

Walt McNew of the University of Texas crosses the finish line in Monday's cross country races to take top individual honors. MSU's Henry Kennedy finished in third place.

6th NCAA Victory

MSU Harriers Capture Title

By HAL RATEMAN
State News Managing Editor

Michigan State's cross country team won its sixth NCAA title in a snowstorm Monday morning but it is still looking for an individual champion.

Henry Kennedy, Big 10 and ICAA champion and the pre-meet favorite, finished third to an unheralded University of Texas runner, Walt McNew, in the race for individual honors.

UN Forces To Expand In Suez

CAIRO, Egypt (AP)—Gen. E. L. M. Burns announced Monday plans for expanding the base for his growing UN police force in the Suez Canal zone.

At the same time dispatches from Port Said reported the first of 13 ships, trapped in the canal since the beginning of hostilities, had been freed by the removal of wrecks.

The British announced that the north end of the canal had been unplugged by the opening of a 16-foot wide channel, 25 feet deep through an area of sunken ships in Port Said harbor. Shortly after, the 10,500-ton British-owned Liberty ship Harpoon steamed through the opening in the wake of the British minelayer Manxman.

The Port Said dispatches quoted British officials as saying six and possibly 10 more ships in the canal could now get out if the Egyptians do not object. These include the Euzonia and the Mary, of Liberia registry, and the Brigette and Dorado of Panamanian registry.

Two others, including the 22,000-ton Liberian-registered Citrus Service tanker, Statue of Liberty, were too large, however, to maneuver through the present opening.

The Egyptians have opposed the canal-clearing operations before British and French forces withdrew from Egypt, and the Egyptian held southern stretch of the waterway remains tightly plugged. It will take months to open it.

Gen. Burns, Canadian commander of UNEF, UN Emergency Force, told a news conference he hopes to establish his headquarters near Qantara in the canal zone "within a relatively short time." Qantara is 9 miles south of Port Said and close to the cease-fire line at El Cap.

At the same time, he said, arrangements had been made to move over three camps between Qantara and Ismailia as an assembly area for the UN police force. Abu Suweir, air base near Ismailia, will continue to serve as a transit camp for the UN units arriving by airlift.

Navy Officers Stationed In Union Concourse

Male students interested in becoming officers in the Navy have an opportunity to get first hand information all day today when Ensign Dale Blount of the Detroit office of Naval Officer Procurement, will be stationed in the Union concourse to answer questions.

Frosh-Soph to Meet

Frosh-Soph Council will meet tonight at 8:30 in 33 Union. It will be the final meeting of the term.

Syria Criticized For Taking Weapons

Egypt Accused of Instigating Trouble in Arab Nations

BEIRUT, Lebanon (AP)—Syria came under bitter Turkish attack Monday for accepting Soviet weapons, imposing martial law and allegedly concentrating troops along the border of Lebanon, a sister state in the Arab sphere.

Radio Ankara brought into the open charges long circulated in the coffee houses and market places of the Middle East that Egypt is instigating large-scale trouble in other Arab nations with Communist help.

Much of that trouble has arisen in Syria, where 60,000 men army fell under control of a group of pro-Soviet officers headed by Col. Abdul Hamid Saraj, in a silent coup the day fighting broke out in Egypt. Saraj, about 32, is a Nationalist strong man in the state of Egypt's former Abdul Nasser.

The Turkish radio reported the swift investigation showed Egyptian agents played a part in recent disturbances in Lebanon, a little half-Christian, half-Muslim republic, where some French and British troops have been the targets of burning attacks.

He said arms and explosives had been smuggled into Lebanon on behalf of both Egypt and Syria. In one case he reported, bombs were found in the car of an Egyptian Embassy staff member and an arms cache was uncovered in police of the city of Beirut.

McNew, who isn't even listed as his team's top runner, won the four mile race going away in a good 19:53. North Carolina's Jim Beatty nipped Kennedy for second with 20:09.

The winning time was far off the meet record of 19:36.1 set by Georgetown's Charlie Capozzi in 1962 and the course record of 19:28.1 set by Kennedy last year.

The Spartan harriers, who had won the Big 10 and ICAA crowns previously, compiled a team score of only 28 points, only three points above the 25-point record set by Drake in 1941.

Kansas, Big Seven champion, finished a distant second with 88 points, narrowly losing to Texas, which had 89. Illinois, Big 10 runner-up, finished fourth with 124 points.

The harriers, who had also won the team title last year, finished men in the second, third, fourth, seventh and 12th team places.

The win also gave Michigan State its third "grand slam" in cross country. A "grand slam" consists of winning three major cross country titles in the same season. The 1948 and 1952 MSU squads were the only other teams in collegiate history to pull the trick.

