Symposium Spotlights Women's 'Middle Years'

By LOUIS GROPP
State News Associate Editor

Michigan State's coed ratio will increase today, as symposium participants gather to explore the "Potentialities of Women in the Middle Years."

Youth Draft Provision Seen Killed

House Group Split On Reserve Issue

WASHINGTON (AP) — Rep. James (D-La.) predicted today the House Armed Services Committee will turn down today a Pentagon request for authority to draft youths into the military reserves.

The Congress probably will reject all of a bill designed to increase the reserves if asked to approve that provision.

The Armed Services group takes up the controversial question in giving final consideration to a measure worked out by a subcommittee headed by Rep. James.

James says he expects the committee to endorse the six-month training provision, authorizing between 100,000 and 250,000 youths a year. The trainees, he says, must be willing to accept a minimum reserve duty.

James said the committee will reject a Pentagon proposal to use the draft, if necessary, to obtain the minimum number of volunteers each year.

Brooks group split on the question and referred it to the subcommittee for final decision.

Speakers said they would form of compulsion to call up their reserves. Opponents attacked the draft feature as an opening wedge for military training.

ate Board Sees Bright Prosperity

Michigan State's governing board today said it was optimistic about the future of the university. The board said it was "pleased" with the university's performance in the past year and "confident" about its future.

The three-day conference, the fourth of 10 symposia during the Centennial celebration, is being presented by the School of Home Economics.

Women from 40 to 65 years of age will meet with educators, researchers, writers, nutritionists, and psychiatrists, to investigate the period of middle age.

"The middle years in a woman's life may be a very rich, or a very uninteresting and frustrating span of time," said Dr. Irma H. Gross, symposium chairman and head of the department of home management and child development.

The symposium will consider the factors that make it one of the other during the period in a woman's life when her children have left home and she is still vigorous.

These factors will be viewed today through Wednesday, in a series of talks, reports, discussions and luncheons.

A keynote talk by Robert Havighurst, University of Chicago professor of education, will open the symposium at 2 p.m. in the Kellogg Center auditorium.

Havighurst will compare the 20th century with the 19th century in the "Changing Roles of Women in the Middle Years."

Presently reports will be Esther Lloyd-Jones, chairman, Commission on the Education of Women of the American Council of Education; Pauline Park Wilson Knapp, director, the Merrill-Palmer School, Detroit; and Bernice L. Neugarten, assistant professor, Committee on Human Development, University of Chicago.

The first day's activities will end in Fairchild Theater at 8 p.m. when Agnes E. Meyer, prominent author and reporter, will speak on "The Middle-Aged Woman in Contemporary Society."

Students wishing to attend the sessions during class time must obtain permission from their instructor.

MSU Goes International

Foreign Students to Spread the Word

The campus in Lansing, Michigan, is the U.S.—the effect of the MSU name change spreads in widening circles.

Michigan State's foreign students, however, will be personal carriers of the new name into most of the corners of the world.

Prestige is the repeated key word in their opinions of the name change.

"I was enough proud of MSC, and I am more proud of MSU," Margaret Sherian, a Lebanese student, said.

"People overseas will appreciate the university more," she said. "Also, having two universities will help all Michigan."

Most of the foreign students interviewed seemed to expect

29 Nations Attend Asian-African Convo

BANDUNG, Indonesia, (AP)—The Asian-African conference of 29 nations representing more than a billion people opened today with a declaration that the peace of the world cannot be safeguarded without a united Asia and Africa.

Dr. Achmad Soekarno, president of Indonesia, told the conference its first task was to seek an understanding of each of the 29 nations attending.

The Indonesian leader said:

"I hope this conference will give guidance to mankind... will point out to mankind the way which it must take to attain safety and peace. I hope it will give evidence that Asia and a new Africa have been born."

Soekarno told the delegates they must shake off the fears that beset the world and be guided by ideals and determination to forge a pattern that would benefit all mankind.

