State's Union Goes
"On the Town"

Fashions, Music

Union Board Week Opens 'On the Town'

The Union has gone "On the Town" for Union Board Week. Decorations in the concourse and grill depict the city of New York with street signs in the Concourse and a skyline in the Grill.

"Union Bees" are also used as decorations in the Concourse. A beehive has been constructed and placed in the Concourse. Flags with the names and pictures of all Union Board members are on the hive.

Today is the kick-off day for Union Board Week. A program of American music and a fashion show will be the featured events.

"Highways to Fashion" is the theme of the fashion show which will be held at 7:30 p.m. in the Union Ballroom. A backdrop with ear medals on it will set the stage for the modeling of both male and female fashions. Male fashions will be given a greater emphasis than in the previous annual fashion shows held during Union Board Week.

The Retailing Club and Union Board are sponsoring the show. Co-chairmen of the show are Nancy Harris, Bay City senior, and Shirley Pine, Plymouth junior.

Delta Omicron, women's national music honorary, will present a program featuring original compositions by State coeds at 4 p.m. in the Union Music Room.

There will also be a sneak preview of a song from the Centennial musical, "Michigan Dream." Other music will include George Gershwin, Roy Harris and Aaron Copeland.

The Union Board of Directors will work behind the counter in the Grill Tuesday from 3 to 5 p.m. It was also announced that an art show will be held in the Union Art Room.

Films Due Wednesday In Music Auditorium

Four short films will be shown Wednesday by the Audio Visual Center in the Music Auditorium between 3:30 and 5 p.m. Titles of the films are "Story Our Foreign Policy," "A Family of India," and "Scottish Miner." Faculty, staff, and students are invited.

Fellowships Offered

Scholars Can Go Continental

By VERNELIS KINSEY

How would you like to spend the summer studying in Europe? The idea is not as impossible as it may seem. Many foreign universities offer fellowships and scholarships to qualified American students.

Four British universities are taking part in a joint six week summer school program this year. These schools are providing scholarships to cover either full or partial tuition, and room and board for students who would be unable to study abroad without financial aid. These awards are available to college juniors, seniors and graduates.

The Universities of Birmingham, London, Oxford and Edinburgh are offering summer courses in English history, literature, art, music, drama, philosophy and politics.

Another prospective school for students planning to study abroad this summer is the University of Vienna, Austria.

If a full year of foreign study sounds more appealing, the International Educational Exchange program handles thousands of exchange students from more than 70 countries yearly.

Congress authorized the exchange program within the State Department to promote a better understanding of the United States in other countries and to increase mutual understanding between the people of the United States and the people of other countries.

Last year four Michigan State students were awarded scholarships to universities in Germany and Japan.

Grand Jury Indicts Witness

Cite Nine Charges
Of Lying To FCC

WASHINGTON (AP) — Mrs. Marie Natvig, who set off a sensation in a Federal Communications Commission hearing by denouncing her own testimony, was indicted Monday on nine charges of lying under oath.

The grand jury made its count No. 1 that she knowingly swore to a lie when she testified that an FCC lawyer, Walter J. Powell, coerced her into giving false testimony against Edward Lamb.

Her original testimony was that she had known Lamb as a Communist. She later repudiated it, saying "I did not willfully give false testimony. I was coerced into doing it."

Lamb is an editor and publisher whose application for a renewal of his television station license at Erie, Pa., was the subject of the hearing.

Lamb has denied all of Mrs. Natvig's various statements about him and has filed a motion to throw out the whole proceedings. Arguments will be heard March 16.

The perjury indictment did not go into whether she lied when she accused Lamb, but was confined to statements she made in her testimony about coercion and to alleged falsehoods in her sworn account of talks with FCC attorneys and an FBI agent.

Mrs. Natvig, 51, a thrice-married divorcee from Miami Beach, was one of the most unusual witnesses the FCC has ever had. Hearing Examiner Herbert Sharfman recessed the proceedings Feb. 24, saying she was an incredible witness.

After Monday's indictment, U. S. District Judge Charles F. McLaughlin ordered a bench warrant for her arrest. He acted at the request of J. Frank Cunningham, a Justice Department attorney who said he did not know where she was.