Besides Kennedy's third place finish, Capt. Gay Denslow placed fourth in 20:12, narrowly edging Selwyn Jones, who was one-tenth of a second behind in fifth place.

Sophomore Ron Wheeler took eighth position in 20:32 while Jerry Block closed out the State scoring with an 18th place in 20:47.

Ed Townsend was State's sixth man with a 42nd place in 21:18 while Ken DaFoe was MSU's last man to finish with a 5th place in 21:33.

Western Michigan's Bill Pyle, who later finished 14th in the race, took the lead at the half-mile mark with a fast 2:16.

Kennedy took the lead just before the mile point and passed the marker in a good 4:41. Holding his pace, he went past the 1 1/2 mile point in 7:14 and continued to lead after two miles in a fast 9:45.

He kept the lead at 2 1/2 miles with a 12:15 and still maintained a lead at the three mile post in 14:33.

However, by this time, McNew, who was deep in the pack early in the race, started to press the Scots-Canadian. A very tired Kennedy passed the 3 1/2 mile point in 17:33 but McNew took the lead shortly after that and ended with a closing sprint that carried him an 80-yard victory.

Kennedy, who started to falter after leading most of the way, fought to hold off Beatty who was only 10th at the 3 1/2 mile point. The Tarheel just nipped the Spartan junior at the finish while Denslow and Jones almost caught him.

See HARRIERS, Page 6.

Iraq Asks Additional Weapons

WASHINGTON (AP)—Iraq formally appealed Monday for American jet planes and anti-aircraft "defensive weapons." The request came amid reports that a group of pro-Soviet army officers has seized virtual control of neighboring Syria.

Iraq's Ambassador Monem Al-Shabandar asked for the arms during a call at the State Department. His government has a military aid agreement with the United States, signed in 1954.

"We just don't have enough arms, taking into account the actual situation in the world," he told a reporter afterward.

"We especially want to increase our area of defenses and we hope these weapons will be shipped as quickly as possible," State Department officials, who had been severely critical of reports of new Soviet weapons reaching Syria, said they would give prompt consideration to Iraq's request.

An undisclosed quantity of American weapons including tanks, artillery and light arms have been delivered to Iraq under the 1954 aid agreement. These arms were sent in order to help Iraq, a member of the Western Baghdad Pact, strengthen its defense against possible aggression.

The Iraq envoy, in discussing the new arms request, sought to play down reports of mounting friction between his government and Syria. In Sunday, Syrian army officers and a member of the Syrian government charged Iraq with plotting against Syria's welfare.

"We don't know exactly what is going on in Syria," Shabandar said. "All those reports of friction with us—those are family troubles and we are going to solve them peacefully."

Any additional U.S. weapons for Iraq would have to be shipped with the understanding they were for strictly defensive purposes, not to be used for any attack against either Syria or Israel.

Clinic to Review Vet Job Chances

J. A. Connor, director of the Seventh U. S. Civil Service Region, Chicago, will hold a special clinic Wednesday for all veterans in the East Lansing area who are interested in working for the Federal Government.

The clinic will commence at 4 p.m. at the Civic Center, Veterans Memorial Building in Lansing.

Reach Fourth Record This Year

Living Costs Are Still Climbing

WASHINGTON (AP)—The government Monday shaked up another new record high in the nation's living costs and said they are still climbing.

An increase of half a percent from September to October sent the Labor Department index to 117.7 percent of the 1947-49 average. This is the fourth new record level reached this year.

The new living cost boost gives a pay increase to 1 1/4 million workers in the auto, aircraft, farm equipment, electrical and scattered other industries. Most will get an extra two cents an hour. Wages of these workers are geared partly to what happens to the government's living cost index.

The October consumer price level is 2.4 percent above the same month last year. Even Clague, labor statistics commissioner, said living costs still are trending upward but he saw no reason for fears the economy was "blowing its top" in an inflationary spiral.

"None of this is anything of a panic type of thing," Clague said. "It's just firmness." He apparently meant the "firmness" of an expanding economy in which wages and consumer spending are also increasing.

Clague reported that factory production worker earnings have also hit a new high. He said sustained consumer spending partly explains the price increases.

As the clothes for Hungary piled in Monday these student government members started them on their final lap to the refugees in Hungary. They are (l-r) Clarence Shultz, Bob DeBruyn, Joe Trickey and Don Jablonski.

Nets Over \$1,000

Hungary Relief Program Reaches Successful End

By ANN TODOR
State News Night Editor

The Hungarian Relief Program sponsored by the student government ended Monday with "tremendous amounts of clothing and money for the Hungarian students fighting off Communist domination," according to Ron Becker, student government president.

