

State Board of Agriculture Backs Name Change

Being a Friend When You Come' Blood Donations Begin

By BOB HERMAN
News Managing Editor

Four blood drives were running about 4-11 p.m. as blood drive officials began this morning's drive from the fourth floor Union.

Dr. "Give from the heart," members of the MSC Veterans Assn., "Bring a friend when you come."

"I thought we had a very good sign-up week," said Director Bruce Ferris, "but facilities to handle more donors."

At night tabulations almost 1,900 registrants for the drive which has a goal.

the drive by making an appointment last week, will remember and come up at the hour they signed for this week."

He also said that any student who wasn't able to make an appointment for the drive should come up during any convenient hour.

Drive hours are 10 a.m. to 5 p.m. Monday through Friday, with donations acceptable until 8 p.m. Thursday.

Most of the facilities from 1-5 p.m. on Friday have been reserved for donations by faculty and staff members.

The donation process, from checking in through the blood test and health questionnaire to the final coffee and donuts takes less than an hour.

Donors must be between the ages of 18 and 59. Amputees, people who have had jaundice or malaria, and those with anemia are not able to give blood. Drive

officials said any one in doubt should have his blood checked at the donation center on the Union fourth floor.

Donors are requested not to eat any fatty or starchy foods four hours prior to donating blood.

Drive sponsors also requested that sign-up books used for a registration drive in the coed dorms last week be returned to the Union.

UN Charges Armistice Violation

PANMUNJOM, Korea (AP)—The United Nations Command formally charged Monday that the Communists have violated the Korean armistice by bringing MIG-15 jet fighters into North Korea.

The accusation was made by Maj. Gen. Leslie D. Carter, the chief U.N. delegate to the Military Armistice Commission. The commission met Monday at U.N. request.

Carter said the Allied charge grew out of the Feb. 5 incident in which eight Communist MIGs attacked an American RB-45 jet reconnaissance bomber and 12 escorting Sabre Jets over the "international waters" of the Yellow Sea, west of North Korea.

Two of the MIGs were shot down and the rest fled. No American planes were damaged.

Carter Monday called the attack "unprovoked and unwarranted."

Carter told the Communists they had acknowledged ownership of the MIGs in a commission meeting Feb. 9 in which Reds protested the air incident, claiming an allied violation of North Korean territory.

At that time Carter accused the Reds of illegally having the MIGs in North Korea, but Monday's charge was specified and formal.

There were no MIGs in North Korea when the armistice was signed July 27, 1953, Carter said.

Ag Board Invited To Establish MSC Branches in State

MSC has received several invitations to establish branch colleges around the state, President John A. Hannah told the State Board of Agriculture, MSC's governing body, at its meeting Friday.

The state board received the invitations but took no action on them.

Dr. Hannah said he had received a written invitation to establish such a branch college at Scottville from that city's board of education.

Dr. Hannah declined to name the other cities that have sent "verbal invitations" to the college, but said on of them came from a "large city."

The invitations all came to MSC after the U of M announced that it would establish a branch university at Flint.

AGR Members Take Orders for Announcements

Seniors desiring graduation announcements can order them today through Wednesday from the Alpha Gamma Rho house at ED 2-3537.

Chan Smith, Addison senior, said no announcements will be printed this term by the college.

Smith and Roger Schneckenburger, Tonawanda, N.Y., senior will take orders from graduating seniors desiring the announcements. Smith said the price will probably be 12 or 13 cents each if they get enough orders.

He said the announcements will be distributed by March 1, in time to be mailed before graduation.

Smith also said winter term graduation will be held March 17, not the 16th as indicated on the college calendar.

New Civil Service Exam Announced For Engineers

A new student trainee examination in the fields of chemistry and engineering has been announced by the Chicago Regional Office of the U.S. Civil Service Commission.

The student trainee jobs will offer college sophomores and juniors an opportunity to participate in special training programs in various federal agencies.

Employment will be during school vacations. Salaries will be from \$2,950 to \$3,175 a year during the training period with provisions for advancement when training and education are completed.

Further information may be obtained from the Seventh U. S. Civil Service Regional Office, New Post Office Building, Chicago 7, Ill., or from any first or second-class post office.

Crash Kills Man, Injures MSC Coed

Ann Nichols, Jackson junior, was injured in a two-car collision near Mason Sunday which took the life of a Jackson building contractor and critically injured another man.

State Senator Elmer R. Porter (R-Blissfield) was taken to Sparrow Hospital with cuts and bruises.

Harry W. Phelps, 27, of Jackson was killed and Goodson Ford, a member of the Monroe County Sheriff's department, was reported in critical condition at Sparrow Hospital.