Earlier, 24 of the 29 nations agreed on a seven-point agenda that appeared to be a victory for Prime Minister Nehru of India. Nehru said Saturday he thought general principles should be discussed and not specific questions.

The agreed agenda:

1. Cultural cooperation.
2. Economic cooperation.
3. Problems of dependent people.
4. Human rights and self-determination.
5. Use of nuclear energy.
6. Weapons of mass destruction.
7. Promotion of world peace and cooperation.

Japanese delegates said after the agenda meeting that if a proposal were made for a U.N. seat for Red China it would come under point 7. Some delegates said Red

Senior Ball Ducats on Sale

Ticket sales for this year's Senior Ball, to be held April 30, begin today at the Union desk.

The tickets will be sold to seniors only today and Tuesday. Starting Wednesday, they will be distributed to others on a first-come, first-served basis.

The theme of this year's dance is "Top Hat." It will be held at Kellogg Center, starting at 8:30 p.m. Music will be provided by the Fred Crissey Orchestra from Detroit.

Cocds will receive special 2 a.m. pass for the dance, and special parking privileges will be provided at Kellogg Center.

Price of the tickets is \$3 per couple.

Instructors to Get Air Force Medals

Medals of commendation will be awarded to two Michigan State instructors during the Air Force ROTC parade Tuesday at 4:30 p.m.

George R. Myers, assistant professor in teacher education department, and Lt. Charles L. Hunt, assistant professor of science, will receive awards for outstanding duty in the reserves.

Myers, formerly a major in the reserves, was a chaplain.

Teacher Ed Post Goes to Brembeck

Will Head Big 10's Largest Program

Dr. Cole S. Brembeck, superintendent of schools at Livonia, Friday was named head of Michigan State's teacher education department, in the School of Education.

At its monthly meeting, the State Board of Agriculture appointed Brembeck to fill the post left vacant by Prof. James W. Miller. Miller is on leave of absence from the university, serving as controller of the state of Michigan.

Brembeck has been at Livonia for the past 18 months. Before that, he was superintendent of schools at North Muskegon, and professor of English at Pennsylvania State University.

The 37-year-old superintendent received his Ph.D. degree from the University of Wisconsin. He will have the rank of a full professor at State.

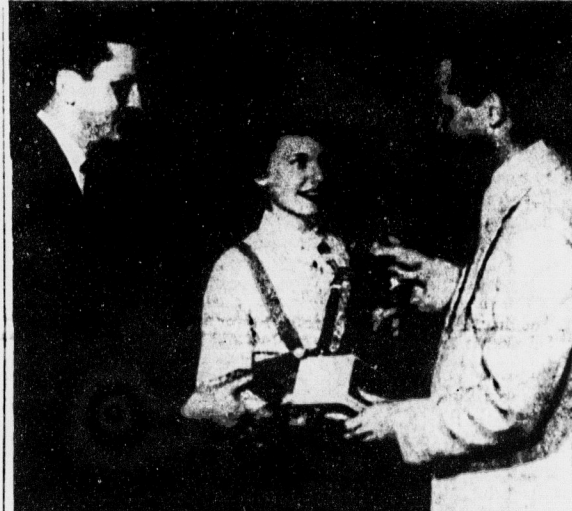

Starting his new job on Aug. 1, Brembeck will head the largest teacher-training program in the Big 10 conference.

The State Board also made other staff changes Friday, including 12 appointments, seven

Soapy Takes Off

NEW YORK (AP)—Gov. G. McLean Williams of Michigan left on plane Sunday for a two-week tour of Turkey, Lebanon, Jordan, Syria and Israel. Williams said he also would attend Independence Day celebrations in Jerusalem.

Basketball coach Fordy Anderson awards first prize trophy to representatives of Phi Kappa Psi and Delta Gamma

Changeover Plans Announced

Seniors to Decide On MSU Diplomas

Seniors graduating from Michigan State spring term will have a chance to receive diplomas from Michigan State University, the State Board of Agriculture said Friday.