The total amount of money turned in to the government of Hungary was \$1,400. A check for the amount of \$600 was turned in to the government of Hungary. The money was turned in to the government of Hungary. The money was turned in to the government of Hungary.

The largest single contribution came from a man in Charlevoix, who in a letter to Becker said he had read about the relief drive Michigan State was handling, through the Grand Rapids Press. He enclosed a check for \$100 in the letter.

Other large single contributions came from a student and Dr. William A. Paton, assistant professor of psychology. Each contributed \$25, which will help considerably in purchasing food and medical supplies for the refugees waiting for their freedom, Becker said.

In a report from the WUS, Becker was informed that a Hasidic has been set up in Vienna to house over 300 of the refugees and arrangements are being made to take care of a large number.

Becker also stated that state's contribution has topped all other universities and colleges in the Mid-western area including Michigan, Indiana, Illinois and Ohio. A goal was set to raise \$6,000 from the schools in these states and Michigan state's already raised well above its quota, with \$1,400.

The Lansing-based Inter-State Clothing Company volunteered to take all of the clothing contributed to the St. Louis office of WUS free of charge. Otherwise it would have cost a great amount to ship the clothing to St. Louis and then to Vienna.

University trucks were volunteered Monday night to Alpha Phi Omega, national service honorary, to pick up the clothing from the living units.

The Junior Council and AWS members are going to bundle the clothing in the student government office today. It will be shipped to St. Louis Wednesday. Junior Class President Bill Bort announced that any student wishing to help should come to the student government office on the ground floor of the Union.

Any clothing not picked up should be taken to the student government office by 3 p.m. today.

4 Students Injured In Head-On Crash

Group Returning to Campus Meets Death Near Lapeer

By GENE RITZINGER and DAVID STROUD

One MSU student was killed and four others injured Sunday night in a head-on auto crash on M-21 about four miles east of Lapeer.

Dead is Carolyn Ann Angell, Dearborn senior.

Sigma Chi Party Nets \$125 Fine

Sigma Chi fraternity has been fined \$125 by the IFC Executive Council for holding an unregistered party on Oct. 21.

The fraternity has also been required to submit a list of their social events for winter term to IFC. The council requested they present a written report to the council indicating steps they will take to channel their activities in a manner more consistent with the purposes of fraternities.

The fraternity has also been required to submit a list of their social events for winter term to IFC. The council requested they present a written report to the council indicating steps they will take to channel their activities in a manner more consistent with the purposes of fraternities.

Individuals were penalized by the All-Student Judiciary. Under the present system, a student of IFC, when a certain number of individuals are caught at an unregistered party their names are turned over to the administration.

After interviewing the students the information is sent to the All-Student Judiciary where individual action is taken.

If it appears there is a possibility that a fraternity has been guilty of a group function, the matter is turned over to the IFC Executive Council. IFC has jurisdiction only over fraternities and does not take action on individual cases.

The Executive Council determines whether the violation has been of a group nature or whether it has been merely a number of individuals.

Queen Contests Revised

AWS Activities Board has set into effect a number of rules pertaining to the selection of campus queens. These rules are for all organizations sponsoring a queen.

All queens' applications are to be sent to the president of the living unit. Living units must be notified one week before the end of the term of candidates that are wanted for the next term. This will prevent rushed meetings for the purpose of selecting a candidate.

All organizations will be required to uphold university requirements for queens which are, an attendance two-point, one term attendance and good citizenship.

The organization sponsoring the queen contest must submit an affidavit or similar bond to IFC preliminary and final judging fees. If an event is not necessary some means of transportation should be provided. These candidates chosen for the final court must also have an escort chosen either by herself or a member of the sponsoring organization.

Kulp to Address Geological Society

A lecture entitled "Recent Advances in Geochronometry" will be delivered by Dr. J. Lawrence Kulp of Columbia University in New York city at the meeting of the Michigan Geological Society tonight at 7:30 p.m. in room 114 of the Natural Science building.

Dr. Kulp's appearance is being sponsored by the East Lansing Lecture Committee of the American Association of Petroleum Geologists.

CAROLYN ANGELL

Mrs. Baum is reported to be suffering from a fractured ankle and a fractured skull.

State Police said Baum lost them the student car crossed over the center line of the highway.

One trooper said mud conditions were "terrible."

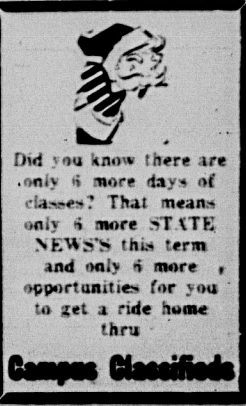

"It was a mess," he said.