The accident occurred on U.S. 127 about two miles south of Mason. Senator Porter and Ford were returning Miss Nichols to school.

Miss Nichols suffered cuts and bruises.

Rain or Shine, It's Still Cold

The spring like rain of Sunday will end today as the temperature falls. A high of 30 degrees is predicted.

Cloudy skies are to be expected but put the raincoats away, it's going to be cold.

\$138,258 In Grants Given MSC

Gifts and grants totaling \$138,258.40 were accepted by the State Board of Agriculture, MSC's governing body, Friday for research, instructional and public service programs.

The largest single grant, \$36,000 from the National Association of Food Chains of Washington, D.C., will be used to finance the curriculum in food distribution.

Prof. E. A. Brand, director of the curriculum, will supervise the use of the grant.

A grant of \$26,352, for a study of the absorption and utilization of radioactive minerals applied to the leaves of plants, was accepted from the Atomic Energy Commission of Washington, D.C.

Prof. S. H. Wittwer and Prof. H. B. Tukey, of the horticulture department, will supervise the project.

A \$20,000 grant was accepted from the Eagle Ottawa Leather Company of Grand Haven for a research problem in the department of chemical engineering.

The project, concerning the hydrolysis of protein material and the separation of certain amino acids, will be under the direction of Prof. C. C. DeWitt.

A mathematical study for the U. S. Army's Office of Ordnance Research will be made as the result of a grant of \$13,143.66. Prof. C. P. Wells of the mathematics department will direct the work.

GOP Names Candidates For Ag Board

Sarah VanHousen Jones of Rochester and Dale Stafford of Greenville were nominated for the State Board of Agriculture, MSC's governing body, at the Republican State Convention in Detroit Saturday.

They will run April 4 in the biennial spring election for the two open positions on the six-member elective board.

Miss Jones, who has degrees from Michigan State and the University of Chicago and Wisconsin, was first elected to the board in 1943. She is seeking her third term.

Stafford, publisher of the Greenville Daily News, as a student in 1926 was MSC's first athletic publicity director. This is his first attempt to win a position on the board.

Democratic nominations will be made at a state convention this weekend.

Operation Transportation

Students Keep Buses Busy

Riding in a Cadillac to practice teaching jobs doesn't sound like a bad idea. And if you were an education major in 1927, you'd have the chance to do just that.

Now, enrollment has increased so much that the college runs a schedule of five buses daily just to transport future teachers to their jobs.

The college bus service, which is operated under the Garage and Motor Pool Division of the Building Utilities Department, has a total of 10 buses which are operated on a motor pool or revolving fund. All revenue goes back into the pool to maintain, operate, and replace these buses.

Prior to 1927 the college had

College Gets First Vice President

Board Appoints Durward Varner

MSC gained its first vice president Friday when Durward B. Varner, former director of the cooperative extension service, was appointed to the post by the State Board of Agriculture.

When making the appointment, MSC's governing body instructed Varner to take charge of all off-campus educational activities.

With his new title, Varner will replace Dean Edgar L. Harden as director of continuing education, coordinating with it the activities of the cooperative extension service.

Paul A. Miller, deputy director of the cooperative extension service since last October, will replace Varner as the extension director.

Varner joined the faculty as assistant professor of agriculture in 1949, and was appointed to the director's post in 1952. Then 36, he was one of the youngest directors of extension in the nation.

Varner, a graduate of Texas A. and M. College in agricultural economics in 1940, has an M. S.

DURWARD B. VARNER
... a new role ...

degree from the University of Chicago and has nearly completed his doctorate.

Varner is married and has two daughters and one son.

In naming Varner to the vice presidency the board advanced the effective date of Harden's resignation from June 30 to March 31.

Harden had resigned to become executive vice president of the Drop Forging Association, a national organization.

At Friday's board meeting President John A. Hannah also said he would recommend to the faculty the election of Prof. Leslie W. Scott, director of Kellogg Center to the MSC athletic council.

If Scott is elected to fill the unexpired term of Harden on the council, Dr. Hannah said he intends to appoint Scott as faculty representative to the Western

Thumbs Down Hitchhiker Hits Surprise Hitch

SOUTH BEND, Ind. (AP)—As City Judge George Farage was driving to his office Thursday he was flagged down near the Notre Dame campus by a student.

James Thomas Barry, the student, unacquainted with the judge, said he was in a hurry to get to City Court, where he was to appear on a hitchhiking charge filed against him Feb. 15.

The judge took the student right to the courtroom and fined him \$1.

Spinsters' Spin Ticket Sales To Begin Tuesday

Coeds will be able to buy Spinsters' Spin tickets beginning Tuesday at the Union Ticket Office.