If convicted, she could be sent to prison for as long as 45 years and fined as much as \$18,000. Lamb, in contending the entire case against him is of no merit, has filed countercharges that agents of the FCC induced and bribed witnesses to testify against him. He says, however, he will drop his charges if the commission agrees to drop the case as worthless and grants him the TV license renewal.

AWS Coffee Hour

A joint meeting and coffee hour for new and old members of AWS Activities and Judiciary Boards will be held tonight at 7 p.m. in the Old College Hall.

Blue Key Officers

New Blue Key Officers shown are Russ Palmer, treasurer; Bob Brubaker, president; Don Lick, secretary; Jack Strasser, vice president, and Dan Webster, past president.

National Meet

4 State Debators To Go to California

"California, here we come" is the song the State debate squad is singing this week. F. G. Alexander, debate coach, announced Saturday at a Pi Kappa Delta, national forensic honorary, meeting four debaters will represent State in the national Pi Kappa Delta convention at Redland, Calif., April 2-10.

"State has always shown up well in national competition and we're expecting this year to do our usual good job," Alexander stated. March 19 an elimination tournament will be held to select the four top State debaters to attend the convention.

Last year approximately 1,000 students representing every state in the union met at the University of Maine to enter oratory, extemporaneous speaking and debate.

An added attraction of the convention includes a trip to Hollywood with tours of movie studios and a fruit ranch, dancing at the Palladium, swimming at Laguna Beach and climax award banquet.

To prepare debaters for the national tournament, State has entered three tournaments in the past month and is planning a fourth this week.

Feb. 18-19, four students traveled to Case for a split-team tournament. Dick Kralick, Wyandotte senior, Bev Dean, Durand junior, Lynn Bergman, Escanaba junior, and Ann Nelson, DeKalb, Ill., sophomore participated in 12 debates.

Miss Nelson and Mary Conine, Traverse City junior, traveled to the University of Wisconsin Feb. 24 to argue on farm price supports.

University of Michigan invited State to participate in five debates before high school and business club audiences. Joan Hefflin, Birmingham junior, and June Turner, Farmington sophomore, attended the three-day series from Feb. 16-18.

Thursday Miss Bergman, Miss Turner, Kralick and Bill Martin, Jackson sophomore, will debate recognition of Communist China at the University of Wisconsin. Joe Rhea, Lansing freshman, will enter the oratory division at the tournament.

Centennial Speech Copies Available

Copies of President John A. Hannah's Founders' Day address, "Unfinished Work," will be available to students free of charge today at the Centennial Booth in the Union Concourse.

Dr. Hannah gave the address at the Founders' Day Awards Dinner Feb. 12. It was later incorporated into the "Congressional Record," by Congressman Don Hayworth.

May Fight Without U.S. Assistance

Reinforcements
Moving in Steadily

TAIPEI, Formosa (AP) — The Matsu Islands 100 miles northwest of Formosa will be defended and are steadily being reinforced, junior Nationalist officers declared Monday.

Apparently this meant with or without U.S. support. The United States has not committed itself publicly to defend the islands 20 miles off the Red mainland.

The officers told foreign correspondents that strong fortifications are being thrown up in the Matsus. The islands are being laced by a system of military roads.

The officers said the Matsus will be built up to greater strength than the Tachen Islands, which had a garrison of more than 11,000 men before they were abandoned. The Matsu garrison has been estimated at 5,000.

The Nationalists seemed to have convinced themselves, at least, that U.S. help is forthcoming in a defense of the islands.

The United States, however, has given the impression this might be the case only if the attack on the offshore islands was part of a drive toward Formosa.

Before leaving for Hong Kong, Adm. Felix B. Stump, Pacific Fleet commander, made a flying visit to the Matsus Sunday. The garrison commander declared he was ready for any Communist onslaught.

Stump told newsmen the Pacific Fleet could defend anything against the Communists if ordered. Asked if that meant the Matsus he replied: "Anything."

Editors, Staff Appointed for 1955 Helot

Clarence Petersen, editor of the Helot, handbook for freshman, announced last week the appointment of Marcia Allen, Dearborn sophomore, as copy editor of the 1955 Helot. Miss Allen has been copy editor of the Centennial Wolverine.

Ann McGlothlin, Manistique junior, was appointed assistant copy editor. Layout editor will be Roger Bennett, Oak Park, Ill., sophomore, and photo editor will be Bill Hughes, Melvindale freshman.