The tragic accident climaxed a Thanksgiving trip to Miss Powers' home in Canada.

Miss Angell and Miss Powers were used to Glenhurst Hall.

For three or four years, Miss Powers lived in Glenhurst Hall.

Provides \$10 Million

UN Assembly Ousts Soviet Objections

UNITED NATIONS, N. Y. (AP) — The UN Assembly overrode Soviet objections Monday night and approved a grant of 10 million dollars to pay the initial costs of the emergency police force in Egypt.

Accident

(Continued from Page 1)

Angell's father said Monday night that he would not let his son go to the aid of the Egyptian police. Finally, the son was released.

Angell said he believed the group had gone by way of Port Said and returned the same way. St. Catherine is about 10 miles northwest of Suez.

Angell said he and Miss Angell had waited most of Sunday night for word of their daughter's safe return to the airport.

We played a call about 11:15 p.m., he said, but the radio was not working. We knew the highway was bad because of all the cars. And we were worried because we had heard nothing.

He had learned about the accident, Angell said, when police called at his home shortly after midnight.

Miss Angell was studying to be an art teacher and was to have graduated in June.

A graduate of Dearborn High School, she is currently on a scholarship to attend a college in Ohio.

Her body is at the Peterson Funeral Home, 2746 Michigan Boulevard.

Juniors Distribute Hungary Resolution

Copies of the resolution drafted by the Junior Council concerning the Hungarian situation have been sent to all high schools.

Students may sign the resolution today through Friday. Students living off campus may sign at the Union conference.

The resolution and all documents will be sent to the High School of the United Nations Assembly next week.

The vote was 57 to 13, with 11 abstentions. Only the Soviet Union, Poland, Czechoslovakia, Rumania, Bulgaria, Hungary and France voted against the resolution.

The resolution authorized Secretary General Dag Hammarskjöld to draw on a working capital fund of the UN for the expense. It left to later Assembly action how this money is to be repaid to the capital fund.

Before the vote, Soviet Deputy Foreign Minister V. V. Romanov demanded that the UN should not be used as a tool for the full cost of the emergency force in Egypt and of clearing the Suez Canal.

After the vote, the Assembly adjourned at 6:30 p.m. until 10:30 a.m. today, when more speakers will be heard. Egypt will be heard at the Middle East session.

Romanov told the Assembly that the Soviet Union would not accept any financial responsibility for either the police or the army.

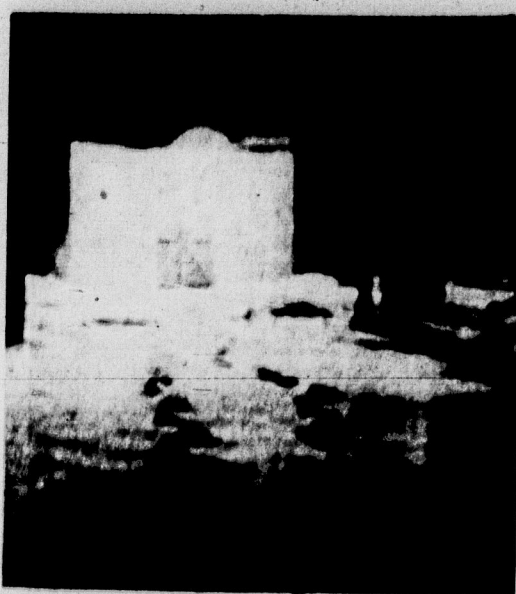

He spoke in the closing stage of another Middle East session while the UN waited to see whether Britain, France and the U.S. would allow the Assembly to request to get out of Egypt.

Four Latin American countries, Paraguay, Cuba, Peru, El Salvador and Mexico, were present in the Assembly when they will not pay any part of the cost.

Mexican Ambassador Enrique Rangel, Richard L. Evans, sought to explain the rift between the United States and her ally, Egypt.

Recital Set Tonight

John Richardson, assistant professor of music, invited by his wife, Frances Richardson, will present a piano recital at the Music and Theatre at 8.

Three footprints in the snow serve as a euphemistic reminder to students that the cold dreary winter has set in for good, and the snow is here to stay.

Cleveland Newspapers Settle Strike-to Resume Publication

CLEVELAND (AP) — The photo-union, which had a two-year contract with Cleveland's three big daily newspapers Monday night, has agreed to settle the strike. The newspapers, the Plain Dealer, the Cleveland Press, and the Cleveland Post, will resume publication tomorrow.

The Cleveland Plain Dealer, a morning paper, said it would not attempt to publish until Wednesday morning. The Cleveland Press, both afternoon papers, said they hope to publish today.