The semi-formal dance will be March 4 to the music of Johnny Long's orchestra.

Members of Motar Board, Tower Guard and Spartan Women's League, the dance's sponsoring groups, can pick up their tickets today.

Two a.m. permissions have been granted by AWS to coeds attending the dance, which is set for the Auditorium from 9 p.m. to 1 a.m. Tickets are \$4.00 a couple.

Theme for this year's spin is "Never Before," according to Sally Garvin, dance chairman.

The Deep River Boys, a vocal quartet and pianist, will provide intermission entertainment.

Committee OK's Saar Agreement

BONN, Germany (AP)—The important Foreign Affairs Committee of the West German Bundestag reluctantly approved the French-German Saar agreement Thursday night, 16 votes to 13.

The treaties come before the Bundestag for final approval next week.

Resolution 'Welcomes' Enactment

Legislature May Get Bill This Week

By GENE RITZINGER

The move to have MSC's name changed to Michigan State University of Agriculture and Applied Science gained official support Friday from the State Board of Agriculture, MSC's governing body.

The board passed a resolution saying it would welcome enactment by the Legislature of a law authorizing the name change.

Leland Carr, college attorney, indicated Sunday that the proposed bill is gaining support and will be introduced into the Legislature.

Carr said it is the "expectation of those members of the Legislature interested in this name change that the resolution will be introduced sometime this week."

The board also noted that MSC has been a university for many years by all generally accepted definitions. It pointed out that "the word college implies to educators and the public an institution offering courses far less extensive than those offered by MSC."

Meanwhile four other Michigan colleges are also seeking name changes.

The State Board of Education voted to request the Legislature to drop the words "of education" from the names of Western Michigan College, Kalamazoo, Northern Michigan College, Marquette, and Central Michigan College, Mt. Pleasant.

Michigan State Normal College at Ypsilanti wants its name changed to Michigan Eastern State College. The Board of Education agreed to ask the attorney general to investigate whether the Legislature has the authority to make the name change. The name Michigan Normal College is mentioned in the state constitution.

This year's name change attempt will probably draw as much opposition from the U of M as did last year's. U of M President Harlan Hatcher said Wednesday the university would still oppose any MSC name change.

Last year, a name change bill was withdrawn before it had been voted on after a prolonged controversy over the matter developed with the U of M.

At that time, Hatcher and the U of M Board of Regents opposed the name change because they felt two universities with similar names would lead to "confusion," and that a name change for MSC would "impair the U of M's 118 year-old name."

The first definite action on the latest proposal was taken Wednesday night when the student congress passed a resolution urging the name change.

A bill to appropriate \$500 was sent to the finance committee for approval. If passed, Student Government plans an intensive letter-writing campaign to parents of the college throughout the state, urging them to write their congressmen in support of the bill after it is introduced into the Legislature.

At least two legislators, Sen. John Minnema (R-Traverse City) and Rep. John McCune (R-E. Lansing) have said they will be willing to sponsor a name change bill.

Board Eases Parking Rules

Campus parking regulations were eased Friday when the State Board of Agriculture voted to allow student parking on north campus on Saturday afternoon and Sunday.

However, the 15-minute parking restriction in front of the dormitories was continued.

The date that the new regulation goes into effect is pending a conference between President Hannah and officials of the campus police.

Dean of Students Tom King expressed satisfaction of the new rule.

"It will help clear up some of the problems that exist," he said.

Dave Hyma, Chief Justice of the Student Traffic Appeals Court, termed it a "necessary step, and a fine thing."

Council Requires Caps and Gowns For Winter Grads

Caps and gowns will be added to the Commencement attire of winter term graduates for the first time in history this term.

The Senior Council announced Sunday that caps and gowns will be required at winter term Commencement and recommended that they be required at all fall and winter term exercises from now on.

Previously, only those seniors graduating in the regular spring Commencement in June wore caps and gowns.

Winter term Commencement will be held Thursday, March 17, in the Auditorium, as it was fall term.

Seniors can order the caps and gowns starting this afternoon in the Union Book Store. They can pick them up the day of Commencement.

Rental charge is \$4 with a \$1 refund when the cap and gown are returned. Tassels cost 50 cents.

Senior president Bill Thistle said the Council started the new policy at the request of President Hannah.

NEWS IN BRIEF

Gunboat Sinks

Yokohama (AP)—Nationalist warplanes sank a Red gunboat, a considerable number of wooden craft Sunday in the Japanese bay of air blows near invasion-threatened Nanchuan.

The Japanese Ministry claimed.

