee and swollen, bruised foot.

Then, Thursday afternoon, in the final home practice before the Iowa game, Bolden crashed fullsteam-ahead into a goal post while chasing a practice pass. He was knocked cold, and the worst injury was a bad thigh bruise to the same leg which already harbored the damaged knee and foot.

But Bolden's determination to be in the game no matter what, plus the expert ministrations of Trainer Jack Heppinstall and Team Physician Dr. James Feurig, got him back on his feet again.

He wasn't quite the sensation

he usually is when completely whole, but he was still good enough to rate such judgments by sportswriters as "clearly the best back on the field" and "brilliant."

Iowa's head coach, Forest Evershed, added the final exclamation with the comment that "Bolden was undoubtedly a great player out there."

## Spartan Lineup Unaltered

## No Sweeping Changes Seen

By ART UNDERWOOD

New Associate Editor reports changes in the Spartan lineups Tuesday as Coach Brennan devoted much of his regular practice session to running defenses against

Wisconsin, put his regulars through their paces, and transferred from No. 1 to No. 2 in the line.

Ameski's position and outstanding performance in last Saturday's game.

During Tuesday's practice experimental changes in line and backfield were made but there was little evidence of the sweeping changes

in press, radio and team announcements Monday.

Reported changes included Jim Hinesley, Detroit junior and Dennis Mendyk, Saginaw sophomore at ends in place of Co-Capt. Don Kauth and John Lewis, Joe Badaczewski at center replacing Fred Rody, and Carl Nystrom in at guard for Ferris Hallmark.

In the backfield Clarence Peaks was reported to have replaced Bert Zagers at halfback. Daugherty reported some slight shifts in regular lineups due to injuries. Bill Ross, preseason pick as second string

guard was still out of the lineup following an arm injury suffered ten days ago but he has been working out without pads.

Others on the sidelines during most of today's practice included Gary Lowe who collided with Julius McCoy in Monday's scrimmage session and LeRoy Bolden who is still limping from a recent leg injury.

Special attention was also given the ends during the two and a half hour workout. Matsock and Morrill alternated at setting up pass patterns for the receivers.

## Stateless Persons Get Bill of Rights

### Nations Sign First International Pact

UNITED NATIONS, N. Y. (AP) — Sixteen governments Tuesday signed a new world bill of rights for people without a country. Neither the United States nor Russia participated.

The 16 endorsed a 3,800-word convention relating to the status of stateless persons, intended to help an estimated 4 millions.

Knud Larsen of Denmark, president of the conference that drafted the document, told reporters it was the first international agreement in history for the benefit of stateless persons.

It defines such a person as one who is not considered as a national by any state under the operation of its law.

It puts all such on an actual basis with the nationals of the country where they live when it comes to getting public relief, social security and food rations.

It puts them on an actual basis with all other foreigners when it comes to getting jobs, going into the professions, acquiring property and benefiting from higher education and public housing.

For want of passports, they are to be issued special travel documents uniform the world over.

The 1-day drafting conference ended last Thursday, when 19 countries voted for the agreement.

## Escapee

(Continued from Page 1) Jan foreign minister who was executed Oct. 15, 1949 for treason on a grounds he conspired with Marshal Tito of Yugoslavia and was linked to "American imperialism."

Swiatlo described Noel Field as "merely an intermediary" in the Rajk case "to show up all those who supported Titoism as working for American capitalism."

As for Herman Field, Swiatlo said he merely went looking for his brother and that "behind the Iron Curtain, they did not want anyone looking for Noel Field."

Swiatlo told U.S. authorities that Noel Field and his wife are presumably still in prison in Hungary and that Herman Field is jailed in Warsaw.

The U.S. notes to Hungary and Poland demanded their repatriation "at the earliest possible date."

"Asked his reasons for defecting, Swiatlo said:

"My reasons were quite fundamental. In my position, which lasted many years, I had access to the most secret materials of the Central Committee and of the Ministry of Internal Security. I had the opportunity to find out the truth about the Polish Communist party.

"My great ideological disappointment was the most important reason for my fleeing."

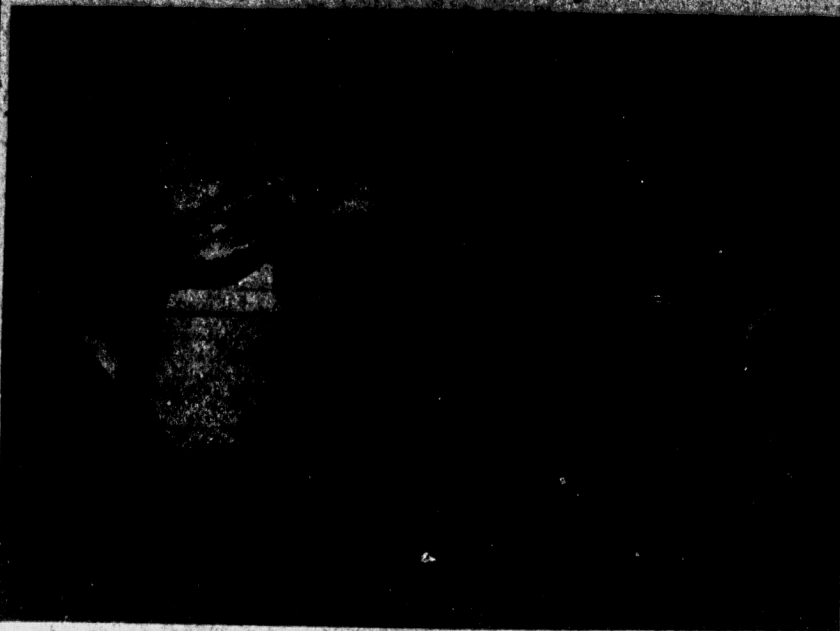

Swiatlo has a wife and two children, Krystyna, 9, and Jerry, 5. He said he hasn't heard of or about them since he fled from Poland Dec. 5, 1953.