The photo-union was the last of eight unions in apparent contracts with the three papers, and thus was the key to resumption of publication. Publishers of the papers had said they would not begin production until all eight came to terms.

A strike by the Cleveland Newspaper Guild against the Cleveland Press started the situation that left Clevelanders without their dailies for 24 days.

The Guild struck the Press Oct. 11 after contract negotiations failed. Publication of the other two papers stopped subsequently when truck drivers refused to hand copies of the Plain Dealer and Press, which included the Guild's membership, to the Press.

The guild ended its strike when it accepted a two-year contract Nov. 15. In the deal,

that followed six other unions also signed two-year contracts.

Last Friday, the photographers voted on a management proposal and rejected it 89 to 54.

Monday's vote was 141 to 39 for the agreement. L. L. O'Boyle, vice president of the union, said it accepted the union wage schedule of \$4.50 weekly the first year and \$4.75 the second, as stipulated by the contract. He said that since Friday the management of the papers' heads had been talking to union leaders, including meeting Monday afternoon.

The all-union scale of the photo-union was \$122.85 weekly.

'Muscade' Tickets May Be Returned

Students who find that they will be unable to use their tickets for the Wednesday or Thursday performance of "Muscade" may return them to the Union ticket desk. Many students are still requesting tickets that are not available.

Chamberlain to Speak To Young GOP Club

Congressman Mark Chamberlain will speak to the Young Republicans tonight at 8 in the Union Tower. Chamberlain, presently Indiana County prosecutor, will speak on "Impressions of a Newly Elected Congressman."

Members will be able to get tickets to the Chamberlain "Muscade" at this final meeting for the term.

Question of Control

U.S., Iceland Agree On Use of Air Base

WASHINGTON (AP) — The United States and Iceland were reported Monday to have reached tentative agreement on the operation of the huge Icelandic air base U.S. forces have manned since 1951.

The Names Banker as New Envoy

WASHINGTON (AP) — President Eisenhower was reported Monday to have chosen Ellsworth Bunker to be ambassador to India.

Through the stage for reports that Bunker will leave with President Monday, Bunker's name will come before the Senate for a two-day hearing.

Official word, Eisenhower would announce the appointment before Monday, according to Washington.

Bunker, a Democrat, is the son of the president of the American Bankers Association.

The only other Democrat to be named to a high diplomatic post in this administration was David Bruce, whom Eisenhower selected in 1951 to be U.S. ambassador to the Paris meeting of the European Defense Committee.

The State Department is expected to have named the new ambassador to India before the end of the year.

The State Department is expected to have named the new ambassador to India before the end of the year.

Japanese Movie Scheduled Tonight

The Japanese movie "The Hidden Fortress" will be shown tonight at 8 and 10 in the Union Tower. "The Hidden Fortress" is a story of a group of samurai who protect a treasure.

Horning, Arnett Lead Pro Picks

Peaks Is 1st Choice Of Eagles

Players Selected
From 39 Schools

PHILADELPHIA (AP)—The Green Bay Packers selected Notre Dame quarterback Paul Horning as their National Football League bonus choice Monday after head coach Lombardi drew the lucky slip from the hat at the pro football draft meeting.

Two Spartan halfbacks were among Monday's selections. Clarence Peaks was the first draft choice of the Philadelphia Eagles and Dennis Mendyk was the New York Giants' third round pick.

In the first round of the regular draft, Jon Arnett, Southern California halfback, selected by the Los Angeles Rams, was the number one choice. The 12 teams selected according to the standings as of Sunday with the last place club first and the first place team last.

Grabbed quickly in the first round were such 1956 college All America prospects as Stanford's passing ace, John Brodie, second choice, named by San Francisco, Ron Kramer, Michigan end, tapped by Green Bay, Len Dawson, Purdue quarterback, picked by Pittsburgh, Jim Brown, Syracuse halfback, selected by Cleveland.

Commissioner Bert Bell presided over the partial draft session. The teams, selected four rounds called to meet the early Canadian league competition for American football talent. The final 26 rounds of the annual player draft will be held during the league's mid-January meeting.

The Detroit Lions four draft selections included Bill Glass, Baylor guard secured in a trade with New York, John Gundy, Tennessee tackle, Michigan halfback Terry Back and Steve Junker, Xavier end.

The Green Bay coach described Horning, a 6-2, 210-pound quarterback, as having "the greatest potential of all Notre Dame backs. He is a great natural athlete, a tremendous competitor, has great speed, and can take the punishment dealt in the National Football League."