Wreckage Found

W.E. (AP)—The smoldering wreckage of a twin-engine World War II bomber was found Sunday where it rained down about 15 miles after takeoff here Saturday. An observer who hovered over the scene in a helicopter identified it and said there was no possibility of there being any survivors of the 13 passengers and crew of three.

Commission Members Disagree

WASHINGTON (AP)—Two Hoover Commission members disagreed whether the commission should have ignored a task force recommendation for a probe of the government's security program.

Communist Shakeups Expected

VIENNA (AP)—Government shakeups appeared to be in the air in two East European Communist countries—Czechoslovakia and Hungary—in the wake of the changes in Moscow.

Concourse Clearer Easier Week For UMOG

Sponsors of the Ugliest Man on Campus contest are hoping their drive will pick up steam this week after a slow start last Tuesday and Wednesday.

Judging from the competition the contest had to buck last week, it should find the surroundings a bit more attractive starting today.

Last week, while coed living units were making the pitch for their candidates in the Union Concourse, they had to compete with blood drive registration and recruiting by Navy aviation officers.

It was pointed out that some students probably avoided the UMOG collection tables for fear that they would be grabbed and eventually relieved of a pint of blood.

Take the case of the guy who walked into the Concourse with a few shekels for a friend and ended up promising to appear for a Naval physical and signing away a pint of blood besides.

This week, however, UMOG will have the Concourse free and clear—or comparatively so, anyway.

It doesn't have to share the stage with anyone and with a great deal of its usual hullabaloo it should do well.

Even with the competition, the contest showed encouraging signs of pulling out of its slump Thursday. More than \$500 was collected as 56,333 votes were cast.

Alpha Phi Omega, sponsor of the contest, hopes to set a record in collection as has been done for the past two years.

Right now, more than \$800 is in the till. But it's going to be quite a haul to surpass last year's \$3,400 plus.

Biggest share of the credit for the money collected must go to the coeds in the various living units who again have shown a lot of ingenuity in skits and promotion stunts for their candidates.

Amid the fun and hilarity of UMOG campaigning, it should be remembered that all of this effort is for charity—Campus Chest, in this case.

And even though the spirit of competition seems to overshadow charity during the heat of the contest, it is this charity, and nothing else, that receives the benefit. So here's wishing the UMOG contest a big week.

Information This Week On Campus

TUESDAY
A meeting to discuss the possibilities of publishing a literary magazine at MSC will be held at 7 p.m. in the Union Tower Room. Everyone interested is invited to attend.

Mr. Robert Slocum of the Physics Department will address the Ultrasonics Seminar on "Measurements of Acoustic Impedance in Viscous Liquids" at 11 a.m. in 221 Physics-Mathematics Building.

WEDNESDAY
Spartan Women's League will hold a general meeting at 7:15 p.m. in 35 Union. Following the meeting, the group will work on decorations and corsages for the Spinsters' Spin.

The Retailing Club will have a special guest, Miss Lillian Talle, at their 8 p.m. meeting. Miss Talle is the divisional merchandising manager at Rike-Kumler Company in Dayton, Ohio. She will speak on "Merchandising and Promotion" in 301 Home Economics Building.

Ken McCormick, winner of two Pulitzer Prizes as a staff reporter for the Detroit Free Press, will speak at 7:30 p.m. in Parlor A of the Union. Sponsor of the program, which is open to the public, is Sigma Delta Chi, men's professional journalism fraternity. Free refreshments will be served.

Dr. B. H. Dickinson of the Physics Department will address the Physics Colloquium on "The International Temperature Scale" at 3 p.m. in 221 Physics-Mathematics Building.

Professor Russell B. Nye will show color slides and speak about little-known and little-travelled regions and byways of the French countryside at the French Club meeting at 7:30 p.m. at the International Center.

THURSDAY
Prof. L. C. Price, head of the Mechanical Engineering De-

partment, will present an award to the outstanding engineering student at the regular A.S.M.E. meeting at 7 p.m. in 32 Union. There will be a short business meeting and a movie, "Treasure From the Sea," on the production of magnesium. The public is invited.

Dr. George T. Agate, from The State Health Laboratory in Lansing, will speak on the Salk polio vaccine at the Pre-Med club meeting at 7 p.m. in 36 Union.

FRIDAY
The International Club is sponsoring a square dance at 8 p.m. in 31 Union. The caller will be Paul Worthington, Drayton Plains graduate student, and he will be accompanied on the banjo by Donald Smith, Benton Harbor sophomore. The dance is informal and open to the public.