The board left the decision up to the seniors. They will be given the option of receiving their diplomas at commencement issued in the name of Michigan State College of Agriculture and Applied Science, if they wish. Or the diplomas will be dated July 1, 1955, and issued in the name of Michigan State University of Agriculture and Applied Science.

Decision will be made by a majority vote of the senior class. If the university designation is chosen diplomas will be mailed to the graduates on July 1.

In other action, the board announced signs and insignia bearing the words "Michigan State College" will be left as they are until MSU becomes effective.

Current publications for immediate distribution will be continued under the present name, but publications distributed after July 1 will be printed under the new name.

The board said all stationery and other supplies now on hand are to be used up, and any remaining after July 1 will be stamped with a rubber stamp.

Michigan State's present seal will be changed by substituting the word "university" for "college," and a new seal will be purchased, to be available July 1.

Dishes, silverware, and similar items are to be used up before new supplies with the "university" designation are purchased.

\$5,600 Raised for Charities

Greeks Walk Away With Event Prizes

By GENE RITZINGER
Campus Chest benefited as never before Saturday night, as Michigan State's Centennial Spartacade set new financial and attendance records. Approximately 7,800 people contributed \$5,600 to watch what carnival officials termed "the greatest Spartacade ever."

Fraternities and sororities swamped all competition and captured first, second, and third place prizes in each of the two classes of events.

Delta Sigma Phi and Delta Zeta, with their "Leesa-Dart" attraction, captured first place in the audience-participation events. Phi Kappa Psi and Delta Gamma took first place in the non-audience-participation events with their "Rare Window."

Second place in audience-participation events went to Phi Kappa Sigma and Alpha Xi for "Music, Moss, and Mermaids," and third place went to Chi Omega and Delta Tau Delta for their "Dolly Trolley."

In the non-audience-participation events, Kappa Delta and Beta Theta Pi took second place for their "Jazz Alley."

Prize winners were announced Sunday afternoon in Jenison Fieldhouse by basketball coach Fordy Anderson. Over 1,300 persons attended the ceremony.

Each of the winners received a trophy decorated with a plaque engraved "Centennial Spartacade." East Lansing merchants donated the trophies.

This year's carnival was the biggest in the history of the event. Sixty-four living units combined to present 32 attractions.

In spite of a thunder-and-lightning rainstorm, which Spartacade, Page 6

Fair, Warmer And Breezy

Now that the hustle and bustle of Spartacade and income tax day are over, Spartans can relax and enjoy today's promised nice weather.

The weatherman says it will be mostly fair today, and a little warmer than Sunday night. A high of from 68 to 74 is forecast with southerly winds, at 19-22 miles an hour.

Water Shortage Faces University

An acute campus water shortage was revealed Friday, when the State Board of Agriculture approved a \$7,500 grant to build for new water sources.

Secretary Karl H. McDonel said existing pumps are producing only 50 per cent of their original pumping capacity, and are hard pressed to supply the daily 2,000,000 gallons used by the university.

McDonel said an underground stream discovered by workmen excavating for Brody Hall could possibly supply 1,500,000 gallons per day if properly tapped.

g Board Promotes 5 Staff Members

President Hannah Calls List 'Best in History of College'

Promotions went to 85 Michigan State faculty members today, when the State Board of Agriculture approved the list. President John A. Hannah called "the best promotion list in the history of the college."

Hannah said the raises in the new policy will be part of a new university policy to promote only the capable faculty members, and of making promotions on the basis of seniority.

Adopted by the State Board last year, the new policy will cut down on the number of high-ranking staff members, Dr. Hannah said. However, he added, it will serve the purpose of building up superior academic structure.

85 approved for promotion

professor: Agriculture—E. Gratus, farm crops; Carl Hall, agricultural engineering; J. J. Bratzler, animal husbandry; C. E. Wildon, horticulture; Clarence Nelson, board of examiners; C. W. communication skills; Business and Public Service—C. W. journalism.