Copy staff appointments include Joan Reenan, Capac junior; Betty Freeman, Winchester, Mass., sophomore; Mary Jo McGuire, Detroit senior; Suzanne Rundle, Farmington freshman; Ann Tuxey, East Lansing freshman; and Bill Warden, Bronx, N. Y., sophomore.

Appointments to the layout staff include Bob Sloan and Doug West.

NEWS IN BRIEF

Icebreaker Quits Antarctic

BUENOS AIRES, ARGENTINA (AP)—The U.S. Navy icebreaker Atka docked in summary Buenos Aires Monday after a two-month trail blazing expedition to the Antarctic. Carrying out the first U.S. polar explorations in seven years, the Atka discovered several good sites for new bases.

Carriers Called 'Indispensable'

WASHINGTON (AP)—Secretary of the Navy Thomas told Congress Monday that mighty super-carriers are "indispensable" to modern fleets in this era of nuclear warfare. He disputed critics' claims that the big flattops are too vulnerable to attack.

Albania Rejects U. S. Food Offer

MUNICH, Germany (AP)—Communist Albania rejected Monday President Eisenhower's offer of American food. The tiny Soviet satellite accused the United States of slanders, intervention and attempting to overthrow the Albanian regime.

Frosh Icers Battle Varsity in Finale

By ART UNDERWOOD

Hockey makes its final ap-
pearance on the Spartan sports scene
this afternoon at 4:30 when the
freshman icers take on the vari-
sity in the traditional closer.

The game will be the last ap-
pearance of seniors Jim Ward,
Weldie Olson, Derio Nicolli, Hen-
ry Campanini, John Gipp, Gordie
King, John Mayes and the Spar-
tan manager Rob Roy.

The Hockey Awards banquet
will be held immediately fol-
lowing the contest which brings
to a close the best season in the
history of hockey at Michigan
State.

This year's frosh squad sparked
by such promising skaters as Ross
Parke, Bill Mackenzie and El-
wood "Butch" Miller promise to
give the fans plenty of action.
On defense for the first year
men will be Bob Jason and Art
Baker, the largest and smallest
men on the squad.
In goal Coach Amo Bessone
will be depending on Aldo Alto-
belli, a promising net mender
from West Springfield Mass.

Other newcomers expected to
see plenty of action including
Gordie Lassila, John Zimmerman,
Tom Balai and Ken James.

Final team statistics this year
show the Spartans blasted 903
shots at opponents nets, 637 of
them in league action. Only

Wolverines Pull Upset; Clip Hawks

Eaddy, Jorgenson
Lead 74-58 Win

ANN ARBOR (AP) — T wo
nimble guards, one a senior
playing his last game, led
Michigan to a 74-58 upset
conference victory over Big
10 champion Iowa in Yost
Fieldhouse Monday night.

Iowa, obviously caught on an
off night, hit for only 31.9 per
cent of its field goals while Mich-
igan played inspired ball, pouring
in 46.8 per cent of its shots.

The red hot Wolverines led
all the way. The taller Hawk-
eyes never were closer than
three points in the first half
in the second.

Iowa, already assured of the
conference title, suffered its third
loss against 11 Big 10 victories in
the off-key anticlimax to the
conference season.

Don Eaddy, a 5-foot-10 senior
and Tom Jorgenson, a Chicago
junior, led Michigan to the up-
set. Jorgenson tallied 26 points
for scoring honors and Eaddy net-
ted 20.

It was Michigan's fifth confer-
ence victory against nine losses.
Carl Cain, a sharp-shooting for-
ward was Iowa's high scorer with
14 points, and Deacon Davis was
runnerup with 12.

Michigan controlled the back-
boards with 25 rebounds to 14
for Iowa.

Tiger Outfield Brings Joy To Harris

LAKELAND, Fla. (AP)—Man-
ager Bucky Harris of the Detroit
Tigers watched happily as his
fleet of outfielders worked out to-
day, then announced:

"They're five of the best throw-
ing outfielders I've ever seen on
one team."

He was referring to Al Kaline,
Bill Tuttle, J. W. Porter, Bubba
Phillips, and Jim Delsing.

Kaline and Tuttle have lost
none of their fireball accuracy
from last year when between
them they threw out 34 men try-
ing to stretch an extra base out
of a hit or flyball.