SATURDAY
The pledge class of Alpha Omicron Pi is sponsoring a drive for shoes for the children at the Michigan School for the Blind. Pledges will collect shoes all morning, in the East Lansing area. Faculty members who live on South Campus and would like to donate may leave the shoes at 505 MAC before 1 p.m., the same day or call ED-2-2519 before 11 a.m., and ask for Pat Fritts. Shoes for children between the ages of five and fourteen are desperately needed.

From the Juniors

A Bloody Challenge

To the Editor:

Attention, freshmen, sophomores and seniors.
The 1955 Junior Class of Michigan State College wishes to challenge the members of your class to a contest in supporting the current blood drive sponsored by the Veterans Association.

Our intention in issuing this challenge is to stimulate interest in this worthy cause in hopes that this year the blood drive will break all previous records.

The donations will be measured by working percentages from the total enrollment in each class. By this method the differences in the size of the classes would not place any one class at a disadvantage.

The blood drive starts today and runs through Friday. It will be on the fourth floor of

the Union Building as was last year's.
We challenge you. The prize—save a life. Do you think you can beat us?

Bob Brubaker,
Class President
Pat McDonald
Jeanne Joy
Don Slesak
Jack Strasser

All for TV

Time Change to Cut Attendance 2 Ways

Michigan State's basketball players will turn television stars March 5 when they meet Michigan at Ann Arbor on the CBS "Big 10 Game of the Week" program.

It will be the second appearance for the Spartans; they walloped Wisconsin, 94-77, early in the season on TV.

But, with the game scheduled for the television program, the game time is changed from 8 p.m. to 3 p.m.

The time change will hurt Spartan attendance at the game, with the mid-afternoon trip breaking up the day.

In addition, the game will conflict with the finals of the Big 10 Indoor Track Championships, being held at Michigan State that weekend.

Attendance at both events will be impossible, with the conflict hurting both events.

Appearance on the TV program is an honor, and the Spartan cagers deserve that honor. But it's too bad that it had to come on the day it did.

Face Wolves Tonight

Matmen Upset Iowa For 2nd Straight

Riding the crest of a two-match winning string, Michigan State's wrestling team travel to Ann Arbor for a duel meet with the Wolverines tonight.

Gymnasts Suffer First Loss, 53-43

Illinois' powerful gymnastics squad dealt Michigan State its first gym loss of the year, 53-43, Saturday in Jenison Fieldhouse.

Spartan Capt. Carl Rintz scored two firsts and Herb Junker added another, but the Illini depth was the margin of victory.

With Rintz finishing first and Don Leas third, the Spartans took their only event on the flying rings.

They also tied the side horse, with Junker winning and Rintz finishing fourth.

Illinois jumped into a lead, which they never lost, on the trampoline.

Although Spartan Bob Marsh turned in one of his best performances of the year, Big 10 runner-up Jeff Austin won the event.

Junker followed with his win and the Spartans trailed by four points, 18-14.

Rintz won the parallel bar, but Illinois took the next three places for a 9-7 win in the event.

Illini Capt. Tom Gardner followed with a win on the horizontal bars, with Rintz second.

Trailing, 36-28, the Spartans pulled closer with the win on the rings.

But, Illinois won the tumbling, 10-6, to sew up the win. The Spartans now have a 4-1 record.

Swimmers Edge Hawks In Last Race

Michigan State's swimmers, dead-locked in a 40-40 tie going into the last event, defeated a stubborn Iowa team, 48-44, in the Jenison pool Friday night.

In the decisive 400-yard free style relay, the Spartans' Tom Wines, Jim Clemens, Frank Parrish and Tom Payette turned in a winning mark of 3:30.8, their best time in competition this year.

The meet score was tied three times and the Hawks held a 17-10 edge early in the contest.

Five records were set in the closely contested match, three by State and two by Iowa.

Lanny Johnson, Spartan senior, led all the way to post a mark of 1:34.1 in 150-yard individual medley, a dual meet and varsity record.

John Dudeck won the 200-yard breaststroke in 2:33.9, establishing a dual meet record.

Iowa's Dick Pennington won both the 50 and 100-yard free style races, setting a dual meet mark of 23.0 in the 50.

Hawk Lincoln Hurring won the 200-yard backstroke, shaving 2 1/2 seconds off the old dual mark of 2:15.0.

Don Leas won the diving for MSC with a score of 197.4.

Wings Win

Paced by Terry Sawchuk's 11th shutout of the year, the Detroit Red Wings moved to within one point of the idle league-leading Montreal Canadiens with a 5-0 win over the New York Rangers Sunday night.

Alex Delvecchio scored twice, with Marcel Ronin, Marty Patech and Gordie Howe adding single markers.