Science and Arts—J. C. Brad, zoology; Max T. Rodgers, chemistry; Donald M. Johnson, geology; D. L. Gibson, sociology; Herbert Weisinger, English; Arnold Williams, English; H. R. Hoppe, English; J. A. Gallagher, foreign languages; Veterinary Medicine—F. Riley, surgery and medicine; All-College—C. F. Scher, audio-visual aids.

associate professor: Agriculture—W. H. Vincent, agricultural economics; R. F. Carlson, horticulture; H. A. Henneman, animal husbandry; D. E. Hathaway, cultural economics; W. J. horticulture; L. R. Chamberlain, poultry husbandry; J. M. agricultural economics; H. Dewey, horticulture; J. A. soil science; C. A. Gunn, and water conservation; Business and Public Service—Herl, Williams, journalism; J. A. Schubert, political science; Anthony Y. C. Koo, economics.

Basic College—Elizabeth J. communication skills; T. Strandness, communication skills; Douglas Dunham, social science; John C. McKinney, social science; Education—D. J. administration and educational services; W. D. Van Huss, social education; B. H. Van, teacher education; Meta Vossbrink, vocational education; Engineering—Ralph M. mechanical engineering; T. Culpepper, electrical engineering; Paul J. DeKoning, applied sciences.

Science and Arts—Kathrine, art; Ralph Henrick, art; Herbert Livingston, art; Lee W. Mericle, botany; Paul D. Schuets, chemistry; Ram Olkin, mathematics; Alld, physics; Arthur E. history; G. Marlan, psychology; B. E. Duffey, English; Veterinary Medicine—Ralph N. Castlow, microbiology; Continuing Education—A. A. Bosworth, Carl L. L. E. McKune; Dean of students—Thomas A. Goodrich.

China Reds Building Up Air Power

AUGUSTA, Ga. (AP)—President Eisenhower and Secretary of State Dulles Sunday reported "an extensive buildup" of Chinese Communist air power opposite Formosa. Dulles called it "more intense and more broad than anything that has been known" until recently.

Dulles gave newsmen word of the buildup in a formal statement which was approved by the President after they had conferred for two hours at Eisenhower's vacation headquarters.

The statement said: "In relation to China, we discussed the grave implications of an extensive buildup, now in progress, by the Chinese Communists of offensive air power on the China mainland opposite Formosa."

At a news conference Dulles was asked by a reporter whether the "extensive buildup" was something new "or of some intensification beyond what we have talked of before." Dulles replied: "It is a considerable intensification. It is considerably broader in scope than anything that was known until recently."

Saying then that perhaps his statement was not too accurate, Dulles went on to put it this way:

"It (the buildup) is more intense and more broad in its scope than anything that has recently been known. In other words, our knowledge developed only during the last few days, due partly to the fact that we are now getting more effective and prompt reports from that area as to what goes on."

At Symposium Program 6 Home Ec Leaders Get Awards Tonight

Michigan State will honor six women tonight with Centennial Awards for outstanding work in the field of home economics.

The awards will be presented by President John A. Hannah at the evening program of the Home Economics Symposium, in Fairchild Theater.

The six to receive awards are:

Mary Isabel Barber, Battle Creek resident, now retired. Miss Barber served as director of home economics for the Kellogg Company from 1923 to 1948. Previously she was an instructor at Columbia University. She served as food consultant to the Secretary of War from 1941-45.

Adelia M. Beeuwkes, associate professor of public health nutrition at the University of Michigan, an alumnae of Michigan State. She is noted for her work as a nutritionist, teacher and author.

Ruth O'Brien, chief of the Home Economics Research Branch of the Agricultural Research Service of the U.S. Department of Agriculture. A chemist, educator and pioneer in textiles research, she has been active in the development of commercial standards for textiles, and improved systems of sizing for garments.