Other first-round choices were Jim Parker, Ohio State guard, by Baltimore; Don Rossler, Miami fullback, by Washington; Jerry Tubbs, Oklahoma center, by Chicago Cardinals; Del Shofner, Baylor halfback, by Los Angeles.

In all 49 players were drafted from 39 colleges, with Michigan of the Big 10 the top contributor with three players—star ends Kramer and Tom Maentz, who went to the Cardinals on the second round, and Bart.

Pictured above is Paul Horning, Notre Dame quarterback, who was the bonus choice of the Green Bay Packers in the National Professional Football League's draft meeting Monday.

Hinesly Most Valuable

Burke Named Captain Of '57 Football Squad

By PETE WALTERS
State News Night Editor

Tackle Pat Burke was named by a poll of his teammates to captain the 1957 Spartan football squad and end Jim Hinesly was voted the most valuable player of the 1956 season grid banquet held Wednesday in the Union parlors.

Burke, a 200-pound junior from Lawrence, Mass., will succeed center John Malsko, who captained this year's squad. He was the regular starting right tackle on the 1955 team in his sophomore year, and was singled out as a strong All-American candidate for the 1956 season.

However, injuries limited his action to only a few early appearances in this his junior season. He suffered a leg injury in the Stanford opener, but responded miraculously and received the game ball for his superior play in the Michigan contest the following week.

Then in the Notre Dame tilt two weeks later, he received a torn knee ligament which sidelined him for the remainder of the season.

In accepting the captaincy, Burke remarked that there were "some great players" among those returning to the 1957 squad, and predicted a top flight team in the coming year.

Hinesly took over the start-

ing right end position from Dave Kaiser this year and was one of the club's leading pass receivers. The 6'1" Detroit senior was also a defensive standout. He has won three varsity letters.

Hinesly won the game ball after the Indiana contest and had his best afternoon of the season against Minnesota, snaring four aerials for 67 yards.

He was given the Governor's award, a wrist watch, by Gov. G. Mennen Williams, in recognition of the honor.

Junior tackle Joe Carruthers won the Oil Can trophy, given annually to the squad's top humorist.

Spartans Are 9th

Oklahoma Retains Top Spot in AP Poll

By THE ASSOCIATED PRESS

Oklahoma's slick Sooners have moved within sight of their second straight national football championship after receiving another vote of confidence from writers and broadcasters.

With the final balloting only a week away, Oklahoma held a 95 point edge over runner-up Tennessee in the latest tabulations.

The Sooners, tied with Washington (1900-11) for the all-time record of consecutive victories at 39, overcame 41 of the 139 participating sports writers and announcers they deserved first spot. Oklahoma beat Nebraska Saturday 34-6.

Oklahoma ran up 1418 points to unbeaten, untied Tennessee's 1331 on the basis of 10 points for a first place ballot, nine for a second etc. The Volunteers from Knoxville drew 49 firsts.

Both play another game before the final poll. Oklahoma against the Oklahoma A&M and Tennessee against Vanderbilt.

Iowa, which has completed its best season since 1927 with the Big 10 title and a Rose Bowl top, held third place for a repeat of last week's 1-2-3 finish. The Hawkeyes drew 12 first and 114 points after beating Notre Dame 40-14.

Georgia Tech, which swept past last moving and highly-rated Florida 20-0, moved up from fifth to fourth in a switch with unbeatens, once tied Texas A&M. Tech amassed 1,028 points to 902 for the Aggies.

The remainder of the top 10

in order was Miami, Michigan, Syracuse, Michigan State and Minnesota. By beating Ohio State 19-0, Michigan advanced to seventh from ninth. Michigan State moved up to ninth from 10th on a 18-17 triumph over Kansas State while a 14-13 tie with Wisconsin dropped Minnesota from seventh to 10th.

The Golden Gophers from Minneapolis beat out Oregon State, which finished 11th. Oregon State has been confirmed by Pacific Coast Conference of football as Iowa's Rose Bowl opponent.

The second 10 in order, were Oregon State, Pittsburgh, Navy, Texas Christian, Baylor, Georgia Washington, Southern California, Florida, Colorado, and Ohio State.

Don Larsen, who pitched a perfect game for the Yankees in the World Series, allowed three home runs in Washington in the season's quarter there last spring. He won the game.

The campus beauties who will visit the men's dorms this week for the '57 Wolverine present a model of the cover of this year's annual to show the modern design. From left to right: Lee Stacey, Jan Jolly, Pat Manning, Darlene Willard, Roberta Stanfield, Sue Beasley and Lynne Bryant.

Coeds to Visit Men's Dorms For 1957 Wolverine Sales

Wolverine business manager Jerry Youngs announced today that an all-star array of campus beauties will sell the 1957 Wolverine in the men's dormitories this week.