SALES OPPORTUNITIES with The Dow Chemical Company

The Dow Chemical Company is presently looking for sales trainees, men to represent Dow in the fast-growing chemical industry. These men may be graduates in any field of study who have one year or more of college chemistry.

All those employed would be given six to nine months thorough training in Midland, Michigan, prior to placement in one of our many sales offices located in principal cities. The positions are most suited to those not subject to Selective Service, since they in no way provide exemption from military call.

If interested, write Technical Employment Office, The Dow Chemical Company, Midland, Michigan.

Thinclads Fall, 61 1/2-42 1/2 To Notre Dame

Capt. Kevan Gosper, Joe Savoldi and Ed Brabham weren't enough to offset Notre Dame's team balance as the Spartan trackmen bowed to the Irish, 61 1/2 to 42 1/2, in a meet held at South Bend Saturday.

Gosper continued his record breaking ways by establishing a Notre Dame fieldhouse and meet record of 49.2 for the quarter-mile as he won the race by 26 yards.

He also ran in the 880-yard run and finished second in a good 1:54.2. The event was won by Notre Dame's Al Scheoning, whose 1:53.1 set a new fieldhouse and meet record.

Savoldi, who made 12 points, was the outstanding performer of the meet. The Spartan decathlon hope won the 60-yard high hurdles, was second in the 60-yard lows and the broad jump and finished third in the shot put.

The only double winner of the meet was sprinter Ed Brabham, who won the 60-yard dash in .06.4 and the broad jump with a leap of 23' 7 1/2". This was Brabham's first attempt at the broad jump this season.

Chuck Cockendall easily won the pole vault with 13' 4" for another first place.
Terry Block captured second in the two-mile while Jim Vrooman tied for third in the high jump.

Gymnastic Coach George Szygula is a four time NAAT and two-line Eastern Intercollegiate champion in the all around, and tumbling.

Butler, Greenway Win TKO's

Boxers Topple Badgers, 6-2

Four Spartan boxers kept their win streaks intact Saturday night as the Michigan State squad rolled to a 6-2 victory over the Badgers from Wisconsin State.

The Spartan boxers scored two TKO's and four perfect 30 point decisions in conquering last year's NCAA Champs.

Michigan State's only two losses came in the 156-pound and heavyweight divisions.

Previously unbeaten Bob Mullins dropped a 30-25 nod to Jim Schneider. Mullins was the aggressor all the way, but Schneider used his long reach to good advantage to rack up points with a fine left jab.

Andy Ronie bowed to Wisconsin's Bob Hinds, 30-27, as Hinds won his 15th straight dual meet bout. Ronie put up a good scrap against his more experienced foe, but Hinds flurried toward the end of each round to gain the decision.

John Butler continued his winning ways by scoring a TKO over Jerry Hursh in the 132-pound division. Referee Chuck Davey halted the match at 1:42 of the second round when Butler pinned his man on the ropes and scored at will with left hooks and overhand rights.

Bill Greenway also won via the TKO route in his bout with Wisconsin's Truma Sturdevant. Greenway waded into Sturdevant's attack and absorbed several punches before belting him out at 1:57 of the second heat.

The Spartan's NCAA Champion Herb Odom counter-punched ef-

fectively as he turned back Badger Co-Capt. Chuck Magestro, 30-25. Odom opened up in the second round with sharp combinations and staggered Magestro with a solid right just as the round ended.

Carroll Trahan used his reach to good advantage in scoring a 30-23 decision over Badger Co-Capt. Terry Tynah at 139-pounds. Tynah tried to get inside to punch, but was met with staggering right uppercuts.

Chicken "Mike" Maekawa won a unanimous 30-25 victory over fellow islander Joji Tomei in the 125-pound division. Tomei was staggered by a flurry of punches in the second round, and Maekawa took charge in the third to score at will.

George Sismi tallied his fourth win of the season at 165-pounds, when he decisively out-punched Dave Cole, 30-27. Sismi stalked his man and staggered Cole with a swinging right hand smach in the third round.

John Kobs, Michigan State's veteran baseball coach, played in an exhibition game at the age of 47. He pitched the full nine innings, shut out the opposition on three hits and made four hits in four tries himself.

Snowed In

Icers Win But, So Does The Weather

Although it managed to edge the North Dakota hockey team, Michigan State's ice squad couldn't beat the North Dakota weather.

As a result, the Spartans are snow-bound in Grand Forks and expect to leave for home some time today.

Friday night, the Spartans lost, 3-2, in an overtime game.

Saturday night they rebounded by scoring a 2-1 win over the North Dakota Center College. Olson scored both of the Spartan goals.