Harris also was much impress-
ed with Porter and Phillips, a
couple of flashy rookies, who are
pointing toward a regular berth
in the Tiger outfield.

Net Schedule Announced

A spring southern training trip
of four matches plus a regular
season listing of 11 dual meets are
on the 1955 tennis schedule an-
nounced Monday by Biggie Munn,
athletic director.

The varsity trip south includes
matches with Marshall College,
Huntington, West Va.; Davidson,
(N.C.) College; Univ. of North
Carolina and North Carolina State.

The Spartan team finished third
in the Western Conference meet
last season and compiled a dual
meet mark of 7-4.

The schedule:
SOUTHERN TRAINING TRIP: March
30, at Marshall College, Huntington,
W. Va.; 28, at Davidson College, David-
son, N.C.; 29, at Univ. North Carolina;
30, at North Carolina State.

REGULAR SEASON: April 22, at

sin; 24, 25, 26, Western. Conference
Championships at Evanston, Ill.; June
10-13, NCAA championships at Chapel
Hill, N.C.

Rough Play Marks 40-39 Win

Phi Delts Edge Rather Hall 7

By JACK BERRY

In a rough, hard-fought bas-
ketball game Monday night the
Phi Delts edged Rather 7, 40-39,
in the last 30 seconds of play. The
victory advanced the winners in
the all-university tournament.

Rather took the lead in the
opening minutes and built up a
24-16 halftime margin which they
did not relinquish until the last
45 seconds.

Ian Ulen put the Delts into a
38-38 tie on a field goal and a
free throw. Don Prokates add-
ed the winning basket in a
scramble under the net.

Rather missed a chance to send
the game into overtime when
Asher Sky was fouled in the last
second of play. He made his first
toss but the second shot bounced
off the rim and the game ended.

The losers were plagued with
fouls, both personal and techni-
cal. Two times Rather was cal-
led was called for unsportsman-
like conduct and both Adam
Sieminski and Andy Sieminski
fouled out. Sieminski left the
contest with five personals with
three minutes still to play in
the first half.

The Phi Delts won the game
because of Rather's football-like
play as proven in the final totals.
Rather scored 10 field goals in the
first half and six in the second.
Their foul shots were four of six
attempts in the initial stanza and

Track Team

There will be a meeting of all
varsity and freshman outdoor
track candidates this afternoon at
5 in Room 209, Jenison Field-
house. All new men are invited to
attend.

The last time the Washington
Senators finished in the first divi-
sion was in 1946. They were
fourth.

three of eight in the second.
The winners hit on three shots
from the field in the first half and
nine in the deciding period. . . but,
they scored eight points on free
throws in each half in 34 at-
tempts.

Sielski led the scoring with 16
points for Rather. The tall center
had a phenomenal average net-
ting seven baskets on eight at-
tempts and two out of two free
throw shots.

Don Ward led the winners with
14, followed by Ulen and Bob
Garrigan with seven and six
markers, respectively.

★ ★ ★
Terrapins 33, Lee Cing 28

The Terrapins moved into the
semi-finals of the Independent
League on the strength of a 33-28
decision over Lee Cing.

Elmer Knoblock and Joe Bysko
paced the Terps with 10 points
each, although Bysko missed eight
free throws.

The winners scored seven
markers before Lee Cing's Len
Benson put in a lay-up and a free
throw.

The halftime score was 19-8, in
favor of the Terps.

Butterfield 7, 38; East Shaw 6, 31
Jim Crane and Len Kruszk
combined 14 and 10 points to lead
their Butterfield 7 quintet to a
38-31 victory over East Shaw 6.

The winners, after gaining a 24-
13 intermission lead, were hard-
pressed in the second half when
Shaw's Jim Donaldson scored
seven of his 13 points. Chet
Holly added three field goals
from outside the free throw cir-
cle.

Butterfield moved into a short-
lived 3-2 lead minutes after the
game began when Huel Washing-

Ohio River Reaches 'Disaster' Heights

Families Look for Shelter As Water Causes Damage

CINCINNATI (AP) — The Ohio River crept Monday night toward its highest level in seven years, forcing hundreds of families along its banks to find new shelter.