Mrs. Corlan Lyman Spencer, Pullman resident and former State student, a leader in Michigan's home economic extension program for 25 years. She also has been active in the National Home Demonstration Council, Michigan Horticulture Society, and other women's groups.

Mary E. Sweeney, Pine Grove and Lexington, Ky. resident, now retired. Miss Sweeney was dean of the School of Home Economics at Michigan State and formerly

leaves of absence, and 10 resignations.
Appointments were approved for the following: effective July 1, 1955; Theodore Delevoyas, assistant professor, botany and plant pathology, effective Sept. 1, 1955; Robert Gordon Haines, assistant professor (research), entomology effective June 1, 1955; Alexander Lipak, assistant professor, foreign studies, effective Sept. 1, 1955; Karl T. Hereford, assistant professor, administration and educational services, effective July 1, 1955.

Fred J. Vescolani, assistant professor, administration and educational services, effective July 1, 1955; Theodore Delevoyas, assistant professor, botany and plant pathology, effective Sept. 1, 1955; Robert Gordon Haines, assistant professor (research), entomology effective June 1, 1955; Alexander Lipak, assistant professor, foreign studies, effective Sept. 1, 1955; Karl T. Hereford, assistant professor, administration and educational services, effective July 1, 1955.

Charles C. Cumberland, visiting associate professor of history, sociology and anthropology, effective Sept. 1, 1955; Lewis E. Swanson, instructor agricultural engineering, assigned to Columbia, effective Sept. 1, 1955; Carl C. Faith, instructor, mathematics, Sept. 1, 1955; Virginia Breiner, instructor, nursing education, May 16, 1955; Elin H. Wintermute III was appointed assistant editor of the M.S.C. press, effective July 1, 1955.

The following were granted leaves of absence:
Benjamin Hickok, assistant professor, communication skills, Sept. 1, 1955 to Aug. 31, 1956 for study and travel in Europe; Ian O. Ebert, associate professor, electrical engineering, July 1, 1955 to Dec. 31, 1955 for advanced study; Mary F. Brannan, assistant professor of music, Sept. 1, 1955 to Aug. 31, 1956 for advanced study; Albert R. Drury, assistant professor, surgery and medicine, Sept. 1, 1955 to June 30, 1956 for advanced study.

Football Posts Hard Hit

Injuries Plague Grid Practice

A streak of minor injuries continued to plague Michigan State's football team as it wound up the first week of spring drills with a full scale scrimmage Saturday.

In all, 11 griders have missed practice time due to an injury.

The most serious is an ankle-knee injury to halfback Jim Wulff that will sideline him for the remainder of the spring sessions.

The team's top two left half-

backs, Clarence Peaks and Jerry Musetti, both missed the Saturday scrimmage.

Peaks will be out for another week with a strained thigh muscle while Musetti is expected back today after twisting his knee Thursday.

Four right halfbacks are on the ailing list.

Walt Kowalczyk, one of the top two at the position, will be back late in the week following a lay-

off from a rib injury incurred Thursday.

Wulff will miss the rest of the practice time while two other wingbacks, Glenn Burgett and Jim Bigelow, will be back this week after wrenching their knees.

Tackle Joe Carruthers is also expected back this week after a bout with a twisted knee.

Center Wally Cleaver will also return, late in the week, after a cast is fitted on his hand, fractured at Thursday's drill.

Saturday, fullback Don Gilbert suffered a charleyhorse and left halfback Gary Lowe and quarterback Mike Panlitch suffered bruised ribs.

Pat Wilson led the first team attack at Saturday's scrimmage, scoring twice and passing well all day.

He plunged over from the 2 for the first score and closed out the scoring with a 45-yard romp. He completed eight of eight passes to end Jim Hines in a pair of offensive appearances.

One of the passes was good for 30 yards and a score but was nullified by a clipping penalty behind the ballcarrier.

Fullback Jerry Planutis scored one touchdown, from the three yard-line.

Right halfback Don Zysk scored the longest TD of the day, a 60-yard romp around left end.