Board Issues Code On TV Standards

Television broadcasting at MSC will now be governed by a detailed four-page statement issued by the State Board of Agriculture, MSC's governing body, at its meeting Friday.

President John A. Hannah and James D. Denison, administrative assistant in charge of public relations, were given the authority to administer and interpret the policy statement set by the board.

The board ruled that the "highest standards of good taste shall prevail" in all broadcasts and "the reputation and integrity of the college upheld and defended from misuse, misrepresentation and exploitation."

"No television broadcast shall place the college in the position of endorsing or opposing any candidate for public office, the platform or objectives of any political party, or of any religious group." Informative public affairs broadcasts shall be permitted only after consultation with faculty members who are authorities in the subject-matter area and with representative off-campus groups directly affected.

Controversial issues may be broadcast after it has been determined that the controversy is of sufficient importance to justify the use of television time at the college and after representative supporters of both sides have been consulted for the purpose of offering the best available spokesmen an equal opportunity to appear.

Political broadcasts will be scheduled only after all candidates have agreed in writing that the broadcast would be equitable and that the college grants the time for dignified discussion only. In all cases of campus television broadcasting, the rules and regulations of the Federal Communications Commission will apply.

Tax Exemption Repeal Opposed

Opposition to House Bill 31 in the legislature, which would repeal the tax exemption of property owned by educational institutions but used for private commercial businesses, was given by the State Board of Agriculture Friday.

The only property owned by MSC that would be affected by the repeal, according to the board, is that occupied by the W.T. Grant Company in Lansing.

The members pointed out that the tax exemption offered to educational institutions is fundamentally a good law.

Orchestra Presents Concert in Dance

A concert in dance will be presented by the orchestra, the modern dance group, Tuesday at 8 p.m. in the Union Ballroom.

The program will feature various subjects for dance including "Dances of the World," "Dances of the Future," and "Dances of the Past."

The highlight of the program will be a dance called "The Struggle" with choreography and music by John F. Lewis, a Lansing graduate student.

Seating and lighting effects were created by J. H. Davis, of the speech department.

Varner

(Continued from Page 1)
Conference, another job held by Harden.

Dr. Scott's nomination to the Athletic Council will be voted on by the full faculty at a meeting Feb. 25.

When recommending Varner for vice president, Dr. Hannah said: "This is a rare opportunity for us to tie together the operations of extension and continuing education."

He added, however, that the cooperative extension service will still be administered in the School of Agriculture under Dean Thomas K. Cowden.

The board also approved the transfer of Prof. Herbert R. Pettigrove, farm crops specialist, to Medlin, Columbia.

Pettigrove will replace Leonard Braamse at the Columbian agricultural college to work on MSC's "Point Four" project in Latin America. The transfer calls for Pettigrove to be in Columbia by June 1.

Seven appointments, four leaves of absence and 10 resignations were included in personnel changes approved by the board.

Appointments were approved for the following:
Clifford G. Hildreth, research professor in agricultural economics, effective July 16; Richard G. Wheeler, associate professor in research in agricultural economics, effective April 1; and Herle L. Emsay, associate professor in agricultural engineering, effective May 16.

Others were: John N. Ward, assistant professor in natural science, effective Sept. 1; Marvin L. Tomber, assistant professor in mathematics, effective Sept. 1, 1953; Roland Z. Wheaton, instructor in agricultural engineering research, effective March 16; and Louise Agase, assistant football coach, intercollegiate athletics, effective Feb. 1, 1953.

Leaves of absence were granted to the following:

Norman R. Sedlander, assistant professor, engineering drawing, Sept. 1, 1953 to Aug. 31, 1956, for advanced study; Harry J. Brown, assistant professor, history, from April 1, 1955 to June 30, 1955, for study and research; James J. Murphy, instructor, journalism, Sept. 1, 1953 to Aug. 31, 1956, for advanced study; Edgar A. Schluter, instructor, natural science, Sept. 1, 1953, to Aug. 31, 1956, for advanced work.

Resignations and terminations were approved for the following:
Harold M. D'Arcy, assistant professor, natural science, Aug. 31, 1953; Robert H. Spindler, instructor, accounting, Aug. 31, 1953; Abraham Holtzman, assistant professor, government research bureau, Jan. 1, 1953; Zigmund J. Leontovics, instructor, applied mechanics, March 31, 1953; Carolyn J. McDonald, instructor, nursing education, April 30, 1953; Pei-Hsing Lin Wu, instructor in research, physiology and pharmacology, Jan. 26, 1953.

RICHARD APPLAGATE

Ex-Red Prisoner

Richard Applegate Lectures Tonight

After 18 months in a communist prison in Canton, Richard Applegate, NBC foreign correspondent, is back to talk on "What I Saw in Red China."