Dulles Talk On Far East Due Today

Formal Report Given to President

WASHINGTON (AP) — Secretary of State Dulles stayed late at his office Monday writing the report to the people he will make Tuesday night on the results of his defense-tightening visit to the Far East.

The secretary, after winding up his formal report to President Eisenhower, passed up afternoon appointments so he could devote the rest of the day to writing his half-hour talk.

There won't be time Tuesday. He must go before the Senate Foreign Relations Committee and the House Foreign Affairs Committee.

These reports at 4 p.m. Capitol will be behind closed doors. His report to the nation will be recorded and filmed in the early evening. It will be broadcast by CBS at 10 p.m., ABC at 10:30 p.m. and MBS at 11:30 p.m. Telecast is on CBS at 11:15 p.m.

Officials who normally know what Dulles plans to talk about were at a loss to predict his topics this time.

Dulles returned Sunday morning from his 26,000-mile, two-week visit to seven nations in Asia.

Free Gift Ready For Spring Term

Students registering at Michigan State spring term have a free gift awaiting them.

The All-College Committee on English has written and published a 40-page manual entitled "A Guide to Clear Writing."

According to W.D. Baker, executive secretary for the committee, the manual was prepared after the committee received a recommendation from the faculty stating that most students need a review in such areas as punctuation, spelling, grammar and writing style.

Spartan Engineer On Stands Monday

The latest issue of the Spartan Engineer will be on sale Monday through Wednesday.

An article entitled "Transistors" by Robert E. Fredericks, North Tarrytown sophomore, and one entitled "Magnesium—Metal From the Sea," by D. D. McGrady will be featured.

American Red Cross officials in Columbus, Ohio, said the river has reached "disaster" proportion. Some 1,600 families in Ohio, Kentucky and West Virginia have suffered damage. Mrs. Helen Evans of the Franklin County, Columbus chapter reported.

However, in Cincinnati, Col. J.L. Person, the Ohio River engineer did not view the damage as disastrous.

"There has been a good deal of scattered damage," he said. "But there has been nothing like a catastrophe. The low-lying areas which get wet every few years are in the water now."

He estimated damage at several million dollars.

Pomeroy, Ohio, and Catlettsburg, Ky., were hit hard, he said.

He recalled that the river is at about the same level now as it was during the early stages of the 1937 flood when the Ohio rampaged to 80 feet.

The Red Cross has sent 21 disaster specialists from its Eastern Area headquarters to strategic points along the Ohio in West Virginia, Kentucky, Ohio and Indiana.

Ten shelter centers were distributing food and clothing to 1,000-1,200 persons.

At Catlettsburg, 100 families already have been evacuated and another 200 will be moved out if the river goes beyond expected levels.

Clear weather brought hope that the U.S. Weather Bureau crest predictions would hold. In that event, there appeared to be slight danger of any major damage.

In Washington, the American Red Cross said it considers the flood of disaster proportions for the purpose of providing shelter, food and clothing to victims.

It said the flood has affected 1,000 families in West Virginia from 500 to 600 in Kentucky, 500 in Ohio and 200 in Indiana. The Indiana and Kentucky figures are expected to rise as the flood rolls along.

The Weather Bureau in Cincinnati declared Monday night it was a "major flood" because more than two-thirds of the length of the Ohio was at least five feet above flood stages.

Prof's' Problems Solved by Study

By JACKIE OLDHAM
So you think you have troubles? University and college problems, on a large scale, are the meat of the Study of Liberal Arts Education, located in 5C Berkey Hall.

It will attest to the fact that students are not the only ones having trouble with curricula, tests and teachers.

Sixty-five liberal arts colleges and universities now belong to the study. Curriculum construction, testing programs, research and locating faculty are just some of the problems troubling members. Lewis B. Mayhew, director of the study, said.

Students trying to get their favorite teacher have nothing on college or university presidents trying to pick a new dean, one of the problems brought for the study's aid, Mayhew said.

Presidents, the final authority for a school's problems, can let down their hair every winter at a president's workshop, sponsored by the study. Money, a universal problem, is a frequent topic of discussion. Unlike students, presidents are denied the last resort of writing home to parents for it.

Two summer workshops also are open for teachers of the member institutions each year.

Each of the members is visited at least once a year by study consultants. Mayhew visits 21 himself. Five assistants take care of the rest, covering 14 states besides Michigan.