Tuesday evening during the dinner hour, Lee Stacey, Homecoming Queen, along with Jan Jolly, Darlene Willard, and Pat Manning will be in West Shaw Hall. In East Shaw the same night will be Miss Sparty Pix, Lynne Bryant along with Sue Beasley and Roberta Stanfield.

Wednesday night the girls will be at Brody Hall to sell Wolverines to the men of Butterfield, Rather and Bryan Halls.

To complete the Wolverine selling campaign in the men's dorms the girls will sell at the Armstrong, Baley and Emmons lines of Brody Hall on Thursday night.

According to editor Pat Moynihan, this year's Wolverine will include more pictures and less copy in order to present the most modern yearbook ever published at Michigan State. Also included will be natural color photographs.

This year's edition also will, through new design and planning, capture the col-

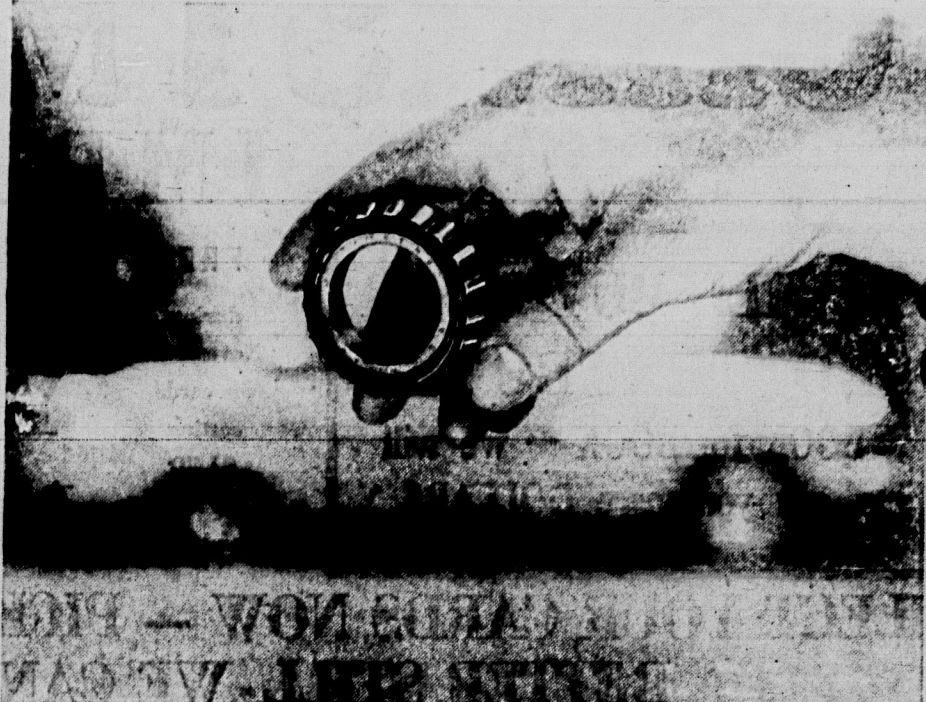

lege atmosphere without presenting the "cluttered" annual that typifies so many yearbooks. With the liberal use of outstanding photographs, it will capture for ever these carefree days and serve as a reminder of the many enjoyable events at MSU.

Included also in the 1957 Wolverine will be a complete picture story of campus life and the many activities that each and every Spartan student participates in during the college year.

Besides giving every student a chance to review his college experiences, the Wolverine also serves as a medium for friends and relatives to get a glimpse of college life.

A gift certificate for the '57 Wolverine will also make an excellent Christmas present for that close friend or roommate here at State.

Even though the cost of living has zoomed to an all-time high and everything else has risen in cost, the 1957 Wolverine has not increased in price and this wonderful bargain can be had for only six dollars.

Wedding Ring

THAT little round object is a new kind of Timken tapered roller bearing for your car. It's the big change in bearings that meets the big change in cars. It helps improve ride, increases safety, prolongs car life, aids styling, protects trade-in value. And it's available!

It's also a wedding ring.

With it the Timken Company recements the 57-year partnership between ourselves and the auto industry.

It's the product of a whole new approach to the design, manufacture and supply of automotive bearings. A concept pioneered by the Timken Company and launched in a new kind of bearing plant, built at a cost of \$12,000,000. A concept mated to the swiftly changing needs of a fantastically mushrooming auto industry.

We call it the Moto-Mated Way.

From the Moto-Mated Way comes a whole new breed of Timken tapered roller bearings for wheels, pinion, differential, steering gear. Smaller bearings to save space. Lighter bearings to cut unsprung weight, improve comfort. Lower-priced bearings. Strong bearings to handle all the new power. Wear-resistant bearings to maintain your car's resale value.