The former United Press Southeast Asia manager will lecture in the Auditorium tonight at 8:15 on the Lecture-Concert Series. Students are admitted free upon presentation of ID card.

Applegate was reporting from Hong Kong in the Spring when, while sailing international waters, a Red gunboat appeared and confiscated his ship.

He was placed in a Canton prison, where he remained until his surprise release in the fall of 1954.

Applegate is a veteran reporter of the Indonesian revolution, civil war in Indochina and the Korean war.

Senior Council Announces Appointments

Appointments to the senior coordination committee were announced by the senior council.

Appointed were: chairman, Jerry Abersold; administrative assistant, Bill Hurst; coordinator of daytime functions, Doug Coulter; coordinator of nighttime functions, Roy Rider; public relations, Mary Jo Maguire; co-ordinator of administrators, Dave Hyman, and assistant to the administrator coordinator, Burt Gerber.

The committee is designed to coordinate such senior activities as the water carnival, senior reception, commencement, senior ball and lantern night.

WKAR to Telecast State Legislature

The first live telecast of a session of the Michigan legislature will be made Tuesday by WKAR-TV.

Station officials announced the Washington's Birthday speech in the legislature by actor Thomas Mitchell will be televised at 2:30 p.m.

Previously, WKAR-TV had broadcast from the capitol the hearings of the U.S. House Un-American Activities committee and had presented filmed highlights of addresses by the governor.

He Bashed Her Husband Leaps From Frying Pan to Court

TIERBERLAS, Israel (AP)—Mrs. Miriam Mahal went to court after her husband bashed her head with a frying pan when she bawled him out for coming home late one night.

Judge Jacob Bar-Zeev imposed sentence Thursday: Mahal must present his wife flowers once a week for three months. Each bouquet must include a card inscribed: "With repentance and love."

Petersen Named Editor of Helot

Clarence Petersen, Westchester, Ill., senior has been chosen editor of the Helot, according to Don Lick, chairman of the Helot Board.

Petersen transferred here from the University of Illinois where he was executive news editor of the Daily Illini. He is currently publications and public relations director of the Big Ten Student Association.

Other positions open on the Helot staff include copy editor, layout editor, photo editor and several staff writer jobs.

Interested students should phone Petersen at ED-2-5639 and watch the State News for interview dates.

Years ago, perfumes were blended by sending them to sea to be shaken by a ship's motion and today the same principle is used on rocking tables in perfume plants.

For 3 New Dorms

Christman Company Awarded Contract

Construction of the three new dormitories and two additional dining rooms in the Harrison Rd. Dormitory group will be done by the Christman Company of Lansing.

The construction contracts were awarded Friday by the State Board of Agriculture, MSC's governing body, on the low bid of \$5,051,500. There were three other bidders.

The three new units will complete the long range planning for the dormitory group which called for six dormitories around a central dining and recreational unit.

Unique action was taken by the board in arranging the bonding program to pay for the project, saving the college about \$285,000 in interest on bonds issued to pay for the first three dormitories and dining unit.

The board authorized the recalling of about \$6,775,000 worth of outstanding bonds on the first issue, which was sold at an average rate of 3.15 percent.

The old bond issue will then be lumped with the new issue to pay for the three additional dormitories to make a \$13,400,000 issue which is expected to sell at a lower interest rate of 2.80 percent.

The bonds are retired from the revenue of the dormitories over the next 32 years.

Low bidder on the installation of electric service in the University Village student apartment project was the Hartzel and

Buehler company of Lansing. Their bid was \$113,200.

The board denied a \$30,000 claim from O. J. Munson, Lansing architect, for extra labor and services in altering the plans of the Animal Industries building after the state legislature reduced by more than \$1,000,000 the appropriation for the building.

WANTED!

SOMEONE TO WEAR ME. I AM A KNEE LENGTH SOCK. I AM SITTING IN A BOX AT THE CHARLOTTE SHOP ACROSS FROM BERKEY HALL. PLEASE COME AND TAKE ME HOME. I AM SO LONELY!

Want to travel and study abroad?

Take a university-sponsored tour via TWA this summer and earn full college credit while you travel!

Visit the countries of your choice... study from 2 to 6 weeks at a foreign university. You can do both on one trip when you arrange a university-sponsored tour via TWA. Itineraries include countries in Europe, the Middle East, Asia and Africa. Special study tours available. Low all-inclusive prices with TWA's economical Sky Tourist service.

For information, write: John H. Farbat, Ph. D., Director, Air World Tours, Dept. CN, 330 Madison Ave., New York 17, N. Y. Be sure to mention countries you wish to visit.