Mayhew is "on loan" from State as the director of the study for a certain specified time, he said.

Including Exams

It will attest to the fact that students are not the only ones having trouble with curricula, tests and teachers.

Sixty-five liberal arts colleges and universities now belong to the study. Curriculum construction, testing programs, research and locating faculty are just some of the problems troubling members. Lewis B. Mayhew, director of the study, said.

Students trying to get their favorite teacher have nothing on college or university presidents trying to pick a new dean, one of the problems brought for the study's aid, Mayhew said.

Presidents, the final authority for a school's problems, can let down their hair every winter at a president's workshop, sponsored by the study. Money, a universal problem, is a frequent topic of discussion. Unlike students, presidents are denied the last resort of writing home to parents for it.

Two summer workshops also are open for teachers of the member institutions each year.

Each of the members is visited at least once a year by study consultants. Mayhew visits 21 himself. Five assistants take care of the rest, covering 14 states besides Michigan.

Mayhew is "on loan" from State as the director of the study for a certain specified time, he said.

The study is a subcommittee of the North Central Association. The Association, mainly an accrediting agency, covers the north central states from Minnesota to Oklahoma, and from New York to the Dakotas.

The study is under the Association's research and services department.

Study membership varies among the Association as new problems occur or are solved, Mayhew said.

A news bulletin, carrying results of new studies and works,

and a library of materials are some of the aids the study provides for its members. The study helps schools carry on their own studies, and set up counseling programs and new courses.

With exams only a few weeks away, worried students may get some small consolation considering that the university may have had more trouble making out the tests than they will have taking them.

54 Grad Wins Voice Audition
June Cannon, 1954 spring graduate, won the State Student Audition for Voice held Saturday in the Music Auditorium.

Regional auditions of the National Federation of Music will be held March 26 in Columbus, Ohio.

Auditions are held on state, regional, and national levels every two years. The student competition includes people up to age 23.

Miss Cannon, a soprano, is soloist with the Peoples' Church and the Glee Club.

Smoking
Careful, It's Habit-Forming

FREEPORT, Ill. (AP) — Eli Bennethum celebrated his 100th birthday by taking it easy on his son's farm and smoking a cigar.

Smoking is an old habit with him.

"I think I was smoking at two," he told a reporter. "I know I was smoking cigars at five."

In the Northeast and Far West sections of the United States more than 98 percent of babies are born in hospitals.

Forest Soil Talks To Begin Today

Lectures today and Wednesday on "Forest Soil Productivity and its Implications in Forest Management" will be sponsored by the department of forestry and the Michigan Agricultural Experiment Station.

Today's talk from 2-5 p.m. and Wednesday's lecture at 7:30 p.m. will be given in 27 Forestry Building. The lectures, by Dr. T. S. Colle, are open to the public.

Automotive Engineers To Meet Tonight

The student branch of the Society of Automotive Engineers will meet tonight in room 33, Union at 7 p.m.

Guest speaker will be Ben D. Mills, assistant general manager of the Continental Division of the Ford Motor Company.

WKAR to Audition Student Announcers

Jim Adams, associate director of news and sports for radio, has announced auditions for positions on the station's announcing staff of WKAR will be held during the next weeks.

Adams said experience is preferred, but not necessary. Applications for summer work are available.

Those interested should contact Adams or Larry Fryman immediately at the radio room 310, Auditorium.

Although many students do not believe careers in radio indicate a tendency toward cancer inheritance.

YORK (AP) — A selling burst overtook the market Tuesday, the close and the day's gains were in the range of 10 to 15 points.

break in the market about three billion dollars in the New York exchange. The average of 60 stocks closed at 100.75, up from 99.75 the day before.

Many had a variety of reasons for the sudden rise. Many leaned to the view that the selloff was a temporary phenomenon. The market has been advancing and attaining new highs in recent weeks.

"triggers" for the sell, these brokers could be found. Whether the events forced the market to sell was a matter of opinion.

event, it was the Senate Banking Committee's report on the Federal Reserve's full information on the money market. The report had been highly critical of the Fed's policy of steadily advancing the money supply.

Monday the prices were weak, and all the rest of the day's trading was in the hands of the market.

day the committee's report on the money market. The report had been highly critical of the Fed's policy of steadily advancing the money supply.