Normally, he said, they can expect "poorer conditions than the average citizen" because of his defection.

When he fled, Swiatlo was deputy chief of Department 10 of the Polish Ministry of Security. That agency has the responsibility of protecting the Communist party in that country against political foes.

The residents of Greenland are attempting to grow trees in some sheltered locations on the island.

## Basic College Honors Top Students

John Winburne, assistant dean of the Basic College; Thomas Hamilton, dean of the Basic College, and Jack Owen, president of Phi Eta Sigma, freshman honorary, admire the plaque in the basic college building which honors all four-point basic students.

## Breslin Calls Job Prospects 'Good' at MSC

Part-time employment prospects at MSC are "very good," compared with other campuses throughout the nation, Director of Placement Jack Breslin said Tuesday.

Placement is now at its peak with jobs being found for approximately 75 students a day. Calls from local merchants and campus organizations daily create new positions in an almost continuous cycle, he said.

Breslin said the bureau has found approximately 1,250 jobs for students since the beginning of fall term and many more are waiting for both male students and coeds.

Average wages range from 85 cents to \$1 an hour and are set by employers. Most jobs are from 10 to 20 hours per week. On-campus employment cannot be more than 20 hours a week, Breslin said.

Breslin described the procedure for obtaining part-time work this way:

The student first registers at the placement office located in Morrill Hall. There he places his name, address, phone number, free time and specialties on file.

When a request for part-time help is received by the bureau, the files are checked and the person fitting the qualifications is contacted and sent for an interview.

If no one who has registered takes the job, the request is posted publicly on a bulletin board at the front of the office. The board is divided into sections for men and women and those sections are sub-divided into steady and part-time employment and one-day jobs.

Steady part-time positions include selling, office work, bus-boy jobs and campus grounds and building work. Some of the one-day jobs open are baby-sitting, yard jobs, household work and drive away jobs.

Breslin said approximately 90 per cent of the persons who register are placed in work during the term.

### Full-Time Psychiatrist

For the first time in history, a full-time psychiatrist will serve at MSC's Old Health Center. The action was authorized during the summer by the State Board of Agriculture.

The junior national stiling championships will be held at the Macatawa Bay Yacht Club, Holland, Mich., beginning Aug. 30.

## Students Given Until Oct. 11 To Drop Classes

Last day to drop classes without incurring an F in the course has been set at Monday, Oct. 11, according to Victor Henley, assistant to the registrar.

Formerly the drop period was extended to four weeks, but this year it has been limited to two weeks to allow other students desiring certain courses to register, Henley said.

To drop a class a student must receive a drop slip from his enrollment officer and return it to the Registrar's office before 5 p.m. of the last day.

## Get A Horse

DENVER (AP) — They don't make 'em like they used to.

At Montrose, Colo., a new auto collided with a horse-drawn buggy. The car was badly dented. There wasn't a scratch on the horse.

At Durango, Colo., a narrow gauge passenger train — last one in operation in the United States — banged into a tractor-trailer stalled on the tracks. Police estimated damage to the truck at \$400. The pint-sized train's cowcatcher was scratched.

## Union Board to Show Iowa Game on Film

Movies of the MSC-Iowa football game will be shown tonight at 7 and 8 in the Union Parlors. Union Board is sponsoring the program.

### Hungry Spartans

Enough food to feed a family of four for seven years is distributed each day for the 27,000 meals served on campus.

## Lady, It Just Seems That Way

AUBURN, N. Y. (AP) — The Auburn Citizen-Advertiser was gathering local opinion on who would be the winner of the World Series opening today.

One young lady replied, "The Yanks, of course."

Told the New York Yankees weren't playing this year, she commented: "Why! I thought the Yankees always played in the series."

## Series

(Continued from page 4) five straight world championships.

With the huge Cleveland stadium seating more than 80,000, a record player cut is expected. The winning team may split up around \$10,000 per man and the losers about \$8,000.

Last year each Yankee got a record \$8,280.68 and the losing Brooklyn players received a record \$6,178.42. The player pool comes only from the first four games.

The TV rights were sold for one million dollars with radio adding another \$200,000. This goes into the Central Fund out of which the player pension program is supported.

Both teams had batting practice at the Polo Grounds Tuesday. In case of dark skies during the series, the umpires will be permitted to turn on the lights whenever needed.

If it rains before game time, the commissioner has the final say on any postponement. If it rains during a game, the umpires will make the decision.

## Germany

(Continued from page 3) United States, Britain, France, and West Germany should arrange for the restoration of German sovereignty. The full nine-power conference would concentrate on German rearmament.

2. Experts would be instructed to work out details of the general agreements reached for the consideration of a second nine-power conference to be held within one month, presumably in London.

3. If the ministers agree on the details at their second meeting, they would jointly report at a special meeting of the NATO Council to be held not later than mid-November.

4. The NATO Council then would formally admit Chancellor Konrad Adenauer's West German Federal Republic as the 15th member of the inter-continental military alliance.

The agreement then would have to go through national parliaments for ratification.

The French idea — as outlined in corridor talk perhaps circulated mainly for bargaining purposes — is to have the disputed, coal-producing Saar border state put under control of the enlarged Brussels alliance, the same alliance through which the Germans would eventually supply troops for Western defense.

Southpaw Harvey Haddix of the St. Louis Cardinals is nicknamed "Kitten" by Card players because of his pitching resemblance to Harry "The Cat" Brecheen.