It's how the Timken Company works with industry. Working drawing board to drawing board, we anticipate needs. Design new products and develop new production machinery and techniques to meet new demands. This kind of cooperation has paid off for the Timken Company and for the industries we serve.

It's helped make "Timken" the best-known bearing in America. It's kept us moving up. And if you think you'd like to keep moving up, you might be interested in what the Timken Company has to offer college graduates. For details, write for our booklet: "Career Opportunities at the Timken Company." The Timken Roller Bearing Company, Canton 6, Ohio.

Timken® bearings keep America on the GO... and
you keep going up when you go with the Timken Company

Tommy Dorsey Dies in Sleep

GREENWICH, Conn. (AP) — Band leader Tommy Dorsey choked to death accidentally on food particles while he slept Sunday night.

Greenwich medical examiner Dr. Stanley Noyes said he would like a finding of accidental death.

He explained that Dorsey had been eating a sandwich and drinking beer before he died.

He said he didn't know whether Dorsey had any heart trouble.

Reds Tighten Border Guard In Hungary

VIENNA, Austria (AP) — The numbers of Hungarian refugees decreased as Russian troops slowly tightened up the border with Austria Monday. But there were still many holes in the Iron Curtain.

Bolice at Eisenstadt, capital of Austria's Burgenland border province said apparently fewer than 7,000 turned up during the daytime Sunday.

Security officials said the first crossing area to be seriously hampered was near Nickelsdorf, close to where Czechoslovakia, Austria and Hungary touch.

Near the area near the Sausiedlersee, a shallow lake on the frontier is becoming more dangerous.

Nearly 8,000 refugees have come across, jamming the facilities of Burgenland and of little Austria itself.

The Intergovernmental Committee for European Migration today moved 7,800 refugees out to other countries.

CLARK KERR

Clark Kerr To Discuss Wages-Hours

Clark Kerr, chancellor and professor of industrial relations at the University of California, will speak on "The Prospect for Wages and Hours of Work in 1957" at 8 p.m. Friday at Kellogg Center.

Kerr, a former president of the Industrial Relations Research Association, was vice-chairman of the National Wage Stabilization Board in 1946-51 and was active in War Labor Board work.

The lecture is the second in a series sponsored by the MSU Labor and Industrial Relations Center.

The next address, "The Future of Social Security," will be given Jan. 25 by Edwin E. Witte, President of the American Economic Association and Professor of Economics at the University of Wisconsin.

The lectures are open to the public.

Blockade Menace Aroused

BERLIN (AP) — Russia aroused fears Monday for the West's free Soviet-surrounded Berlin. A British military train was turned back and an American one held up for two hours at a Soviet checkpoint.

The British train en route from West Berlin to Hannover in West Germany Sunday night, was stopped at Marienborn, on the border between East and West Germany. Soviet officers seized documents held by the British passengers were not in order and sent the train back to Berlin, 100 miles behind the line separating East Germany from the West.

At almost the same time, an American military train from Frankfurt to Berlin was held up for two hours at Marienborn, and one passenger was forced to get off and return to West Germany. U. S. Army headquarters at Heidelberg said the Russians were demanding "proper personal documentation" of all passengers.

Western spokesmen in Berlin and Bonn refused to speculate where the rift might lead. On the surface, there appeared no reason why the Russians should suddenly introduce political complications—possibly to divert attention from the situation in Hungary.

But most Western officials took the view that the difficulties were not serious.

Harriers

(Continued from Page 1)
Ironically, it was the first time that McNew and Beatty, both Southerners, had ever run in the snow. Following the meet, Beatty complained of the slippery footing during the race.

A field of 122 runners representing 34 colleges and universities started the race in the 29 degree weather and 115 finished.

The first 15 finishers in the race were: 1. McNew, 19:54.3; 2. Beatty, 20:09.3; 3. KENNEDY, 20:10.1; 4. DENSLAW, 20:12.8; 5. JONES, 20:12.1; 6. Joe Villarreal, Texas, 20:19.7; 7. Dan Howell, Kansas, 20:25.3; 8. WHEELER, 20:32.9; 9. Bud Eichen, Minnesota, 20:34.1; 10. Ed Morton, Arkansas, 20:34.1; 11. Jerry McNeal, Kansas, 20:38.1; 12. Frank Hedecock, Illinois, 20:38.1; 13. Jim Mauders, Missouri, 20:39.1; 14. PAUL, 20:40.1; and 15. Dave Pithethly, V.N.I., 20:41.