DICK IDZKOWSKI
... winner in opener ...

Finn's Fouls Chase Fans To Shelter

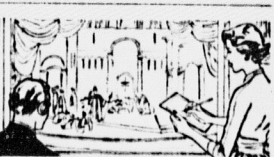

The first inning of Saturday's home baseball opener took 42 minutes to complete with U of D scoring twice and State putting 10 runs across. The scoreboard operator in centerfield did not have a number 10 so he fastened together a one and a zero.

Dick Idzkowski was the winning pitcher, shutting out the Titans on two hits in three innings.

A woman spectator sitting behind first was hit by a sharp foul drive off the bat of Detroit second baseman George Finn in the fourth inning. Finn also put one into the Titan dugout and another line foul into the stands by Finn sent many of the fans to a safer area behind the screen.

Guy Sparrow, Detroit first baseman and star basketball forward, remained calm as the fans bench-jockeyed him from the stands.

However, the tall Titan took off his cap and bowed to the partisan crowd after he crashed into Lou Costanzo at the plate in the eighth inning, scoring Detroit's third run.

Brooklyn Wins Pair From Bucs

Phillies Whip Giants Twice

PITTSBURGH (AP)—Tight pitching by Johnny Podres and Clem Labine and heavy hitting by their teammates gave the league-leading Brooklyn Dodgers a clean sweep of a doubleheader Sunday as they beat the Pittsburgh Pirates, 10-3 and 3-2, to remain atop the National League race with a 6-0 mark.

Podres, a southpaw, allowed the Pirates only six hits in the first game as Roy Campanella paced the Dodger attack with two doubles and a home run.

Labine gave up only three singles and a double in the first eight innings of the nightcap before being replaced by Jim Hughes in the ninth.

Giants Fall Twice

NEW YORK (AP)—The Philadelphia Phillies, behind the effective pitching of righthanders Robin Roberts and Murray Dickson, swept both ends of a doubleheader from the New York Giants by a 4-2 scores Sunday to climb into second place behind the unbeaten Brooklyn Dodgers.

Cubs Overpowered

ST. LOUIS (AP)—Rookie right-hander Larry Jackson, backed by a 10-run first inning, pitched a four-hitter in his major league debut Sunday as the St. Louis Cardinals took a series-deciding 14-1 decision from the Chicago Cubs after losing a doubleheader opener in the ninth, 6-5.

Coach Ben Van Alstyne pointed out that there were only three men who shot close to what had been expected of them.

John Steimle, who had to participate in a playoff to even

Bosox Grab AL Lead With 2 Wins

Cleveland Splits Pair With Chisox

DETROIT (AP)—Young Al Kaline slammed three home runs—two of them in the sixth inning, to tie a major league record—and lead the Detroit Tigers to a 16-0 romp over the hapless Kansas City A's Sunday.

The 20-year-old outfielder, who hit only four home runs last season, also collected a bloop single to knock in six runs.

The four hits boosted Kaline's early season batting average to .560.

Kaline, who added 15 pounds to his slender frame during the winter, started his rampage in the third inning, driving a two-run homer into the leftfield seats off starter John Gray.

Kaline connected twice as the Tigers scored nine times in the sixth inning.

He drove an inning-opening homer off Bob Spicer and the closed out the rally with a two-run blast off Bob Trice.

Kaline was the 13th major league player to hit two home runs in one inning.

His slugging led a 15-hit attack against five Kansas City pitchers and sent the A's to the fourth defeat in five starts.

Boston Wins 2

BOSTON (AP)—The fast-starting Boston Red Sox moved into undisputed possession of first place in the American League Sunday, sweeping a marathon doubleheader from winless Baltimore, 14-5 and 12-9, in the rain and cold at Fenway Park.

Boston catcher Sammy White, the eighth inning off reliever De-
Johnson was the big blow in the hectic nightcap.

Chisox Sours

CHICAGO (AP)—Bob Lemon, the Cleveland Indians and Jim Harshman of the Chicago White Sox tossed a pair of five-hitters Sunday as the two teams split a doubleheader the Sox taking the opener, 3-1, and Cleveland the nightcap, 4-2.

EARL WEAVER

NOEL RALSTON

Takes Over July 1

Dairy Head to Lead Mission to Colombia

Dr. Earl Weaver, head of Michigan State University's dairy department, has been named to lead the university's forthcoming mission to Colombia, South America.

The State Board of Agriculture approved the mission at its meeting on Friday. Weaver will be one of the country's dairy industry leaders. He will be working with two small land grant colleges and Colombia's minister of agriculture.

Weaver has had 22 years of experience as a teacher and administrator. He is the author of three books on dairying.

During his career, Weaver has served as professor of dairy at Michigan State University, and as head of the dairy department at the University of Wisconsin.

Weaver has had 22 years of experience as a teacher and administrator. He is the author of three books on dairying.

Spartacade

(Continued from Page 1)

Spacade officials feared the carnival would be a flop. The carnival grossed \$700 more than last year. Officials reported 25,000 tickets for admission to each attraction, and out an hour before closing time and had to be supplemented with general admission tickets.

A parade around the lake preceded the carnival Saturday afternoon. A new attraction this year featured a roller coaster and a variety of other rides.

The success of the carnival enabled the Center to go over the top in its annual fund-raising campaign. The Chest had a goal of \$11,000 and had previously raised \$8,100 through full-term contributions and the "Greatest Man On Campus" contest.

Spacade officials said the carnival was a success. The carnival grossed \$700 more than last year. Officials reported 25,000 tickets for admission to each attraction, and out an hour before closing time and had to be supplemented with general admission tickets.

Judges included Miss Mary J. Stanley of the textile clothing and related art department, Lindsay Jackson and Earl Weaver of the East Lansing merchants.

Spacade officials said the carnival was a success. The carnival grossed \$700 more than last year. Officials reported 25,000 tickets for admission to each attraction, and out an hour before closing time and had to be supplemented with general admission tickets.

Club Readies Pan-American Day Program

Latin-American music, dances and talks will be featured in the Pan-American Day Program.

The Spanish Club is devoting its regular meeting Tuesday, 7:30 p.m. at the International Center, to a celebration of Pan-American Day.

Carlos M. Torres, associate professor of foreign studies, and Harold E. Pavia, associate professor of history, will speak at the meeting.

Flags and poster displays will be on the Center for the celebration while Latin-American refreshments will be served.

Plans are being made for Pan-American students to demonstrate some of their national dance steps according to Carlos M. Torres, club member.

Latin-American music will be available for students who wish to try out the steps themselves after the meeting, she said.

All Spanish Club meetings are open to the public.

29 Nations

(Continued from Page 1)

China was determined to get something concrete out of the meeting and not have the 29-day session merely filled with talk.

Final philosophies among the nations represented indicated discussions generally would follow broad lines of Asian-African interests, rather than focus on specific spots such as Formosa. Exceptions will depend on the power of individual countries and how to sell their grievances to the conference.

It appeared France may be on more of a hot seat than the United States, which has both bitter critics and staunch supporters here.

Delegates from Tunisia, Morocco and Algeria all in France's camp, were expected to have been together. They plan to have the conference secretary read a joint memorandum asking for complete independence from France.

The United States invites 29 nations to the meeting of the 29 Nations.

No Fingerprints!

Russian Editors Change Minds; Call Off Trip

By The Associated Press

The State Department announced Saturday the visit of 11 Soviet student editors to this country had been cancelled by the Kremlin.

Press reports from Moscow indicated the 11 had balked at being fingerprinted as required by U. S. immigration law.

Officials in Washington said the blow-up fulfilled a belief they had held all along that the Russians never intended to visit the U. S. but sought only to make propaganda capital.

The editors were to have arrived in New York next Tuesday for a 30-day tour. It would have included a visit to the U. S. and a possible visit here.
